The Committee which was Appointed by the Military Board to examine the State of the Gun

5379

Fort St. George 11th November 1803.

Gun Carriages upon the Works of Fort St. George have concluded their Survey, and reported a deficiency, of upwards of four hundred Carriages.— The establishment at the Gun Carriage Manufactory are employed in Constructing Carriages for the Field Guns; and so general was the want of Carriages of this discription at the period of the expiration of the late Contract, that some length of time will still be requisite to complete the Number necessary for the Field and battering Train.— As the Carriages for the works of Fort St. George are required without loss of time, it has appeared most adviseable to the Military Board to make them up at the Presidency in order to prevent their Construction from impeding the speedy completion at the Gun Carriage Manufactory of the proportion of Carriages required for the Field train, and the Board have therefore made arrangements for the purpose of Constructing the necessary Number of Carriages for Fort St. George

Separate Agent for the Construction of the Gun Carriages which the Committee appointed to survey the Gun Carriages upon the works of Fort St. George has reported to be necessary; Recommends that Lieutenant Franke be appointed to execute that duty, & that a salary of 200 Pagodas pr Month be allowed him— One hundred Recruits belonging to Hes Majestys 19th & 22d Regiments of Light Dragoons Stationed at Arcot under the Command of Lieut.t Colonel Monpresor, whom he recommends may be appointed to Command the Cantonment of Arcot until further Orders.—

under the direction of a Separate Agent.— Lieutenant Franke of Artillery, an Officer of experience and knowledge, has been selected for the Situation of Agent; and the Commander in Chief recommends that he may be allowed a Salary of 200 Pagodas per Month including Writers and Stationary while employed upon that duty.—

The above Arrangement is only temporary formed for a particular purpose, and rendered necessary by the pressure of the demands for Gun Carriages; and the Commander in Chief can assure the Board that the expence of the Carriages to be made up by Lieutenant Franke, including his Salary, will fall considerably short of the late Contract rates.—

The Commander in Chief has judged it expedient to Station at Arcot a detachment of One hundred Recruits lately arrived from

The Board confirm the temporary Appointment of Lieutenant Franke as Agent for the Manufacture of Gun Carriages at the Presidency on the Salary proposed by the Commander in Chief.—

File wanting to complete the Corps of the Army under this Presidency. —

It is of importance that the Honorable the Court of Directors should be informed as speedily as may be practicable of the State of the Army under this Government, the Commander in Chief therefore Recommends that the Document which he now lays before the Board may be transmitted to England by the first overland dispatch, and he requests that the Board may solicit the Attention of the Honorable Court to the great deficiency of Officers and Men in the different branches of the Army. — This circumstance has been frequently represented to the Honorable Court of Directors, but as no adequate supplies of Cadets, and Recruits have been sent to India for some

it to be his duty to bring it again under their notice.— The small establishment of Officers allowed to the Regiments of Cavalry, and the nature of the practical Knowledge necessary to Officers of Artillery render it particularly requisite that both these Corps should be kept complete with Officers; but the Board will observe that their deficiency of Officers is greater in proportion than that of the Infantry.— The Commander in Chief has been obliged to order a certain Number of Officers of Infantry to do duty for the present with the Artillery; for there are only two Subalterns of Artillery present for duty at the Head Quarters of that Corps.—

The Commander in Chief trusts that the Honorable Court of Directors will be able to adopt effectual Arrange-

Arrangements for Completing the Establishment of Rank and File of their Artillery and Euro-pean Infantry.— The Corps of Artillery when Complete is insufficient for the duties which it is required to perform in the extensive territories under this Government, and Considerable inconve-niences have resulted for some time past from its reduced State; while the extreme weakness of the Madras European Regiment renders that Corps, which forms a most useful part of this Company's Army, almost unfit for Service.—

Extract of a Letter from the Superintending Surgeon Centre Division, to the Medical Board, Dated the 11th October 1803.

The Sepoys of the 2nd of the 11th Native Regiment, are all provided with

the Head, and Body, which are put on at night when mounting Guards, or in wet weather, and they have also Carpets to lie on, the Cumlies of the 2nd of the 11th Native Regiment, are not so comfortable, being in the form purcha-sed and used to lie on, and they have only a thin white Cloth to cover them. — It is impossible to see Native Sick lying on the ground, without lamenting the want of a few Cotts, for the worst Cases, such as those of Rheumatism, and Fever; and it is distres-sing to see the Sick in the Mornings chilled with Cold, from not having adequate Cloath-ing; if a few Cotts for a Battalion cannot be accorded, which should not cost much, — and might be left at Stations; Carpets to lie on, and Cumlies to cover the Sepoys, become them more necessary — Both Cotts, Cumlies for the Body and Limbs, and even Spirits for bad cases

cases, are provided for the Native Sick in-
Mysore, the same would be of equal adva-
-tage, if granted to Corps bordering on, or in
hilly Situations, such as Vellore, Royacottah,
and Sankledroog, or in fact, to all Corps,
as now are Stationed.— I have on former-
occasions Stated these deficiencies as great
obstacles to the cure of Native Sick, in-
several diseases, and do it again, from being
Remedied in Mysore, and the utility made
apparent, a more general Attention may not
likely be had to it.—

At Vellore an Hospital for-
Native Sick is very much wanted, those
of the 2nd. of the 11th. Native Regiment, are
at present in part of the General Hospi-
-tal, but the intermixture of European and
Native Sick, the latter cooking their own-

Hospital compound dirty. The Sick of the 2nd
of the 11th Native Regiment, are for the present 191
in an empty European Barrack, this is only
considered temporary, and if obliged to leave it,
they would be but badly accommodated, in a
part of a Barrack of a complete Battalion, and
there being no Cooking place for Sick Sepoys,
or necessary within the Fort, the Sick are
frequently necessitated to go outside, when it
is very improper — a Sepoy Hospital outside,
for there is no situation inside, with a Cooking
place and necessary, would be of great advan-
tage, by enabling the Surgeon to confine his
Sick, more than he can at present do.

you, of part of the Grain purchased for Store by your orders of 5th Ultimo, having been Stopped by the Collector, for Customs in coming to this place, for your information I enclose copies of my letters to him on the Subject, and his replies. I request your instructions whether the Honorable Company's Grain is liable to duties or not. Not having a Copy of the Adoulet Regulations I cannot point out to you the Page; (but as well as I remember) the last Numbers dated in August, (and only published a few days ago;) positively exempt Grain of all sorts from Import and Export duties, and more especially so; that which is the property of Government. —

The Merchants engaged with me for the Quantity previous to the Publication of the new orders in this District; and therefore they

they cannot be called upon to pay them except
facto. The whole quantity ordered, could
not be procured in this place; and even with
difficulty could it be got in the Neighbouring
Districts: From the present scarcity, and
hitherto want, of Rain.

The Apprehensions of a Famine
and the unfavorable prospect of the Season
induces me to observe to you, that, if it is
the intention of the Right Honourable the
Governor in Council to levy duties on Importing
Grains whether under the denomination of Town
duties, or of any other description; if you Gen-
tlemen would be pleased to recommend to
His Lordship a suspension of them
during the present scarcity, It
would be a General Benefit to the

I have to acknowledge the receipt of your Address of the 16th October.

As I can find no clause in Regulation XII 1803 (upon which the Town duties of Masulipatam are now collected) prescribing an exemption of Tax on the Import of Grain, and as that Commodity is not therein stated to be a Military Store, I request to be informed whether after the 600 Candies of Grain has passed, you mean to liquidate the Import Town duties of Masuli-

Masulipatam

Sir,

I have received your address

of

5418

Fort St. George 8th November 1803.—

Principal Agent for Cattle during the—
Mysore War.—

No. 1.——— Is his own Account, made
out as Manager to the Principal and—
Subordinate Agents, detailing the receipts of
Cash from the Public, and disbursements on
his own and their Accounts.— This Account
will speak for itself, and required no—
common portion of application to analyse
it, and to render it comprehensible. By this
Account he brings a balance in his favor of
Eleven thousand, one hundred and forty Star
Pagodas, eleven Fanams and fifty five Cash.
Perhaps it may not be deemed improper
for me to Remark, that several charges—
included in this Account, can only be—
considered private, and not at all connected
with the Public.—

Fort St. George 8th November 1803.

(5.)

No. 2. ..... Is an Account Current as it ought to stand, with the Honorable Company, by which there is a balance against Vencataranga Pillah of thirty Seven thousand five hundred and eighteen Star Pagodas, ten Fanams and fifty Cash.—

1. My Account Current of Receipts and Disbursements, is detailed at the end of this Account.—

The Cash was not actually paid to Trevengada Modelly, and other Head Owners, but they were to have produced Petty Owners' receipts for the Sums opposite to their Names in discharge of Sums due by them to the Principal Agent, however the Petty Owners disavowed the receipt of the Money Stated to have been paid them, consequently it was necessary to pay off their Claims on the Company, and

the

5420 Fort St. George 8th November 1803.—

the original Sums were again debited to the Principal Contractors or Head Owners.— The one thousand Nine hundred and thirty five Star Pagodas, thirty four fanams, and twelve Cash were laid out as per Account Current Cur.t in the pay of Servants, Lists of whom are given to the Board marked A.B.—

No. 3.....Is an Account Current giving him credit for Outstanding balances against and Acknowledged to be due by the Head which reduces the balance to Thirty Seven Star Pagodas, thirty fanams, and thirty nine Cash.—

No. 4.....Is an Account Current of Claims for and against the Manager, to which he is held responsible for the Outstanding Balances against Head Owners, which being a balance against

five fanams, and Seventeen Cash.— I am of opi-
-nion, that he should not be held responsible
for these balances, and that Government should
prosecute and recover the Cash from the Head-
Owners, who acknowledge having received it.—

No. 2. ..... Is an Account Current on
the principle of his not being considered respon-
sible for the outstanding balances, which brings
a balance in his favor of one thousand one —
hundred and sixty two Star Pagodas, thirteen
fanams and Seventy Cash.—

No. 3. ..... Are Claims of Vencatarunga
Pillah on the Departments, as a moiety of the
Custom which ought to be paid to him either
by the Subordinate Agents or Government,
because the latter authorized it.—

No. 4. ..... Are Claims against Vencata-
-runga Pillah Amounting to forty thousand
Seven hundred and twenty three Star Pagodas,
eighteen

eighteen Fanams and twenty two Cash, upon the principle of holding him responsible for the outstanding balances against Head Owners, however, he thinks Government ought to pay the Sums due to Colonel Carlisle, and the Head Owners on Account of the Stoppage on the old Bullocks; during the Months of July, August September, October, and November.— In a former report the Balance against him was Stated to Amount to Forty eight Thousand five hundred and Sixty Six Star Pagodas, forty one fanams, and fifty two Cash, including all Claims against him— The difference arose from his Accountant not having given him Credit for an Advance in the Month of February for Bullocks, in the Store Department, Amounting to Eight Thousand Seven hundred and Seventy Nine Star Pagodas, twenty fanams, which over

No. 5 ..... Are Claims against him

supposing him not considered responsible for

the Balances against Head Owners, and if this

is the principle on which his Accounts are to be

adjusted, the Company will have to pay

him one thousand one hundred and Sixty two

Star Pagodas, thirteen Fanams, and Seventy

Six Cash and he must pay Colonel

Carlisle one thousand and forty three Star

Pagodas, Six fanams, and Seventy eight

Cash, and a half; he must likewise pay

the Sum of two thousand One hundred and

Sixty two Star Pagodas and fifty

two Cash to the Head Owners on Account

of unauthorized Stoppages from the

old Bullocks. He should also receive

his moiety of Custom from the Subordinate

Agents Amounting to Star Pagodas 7499.

Fanams 12: Cash 32.— Lieutenant Colonel Conner did not deliver over to me his Custom-
upon the Country Carts which he ought to
have done, and which Venkatarunga Pillah
did not apprize me of, previous to his embar-
-kation for Europe.—

A Number of Claims remain unpaid owing to litigations and some not having been demanded, the whole Amounts to five thousand four hundred and ninety one Star Pagodas, and two Cash, which shall I have paid to the Treasurer Mr. Jones: I shall give into the Office of Audit the regular Accounts Current, with Vouchers and a List of the unpaid Claims.—

I have endeavored all in my power to make a correct Statement of those confused

just Claims can now hold against the Commissary General on this Account, but that Erapah Naig, having still nearly (2,000) One thousand Pagodas in his hands, must be considered the ostensible Person for the adjustment of all remaining demands, as from his refractoriness alone, in not coming forward either to return the surplus Money he had received, or to satisfy the whole of the Petty Owners himself, it is owing that 17 of them in this Account have not signed the Register.—

In the Account of Tevangadem or Tiagarie the 21 Petty Owners who have not signed the Register have been kept back in consequence of some matter of dispute between them and him.— The Money due to these people remains in my Hands, and shall be paid to them when claimed under the sanction of the Head Owners.—

5562 Fort St. George 8th. November 1803.

Major Hs. Symons

Sir

I have the honor to transmit you herewith the Account Current of Major Hart late Commissary of Grain with Cattle & the Principal Agent for bullocks to the Grand Army closed on the 5th Instant by a balance in favor of the late Star Pagodas 81..33..75

I have long since delivered you the General Register which contains the Receipts of each individual petty Owner excepting of Seven who have not yet Signed the Register The payments to the Petty Owners have been made in the presence of respectable Witnesses who can testify to the full balance of hire being paid to the Owners as per Register, and of each having been at the same time interrogated whether the balance was the full and just

further Claims on Government on Account of the hire of his said Bullocks.— I have made every exertion for many Months past to induce the said petty Owners who have not Signed the Register to make a Settlement of their Accounts, but for reasons with which you are Acquainted I have been as yet unsuccessfull.— I therefore transmit you herewith an Account Current for each of them (who have not yet Signed the Register) with their head Masstries, on which you will perceive they are Credited with the full hire due to them, and debited with the Advances made to them, and in support of each of the Items of the debit of their Account, a Voucher is inclosed in their Account; This for many obvious reasons Appears to be the best mode of rendering you these unsettled Accounts.

In Major Hart's Account Current which I now transmit, you will find a Charge introduced on Account of Expences which

have been incurred in the Management of the Bullock Accounts from the 1st February 1799 (the period when the payment of the hire of all the Bullocks attached to the Grain Department was committed to Major Hartpunte) the first of the present Month on which charge until now having been made by the Grain Account. These expences commenced on the 1st February 1799, and continue to the 31st of last Month, and Average about 100 Pagodas per Month.

When you recollect that 1800 Cattle were attached to the Grain Department and the Voluminous Accounts which they must have necessarily occasioned, I feel confident you will be of opinion that the business could not have been managed for a less sum than stated in the Accompanying Account.

5565 Fort St. George 8th November 1803.

so many Servants, I have to reply, that it would
have been impossible to have conducted this
business if new Servants had been occasionally
called in, not only from the confusion which
from the Nature of the Accounts must have been
inevitably introduced into them, but from the
difficulty that would have existed of identify-
ing the persons of the different Claimants.—

The final Settlement of these
Accounts it is true, has been very much prolonged,
but you will please to recollect that it was
not until the Month of January 1803 that I
received an order from you to produce in my
Settlement with the Owners of Cattle (of the wreck
ing for many Months in daily expectation of
receiving it) and without which Order, I could
not act, the principal Agent not having
until then Settled his Accounts with the said
Owners on Account of the hire for the Cattle

Grain Department, all the trouble and responsibility having then devolved on the head Servant of the depart-ment, in the which circumstance, I presume, Government could not have been Acquainted.—

In justice to Major Hart's head Servant I think it also necessary to State, that the march of the Army never was delayed an hour by any difficulties that occurred in forwarding the bullocks Attached to the Grain Department, but on the contrary the Removal of the impe-diments which occurred in getting on the department of the Commissary of Stores is chiefly to be Attributed, to an aid of 3,000 Bullocks it received at that critical period from the Commissary of Grains.—

I therefore rely on your obtaining for him that Moiety of Custom to which he is certainly entitled, and for which he holds Major Hart responsible.—

No 22
Report

5584 Fort St. George 8th November 1803.—

Report of the Military Auditor General on the Accounts Current of the late Subordinate Agents for Cattle, and also those of Vencatarunga Pillah, late Native Manager to Lieutenant Colonel Dallas, late Principal Agent for Cattle during the Mysore Campaign of 1799.— referred in Meeting the 10th Instant.—

The Military Auditor General having perused with particular Attention, the different Reports, Accounts Current, and other Papers, relative to the Accounts of the late Subordinate Agents for Cattle, and those of Vencatarunga Pillah, late Native Manager to Lieutenant Colonel Dallas the late Principal Agent for Cattle, during the Campaign of 1799, has the honor to report to the Board as follows.—

The Military Auditor General

Amount of the Balance due to Owners who have not Settled their Accounts, to Answer which the Military Auditor General holds a Balance of Pagodas 50.— lodged with him, by Lieutenant Colonel Cornes, by Order of the Military Board.—

Spare and Camp Equipage Departments

There is a Balance of Pagodas 1,386.. 36.. 12.. against Venkatarunga Pillah, who was in-charge of these Departments; of this sum Pagodas 435.. 23.. 52.. appears to be due to Government, Pagodas 96.—.. 16.. is a charge for Office Servants, the difference, Viz.t Pagodas 855.. 12.. 24.. is his Moiety of Customs; Venkatarunga Pillah is debited by Major Symons (Vide Account Current No. 3) for the Amount due to Government, and as the charge for Office Servants appears reasonable the Military Auditor General is of opinion it may be allowed.—

The Settlement of these two Departments were made by Major J. H. Symons, and, as the

the

the Cattle Amounted to near Twelve thousand, the Accounts appear to have been Adjusted in a Satisfactory manner.

The Military Auditor General begs leave to observe, that the Office Establishments proposed to be allowed to the different Subordinate Agents have been framed According to the Number of Cattle to be Settled with in each Department, and appear to be fully sufficient for Adjusting their Accounts.

The Subordinate Agents Monthly Claimed Office Establishments, in Amount as follows.—

Fort St. George 2d. November 1803.

Venkatarunga Pillah's Accounts Current.

Of the three Accounts Current

between the Native Manager and the Honorable Company

and the subordinate Agents No. 3 appears to be

the best calculated to make an Adjustment. In this

Account he is not held Responsible for the Amount

of the Outstanding balances against Head Owners

and he gets Credit for all authorised Disbursements. The

Balance here Stated against him Amounts to Pagodas

30,880 .. 13 .. 39, but which, in consequence of certain Charges

having been directed to be Admitted to his Credit by

Government and the Military Board, is reduced to a

Balance in his favor of Pagodas 1162 .. 13 .. 76. as Per his

Account Current with the Honorable Company, —

Marked B, in red Inke. —

The Military Auditor General —

however, Recommends that Venkatarrenga Pillah be required

to prosecute the Head Owners, on the part of Government,

in order, that the Amount of the outstanding balances

against

5592.. Fort St. George 8th. November 1803.--

against them may be recovered and brought to the Credit of the Honorable Company.--

The Adjustment, therefore, between the late Native Manager and the Honorable Company and the Subordinate Agents will fall to be made as follows.--

To be paid to the late Native Manager by Government	Pgs.	1162 13 7½

Do. Do. by Lieut.t Col.o Cosmo, late Subordinate Agent in the Provision Department; being his moiety of Customs, Which Sum is now in the possession of Government; it having been paid by Lieut.t Colonel Cosmo into the hands of Major Symons, by whom it was lodged together with other Sums, with the Sub. Treasurer, as per Account Current between Major Symons and the Military Board marked C.		2153 22 5½

24

With regard to the Claims of

Lieutenant Colonel Carlisle, and the Head Owners on Account of unauthorized Stoppages for old Bullocks, ordered to be refunded, the Military Auditor General is of opinion the parties themselves should take such measures as may appear to them best calculated to Recover the Amount from Vencatarenga Pillah.

The Amount of Lieutenant Colonel Carlisle's Claim is..... Pagodas... } 1013. 6. 7 3/4

The Amount of the Head Owner's Claim is..... } 2,162. " "

Pagodas..3,205. 6. 7 3/4

Copies of these Accounts should be furnished to the late Native Manager, and in the event of his having any objection to state against them, they can be referred to Major Symons for his Opinion.

Major

5594 Fort St. George 8th November 1803.—

Major Symons's Charge for Servants

Vcr during this very intricate investigation, is—

only Pagodas 1363..35..30. which cannot but

be considered moderate, and may, with the greatest

propriety, be admitted.—

And, in justice to the great—

merit of that Officer for the pains he has—

bestowed in investigating so successfully the

Accounts of this intricate and perplexed—

—ment, the Military Auditor General recom—

—mends to the Board to bring his unwearied

assiduities to the immediate notice of the Right

Honorable the President in Council, in a—

manner the most favorable; the patient labor

and minute research which this subject—

demanded have been gone thro', in a manner highly

and replete with due consideration to the
public Interest.— 25

As this Report is matter
of Account, in a material degree, consequently
referred with propriety for Opinion and report,
by the Board, to the Military Auditor
General; Lieutenant Colonel Brunton
requests a Copy of it, if approved, may be
laid before the Right Honorable the President
in Council.—

regret the Notification of Government that the Appointment of Lieutenant Shepherd of the Madras European Regiment to Command a detachment of Pioneers has not met with the Approbation of the Right Honorable the Governor in Council, and I take upon me to Solicit in the strongest terms that notwithstanding the disapprobation above alluded to, the Right Honorable the Governor will be pleased to permit the temporary establishment of the Corps of Pioneers under Lieutenant Shepherd in as much as I declare upon my honor that the Services I have experienced from the detachment of Pioneers under the Zealous and efficient exertions of Lieutenant Shepherd have greatly contributed to my early success in this Province.

Without the detachment of Pioneers under an Active Superintending Officer, I do not think it would have been practicable for me to have brought up the 12 Pounder and my heavy Stores,

Transmitted to the Right Honble the Governor in Council of Fort St. George

Sir,

I have the honor to transmit herewith a List of Cadets who have arrived from England with Artillery Corps to be promoted to the Rank of Ensigns of Infantry from the 27th April 1803 agreeable to the Rule of 1795 — as per Letter from Stephen Lushington Esqr Secretary to the Govt of Bengal Military Department dated 27th April 1803 —

Agreeably to the Resolution of the Court of Directors of the 11th August 1803, which provides that all the various Branches of the Army shall have been completed with Officers the same for Cadets shall be regulated on their first appointment to the earliest date of Arrival of any Cadet of the same Season, I recommend that the Gentlemen be promoted to the Rank as Ensigns from the 27th of April 1803 —

By some official inaccuracy the Name of Mr. Thomas Hales has been included in any of the Lists of Cadets received from the Honble the Court of Directors — but he has produced a regular Certificate of his appointment and passage to embark in the Windham Cruizer which was brought to Madras.
