To Captain P. Bruce
Deputy Military Auditor General

Sir

I have the Honorable the Governor and
Council

5847 Fort St George 2 August 1801

6

Council has received your letters of the 25th Instant.

The Governor in Council does not consider it to be necessary to comply with the application of the Master Attendant at Masulipatam for Leave of Absence from his Station —

The Governor in Council is well satisfied with the care bestowed by you on the examination of the outstanding balances which have accumulated in the Books of the Military Paymaster General on account of payments made to the families of Sepoys proceeding on distant Service to Ceylon, Malacca and the Moluccas Islands.

The distance of those places from the Seat of Government and the difficulty of communication have rendered it impracticable in the judgement of the Governor in Council for the Paymasters on the Coast to discontinue the payment of money to the families of Sepoys at the exact period of time when those Lecentees should have ceased it is probable therefore that a considerable

portion

5848 Fort St George 6 August 1801

28

portion of the Salaries now outstanding should be
included in the gratuitous donation granted by the
Governor in Council to the families of those native
Soldiers who might die, or be killed on those
distant expeditions, and as you have no doubt
that the Disbursements made on this account have
been annually brought to the credit of the Company
by the Paymasters of the several stations
Salaries authorized the Military Paymaster
General to write off the Sum of Pagodas 37,696 11 40
which is debited at present to the late Paymaster
of Malacca and the Sum of Pagodas 6,018 32 17
debited to the late Paymaster at Columbo to the
Head of Profit and Loss expenditure against the
Dutch Settlement.

The Governor in Council conceives
it to be expedient that such regulations as may
be established for auditing the charges incurred for
the support of the families of the native Sho

should be enforced with the same regularity as is observed in the other branches of Military disbursement, and His Lordship directs you to prepare a draft of the improved regulations which you deem it practicable to introduce for that purpose — In preparing these regulations however it will be necessary to presume with great caution the [illegible] founded, for if the executive Officer should be compelled under heavy penalties to obstruct the course of the payments to the families, the regulating must of course prevent the effects intended to be produced by the Governor in Council

advantages which would result from the appoint-
ment of an assistant to the Superintendent and
am therefore induced to give that part of Captain
Evans's application our strongest support.

that Mahomed Beg may be removed by General
orders from the 3d Regiment of Cavalry and ap-
pointed Head Farrier of the Stud upon the
full pay of Head Farrier without any deduction
of stoppages for clothing. The abilities of this
man are well known and are such as to render
his appointment to the Stud a matter of im-
portance

7 We humbly solicit to Captain Evans's
statement of the necessity of a few Troopers being
attached to the Stud for the purpose of training the
colts at an early age, but we cannot recommend
them being appointed from the Regiments of
Cavalry on the manner he has proposed. We are
aware that the non effectives of that Corps have

always preferred excepting the reduced pay allowed to Pensioners to being transferred to the Invalid list because them being placed on the Pensioners List exempts them from the performance of Infantry duties to which they are in many instances incompetent from wounds or the peculiar nature of the diseases by which they have been rendered non effective But we are of opinion that by some modification of the 32d Paragraph of the G.O. under date the 11th July 1801 and by an explanation of their being exempted from the easy Cavalry duties for which Captain Evans requires the whole of the Cavalry non effectives might be induced to volunteer their services with the said

To Lieutenant General Stuart
President and Members of the
Military Board
Fort St George

Gentlemen,

I beg leave with great deference
to call your attention to a subject which has under
the present circumstances of the Stud increased its
importance considerably and has been attended with
serious loss to myself for the greater part of the last
two years viz^t subsisting the Honorable Company's Stud
on the allowances fixed by Government

At the time the arrangement of
these allowances took place I was satisfied that ten
Rupees per month was sufficient for the support
of a mare found in all respects in the best manner
possible. Grain was then cultivated in large quan-
tities in the District of Tanjore and sold at
about 90 Bags for a Rupee and there was hope
that the increased demand on account of the Stud
would

5965 Fort St George 1st September 1801

would have induced the Inhabitants to enter more largely into the Cultivation of that Grain for which they saw already marked the extensive Tracts of cultivated Lands they have in their Possession peculiarly calculated for such Crops led me to believe that such Industry would have followed from the prospect they had of advantages in proceeding for it shall —

In this expectation I have been disappointed, no Grain of any consequence has been Cultivated on the District for the last two years, this disappointment however I do not attribute to any permanent cause but to the temporary effects of the Commotions which have prevailed in that part of the Country for a length of time past — & the consequences of these disturbances cannot therefore be supposed to affect the principles of the original Calculations and I trust that when the tranquility of the Province shall have been restored the interests of the Inhabitants will again

forward

Fort St George 1st September 1801

Furnish Supplies of Grain for the purposes of the
Stud at rates not exceeding those of the Calculation—
In the mean while the result has been Attended

out of my power to do justice to this great and valuable institution without the further support of Government in this respect.

A reluctance to alter those fixed rates by which I had hoped to have been enabled to defend the expences of the establishment without any expence whatever to Government has induced me to continue to charge them at the same rates but circumstances to the Board I am however now led to consider the interests of the soldier and with great deference beg leave to submit it to your consideration.

The stud establishment must now be increasing to immense numbers and consequently the expence on that head from the difficulty of obtaining supplies must become more considerable, and as circumstances which I could not have foreseen and I hope the Board will be assured that every economy in my power has been made to obviate those difficulties as far as

It was possible I am however now in justice to the trust committed to my charge, induced to lay this subject before your Board, and with great deference beg you may be pleased to submit it to the consideration of the Right Honorable the Governor in Council.

The Stud has now been brought to a pitch which independent of the valuable property it consists of, must be considered of the highest national importance and although I am perfectly able to undergo all the fatigue and carry on the most difficult duties connected to my station I am yet led for the good of the service to recommend the appointment of an assistant to the superintendent of the Stud as necessary measure to ensure in the event of casualty at least one officer with the establishment who should perfectly understand its management are early knowledge of Horses and a turn to such pursuits would be necessary

qualifications in the person to be appointed as most likely to ensure his attention to the Subal

I have found great difficulty

in getting good Farriers for the Stud. I have made

enquiry in Bengal and every part of the Coast where I thought such people were to be met with

I have however not been so fortunate as to meet

any Subal Man of this description. The head

Farrier of the 3d Regiment Native Cavalry

Khan Mahomed Beg has been mentioned to me as a

man extremely well calculated to fill the

Station with the Stud and is considered the most

Subal of that Class, having for the last three

Years been desirous of returning from a

Detachment where he is subject to the fatigues of

Field Service. I made enquiry of Major Rumley

who commanded that Regiment respecting this

man and understood from him that he was

peculiarly well calculated for the duties of the Stud

and that as the Regiment they have a proper

5870 Fort St. George 1st. September 1808

person to recommend in whom Mahomed Beg was provided for to succeed him as Head Sarrieu to the Regiment. The present system of Pensioning the Native Cavalry will become useless for Service would make it difficult to get this man to the Stud. should he be brought before a Committee I would therefore beg leave to recommend his being transferred as General Orders from the 5th Regiment Native Cavalry to the Stud with some addition to his present pay which would reconcile him to the change and attach him to his new situation

The colts bred in the Stud are extremely high spirited and I conceive it necessary for the good of the Service that they should have a large established and should be broke gently in hand at an early age to effect which I beg leave to recommend the appointment of a few select men from the Native Cavalry not exceeding the proportion of one from each Troop in the Service - such men transferred for this duty may still appear

113 / Staff appointments to the Detachment at Goa.

We approve of the Staff appointments to the Detachment serving at the Portuguese Settlement of Goa referred to in this, and in your subsequent despatch of the 21st. January 1800. We observe by your Consultation of the 13th. December preceding that an application from the Commanding Officer for the appointment of an Adjutant to the Detachment of Artillery serving there and for an increase to the allowance of the Deputy Commissary of Stores was at the recommendation of the late Commander in

Chief

5894 Fort St George 1st September 1801

that rejected on the ground of inexpediency, a determination which has received our approbation; and we direct that no additional staff appointments be made to take place without our previous approbation

We likewise direct that a separate account be kept and from time to time transmitted to us of the actual charges of this Detachment including the pay of the Troops and every contingency to facilitate the adjustment there of with the Court of Portugal should it be hereafter determined that the amount either in whole or in part is to be reimbursed by that Government.

Arrangement of the Troops to Join Bombay and Tenara

22 We conclude that the papers referred to in this Paragraph have in consequence of the late arrangement for transferring the Garrison of the Provinces of Malabar, and Canara, to the Madras Government been transmitted to that Presidency as containing the opinion of a very able Officer Lieutenant General

5895 Fort George 1st September 1801

General Stuart's on the proper distribution of the forces for the defence of those provinces and upon other important points — This is the more necessary to be done as it appears that in consequence of an application from the Madras Government alluded to in the 22nd Paragraph of the Letter to which we are now replying for a Regiment of European and a Battalion of Native Infantry from the Bombay Establishment for service in Mysore General Stuart, gave it as his opinion that the force required could not be spared from your side of India without exposing objects of the greatest magnitude and weaking to a dangerous degree the defence of the coasts of Malabar, and Canara. —

26 The measure of disbanding the Feudle horse at your Presidency accords with the sentiments expressed in the 4th Paragraph of our public Dispatch of the

1st. I have to submit to the Board a letter dated the 6th. ultimo from the Secretary to the Government of Fort St. George to my address as also Copies of correspondence on the same subject between the Honorable Colonel Wellesley and Colonel Hart together with a letter from this last Officer enclosing the above mentioned documents.

2. It is my opinion that the force required by the Madras Government cannot be spared from this side of India without exposing objects of the greatest magnitude and weakening to a dangerous degree the defence of the Coasts of Malabar and Canara, neither is it in my power to comply with the present Orders of that Government or to detach any part of the forces serving under this Presidency without your express authority and instruction.

3d. It would appear that the Government of Madras have destributed into Cantonments their Troops lately in the field and withdrawn

5898 Fort St George 1st September 1801

a part of the [illegible] the supposed for the security of the Carnatic —

An arrangement of a similar kind has also taken place on Malabar, and Canara, by which however all the Troops have been suffered to continue on the Provinces that were assembled there on the commencement of hostilities — Thus that proportion has not been returned to the Presidency which was taken from it before the war, and the safety of the Garrison of Bombay at this moment for want of a sufficient number of native Troops hardly provided for by a voluntary subscription of the Inhabitants

It was intended by the Right Honorable the Governor General that three Battalions of Sepoys should have been embarked from the Provinces for the seat of Government which would have given two Regiments of native Infantry for the Garrison of Bombay and Tannah with their immediate dependences and one for Surat — on my arrival on Canara I found it impossible to carry this measure into

5899 Fort St George 1st September 1801

into effect from the want of Vessels on the first instance to transport Troops and in the next because two Battalions in my opinion could not be spared immediately from the Service on which they were employed since one Battalion was detached above the Ghauts and two were destined for Goa—I had the honor of enclosing to the Right Honorable the Governor General from Trincalore a return of the disposition of the Troops on the two Provinces and approved his Lordships of the measure I was under of detaining the three Battalions which were intended for the defence of the Presidency and possessions to the northward observing at the same time that no inconvenience could arise from this measure of his Lordship disapproved of it as there was no opportunity at that time of transporting the Troops in question to Bombay

The security of this settlement Dam however of opinion was not sufficiently provided for and will cause such a large portion of the Troops

These Instructions however were framed on the supposition that the Madras Troops would occupy all the Countries above the Ghauts, and those of this Presidency this professions below, but that either Army on the case of Invasion, or any event that demanded the interposition of a greater body of Troops, would be ready to march to the relief of the other.—

The Right Honorable the Governor in
Council having Resolved to distribute into Cantonments
the Several Corps Lately employed on the field, finds it
indispensably necessary to employ a part of the two ops
serving under the Presidency of Bombay on protecting a
part of the territories subjected to the Company and to
the Rajah of Mysore above the ghauts —

I am accordingly directed to desire
that you will order one of His Majesty's Regiments —

purpose of garrisoning the fortress of Chittledroog.

In addition to the Battalion of Bombay
Troops now stationed in the province of Soonda the

can spare its services I should send to Mangalore the Battalion of Bombay Sipoys which has been hitherto stationed at Badamee — By the letter from the Secretary of Government dated the 1st Instant you will observe that the Government of Fort St George expects not only that Battalion of Sipoys should remain above the Ghauts but have called upon you to furnish another Battalion of Sipoys and a Regiment of European all the Troops in Garrison and Cantonments under the notion that you will have had it in your power to furnish the Troops for the service of this Country which have been required

I have within these few days received Orders to send to the Coast of Coromandel a large proportion of the troops which I have hitherto had under my command so that it has become impossible to relieve Major Dickens Battalion and if it is sent to Mangalore, and another Corps not brought into Nuggur, the whole province of Bednore will

In the second charge I am a reputed Robber for Articles specified on a list the charge runs that I went away without paying for the said Articles although the said Evidences confess that I ordered them to receive one fanam —

Gentlemen I can prove by my books who estimated the Articles received by me at the amount of four fanams and further that I gave the said book one Rupee in order to overpay the people to which he his ready to swear

I have before entitled on not personally with-

first Charge I am free to confess that after
having solicited Fodder for my Horses repea-
tedly by paying for the same, I did obtain
the said Fodder for my Horses by
so doing, I should succeed, but this Gentlemen
was nine hours after the time I had entered

I did succeed

Gentlemen What was I to do? was I to allow

On the fourth point of the first
Charge the Evidence I am declares that one

Rupee

87 Fort St. George 1st September 1801

Rupee was given by an European which one of the Beggares received and distributed among fourteen men, and when Boba is brought into the Court he declares that the Prisonier was sitting and ordered a person to give her money into his hands, and in the Presence of the Prisonier and there declares that it was devided among seven men. Gentlemen I have to state that I had only eleven Coolies altogether to carry my Baggage from Cuddalore to Tirungapatam

In the first place I am accused of having only given them three fanams although the Coolies themselves avowedly confess that they received three and an half. The calculation requires no profound discernment to prove that the sum given by me viz. One Rupee or Thirteen fanams amounted nearly to the stated usual hire for the Eleven Coolies. I have to observe to the Honble

On the second charge I shall take up but little of your time. I have briefly to remark that it is foreign to my nature to disobey, and especially the orders of so high an authority as the commander in chief, but I think the Court will be convinced that I have not so far betrayed myself and shall conclude by saying that if there is blame it is unknown

Witness Chumboo was then being called into Court and again sworn.

The Judge Advocate gives in

the following address to the Court

The Evidence upon this Trial

5990

Fort St George 1st September 1801.

has been on general so clear and ample that the Court will have little difficulty in pronouncing a complete and correct Judgement of the merits of the Case before them.

Some small variation in the Evidence of the Coolies respecting the exact number employed by, and the sum paid them by the Prisoner has occurred. Thus the Prisoner has delivered in a written defence and declares that only Seven Coolies were employed by him.

It is very clear however that the original number was twenty seven out of which Mr. Bosley had but thirteen and the only difference in the Evidence is between fourteen or fifteen men said to be employed by the Prisoner.

The Cooly hire for each man per day agreeably to the Commandeer or Bheesty Orders is half a Pultany fanam or 3 Pice. The Cooly hire agreeably to the Customs of the Village of Chittoor is 6 Pice — now supposing the Prisoner

5991

Fort St George 1st September 1801.

18

to have had only Eleven Coolies as his Coast Ac-
counts he did not pay them more the Sum directed
by General Orders now did he even pay them
what is the custom of the Village for on Pree-
Rupee there are 3½ Pee which is only 5 Pee each
to Ten Coolies and ½ Pee to the Head Man Cooley, But
if you divide 5½ Pee between 11 Coolies which
is the number the greater part of the Evidences
have swarn to, and which after corroborating
circumstances lead likewise to prove it makes
3½ Pee to each man and 5 Pee over which—
remainder it is more than probable the person
who divided the money kept for himself.

If the Prisoner allowed the
Orderly to strike the Inhabitants and to force
them to Break open a House in his presence
it is so clearly his Game as his own act that
it can hardly be necessary to mention it to the
Court.—

I think it unnecessary to say

any thing on the other part of the Evidence but when I read the Proceedings over to the Court I shall mark those parts of the testimony of each Evidence on both sides of the question as tends to throw light on the Charges against the Prisoner under the head of each charge and distinctly, by which I shall bring the whole weight of the Evidence upon each seperate Article and the Court to form their opinions with more precision and ease.

The Prisoner Answers the Court that he was totally ignorant of the General Orders by the Commander in Chief or he should certainly have strictly adhered to them that he has travelled the same Road four times and was never asked for more than One fanam per Cooley for each stage.

The Prisoner then closes his defence

The Commander in Chief Seringapatam June 10th 1801

Sir,

Having perused the proceedings of a Court Martial which has been assembled at Seringapatam for the trial of Wm Assistant Surgeon Shuttleworth

This Gentleman was put in Arrest by me in consequence of a Complaints from the Rajahs Government through the Resident, of his conduct at almost every Stage on the Road between Poona and Seringapatam; and the Charges against him were framed upon the Complaints from the nearest Village Chuttra, or Order that the Inhabitants of the more distant Villages might not be obliged to quit their

occupations

Fort St George 1st September 1801.

occupations for the purpose of appearing at a Court

Martial to prosecute —

After an attentive perusal of the

Proceedings of the Court Martial I cannot agree

with them in opinion that the Charges Against

Mr. Shuttleworth have not been proved; particu-

larly I cannot agree with them that he is not

guilty of the 2d and 4th Articles of the 1st Charge

as it appears by the Evidences which he produced him-

self that he never paid a Pagoda for any of

the Articles that he received for himself Ser-

vants his horses, and Mr. Boxley during nearly

24 Hours that he remained at Chittoor and by

the Evidence of the people of the Village that he

paid nothing.

The Evidence on the 4th Article of

the 1st Charge speaks for itself from which it —

appears that Mr. Shuttleworth did not pay the

price of the Country for the Cooly's he employed.

In regard to the 3d Article of the 1st

Fort St. George 1st September 1801.

Charge of which the Court Martial have found Mr. Shuttleworth to be guilty but which they are of opinion does not constitute any Military Offence I must observe that Mr. Shuttleworth himself gives as a reason for Beating and Driving away the Inhabitants that he wanted thereby to oblige them and others, to deliver Straw for his Horses, having already received Provision for himself his Servants and his Horses, thus forced from the Inhabitants by Force and Breaking open of Doors it appears by the Evidence he did not pay.

I never can agree in opinion with the Court Martial that this Conduct is not subversive of the Character of a British Officer and I pointedly censure, and I never can approve of Sentence which describes it in other Terms than those of the strongest reprobation.

In regard to the 2nd Charge the

or disobedience of your orders of which Mr. Shuckburgh has been found guilty. I do not consider a reprimand from me to be a sufficient punishment for that Crime, particularly after a trial by a Court Martial, and I must observe that I do not require the authority of the Sentence of a Court Martial to enable me to reprimand any Officer for misconduct much less for disobeying your Orders.

The Prosecution against Mr. Shuckburgh was instituted upon the complaints of the Rajahs Government in consequence of the Injury received by, and oppression upon the Inhabitants by him on his journey from Seringapatam.

Having proved before a competent Court the truth of these Charges against him they will surely Expect that he will be punished.

What will be the opinion of British Justice, honor, and Protection, of a Gentleman who has been guilty almost under the

6004

Guns of this Fort of such acts of oppression as Mr.
Shuttleworth has himself acknowledged to suffered to go
unpunished.

I foresaw that the Right Honorable
the Governor very somewhat probably be induced to
mark Mr. Shuttleworth's conduct with his disapproba-
tion, and I must observe that the proceedings of the
Court Martial and the Sentence which was passed
& which was received appear to me
to believe that the Trial was not conducted accord-
ing to the Articles and the Accused was not given
with the deliberation which ought always to be the
characteristicks of those Courts

For these reasons I have thought
it proper to lay the whole matter before you, and
to delay to take any notice of the Court Martial
or of Mr. Shuttleworth till I shall receive your
Orders &c.

Sir,

I have received and read with great attention the Proceedings of the General Court Martial on Lieut. Aylesbank Surgeon Shortt Lieut. Smith and your letter of the 18th Ultimo which accompanied it and I concur in the opinion you have given on the proceedings and judgement of the Court generally speaking and think that you cannot publish it but with strong expressions of your disapprobation.

The sentence of a Court Martial though disapproved, must however be confirmed when pronounced after Revision and the Prisoner can be subjected to no other punishment for any offences for which he has undergone a legal trial but such as the Court adjudges him to undergo—a Commander may mitigate, or remit, altogether the execution of a sentence of punishment but he cannot alter or change a decision of acquittal however he may differ

in

Fort St George 1st September 1831.

In conformity with the Court's wish I forward my reasons to explain the disapprobation with which my opinion of the proceedings of the Court Martial in the case of Lieut. Shuttleworth was recorded. I think it necessary that you should publish the proceedings of the Court Martial in the usual manner but accompanied with such expressions of disapprobation as you think ought to be marked by the Sentence would be necessary if the Court's wish was complied with.

Should you not think it necessary that the proceedings of the Court Martial should be published, I request that you will return the papers to me.

I am &c.

Lieut. Shuttleworth has not been acquitted by the Court Martial, but has been sentenced to be severely reprimanded by the Commander in Chief. The Court has done but as Lieut. Shuttleworth has been subjected to a Court Martial, Government cannot be called upon to take cognizance of any part of the conduct for which he has undergone a legal trial and has been so fortunate as to obtain a legal acquittal.

There can be no doubt but Lieut. Shuttleworth must have complained to his Lordship and Council and had Lieut. Shuttleworth not been subjected to trial by a Court Martial would have made with as much severity as the Court has done but as Lieut. Shuttleworth has been

I remember a case formerly when Colonel Wood of this Service was brought to a General Court Martial upon various charges preferred against him by Government and the Court acquitted him of them all, Government was so dissatisfied that it dismissed Colonel Wood the Service thus gave rise to a legal process in England and the decision was — that Government might have dismissed Colonel Wood from the Service without subjecting him to any trial if it had thought proper so to do, as such power is vested in the Governments of India — but as Colonel Wood had been subjected to trial and acquitted the dismissal of him on the grounds of the alledged Offences was illegal, that he must be restored to the Service all his arrears paid up, and a compensation made to him besides all which was done.

I have mentioned this to shew you why I think that Government cannot now be referred to in regard to Mr. Shuttleworth and why I think the Right Honorable the Governor

in

6008

Fort St George 1st September 1801.

I cannot recommend the conduct of Mr Hudleston for which he has undergone a Court martial with disapprobation

I therefore admit that it was not necessary for you to have the authority of a Court martial to reprimand Mr Hudleston but I must consider it as more peculiarly discouraging the conduct of any Officer, who has reprimanded in consequence of the sentence of a Court martial that you have reprimanded merely in consequence of your dissatisfaction with the conduct of his Commanding Officer —

I have thought it necessary for my own satisfaction to submit these proceedings and your letter to the attention of the Judge Advocate General, and as it will also afford satisfaction to you to see his opinion I enclose it —

The proceedings of the Court martial upon Mr. Shuttleworth and the letter of Colonel Wellesley accompanying them upon which you did me the honor to desire my opinion —

It is the complaint of the Inhabitants of Challee a Village near Seringapatam against Mr. Shuttleworth for his conduct while passing through it on his road to that City — The letter of Colonel Wellesley states that similar complaints had come in from all the other Villages through which Mr. Shuttleworth passed, and that circumstance will no doubt have considerable force in forming your private opinion upon the Conduct of the Prisoner but as none other complaints were mentioned in the charge nor in any shape communicated to the Court Martial its sentence could only be proportioned to and can now only be judged by the facts charged and the evidence before it. —

readily understood that the one may for his own purposes have preferred a malicious and unfounded complaint against the other, but when you find a Village and Tribe prefer a complaint against an Officer whom the Inhabitants know only by his conduct while passing through it as a Traveller, it is difficult to conjecture a motive for their complaint if they deemed not truth fit themselves unprovided with sufficient grounds to magnify their wrongs and to include an Honorable resentment the whole of the party travelling through and more particularly the Master &c. principal person of it, without sufficiently distinguishing how far he may have directed or favoured the conduct of his Servants, and this in the contradictions of Evidence it may be difficult to fix the precise offence at Thoughts a strong general presumption of misconduct may be implied

the Dubash of Mr. Baxley his fellow traveller came to the Village and flogged some of the Inhabitants It would be unjust however to take this into consideration against Mr. Shuttleworth as it is admitted that upon his arrival no complaints were made to him —

Upon Mr. Shuttleworth entering the Village he consulted with the Dubash and immediately the two houses which had been offered by the people to him was tried — but that was shut against them Mr. Shuttleworth and the Dubash then returned to the Street and the Dubash by threats compelled the head man to turn out of Doors, the Inhabitants of one house to make room for Mr. Shuttleworth, of this fact there is no denial or palliation. He does not pretend that he made any agreement or afterwards offered any payment to the Inhabitants for the use of their house —

The threats which obtained it appear to

6012

Fort St. George 1st September 1801

to have been made by the Dubash in his presence
may be fairly considered as proceeding from the Cutcherry
there being no suggestion that the Dubash imposed
upon him as to the means he was using to obtain
the profession — I must however observe that upon
cross examination one of the Witnesses appears to a
statement put by way of question purporting that this
first house was clearing out for the prisoner when
he arrived in this to which I would have
to reply that the Dubash had previously ar-
ranged with the people for the house, but consid-
ering the incorrectness of the natives and especially
in assenting to what is stated together with the
incorrectness of interpretation it does not seem
probable that the witness in assenting to this ques-

of his own and of the other witnesses statement,
upon this point of the case

The next step is the flogging the
two principal men of the Village for not immediately

Fort St. George 1st September 1801

breaking open one of the houses entered for Mr. Boxley and which was in consequence of that flogging broken open accordingly —

This is sworn to have been done under the Eyes of the Prisoner and of the Evidence is believed he has clearly responsible for the outrage it being proved by Mr. Boxley that the Dubash was acting under the orders of the Prisoner as well as his own and that Mr. Boxley was not there arrived.

It seems questionable who occupied the house after the Felony had been committed.

It is objected on the defence that the two were flogged, vary in their Evidence, the one declaring the blows as given with a horsewhip the other with the hand of the Dubash but this is explained upon their Cross examination The one was flogged with a whip the other received blows from the hand, and each spoke of what he himself had felt —

It is also objected that a third witness

6014

Fort St George 1st Septemr Decr 1801

Sir I am sorry that the Reasons I have not been present when the Prisoner Bertone of the Green Isle has witness profane his testimony rather than give the honour nothing about the matter and his Contradiction of the Others Evidence rather to be the effect of stupidity than anything else

Upon the whole thereof & Oath of Jno Lord Bear witness of the Court Martial Consisting of Seven Members Lieutenant Commanding the Fort Lieutenants of the Corps and Ensigns — Upon the Eighth Article of Charge of having turned the Inhabitants of the house out of Doors by threats — without offering any recompense and that he compelled the Villagers to bear Spears and other Weapons with them for their protection so to do, and to watch for the Preservation of both — The other part of this Article is also proved — that two other houses and two Godowns had before been offered to him — He has absented but there is no proof that the houses offered were too small to accomodate the Gentlemen but supposing that true it seems no excuse for

The evidence as to the Cowardice of the Prisoner in having as stated by himself travelled that road frequently before may well be supposed to have been known of the Cowardice, and as they were offered to him it seems highly improbable he should not have known of it. The conduct of Mr. Shuldham in assigning the houses does not therefore seem to be justified by necessity how far it may be palliated by usage I cannot guess.

At the same time I accept to remark that the finding of the Court martial is entitled to great attention as there is sometimes contradictory Evidence as to this charge and they who heard all the witnesses can judge better than those who form their opinion from written depositions I observe also that Colonel Wellesley does not object to the acquittal upon this first Article of Charge

Upon the second Article of Charge for taking provisions from the Inhabitants of the Village without paying for them, the fact of

But it is not a mere difference or liberality or haggandizing which will for ever annually upon Mr. Shuldhamworth for that purpose It must appear so glaringly unfair a return for the Money delivered to him that neither he himself nor any other person could consider it as an honest payment.

There is considerable contradiction in the Evidence as to the Money actually delivered the books determining the Amount The Wellesley Treble Swelling &c. &c. Although the Evidence of the books in some other points is very suspicious yet it is difficult to ascertain the truth as the Amount of Bonds delivered, and shown in the Statement is perfectly ignorant whether the gold fanam was a literal payment or whether it was a mere mockery If it was the latter as Colonel Wellesley seems to consider it perhaps the Inference he draws, is not too strong that the Conduct of Mr. Shuldhamworth was unbecoming the character of an Officer and a gentleman as stated in the first charge.

The

6018

Fort St. George 1st September 1801

The three articles of Charge is also
matter subsisting against Prisoner, to which he
defence. The Prisoner says, and Mrs Bradley, and
the Housekeeper swears, that the Grass Cloth brought was
so bad, the Cattle would not eat it, that after wards
eight hours Mr Shuttleworth was obliged to buy
upon one of their Principal Men, and purchase one
suit of Chowchuy Taffeties, which produced
Sheep, and produced better provender.

The Prosecutors deny that
there were any Complaints of the first, but the
circumstances of the case seem to corroborate the
defence in this particular, as the Prisoner had
forth ordered the cattle provender supposed to be
requisite and has afterwards ordering more cer-
tainly be ascribed to any other cause than the
badness of the first supply.

The onus was only laid upon me
Twelve hours, and there seems no reason to doubt
Mrs Bradley's Evidence that the Chop was

Fort St. George 1st September 1808

not very severe and was rather calculated to frighten than to chastize

Under these circumstances I much fear that the too general practice of Europeans and indeed of all men clothed with the appearance of power or superiority in India to use similar measure for obtaining what they want would scarcely warrant a sentence against Lt. Col. Shuldham as having behaved in a manner unbecoming a Gentleman for conduct imputable to so many.

The Court martial by the lenience of their sentence seem to acknowledge the generality of the fault. But if the provender thus taken was not paid for the Offence would assume a more disgraceful appearance as I have already observed relative to the second Article of Charge.

Considering this Article merely as a breach of Orders the Court Martial have affixed to it a sentence which Colonel Wellesley thinks too slight it would be high presumption in me to suggest.

6020

Fort St George 7th September 1801

Suggest any thing like an apology or excuse subje
which could by no means be considered competent to dispo
with the difference between a fine and confinement or to vary the
sentence of a Court Martial which was merely given
by the Commanding Officer has already been remitted
by you.

The fourth Article of charge is for
having found the Coolies only three fanams
Charge is inaccurate as to the sum and the Specifi
cation ought to state as to the Coolies of
whom due proof

The Order of the Commander in Chief
directs that half a Pagoda fanam shall be paid to
each Cooley per day, and of this order be applicable to
the situation of the Prisoners there can be no doubt
If Mr Shuttleworth knew or related to few instead
of half a Pagoda fanam which is stated to be
equivalent to 3 pence Mr Shuttleworth does not
pretend to have found more than one Rupee among

6021 Fort St George 1st September 1801.

83

Eleven hooleys on taking the Rupee at 54 pice scarcely five pice each:

I confess however that of the Charges and the letter of Colonel Wellesley as well as the defence and the finding of the Court Martial on the third article of Charge had not agreed in considering the General Orders set forth in the Proceedings as equally applicable to single Travellers it would not have occurred to me to view those orders as affecting any but Officers commanding Detachments on march

But the meaning to be affixed to such orders must be familiar to Military men and I presume that they have been understood in the proper sense.

I cannot therefore understand how the Court Martial putting that construction on the same orders in determining the third Article of Charge could acquit the Prisoner of the fourth as a Breach of those Orders.

But this article of Charge is also brought

Fort St George 1st September 1801

brought forward on the prosecution as are in strictness of
an gentlemanly like conduct — For this point of view the
Genl Orders must be left out of the question for although
no Officer can plead Ignorance of such General or
Orders as an excuse for disobeying them, yet the negligence of not informing himself of what it was his
Duty to know can never be the foundation of a
Charge for conduct unbecoming a Gentleman — The
Prisoner denies knowing of the Orders neglected
gence is therefore imputable to him but not any dishonorable intention — To make out the latter accusation it must appear that the prisoner by him
to the Cooleys ward so evidently inferior to the value of
their labor that the Prisoner must be presumed
to have known that he was defrauding them of their
recompence

The amount thereof is agreed — One
Rupee but the number of Cooleys among whom it
was devided is variously stated and upon this point
I shall strongly recommend to be satisfied to the Evidence

Fort St George 1st September 1805.

of the Villagers They swear to 14 cooley's and the account for that number they say it came from Sea they were counted off and were replaced, and one more was demanded and was given on the morning of the 27th it is clear that 13 went with Mr. Cooley, and Pammah hung himself to avoid that 14 went with Mr. Shuttleworth — The Evidence of the two principal Villagers is clear as to this and perfectly consistent — One of the cooley's at first agrees in this number, another swears to 15 and the first cooley afterwards comes over to the number stated by his Comrade, but to whatever cause this misrepresentation be attributed it ought not to shake the fair Evidence of the Villagers to the real number —

On the other hand the book of the — Prisoner says he only saw 11 cooley's when they came to be paid but there seems some mental reservation in this for two of the cooley's swear they were not present at the payment — The book when pressed as to the quantity of Baggage to be carried and the number of cooley's requisite for it after accounting for 11 and finding that more

6024 Fort St George 1st September 1805

Baggage remained to be accounted for, says that that was
Carried by Lascars from Seringapatam — A fact thus introduced has
much the air of Invention — and it seems highly improbable that 28 Lascars from Seringapatam to Cannanore
replaced at Chattee and only three go with the whole way
Wherefore I conclude to believe that Mal Purser was sup-
-ported between Chattee & Cannanore by the Lascars &
Each

to the Lascars — the Commissariat Stores is in the first
place to be ascertained the Allegation stated at 5 per
each Lascar — But one of the Lascars Below says he had
usually seven or eight per that he formerly used to
carry 5 per — all this is Evidence of a Lascar Administering
the Price of his own work and Wherefore should he
pass that 5 per is the present price of a Lascar expen-
-ces Stage — that is only one fifth more than the
Price actually paid there by the Prisoner, and that per
that he consulted his book what would be the pro-
-per Sum & he was told to give them one Chuf-

6025 Fort St George 1st September 1801.

and he gave it, that the Cooleys received it without the least objection, or hint of its being insufficient — Mr Shuttleworth in his defence appeals to the court martial whether it is to be believed that a Black man would receive without a murmur a sum decidedly less than his due, and it must occur to every one that their silence would naturally confirm in the mind of the prisoner the information given him by his book that a Rupee was the proper price for the whole Cooleys. — Under those circumstances the court martial in acquitting the Prisoner of ungentleman-like conduct in the payment of the Cooleys do not appear to me to have found contrary to the Evidence before them and the effect of that evidence is strengthened by the judgement of the court before which it was given —

I have thus gone through the several Articles of Charge with reference to each of the Charges and shall be very happy if I can be allowed to hope that the consideration I have given the case

Sir Hy. Alexr. Instructions

Copy of a letter from Colonel Wellesley to the commander in chief dated 4th July 1801

Sir,

I have had the honor to receive your letter

of the 2nd inst. enclosing a Draft of the Order which I propose to publish upon the subject of the Proceedings of a Court Martial of which Lieutenant Colonel Dawson is President and of Mr. Assistant Surgeon Shellshear as soon as I shall have received your approbation of the

[illegible] my reasons for wishing to have your approbation of this order previous to its publication are that I perceive by the letter of the Judge Advocate to Mr. Arbuthnot which I conclude upon examination to be in order that it might guide my Judgment in framing an Order upon this subject that that Gentleman is of opinion that the Crown not recommend

on this Country and therefore it may be thought that
the reprimand should be conveyed in more lenient terms
than I have proposed to use in the inclosed draft of an
Order —

I rather believe that Mr Anstruther is
mistaken in his notion of the generality of the practice
imputed to Mr Shuttleworth and even supposing
it to be correct I am convinced that you would be
highly displeased were I to pass over so flagrant an —
Instance of it without marked disapprobation. how=
=ever as you have been pleased to transmit me a
letter containing the opinion above mentioned I am
very desirous to be made acquainted with your
sentiments before I publish to the Troops under my
command the inclosed Order.

(Signed) Arthur Wellesley

Although the sentence of the General
Court Martial is confirmed Colonel Wellesley is con=
=cerned that he cannot approve of it.

In his opinion the evidence went to

6925

Fort St. George 5th September 1801.

Convict the Assistant Surgeon Shuttleworth of
the Articles of the charge brought against him, and
that the Court sentence him to pay four hundred pa
of the 2d Article of the first Charge; & that
to be fined Eleven Rupees Thirty and Inhabitant of
Chittore and having flogged him, they ought to ha
fined out that scandalous conduct to the exercise
of the Army by pronouncing yet sentence on the
Charge of a British Officer and a Gentleman

The Sentence would have been
more proper as Mr. Shuttleworth proved that the
Inhabitant was dead, and that he took him with
him to force from the Village forage for his horse, and
it appears by the evidence that he had already made
forage for his horses and provisions for himself and his
servants for which any more than for the forage
thus forced from the Inhabitants by buying and sharing
one of them it also appears by the evidence that he
received no payment.

The Court proceeded to pronounce

6029 Fort St. George 1st September 1801.

97

pronounced that Conduct only as disobedience of the Orders of the Commander in Chief and having delivered a Sentence that Mr. Shuttleworth for that Crime ought to be reprimanded, it becomes Colonel Wellesley's duty, to reprimand him.

Mr. Assistant Surgeon Shuttleworth has been found guilty by a General Court Martial of which Lieutenant Colonel Saxon is President of disobedience of the orders of the Commander in Chief in stopping up and beating an Inhabitant of the Village of Chittlepet as he says himself, in order to force from the Village forage for his horse. He ought to have known, how that he is part of that body of troops placed in the Country for the protection of its Inhabitants and not to oppress them. Having however forgot his duty in that respect, having been guilty of a conduct very improper for a British Officer a repetition of which would be highly prejudicial to the British interests & character in this Country he is hereby publickly reprimanded.

Copy of a letter from Major General Braithwaite to the Honorable Colonel Wellesley dated 13th July 1801.

Sir,

I have had the honor to receive your letter of the 7th Instant with its enclosures.

I certainly sent to you the opinion of the Judge Advocate General that upon my part I could make as much use of it as you pleased in issuing your orders on the subject of the Court martial to which it alluded as I should have done had I thought it proper to publish the Court martial which it did not do, as it was a case on which I addressed you with authority finally to decide.

I hope and believe that the Judge Advocate general who may be said to be a stranger in this Country is wrong in his idea that such practices may be general. But if he is right I think it the more necessary that the Servants disapprobation should stigmatize them wherever they are brought to light in this ground. I do not think the Colonel

Fort St George 1st September 1801.

be well be severe and am only sorry that existing circumstances do not now admit Mr. Shuttleworth's conduct to be marked with greater severity.

I think, but I am not sure of this that it appeared by the Court martial that the Coolies had not been fairly paid but this is passed over as they made no complaint. If this is so, I think it should be particularly noticed as I think it very bad reasoning that oppressors should go unpunished because the oppressed were patient under their sufferings, or stood too much in awe of their oppressors to complain.

Signed John Braithwaite.

Witness Kalayjowna Sing duly Sworn informs the Court
that about six weeks or two months ago the Prisoner
Venkel Saubah came to the Village of Chettler —

Fort St. George 1st September 1801.

about nine o'clock in the morning and enquired of the Koolkarny for the Puttail who informed him that the Puttail was gone to Tannore that upon this Prisoner struck the Koolkarnie fourteen and desired him to go and shew the Puttail immediately justice at this time this evidence and Chund Busuah Chitty returned from Tannore with they had been to wait upon the Soubadar of the Dubash Strike the Koolkarny they immediately ran up to him and desired that he would not strike that man and that they would supply him with whatever he might want That the Koolkarny was upon this allowed to depart and this evidence and Chund Busuah Chitty attended the Prisoner who demanded two houses, That they shewed the prisoner two empty houses, who would not accept of them. That the Prisoner there ordered them to attend them to the Pagoda that upon their arrival at the

That from thence they went to the Pettah and
Offered the Prisoner two stone Chowltries which
were likewise rejected by the Prisoner. That at
this time they saw the Gentleman coming and
they all went to meet him. That the Prisoner
spoke to the Gentleman in English and they
all four returned to the Pagoda. The Gentle-
man sat on his Dandy and they three
called to the Braamin to open the Gate who re-
plied that if they even broke his head, he would
not open it, and afterwards said that if he was
forced to do so he would throw down the Key
and fly to the Faubahdars Kutchery for redress
That they all four now returned to the Pettah
and the Dubash stopping in front of one of
the Inhabitants houses desired this Evidence
and Chund Buswachitty to get this house
cleared out for his master, or he would take

this was in payment for 1 Bears of Grain that the
Dubash now demanded 3 Bears of Grain half a
Bear of Rice a quarter of a Bear of Rice and a quarter
of a Bear of Dhol which this Evidence delivered
to him that he also gave 1 Bundles of Raggy
Straw of this years growth and very good That
the Dubash now delivered over to his charge 27
Cooley's saying that he must procure a similar
number by the following morning that he in
consequence sent to the neighbouring Villages
to collect the Inhabitants for Cooley's. That
about four o'clock the Prisoner came and took
Chund Buswah Chetty away with him to his
master who demanded Seven more Bun-
dles of Grass that Chund Buswah Chetty
replied that he would endeavour to procure
it from the Inhabitants and the European
struck him one with a Whip that after this,

The Court is also of opinion that the Prisoner Mr. Assistant Surgeon Shuttleworth is not Guilty of the 2nd. Article of the First Charge viz — in having taken provisions and other articles from the Inhabitants of the said Village without paying for them and he is hereby acquitted of the same.

With respect to the 3d. article of the First Charge viz.t In having caused to be tied and having flogged Chumbiswah Chetty an Inhabitant of the said Village the Court is of opinion that the Prisoner Mr. Assistant Surgeon Shuttleworth is Guilty, but in a smaller degree than as set forth in the Charge. Signed Arthur Wellesley Colonel

Although the Sentence of the Court Martial is confirmed, Colonel Wellesley is concerned that he cannot approve of it.

In his opinion the evidence went to convict Mr. Assistant Surgeon Shuttleworth of all

Fort St. George 1st. September 1801

all the articles of the charges brought against him

and that the Court Martial having found him guilty

of the 2d. Article of the 1st. Charge they have caused

to be tied to the mouths of Guns two Inhabitants of Chettoor

and having flogged them as they ought to have held out

that scandalous conduct, to the encouragement of the enemy

by pronouncing it unbecoming the character of a

British Officer, and a Gentleman

This sentence would have been the

more proper as Mr. Assistant Surgeon Shuttleworth

avows that the Inhabitant was tied, and he beat him

with a view to force from them Forage for his horse

and it appears by the evidence that he had already

received Forage for his horses and provisions for himself

and his Servants for which any more than for the

Forage thus forced from the Inhabitants by tying

and beating one of them, it also appears by the evidence

that they received no payment

The Court Martial however throw-

ing from consideration that conduct only as disobedience of

6055

Fort St George 1st. September 1801.

The orders of the Commander in Chief and having delivered a Sentence that Mr. Shuttleworth for that crime ought to be reprimanded It becomes Colonel Wellesley's duty to reprimand him —

Mr. Assistant Surgeon Shuttleworth has been found guilty by a General Court Martial of which Lieutenant-Colonel Dascoin is President of a disobedience of the Orders of the Commander in Chief in trying up and beating an Inhabitant of the Village of Chittlee as he says himself in order to force from the Village forage for his Horses. He ought to have known that he is a part of that body of Troops placed in this Country for the protection of its Inhabitants and not to oppress them. Having however forgot his duty in that respect, having been guilty of conduct very improper for a British Officer a repetition of which would be highly prejudicial to the British interests and Character in this Country he is hereby publickly reprimanded.

The General Court Martial is dissolved and Mr. Shuttleworth is released from Arrest and ordered to return to his duty.

Sir,

I have just received Accounts from the Dewans Peon appointed by me to take charge of Madura & Dindigul and Oratore, that there are Military Stores to a considerable Amount in those two places and particularly in the former where there are 9 Guns from 12 to 4½ pounders as the Districts just mentioned are quite unprotected by any regular Military Force and as the circumstance of any of those Military Stores falling into the hands of the Polygars belonging to Madura Dindigul, and Oratore might hereafter prove of serious Consequences I have to request that such a Force as you may deem sufficient may be detached as soon as possible to Madura Dindigul. Should the strength of the Force now here not admit of a separate Detachment,

I am of opinion that part of the Detachment now under the Command of Major Cook at Tenore no be sent with that, or any other Officer to Madura pattan reinforced by such an addition of Troops from thence it may be possible to spare.

From all that I can learn I think the 150 Sepoys are left at Tenore under command of an intelligent native Officer to will be a sufficient to preserve tranquility in that part of the Country so contiguous to Tuticorin poly that I should it hereafter appear necessary to leave the place strong themselves it could at all times be easily effected.

A just testimony due to that respectability of Character which the late Hilladar Ally Novas Cawn posses, I cannot restrain myself from now taking the liberty of saying that during the Serious Concerns I have lately had to transact at this place his conduct has been such as to impress me with the most favorable opinion of his general tendency of disposition having uniformly found him scrupulously correct intelligent and useful.

135

Resolved and Ordered that copies of the foregoing Reports with the enclosures together with copies of the letters ordered to be dispatched in consequence be transmitted to Deputy Military Auditor General for his guidance.

Read the following letter from the Resident at Cuddalore.

To the Right Honorable Lord Clive

Governor in Council &c &c &c

Fort St. George

My Lord,

From the Commercial Resident at Cuddalore acknowledges receipt of letter to him of the 19th Inst. and explains the motives which induced him to consign the Persons sent from Pondicherry to private Ships - Forwards sundry papers connected with the subject.

I lose not a moment in replying to Mr. Secretary Webbe's letter of the 19th Instant - and flatter myself from the following Representation that your Lordship will be convinced of the propriety of my Conduct and the evident Intentional Disregard to the Orders of Government on the part of those confined by my authority.

A few days ago the Cowkeepers

at

6106 Fort St George 1st September 1801

at Cuddalore presented me a Petition complaining that a party of Sepoys and Butchers from Pondicherry were carrying off 133 Sheep and forcibly driving them away Immediately ordered a party of Sepoys for the Protection of the property of those people and to bring the Marauders into Garrison. The want of Rain near the Sea Coast induces the Shepherds as is always their Custom to drive their Flocks into the Interior parts of the Country sometimes 15 or 20 Miles for their Support. It was necessary the case with these people and on the Course of their peregrinations met with this party of Butchers when they were brought before me Asked them by whose authority they acted and their passports for traversing the Country They replyed they had no written orders but came from Pondicherry, and as they refused the Established and Legal payment for the Sheep I could not consider them on any other Light than that of Marauders and treated them accordingly I was

Fort St George 1st September 1801

was more particularly convinced in my own mind of
their coming under that description, as there was no —
Officer or Troops in Pondicherry and consequently could
not require such an extensive supply. These people
have been in the constant habit of carrying off the
property of the Inhabitants without paying for them
and as the Familes of these Sheppards are supported
by their own industry and attention to their Flocks
I presume your Lordship will see the necessity of
giving them every legal support by enforcing that
Justice which they are so simply entitled to. I cannot
conclude without observing to your Lordship —
that every publick act since I have had the —
honor of presiding at this place I have endeavored
to mark with the strictest Justice, and impar-
tiality; and its my full Determination never
to lose sight of these two objects so material to my
own honour and so essential to the good Order of
Government I have the honor to inclose your
Lordship, the Petition of the Cowkeepers of Cuddalore

6108 Fort St George 1st September 1801

their account as it now stands and Ballance due as likewise Mr. Simons account and Ballance due with the addition of a Sheppards Account by the name of Hestnah who has not recvd. no pecuniary satisfaction whatever the whole of which I hope your Lordship as Superintendent they are men of property and promise on their being Released to clear their accounts will give the necessary Orders for that purpose.

Some time ago the Sepoys of different Garrison came into the pasture with a note from their Officer but none at length can drive away your Petitioners Sheep without the Gentleman's Order. In the time of Mr. Hennworthy the Sepoys of Pondicherry drove away your Petitioners Sheep and the said Gentleman was immediately pleased to Order the drivers tied up gave them lashes and restored the Sheep to your Petitioners. and also in the time of Mr. Channery the Sepoys drove away your Petitioners Sheep. He on your Petitioners Complaint sent his Sepoys to beat and seize them, but before their approaching thither they left off the Sheep and ran away. your Petitioners therefore keeping their Cattle without any molestation or trouble whatever.

But now the Sepays of Pondichery in conjunction with Butchers seized 183 Sheep belonging to your Petitioners and forcibly drove them away.

Read the following Letter from the Commander at Chingleput.

To the Right Honorable Lord Clive
Governor in Council &c &c
Fort St George

My Lord.

I am with concern I find myself again obliged to trouble your Lordship after so much indulgence to my letter of the ninth instant, but I still find it impossible to comply with the Commander in Chiefs Orders of the 11th instant wherein I am directed

From the Commandant at Chingleput Represents the insufficiency of the Mess Room to accomodate the whole Cadet Company and requests authority for its extendment &c

to

6192 Fort St George 1st September 1801

to have the whole Company on a General mess

At present Eighty Cadets dine on the Mess Room and the remainder 50 on Tents but the latter will not be able to mess in Tents after the rains sets in and consequently they must be allowed to form small parties in their own Quarters as no apartments in this place will contain them which would entirely destroy the intention of the Commander in Chief

With your Lordships approbation the present Mess Room could be lengthened and an addition to the Kitchen sufficient to accommodate the Gentlemen the expence of which I presume would not extend one hundred and Thirty or two Pagodas

I have the honor &c &c

I have to request your favour for
the Liberty which I am about to take of addressing
myself to you believe me I am desirous of my indiscretion
in trespassing upon your time but the need as you are
with Business but there are moments where
from sentiments of humanity you will be induced
to pardon such intrusion and it is under this plea
that I entreat your indulgence especially as the
miserable situation to which I am reduced is the sole
cause of my address —

That still further induces me to
this step is that I believe without however being
certain

From Mr C Pearson Solicits an indulgent consideration of his case under the circumstance of his having been deprived of the allowances he had enjoyed while the Late Resident in the Polar Department at Pondicherry

6124 Fort St George 1st September 1808

Certain of the fact, that my unfortunate case is not unknown to you and that Colonel Campbell spoke to you on the subject when on a visit to madras in February last.

I am a French Gentleman having emigrated in 1791 to avoid the Evils which menanced my Country - For nearly 2 years I have been totally deaf and to compleat my misfortunes during the - -ling Sickness under which I suffered unfortunate events deprived me of what little property I had left

In this sad situation I had recourse to the gener- -osity of the English Government and after long Sol- -icitation in February last Colonel Campbell had the goodness to nominate me to a small place attached to the police with a monthly Salary of 50 Rupees added to which he informed me that he hoped to procure for me from the English Government a sum of money to discharge the following debts which I had contracted during my misfortunes. I believe even that he caused it to be intimated to me at the same time

that

The orders of the Commander in Chief and having delivered a Sentence that Mr. Shuttleworth for that crime ought to be reprimanded It becomes Colonel Wellesley's duty to reprimand him —

Mr. Assistant Surgeon Shuttleworth has been found guilty by a General Court Martial of which Lieutenant-Colonel Dascoin is President of a disobedience of the Orders of the Commander in Chief in trying up and beating an Inhabitant of the Village of Chittlee as he says himself in order to force from the Village forage for his Horses. He ought to have known that he is a part of that body of Troops placed in this Country for the protection of its Inhabitants and not to oppress them. Having however forgot his duty in that respect, having been guilty of conduct very improper for a British Officer a repetition of which would be highly prejudicial to the British interests and Character in this Country he is hereby publickly reprimanded.

The General Court Martial is dissolved and Mr. Shuttleworth is released from Arrest and ordered to return to his duty.
