At the request of Mr. Frederick Reeves Paymaster in Hanaur, I have the honor to submit for your Lordships decision two abstracts for House Rent in arrears to two Conductors of Stores.

The reason alledged in support of the period which has elapsed in drawing the allowance in question rests with your Lordship to admit or reject, it is only my duty to observe that the Certificate required

required by the existing regulations in
Cases like the present is furnished by the
Barrack Master stating that Con. Or
Conductor Tripp did not occupy public
Quarters from January 1801 to October of
the same year, nor could any be had for
his accommodation, the charge is however
made from October 1800 to October 1801
consequently is inadmissible for the first

conformably to his Subsistence from

To G. Buchan Esqr.

Secretary to Government
Fort St. George

Sir,

From the Paymr. at Madura submits the causes which have prevented the transmission of his accounts to the Office of Audit & the prescribed period of time

I have the honor to acknowledge the receipt of your letter of the 5th instant and to inform you for the information of the Right Honorable the Governor in Council that the delay which has arisen in the transmission of my Accounts at the prescribed time, is owing to the late disturbed state of the Southern Provinces, which occasioned the Abstracts &c. from the Detachments to be transmitted

1388

Fort St. George 23d. February 1802

transmitted to this Office at a considerable
period later than usual, in consequence of the
unavoidable irregular Payments to the Troops
in the Field.

I shall next recommend
that account to the Officers in Command of
Corps and Departments at the time of the
disturbances of the Rebel Polygars, having
prevented them from rendering their regular
Abstracts for Payments in the Months of
May and June, and in consequence of the
emergent Service then in hand requisitated
to advance Cash to the Troops upon Receipt,
for which no Abstracts were delivered until
July, from whence arose the delay of the
accounts in my Department, in consequence
of which I have addressed the Military Auditor
General on the subject, a Copy of which letter
I herewith enclose, together with Copies of letters
from the Office of Accts.

1389

Fort St. George 23d. February 1802.

20

I have further to mention,
that similar obstacles took place in part of
July and the whole of august, even all com=
=munication whatever was interrupted
until September, after which the unsettled
and scattered situation of the Troops prevented
the Offices Commanding Corps and Depart=
=ments from delivering into my Office their
abstracts for some time, instead of which,
part payments were made to the Troops
upon their Receipts, which entirely prevented
the regular transmission of my accounts:
The above mentioned Reasons have been the
sole cause of my accounts not having been
kept up regularly for these few Months
past, but I beg leave to mention for the
information of His Lordship in Council,
that every exertion in my power shall be
used to expedite the transmission of my
accounts, and to bring up all the Arrears
of
which

which have unavoidably taken place in my Department lately, and my accounts shall in future be transmitted at the prescribed period.

Sir,

I beg leave to refer you to my letter of the 1st. Instant respecting the forwarding your Accounts Disbursements for April.

Being well aware of the increased duties of your Department in consequence of the Considerable Body of Troops composing the Field Detachments to whom you have to issue Pay and allowances, I am desirable that more than

and of course due Consideration is paid to that
circumstance, as I am very desirous however to
have the whole of the Paymasters accounts on
the Coast for the official year 1800/1 audited
before the Close of this month, and your
Disbursements for the month of April are the
only one of consequence not yet received, I
should be happy if you would take the earliest
opportunity of transmitting them, nor ought
they to be delayed on account of abstracts or
Vouchers of Payments to any small parties
which may not have been forwarded, as they
can with equal convenience and propriety
be entered on your Disbursements for the
following month.

Sir,

I have the honor to acknowledge the receipt of your letter of the 18th. Inst. and have the pleasure to inform you that my Disbursements for April were despatched on the 14th. to the Presidency. As I have to observe that all the exertion in my power did not enable me to transmit them earlier on account of Circumstances which have already entitled unto your Consideration as specified in the letter abovementioned. I have further to state the inconvenience I shall be under in transmitting my May Disbursements at the required time, the interrupted Situation of the Southern Detachment under Colonel Agnew, not giving the Officers in Charge of Corps and Establishments sufficient opportunity to make

Fort St. George 23d. February 1802

out abstracts for arrears of April and advance for May, and the Troops having been in distress for Cash, Colonel Agnew in consequence of the emergency of the Service, was under the necessity to order my agent there to issue Money upon Receipts to relieve the Troops from the inconveniencies they would have otherwise suffered. I have not yet received any abstracts or Vouchers for the May from that Detachment, and as the expences will amount to a very large Sum, I think it necessary to delay arranging my accounts for May, until I receive their Vouchers for the payment of that Month, on account, that if they were not inserted in my accounts for that Month, there will appear in my Abstracts of Receipts and Disbursements a large Balance though actually disbursed, but upon Receipts which cannot be entered in my Disbursements

Sir,

I have to acknowledge the receipt of your letter of the 18th Instant, respecting your accounts Disbursements for the Month of May not being rendered to be transmitted to the Presidency within the prescribed time, and in answer have to inform you that I am fully sensible of the obstacles which must at present occur to delay your

I have only to add that the temporary delay

From the Commandt at Malacca states that it is no longer necessary to furnish Articles of Provisions to certain Malay Families at Malacca excepting a certain Portion of Rice.

I The Malay Familys brought hither from Java in the month of December 1800 by the Squadron of his Majesty's Ships under the Command of Captain Ball, being now provided with dwelling Houses and by their Industry in various occupation most of them have acquired a small livelihood for themselves, I conceive it no longer to be necessary to furnish them with the Articles of Provisions

comfortable means of livelihood independent
of any support from Government, and having
been assured of the good will of Government
towards these unfortunate people I shall
continue to give them their usual allowance
of one Lear of Rice each person per day, or
which portion of their former gratuity; I
beg leave to recommend may be allowed them
until the 1st. of January 1803 at which time
they will all be able amply to provide by

of that Office, as the Honorable Court will observe by referring to the letter to Lieutenant Colonel Read noted in the Margin. It was the wish of the Governor General in Council to have ascertained upon the Minute of that Office the sentiments entertained regarding the adequacy of his aggregate allowance, but as Lieutenant Colonel Read was insensible to that consideration, it would have been inconsistent with a due regard for the services which he had rendered, or with the considerations stated in the applications submitted by that Office, to have withheld the compensation of table Money repeatedly solicited by him.

The Board does not feel itself at liberty to enter on a detailed explanation of the grounds of the contrast drawn by the Honorable Court between the extent of the Military charges at the Presidencies of Bombay and of Fort St. George; but the Honorable Court cannot be insensible that the increase of Military expenditure under this Presidency is imputable to causes connected with the late extension of the territorial possessions under the authority of this Government; and a considerable portion of that increase has arisen from the necessity of establishing and supporting the power of the Company's Government, or the possessions transferred from the Government

2. Orders respecting the transmission to England of Muster Rolls and Lists of Casualties in the Army, on this Establishment.

Resolved that a Copy of this Paragraph be furnished to the Commander in Chief and that — Lieutenant General Stuart be — requested to give orders for the preparation of the documents required by the Honorable Court —

The Commander in Chief lays — before the Board the following Minute —

Minute

Minute of the Commander in Chief submitting his opinion on two Paragraphs referred to his consideration in the General Letter in the Military Department from the Court of Directors recommending that that allowance may be continued to the subsidiary Forces and that the appointment of an Agent on the Coromandel Coast be confirmed. Lays before the Board a Report of the destruction of the defences of Arcot by the Engineers employed on dismantling that Fortress —

On perusing the General Letter on the Military Department received from the Honorable Court of Directors by the late despatch, I judged it necessary to submit to the Board my opinions regarding the following points, which are referred to my consideration, and require an immediate determination, as they relate to allowances that the Honorable Court seem to view in a light different from that in which they have

2. My sentiments relative to Field allowance have already been fully stated to the Board. But whether Para 21 directing the determination respecting the Field allowance & the dissolving the Force to be reported to the consideration of the Comd.g a Measure of necessity and economy in Chief.

that allowance shall be extended to the whole Army or not, I consider it that it should be continued to the Subsidiary force. That force is always on Field allowances; the peculiar circumstances of this establishment at Hyderabad require that it should be in a state of constant readiness for Movement; and nothing can so effectually contribute to ensure that readiness as the System of Field allowance. If this System is discontinued the Public must necessarily maintain at Hyderabad a complete Field establishment of Camp Equipage and Carriages at Present

more expensive, and less efficient than the present. I therefore recommend that Tent allowance may be continued to the Subsidiary force; and I would be happy if the opinion of the Board regarding the expediency of granting that allowance to the whole Army coincided with my sentiments on this Subject.

3. I consider this appointment as necessary, and I recommend that it may be confirmed - It is less expensive than any other appointment of a similar description - It Salary amounts to 50 Pagodas only per month, while that allowed to the Head Assistant in the Military Auditor General's Office is 100 Pagodas, and to the 2d Assistant in the same Office 80 Pagodas per month, and it's duties is equal to theirs in importance and labour - In the

the war of this Country &c. has always been found necessary that the Adjutant and Deputy Adjutant General should accompany the Commander in Chief to the Field. This arrangement left the Adjutant General's Office at the Presidency without an Officer competent in its duties, or qualified to conduct the Correspondence and details of the Troops and Garrisons of our established possessions. The present Assistant Adjutant General was appointed to the temporary charge of the Office during the late Mysore war, and it was found necessary, from the above cause, that he should be continued in that Situation. The necessity was rendered still greater by the increase of business in the Adjutant General's Office occasioned by the enlargement

enlargement of our establishments, by the acceptance of the Bombay troops to our Army, and by the transfer to that Office of the European Register formerly kept by the Secretary of Government.

When these Circumstances are considered I am persuaded that the Board will concur in the expediency of my recommendation regarding this appointment.

I have thought proper not to comply with his re= =quisition until I receive instructions on from the Commander in Chief on that head as well as the future disposition of the De= =tachment, which instructions I shall await at Paramboory for which place I march tomorrow Morning.

As the Corps under My Com= =mand from its hitherto devided state has been unable to receive the benefit of a regular Drill, and which it is very much my wish they should. I sincerely hope the Commander in Chief will not deem it necessary to detach any part of those present at Head Quarters -

Fort St. George 26th February 1802

Resolved under the Circumstances stated by Colonel Pater that the allowance formerly drawn by Officers Commanding Regiments of Native Cavalry be continued to that Officer.

Resolved that Lieutenant Bently be permitted to proceed to Bombay agreeably to his request on leave of absence from his Station for two Months.

The Board observe with much satisfaction that accounts of the Suppression of the disturbance excited in the Baramahl, and entirely concur in the intention expressed by the Commander in Chief of continuing for the present a party of troops in the District of Coiloor and Kellamungle.

Council at Fort William is read and approved—

To the Honorable G. H. Barlow Esqr

Vice President in Council

at Fort William

Honorable Sirs,

We have the honor to acknowledge the receipt of your letters dated the 17th December last, 15th ult.o and 1st Instant.

On the receipt of the letters of the Vice President in Council relative to the banishment of the Polygar prisoners to Prince of Wales Island according to the intention stated in our letter of the 14th November last, we despatched instructions to Lieutenant Colonel Agnew the Officer Commanding the troops on the Southern Provinces, to endeavour to make an arrangement with the Commander

If the Bengal Rulers the Circumstances which made it necessary to transport the Prisoners under sentence of banishment to Penang, do not appear to be sufficient that further reinforcements should be sent to the Moluccas Islands the Military Board have been instructed to state the extent of the supplies which will be required for the use of the Moluccas Islands for the period of 12 months. The 6th Bengal Native Regt has been directed to proceed to Bengal & state the Grounds of the Measures adopted for disarming the Inhabitants of the Southern Provinces & Commanding a Copy of the General Order published on permitting Lieutenant Colonel Agnew to retain his official station at the Presidency—

Fort St. George 26th February 1802

of the Vessel expected to arrive from Bom-
-bay for the conveyance of the Prisoners to
the Molucca Islands according to the sug-
-gestion of the Vice President in Council
and having subsequently received accounts
of the conclusion of Peace in Europe, we
directed Lieutenant Colonel Agnew to pro-
-vide if practicable for the transporta-
-tion of the prisoners to Fort Marlborough.

We have however been
informed by a recent communication from
that Officer, that he had been unable to
prevail upon the Commander of the Vessel
which had been chartered at Bombay to
change the destination of the Ship, and that
he had been in consequence under the necessity
of Embarking the Prisoners for Prince of
Wales Island.

We shall be concerned if the
measure should be productive of

1469

inconvenience to the Government of that Island;
but as the Lieutenant Governor of Prince of
Wales Island has been informed of the circum-
stances under which this retaliation has been
adopted, and of our intention of eventually
banishing the Prisoners to Fort Marlborough,
we have no doubt that if any inconvenience
should be experienced, measures will be taken
by him for the removal of the prisoners to that
place.

We have the honor to express to
the Honorable the Vice President in Council
our acknowledgements for the measures taken
for reenforcing the British Troops at the
Molucca Islands by a Detachment of troops
from Bengal, according to our request. If
however the additional three Companies of
Native troops mentioned in the letter of the
Vice President in Council should not have
already sailed for Amboyna, we beg leave to

Submit

1470

Fort St. George 26th. February 1802

Submit our opinion that the necessity for
despatching that part of the reinforcement
may probably now be superseded by the late
change of affairs in Europe

The Military Board at this Presi-
dency has been directed to state the extent of the
supplies which will be required for the use of the
Moluccas Islands and Malacca during the
ensuing twelve Months and we shall have
the honor of communicating to the Honorable the
Vice President in Council an account of the pro-
portion of those supplies which it may be judged
advisable to procure from Bengal

We have no communicated to the Board
conveyed in the letter of the Vice President in Council
dated the 1st Instant, specific orders for the 6th Bengal
Native Regiment to proceed to Bengal; and we have
the satisfaction to see that the circumstance which we
attached to the relief of that Corps by another Regiment
from Bengal has been terminated by the late

14 74

Fort St. George 26th February 1802

61

favorable change in the state of affairs in the Northern Circars

We have much satisfaction in acquainting the Honorable the Vice President in Council that the measures adopted for the disarming the Inhabitants in the Southern Provinces, which we had the honor of stating in our despatch from the Political Department dated the 22d December last have been attended with entire success; and that Lieutenant Colonel Agnew has recently reported to us that he does not consider it necessary that the Detachment of Troops under his orders should be continued longer in the field.

We have accordingly issued orders to Lieutenant Colonel Agnew for placing the troops in Cantonments; and the distribution for that purpose has been regulated with a relation to the necessity of maintaining for the present an efficient field force in the Southern Provinces as the means of effectually preventing the danger of a renewal of commotions in that Quarter.

Sir,

I have the honor to acquaint you

From the Officer Commanding the Northern Division of Malabar

having

Fort St. George 11 February 1802

to carry on offensive operations, I have ordered the effective parts of the 2d. Battalion 8th. Regiment Native Infantry, and the 1st. Battalion 15th. Regiment Native Infantry, together with a Detachment of 100 Rank and File from the Madras European Regiment, to hold themselves in readiness for this Service.—

I have directed Major Mc Gregor to proceed from Elore, with the Head Quarters of the 2d. Battalion 19th. Regiment Native Infantry, to this place, to join the 4 Five Companies of that Corps at present doing duty here. This Battalion, with the Europeans will form a sufficient Garrison for 4 Masulipatam.

The Officer Commanding the Vezagapatam District acquaints me, that as the Land of that Country is completely reestablished he has thought it proper, to 4 withdraw the Regular Troops from the 4

To Lieutenant Colonel C. Brunton

Military Auditor General

Sir,

I am directed to acknowledge the receipt of your letters dated the 13th & 15th Instant

2 The Governor in Council has received a letter from the Chief Secretary of Government dated the 4th September last, directing the Commanding Officer at Arcot to give authority for discharging the arrears of pay which might be due to the Company of Abyssinians at that place while in the service of His Highness the late Nabob, and the amount of those arrears should agreeably to the principles observed in Adjusting the arrears of the other Troops of His late Highness be charged to the Company's account But if any Payments should have been made to them by persons the Company does not wish to have the arrangement

To the Military Auditor General acknowledging the receipt of letters, should any payments have been made to the Abyssinian Company subsequent to the adjustment of their arrears under the direction of the late Nabob, he is directed to instruct the Paymaster at Arcot thus to debit the amount to the account of the present Nabob, and to prepare a Statement of the amount. The Application of the Deputy Auditor Genl for a Post of increased house Rent, cannot be admitted. Desiring that the balance of Money remaining with the late Agent may be paid into the Treasury. The conduct of Lieut. Colard Corner, has been approved. The claims of Mr. Conductor Biffe and Mr. Conductor Campbell for the allowance of House Rent admitted under a Special Consultation. The Abstracts forwarded with his letter returned. Transmitting Copy of a letter from the Paymaster at Arcot, together with its Enclosures, and directing him to report his opinion of the claim therein stated. Lordship's information Copy of a letter from the Officer Commanding the Troops on Mysoor, on the subject of which, we request to be honoured with your Lordship's instructions. The application should properly have been addressed to your Lordship in Council in the first instance, but as it is of consequence that the Repairs of the Bridges should be undertaken without delay we have thought it advisable to dispense with the observance of the Regulations on this point, as much time might be lost by returning the Papers for transmission through the prescribed Channel.

The Secretary of the Military Board

Sir,

In the course of the last — a Westerly Monsoon the River Cavery rose to such a heighth that one of the upreights of the Bridge was carried away, and one or two others were shaken, but it does not appear that any of them were immediately material to its safety at that time, although the want of them may injure the Bridge hereafter - Having consulted with the Native Engineer belonging to this Government who Built the Bridge, he is of opinion that the damage ought to be repaired, and as the River is at this mo- -ment at the lowest, I have desired the —

Engineer

1494

Fort St. George 2d. March 1802

Engineer to employ his Department upon the works without loss of time.

Besides this Bridge over one of the great branches of the River there is another over another branch of that River commonly called the Mysoor Nullah which is the Company's Boundary - This Bridge received much damage during the Seige of Seringapatam, and has been repaired in a temporary manner - It is exceedingly useful, indeed necessary to the Island of Seringapatam, as if it were not there, the other Bridge over the great River would be useless, and the communication with the Southern and Western Countries would be entirely stopped, during two Months in the Year.

I have had a conversation with the Native Engineers upon the subject of this Bridge whereby, and they are clearly of

of opinion that it ought to be repaired before the River rises again, otherwise that when it does rise it will fall. They say — that if the work is commenced immediately there is time enough, and upon a rough calculation they estimate the expence at one thousand Rupees, provided they are allowed to take from the Fort, the Stones of a Pagoda which was blown up during the Seige of Seringapatam.

I anxiously recommend — that this work should be undertaken without delay, and that these Native Engineers should be employed upon it. I have already desired them to make out a detailed and precise Estimate of the Expence, supposing that they should be allowed to take the Stones they want, which I will transmit to be laid before the Military Board, as soon as — I shall have received it.

TH

Resolved to revive the Board's former order for executing the partial Repair and improvement of the fort of Seringapatam which was committed to the Superintendence of the Honorable Colonel Wellesley in the Month of June last, and that instructions be transmitted accordingly to that Officer for the recommencement of the work which was suspended by the necessity of moving the Corps of Pioneers into the Southern Provinces.

Resolved that it be left to the discretion of Colonel Wellesley to employ the detachment of Pioneers for the enprovement of Seringapatam, and to engage additional Labourers for that purpose under the authority formerly granted to him.

Resolved that authority be given for payment of the bill enclosed in the above letter.

From the Officer Commanding the forces in Malabar

To the Right Honorable Lord Clive

President and Governor in Council

Fort St. George

My Lord;

Parat.

It is necessary I should inform your Lordship in Council of the Measures which have been pursued in the Provinces under my Command since the receipt of your Letter of the 25th. of September last, announcing the abolition of the Commissions for the affairs of Malabar, the appointment of Collectors on an improved System and the introduction of Martial Law.

2d.

On my Return from Seringapatam on the 31st. of October following my attention was directed to a further Prosecution of the Enquiry, as noticed in the 7th Para. of

Para. 1st. From the officer Commanding in the Provinces of Malabar stating the measures which have been pursued in the Provinces under his Command since the abolition of the Commissioners in Malabar, he has given a Circular Letter to the Collectors of the several districts, a Proclamation, and the following Instructions, containing an Annuity for Pagoda Officers and prohibiting the Commencing of any Suits against Officers and Peons employed on the Business of the Commissioners, which he requests may be transmitted for the Inspection of the Gentlemen of Your and Carnatic and their Army on this Coast, from which the Collectors and other Military Arrangements are to be entered into for the Defence of Malabar.

1499 Fort St. George 2d March 1802

75

Paragraphs of my letter of the 24th of June, last, regarding the Prisoners of War, who had fallen into my Possession during the Coëiote War, amounting to upwards of Eighty Persons. This investigation, which proved very trouble-some and laborious has, at last terminated to my Satisfaction, and I have the pleasure of informing your Lordship in Council, that it has been found necessary only to retain nine out of that Number in Confinement, as dangerous Characters, the others being able to bring forward Persons of known Repute and Property, as Securities for their future good Behaviour under the Company's Government

3d Three of the above persons I intend to send down to Calicut in order that they may be banished from the Province with those under a similar Adjudication by Major Macleod, and the others will continue in Confinement as a further punishment for their

1500

Fort St. George 2d. March 1802

their offences, so long as the Rajah may continue at large or there is the least apprehension of their disturbing the Tranquillity of Coliote

4th. My letter of the 27th. of November last acquainted your Lordship of the Seizure of the Canute Shamboo and his Son, and entertained my Intention of ordering the Execution of those Rebels in the Vicinity of their late Residence at Canute on the Most public and ignominious manner. At that period being unacquainted with the age and Character of Shamboo's Son I fortunately directed Captain Taylor to act towards him under certain Restrictions and to ascertain, by enquiry whether he was of that age that he could be supposed to have taken any Criminal Concern in the Rebellion of his Father and whether the Sentiments of the people tended to establish the Guilt

of the Bay or not?

5th — The result of Captain Taylor's Enquiries as well as those which I afterwards set on Foot myself, gave me the fullest reason to conclude that the Nawbob's Son was not involved in the Rebellion of his Father, and that by proper Management, at so early an Age, he might become a useful Subject under this Compa= =nys Government.

6th — I have therefore granted him a full pardon for any offences he may be accused of, and ordered him for the present to withdraw himself from the Presidency at Arcot / being too near the Haunts of the disaffected / and live at Cannanore till it is found safe to allow him to return to that part of the Province.

7th — My Letter of the 6th of December conveyed to your Lordship on

Council

Council a Report of the Arrival of Khangetang Challoo another proscribed Supporter of the Pyche Rebel, and that I had suspended his execution under certain Conditions which were "the Security of his Person, provided he "established the Sincerity of his Professions by "giving such Information regarding the "Rajah as would put his Person in my "Possession" which I was led to comply with from a Conviction that such an event would unquestionably confirm the Tranquillity of Coorg. Khangetang Challoo was consequently set at Liberty on a Parole that he might act freely and prosecute his enquiries in any direction and in any manner he might judge most conducive of success.

About a Fortnight afterwards another proscribed Rebel, by the name of Pyche Poyley Country Amboo was delivered by Captain Clayton's Detachment

under assurances of a like nature, and as he made similar offers with those of Changatterry Chattoo, Followed those two Persons to associate with the view of securing the Rajah and they received Promises from me, in the event of their success, that their Persons should be safe and that some Intercession should be made to Government in their Favor.

9th. From that period to the 6th. of the present Month the above Persons were under no Restraint whatever, they were allowed to go and come when and whenever they thought proper, being frequently reminded of the Stipulations which has been entered into, with the hopes of impressing their Minds with an awful sense of their Situations, but no Considerations seemed to stimulate them to those exertions that were expected from them - After a Lapse of five or six weeks

9th. From that period to the 6th. of the present Month the above Persons were under no Restraint whatever, they were allowed to go and come when and wherever they thought proper, being frequently reconnoitred of the Stipulations which has been entered into, with the hopes of impressing their Minds with an awful sense of their Situations, but no Considerations seemed to stimulate them to those exertions that were expected from them - After a Lapse of five or six weeks

during

Fort St. George 2d March 1802

during which time no information could be obtained
of the probable Retreat of the Rajah, the behaviour
of these persons became suspicious, the reports they
brought on respecting him were so improbable,
and all their Stories so artfully connected as to
have no other object, but to deceive Captain
Taylor and delay from time to time those
active operations which kept the Rajah in
a state of continual apprehension. On this
I began to entertain the unfavourable opinion
of the real Designations of these persons that
I became sensible of my having put too
much confidence in their Reasons and to
forsee the dangerous Tendency which
further liberty of their Persons might have
on the Minds of People
10th.

I determined therefore to
be no longer deceived by such infamous Characters, and ordered Captain Taylor, after a
personal interview with them on the 9th

1585 Fort St. George 2d. March 1802

78

Instant at Calicady to secure their Persons and send them under a Strong escort to Cannanore, as Rebels whose Lives I considered, forfeited to the State, and who would meet that punishment which had fallen to the lot of the Canote Nambeer and their other associates in that Cause.

11th. These Persons, my Lord — evidently deserve no Mercy, and however painful the Task may be to order their execution, it is a Measure which public Justice demands for the Genral good of Society and the Tranquility of Malabar in particular.

12th. The Rebel Hyder Cuttay Arrived brought in with him a Number of the Rajahs Jewels and Gold Ornaments with the view no doubt of meeting with a more favorable Reception, they are valued at about eight thousand Rupees and are deposited in the Military Pay Office at present, till I can discriminate those people, who have been most

useful.

useful and active with the Detachment
under Captain Taylor, when I shall direct
the distribution on such Proportions as the
Merits of those People appear entitles to Re-
=muneration for their Services to Government
15th.

The important measure
of disarming the Inhabitants of Malabar
wants have been attempted, under certain Re-
=gulations at an earlier period after my
Return from Seringapatam, could I have
conducted with Major Macleod, which I
was desirous of doing in order that the Admi-
=nistration as at present established, might be
conducted, on all occasions, with that Cordial
Union and Cooperation, so strongly recom-
=mended between the Civil and Military auth-
=orities, as essential for the public welfare
16th.

That Gentleman since his
arrival in Malabar has been strongly
employed in introducing the necessary

arrangements for the Administration of the Province on the Revenue Department, and could not be expected to pay immediate attention to Circumstances which may be terminated, Secondary Considerations - On this account the Publication of the Proclamation which I had prepared early in the Month of December a Copy of which forms the Enclosure No. 5 for the information of your Lordship in Council has been unavoidably delayed, however I have the Satisfaction of remarking that it now comes forward with a full concurrence of Opinion, as to the propriety of the Measures and Regulations to be enforced for the Reestablishment of all local Revenue Rights and Dues and for the Reestablishment of the Company's Authority on a permanent footing throughout Malabar.

15th. On withdrawing the present Garrisons from Goa and Cochin some preparations

1508

Fort St. George 2d March 1802

preparations will be necessary for the Dis-
=position of the Troops and I beg leave to
submit to the Consideration of your Lordship
in Council the following arrangements for
their disposal, provided it is judged expedient,
hereafter to keep them on the Provinces
16th.

It will always be found
desirable that the European Troops, as well
as such Native Corps as may not be
required for the inferior Stations, should be
cantoned in the most Central Situation
for the Defence and support of either Province
in the event of any Commotions.
pyk "

The Native Corps at
present here or Number sufficient of the
Sibundy Battalions may be stationed as
follows.

In Malabar

1 Battalion at Cannanore
1 Ditto at Tellicherry
1 Ditto at Mangalore

In Canara.

At Mangalore - - - 1 Battalion

At Candapore - - - 1 Ditto

At Sadasheguu - - - 1 Ditto.

18 The present Station of the Corps in Wynaad is at Manantoddy but I agree with Major Macleod that it would be advisable, as the present Cantonment is in so ruinous a State as to require Rebuilding to erect the new one at Panantoo Cottah called generally in the Maps of Malabar by the Name of Panamtenti Cottah, being centrically situated at the Junction of two Rivers, equally distant from the heads of the Passes, and possessing many Conveniences for the Merchants who carry on a Considera- ble Trade from the upper to the lower Country

Country by that Route. It has always been
considered an eligible Situation in that
Part of Asia by the Inhabitants of the
Country and particularly encouraged on
that account by the late Sultaun

19th I further beg leave to
observe that the present Cantonments of the
2d Battalion of the 5th Regiment stationed
at Calicut, appear both in the Opinion of
Major Macleod and myself to be exceed-
ingly injudicious Situation being immedi-
ately on the Rear of the large Bazar and
ought to be removed to the rising ground,
where it stood previous to the late War,
about three Miles from the Town, near the
high Road leading to the Pambercherry
Ghaut, from whence a Principal Road is
making by the Collector through Wynaad
to the Capital of Mysore. Under this
Consideration and Supported by the Opinion

of

of Major Macleod, I beg leave to recommend this Change of Situation / when the Cantonment is rebuilt / as a measure of publick Utility.

20th. I have much Satisfaction in assuring your Lordship that Tranquillity prevails in the Provinces under my Command, and tho' some trifling Disturbances have occurred in the Southern Districts, of which Gooty and Dona Morta were the principal Instigators, they have never yet become so serious as to require the Interference of the regular Troops, however it is principally on this account, as a Measure of Precaution, that I have recommended in the disposition of the Troops, another Battalion for Anjengo-more.

21st. I have not for some Months been able to obtain any certain Information of the Retreat of the Rajah; Reports places him

1312 Fort St. George 2d. March 1802

him, with a few attendants, on the thick Jungles of Wynaad near the Thootadamalla Ghaut on the Borders of the Coorg Country, which is not improbable, but I shall take the necessary measures to ascertain how far it can be depended upon before I order any Detachment of Troops onto that Quarter.

Cannanore /Signed/ J. Stevenson
February 16th 1802. Col. Commandg in
Malabar and Canara

Proclamation by Colonel James Stevenson Commanding the Forces in the Provinces of Malabar and Canara dated Head Quarters Cannanore, February 16th 1802

Since the acquisition of the territorial Possessions of Malabar various Systems of Administration have been successively introduced under each of

1313 Fort St. George 2d. March 1802

82

consolidating the Power and authority of the Company's Government on the Principle of reciprocal Advantage to the Sovereign and the Subject, but the experience of many years proves, at this period, the inefficacy of those measures which have been resorted to on that important occasion. The Inhabitants of Malabar without considering in what Degree their individual happiness and Security is connected with the success of the object, have treated with disdain the benevolent Intentions of Government, and artfully united, under the Standard of Rebellion, to disturb the Tranquillity of the Country.

The Period is now arrived that when more decisive Measures must be adopted to check the Licentiousness of the turbulent, and disaffected Members of the Community. The just exercise of Power, which has been successfully exerted during the late warfare

on

1514 Fort St. George 2d. March 1802

in Cotiote and Wynaad, will be called forth and extended over the whole Province of Malabar, for the purpose of bringing to immediate Trial, without any Discrimination of Rank or Cast, all Persons, who are guilty of criminal offences against the Company's Government

The late success of the Company's Arms against the Rebels of Cotiote and Wynaad ought to convince the Inhabitants not only of the Power of the Company, but of their fixed determination to resist with Vigour every Species of opposition, and to punish with Rigour every act of delinquency.

It is to be hoped that the awful, but necessary examples, which have been made in Cotiote and the other parts of Malabar, will have had the desired and happy effect of deterring others from the Commission of

1515 Fort St. George 2d. March 1802

83

of similar Crimes, and of inducing those who
tho' Companions in the Guilt of those who
have suffered, have fortunately escaped the
hand of Justice, to renounce their wicked
modes of Life, and return to habits of Industry
and Labour.

Such were the benevolent
intentions of former Proclamations, which
granted, during a certain period a free and un-
-equivocal Pardon to the deluded Subjects of
Cotiote; with but few exceptions against the
most Criminal; and Colonel Stevenson
feels a particular Satisfaction in reflecting
that the Lenity which was offered on those
occasions has been so generally embraced and
attended with such favorable Consequences,
as the Reestablishment of Peace and
Tranquillity in Cotiote.

It will be more gratify-
-ing to Colonel Stevenson, at all times,

to

1516

Fort S. George 2d March 1802

to establish the authority of the Company and to secure the happiness of the Inhabitants of Malabar, without resorting to acts of Coercion, and mutually to the painful alternative of Punishment as more congenial to those Principles of Justice and Moderation which distinguish the British Government over India, and he will be happy to have it in his power to report to the Right Honorable Lord Clive that the subjects of this Province begin to appreciate the comforts they enjoy under the new order of things, and evince an attachment to the Company's welfare by the best and surest test, a cheerful and prompt obedience to their orders".

Willing to entertain this favorable opinion of the future Disposition of the Inhabitants in general, and with the view of giving another opportunity to those unfortunate People who from Motives of

Fear

1579

Fort St. George 2d. March 1802.

84

Fear, or from the existing influence of their Chiefs, still conceal themselves in the Jungles in a state of want and wretchedness. Colonel Stevenson once more invites them to their Homes and Families under a solemn assurance of forgiveness for past Crimes and Offences and personal Security in future.

Be it therefore known and understood from the date hereof the 16th of February, that an act of Grace is extended to all descriptions of Persons (with exceptions to the undermentioned * Characters who have been proscribed on former Proclamations) who with-draw themselves from the Cause of Rebellion, and that the same will be continued till the

* Proscribed Characters.

1st. Hurrula Wunna
2d. Hydery Cauley Amboo
3d Moombellan Canhayan
4th. Hydery Cauley Cooly
5th Odeckeune Canyan of Wynaad.

1818 Fort St. George 2d. March 1802

the 16th day of April and after which period those Characters, who from a determined Spirit of opposition, have not availed themselves of the Mercy held out by this Proclamation, will be prosecuted as Persons, who by their traiterous Conduct against the Company's Government will have forfeited their Lives and Property to the State, and must suffer on being apprehended, that ignominious Punishment which Public Justice calls for for the general Good of Society.

Colonel Stevenson regrets the necessity he is under this of remarking the ungrateful Return which is made by many of the Inhabitants for the Security of their persons and Property, which has been invariably protected during the late Warfare, by their still affording an Asylum to the Rebel Dundia Warrea and his Confederates, and by withholding from the Company's Servants

that

Fort St. George 2d. March 1802

that Information which would lead to Detection.

Colonel Stevenson was in hopes that the Reward of ten thousand Rupees which was offered, under the Sanction of Government, for the Seizure of the Pyche Rebel, and the promise of proportional Rewards of Money for the apprehension of any of the inferior Agents, would have induced the Inhabitants to have come forward with information and assistance at a more early period, but he is inclined to imputte their forbearance more to the operation of prejudices, which cannot be immediately conquered, than to real want of Zeal and attachment to the Company's Government.

From the late fortunate Seizure of that atrocious Rebel, the Canara Naubin and his associate Chungatenny Chattoo, Colonel Stevenson anticipates further success through the same Channels of Information, and under that conviction, repeats the Rewards &c.

which

Fort St. George 2d. March 1802.

which have been offered for the apprehension
of those characters, and calls forth the exertions
of all well disposed Subjects to forward the
views of Government on that occasion.

The Inhabitants of Malabar
cannot plead ignorant of the Tenor and
Spirit of former Proclamations, wherein they
were positively prohibited from affording any
Asylum to the Rajah, or rendering any
assistance, in Provisions or Ammunition
either to him or to any of his Adherents, under
the Penalty of the most ignominious punish-
ment.

The severe examples which
have been made on that Score, by the convic-
tion of those who have been detected, ought to
have impressed the Minds of the Community
with a more awful Sense of their Guilt, but
Colonel Stevenson is sorry to observe that
there are people, of Respectability and

Fortune

1521 Fort St. George 2d. March 1802.

86

Fortune, who in secret Violation of the Assurance Protection and support to the Pychi Rajah and his rebellious Followers - Against Characters of this dangerous Disruption the strictest search is ordered to be set on Foot, and in the event of Detection, Colonel Stevenson is determined to bring them to immediate Punishment, to confiscate their property, and to banish their Families for ever from the Province.

Colonel Stevenson in adverting to the several Proclamations which have been generally promulgated through the Province of Malabar by the late Commissioners and Lastly prohibiting in the most peremptory manner "the carrying of Fire Arms, and inviting the "Inhabitants to surrender them at the nearest "Garrisons or Cutcheries" laments the necessity that calls for a more decided arrangement to carry into Effect a Regulation which has for its object the Reestablishment of the Company's Authority.

authority and the happiness of Individuals

On the annexation of the

Provinces of Malabar and Canara to the

Presidency of Fort St. George it is found necessary

to introduce a new Form of internal Admi-

nistration as more beneficial to the public

Interests, by calling into Action the Military

Power of the Company to support the permanent

authority of Government and to enforce

Obedience to such Laws and Ordinances as may

be found expedient for the public good.

The general Custom of carry-

ing Arms in Malabar has been productive

of the most serious Consequences, and will

keep alive those Animosities which ought

not to subsist under a Civilized Government

as long as Individuals are allowed to carry

about their habitual Weapons of Offence

which can be no longer necessary when a

Security and Protection is given to every

Member of the Community, in his Person and Property, by the Maintenance of a large and formidable Army at the Company's Expence.

In compliance therefore with the Instructions which Colonel Stevenson has received from Government, he is pleased to publish the following Arrangements for the general Information of the Inhabitants of Malabar, in that Subject, and hope to experience from them a chearful Compliance to enable him to carry into effect the Orders of the Right Honorable the Governor in Council without further trouble.

1st. From the date of the Publication of this Proclamation the carrying of Fire Arms or any Weapon of offence, such as the Sword or Katar-Knife, is positively prohibited.

2d. This Proclamation will continue in Force to the 16th. of April next during which period all Persons will have an opportunity

of

1524

Fort St. George 2d. March 1802

of delivering up the Arms they may have in their Possessions for which they will receive a just and equitable equivalent in Money

3d. The Arms are to be deposited at most convenient to the Inhabitants, at the Cutcherries of the respective Districts, and to be paid for by the Collectors at the following Rate Viz.t

For every serviceable Firelock Rupees 3.

4th. Any person subject to the authority of Government who may be detected in carrying Arms after the Publication of this order will be immediately taken up and become subject to fine or Punishment.

5th. Any Body of Men, who appear in Arms in violation of these Regulations, will, at all times, be considered in open Rebellion against the Company's Government, and, on apprehension, suffer the

Penalty

1525 Fort St. George 2d March 1802

88

Penalty of Death.

6th Any Person or Persons, after the Expiration of this Proclamation, who may be detected in concealing Fire Arms or Ammunition in their Houses, or any other Secret Places will be considered in the light of Rebels and be acted against accordingly.

7th Whosoever gives Information of the concealment of Fire Arms or Ammunition shall, on their being realized, receive the value of the said Arms or Ammunition.

8th Whoever shall give Information against any Man, or Body of Men, who may have carried Arms in violation of these Ordinances, shall on conviction of the Party or Parties be entitled to the value of their Arms and receive a further Reward of twenty Rupees for every Offender.

9th The Manufacture of Fire Arms which is understood to be a considerable

Trade

1526

Fort St. George 2d. March 1802

Trade and Traffic in Malabar, is as
positively prohibited as the carrying of Arms,
and all Persons who may be hereafter
detected in violating this Order will become
subject to the Penalty annexed to the 6th
Regulation.

10th. And in order that the
above Regulations may be carried into more
extensive execution with success and with as little delay
as possible, it is to be understood that the
Commanding Officers of Garrisons and Stations
will receive Instructions to support the
different Branches of Administration as at
present established.

My Lords.

As Lieutenant Colonel Adam Lindsay late Auditor General of Military Accounts to my Government has been directed to proceed to a part of the Territories under the Government of your Lordships in Council which is at a distance from the Place of your Residence - I am deprived of the opportunity which I should gladly have embraced of discharging that every respectable Officer with the conveyance of the sincere thanks which I have to render to your Lordships in Council for his meritorious Services

The Duties of that important and unpleasant Office had been rendered peculiarly difficult and laborious on his accession to it by the long illness and absence of his respectable Predecessor, and the distance of this Settlement from the Seat of Government to the separation of the Government as well as the total want of any Civil Office for a considerable time subsequent to it - I therefore cannot reflect without surprize and Admiration on the order into which the executions of Colonel Lindsay have brought the Military accounts of this Island -

Should your Lordship in Council accede to the Sailor Proposal, no time should be lost in carrying it into effect.

I trust therefore I take the liberty of suggesting at present the manner which I would propose to employ for that Purpose. Read the following letter from the

To John Hamer Esqr.
Chief Secretary to Government

Sir,

From the Officer Commanding the Northern Division, acknowledges the receipt of the Chief Secretary's letter of the 2d. Instant enclosing the Copy of a letter from Collector Brown.

I have the honor to acknowledge the receipt of the Hon. Secretary Buchan's letter of the 2d. Instant enclosing the Copy of a letter from Collector Brown.

I marched from Maselipa-
-tam on the 17th Instant with one Company
of the Madras European Regiment, and as
many men of the 2d. Battalion 5th. Regiment
Native Infantry, and 1st. Battalion 15th. do.
Regiment Native Infantry, as I had been

able

able to collect. I have directed Lieutenant Colonel Nelson to join me at Palamcaw with the effective Men of the 1st. Battalion 15th. Regiment Native Infantry from Samulcotta and I shall then proceed to carry into execution the orders of Government, communicated to me by His Excellency the Commander in Chief.

I have attentively perused the letter from the Collector of Ganjam, in which he reports the Ganjam Province to be in a state of tranquillity, with the exception of the Goomsurrah Country, where he says "affairs promise man to a favorable turn" and "that the Zemindaries of Boodoodungs and Surabah remain as yet to be settled". With respect to the Parlam of the Ganjam District contained in the inclosed state, I cannot forbear the propriety of carrying into effect the reduction and

1537

Fort St. George 2d. March 1802

94

distribution proposed by Mr. Collector Braun.

For after withdrawing 2280 Rank and File,
as recommended, the Force remaining on the
District would only consist of the 1st Battalion
19th Regiment Native Infantry, a new-
raised Corps not yet reported for duty, and the
1st Battalion 10th Regiment, which it is
proposed should be divided between Ashta,
Ichapore and Ganjam, the extreme points
of the District by this arrangement the Corps
would be scattered over the Province and there
would not be a respectable reserve, in any
part of the District, to have recourse to in case
of [redacted]ergency.

If Mr. Collector Braun's Proposal
for raising Sibendies, or Revenue Peons,
should be acceded to, the Pass must be accorded
with that discription of People, yet, of
whatever nature they may be, It appears to
me that much time must necessarily
elapse

1537

Fort St. George 2d March 1802

elapse, before they can be rendered fit for any kind of Service. From these Considerations the reduction of the regular Force in the Ganjam District and the supplying their place by Revenue Peons, entirely under the authority and disposal of the Collector, as required by him, appears too hazardous a Measure, to be at present adopted, in a Country which has so recently been agitated, and which in its present state of Subjection, and Obedience, and it is to be apprehended that the withdrawing so large a Force, at this period, would prove too strong a temptation, to be resisted by the disaffected who might be induced by so favorable an opportunity, to collect their forces and to recommence their depredations.

It does not appear from the reports of the Officer Commanding the Troops in the Province of Ganjam that the

1539

Fort St. George 2d. March 1802

95

the Subsidies in that District, can be spared from the Duties, on which they are at present employed, to serve in the Ganjam Country.

Although not yet possessed of sufficient intelligence, to enable me to Judge correctly, of the state of affairs in the Ganjam Province, yet I have thought it my duty in obedience to the orders of Government, to submit my opinion on the subject, which is founded on the best information I have hitherto been able to procure.

Resolution thereon

Resolved to inform the Accountant General, that the Board concurs in his recommendations for postponing the preparation of the above Statements, until the close of the accounts of the present Official year.

The Commander in Chief lays before the Board the following Minute of the Commander in Chief.

Minute of the Commander in Chief dated 26th August 1802 proposing that Captain Cunningham be restored upon the General List of the Army, but under certain circumstances not to be posted to any Regiment he may have claims upon the Bank of Lieut. Colonel. Recommends that the Commonpany Bishop be promoted to the Rank of Lieut. of Artillery

Minute of the Commander in Chief upon the several Paragraphs of General Letter on the Military Department from the Honorable Court of Directors dated 26th August 1801, the Commander in Chief has the honor to submit to the Board as follows.

1st. In consequence of the Court's order in the 15th Paragraph that Captain James Cunningham be continued on the proper rank on the Army List, one Commander in Chief recommends that Captain Cunningham be

be accordingly replaced upon the general
List of the Army in the situation which he
would have filled had he not been removed
from it, Viz.t "between Major P. Darley of

"Major, June 17.th 1800" that, to avoid the
measure of causing a Regimental Supercession,
which is unpleasant under any Circumstances,
and will be felt doubly so, when occasioned
by an Officer who has been so long absent from
his duty in India, and whose return to the
Service cannot but be considered an hardship
by the Officers of any Corps to which he may be
posted, Major Cunningham so long as he
continues in that rank, be borne as a Supernu-

of the 4th. Regiment having alleging that Rank. Major Cunningham has been promoted to the Rank of Lieutenant Colonel, and consider eligible to be posted to a Regiment.

2d. The Court having been pleased to direct also in the 7th Paragraph that a Mr. Commissary Bishop be appointed the youngest Lieutenant Fireworker of Artillery upon this Establishment when the vacancy occurred, by which the Commander in Chief understands it to have been the Court's intention that a Mr. Bishop should be appointed the Senior Officer of the Artillery Corps upon receipt of his Letter, Lieutenant General Stuart recommends that a Mr. Commissary Bishop be promoted to the Rank of Lieutenant of Artillery, this Commander in Chief deems it to be vacant on the Corps, date of Commission to be regulated by the receipt of the Dispatch.

3d. The Commander in Chief

Fort St. George 2d. March 1802.

recommends further that a commencement
be made of the 39th Paragraph to the Offices
of Audit, and Paymaster of Kings Troops; and
that Paragraphs 144, 146, 147, 149, 152, 154 and

This Paragraph should not therefore have been inserted in the Proceedings of the Medical Board; as it only contributes to engage the attention and Between the Persons of Government on a subject that ought agreeably to the rules of the Service ought to be adjusted without any reference to their authority. 3d

These Paragraphs afford
to the Commander in Chief an opportunity
of proposing a regulation which he has
considered for some time to recommend to
Government. He has observed that the
Customs on this establishment for Surgeons
attached to Corps, or Military Stations to
apply for leaves of absence through the
Head Surgeon of the General Hospital of the
Division in which they serve. This custom
is contrary to the practice in His Majesty's
Service, and to the usage of the other Presidency
-ees in India; it is inconvenient with the
Military Principles because it prevents the
Surgeons from applying immediately through
their Commanding Officers, who are the

proper Channels of Official Communication from all Military Men, and because it may tend to suggest to the minds of Medical Gentlemen that they are exempted from the observance of certain Military Laws; and it is attended with inconvenience, as it produces much delay and establishes over Military Surgeons an authority which may sometimes interfere with the prompt exercise of the duties of the Commander in Chief, and the Officers Commanding Divisions of the Army. The Commander in Chief therefore recommends that instead of the order proposed by the Medical Board, it may be directed in Government orders "That every Medical Gentlemen employed in "the Military Department who may be "desirous of obtaining leave of absence, shall forward his application through his immediate Commanding Officer to the Officer Commanding his Division, who, on transmitting to

to the Head Quarters of the Army, will take
measures in communication with the Head
Surgeon in the Division to provide for the
execution of his duties on the event of his
application being complied with.

4th. The Commander in Chief
in order to complete the System of Cantonal,
and Military Regulations which he judges
it expedient to establish in this branch of
the Army; also recommends that Surgeons
and Assistant Surgeons may in future be
appointed, as other Officers are, to Regiments
by the order of the Commander in Chief accord-
-ing to the practice of the other Professions.
These Regulations will give facility and
despatch to all arrangements in this line of
the Service, and establish a due Military

of the Medical Board.

Gentlemen.

I have the honor of forwarding a letter which I have received from Mr. John Stevenson Deputy Medical Storekeeper here enclosing Copies of letters couched in very unwarrantable and unjustifiable language, which have been addressed to him by Messrs. Assistant Surgeons Coltes and Davis of the Bombay establishment attached to Corps serving in Wynaad.

It would be improper in me to comment on the impropriety of the Style of these Letters, as it has been found necessary to refer them to your Superior authority; but I must take the liberty to observe, in justice to Mr. Stevenson that I have examined with some care, the dates of the Indents and Receipts

which have been, at different times transmitted by the above named Gentlemen for European Medicines which they have received from the Stores here, the irregular issue of which, they have so much complained, and I have found that Mr. Stevenson's conduct has been perfectly regular, and correct, and that he has acted conformably to the regulations laid down by Government for this Department, and to such local rules as I have found it necessary to establish to enable him to carry the various duties with more ease, and to effect all these Regulations have been constantly communicated to the different Medical Men Stationed in the Division.

The attention which Mr. Stevenson has scrupulously paid to the duties of his Station deserves on my part the highest praise, instead of the censure

thrown on him by Messrs. Davis and Collet who appear to have been in a remarkable degree dissatisfied ever since the Bombay Troops have been transferred to the Madras Establish-ment.

of Medicine - I should not have omitted to lay them before you earlier has I not been prevented from the following occasions: when the letters came to hand you were then on your Journey from Madras, and since your return my almost constant state of ill health has occasioned my unwillingness to do late a service as this is - I now beg leave to submit them to your consideration should they appear to you unfounded, unjustifiable or irregular, I request you will be pleased to lay them before the Medical Board and Government accompanying by such Remarks as you may think their intrinsic name merit - I do not in the discharge of any public duty have any communication with either of those Gentlemen unless on the subject of Medical Disputes, I can be judged of without difficulty how far their complaints are founded - For

agreeable to established custom I have —

the same as the other Corps, I trust it will
refute their imputation of neglect of duty,
and to prove that I have done so, I beg leave
only to refer you to the dates of their own —
receipts which I now send accompanying

supply was regularly received at the expira=

last receipt, and although Mr. Davis's has —
exceeded its by some days, yet the delay was
not occasioned by any neglect of mine as
I can satisfactorily shew by the records of
the Office, that his Indent was complied
with immediately on its coming to hand,
and that the orders were despatched to him
on the next succeeding evening.

To the Secretary to the

Sir,

I received your letter of the

4th. Instant this day, and request you will

inform the Medical Board that business of

very material consequence was the plea upon

which I came to Madras, and that my

want of knowledge of the necessary forms

to be gone thro' was the cause of my leaving

Vellore, upon obtaining the Commander

in Chiefs permission, I was not then aware

that any provision should be made by the

Head Surgeon for performing the Medical

duties of my Station during the short time

of my absence.

I am extremely concerned

that the irregularity of my procedure may

induce the Board to suppose that neglect of

duty made me leave my Station before

Leave was obtained in the regular manner, but
must assure the Board that it proceeded solely
from my being unacquainted with the

Minute

I have the honor to lay before
the Board a Copy of the orders constituting
the Medical Board. The Regulations, &c.
which I object to in my Minute of the 16th
Instant, were not established by the Honorable
Court of Directors, but published by the
authority of this Government, and can be
annulled by the same authority. I should be
concerned exceedingly to resort to
any measure that might appear
to imply a want of confidence in the Medical Board
with whom I am happy to be associated in the
execution of the duties of the Public Service.

Minute of the Commander in Chief submitting a Copy of the orders constituting the Medical Board. Stating that those orders invested the Medical Board with powers which appear to him to be of an Alarming nature. That he has no objection to the Medical Board recommending and proposing that the applications for Furlough and Appointments to Corps of Medical Officers should be made to them, but that the Medical Officers should be subject to the Orders of their Military Officers. Submitting the Proceedings of the Medical Board for their Consideration, that such Parts of them as may be objected to may be altered before they are finally established.

for Freight of the Clothing of the 77th Regt. from Ramsay to the Presidency & recommends them the circumstance that the charge may be defrayed by Govdt. accounts.

powers which appear to me, to be more of a Military than a Medical nature - I am far from wishing to impair the dignity, or diminish the proper authority of the Medical Board - But that authority ought in my opinion to be purely Medical; to consist in their Superintendance over the professional conduct and practice of the Medical Gentlemen, in their inspection of the treatment of the sick and the management of the Hospitals, in deciding on points relating to their profession, and in promulgating such Regulations and furnishing the Subordinate Surgeons with such instructions, as may contribute to enlarge their knowledge, and improve the general State of Medical practice under this Government - While employed on these Subjects, the Medical Board are acting in their proper line, in that line

which

Fort St. George 2d. March 180

which I suppose is most congenial to
their feelings, most consonant to their
precedents, and most useful to the Public.
But the management of Military details
appointments, and applications is foreign
to their province; and is entirely removed
from their jurisdiction by the Regulations
of His Majesty's Service, and of the other
Presidencies in India. If it be true that the
Commander in Chief as President of the
Medical Board may assume some influ-
ence over their decisions, but it does not
appear that there should be a necessity for
his requiring the assistance of another
authority on points which ought to be
regulated by his own individual power.
It is also true that the Commander in
Chief can object to the recommendations
of the Board; but this circumstance does
the inefficiency of allowing the present

Fort St. George 2d March 1808

regulations; for if the objections of the Commander in Chief are, in all instances when made, to over-rule the recommendations of the Board, their functions will be superceded and rendered useless; on the other hand if the recommendations of the Board are not liable to be over-ruled by the opinions of the Commander in Chief his controuling power will be without efficacy or subsidy.

I have no wish to deprive the Medical Board of any portion of their professional prerogative or authority, I only think it unnecessary, and inexpedient that they should possess any Military authority; and I cannot but consider as such, the power to recommend the appointments, Removals and furloughs of Medical Gentlemen on Military Establishments who in all other respects are

subject

1588 Fort St. George 2d March 1802

subject to every Military law. I therefore propose that the applications for furlough, and appointments to Corps, of Medical Gentlemen shall be regulated according to the mode observed with respect to other Military Officers. I have submitted these opinions to the Board from a wish to facilitate the management of the details of every branch of the Army, to remove all obstacles to the prompt exercise of Military authority over every department subject to Military laws.

2d. I lay before Government the Proceedings of the Medical Board at their Meeting of the 1st Instant.

3d The last remark respecting Clothing and Stores for His Majesty's 77th Regiment was consigned to Bombay; the Presidency under which that Corps was at leaving when the despatch was dispatched from England.

1589 Fort St. George 2. March 1802

120

England - Both the 77th Regiments was on
the mean time transferred to this Govern-
-ment, and it became necessary that the
Clothing and Stores should be sent to
Madras. An expence of 500 Pagodas has been
incurred on account of their freight to this
place. I lay before the Board a letter from
Captain Winslow of the 77th Regiment
representing these Circumstances, and
subscribing a request an account of his
Colonel that the charge for freights may
be defrayed by this Government.

I beg leave to support this request.

The Regimental clothing and appoint-
-ments for His Majesty's Corps are trans-
-ported at the expence of the Honorable
Company to the Presidency under which
these Corps are doing duty; and are this
principle the charges for the freight of the
Clothing of the 77th Regiment until its

arrival

1590 Fort St. George 2d. March 1802

arrival at Madras should be defrayed by the Public. The Regulations direct the Colonels of Regiments to furnish Carriage for their Clothing from one Station to another; and the expence of conveying the Clothing and Stores of the 77th. Regiment from Madras to Bangalore must be charged to its Colonel.

My Lord,

I have the honor of transmitting to your Lordship in Council the accompanied attested Copy of His Majestys most Gracious Order and Permission for me to appeal from the Decree of the late Court of Judicature at Madras, in the Cause Commenced by me in the year 1795, in the late Mayors Court as more fully stated in a Bill of Complaint filed by me, in the said Court, at the Time Specified.

It is unfortunate that at this a Moment I have it not in my Power, to immediately furnish the Means Necessary for furthering the said Appeal, Since, together with my Wearing apparell, and Valuable Effects, most of my private papers, and Documents of all Sorts are fraudulently

Detained by, and in the possession of Messrs. Dacosta and Pelling as more fully stated in a former Memorial addressed to your Lordship in Council on that Subject; only mau take leave to observe that I have not neglected any Legal means for Obtaining the restoration of my Effects; being actually in great Distress for the Want of my Linnen—I even addressed Sir Thomas Strange praying for a Speedy Recovery of my Property, but as these Matters are now in a Course of Law I am obliged patiently to await the Issue.

This peculiarly circumstanced, I take leave most respectfully to implore Your Lordships Indulgence to be exempted from the existing Order of embarkation for Europe, and to allow me the Space of two Months to arrange my private Affairs and to recover my Wearing apparele &c., so essentially necessary, to supply those immediate Wants as are stated—I further take leave to entreat permission to proceed to Europe in a Foreign Ship—Since even after the Recovery of my little-all, it will not be in my

my Person, to answer the Demands for accommodations on an Indiaman or Extra Ship, but which may be Obtained on an American or other Ship at a much easier Rate.—

From all which Considerations aforestated, I most Submissively hope and beseech that it may please Your Lordship to allow me to assist the Recovery of my Property—and enable me to avail myself of His Majestys Most Gracious Will and Pleasure by granting my Most Respectfull Request.—

The receipt of your letter of the 2d. Ultimo and con
directed to inform you that the Governor in Council
approves the recommendations of the Honorable
Colonel Welleseley for the repair of the two bridges
mentioned in his letter and desires that authority
may be given to Colonel Welleseley for the execution
of the work in the manner proposed by him.

The Governor in Council having
deemed it to be expedient to renew his orders for the
executing the partial Repair and Improvement of the
Fort of Seringapatam which was committed to the
superintendance of the Honorable Colonel Welleseley
in the Month of June last, has transmitted
Instructions to that Effect for the Commencement
of the Work which was suspended by the necessity
of removing the Corps of Pioneers into the Southern
Provinces. It will therefore be left to the
Discretion of Colonel Welleseley to employ the
Detachment of Pioneers for the Improvement
of Seringapatam, and to arrange Labourers for that
purpose under the authority granted to him in the
Month of June.

Who have died in the Eastward, and recommends that the pensions may be granted to them, or to the families for a limited time - permission granted by the Honorable Court of Directors to Captain J. a Hemming late of the Invalid Establishment to return to India -

the honor to lay before the Board, List of Persons constituting the immediate families of Native Soldiers who have died on battle, or otherwise, to the Eastward; which Lists contain as accurate information as it has been possible to obtain, on a Subject of so much intricacy and so liable to deception -

2d The Lists are Lettered from A to D, and numbered 12 of each Letter to distinguish the deceased in the several Corps to which they belonged: Those included in the Lists No 1 of every Letter being the Persons constituting the immediate families of the deceased, and those on Lists No 2, being their immediate Heirs according to the Custom of their respective Casts -

3d The Commander in Chief is sensible of the liberal intention of Government towards the families of the deceased Native Soldiers and joins most Cordially in acknowledging their merits, but under the extreme difficulty of obtaining Correct information Relative to the families of

of Natives composed wholly or in part of Females of certain descriptions who would rather forfeit any allowance than expose themselves to the sight of a Stranger, and in Consequence of the abuse to which a pension so granted must unavoidably be liable, Lieutenant General Stuart apprehends from the tenor of the General Order, that a Considerable expence will be entailed in perpetuity upon the Company, and therefore recommends in preference to granting the pension to the Female in general without restriction either in regard to the person to receive it or limitation as to the period of its continuance, that the pension be settled upon the immediate heir of the deceased during Life, or that it be granted to the Family in general for a certain term of years only.-

Lt Col Under either mode of granting the Pension the Commander in Chief Recommends that the persons receiving it be made subject to muster, and that the Pensions be drawn in abstract and

The Governor in Council directs that the pensions shall be drawn in Abstracts to be signed by the Commanding Officer or the Staff Officer of the Station where the pensioners may respectively reside, and in Order to prevent the abuse to which the indulgence afforded for the relief of the families of the deceased Native Troops may be liable Her Lordship in Council deems it expedient to direct that the pensioners shall be regularly mustered previously to the payment of the monthly pensions and that the abstracts shall be accompanied by Certificate of the Muster.

It will accordingly be the duty of the Commanding or Staff Officer previously to any payment being made by them, to prepare from personal Observation a Correct Register descriptive of the pensioners to be paid at each Station, a Copy of which Register is to be transmitted with the least practicable delay to the Office of Audit.

I came out in charge of Recruits on board the Boddam Indiaman, whose very sickly state occasioned a very early consumption of the wine &c. sent on board for the use of the Troops, as a further supply could not be spared by the Captain of the Ship, and the Surgeon stated the absolute necessity of its being procured and left it my duty immediately to give up for the use of the sick a hogshead of Port I had on board as a private Store. &c.

As the accompanying vouchers will clearly shew that the same was wholly expended in the public Service, I trust your Excellency will have the goodness to obtain for me a Reimbursement of the £40 Sterling I paid for it in England. &c.

To Major Sutherland

Sir,

In reply to your Second note of this day I have to inform you that you are under a mistake respecting the wine which I mentioned to you in my former note this day — It was not sent from my Table, but of the same quality as used at it — Therefore as the quantity of the wine sent on board under my charge for the use of the Troops has been delivered to the Doctor when Called for for the use of the Sick until all has been expended — I cannot supply the Troops with any more as I much fear I have not more on board, than the Sick of the Ships Company will require, and they must be attended to as the safety of the Ship depends upon them as you have wine on board which you informed me was purchased with the Soldiers money that was lodged in your hand for necessary Refreshments — you ought of course to serve it out now as it is required —

We do hereby Certify that Major Sutherland of the 78th Regiment gave one hogshead of Port Wine for the use of the Sick of the Detachments on board of the Boddam Indiaman on the Voyage last from England to Madras; and that the said Wine was put on Charge of a Steward, with a Lock-Locks and the Key constantly on Land during passage until the whole was expended.-

We further Certify that Captain Jones (notwithstanding the repeated Solicitations from Major Sutherland, both Verbally and in Writing and the Surgeon of the Ship) would not give any Wine until the Cask was expended, and then Major Sutherland was obliged to give Security that he should be paid the Market price at Madras for every Bottle that might be expended for the sick before he would give any.-

1st It is directed by the Regulations of the Service that Working Money shall be allowed to Troops employed as Working parties in time of peace at the rate of one fanam per diem, and in time of War at the rate of 3 fanams per diem.

2d The Military auditor General considers all works executed during a Siege, as performed in time of Peace, and in consequence of this construction of the Orders of Government has retrenched the Field working Money drawn by Troops employed on working parties in presence of the Enemy and under the Enemys fire.

3d The Commander in Chief lays before the Board a Letter from the Honorable Colonel Wellesley representing these circumstances with much clearness, and, recommends in order to prevent the misinterpretation of Government from being misunderstood, that it may be directed in General Orders that all working parties are employed

employed on Service, and on situations of danger shall be considered as working parties in time of war and entitled to the working money allowed to the latter.

4 Captain Lieutenant Fotheringham of the Corps of Engineers having completed the works upon which he has been employed at Chittledroog. The Commander in Chief Recommends that he may be appointed to do duty in the Ceded Districts agreeably to his original destination.

5 The Commander in Chief Submits to the Board a letter from the Officer Commanding Vellore Representing the Services and the claims upon the public of three artificers attached to the Engineers Department of that Garrison and Ordered to be discharged.

6 Lieutenant General Stuart Feels it a duty to recommend that those persons who deserve some of the public, should not be deprived in Old age of that provision which they are unable to procure for themselves, and he accordingly proposes that the Maistry Bricklayer Carpenter and Smith mentioned

mentioned by Lieutenant Colonel Dallas may be continued on the Service upon this present Stay.—

The Secretary of the Commander in Chief

Sir,

I enclose a letter from Captain Brice Commanding the 1st Battalion 1st Regiment relative to working Money for the Men under his Command, and I have received Representations of a similar nature from the Officers Commanding the other Corps which have been in the field

1727 Fort St. George 9th March 1802.

189

field.

According to the Orders of Government

there is a difference between working money allowed in time of
War and in time of peace, and the Military Auditor General
has considered all working parties as in time of peace
excepting those employed at a Seige, and has retrenched
from the Officers who have drawn it the difference of
the working Money.

In the Campaign of 1800 in the
Mahratta Territory the Troops constructed a redoubt
upon the River Werdah, and during the time they
were at work they were covered by another body of
Troops, and the Enemys Cavalry were at all times in
sight of them; but the Military Auditor General consider-
-ed the Works as performed in time of peace.

The Roads each and the redoubts
and posts constructed in Wynaad and Coiate
were Works performed by the Troops generally under
the fire of the Enemy and always covered by a=
=nother body; but these works were considered as

Secretary

1798 Fort St. George 9th March 1802

having been done in time of peace, although men have
were killed and others wounded in the performance of some
of them. Every body knows that many of the works on
which Troops are liable to perform during a Siege are
attended with less danger than those which I have
abovementioned.

Although I have been so fortunate
as not to have had any of the working parties which
I have lately Ordered paced upon. I should think myself
inexcusable if I had not taken care to cover them,
a precaution which I should not think necessary in
time of peace, yet if working Parties for the Troops as
drawn according to the Orders of Government as for a
time of War, which these precautions denote the Military
Auditor General will determine it, under these Circumstances
it is desireable that the Orders of Government upon
this Subject should be more fully explained and that
it should be clearly understood what is to be considered
as time of War, and what of peace in relation to work
performed by the Troops

1729 Fort St. George 9th March 1802

190

Upon this point I beg to observe that it cannot be the Wish of any Officer in Command of a body of Troops, to employ any of them at Work unnecessarily; Before he determines so to employ them, he must be convinced that he is gaining time for his own operations which is most Valuable both to Him and the publick, particularly in this Country where the Season for Military Operations is so short.—

It is scarcely necessary to point out that the Troops will not work with such goods will or would for one Silver Fanam per diem as they will for three; and that in fact the Government lose in time more than they save in Money by this construction placed upon their Orders. Indeed the Fanam per diem scarcely pays for the Wear and Tear of the Sepoys Cloaths while they are employed upon these works to which they are so unaccustomed.—

I beg that you will lay this matter before the Commander in Chief, and that you will urge Him to recommend to Government that

To His Excellency
Lieutenant General Stuart
Commander in Chief &c. &c. &c.

Sir,

In consequence of a letter from the Acteitary auditor General to the Paymaster of this Station dated the 15th. ultimo, the charge for an Engineers Establish-ment at Vellore amounting to Pagodas 1/2 21 fanams monthly totally abolished, but as some inconvenience is likely to ensure to the public Service, and hardship to individuals should the whole be discharged, I take the liberty of stating the following circumstances for your information, in Order that such People as you think Necessary for the duties of the place may be retained. Munnar Maistry a Bricklayer has served the Company three

50

Fort St. George 9th. March 1809

50 years, and was present on the Engineers Department at the Siege of this Fort, but will now be left Old and destitute, should the present Order take effect.

Ponnapah Maistry Carpenter has served the Company upwards of 30 years in this Department and will be left in the same State.

Chinadoo, the Smith, is an old Servant who was severely wounded by a Cannon Shot in the thigh in Sir Eyre Coates War, in fact the whole have claims on the Service if discharged from their present Situation where it may be better to allow them to remain, because they are still capable of superintending a very extensive public work which I am carrying on by the Lascars of the Garrison at no expence whatever to the Company, the Rebuilding of about 300 Yards of the Retaining Stone Wall of the Rampart which is totally down, besides should they be struck off there will be nobody to superintend

Superintend the constant Repairs Required to the
Barracks, and Quarters, which are carried on by
the Lascars and will otherwise cause a very considerable
expence.

It is not my wish to put the
Company to any unnecessary expence whatever I
therefore Submit an Abstract of the Establishment
formerly allowed from which in my Opinion the
Draughts-Man, Writer, and Peon may be discontinued, but I hope the rest will be Recommended
to be retained as necessary for the Service.

To the Secretary to Military Board

Sir,

I beg leave to acquaint you for the infor-
mation of the Military Board, that Mr. Conductor
Yeates did a few days ago report that a Godown containing
some small Military Stores had been robbed of 10000
Musket Balls, and about 2000 of Shot. Suspicion at
first fell on the Malay Lascars, but it was soon discovered
that the Robbery was committed in broad day, and
at the moment when the Lascars &c. were occupied in
bringing the Guns from the Sea Fort Leaving Reason to
suspect a Portuguese Boy, I ordered him immediately
into confinement, and on the Course of the day he acknow-
ledged

ledged that he was the principal person concerned in the Robbery, that himself and several other younger boys, had for some days and when the Lascars &c. were employed on the Hill gone in at a low at the extremity of a range of Grain Godowns proceeding along the beams &c. and crossing three Walls before they reached the Godowns where the Small Stores were kept - that he usually buried what Balls he carried off among the Rocks till might favored his purpose when he carried them to the Head Bazar Man in the Village (a Lobby) who paid at the rate of two Rupees per maund for them, finding that the above man had gone off frightened to the Cutcherie for Peons to Apprehend him and in the mean time proceeded to Search his House and Lish such Balls as might be found in the Compound and was much disappointed in only Recovering about one Thousand - Peons & a Guard of Sepoys and Lascars were left in Charge of the Well during the Night in the Morning one Thousand more were taken out, which was all it contained, while thus engaged, the Son

of

of the Head Buzar Men was brought to me, and inquire
respecting who were the persons he disposed of the Balls to by
which means about Six thousand have been recovered
in Ball and pieces of Lead — The Father too Hannay
been brought in by the Peons, he is together with
his Son and all those concerned in the Robbery
or in purchasing Ball now in Close confinement;
the principal Offenders are in Irons —

I Hope to be excused when I take
the Liberty to declare that I am under the greatest
obligation to Mahomed Hussain personal Com-
-mandant for his assistance in apprehending those
concerned in purchasing Ball &c. (amounting
in all to thirty persons) had it not been for
his uncommon exertion I have little doubt but
many of the Delinquents would have escaped —

The Detail at this Station being small
I am obliged to call in the assistance of Peons and Lascars
the better to secure the Persons of the Prisoners —

My Lord,

Above the Secretary and Persian Interpreter to Major Ogg respecting a Detachment of the Allowances of Persian Interpreter to Colonel Wellesley also an Address from Sir David Baird &c &c &c at Seringapatam desiring the Detachment from the Establishment of Fort St George may be sent on account of the Troops which garrison Dindigul Bangalore and Coimbatore

At the particular Request of Major

S. W. Ogg I have the Honor to lay before your

Lordship that Officers address to me together with

the papers therein referred to on the subject of a

Retrenchment made in my Office of the allowances

as Persian Interpreter to Colonel the Honorable

A. Wellesley after the Return of the Detachment

which attended on Mysore into Garrison from Fields

Service pursuant to the express Orders of your

Lordships in Council dated 2d August 1800 to the

following effect, addressed to Colonel Wellesley "The

Governor in Council also permits Captain Ogg to

draw Staff allowances of Pagodas One Hundred per

Month as your Persian Interpreter from the time

he Troops took the field under your return into

Garrison." Major Ogg wishes to establish that it

was your Lordships true Meaning and intent that

the allowance in question should be continued to Him in Garrison as well as the field which does not appear to me to be well founded.—

I have also the Honor conformably to the request of Colonel Sir William Clarke Commanding the British Detachment at Goa, to Submit for the decision of your Lordship in Council, a Retrenchment made from the Disbursements of Mr. Paymaster Reeves, on account of one Rupee Pay and half Batta amounting to Pagodas 366 5 granted to certain Bullock drivers who were discharged in June last, when the public Cattle at Goa were delivered in charge to Captain Mackay. Agent for Bullocks in Mysore. the donation given to these people is perhaps more than they would have received in a like case on this Coast. Sir William Clarke however acted for the benefit of the Service under the local circumstances, and his motives for authorizing the expense which are fully explained in the enclosed address to your Lordship, appears to be entitled to the favorable

First, The Sanction of Gavernment, which has Authorized the Establishment of one Adjutant General, One Quarter Master General, one Persian Interpreter, and an aid de Camp to the Officer Commanding in Mysore.

Secondly. From the Order issued by Colonel Wellesley appointing me to that Office No. 1

Thirdly. The report made by Colonel Wellesley of my appointment to Gavernment No. 2

Fourthly. The confirmation of my appointment by Gavernment, communicated in the Secretary's Letter of the 3d April 1800. No. 3.

Long subsequent to my appointment and confirmation by Gavernment and while in the field Colonel Wellesley was so good as to forward an application to the Right Honorable the Governor in Council for an encrease of Salary, to which Gavernment was pleased to accede and directed that I should draw 100 Pagodas per Month until my return into Garrison, this has only reference to the amount of my

Fear, or from the existing influence of their Chiefs, still conceal themselves in the Jungles in a state of want and wretchedness. Colonel Stevenson once more invites them to their Homes and Families under a solemn assurance of forgiveness for past Crimes and Offences and personal Security in future.

Be it therefore known and understood from the date hereof the 16th of February, that an act of Grace is extended to all descriptions of Persons (with exceptions to the undermentioned * Characters who have been proscribed on former Proclamations) who with-draw themselves from the Cause of Rebellion, and that the same will be continued till the

the 16th day of April and after which period those Characters, who from a determined Spirit of opposition, have not availed themselves of the Mercy held out by this Proclamation, will be prosecuted as Persons, who by their traiterous Conduct against the Company's Government will have forfeited their Lives and Property to the State, and must suffer on being apprehended, that ignominious Punishment which Public Justice calls for for the general Good of Society.

Colonel Stevenson regrets the necessity he is under this of remarking the ungrateful Return which is made by many of the Inhabitants for the Security of their persons and Property, which has been invariably protected during the late Warfare, by their still affording an Asylum to the Rebel Dundia Warrea and his Confederates, and by withholding from the Company's Servants

that

Fort St. George 2d. March 1802

that Information which would lead to Detection.

Colonel Stevenson was in hopes that the Reward of ten thousand Rupees which was offered, under the Sanction of Government, for the Seizure of the Pyche Rebel, and the promise of proportional Rewards of Money for the apprehension of any of the inferior Agents, would have induced the Inhabitants to have come forward with information and assistance at a more early period, but he is inclined to imputte their forbearance more to the operation of prejudices, which cannot be immediately conquered, than to real want of Zeal and attachment to the Company's Government.

From the late fortunate Seizure of that atrocious Rebel, the Canara Naubin and his associate Chungatenny Chattoo, Colonel Stevenson anticipates further success through the same Channels of Information, and under that conviction, repeats the Rewards &c.

which

which have been offered for the apprehension
of those characters, and calls forth the exertions
of all well disposed Subjects to forward the
views of Government on that occasion.

The Inhabitants of Malabar
cannot plead ignorant of the Tenor and
Spirit of former Proclamations, wherein they
were positively prohibited from affording any
Asylum to the Rajah, or rendering any
assistance, in Provisions or Ammunition
either to him or to any of his Adherents, under
the Penalty of the most ignominious punish-
ment.

The severe examples which
have been made on that Score, by the convic-
tion of those who have been detected, ought to
have impressed the Minds of the Community
with a more awful Sense of their Guilt, but
Colonel Stevenson is sorry to observe that
there are people, of Respectability and

Fortune
