Sir,

From the Commandt at Pondicherry Reporting the Departure of the Prisoners of War from Pondicherry -

I have the honor to acknowledge the receipt of your letter dated 17th. Instant, containing the orders of the Right Honorable the Governor in Council respecting the embarkation of the French Officers Prisoners of war for Madras, which shall be punctually obeyed.

The Sheerness arrived during the night of the 18th. Instant, and shall make a point of having all the Officers embarked early in the Morning of the 21st.

I shall apply to Lieutenant Colonel Cullen the British Commissioner for information, whether he deems the character of any of the Civil Servants

to

to be such as may render their residence at Pondicherry objectionable. If any, they shall proceed in the Sheerness to Madras.

The Prisoners marched for Poondamalle yesterday Morning, under the escort ordered by His Excellency the Commander in Chief.

Tuesday the 11th October 1803.

Minutes of last Consultation read and approved.

The following Minute of the Commander in Chief having returned from circulation is ordered to be recorded.

Minute.

The Commander in Chief has the honor of laying before the Board, a Memorial from Captains, Hargrave and Walker of the Native Cavalry

Minute of the Commander in chief submitting a Memorial from Captains Hargrave and Walker of the Native Cavalry on the subject of an arrangement which those Officers have stated affects their Ranks and prospect of promotion; and stating the means which he has employed to ascertain the Circumstances of that Memorial. Submits also a Memorandum

4557

Memorandum explanatory of the subject from the Adjt. Genl and states that no promotion in the Cavalry can take place until the Question arising from this Memorial shall have been determined -

Fort St. George 11th October 1803

Cavalry, on the subject of an arrangement which they have stated, affects their Rank and prospect of Promotion in that Corps - The Commander in Chief has employed the requisite means to ascertain the Circumstances of this Case, and he will endeavour to explain these to the Board in the following Statement -

On the 3d of June 1800, an application was received at the Adjutant Generals Office from Captain Gerkie of the 5th Regiment of Native Cavalry to be transferred to the Invalid Establishment - This application was submitted to Major General Braithwaite then Commanding in Chief on the 7th of June, and given in by that Officer to Government in a letter bearing date the 9th of June -

This

4558 Fort St. George 11th October 1803

16.

This letter was taken into Consideration at the Consultation of the Board of the 10th of June, all the points contained in it were decided upon, excepting that of Captain Gurkis application, of which no mention is found in the Record of that Consultation, although in the Draught of a letter from the Chief Secretary of Government to Major General Braithwaite dated the 14th of June replying to his letter of the 9th of June above mentioned, a Paragraph was written accepting of Captain Gurkis application, but was afterwards cancelled. On the 17th of June 1803, an arrangement was given into Government by order of Major General Braithwaite for the formation of a New Cavalry Regiment the 7th which was immediately acted upon, and on the 28th of June Captain Gurkis

Transfer

4559 Fort St. George 11th October 1803

transfer to the Invalid Establishment was published in orders. Thus it appears that Captain Gekie's application was delivered to Government on the 9th of June, but not accepted until the 28th, and that in the mean time on the 17th of June a new Regiment was raised - It is of the delay in not accepting Captain Gekie's application before the new Regiment was raised, that the Memorialists Complain. Had that application been complied with, when it was received by Government, Captain Gekie would have been struck off from the Effective List, and the arrangement of Officers for the formation of the new Regiment would have been differently modelled - The delay was undoubtedly extremely injurious to the interests of the Memorialists, if it had not occurred Captain Hargrave

would

4560 Fort St. George 11th October 1803

17

would have been the first Captain for
Promotion to the Rank of Major —
whereas he is now the second; and —
Captain Walker would have been the 2d
Captain for Promotion to the Rank of
Major whereas he is now the seventh —
On the other hand — The Commander
in Chief must suppose that there existed
some principal Cause which does not
now appear to occasion the delay in
accepting of Captain Gekies applica-
tion before the arrangement for the new
Regiment was issued, and a Compliance
with the accompanying Memorial —
would produce some Changes in the
situation of Officers in the Cavalry.

The Commander in
Chief lays before the Board a Memo-
randum explanatory of the subject
from the Adjutant General to whom
it

4561

Fort St. George 11th October 1803

it was referred.

No Promotion can take place in the Corps of Cavalry until this question shall have been determined by the Board.

29th September 1803. / Signd / J. Stuart

To His Excellency
Lieutenant General
James Stuart
Commander in Chief &c. &c. &c.

Sir,

The undersigned Officers of Native Cavalry having recently obtained authentic information, that an application bearing date the 28th May 1800 made by Captain Lyalle of the 5th Regiment Native Cavalry to be placed on the Invalid Establishment was kept back, and not submitted for the decision of Government until some

some months after it had been received at the Adjutant Generals Office, and an addi-tional Regiment of Cavalry had been raised - Circumstances in their effects strong-ly operating against the regular rise of the undersigned Officers in the Corps of Cavalry and militating against the Established Rules and Principles of Regimental promotion - Beg leave to submit to your Excellency's consideration the following plain Statement of the case, and to entreat that your Excellency will be pleased to grant the undersigned that support and redress their situation may appear to you in Justice to merit.

From the accompany-ing documents we trust it will appear to your Excellency that Captain John Macleane of the 5th Regiment Native Cavalry has not regularly obtained his present

present Rank in that Corps, and that he has superceded Officers of many years longer Standing in the Service by Captain Gekies public application to be placed on the Invalid Establishment having been kept back until after the 7th. Regement of Cavalry had been raised — Captain Gekies application was forwarded to Madras from the 5th. Regiment Native Cavalry then stationed at Coimbatore / the latter end of May 1800 and must have reached the Adjutant Genrals Office early in June following, the General Order for embodying the 7th Regiment Native Cavalry did not appear until the 17th. and Captain Gekies removal to the Invalid Establishment was not in orders till the 28th. of the exactly a Month from the date of his application.

In consequence of Capt.
-tain Gekies application to be placed
on the Invalid Establishment not
having been laid before Government
on its arrival, Captain Hargrave lost
the Regimental step which occasioned
his removal to the 7th Regiment,
whereas agreeably to the principles of
Regimental rule he would have succeeded
to Captain Gekies vacancy in the 5th Re-
-giment had not the application
been withheld and Captain O Walker
of the 4th Regiment then Senior 2d
Captain of Cavalry would have been
promoted to first Captain of the 7th
Regiment in his own right.

More clearly to elu-
-cidate the extent of the grievance
stated, it may not be deemed improper
to observe how materially the future
prospects

Fort St. George N.W. October 1803

prospects of Captain Walker are affected by the arrangements as the Cavalry now stand, for had not — Captain Geddes application to be placed on the Invalid Establishment been kept back, he / Captain W. / — would now have been second for promo- =tion in place of Seventh from the line step of a Majority and Captain Hargrave would now be first for that Rank.

Few removals or alterations as the accompanying Statement will shew would be required to obviate the grievance complained of.

Mere conjecture or vague reports were not considered sufficient authority for bringing this matter at an earlier period before the Commander in Chief, but this being now obviated by recent

authentic

4566 Fort St. George 11th October 1803

authentic information it is earnestly
hoped the lateness of the application
will not operate to its prejudice.

Report of the Adjutant General of the Army on the address of Captains Hargrave and Walker to the Commander in Chief.

I have perused the address of Captains Hargrave and Walker on the subject of the Rank assigned to Captain Macleane of the 5th Regiment of Native Cavalry; the absence of my Public and private papers at the Presidency prevents me from giving the information

Para

now rejoined with more precision than arises from a very general recollection of the Subject.

Captain Geekie's application to be placed on the Invalid List, and Lieutenant Colonel Macalister's letter requesting Major General Brathwaite to consider it favorably, was I believe received on Course of Post at the Adjutant General's Office; It was not detained there but conformably to the established practice of that Office, submitted without delay to Major General Brathwaite.

That letter was received when I was employed under instructions from Major General Brathwaite in preparing at the Adjutant Generals' Office a Statement of the Promotions and removals necessary for attaching Officers to a Regiment of Cavalry and two of Infantry

4584. Fort St. George 11th October 1803

Infantry, then intended to be added to the establishment, Captain Gethin's request rendered it necessary for me to ask instructions from General Braithwaite regarding this Statement. Should he delay its formation? To anticipate the acquiescence of Government in Captain Gethin's request and prepare a Statement not warranted by the existing List of the Army? or to complete one according to the Draft then prepared without attention to the request of Captain Gethin? In considering these points it was observed, that if the Statement was delayed until Captain Gethin's request was decided on, and the decision should transfer him to the Non-Effective List, Lieutenant Macleane of the 5th Regiment by succeeding to the vacancy before the 7th Regiment was added to the Establishment, would supercede as Captain Lieutenant

which would not occur if the Regiments

directed the List to be prepared with that

done, and the impression on my mind is,
that a desire to prevent the Supersession of
those Officers had much influence on the
General's Determination.

I might possibly be
enabled by reference to the Notes which I

recourse to my papers.

The Statements which

I cannot state when or in what manner Major General Brathwaite forwarded the recommendations for the 7th Regiment or Captain Geekie's request to Government, but a reference to the Records of the Government may throw light on the subject.

Having stated as far as my recollection enables me to do the information I possess on this Subject, I trust I may stand excused from offering any opinion on a Case so intimately connected with the interest of

I am directed by Major General Brathwaite to transmit to you the accompanying List of Officers to be promoted in consequence of the proposed increase of these Establishments

The principle adopted in making these Promotions combines as much as possible the consideration of the claims of Officers to advancement from seniority in the line of their respective Ranks with that of Promotion by Regimental succession, every Officer removed from the Corps to which he now belongs either attaining Promotion to Superior Rank or advancement to a Superior Class in the Rank he now holds and such removals being made on

Minute thereon

No reason for the delay which occurred in the acceptance of Captain Jeckis resignation of the Company's Service appearing on the Record, or occurring to the recollection of Mr. Petrie the only remaining Member of the Government under whose administration Captain Jeckie was transferred to the Non-Effective Establishment. The Board are unable at this period of time to impute the delay in Question to any other Cause than an error in Office, which they feel it to be their duty to correct in Justice to the Officers who have reasonably complained of the Consequences of that delay.

Resolved therefore that the Commander in Chief be requested to submit to the Board a draft of a General Order for the purpose of restoring Captains

4606

Fort St. George 11th October 1803

40

Captains Hargrave and Walker to their proper rank in the Cavalry as well Regimentally as in line.

The Commander in Chief records the following Minute.

Minute of the Commander in Chief

The Commander in Chief has the honor of communicating to the Board, the details of a Brilliant and important Victory obtained on the 23d of September by the division under the immediate Command of Major General The Honorable A. Wellesley over the combined forces of Sindiah and the Rajah of Berar.

Major General Wellesley being joined by Major Hill with the last of the convoys expected from the Deccan, moved forward on the 20th ultimo towards the Enemy who had been reenforced in the course of the preceding seven or eight

Days

Minute of Dec. 11. communicating the details of the Victory obtained over the combined forces of Sindia and the Rajah of Berar by the division of the Army under Major General the Honble A. Wellesley at Assye on the 23d of September — and recommendations in consequence.

Fort St. George 11th October 1803

days by the Infantry under Colonel Pohlman, by that belonging to Begum Sumroo and by another Brigade of Infantry the name of whose Commander has not been ascertained.

The Enemys Army was collected about Bonerdoon and between that place and Jafernbad.

On the 23d ultimo Major General Wellesley was near the Subsidiary force and had a conference with Colonel Stevenson, in which those Officers concerted a Combined plan of attack on the Enemy's Army on the 24th in the Morning, and they marched with that view on the 22d—Colonel Stevenson by the Western Route, and General Wellesley by the eastern, Round the Hills of Badrapoor and Jalna.

Major General Wellesley arrived

4.608 Fort St. George 11th October 1803.

41

arrived on the 23d at Nantinah and there received a report that Sindiah and the Rajah of Berar had marched off in the Morning with their Cavalry and that the Infantry were about to follow but were still in Camp at the distance of about 6 Miles from the ground on which he intended to encamp - It was obvious that the attack was no longer to be delayed and Major General Wellesley having provided for the Security of his Baggage and Stors at Hulnah proceeded to bring the Enemy to action -

Major General Wellesley found the whole combined Army of Sindiah and the Rajah of Berar encamped on the bank of the Kistna River nearly on the ground which he had been informed that they occupied

4609

Fort St. George 11th October 1803

their Right on which Consisted entirely of Cavalry was about Bahadurn and extended to their Corps of Infantry, which were encamped in the Neighbourhood of Afzye - Although the British Troops came first in front of their right, Major General Wellesley determined to attack their left as the defeat of their Corps of Infantry was most likely to be effected, accordingly he marched round to their left flank covering the march of the Column of Infantry by the British Cavalry in the rear and by the Mahratta and Mysore Cavalry on the right flank.

The Column passed the River Kistna at a ford beyond the Enemys left flank, and Major General Wellesley formed the Infantry immediately in two lines with the

British

610

Fort St. George 11th. October 1808

42

British Cavalry as a Reserve in a third
on an open Space between that River and
a Nullah running parallel to it. The
Mahratta and Poydoo Cavalry occupied
the ground beyond the Hestna on the
left flank of our Army, and kept in check
a large body of the Enemys Cavalry which
had followed the March from the Right
of their own position.

The Enemy had
altered the position of their Infantry
previous to the attack - It was no longer
as at first along the Hestna, but extended
from that River a-Cross to the Village
of Attye upon the Nullah which was
upon the Right of the British Troops -
Major General Wellesley attacked them
immediately, and the Troops advanced
under a very hot fire from Cannon, the
execution of which was Terrible.

The

4611

Fort St. George 11th October 1803

The Regiments of the
Infantry and the 74th Regiments which
were on the Right of the first and second
lines, suffered particularly from the fire
of the Guns on the left of the Enemys
position near Sfaye - The Enemys
Cavalry also made an attempt to charge
the 74th Regiment at the Ornament -
when they were most exposed to this
fire, but they were cut up by the British
Cavalry which moved on at that
Ornament - at length the Enemys line
gave way in all directions, and the
British Cavalry cut in among their
broken Infantry, but some of their Corps
went off in good order, and a few were
kept up on the British troops from
many of the Guns from which the Enemy
had been first driven, by individuals who
had been posted by the line under the
direction

4612 Fort St. George 11th October 1803

Inspection that they were dead 43

Lieutenant Colonel Max=
=well with the British Cavalry charged
one large body of Infantry which had
retired, and was forming again, in which
operation he was killed, and some time
elapsed before Major General Wellesley
could put an end to the Struggling
fire which was kept up by Indivi=
=duals from the Guns from which the
Enemy were driven - The Enemy's Cavalry
also which had been hovering round the
British Army throughout the action
was still near, at length when the
last formed body of Infantry gave
way, the whole went off and left in
our hands 90 pieces of Cannon.

This Victory which
was Certainly complete, has however
cost us dear - The Board will perceive
by

4613

Fort St. George 11th October 1803

by the enclosed Return, that our loss in Officers and Men has been very great and in that of Lieutenant Colonel Maxwell and other Officers, whose names are therein included, greatly to be regretted.

Major General Wellesley states that he cannot write in too strong terms of the conduct of the Troops, they advanced in the best order and with the greatest steadiness under a most destructive fire against a body of Infantry far Superior in Number, who appeared determined to contend with them to the last, and who were driven from their Guns only by the Bayonet, and Notwithstanding the Numbers of the Enemy's Cavalry and the repeated demonstrations they made of an intention to charge, they were kept at a distance by this Infantry.

Major

4614 Fort St. George 11th October 1803. 44

Major General Wellesley

expresses that he is particularly indebted to Lieutenant Colonel Harness and Lieutenant Colonel Wallace for the manner in which they conducted their Brigades and to all the Officers of the Staff for the assistance he received from them. The Officers Commanding Brigades nearly all those of the Staff and the mounted Officers of the Infantry, had their horses shot under them.

Major General Wellesley also expresses his approbation of the conduct of the Cavalry, Commanded by Lieutenant Colonel Maxwell, particularly that of the 19th Dragoons.

The Enemy went off towards the Adjutant Ghaut, and Major General Wellesley proposed to follow them as soon as he could place his Captured Guns and the wounded in Security.

Colonel

4615

Fort St. George 11th October 1803

Colonel Stevenson arrived at Bobrodun
on the morning of the 24th Ultimo
as was previously concerted, and began
to proceed to Ajeye that evening -

The Commander in
Chief judged it to be due to the Situation
of the Native Troops being duly with the
Divisions of the Army in advance to the
Interests of the Service to recommend to
the Board, that the payment of the Family
Certificates of the Native Officers and
Men who have fallen or may hereafter
fall in action may be ordered by Govern-
=ment to be continued until the termina-
=tion of hostilities with the Mahratta
confederations - The extreme distance of
the N. Troops serving with the Army in
advance from their Country subjects
the families of those who fall in Battle
for

4616 Fort St. George 11th October 1803

to the greatest distress from the absence
of their relations who usually belong to
the Corps in which the deceased Sepoys
served, and hesides the Consideration
which is founded upon humanity- The Com-
=mander in Chief deems it to be an object
of Political advantage in the present
extended Scene of our Military operations
to afford every encouragement to the
Native Troops to proceed to a Distance
and to distinguish themselves in our
Service - The measure which is now
recommended will not occasion
much expence to the Company, its
utmost amount will not exceed
in the estimation of the Commander
in Chief 1000 Pagodas per Month,
If the Board should approve of
this regulation the Commander in

Chief

4617

Fort St. George 11th October 1803

Chief will adopt effectual measures
to prevent its abuse.

The Board agree with the Commander in Chief that it will be just and proper to continue the payment of Family Certificates to the Families of such Native Officers and Sepoys as may have fallen or may hereafter fall in action beyond the frontier until the termination of hostilities with the Mahratta Confederates.

Ordered that a Resolution to this effect be published in General Orders.

Read the following Letters from the Military Board.

To the Right Honorable
Lord William Bentinck
Governor in Council
&c. &c. &c.

My Lord,

We have to acknowledge

Minute & Order in consequence

From the Military Board

Fort St. George 11th October 1803

49

1. I beg the receipt of letters from the Secretary to Government in the Military Department dated the 9th, 13th and 15th September

2 On the subject of the Estimate for repairing that part of the Hospital at Masulipatam which has been appropriated to commercial purposes we have to remark that an Estimate for the same repairs was passed for execution on the 5th September.

3. In obedience to the orders contained in letter from the Secretary to Government in the Military Department under date the 12th August. We called upon the late Garrison Storekeeper in Malabar to assign his reasons for not having complied with our repeated directions to forward a Statement of the expences of the Grain Department under his charge, and have now the honor to transmit for your

4625

Fort St. George 11th October 1803

your Lordships Consideration a Copy of
his reply

4th. On the Subject of the
proposed Construction of Barracks
for the Native Troops, we beg leave to recommend that the
British Troops may be authorized to
build such a Number of Barracks at the
Ranges on the Plans he has transmitted
as are required to accommodate the
Number of Men actually at that Sta-
-tion with permission to add to them
from time to time as he may receive
intimation of the arrival of reinforce-
-ments - As the establishment of Tent
allowance defrays the necessity for the
provision by the Company of Barracks
for Native Troops, we recommend that
no more than a Place of Arms Store
Room and Hospital, may be built for
the Native Troops of the Detachments
detailed

50

4626 Fort St George 11th October 1803

detailed in the enclosed List of the
Buildings considered immediately ne-
cessary for the accommodation of the
British Troops at Goa.

5th. Immediately on receipt
of the letter of the Secretary to Government
in the Military Department we
directed the Agent for Spirituous Liquors
who was then engaged in embarking
Arrack for Bombay to land at Goa
a quantity sufficient for the Consump-
tion of 300 Europeans for six Months.

6. We transmit
Statement of the damaged and
unserviceable Articles of Provision
Stores and Articles connected therewith,
remaining at the Presidency and at
the Different Out-Stations on the
30th April last, and beg leave to
recommend that the immediate disposal
thereof

4627 Fort St. George 11th October 1803

thereof by public auction may be authorized.

7. An receipt of the instructions of Government conveyed to us in the letter of the Secretary to Government in the Military Department that we should report our further Sentiments relative to the inferences stated in our accompanying Copy of a letter from the Agent of Major Thomas Hard late Commissary of Grain with the army as connected with the Embargo of Grain during the late war in Mysore, we proceed to an enumeration of the grounds on which the aforesaid assertion, was founded, that Major Hard had received Grain by weight from the Garrison Storekeeper of Fort St. George for which he had accounted by measurement, but as the subsequent

Communication

Communication from Mr. William
Hart under date the 22d August for-
=warded to us on the 3d Instant extracts
that assertion, it is only necessary for us
to observe on that point, that it is Consistent
with our own knowledge founded upon
actual experiment, that a Difference does
exist to the amount of about 8 per Cent
as stated by Mr. William Hart between
Rice received by weight and what is
received by measurement. In regard to
the amount charged as Wastage in the
accounts of Major Hart, we have to
report that it is less than has been
admitted on former occasions, for it
appears on examination of the Returns
of Mr. Hodgscott during the Mysore
War of 1790/1 that the charge for Defic-
=iency and Wastage on Grain amounted
on an average to 19 per Cent including
Cattle

4629 Fort St. George 11th October 1803

Captures by the Enemy for which no restitution was made to the Public, and this charge Government admitted on the final Audit of his accounts - The Return of Major Hart in 1799 exhibits an average Wastage and Deficiency of 17 3/4 per Cent and which includes 17 Garce of Rice alledged to have been taken by the Enemy and lost in the Jungle for which Major Hart charged the Purchasers and Bullock owners to pay the amount value to the Public, which reduces the actual loss by wastage in his Department to about 13 3/4 per Cent, or 3 1/4 per Cent less than was charged and admitted on Colo. Kingscotts account - As our instructions are confined to an examination of the inferences in Mr. William Hart's letter as connected with the wastage of Grain - We have not

not considered ourselves called upon or
authorized to give any opinion relative to
the prejudices which may have been
entertained against Major Hart regarding
the 20 Pagodas of Recommended for the
followers of the Grain Department, or upon
the Question, whether Major Hart's offer
of the Grain his own private property for
the Public Service was directly or in-
-directly made-

Sir,

In reply to your letter under date the 25th ultimo - I beg leave to acquaint you for the information of the Military Board that the reasons why I have not yet been able to furnish the Statement called for in your letters of the 25th August last year, and 19th of January last, are the multiplicity of business thrown on my hands in consequence of the disturbances in Cotiote and Wynaad - The letter I had the honor of addressing to you on the twenty sixth ultimo, and Copy of one to the Military Paymaster General which accompanied it, will I flatter myself prove to the satisfaction of the Board that I had much business to transact

a letter to me on the subject of his allowances,

a Copy of which I have the honor to enclose

the letter and Spirit of which appear to me

to claim Gratuity as Captain, which

I consider to be inconsistent with the

rate of subsistence which he receives: -

Viz^t. Fifteen Shillings p^r. Diem.

on the new Systems in His Majesty's

Batta and Tent allowance as Captains, but
in consequence of the increased rate of
Subsistence granted to them Lordships has
been considered altogether out of the

Sir,

I have the honor of your Memorandums with regard to the scale of allowances granted by the Honorable Company to British Officers in this Country, but as it is presumed that these Regulations were formed on a general principle with regard to the Service at large, I should hope they would not in the same way be attached to the new and particular system of Paymasters so totally different from any thing that ever existed before.

When his Majesty was pleased to sanction the new appointment of Paymasters to Regiments from the consideration of the responsibility of the situation, together with the circumstances of not being admitted to hold Regimental

Commissions

4645

Fort St. George 11th October 1803

Commissions as to expect Brittany Rank
in the army beyond their particular detachm.
in the Regiment, it was thought expedi-
-ent that there should be some Compen-
-sation in lieu of these restrictions, it was
therefore ordered that as their Rank in the
Regiment was only that of Captain with
the allowances attached to that Rank that
their pay should be fifteen Shillings pr. day
it being His Majesty's pleasure that they
should be placed in a preferable point of
view to Captains as to emolument from the
particular Circumstances of their detachm.-
From what I have
here stated which is according to the system
adopted at home, I am induced to think
that probably the new arrangement
of Paymasters to Regiments may not
have been thoroughly investigated in this
Country, for if the full allowance of
Captain

Fort St. George 11th. October 1803

60

Captain are not granted by the Honorable Company to the Paymaster. His Majesty's intentions will be completely done away in the point alluded to.

Under these impressions I have taken the liberty with all deference of submitting to your consideration, the circumstances in question, with the hope that by your kind interference the Government may be induced to make such Regulations, as will place the Paymaster in this Country in the same situation, with regard to Captains, that he would be were he in England or in any other part of His Majesty's Dominions.

My Lord,

In reply to your Commands communicated to me by the Secretary to Government in the Military Department in a letter dated the 29th Ultimo, I beg leave to state that Mr. H. Lord Lieutenant Waugh's predecessor in Office was allowed by Government a Salary of £ 50 Sp. Annum, and Rupees three hundred 300 — Sp. Month for an

2 Lieutenant Waugh has also made a Monthly charge of Pagodas forty

forty for Stationary &c. for the De-
-partments under his charge as this
Article bore an extravagant price to
the Castward, and Lieutenant Waugh
not having been supplied with any
Stationary from the public Stores, he
was obliged to purchase it at the high
rate at which it was charged. I beg
leave to recommend that the charge
may be sanctioned by your Lordship
in Council.

3. Permit me to add my
Lord, that the amount fixed for the
Office Establishment of the Paymaster
and Commissary of Grain and Provisions
at Ambayna as abovementioned was
exclusive of Stationary, which it was
supposed would have been supplied from
the public Stores.

any blame will attach to the Officers

Proclamation

The Nephews of the Pyche Rajah having absconded from Cannanore either under the idea that they were considered as implicated in the crimes of the Rajah or having been leadaway by Shegran Cattara a Man of notorious bad character, this Proclamation is intended to notify to them, that as they have never borne Arms against the Government, if they immediately send to the Officer Commanding the Troops or to the principal Collector offering to submit to the Government, they shall receive protection.

It had been thought necessary

necessary during the present disturbances and from the repeated acts of Rebellion of the Rajah to have Security for their persons as his immediate heirs, Should they now surrender themselves a Confidence will be placed on them, which will remove the necessity of that Security, and they must now either decide between living happily under the protection of the Government, or hereafter be considered as the associates in the acts and fortunes of the future life of the Rajah - This Proclamation shall have effect only during thirty days after the present date -

I have now received the orders of Government thereon, a Copy of which I enclose for your information.

The Prisoners who are confined in the Fort of Cananore, except those who have been placed there by the Civil authority, are all persons who have been either taken in Arms or are notoriously in the interest or assisting the cause of the Rebels, with the further exception of the Nephews of the Pyche Rajah who were confined by order of

I hope and beg of you Sir being kind enough to apply to the Government for not putting a Stop to my returning to my Wife and Children - Moreover Sir as I am told that the Shipping of the French Officers is to take place in a very short time, I beg you too to have me granted to differ my Departure from this Country till Madam Paget is recovered as she is now quite unable to undertake her passage to Europe. I think myself grounded to make this application, as it is according to our Capitulation in the 6th Article.

Sir,

In reply to Mr. Secretary Strachey's letter of the 9th Instant - I have the honor to inform you that no time shall be lost in providing such Articles of Cloathing &c. as may be deemed necessary for the use of the private Men / French Prisoners of War

War, Captured at Pondicherry.

I beg leave to recommend that each of the prisoners of war shall be allowed

2 Pair Gingham Pantloons
2 Pair of Shoes
} the same as are usually delivered to Recruits under the denomination of Slops.

A Hammock and bedding.

Two blue broad Cloth Jackets & Trowsers

Two Country Cumlies.

A wooden Spoon and the same allowance of Tin Kettles to a Mess of 5 Men as is given to our own Troops embarking for foreign Service.

It appears that only one Blue Jacket and Trowsers and one Cumly Jr. Man was allowed to each Prisoner of War embarked on the Prince but as the Ship on which these Men are to embark will probably enter the Channel in the

Depth of Winter. I trust His Lordship in Council will not conceive that I have exceeded what is necessary for their Comfort in allowing to each Man two suits of warm Cloathing and 2 Cumblies in every other respect the allowance Corresponds with that given to the Prisoners of War embarked on the Prince.

I shall receive from the Commissary of Stores such Articles of Cloathing as may be in his Charge, and shall issue them in part of the present supply. As it may not be deemed necessary to issue the whole of this Cloathing &c. to the Men at once, I beg leave to recommend that the whole when ready may be delivered over to the Officer proceeding in charge of them as Commissary of Prisoners.

I have appraised the French Officers at Poonamallee of His Lordship's

intention

intention relative to their embarkation previously to the Commencement of the Mondoon, and have given the necessary orders for such of them as may have occasion, being permitted to rent their Residency, for the purpose of providing themselves with Bedding and Cloaths for the Voyage and they are informed that all other Articles will be laid in for their use at the expence of Government.

I have the honor to transmit herewith a List of the French Officers and Men with a Statement of the Pay allowed to the former by the French Government, and beg leave to recommend that the Officer Commanding at Poonamalle be authorized to draw two Months pay for such of them as are ordered to embark before the Mondoon. Town Major

Fort St. George 15th October 1803

4693 Fort St. George 11th October 1803

Ordered that the Town

Major be furnished with the following replies.

To the Town Major of

Fort St. George

Sir,

I am directed by the Right

Honorable the Governor in Council to acknow=

=ledge the receipt of your letter of the 10th Instant

accompanied by the different papers therein

referred to.

His Lordship in Council is

of opinion that there can be no objection

to allow to those French Officers who

* To the Town Major of Fort St George — requiring him that those French Officers who are desirous of proceeding to Pondicherry for the arrangement of their affairs previously to their embarkation for Europe have the permission of Government for that purpose — that Mrs Bourgh's family permitted to remain for the present in India — the same indulgence extended to those Officers whose health may appear to render them incapable of embarking in the most hazardous Cases to be Certified by a Surgeon in the Hobbe Company's Service and that Lieut Bourcet permitted to remain in India provided his Character shall not appear exceptionable the allowances of that Officer to cease from the period of the departure of the Castle Hobbe to proceed to embark on the Extra Ship Union — to acquaint that Officer that the allowance enjoyed by his family during his late absence will be continued to them — to submit a List of persons who may have a claim to be exempted from the Order for embarkation —

course of fifteen days.

If from the situations of M. Parisets family it shall appear that it is not practicable for them to embark on the Castel with safety, His Lordship in Council Consents to permit that Officer to remain for the present in India, and extends the same indulgence to those — French Officers whose health may appear to render them, incapable of embarking without danger. But in all Cases where this indulgence may be claimed, it will be necessary that it should be certified by a Surgeon in the Honorable Company's — Service on Oath, that the health of the — person from whom such application may be received, required a relaxation of the order for his embarking.

His Lordship in — Council considers it to be necessary that

great

Fort St. George 11th October 1803

great caution should be observed in allow-
-ing any of the Officers lately made Prison-
-ers at Pondicherry to remain in India,
unless on account of ill health, that it
being at the same time the wish of His
Lordship in Council to avoid as far as
may be practicable any measure of
rigor towards the prisoners. His Lordship
will not insist on the departure of
Lieutenant Bouvet under the circum-
-stance of his being a Native of India,
provided that you shall be satisfied that
his Character is not exceptionable, and
that he shall be informed that the British
Government cannot be subject to any
expence on account of that indulgence
but that his allowances as prisoner of war
must cease from the period of the
departure of the Cartel for Europe.

I &c

1696 Fort St. George 11th October 1803

85

His Lordship in Council considers the reasons which determined His Lordship to require the departure of Mr. Dubois from India to be of such a nature as to preclude the relaxation of that determination, and it will accordingly be necessary that he should prepare to Embark on the Extra Ship Union which will sails for England in a few days.

I am directed however to desire that you will inform Mr. Dubois that the same allowance which was enjoyed by His family during his absence will be continued to them.

His Lordship in Council desires that you will prepare and lay before His Lordship with the least practicable delay a List of the persons who may have a claim to be provided from

from the order for embarkation under
the explanation conveyed in this letter.

of the 10th Instant I am directed to
acquaint you, that your recommendation
respecting the Quantity of Clothing to be

of the French Prisoners of war about
to proceed to Europe, and that he be
allowed a Salary of 200 Pagodas per
month

Resolved and ordered accordingly.

Ordered that Captain

instructions.—

To Captain Wm. Shawe

Sir,

To Capt.r Wm.d Shawe—
Instructions for his
guidance as Commissary
of the French Prisoners
of War about to be
sent to Europe

Para 1.— The Right Honorable
the Governor in Council having been
pleased to resolve that a proper
person be appointed Commissary for the care of the
French Prisoners of War sent to the sea-
ports of this Presidency to be sent to
Europe on the Cartel now ready—
been directed to communicate to you
the following Instructions for your
guidance.

2. [illegible]

Provided however it is proposed
embark by the present opportunity
will

4700 Fort St. George 11th October 1803

will be limited to the Number of
Officers and Men who were made
prisoners of war at Pondicherry, it is
not expected that the Number of persons
for whom a passage is to be provided
will exceed Ninety Officers Civil and
Military, and about one hundred and
eighty Non-Commissioned Officers and
private Men.

3. From the reports which
have been submitted to His Lordship
in Council by the Marine Board, there
does not appear to be any doubt that
the Ship Matilda which has been
pronounced to be the best suited for the
purpose of a Cartel will be competent
to afford suitable accommodation for
the above Number of passengers, but
as great dependence must be placed
on a judicious distribution of the Space

Room

Fort St. George 11th October 1803

room of the Ship. His Lordship in Council accordingly desires that your exertions may be used to make such an allotment of the vacant Space as may be best calculated to contribute to the Comfort and health of the Officers and Men.

4th The Marine Officers on the Honorable Company's Service will be instructed to afford to you such assistance as you may require for the purpose, and His Lordship in Council desires that in your arrangement of the Berth for the Officers, you will consult as far as may be practicable the convenience of M. Briot the French Commandant, by allotting to him the best accomodations that can be spared, and that you will in like manner endeavour to consult the wishes of the other Officers of the Detachment accordant

Fort St. George 11th. October 1803

according to their respective Situations and Rank in the french Service.

5th. You have already been informed that a part of the french Detachment has arrived at Poonamallee, and the Officers and Men who are at that place of which a List will be furnished to you by the Town Major of Fort St. George will be embarked at the Presidency.

6th. With respect to those who are at Pondicherry where a great proportion of the Officers have been allowed to remain, it is the intention of His Lordship in Council in order to obviate the inconvenience which would attend their removal to Madras, to direct that the Matilda shall proceed to Pondicherry for the purpose of receiving them on Board, and you will accordingly be prepared to take your final departure for Europe from

Fort St. George 11th October 1803

that place -

7th Some of the Officers having families whom it may be difficult to accomodate in a proper manner on [illegible] Board of the Matilda His Lordship in Council will consider the means either of providing for them by allowing a reasonable subsistence for their support during the absence of the Officers or by allowing such Officers to remain for the present in India as Circumstances may appear to require -

8th I am directed to acquaint you that the Military Board have received the instructions of the Governor in Council for holding in readiness to be embarked a supply of water Provisions of the best description can be supplied from the Garrison Equal to the Consumption of three

4704

Fort St. George 11th October 1803

Men for six Months.

9 His Lordship in Council has deemed it to be expedient that a supply of Salt Provisions should be shipped for the eventual use of the Officers but it is not His Lordship's intention that the Officers shall be restrained to that diet unless in the event of absolute necessity.

10. It will accordingly be necessary that immediate Measures should be taken for providing and shipping a sufficient supply of fresh stock with an adequate supply of Wine, Biscuit and whatever other articles may be deemed requisite for the use of the Passengers.

11. His Lordship in Council leaves it to your discretion to make such an arrangement as may be necessary.

necessary for procuring articles of the best description; and though His Lordship in Council will rely on your attention to Oeconomy in the execution of these orders and desires: that no unnecessary expence should be incurred, that consideration is less important than the injury which would be produced by a failure of the supplies or by inattention to their Quality. —

12th. His Lordship in Council has reason to believe that there will be no difficulty in procuring a sufficient supply of biscuit for the voyage from the Naval Contractor, and You are directed to desire that the other supplies for the use of the Officers may be provided under your immediate Superintendance, and the amount charged on board.

13. When you shall have completed your arrangements for the

Provision

Provision of the Supplies, you will Sub-
-mit a detailed Statement of the Quanti-
-ties for the information of the Governor in
Council, and I am directed to desire that
you will obtain from the Garrison Store-
-keeper an account of the Supplies which
are to be furnished from his Department,
in order that you may be enabled to -
suggest any addition or alteration in
which you may judge to be proper-

14th. The Town Major of
Fort St. George has been instructed to
provide a Supply of Hammocks and
of Clothing for the use of the private
Men, according to the usual proportions
and those Articles when Completed will
be delivered to your Charge

15. During the Voyage it
will be your Duty to observe with
particular care that constant attention

4707.

Fort St. George 11th October 1803

is shewn to the health, cleanliness, diet, and accomodation of the Men, and I am directed to convey to you the authority of His Lordship in Council for employing the Services of a Non-Commissioned Officer or of such other person as may be best qualified for superintending the delivery of Provisions and for the performance of other Subordinate duties of that nature on board of Ship.

16. The Master of the Matilda will be ordered to conform to such requisitions as you may judge it necessary to make to him for the general good of the Prisoners, and I am directed by the Governor in Council to desire that you will procure an exact account of all communications of that nature, and keep a regular Journal of your proceedings from the period of your

your leaving this place until the termination
of your Voyage, of which you will deliver a
Copy to the Honorable the Court of Directors
on your arrival in England.

In order to guard by
as
every practicable means against the possi-
-bility of a failure in the supplies for the
prisoners, it is the intention of His Lordship
in Council, that Provision shall be made
in the Charter party for the affreightments
of the Matilda for her touching at the
Cape of Good Hope where you will probably
be enabled to replace the stock which
may have been consumed during the passage
to the Cape - From thence you will proceed
to St. Helena, and the Commander will be
directed to make the best of his way from
that Island to the nearest Port of France

for

Fort St. George 11th October 1803

for the purpose of disembarking the Prisoners.

18. After the Prisoners shall have been landed, and after you shall have been furnished with a receipt for their delivery by the French Government, and the necessary passports, you will lose no time in proceeding with the Cartel to England where you will give an account of the result of your mission to the Honorable Court of Directors, and receive the orders of the Honorable Court for the disposal of such Stores and Provisions belonging to the Company, as may not have been expended during the passage.

19th. On your arrival in France you will immediately transmit to the Minister of the proper Department under the French Government, a return of the Prisoners

purpose of enabling you to proceed to
Great Britain -

20th. I am directed to acquaint
you that the Medical Board have
been instructed to prepare for embarkation
on the Matilda, a supply of Medicines
equal to the probable consumption of
three hundred persons during a period of
six Months, and I am directed to repeat
the desire of His Lordship in Council that
your unremitting attention may be given
for the preservation of the health of the
Prisoners and for the relief of those who
may become sick during the voyage -

21. It will be proper that

the

the precaution of frequent ventilation
should be used while on board of Ships; and
His Lordship in Council is of opinion that
it may be useful both for the preservation
of the stock of Salt provisions and for
the health of the Men, that an allowance
of fresh Provisions should be made to the
Prisoners while at the Cape of Good Hope.

22. On all points not provided for by the above instructions connected with the execution of the duties which have been confided to you, I am directed to desire that you will be guided by such orders as you may receive from the Commander in Chief.

23. His Lordship in Council has been pleased to resolve, that you shall be allowed a Salary of two hundred Pagodas this date to be continued until

4712 Fort St. George 11th October 1803

until the period of your arrival in England or so long as you may be employed on the performance of the duties of Commissary, and I am directed to acquaint you that the Military Auditor General will be instructed to authorise such advance of Money as may be necessary to enable you to purchase the requisite supplies for the Voyage.

Sir,

From the Commandant Pondicherry / Enclosing

I have the honor to enclose

4713. Fort St. George 11th October 1803

Enclosing an account of the Pay and allowances granted by the French Government to the Civil and Military force captured at Pondicherry on the 11th ultimo with observations on the subject.

I enclose you agreeable to the orders conveyed to me in your letter of the 29th September, an account of the pay and allowances as fixed by their Government for their French Force, Civil and Military captured here the 11th ultimo.

I have every reason to believe that the Civil List is correct as it is certified by the proper Officers, I am informed however by Lieutenant Colonel Cullen late Commissioner, that he has strong grounds for doubting the accuracy of the Military allowances as Mons.r Mottet Provisional Prefect, and Mr. Rainville Inspecteur de la Marine refused to certify it.

I have the honor to enclose Mons.r Mottets letter to Colonel Cullen on the subject, together with Copies of Sundry Papers

Sir

I had the honor to call upon you this Morning for the purpose of de-
-livering to you the List of the Military Officers which you left with me yesterday at the Office, the information which you required of me on that subject it is not in my power to give you, all the Official papers being in the hands of the adjutant Comman-
-ant Benat to whom they were entrusted by Mons.r Leger previous to his departure-
I transmit accompanying the original orders and instructions which were left with me by Mons.r Leger and likewise Certified Copies, under the Signature of the Adjutant Com-
-mandant Benat, of all such Papers as relate to the Civil Administration, that Officer having taken upon himself and on his own Responsibility the charge of every thing which concerned the Troops, and having paid them.

Instructions

4725 Fort St. George 11th October 1803

Instructions for the Administrator provision-
-ally charged with the Execution of the Duties
of Colonial Prefect.

Citizen Mollet

The first object that requires
immediate attention is the Disposal of the
Funds placed in the Treasury.

The Amount deposited to
this time is 34000 Pastres.

Whatever work has been
executed for the Factory or begun upon must
be paid for immediately, the latter must be
discontinued.

The Malabar Mellawandrum
has made some advances, these should be re-
-imbursed to him immediately, so that the
confidence Justly reposed in him may not
cause his Ruin.

Six Months advance reck-
-oning from the present day should also be

Seen

Fort St. George 11th October 1803

issued without loss of time to the several Persons holding Official Employ; and their appointments in the Service should be considered to have commenced on this day.

The Statement of the Civil Organization Specifies those who are appointed by the Minister Citizen Couzon and Citizen Lamazure were entertained at Brest; their allowance is 1,200 fs.

The Chiefs of Factories are considered to have 6000 francs each - Citizen Bruix has six thousand like his Predecessor.

The allowances of the Officers of Health are fixed.

The Commandant will evident as soon as possible for the Sums necessary for the disbursement to the Troops of six Months pay which Money will be issued to him upon his receipt.

The

4727 Fort St. George 11th October 1803

The Treasurer ought not to be forgotten, He has already had busi-
-ness to employ him, as has the Surveyor General; He was forgotten on the last ar-
=rangements of 1793.

The Storekeeper is equally to be considered on actual Service.

I had engaged the House belonging to Marchand at 70 Pagodas p.r Month, it is but just that the rent should be paid, after obtaining such a reduction from Citizen Marchand as he will agree to. He rented Lame English out of his House to accommodate me, it would be unjust therefore if he suffered: that is by no means the Intention of Government.

Citizen Raimville destined for India in the Capacity of Comptroller has landed, he should at all events be included

4728 Fort St. George 11th October 1803

included in the number of those who receive
six months advance.

Sir,

I have the honor to
acknowledge the receipt of your letter
bearing date October 1st. Communicating the
orders of His Lordship in Council -

The 2081 Rupees have
been paid into the hands of the late British
Commander

I have made known the
Sentiment of His Lordship in Council -
Concerning the mode prescribed for the Con-
-veyance of Adjutant Commandant Binots
dispatches to the Isle of France, and have
to beg you stating that the expressions con-
-tained in that Officers Communications
on this subject have been such as have made
me think it my duty to return them to him
as improper for me to submit for their
Consideration

Lt. Col. D. D. Has communicated the sentiments of Government regarding the mode prescribed for the conveyance of Adjt. Binots dispatches to the Isle of France - requests instructions concerning the embarkation of the Civil Servants on the Cartel -

I have to beg His Lord.

=ship's orders concerning the embarkation
of the Civil Servants in the proposed Cartel
three of whose particular application I
forward, though I believe the desire of
returning, is general among them-

Sir,

My Situation is such as
requires that I should avail myself of
the first opportunity to return to Europe
not only on account of my promotion
but also for family reasons - Colonel Cullen
whom you succeeded, and who was aware
of its importance to me, was pleased to
interest himself in my behalf - Since it is
on you Sir that my fate now depends -
Permit me to request that I may be one
of

of the small Number of Civil Officers
who may obtain leave to return to France
by the first Vessel-

thought it advisable to forward it as the

Sir,

1. Colonel Monypenny Com=

to him by your Excellency - It would
appear by it's contents that your Excel=

Offices whom I have nominated to
convey the Capitulation to the Captain
General Decaen the Passports demand=
=ed for that purpose -

2. I have the honor to
observe to your Excellency that I was
far from expecting that refusal, and
I beg your Excellency will be pleased
to reperuse the 7th Article of the Treaty

Is it not natural to suppose from
the hare reading of this Article that it
is I the Asjutant Commandant who
am authorized to go and acquaint the
General Decaen of the Capitulation
and to carry with me the Officers of my
Staff? I dare hope that if your
Excellency has refused the Passports
required for one Officer only your Excellen=
=cy conceived you were at liberty to do
on the ground of the Article above quoted
not making any mention of one Officer
but that the moment I shall demand
it

4752

its strict Execution Viz: to proceed myself to the Islands accompanied by my Staff your Excellency will lose no time on forwarding to me the passport required since your Excellency will doubt-less prepare to allow one Individual Officer to go to the Isle of France than to send me there with my whole Staff

3d Your Excellency has directed the Commanding Officer of the English Troops to afford me every assis-tance in causing the Captain General Decaen to be made acquainted with the Capitulation but your Excellency has been careful not to indicate to him any line made by which it may be effected, because in fact there is none, it is moreover unnecessary for me to state to Your Excellency that whenever Despatches

4753

Despatches are addressed to a General
Officer they are sent either by an Officer
or a Courier extraordinary - Now as this
latter mode is impracticable, it became
every way requisite to resort to the former

I therefore dare flatter
myself that your Excellency will find
my reasons well founded, and that
perceiving that when I demanded a
Passage for one Officer only, I had a
right to demand it for myself and my
Staff, your Excellency will not hesitate
to forward to me immediately the Pass-
port which I had the honor to solicit

In the following is a Copy has been received this day by His Excellency The Most Noble the Governor General, from His Excellency the Commander in chief -

To His Excellency
The Most Noble
Marquis Wellesley
&c. &c. &c.

My Lord,

It is with inexpressible Satisfaction that I have the honor to report to your Lordship the capture of the Fort of Allyghur this Morning by assault.

Having

4776

Fort St. George, October 1803

12th

Having spent some days in fruitless endeavours to save the unnecessary effusion of blood on finding that the natives persisted obstinately in their determination of resistance, and rejected every overture, I made, I found myself under the necessity of determining on some decisive measure, and after maturely considering the probability of success with the obstacles that opposed us, I judged it preferable to attempt to carry it by assault, than to lose time by the slower operations of a Siege.

In consequence of this resolution, I ordered the Honorable Lieutenant Colonel Monson to lead the attack, composed of four Companies of His Majesty's 76th Regiment, and the 1st Battalion of the 4th Regiment Native Infantry under Lieutenant Colonel Browne, with a Detachment of the 17th Native Regiment under

12th

under Captain Bagshaw —

Colonel Hardford, of the —

Artillery, covered their advance by a heavy

fire from Batteries in situations which

had been previously determined on

I attributed the success of this

attack entirely to the Gallantry and Steady

conduct displayed by the Honorable Lieute-

-nant Colonel Monson in leading on his

Men under a most galling fire of Musque-

-try and Grape against a Fort hitherto deemed

impregnable, and defended on all sides with

the utmost obstinacy.

It would be injustice in

me were I not to mention the distinguished

bravery of the Men of His Majesty's 76th

Regiment, who notwithstanding the loss

of many of their Officers, steadily persevered

till the attainment of their object was

effected;

To

4778 Fort St. George 12th October 1803

12a

To Colonel Browne, of the 126
1st Battalion of the 42d Regiment, who has received a severe wound, and to the whole of the Officers of that Battalion, whose exertions on this occasion were most meritorious, my praise is justly due.

To Major Macleod, who gallantly led the 76th Regement after Colonel Monson was wounded, and to Captain Shipton of the Artillery, who had charge of the Guns that forced the Gate, both of whom, though wounded, still remained at their Post, I feel myself much indebted.

To Colonel Horseford, who commanded the Artillery, as well as to Captains Robertson and Greene, who commanded the covering Batteries, I feel myself under infinite obligations, and indeed that whole Corps merit my warmest praise for the Gallantry displayed on this occasion

4779 Fort St. George - October 1803

12

occasion, as well as on every other in
which they have been engaged.

It is with extreme sor-
row I lament the loss of many valuable
Officers, of His Majesty's 76th Regiment,
and also of the Honorable Company's
Service.

I am sorry to add, that
Colonel Monson's wound is dangerous, and
I fear I shall at all events be deprived of
the Service of the Gallant Officer for some
time.

I feel I should be wanting

115

4756

to obtain relative to the pay of the French
Military Officers to be entirely satisfactory,
and the doubt which exists on that
subject would justify His Lordship in
Council in directing that no pay should
be issued to the French Officers until the
fullest information should be obtained
In consideration however of the intended
embarkation of the French prisoners at
an early period, the Governor in Council
has been unwilling to subject them to the
inconvenience which that resolution
might be liable to produce, and has been
pleased accordingly to direct that the pay
of the French Officers at Poonamalee
shall be issued conformably to the List
transmitted with your letter, and you
will adopt the same mode with
regard to the Officers at Pondicherry.

I have &c.

Orders

4757 Fort St. George 11th October 1803

desires that you write explain to Mr
Binot that His Lordships determination
on this subject has been more guided by
motives of humanity and a desire to
accomodate the interests of the prisoners
than by any right which can be consi-
-dered to have been derived from the cir-
-cumstances of the case.

4 His Lordship in Coun-
-cil has been pleased as a mark of
further indulgence towards the Prisoners
to resolve that their allowance shall be
paid from the period of the Capitulation
concluded at Pondicherry, until the
end of the present Month, and you
will accordingly be guided by that
resolution in the adjustment of the
allowances of the French Civil and
Military Officers at Pondicherry.

5. It being expedient that

4758. Fort St. George 11th October 1803

116

no delay should occur in adjusting the pay of the prisoners, Directions have been issued to the Collector of the Southern Division of Arcot for complying with your demands for Money to such an extent as may be requisite, to enable you to defray that expence or any other expences which may occur connected with their embarkation -

6 His Lordship in Council desires that pay Rolls including the amount in the Currency of this Presidency which may be due to the Civil & Military and Establishments at Pondicherry may be prepared, the amount paid to the Individual Officers and I am directed to desire that when those payments shall have been completed you will transmit the accounts accompanied by

47.59 Fort St. George 11th October 1803

by the receipts of the Offices to the Military Auditor General and forward at the same time an Abstract of the payments for the information of His Lordship in Council.

I It being expected that the Cartel which has been engaged to convey the prisoners of war to Europe will leave this place for Pondicherry about the 25th Instant. His Lordship is of opinion that the adaption of M. Binots proposal at this late period to proceed to the Presidency might be attended with inconvenience. Instructions have however been given to the Officer who has been appointed to proceed on the Cartel as Commissary of Prisoners to make the best arrangement that may be practicable for the accomodation of M. Binot in a manner correspondent with

4760 Fort St. George 11th October 1803

with his Rank.

With respect to the demand conveyed in M. Binot's letter to the Right Honorable the Governor in Council relative to the conveyance of the despatches which that Officer is desirous of sending to General Decaen His Lordship in Council considers the style in which that demand has been stated to be not less unbecoming than its tenor is vague and unsupported. However M Binot continues to attach importance to the mode in which these despatches may be conveyed. His Lordship in Council will not object — to his despatching on any neutral — Vessel an express messenger to the — Isle of France according to his proposal in conformity to the spirit of the in- = structions formerly communicated

to

Fort St. George 11th October 1803

to you on that subject.

9 The Lordships in Council direct me to acquaint you that it is their intention that those Gentlemen who arrived in India for the purpose of filling Civil Offices under the Government shall in conformity to the terms of the Capitulation be embarked on the Cartel, and an arrangement will accordingly be made for their accomodation on board of that Ship engaged for that Service. But as the necessity for the embarkation of persons of that description may be considered to be less urgent than in the case of the Military Officers. The Lordships in Council will be willing to allow a relaxation of the intention in regard to the Civil Officers to a moderate extent, where the characters of

4762

Fort St. George 11th October 1803

113

of the persons who may be desirous of
remaining in India shall not be
exceptionable - It is however to be —
understood in all such Cases that any
allowance from the British Government
will cease from the period of the depar-
-ture of the Cartel -

10. Motives of humanity
may require further modification of
the orders respecting the embarkation
of the Prisoners, and as the instructions
which have been issued on that subject
to the Town Major of Fort St. George
relative to the prisoners at Poondamally
will be applicable to those who are —
under your charge - I am directed to —
enclose a Copy of those instructions for
your information and guidance -

11. You will transmit
to me without delay a List of the —
Names

1763 Fort St. George 11th October 1803

Names of the persons to whom you may consider it right to extend the indulgence allowed by those instruc-
-tions.

I am directed to acquaint you that under the particular circum-
-stances attending the Case of Colonel De Mainville, His Lordship in Council has been pleased to resolve that he shall be allowed to remain in India under the restrictions which has been stated regarding the continuance of his allowance as Prisoner of War.

13) With respect to the application which you have received from the Officers included under the Capitulation for the surrender of Pondicherry for permission to proceed to Europe, I am directed to acquaint you that His Lordship in Council will have no

4764 - Fort St. George 11th October 1803

no objection to a proportion of those Officers being embarked on the Cartel, provided that their embarkation will not incommode the prisoners for whom that Ship has been expressly engaged, and which has not been considered more than adequate to their accomodation.
