Fort St. George 16th. September 1800

The Right Honorable Lord Clive

President and Governor in Council

Fort St. George

My Lord,

1. at the request of Captain Molloy, who acted as the public Staff Officer to the Detach = ment under the Command of Lieutenant Colonel (now Colonel) Fotheringham in the Kimmedy = District in the Year 1799 and in that capacity had charge of the Ordnance Department (there being no artillery Officer present), I have the honor to refer to the Decision of your Lordship in Council the following Retrenchments against him while in that charge —

From the Military Auditor General — Praying for decision Retrenchments made against Captain Molloy.

First — Amount of Hire in the Months of May and June 1799 of 2 Draught Bullocks on the Number allowed for two 6 Prs and two — Tumbrils with the Detachment Captain Molloy having drawn for the proportion of Spare Bullocks

Fort St. George 16th September 1800

separately for each Gun and Tumbril, instead of calculating them on the aggregate Numbers of the whole—

It appears by his answer to the Retrench=ment (of which a Copy is enclosed No. 1) that he acted according to the letter of the printed Regulations, which detailed the Number of Bullocks with the proportion of Spare to one Gun and one Tumbril, but had he attended to the spirit of the Regulations, he would have discovered that this Detail was Meant to shew the allotment of Bullocks to one Piece of Ordnance when only one Might be required; because in the other parts of the same Table, the calculation of Spare Bullocks is Made on aggregate Numbers, a principle which was intended to apply to the whole— However as the late Commissiary of Stores with the Detachment serving with His Highness the Nizam fell into

Fort St. George 16th September 1800

the same error which Government was pleased to —
overlook as being unintentional, and at the same
time to publish an explanation of the Regulation
before alluded to it is probable your Lordship in —
Council may be induced from similar considerations
to dispense with a refund in the present case —
Second —— a charge in the Month of June 1799
of the hire of 9 Bullocks including one Spare for
the Carriage of spare Tents, which was Retrenched
as being unauthorized by the Regulations of the Service
when a Detachment is complete with Camp Equipage
and altho Captain Molloy states that he carried —
those Tents and drew for the Bullocks to carry them
on Indents passed under the authority of Colonel —
Fotheringham, — this Circumstance does not warrant
My admitting a charge which is unusual, and which
I conceive to be in this case altogether unnecessary —
because the next which I have to bring under your
Lordships Notice, is, —
Third —— The hire of 13 Carriage Bullocks including

7545

Fort St. George 16th September 180

2 Spare for the carriage of 11 Bullocks Load of
Cloath &c &c for the repair of Tents which —
Captain Mollay states to have Indented for und
the same authority, and in his reply to the —
Retrenchment refers to a Committee of Survey on
Tents in the Month of July 1799 which were —
repaired by Order of the Commanding Officer,
and the Bill of the Commissary of supply for
the articles furnished for that purpose passed
by the Military Board. —— If this argument
is admitted in favor of the charge for carrying
the Materials for making those repairs, it is —
conclusive against that for the Carriage of Spare
Tents, as both could not possibly be required, and
if Materials for the Repair of Tents were necessary
to be carried, it could only have been done on account
of the Commissary of supply as being the only
person authorized by the Regulations to have provided
them, and consequently should have charged the —

Fort St. George 16th September 1800

Carriage in his Bill for the Repairs, which having been Ordered on emergency, was passed by the Military Board— I am therefore of opinion that neither the Carriage of Spare Tents, or Materials for repairing those in use with the Detachment, should be allowed or at all events that the latter as appertaining solely to the Commissary of supply should only be admitted on his declaring on Honor that the Bullocks were actually furnished and bonâ fide employed for that purpose, and that no part of this expense was included in the Bill for Repairs—

2 The Remaining Retrenchment on account of Captain Molloy is of the Allowances which he continued to draw as acting Adjutant and Quarter Master to the Detachment from the December 1799 to the Month of Month of March 1800 inclusive, for altho' Government on the 25th March 1799 authorized Colonel Fothering-ham when Ordered to take charge of the Detachment of Troops assembled for Field Service in the Kimmedy District, to appoint an Officer for conducting

1547

Fort St. George 16th September 1800.

the detailed duties of that Detachment yet this could only be considered as a temporary appointment which was to cease as soon as circumstances should render it Necessary: when therefore Captain Molloy as the Senior Officer in the Month of November last succeeded to the Command of the Detachment, which then consisted of 8 Companies of Native Infantry and two of the Vizagapatam Revenue Battalion, his Staff appointment was virtually done away, as he was no longer in a situation to exercise the duties of it, being himself the Commanding Officer. — I have the honor to enclose an Extract of his reply which I have not considered as sufficient to warrant the removal of the Retrenchment. —

I have the honor to be

The Commanding Officer having found the above articles Necessary to be lodged in the Quarter Master's Department, for the use of a Detachment consisting of 25 Companies of Sepoys with artillery and Cavalry gave the necessary Orders accordingly which his Official Signature will show; and as a further testimoney of the necessity of having such articles in Store I beg leave to refer to the proceedings of a Committee of Survey on Tents, taken in Camp in July 1799 [illegible]

Should this explanation not prove satisfactory I request you will have the goodness to submit the Matter to Government who I am persuaded will see the hardship of my Pay being stopped, for an act that I have had no concern, or, further than obedience to my Commanding Officer, in Indenting for the Bullocks, which Indent has his Countersignature and Certifying their being duty Employed on the Public Service, to enable the Paymaster to pay them, you will find them also Certified by the Muster Master and Mustered—

To the Right Honorable Lord Clive

at

Fort St. George

My Lord,

From Bombay stating what were their intentions with respect to the appointment of Paymasters in Malabar at the period of the transfer of the province. —

The Military Paymastership of Malabar was at the period of the Transfer of the Province to your Lordships authority divided into two Departments One for the Southern and the other for the Northern part of the Province — The first Mentioned of these Situations, was filled by Mr. Arthur Andrew Forbes Mitchell; and the latter, by Captain Richard Cooke; and at the Instance of Mr. Mitchell, we had agreed to let him resign, as soon as a proper Successor should be fixed on: with which view, we have been waiting, to allow time to Mr. William Richardson of the Civil Establishment, on that part of the Coast, to deliver in the Required —

Fort St. George 16th September 1800

Security; upon which it was the Intention of our President, to recommend him to us- to succeed to the Northern Paymastership; and that Captain Cooke should have been promoted to the Southern one, but as no ultimate answer has yet been received from Mr. Richardson who may under the late Change be perhaps, at a Loss where to address himself, we think it proper, no longer to delay announcing to your Lordship in Council, what were thus our Intentions; that, since any arrangement now to be made must rest with your Government, we may be favored, with your determination, as soon as convenient, to enable us to relieve Mr. Mitchell from his still remaining Responsibility as to the Southern Paymastership; altho', since his Return just before the Monsoon to the Presidency, Captain Cooke, has, we understand, acted for him; and thus held charge of both the Offices.

Resolutions thereon

Governor in Council at Bombay to be informed of the Board's intention to appoint Mr Richardson of the Bombay Establishment Paymaster in the Provinces of Malabar

Resolved that the Governor in Council at Bombay be written to and informed of the Boards intention to appoint Mr. William Richardson of the Bombay Establishment to be Paymaster in the Provinces of Malabar — and until Mr. Richardson, who is now at Madras, shall join his station, — that Captain Edward Cooke of the Bombay Military Establishment had been authorized and directed to — discharge the duties of Paymaster in the Provinces of Malabar — that there occurs therefore no further objection, as far as may depend on this Government to Release Mr. Mitchell from his Securities — but to request that any Securities which may have been given by Captain Cooke may be retained until that Gentleman shall have been relieved by Mr. Richardson

Mr Mitchell to be released from his Securities

Capt Cooke's Securities to be retained till he shall have delivered over charge of the Pay Department to Mr Richardson

Resolved also to inform the Bombay Government of the intention of this Government to appoint Mr. Fred: Reeves of the Bombay Establishment to be Paymaster in the Kanara Province and to the British troops serving on Goa: and that Mr. Reeves

Mr F. Reeves of the Bombay Establishment to be Paymaster in Kanara and to the British troops in Goa

had accordingly been directed to receive charge of the Pay Department at Goa from Mr. Prendergast who had received permission, so far as depended upon this Government, to visit Surat in consequence of an application which he had made for that purpose—

Mr Prendergast permitted to visit Surat

The President proposes that the appointments of Mr. William Richardson and of Mr. Fred. Reeves the former to be Paymaster in the Provinces of Malabar, and the latter in Kanara and to the British Troops in Goa be published in General Orders to the army.—

The appointments of Messrs Richardson & Reeves to be published in Genl Orders—

in the Military Department

Sir,

I have the honor to acknowledge the receipt of your Letters of the 11th and 12th Instant in consequence of which, the necessary communications have been made to Captain Godfrey, the Adjutant General, and the Secretary to the Military Board.

I request you Sir, to inform the Right Honorable the Governor in Council, that the late heavy rains have caused the Sick in the Hospital at Masulipatam, to encrease in an alarming degree, and that it is the opinion of Doctor Harris, Lieutenant Col Long and Colonel Rigors, that the Division of the Madras European Regiment, should as was heretofore, found necessary, be removed to Barracks without the Fort, with as little delay as possible, and Colonel Rigors assures me that the temporary Barracks heretofore prepared for the accommodation of this same Corps

and

From Major General Brathwaite Recommends that Colonel Rigors be authorized to cause the requisite repairs to be made to the temporary Barracks without the fort of Masulipatam and that the Europeans be immediately removed into them and Requests that Mr. Collector Reid may be directed to give the requisite assistance for their repair— forwards the necessary Certificate entitling Mrs. Matilda Trotter Widow to Lord Clives Bounty— Recommends that Lieutenant Colonel Shaw to authorized to make the repairs required at Wallajabad and that the applications of Major Powis and Lieutenant Conway be complied with.—

and for the same cause, though wanting some repairs might very soon be made ready for its reception, and at a triffling expence of Mr. Reid the Collector, was instructed to license the collecting the Palmiras, &c. leaves &c required for the repairs, and having had so much experience as I have had of the fatality, which has resulted from the quartering of Europeans in the Fort of Masulipatam in wet seasons, I cannot but strongly recommend that Colonel Rigors may be authorized to cause the requisite repairs to be immediately Made, and to remove the Europeans to the temporary Barracks without the Fort, as soon as possible, and request that Mr. Reid may be written to, to give the requisite assistance.

I request Sir you will lay before the Right Honorable the Governor in Council, the enclosed papers as necessary to procure the pension resulting from the late Lord Clive's bounty to Mrs. Matilda Trotter, Widow of Mr. Robert Trotter, late a Surgeon on this Establishment

I request you to lay before his Lordship three Letters addressed to him in Council which I inclose —

From the lateness of the Season I am induced to recommend that Lieutenant Colonel Shaw may be authorizes, to make the Repairs requires at Wallajabad without delay upon honor —

To the Military Auditor General —

The Right Honorable Lord Clive

President and Governor in Council

Fort St. George

My Lord.

1st I have the honor to acknowledge the receipt of a Letter from the Secretary to Government in the Military Department dated the 5th Inst. informing me that the Troops of the Bombay Establishment serving in Kanara, Malabar and Mysore are to be put on an exact equality with the Troops of this Establishment from the 1st day of July last, and, as the Military Disbursements in these Provinces are to be subjected to the rules and Regulations now in force under this Presidency directing me to submit to the Consideration of Your Lordship in Council, such detailed Orders as I may judge to be expedient for carrying the — arrangement into effect as far as may relate to

From the Military Auditor General — Detailing instructions necessary to be sent to the Paymasters in Kanara Malabar and Mysore, enclosing Copy of a letter from the Paymaster of H.M. 19th Light Dragoons recommending that the Veterinary Surgeon attached to be permitted to draw the Gratuity and Batta of a Lieutenant

In consequence of these directions I beg leave to state that it will be necessary —

First —— That the Paymasters in the Northern and Southern Division of the Province of Malabar should be furnished by the Secretary to Govern=ment with a Copy of the Regulations for the —— Regulations for the guidance of Paymasters fixed in Council 18th July 1797 - together with strict injunctions for their Making up and transmitting their accounts for audit at the period prescribed in these Regulations —

Second —— That the Paymasters be required to — furnish the Military Paymaster General and — Military Auditor General with a Statement of their Office Establishments together with every allowance attached to their respective situations — and to state the authority under which such Estab=lishments and allowances were constituted —

Third —— That the Military Paymaster General shall furnish the Paymasters with such —

Fort St. George 16th September 1800

Instructions and Forms as may be necessary for their guidance, and with Copies of every Regulation and General Order which may relate to their Department—

Fourth——— That the Military Auditor General shall forward to the Paymasters whatever information may be required from his Office, so that the communication to be made by him and the Military Paymaster General respectively, shall comprize all that may be necessary for their guidance in the execution of the duties committed to their charge—

3rd. These directions appear to me to be alone requisite for Meeting the object proposed to be attained; in addition to which I shall apply to the Military Auditor General at Bombay for such information respecting local circumstances as may enable me to form a perfect judgement of the duties which the Paymasters have respectively to perform and to submit

To Josiah Webbe Esqr.
Chief Secretary to Government

Sir,

From the Collector at Ganjam stated his having examined into the affair of Lieutenant Longan with the Moodiah Bramin encloses a letter from the former and representation from the latter and recommends the case to favorable consideration.—

Para 1st

In consequence of the enclosed address from Lieutenant Longan of this Place I felt Myself called upon to Order the Muddiah Bramin before me; on whose complaint and representation, delivered in, to my Predecessor in Office, the proceedings for bringing Lieutenant Longan to a Court Martial had originally obtained.—

Para 2d

A strenuous supporter as I have ever been of the Security and Welfare of the Inhabitants in general against oppression and unjustifiable

Fort St. George 16th September 1800

unjustifiable treatment; I have considered those in a subordinate and less independent State particularly to claim my protection and care — I was prepared therefore to suffer no Sentiments of Compassion for the feelings of Lieutenant Longan to mix in the examination of a case, which, on the face of it, betrayed such strong Marks of those irregulations and that Kind of oppressive treatment, which it is my firm determination on every occasion to expose and to prevent —

3d — In the present instance there appears however from the examination I have entered into such an extenuation of the Circumstances as may justify a reference to the Right Honorable the Governor in Council; with a hope that the Petition of Lieutenant Longan for forgiveness for his present trespass, may meet with a favorable hearing —

4th — In the first place the Complaint

1587 Fort St. George 16th. September

Complaint of the Warriah Bramin was he
and reported to Government by my Predecessor
without having made any previous commu
=tion with Lieutenant Longan or with his i
=diate Commanding Officer, as is usual in s
cases—

5th.

In the second place it app
by a declaration now given in by the Warri
Bramin (copy of which I have the honor to
enclose) that had such previous communica
been made the Complainant would have be
satisfied to embrace any terms of accommod
with Lieutenant Longan, rather than be
cause of drawing over that Gentleman's the se
displeasure of Government under which he now
labours— It appears also from the Complainan
declaration to me and from the information
Lieutenant Longans Servants, that the punish
=ment inflicted (though the act was highly
irregular in itself) was not attended by an

circumstances of so great severity, as was originally stated against him — and that the persuation of others had induced the Complaint to paint his sufferings in stronger Colours, than the fact would justify —

6th Finally, I must state that it has been the general practice in this Town, when differences or claims have offered for investigation and adjustment, to refer them in the first instance to a Native, Named Jaggernaut Row, whose authority and influence in these Districts appear unhappily to have pervaded every Department of public affairs — From this tribunal they seem to have passed to that of the Cutcherry, and it may be feared, that this decision has too frequently been final — The hearing of the present Complaint was an exception, however, from this practice, but the General Idea entertained of its prevalence, may be deemed of a Nature rather to invite than to check such irregularities as the

One new instances in Lieutenant Longan; and, i
any extenuation, independent of what has been
already stated here, can be urged in favor of this
Gentleman's conduct it may perhaps be granted
the great relaxation which seems to have entere
into the general administration of the affairs
this District.—

Collector

To William Brown Esqr.

Collector at

Ganjam

Sir,

You will perceive by the enclosed Copy
of Charges preferred against me, the heavy Mis=
=fortune I labour under in having incurred the
displeasure of Government, which of itself, must at
all times be to me a source of the greatest unhap=
=piness

unhappiness and Sorrow—

I have also the honor to enclose the original Contract between the Warrior Bramin Toomba Paddy, and Myself for Timber, intended for the repairs of that part of my house, which at the time, was well known to be in danger — every Moment of falling in consequence of the Man's want of faith, and of having deceived me from day to day for a length of time that he was in posession of the Money I advanced to him— and which Contract has been the original cause on My part, that produced the unhappy consequences of my present Misfortune.—

As my being put in arrest by My Commanding Officer, in Obedience to the Orders of Government, was the first intimation of any kind that I had, of having fallen under the displeasure of my Superiors— the late Collector (Mr. Snodgrass) not having at any

time

1591

Fort St. George 16th September 18

time up to the present Moment given me or a
other person here the most distant hint or com-
=munication that a Charge of any Nature —
whatever was preferred against me by the Warra
Bramin — this is the first Moment I have
had it in my power Most earnestly to re
request the favor of you, to investigate the
whole of my Conduct on that occasion — and
in the hope that you will find on such in-
Investigation that the Warriors Charges so —
preferred were very much exaggerated, particularly
that of the effusion of Blood — to entreat that
you will make such representation to Govern-
=ment as you may find Just —

Permit me also Sir to offer —
you My most Solemn Asseveration — that at the
time in question I had not the most distant
idea that I was disobeying the Orders of Gover-
=nment or my Superiors or that I was trenching

on

1892 Fort St. George 16th September 1800

on the Civil Power—

From some unaccountable cause Mr. Snodgrass is well known to have denied me the usual facility of communicating with him— this consideration together with the irritation occasioned by the Mans insolent conduct and hearing those even who were inhabits of friendly communication with Mr. Snodgrass constantly complain of grievances unredressed on application to him— were the coures alone which prompted Me to the unfortunate step that has given use to my present Misery— for Misery and distress of mind in the extreme, am I labouring under, during my present arrest being the first cause of complaint or arrest I have ever experienced—

It is not My wish to communicate directly or indirectly with the Warrior Man previous to the investigation

I

1593

Fort St. George 16th September 1800

I now solicit —— but immediately after=
=wards I would wish to satisfy and atone
to the Man, in any Manner or to any
extent that May be thought Necessary
or that May be dictated to me after
such investigation and which I would
have been forward in proposing in as
the most ample terms to the late
Collector (Mr. Snodgrass) had he given
me an opportunity even to imagine that
any complaint whatever was preferred
against me to him, which Naturally
would call down on me the displeasure
of a Government that at all times I
would be proud to obey, from inclination
as well as duty —

Received the following Letter

The Right Honorable Lord Clive

President and Governor in Council

Fort St. George

My Lord

From the Auditor General Reports his having closed his Books for the official year 1799/1800.

1st. I have the honor to report to your Lordship in Council that the Books of my Department for the official year 1799/1800 were closed on the 8th Instant and that a copy thereof has been this day forwarded to the accountant General, agreeably to the Regulations, accompanied by a Statement shewing the coincidence as far as relates to General Expenditure between those Books and the Books of the Military Paymaster General.

2d. In my Letter to your Lordship in Council under date the 31st May last I stated the particular circumstances which had

1597 Fort St. George. September 1803

had delayed the completion of my Books for the preceding year until that late period and I expressed my hopes that the Paymasters at Seringapatam and with the Army in Mysore would exert themselves to prevent similar impediments from occurring in future - I am happy to add that those expectations have not been disappointed and when it is considered that a great part of their voluminous accounts for the last year have been audited and the Books entirely made up within a period of 4 months I trust your Lordship will be satisfied that no exertions have been wanting in my Department to accomplish an object of such consequence to the public Service.

Gentlemen

I have the honor to forward with this the different products obtained from the Rum you desired me to analize - Viz. - the Spirit obtained by distillation in a Glass Retort by means of the heat of boiling Water - 2nd the more watery part forced over by a Sand heat and that of a naked fire - and 3rd

the

Fort St. George 23d. September 1800

the thick muddy sediment that remained in the Retort, together with the earthy sediment got by filtering the Liquor after the first distillation by the heat of boiling Water, for as soon did the remainder in the Retort become turbid - the distilled fluids are limpid and lesser as to quality from what would be obtained from good Rum, in the burned disagreeable odour - the Spirit has in the acid nature of the Water forced over by the naked fire, and of the the Residuum which also smells like a solution of burned Sugar, and in the earthy matter obtained by filtration which has a heavy smell, and an astringent effect on the Throat that is not felt till some time after it is tasted, and when burned becomes an insipid Coal - this astringency is lost in the small residuum from the encreased of heat. the acidity of the watery product and residuum and the

Fort L. George 23d. September 1800

earthy sediment are the natural consequences
of a badly fermented and afterwards weak -
distilled Spirit which thus treated its strength
being much below the standard of arrack or
good Rum Vizt. One fourth weaker than -
Proof Spirit -

From the above it appears
probable that the distillation had been
made from a fermented Liquor nearly
passed into the acetous fermentation and
the distillation carried on by too strong and
too long continued a heat, by which the
Rum acquired the burned disagreeable +
odour, and was so diluted; the astringency
of the earthy sediment renders it likely
that some astringent matter had been
added in the fermentation to check +
the oxygenating tendency but which +
being Vegetable cannot be particularly -
detected - on the whole it may be said

to

1629 Fort St. George 23d. September 1800

be a badly manufactured and very improper Rum for use; as Rum I received from Mr. Cochrane on losing by the breaking of a Rotl. what was first sent me for a comparative trial which was of the proper strength - nearly that of Proof Spirit and a good flavour gave but a small proportion of earthy sediment and that not astringent, and the water in the latter part of the distillation was not acid nor was this Residuum so - in its acidity and astringency therefore this materially differs from good Rum

To James Anderson Esqr. M.D.

Physician General &c. and Members of the

Medical Board

Gentlemen,

From the late General Orders annexing the Troops on the Malabar Coast to this Presidency and directing their being supplied with Medicines from Madras — I beg leave to suggest the propriety of soliciting Government to request on their public Letter to England, if not yet too late, that no Deductions at least be made from the quantities of Medicines indented for the year 1801 or rather to increase them by an addition of one third to the quantities therein specified — This Indent was forwarded in the Month of January last but from the supplies not generally arriving here till the months July or August it is probable that advices now transmitted may be in time to provide in England Medicinally

for

1633 Fort St. George 23d. September 1800

for this addition to the Establishment - Par-
:ticularly mention the request of a full &
compleated from considerable deductions hav-
-ing been made from the quantities for 1800
as lately received and in some of the most
essential Medicines - In each Indent there
are Columns of an average expenditure of
three years and of quantities remaining on
making out the Indent - on this probably the
deductions are made, but as supplies are
only annually received, and that deficiencies
can seldom be remedied here - the average
expenditure cannot show the demand for
if there is little in store, but small
quantities can be issued to individuals
however much they may wish to have
more. The quantities requested are calculated
on a Knowledge of these demands which
from the augmentation of this Establish-
-ment have been annually increasing

they

Fort St. George 23d. September 1800

they are also regulated by the quantities remaining in Store, it is hoped therefore that this request will not appear unreasonable.

Where on this subject it may better insure attention by mentioning here the loss generally sustained by the Sea Voyage of Quicksilver and Other of Vitriol - more than one fourth of the whole supply for this year of Quicksilver has been lost from its being packed in Leather Skins enclosed in small Casks - the friction on the folds of the leather by the constant agitation of so heavy a fluid having formed holes in many places through the Skins and the Casks being incapable of containing any fluid, the whole has run out - as none of the Casks were injured if they had been lacker'd on any way covered outside to render them impervious to the passage of Quicksilver this mode of package would answer well and this Hope

will

Fort St George 23d September 1806

will be attended to, to ensure the future receipt of so essential a medicine -

The Bottles of Ether eleven of which were recvd empty were found in the packages inverted - This was Recommended when the addition of a little water was proposed which falling to the bottom immesuable with Ether would make it more easily retained but this was meant only to be done when Corks were used that the water might prevent the corrosion of the Cork by the Ether, and never with Glass Stoppers as they seldom fit so as to retain water and may be easily displaced - No addition of water however appears to have been made so that the inversion of the Ether Bottles was ill judged -

Having mentiond package it is highly necessary to point out the Danger to which the Honorable Companys Ships are

Fort St. George 23d. September 1800

are exposed by the usual mode of packing —
the Mineral acids in the same cases with
the most combustible materials — I was for-
cibly struck with it on seeing package N38
by the Ship Brunswick opened & learned that
on hoisting it from the hold a considerable
quantity of smoke suddenly issued, but —
which caused no alarm from the package
being on Deck so that it was landed without
examination, when opened a Bottle of the Nitrous
Acid was found broke, the tow and wood around
burned and a Bottle of Corrosive sublimate —
near it broke by the heat and the Contents
lost this luckely was not combustible — but
if the Bottle broken had been one of those
containing Spt. Æthris Nitrosi or Balsamum
Anodynum of which there were many in
the same package flame would have been
produced and raging fire from the quantity.
to prevent the possibility of so imminent

a danger

Fort St. George 23d. September 1800

danger from a cause as likely to happen as the breaking of a Bottle I take the liberty to recommending that the Bottles of Mineral Acids be always packed by themselves and with sand, and as such Packages cannot be enjoined by the weather that they be kept some where on the Deck for in this way only can they be brought here with safety to the Ships -

To

16/38

Fort St. George 23d. September 1800

To Major Robert Turing

Secretary to Government in the

Military Department

Sir

I have the honor to —

acknowledge the Receipt of your letter

of the 17th. Instant with its enclosures con-

veying to me the commands of the Right

Honorable the Governor in Council in regard

to Lieutenant Longan &c.—

I request you to report to

his Lordship that all the necessary com-

munications have been made in consequence

and orders have been sent to Colonel Vigors

to cause Lieutenant Longan to be discharged

from his arrest —

I request you also to signify

to his Lordship that I am so convinced of the

impressions which must have been made

upon his Lordships mind in the ultimate

consideration

From Major General Braithwaite - Reporting he has sent orders to Colonel Vigors to release Lieutenant Longan from his arrest. Enclosing Returns of officers and men belonging to His Majesty's Regiments on ceylon and recommending that measures be taken for sending them thither before the setting in of the monsoon

1639

Fort St. George 23d. September 1800

consideration of Lieutenant Longans case, that I can have no doubt, but that his Lordship will cause such instructions to be sent to the Civil Servants in authority as will ensure more regularity in future

It now appears that, that Officer was brought under his Lordships consideration in Council, loaded with such charges as could not but provoke the highest indignation without his being warned of the complaint preferred against him and without any intimation being given to his Commanding Officer -

And it now appears by the investigation subsequently entered into in consequence of Lieutenant Longans address to Mr. Brown the present Collector, that the complaint against Lieutenant Longan has been both stimulated, and exaggerated -

From an attentive perusal

Fort St. George 23d. September 1800

of the papers, which you have done me the
honor to enclose by this Lords hips order there
exists no doubt in my mind but that if the
proper steps had been taken by warning
Lieutenant Longard and by handing the
complaint over to the Commanding Officer,
that the Collectors complaint would not
have contained exhibitions of such abomina-
ble inhumanity as it did contain, as the
late Collector must have been soon
satisfied that there were not grounds for
such heinous charges, and must evi-
dent have known that I should
have been furnished with such a
report and such repentant acknowledg-
ments on the part of Lieutenant
Longard for the errors into which he
had actually fallen, and such assur-
ances of future good behaviour as
would have enabled me to meet his

Statement

1645 Fort St George 23d September 1800

Statement of the case, so as at once to have produced in Government a more favorable opinion - such as has resulted from the investigation which has subsequently taken place, and which would consequently have saved Lieutenant Longan from the severe punishment which he has already undergone by an Arrest, and exhibition of such strong charges against him - If the complaint had come thus fairly before his Lordship in the first instance from the impressions now made on his Lordships mind, there is little room to doubt but that severe censure such as is conveyed in the order of Government of the 17th Instant would have been the only suffering to which Lieutenant Longan would have been adjudged -

I am always desirous that every

1642 Fort St. George 23d September 1800

every opportunity should be given to an Officer to exculpate himself previous to the subjecting him to be tried by a Court Martial - I cannot therefore but be pleased with the measures taken by Mr. Brown, and the consequence which has resulted from them: but must still observe that there has been much irregularity throughout the proceedings which have taken place at Ganjam - In the first instance neither Mr. Longan or his Commanding Officer were informed of what was doing - and in the second a letter is received from an Officer under an arrest, and against whom charges of a very serious nature have been preferred through his Commanding Officer and measures are adopted in consequence of that letter, by the Collector without any communication whatever with the Com-

manding

I request you Sir to lay before his Lordship in Council the enclosed statement of Officers and Men belonging to his Majestys Regiments at Columbo who are now here with my request that some measures may be fallen upon to convey their respective Regiments by means of the Bombay Frigate or some other Ships if practicable, before the setting in of the Monsoon

Sir

I request you to lay before the Right Honorable the Governor in Council the case of Captain Josua Ahier of this Establishment

In the Month of October 1799 he was a Lieutenant in the Division of the Madras European Regiment doing Duty at Malacca when news reached that Corps Officially, that Lieutenant Walker at that time the Quarter master was promoted to the Rank of Captain, by which the Quarter Master ship became vacant, and no other being appointed a Lieutenant Colonel Taylor appointed a Lieutenant Ahier to do the Duty until further orders, and he continued as it appears by the Returns to do the Duty until

From Major General Braithwaite states the claims of Captain Ahier and recommends that he be paid the allowances of Quarter Master for the time he did Duty as such.

1646 Fort St. George 23d. September 1700

until the Month of May following, but
no allowance was drawn for it, as no con-
firmation had arrived from the Presiden-
cy and this Division which was of the
2d. Regiment was alternately incorpora-
ted with the 1st. Madras European
Regiment—I conceive that this appoint-
ment of Lieutenant Ahier to do the Duty
of Quarter Master has by some accident or
neglect never reached Government, conse-
quently no authority has been issued
which can intitle Captain Ahier to
Draw the Allowance during the time he
did the Duty, though there are proofs
existing in the Returns, that he did the
Duty and that no other officer was either
appointed or paid under that title for
that time, and Lieutenant Colonel Taylor
in a letter to me under Date Malacca
the 12th April 1800. says "Lieutenant Ahier's

"claim

"of the 2d Regiment of European Infantry,
"will I hope be admitted his attention in
"that, as well as in every other branch
"of his Duty in this Garrison having affor-
"ded me the greatest satisfaction"

On this ground I request
that the Right Honorable the Governor in
Council will authorize, that Captain
Aitken may be paid as Quarter Master
for the time he did duty as such -

I request you to lay before the Right Honorable the Governor in Council the inclosed Copy of an Order received from the Commander in Chief of His Majestys Forces in consequence of an application I had forwarded to his Excellency from Lieutenant Colonel Shaw Commanding his Majestys 74th. Regiment -

My reason for troubling his Lordship with this order, is, that it gives a title to Captain Aytoun to apply for passage money which he has accordingly requested me to apply for, for him -

From Dy. Jr. Re-commending that Lieutenant Wilson be appointed a Fort Adjutant at Chittledroog Lieutenant Agnew to be adjutant to the 1st. Battalion 1st. Regiment Native Infantry - Lieutenant Boyce to be adjutant to the 5th. Regiment Native Cavalry and Lieutenant Bayer to be Quarter Master to Do. Lieutenant Boyle to be adjutant to the 6th. Regiment Native Cavalry -

Having by enquiry learned that a Fort Adjutant is indispensably necessary there I request you will lay before the Right Honorable the Governor in Council my recommendation that Lieutenant George Wilson of the 2d. Battalion of the 3d. Regiment of Native Infantry may be appointed Fort adjutant at Chittledroog vice Lieutenant McKintosh the late Fort adjutant promoted - and that Lieutenant Patrick Vans Agnew may be appointed adjutant of the 1st. Battalion of the 1st. Native Regiment - vice Lieutenant Alexander Grant appointed Town Major at Vellore, it was my intention to have saved the present expence of this appointment by ordering

Fort St. George 23d. September 1800

Lieutenant Manwaring who is in the Corps and who Draws the allowances of Adjutant and Quarter Master to do the duty without further allowance, but the ill state of health under which that Officer suffers is such, as to render it impossible for him to do the duty, nor is there any likly-hood of his speedy recovery lest I should form an opinion to his disad-vantage he has said that he is willing to resign those allowances as he is not able to do the duty I expected from him, but as he is a very deserving Officer I cannot think of taking from him on account of his mis-fortune, that which he acquired by merit, and therefore now recommend Lieutenant Agnew for the Adjutancy -

Lieutenant Bonnie of the 5th. Regiment of Native Cavalry to be Adjutant of that Regiment vice Mason promoted -

I shall not now trouble his

Sir

I request you to lay before the Right Honorable the Governor in Council my disappointment in regard to the Cloathing of the Army.

His Lordship has been so good at my Request to order that as much Cloth might be Retained in the Ware House, as would suffice to cloath the Army for two years to be issued only to the Contractor for the Army Clothing on Indent.

Our enquiry however appears that there is not in the Ware House, as much Cloth as

as will enable the Contractor to
finish the Cloathing now in hand
since last year and which ought to
have been issued to the Troops at the
beginning of the present year -

This will appear by
the Copy of a Statement which
I have called for from the Contractor
and which I enclose for His Lordships
information -

By this Statement His
Lordship will perceive that if the Quan
should not import the Quantity
required, and we cannot draw supplies
of Cloth from Bengal or Bombay, that
the Cloathing of the Army will run
one entire year behind hand -

Document enclosed namely an Estimate which I have called for from the Contractors of the Quantities of Cloths of all sorts which will be required to Cloth the Army under this Presidency for two years as well as the number of Hatts which are required for the same term.

I Request that His Lordship will have the goodness to address the Honorable the Court of Directors to send out this supply as soon as possible; If a Supply is sent out in this Instance for two years Consumption and half, that quantity every succeeding year, we shall be secured in future under all probable Circumstances, from running behind hand as we now have been Constained to do.

His

1659

Fort St. George 23d. September 1800

His Lordship will perceive that in this Estimate there are varieties of Colours which have hitherto not been applied to the Cloathing of the Troops under this Presidency, as the Cloathing of the Whole, the Cavalry and Artillery excepted, consisted of Red and Yellow only, by which means there was always a distinction kept up between the Officers of His Majestys Regiments and those of the Honorable Company - those of the latter being all confined to one Colour, a distinction which it is perhaps better to avoid and which does not take place either on the Bengal or Bombay Establishment, as it seems now to be the intention that every Regiment is

the Army; I think it better that each
Regiment should have a peculiar and
distinct Cloathing; and on this Princi-

Letters from the Military Auditor General -

The

1667

Fort St. George 23d. September 1800

The Right Honorable Lord Clive

President and Governor in Council

Fort St. George

My Lord

Forwd the Military Auditor General Forwarding for the purpose of being transmitted to the Court of Directors the annual Military Statement and analyses -

1st. I have the honor to lay before your Lordship in Council for the purpose of being transmitted to the Honorable Court of Directors, the annual Statement of the Military Establishments under the Presidency of Fort St. George as they stood on the 30th. april 1800: compiled on the same principle as the Statements of former years with a separate analysis shewing under the proper heads the aggregate strength and expence of the several Corps and Establishments corresponding with the details entered in the Statement to which it refers -

2d. The results of this Statement as a Comparison with that of the year 1798/9 is as follows -

Effect-

Fort St. George 23d. September 1800

1798/9.		1799/800.	
Establishments	38,51,817.36.58	Establishments	51,28,955.34.45.
Extra Charges	17,96,286.23.60	Extra Charges	89150 9.2.12
Pagodas	56,51,104.28.58	Pagodas	60,20,964.37.57.

3 From the above Comparison it will be found that the Expence of the Establishments in the year 1799/800 exceeds that of the preceding year in the sum of Pagodas 1,74037.39.67 after deducting the fixed Pay and allowances of the Subsidiary Force with His Highness the Nizam and of the Troops of this Presidency serving on the Island of Ceylon the expence of the former being considered as chargeable against the Subsidy payable by the Nizam and the latter receiving their Pay and allowances from the Government of Columbo—

4 The Pay and allowances of His Majestys 10th and 51st Regiments removed to Bengal and Ceylon of the

77.—

Fort St. George 23d. September 1800

77th. Regiment removed from Bombay - and of the Corps in the Honorable Company's Service which have been raised or formed in the course of the year 1799/800, have been calculated from the periods only when they respectively became and expense on this Establishment.

5

It further appears from the above comparison that the Extra Charges of the year 1798/9 exceeded those of 1799/800 in the sum of Pagodas 90477. 30. 48. which being deducted from the increase of the Establishments before mentioned leaves an Excess in the Total Military Expenditure of the year 1799/800 equal to Pagodas 39260. 9. 19. The difference of Expense in the Establishments has been occasioned by the amount of the Field Allowances and other Extra Charges of the Troops in Mysore, and of Detachments employed in the Tinnevelly and Vizagapatam

Districts

Fort St. George 23d. September 1802

Districts having been included under that head
and by an augmentation made in the course of
the year 1799/800 to the Native Cavalry and
Infantry of the Army -

6 The cause of decrease in the
Extra Charges of the latter year is particularly
detailed in the Comparative Statement prefixed
to this work -

7 From these results it is shewn that
the Estimate contained in my Letter of the 18th.
January last which accompanied the Military
Statement for the year 1798/9. of the probable
total increase of Expence in the succeeding
year Viz.t Pagodas 322504..30..75 is only exceeded
in the sum of Pagodas 46755..20..24 a difference
which under the difficulty of making an accurate
calculation on so extensive a subject will
no doubt appear very trifling it will be how-
-ever necessary to explain that the great variation
in the two heads of Expenditure arises from the

Field

1671

Fort St. George 23d. September 1800

Field and Contingent Charges of the army in Mysore being stated in that Estimate under the head of "Extraordinaries" which when actually incurred properly reverted to that of Establishments.

8

As the annexed Statement is intended not only to exhibit in one view the general expense of the year 1799/800. but likewise to serve as an Estimate of the probable Expense of the following year it will naturally be expected that I should notice the principal causes likely to encrease or deminish that Expense a subject in which I shall find considerable difficulty from the peculiar circumstances under which the Military Establishments are at this time placed; not only from the uncertainty of the period to which the Field Operations of the army under the Honorable Colonel Wellesly may be extended, but also from the Troops of the Bombay Establishment serving in Kanara, Malabar and Mysore, having been lately

1672 Fort St. George 23d. September 1800

lately subjected to the authority of the Presidency of Fort St. George together with the Civil and Military Government of the Province of Malabar the expences of which for want of accurate information, it is not in my power to state with any degree of exactitude, But it is presumed that the following charges may be reckoned upon, as the probable increase of the general Military Expenditure in the year 1800 / 1801

First - Amount of Field Charges of the Army above the Ghauts, - commanded by the Honorable Colonel Wellesly, including the Bullock Department, Victualling the European Troops, and all - Contingent Charges likely to be incurred - estimated at ---------- 5,66,408-30-48

your Lordships in Council

4th. Colonel Stevenson and Lieutenant Colonel Palin of the Cavalry having been appointed to the Command of Brigades of that Corps, on the 6th February 1799 previous to the Army taking the Field, the Officers next in Seniority being then in the immediate charge of their respective Regiments considered themselves entitled to the Batta of the superior rank which they drew accordingly, but as the General Order of the 27th September 1796 directed that "Officers in Command of Stations at "which their Regiments are doing Duty with "the exception of General Officers on the "Staff being considered as exercising Regimental "Command over Officer junior to them in their "respective Corps shall be entitled to superior "Batta, which is an allowance to Drawn only "by one person serving with the same Corps "and for the same period." This Regulation appeared

to

to me to apply equally to the Officers in
Command of Brigades, of which their own
Regiments formed a part, and in consequence
Retrenched the superior Batta which had
been drawn by the Officers in charge of the
2d. and 4th. Regiments of Native Cavalry - They
on the other hand contend that as that charge
devolved upon them on the appointment of
their superior Officers to the Command of
Brigades they accordingly signed the Returns of
the Corps and conducted the whole of the Regi-
mental Details from that period, and that they
were liable in the Field to be frequently de-
tached without their Brigadiers which is
stated to have happened in the case of Major
now Lieutenant Colonel The Honorable, Arthur
St. Leger who has transmitted Copies of Orders
addressed to him by the adjutant General
of the Army as being in Command of the
4th. Regiment of Cavalry and it appears by the

representation

1684 Fort St. George 23d. September 1800

Representation of Lieutenant Colonel Thom-
Major) Sheriff that Lieutenant Colonel Paler
was Sick at Seringapatam while he had charge
of the Regiment in the Field

5 Having referred to the adjutant
General for such Information as the Records of
his Office might enable him to afford towards
ascertaining the relative situation of those
Officers with that of the Officers respectively in
command of Brigades, he has acquainted me that
the former signed the Regimental Returns for
the whole of the period for which they have
drawn superior Batta, and at this in strictness
it may be urged that an Officer Commanding
a Brigade of which his own Corps forms a
part may be eligible to the exercise of Regi-
mental Command yet as in such a situa-
tion it can scarcely be expected that he can carry
on the Regimental Details of his Corps without
considerable difficulty and embarrassment

Subject

1685

Fort St. George 23d. September 1800

Subject as he is to be removed from the Corps by Detachment or other service or by the Corps not being detached from the Brigade, these reasons together with the circumstance of the Officers in Command of Brigades not receiving superior Batta but drawing a separate allowance annexed to that Command, induced me to be of opinion that the Officers on whom the immediate charge of their Corps devolved should be exempted from the operation of the order of the 27th. September 1796, and that the exception in that order respecting General Officers on the Staff should be extended in like manner to Officers Commanding Brigades in the Field -

allowances, otherwise they will not be considered to have a claim to any thing whatever beyond their Pay on Furlough - Should it not be their intention to proceed to Europe after the expiration of that period, and that the state of their health will not admit of their immediately returning to Madras they are by the first convenient opportunity to apply for an extension of their leave of absence; and at the same time to transmit to the Adjutant General of the army to be laid before Government a Certificate signed by one or more Surgeons Resident at the Cape, that the State of their health was such as to render it unsafe for them at that time to leave the settlement

2 It is further ordered that no Officers applying for leave to proceed to the Cape of Good Hope whether on the expectation of returning to this Country and not prosecuting a Voyage to England or otherwise, be

required

1688 Fort St. George 23d. September 1800

required to furnish the same Certificate or in lieu thereof the same Security regarding Claims in the Pay Department, that are required by General Orders from Officers going from this Coast to England under a Direct or Conditional Leave for that purpose

3 The Right Honorable the Governor in Council is likewise pleased to direct that Military Officers, Surgeons and Assistant Surgeons who shall obtain the permission of Government to go to the Cape of Good Hope only, for the recovery of their health under the prescribed Certificate of Sickness shall be permitted to proceed to that Settlement either Direct or by the way of St. Helena, without forfeiting the allowances to which they would have been entitled if they had proceeded to the Cape Direct -

I have the honor to acquaint you for the information of Government that three British Seamen have been apprehended and are confined in the Main Guard of this Garrison by my Orders -

They severally denominate themselves William Brown James Carroll and William Ross thorn and state that they recently belonged to the Ship Hanna - that - Commanded by a Captain Scott

Fort St. George 23d September 1800

which Ship they alledged was on her passage from Bengal to Madras laden with Rice and Bails of Cloth - when a few days ago between this Port and the said Heads in a heavy Gale of wind - a Spare yard was par fell over board when they were ordered by their Commander Captain Scott, to go into one of the Ships Boats, with two other Seamen & endeavour to recover the Spar

That in this attempt they were drove from the Ship - and night coming on totally lost Sight of her, and some hours afterwards were drove on Shore - their Boat dash'd in pieces - one man drowned - and the other who is missing they can give no account of -

The Adjutant General

Sir,

After I had crossed the Malpurba at Tellahall, I marched on the 3rd Instant, and entered the Nizam's Territories at Haramsagur on the 5th. As Colonel Stevenson was obliged to cross the Malpurba in boats he was not able to advance from that River till the 11th. It appeared to me probable, that when Dhoondiah should be pressed by the whole of our force on the Northern Side of the Doaab, he would return into Savanore by Hannagherry and Kopul, and would thus impede our communication, or if favoured by the Patans of Cannoul, and the Poligars on the Right bank of the Tumbudra, he would pass that River, and would enter the Territories of the Rajah of Mysore. I therefore determined to bring my Detachment to the

2d.

the Southward, and to prevent the execution of either of those designs, if he had them; and afterwards to push him to the Eastward, and to take such advantage of his movements as I might be able, while Colonel Stevenson should move by Moodgul and Nooshy, at the distance of between 12 and 20 Miles from the Kistna, and the Mahratta and Mogul Cavalry collected in one body between his Corps and mine.—

I arrived at Kannagherry on the 7.th and on the 8.th moved with the Cavalry to Basvapoor; and on the 9.th to this place: the Infantry being on those days at Howly and Shinnoor, about 15 Miles in my rear.— On the 9.th in the Morning, Dhoondiah moved from Malgherry, a place about 25 Miles from Rachore, at which he had been encamped for some days, towards the Kistna; but on his road having seen Colonel Stevenson's

Camp,

1717

Fort St. George September 1800.-

24th. Camp, he returned and encamped about Nine Miles in my front, between me and Bannoor. It was clear that he did not know that I was so near him, and I have reason to know that he believed that I was at Shimoor.-

I moved forward this Morning, and met his Army at a place called Conakgall, about 6 miles from hence. He was on his March, and to the Westward, apparently with the Design of passing between the Mahratta and Mogul Cavalry, and my Detachment, which he supposed to be at Shimoor. He had only a large body of Cavalry, apparently 5,000, which I immediately attacked with the 19th and 25th Dragoons and 1st and 2nd Regiments of Cavalry.-

The Enemy was strongly posted with his rear and left flank covered by the Village and Rocks of Conakgall, and

and stood for some time with apparent firmness; but such was the rapidity and determination of the charge made by those four Regiments, which I was obligid to form in one line, in order at all to equalize in length that of the Enemy, that the whole gave way, and were pursued by my Cavalry for many Miles. Many among others Dhoondiah Waug, were killed, and the whole body dispersed, and were scattered in small parties over the face of the Country.—

Part of the Enemy's Baggage was still remaining in his Camp about three Miles from Conahgul: I returned thither, and got possession of Elephants, Camels, and every thing he had.—

The complette defeat and dispersion of the Enemy's force, and above all the Death of Dhoondiah Waug puts an end to this warfare; and I cannot avoid taking this

this opportunity of expressing my sense of the conduct of the Troops. Upon this last occasion, their determined valour and discipline were conspicuous; and their conduct, and that of their Commanding Officers, Colonel Pater, Major Paterson, Major Blaquiere, Captain Doveton and Captain Price have deserved my most particular approbation. — At the same time I must inform you that all the Troops have undergone, with the greatest patience and perseverance, a Series of fatiguing Services. —

It is also proper that I should inform you how much reason I have to be pleased with the Gentlemen charged with the business of procuring Supplies for the Troops; notwithstanding the distance of the Scene of my operations from the usual Sources of Supplies, the rapidity of

24.

of my Marches, and the necessity, from the—
Species of Warfare carried on, of perpetually
altering their direction, I have always been—

The Adjutant General

Sir,

I have the pleasure to inform you that I have this day received a report from Colonel Stevenson of his proceedings on the 10th. Instant, by which it appears that near Deodroog, he came up with and took the only two remaining Guns the Enemy had, a quantity of baggage, Camels, Bullocks, Brinjarries &c.a and that he dispersed and threw the whole into confusion. Their object had been to pass the Kistna and to go to Solapoor; the Guns belonged to the Solapoor Poligar, and were destroyed in his Country, and Colonel Stevenson found his people employed on the Kistna in giving assistance to the baggage to pass the River. Thus the Service upon which the Troops have been employed, has been completely performed

I attribute the opportunity which was given of destroying the Enemy's Army to the movements of the Detachment under Colonel Stevenson; in no part of the Army has there been greater exertion, or more fatigue, or has it been more chearfully borne; and I conceive — Colonel Stevenson, Lieutenant Colonel Bonser, and the Officers and Troops under their orders, to be entitled to my approbation, and to the favourable report of their conduct which I now make to you.—

To the Honorable Jonathan Duncan Esq.r

President and Governor in Council

Honorable Sir,

8.th Having received from the Mi-
=litary Paymaster General the Disbursement accounts
of July. for the fixed Pay and allowances to the
Troops serving in the Northern and Southern —
Districts of Malabar, and observing that to avoid
the whole of the Payments Comprised in those —
accounts may perhaps be reckoned a deviation in
some degree from the Instructions contained in the
Supreme Government's letter to this Presidency of the
26.th of May last (Copy of which I received from
your Secretary under the 2.nd of July) it is necessary
before I proceed on the audit to request your Com-
=mands whether the Mode which is proposed in
the 3.d Paragraph of this address, as, in my humble
opinion, the most expedient on every view of conveni-
=ence and dispatch, and, at the same time not
inconsistent with any of the principal objects of the afore-
said

aforesaid Instructions, will Meet your approbation —

2d. It is proper to premise that a Paymasters Monthly Disbursement account for the fixed Pay and Allowances is divided under two general Heads Viz.t — First — arrears for the past Month — which includes all allowances, extra to Nett Pay for the Europeans, together with Pay and allowances to the Native Troops — Second — Pay in advance for the Current Month, which comprehends the Nett Pay in advance for that Month to Europeans only — but the whole being due and payable on one day Viz.t the 1.st of each Month. One abstract only for each Company is required to vouch both —

3d. It follows from the above that in July's accounts the Payments (except the Nett Pay to Europeans in advance) are for the Month of June, which must of course be audited here and debited to the Military Charges of this — Presidency; and tho' the amount of Nett Pay for the Europeans falls to the debit of Madras Presidency

by the Supreme Boards Commands, Yet since sending a separate Disbursements account of them for audit at Madras would either require the accounts and vouchers to be entirely Made out anew, or, if sent as they now stand, to have a Copy made and duly attested from the Pay Office General Records here of such parts of them as Relate to June and exclusively to this Presidency Now as either of these ways would be attended with much delay and not (so far as I perceive) productive of any good, I propose, with your permission to audit the whole of the Paymasters Disbursement Accounts of fixed Pay and allowances for July (comprehending the Charges for June as above described) and debit Madras with the Amount of the Pay of the Europeans for that Month (July) and then forward to the Auditor General at that Presidency as Statement in sufficient detail to serve as a Check in the possible event of any Charge hereafter appearing in the Coast Disbursements for Nett Pay of July which will now be passed or Rejected on Audit as, on

examination of the vouchers the cases may require —

Sir,

I have to request that you will be pleased to represent to His Excellency the Governor the very great delay which is occasioned in the Military accounts by not receiving from Fort St. George the accounts of Balances of Ordnance and Provision Stores remaining on the 31st. October 1798, at the time of the change in the Government.—

As the Books of the Official Year 1798/9 are in that state of forwardness as only to require those accounts to complete the Balance, I presume to suggest that another application may be made to the Presidency of Fort St. George and that in the

Fort St. George — September 1800

the event of the Military Board there being unable to supply the necessary balances from want of the proper returns or other causes, that a request may be made to that Government to forward copies of such Military Board Provision and Ordnance returns of 31st. October 1798 as are procurable, and also Copies of the Lists and Valuations of the — Captured Stores in the different Garrisons on the — Island and a Table of Rates of the fixed values of the different articles of Military Stores agreeable to the regulations of the Presidency of Fort St. George

As it is of so much importance to ascertain the Amount of the Stores &c. transferred from the one Government to the other, and also that the Military Books should be speedily and correctly balanced, I trust I shall meet with His Excellency's — pardon for so often addressing him upon this subject —

If the furnished Balances cannot be procured from Fort St. George it is probable that by the carefull examination and calculation from the —

papers

papers above alluded to together with the returns already in the Military Board Office, a Committee might be enabled to form an account of Balances sufficiently accurate to warrant insertion in the Military Books.—

Military auditor General

Sir,

1 I am directed to acknowledge the receipt of your letters of the 15th 20th and 23d Instant with their respective enclosures.

2 In transmitting to the Honorable the Court of Directors by the Ships now under dispatch the annual Statement of the Military Establishment under this Presidency for the Year 1799/800, the Right Honorable the Governor in Council, will have much pleasure in expressing the sense he entertains of the distinct Manner in which you have accomplished this laborious work.

3 The two drafts of General Orders submitted in your letter of the 23 Instant have been approved and will be published to the army

4 The Governor in Council desires that

To the Military auditor General — With reference to the Court of Directors the Boards sense of his having accomplished it so distinct a manner the annual Military Statement approves the drafts of G. O. for the arrears due to Lieut Colonel Simon Dalrymple to be paid and also all future similar Claims without — reference — transmits Regulations entitling Officers to Batta of a Superior rank who command a Regiment or Batta thereon — if not to assist them the Retrenchments against Lieut Colonel Sheriff and St. Leger delivering payment of specified Bills to be authorized —

that the arrears of pay due to Lieutenant Colonel Simon Dalrymple may be paid; and further directs that you will without reference, give authority for the payment of any arrears of pay which may not have been drawn for the same reasons as those given by Lieutenant Colonel Dalrymple until there shall have been time for the Order regulating the Manner in which the pay of Officers removed from one Corps to another by promotion or otherwise shall be drawn, to be circulated to the different Stations of the Army

5 The Right Honorable the Governor in Council desires it may be considered a Standing Regulation that the Officer who succeeds to the command of a Regiment or Battalion, and regulates the Regimental duties thereof by the removal of his Senior Officer to command a Bregade, shall be entitled to the Batta of a Superior Rank notwithstanding the Regiment or Battalion

Fort St. George — September 1800

Battalion should happen to form part of the Brigade to the Command of which the former commanding Officer was removed; under this principle the Retrew=chments against Lieutenant Colonels Sentleger and and Sheriff are not to be insisted upon —

6 I am directed to desire that you will authorize payment of the following Bills as recommended by the Military Board —

No. 1 — a Quarterly account of the Garrison Storekeeper amounting to Pagodas. 4,089. 29. 18

No. 2 — a Bill of the Civil Engi=neer for fitting up the old Market at the South West Angle of the Black Town as a Sepoy Barrack — Amounting to Pagodas 197. 6. 64. —

6th We have received a Letter
from the Secretary to Government in the Military
Department dated the 11th July last, with
the Returns of Provisions from Columbo referred
to therein.—

The Object of obtaining these
Documents being to ascertain whether the
Salt Provisions included in Mr. Atkinson's
returns in the Month of October 1798, Viz—
270 Casks, were regularly carried on in his
Returns after that period, or when any part
of it was written off, in Order to Account for
the quantity which he states to have issued

to the European Troops at Columbo, in the Months of May, June, and July 1799, at the same time that he charged as issued on his Returns a quantity of fresh meat equal to the allowance which would have been Served to the Men had they not received Salt Provisions in lieu thereof, We have examined the whole of the said returns, and find that the before mentioned Number of Casks of Salt Provisions was Credited in that for November and the issues regularly accounted for thereafter as follows—

It appears however by a Communication which we have received from the Military Auditor General, that the late Commissary of Provisions at Columbo has shewn the Manner in which the Salt Provisions issued to the Europeans at Columbo, came into his hands in his Letters dated 22nd April and 6th May last in Answer to a Retrenchment on account of Salt Provisions, which the Military Auditor General had imagined to have been a part of the quantity which the Commissary had applied to the use of the Troops, but which he now finds to be entirely unconnected with it. As these Letters tend to Elucidate the point in question, we have enclosed Copies of them for the information of your Lordship in Council.

The Military Auditor General has

has at the same time informed us, that it will of course be his duty to make Mr. Atkinson Answerable for the unexpended provisions which appear to have been shipped on the Caledonia in the Month of January 1796, for a Detachment of Troops which embarked on the expedition against Columbo, of which provisions the Salt Beef served to the European Troops at Columbo in the Months of May, June, and July 1799 is Stated to have constituted a part, and as Mr. Atkinson will be held accountable for the value of the Articles which he cannot prove to have been expended for the use of the Troops between the 22nd January, and 4th February, he will in this case we conceive, be entitled to the cost of the fresh provisions, which would have been served to the Troops had not the Salt meat been issued to them, the price he will

have

Fort St. George 30th September 1800.—

have to Pay for the latter being considerably more than the Amount of the former, but of which he cannot in reason Complain, having confessedly taken upon himself to make those Issues without Authority.—

The foregoing information is all that we possess, in Addition to our former Communications towards enabling your Lordship in Council to form a Judgement on the Conduct of the late Commissary of Provisions at Columbo.—

Sir,

I have the honor to request, you will please to acquaint, the Board, that the Bullock Petty Owners, have behaved in a very riotous and disrespectful manner to day, calling out in a clamorous way, that they had been here thirteen Months and wanted their accounts settled, and though I repeatedly, desired them, to be quiet, they attempted to force themselves into the Office, and I laid hold on two of the Ringleaders, and have sent them to the Maingaurd, as a place of safety, until I had time to inform the Board of their turbulent proceedings. Since the Adjustment has been confided to me, I have laboured incessantly from Nine O Clock in the Morning, till Six in the evening, to do justice to the

very

very people, who now insult me, and I trust the Board will not let pass this outrage with impunity.—

There is no occasion for me to hint; to the Board, the evil tendency of such a seditious propensity, if not seasonably checked.—Whatever cause of discontent, they may have had formerly, they certainly, have no reason now to complain of injustice, or delay, and the attack to day, is wanton in the extreme.—

the Proposals of Mr. Maitland for the Repair of the General Hospital and Surgeon's Quarters, and in obedience to the orders of the Board I have to submit, that the Rates therein Specified, are upon an Average about 25 per Cent higher than the probable rates at which the work would be executed by the Government Establishments.—

On the Subject of Contracts for Buildings and Repairs, I feel it my duty to submit an Opinion to the Board, that where Government has an Agent who will faithfully discharge his duty, and see that the Expenditure is as little as possible, Works executed by people immediately under him, will probably be less expensive in the first instance, and, what is of greater consequence in a Public Building, more durable, than works done by Contract: I can the more freely submit this Opinion to the consideration of the Board, from its not being Advantageous to myself, since

the

this Expence of Works executed by Contract being greater than when done in the other way, the Advantage must be proportionably greater to the Superintendent, independent of which a Contract relieves him from the trouble of the detail, and renders his duty comparatively easy.—

Major General Sydenham
Military Auditor General
Sir,

In the concluding part of the Retrenchments from my Accounts, for the Month of January 1796 I observe the Retrenchment against me for the Salt Beef shipped from Trincomallee

1786 — Fort St. George 30th September 1800.—

Trincomalee to Columbo for the public Service
is continued, on the ground of my having converted
it from public to private property. In order
to rescue my character from an imputation, which
carries with it the appearance of premeditated
mismanagement of the public property —
committed to my care, permit me to state,
that the immense quantity of provision Stores,
of every denomination, which were landed on
the Beach at Columbo, at the same time with
the beef in question, and the length of time —
that did elapse, before an Arrangement could
be made for placing the whole in Store, in
such a manner, as would enable me to take
an Accurate Account of the different Articles, tended
in a very Considerable degree to cause the omission,
which has been the Source of so much vexation
and inquietude to me. The Receipt of a Retrench-
-ment from your Office, to so considerable an
Amount in the Article of Salt beef, directed

my

1787

Fort St. George 30th September 1800.-

my immediate Attention to a survey of the whole which remained with me, and I discovered that I had 19 Casks more in my possession, than were borne upon the face of my Returns. Upon making this discovery, I certainly ought to have avowed and rectified my error, but unfortunately I omitted so to do, and allowed them to remain in Store until the Month of June 1799. when I caused them to be issued to the Troops in the Manner I have Stated to the Military Board at Columbo, which circumstance I presume you are already Acquainted with, Having omitted to rectify my error, I was induced to Adopt this measure, from an Apprehension that the beef would Spoil if allowed to remain much longer in Store, and from a thorough conviction, that I should ultimately be made responsible for the difference, in order to indemnify me in some degree for the heavy loss which I must otherwise sustain when called upon for

Fort St. George 30th. September 1800.—

for payment, upon the final adjustment of my Accounts. If it had been my intention to have appropriated the Salt beef in my posession, — surplus to my returns, to my private advantage, there were many ways by which it might have been turned to much greater Advantage than that of being served out to the Troops, and if such had been my intention, I certainly would not — have allowed it to remain in Store near four years the probable period that Salt Provision will keep; but I never did dispose of one Cask but in the manner I have Stated and — only 19 Casks were disposed of in that manner in the Months of June July and August 1799.—

The confusion attendant on the kind of Service I was employed upon, and the necessity I was under of confiding the charge of the public property to Strangers whilst on board the different Transports in landing

1789 Fort St. George 30th September 1800.—

&c.a &c.a may be more easily conceived than it is in my power to describe, and will I trust be allowed to plead in extenuation of my Conduct upon this occasion, and all that I have further to urge upon this Subject is, that I am ready to declare either upon Honour or Oath as Govern-ment shall be pleased to direct that to the best of my knowledge and belief Credit has been given in my Returns for the whole quantity of Salt Provisions which have at different periods been committed to my Charge (with the exception of the 19 Casks before Stated) and that I did not derive advantage either directly or indirectly therefrom.—

Should it be necessary to make a reference to Government, previous to the Retrenchment which now Stands against me for Salt Provisions (with the exception of the 19 Casks before mentioned) being Admitted to my Credit I request you will do me the

Major General Sydenham
Military Auditor General —

Sir,

Upon receiving a letter from the Military Board at Columbo in the Month of October last, concerning the issue of Salt Provisions to the Troops, I felt a great anxiety to ascertain, how I came to have had such a quantity in Store, surplus to what appeared upon the face of my General Returns, for

for which purpose I examined with the most minute Attention, all my Monthly Returns and other documents without being able to gain any satisfactory information from them upon this Point.

Still feeling the same anxiety and determined if possible to gain some information upon a Subject, which has been the cause of so much uneasiness and inquietude to me, it occurred, since my Letter to you of the 22nd Ultimo that I might gain some information, by a reference to the Records of the Garrison Storekeepers Office, and having within these few days had access to them, I discovered that in the Month of January 1796, Thirty days Provisions were Shipped on the Caledonia, for a Detachment ordered to embark on that Ship for Columbo, consisting of 375 Men and 20 Officers of the 73rd Regiment and two Corps of European Pioneers and Artificers of 30 Men each. The Detachments embarked on the 22nd of January and

and landed on the 11th. of February having been only fourteen or fifteen days upon the Passage. The surplus must of Course have been landed, but owing to the great confusion which prevailed upon the Beach at the time, where such large Quantities of Military and Provision Stores of every denomination were daily landing, Credit has been omitted to be given, for any part of the Salt Provisions landed from the Caledonia — which you will observe by a Reference to my General Return for February 1796 and to this omission must be attributed the cause of my having had in Store, such a quantity of Salt Provisions, surplus to what Appeared upon the face of my Returns, and which I never could account for, until I had access to the books of the Garrison Storekeepers Office. —

I have also discovered — within these few days, upon settling Accounts with Mr. Cochrane, that one Cask of the surplus

Fort St. George 30th. September 1800

Surplus Provisions belonged to His Majesty's ~
Navy, which I had omitted to send to Madras,
for which I have paid him, and his receipt
is herewith enclosed. ~

Should you deem it necessary
to make a reference to Government upon this ~
subject previous to the final adjustment of
my accounts, I request you will do me the
favor to transmit copy of this letter, and the
letter which I addressed to you on the 22nd
Ultimo at the same time, and I trust that ~
Government will, upon my making the decla-
-ration either upon honor or upon oath as ~
contained in that letter, with the exception
therein stated, will be pleased to authorise

To the Right Honorable Lord Clive

Governor in Council

&c. &c. &c.

My Lord,

From D. D. Recommend that an Advance be made to Mr. Maitland for Articles required in the Mysore Country — also that Authority be given to erect the Sentry Boxes and repair the Gun Shed in the fort of Dindigul — also that a Monthly encrease be made to the Establishment of the Gun Powder Manufactory —

1st Having found it necessary to Authorize an Additional Indent on the Contractor for Military Stores, for Articles required in the Mysore Country Amounting to Pagodas 1303..35..10 — We beg leave to recommend that Pagodas 1134..26..56 — may be accordingly advanced to Mr. Maitland —

2nd We also recommend that Authority may be given for the erecting of the fixed

fixed, and 6 moveable Centry boxes, and for the new roofing of the Gun Shed in the Fort of Dindigul, agreeably to Estimates which we have approved. —

3.rd The Superintendent of the Gun Powder Manufactory, having represented that a small encrease to his Monthly Esta- blishment is indispensably necessary in order to ensure that the ingredients of which the Powder is composed may be properly prepared and compounded — We have in conse- quence made a particular enquiry into the subject and being satisfied ourselves that all the Workmen which he has Stated to be necessary are usefully employed for the several purposes which he has specified we do not hesitate in giving our opinion that the addition, proposed by the Superintendent, to the original Establishment should be allowed — We have accordingly drawn up the Accompanying —

Statement

1796 Fort St. George 30th. September 1800.

Statement shewing the Number of Workmen required to make 300 Barrels, and the Addition necessary for 600 Barrels Per Month, contrasted with the Establishment allowed for the latter Number by the printed Regulations published on the 26th. of May 1797. — The difference of expence is Pagodas 29....30.. per Month.—

4th. In this addition is included a Bricklayer and Painter which were not in the former Establishment, but in our opinion are indispensably necessary; the former for the small repairs to the bullock Walk, Charcoal furnace, &c.a that are almost daily required, and the latter to mark the Barrels with paint when they are filled with Powder after it has been proved. To the Statement we have subjoined a List of the People that are necessary to be kept the whole of the year at the Manufactory, the remainder being discharged during the recess

from

Fort St George 30th September 1800.

from the 15th October, to the 15th December following. —

5th " The Original Establishment, according to every enquiry which we have made, was fixed from information obtained from people employed at the Manufactory, when the Gun Powder was made by Contract, or by the Military Storekeeper as Agent of supply, and not from any actual experiment of the Number that would be necessary upon the present plan of prepa=ring and mixing the ingridients with the utmost care and Attention, so as to pro=duce Gun Powder superior in quality and strength to that formerly made at the Manufactory. —

6th " In consequence of the representation of the Superintendent that it has been Customary to allow the Workmen employed at the Manufactory

The impression made on the mind of the Governor in Council by the letter of His Excellency Mr. North under date the 28th. Decembr 1799 relative to the conduct of Mr. Atkinson in the Office of Commissary of Grain and Provisions, at Columbo, is amply confirmed by the subsequent Proceedings of the Military Board, and by the letters of Mr. Atkinson above recorded; and his Lordship in Council is concerned at the necessity of recording his conviction that in executing these Duties Mr. Atkinson has not adhered to an honorable discharge of his Trust.—

Mr Atkinson's Conduct reprehended.

Under this conviction, and the consistent application of the principles, which it is the intention of the Governor in Council to preserve, his Lordship could not doubt the necessity of

suspending

suspending Mr. Atkinson from the Company's Service; but as the whole of the circumstances, relative to this case, are immediately connected with the affairs of the Government of Ceylon, and will therefore have been stated by his Excellency the Governor of Ceylon to the Honble the Court of Directors, His Lordship in Council judges it to be inexpedient to anticipate the decision of the Court: But it is resolved to communicate to the Court the impression made on the Governor in Council, and to recommend that if the enquiry of the Military Board at this Presidency shall be confirmed by the proceedings of his Excellency the Governor of Ceylon, Mr. Atkinson may be dismissed from the Company's Service.—

Recommended to the Court of Directors that Mr. Atkinson be dismissed the Company's Service.—

To Major Robert Turing

Military Department

Sir

I enclose the Copy of a Letter from Major General Collins President of the Offreckoning Committee, to the Adjutant General which has been some how mislaid, and only submitted to my Consideration this Morning, and as I think it necessarily requires to be Considered by the Right Honorable the Governor in Council, I request you will do me the honor of laying it before his Lordship.—

It appears to me, that the determination proposed by the Committee, in regard

From Major General Brathwaite Enclosing Copy of Letter from Major General Collins President of the Offreckoning Committee on the Subject of their Proceedings.—

Fort St. George 30th September 1800.—

regard to the Off Reckonings for the 13th Native Regiment, is as equitable as any that can be adopted, Namely, that, as that Regiment was formed by General Orders from the 35th and 36th Native Battalions on the 12th of October 1798 that the Off reckonings for it, be Considered as a Colonel's Share, that portion of it, which the time prior to the 12th October bears to the whole year, to be divided equally between Majors Kenny and Innes, the Commandants of the 35th and 36th Battalions, and the remainder to be allotted to Colonel Wynch who on the 12th October became Colonel of the Regiment then formed from the two Battalions.—

It does not Appear necessary to me that the 14th Regiment should be included at all in the Computation, it was formed on the 26th December 1798, from the 1st and 2nd Extra Battalions which had been formed only on the preceding 12th of October this Regiment did not

rece

Fort St. George 30th. September 1800.—

receive any Clothing for that Year, as such, nor in its form as two Extra Battalions, nor could it be— entitled to any, from so Short a period of Stoppages.—

It appears to me also that the 3rd. Extra Battalion formed on the 9th. of November 1798. could not have any Claim to Cloathing— I— am inclined therefore to think that the Stoppages made from these Corps, for these Short periods, should be thrown into one Sum, to be applied as Government shall think proper.—

The Matter Contained in the 3d. Paragraph of General Collins's Letter, turns out to have been an entire mistake of the Contractors,— the Volunteers were men who turned out from— different Corps on the Strength of which they were still Continued, and in the Accounts of those— Corps, the Stoppages made from them and the— Cloathing Supplied to them, were included, a— Separate Charge for cloathing them, was therefore a mistake which has been Corrected.—

If

It appears to me that under the present Circumstances, the remainder of the Share allotted to General Gils, from the 13th of April — should remain a deposit with Government. —

To Lieutenant Colonel P. Agnew

Adjutant General of the Army

Sir,

I have the honor of Acknowledging the receipt of your Letter of the 12th Instant.—

I have now to State certain — Circumstances on which the Committee do not — Consider themselves Competent to decide without explanations which they hope to receive thro' — your Communication, as also an Authority for — so doing. —

1st The Computation of Stoppages for Native Infantry Comprises 14 Regiments, in — which

1813 Fort St. George 30th September 1800.—

which is included the old Establishment 35th and 36th Battalions and 1st and 2nd Extra Battalions.—

The Committee therefore wish to know what proportion of Off reckonings is to be allowed to the Officers Commanding the 35th and 36th Battalions to the period of their formation into the 13th Regiment, and what participation is to be allowed to the Colonel of the 13th Regiment from the time of his Appointment thereto—for it appears that they were not Cloathed in Separate Battalions but as the 13th Regiment.—

The Committee Suggest as an equitable mode that the 13th Regiment is considered as one proportionate Share of the General distribution; to be devided thus.—

To Major William Kenny

Colonel A. Wynch from 12th October to 31st December.—

With respect to the 1st and 2nd

1814

Fort St. George 30th September 1800.

Extra Battalions which on the 26th December was formed into the 54th Regiment it does not Appear by the Contractor's Accounts that these Corps received Cloathing either whilst denominated the 1st and 2nd Extra Battalions or the 54th Regiment. —

The Committee therefore submit for the decision of Government, whether as the 54th Regiment neither did receive Cloathing for the year 1798. or were entitled to it/ as the formation of the Corps on which it afterwards was founded took place on the 12th October and Consequently there could not have been Stoppages made for a longer period than from 12th October to 25th December/ The Amount of Stoppages for this period only to be included in the General Computation and allowed to the Officers Commanding those Corps. —

2nd

2" There Appears a Separate Computation of Stoppages for "One Extra Battalion but as it

1815 Fort St. George 30th September 1800.—

it does not Appear that such Battalion either — received Clothing or was entitled to it, as the — formation of this Battalion took place on the 9th — November and Consequently Stoppages could only be made for the remaining period of the Year, the Committee therefore Suggest as in the afore- =mentioned case of the 1st and 2d Extra Battalions that the Amount of the Stoppages for this period only be included in the Computation, and the — Amount allowed to the Officer Commanding this Corps. —

3rd, There Appears in the Contractors Accounts as Charges for Cloathing "Volunteer Corps" and there does not Appear in the General Computation of Stoppages — any Corps of this denomination Consequently there is no funds to meet this Charge. —

The Commettee therefore — request an Authority whether this Charge is to be deducted from the General fund of Stoppages

or Carried to the Debit of the Honorable Com-
-pany on the same principle as the Sums before

thority as to the disposal of the remainder of that
Share, whether it is to be distributed in the General

To Dr James Anderson
Physician General and Members of the
Medical Board

Gentlemen,

An Alteration in the Allowances
of the Surgeon at these Factories, having taken
place since my Nomination to this Situation, I
request permission to trouble your Board a few
Moments on the Subject, relying on every exertion
being

being made to reinstate me in the same Allowances my Predecessors enjoyed.—

Mr. Bonvie during his Appointment to these Factories, drew a Monthly allowance of half Batta for Tegeram, and half Batta with House Rent for Maddepollam— The Military Auditor General has directed the Half Batta on account of Maddepollam, shall be discontinued, and Travelling Batta shall be allowed, when it is found necessary for the Surgeon to visit any of the Civil Servants at a distance from his fixed Residence, permit me to enumerate the Stations where Families reside, and where I have been repeatedly called to afford Medical Assistance since my Arrival at this Factory.—

110 Miles distant from Nellepilly, and no other Surgeon but myself, being within Eighty Miles, I leave you Gentlemen to consider, if my request of being allowed the same Allowances my Predecessors enjoyed for many Years, is not supported with every degree of consistency.—

I must beg leave to remark,— that the Extra Charge of Travelling Batta for— visiting these Families daily must necessarily create much confusion, and probably would often be objected to by the Military Auditor Generals Office, under these circumstances, I only entreat, to be granted the same Allowances Mr. Bonie my Predecessor enjoyed, and which might enable me, to support a Conveyance, to pay that Attention which the Families residing at a distance may require.—

And am Gentlemen

My Lord,

From the Military Auditor General— Encloses Copy of a Letter from Major Limerick, Commanding 2d Battalion 15th Regiment Native Infantry, claiming Field allowances for the Officers and Men of the Corps, from the day they were encamped— Reports on the Accts of Captain Kingston late Paymaster at Trincomalee and recommendation in consequence.—

1. I have the honor to enclose Copy of a Letter forwarded to me thro' the Paymaster at Masulipatam from Major Limerick Commanding the 2nd Battalion 15th Regiment Native Infantry, which was ordered on the 18th May last to be Equipped for Field Service, and held in readiness to march at the shortest Notice, in which Letter he claims Field allowances for the

the Officers and Men of that Corps from the 8th.—
July the day of their encamping near Masuli-
-patam, at which period he states they were—
completely Equipped for Field Service and ready
to march whenever Orders should arrive for that
purpose. The Regulations published on the 26th.—
February 1800 allow only of 3 Days Batta to
Corps previous to marching on Field Service,—
but in consideration of the situation of the Officers
of the 2nd. Battalion 5th. Regiment ordered at the
same time with the 2nd. Battalion 15th. Regiment
to be in readiness to take the Field, Government—
has been pleased to allow those Officers to draw
Full Batta from the time they were warned for—
immediate Service Viz.t 18th. May 1800.— I am
not acquainted with any circumstance which
would warrant a deviation in favor of the Native
Commissioned Officers, Non Commissioned Officers
and Privates of the 2nd. Battalion 15th. Regiment—
except that of the Corps having encamped at

some

some distance from the Fort of Masulipatam ready to move at the Shortest Notice, in which Situation it now remains.—

2. In consequence of a Letter from the Secretary to Government in the Military Department dated 3rd. Instant respecting the Accounts of Captain Kingston late Paymaster at Trincomalee, I have been furnished with the enclosed Statement of the Sums which he is desirous of having placed to his Credit by the Government of Ceylon— together with Copy of a Letter from the Military Auditor General of that Presidency on the Subject —— The Balance Stated in his favor on the 5th. November 1798 is correct, as well as the Sums Admitted to his Credit on the Re-audit of his— Accounts in this Office, and as he was allowed— by your Lordship in Council to charge Interest on the Sums which he actually advanced for his payments, I beg leave to recommend that His Excellency The Governor of Ceylon may be requested

to direct Credit to be given to him for the Sums detailed in the enclosed Statement and to Debit this Presidency with the Amount, which will of course be charged to the Accountant Genral here to the Military Paymaster Genral, who will adjust the same on the final Settlement of Captain Kingston's Accounts, and report to Government the actual Sum that should be allowed to that Officer on Account of Interest, in Order that the same may be transferred to the head of "Genral Books."—

To William Gordon Esqr
Paymaster V.C.a

Sir.

In the hope of obviating any doubt you may have of the propriety of our drawing Field Allowances, I shall state the circumstances which induce

1835 Fort St. George 30th September 1800.—

induce me to think we are entitled to them.—

On the 23rd of May last, the Orders of Government arrived here to equip the 2nd Battalion 15th Regiment Native Infantry for field Service, and to hold it in readiness to March at the shortest Notice, and I was directed to give in an Indent on Emergency for new Arms; the Battalion was accordingly held in readiness and the Officers and Men equipped themselves for Field Service.— On the 8th of July last by orders from Colonel Vigors the Battalion Marched out of Masulipatam and encamped upwards of two Miles from the Fort, and from that time, I can take upon me to say both Officers and Men have been subjected to as great an Expence as if the Corps had Marched and been in the Field, and this was necessary, as Orders to that effect were daily expected.— I understand the Charge is by no means unprecedented that several Corps previous to the late War, were in circumstances similar to ours, and received field Allowances; and that Major Hawley with a Detachment of Artillery ordered in readiness for Field Service was Encamped here, some

Fort St. George 30th September 1800.—

some time before he marched for Hydrabad, and for that time received field Allowances; this last circumstance if correct you must be acquainted with.—

I will thank you when you refer this matter to the Auditor General to send him this Letter, and should he not consider himself authorized to admit the Charge without the sanction of Government, I should wish to have it submitted to the Consideration of the Governor in Council.—

Horses at Fort William Representing that the horses Commissioned last Season may be expected to arrive in the course of next Month at Mangalore Solicits that an Officer and the usual party may be Ordered to receive them and States that he will require a further renewal of his Credit on the Government of Bombay and the Collector of Kanara.

To the Right Honorable the Governor in Council.

That the Horses Commissioned last Season may be expected to arrive at Mangalore in the course of next Month, and Solicit him to Order an Officer with the usual party to receive them.

The Most Noble the Governor General has intimated to me that it will be necessary to extend the Amount of my purchases to as great a Number as is practicable, and I have in Consequence given the necessary Orders to my deputies in Kutch, Sind, and the Gurzerat, and directed them to draw upon me here in case they can raise Cash at a more favourable exchange, which I have every reason to believe they can, as I know large Sums of Money are sent every year to Bombay, to be invested in Bills on Bengal.

I

The Adjutant General

Sir,

After I had crossed the Malpurba at Tellahall, I marched on the 3rd Instant, and entered the Nizam's Territories at Haramsagur on the 5th. As Colonel Stevenson was obliged to cross the Malpurba in boats he was not able to advance from that River till the 11th. It appeared to me probable, that when Dhoondiah should be pressed by the whole of our force on the Northern Side of the Doaab, he would return into Savanore by Hannagherry and Kopul, and would thus impede our communication, or if favoured by the Patans of Cannoul, and the Poligars on the Right bank of the Tumbudra, he would pass that River, and would enter the Territories of the Rajah of Mysore. I therefore determined to bring my Detachment to the

2d.

the Southward, and to prevent the execution of either of those designs, if he had them; and afterwards to push him to the Eastward, and to take such advantage of his movements as I might be able, while Colonel Stevenson should move by Moodgul and Nooshy, at the distance of between 12 and 20 Miles from the Kistna, and the Mahratta and Mogul Cavalry collected in one body between his Corps and mine.—

I arrived at Kannagherry on the 7.th and on the 8.th moved with the Cavalry to Basvapoor; and on the 9.th to this place: the Infantry being on those days at Howly and Shinnoor, about 15 Miles in my rear.— On the 9.th in the Morning, Dhoondiah moved from Malgherry, a place about 25 Miles from Rachore, at which he had been encamped for some days, towards the Kistna; but on his road having seen Colonel Stevenson's

Camp,

1717

Fort St. George September 1800.-

24th. Camp, he returned and encamped about Nine Miles in my front, between me and Bannoor. It was clear that he did not know that I was so near him, and I have reason to know that he believed that I was at Shimoor.-

I moved forward this Morning, and met his Army at a place called Conakgall, about 6 miles from hence. He was on his March, and to the Westward, apparently with the Design of passing between the Mahratta and Mogul Cavalry, and my Detachment, which he supposed to be at Shimoor. He had only a large body of Cavalry, apparently 5,000, which I immediately attacked with the 19th and 25th Dragoons and 1st and 2nd Regiments of Cavalry.-

The Enemy was strongly posted with his rear and left flank covered by the Village and Rocks of Conakgall, and

and stood for some time with apparent firmness; but such was the rapidity and determination of the charge made by those four Regiments, which I was obligid to form in one line, in order at all to equalize in length that of the Enemy, that the whole gave way, and were pursued by my Cavalry for many Miles. Many among others Dhoondiah Waug, were killed, and the whole body dispersed, and were scattered in small parties over the face of the Country.—

Part of the Enemy's Baggage was still remaining in his Camp about three Miles from Conahgul: I returned thither, and got possession of Elephants, Camels, and every thing he had.—

The complette defeat and dispersion of the Enemy's force, and above all the Death of Dhoondiah Waug puts an end to this warfare; and I cannot avoid taking this
