Minute of the Commander in Chief — to submit a Claim for Remuneration for extra Medical Charges incurred by the Surgeon of His Majesty's 74th Regt with Recommendation in consequence, submits also proceedings of the Medical Board for transmission to England —

1st The Commander in Chief has the honor to submit to the Board, having, some time ago, taken into consideration the Medical situation of His Majesty's 74th Regiment, — in Consequence of the strong Representation from the Surgeon of that Corps, that the Medical Allowances were totally inadequate to the

Such

Sick Expences, and that he was daily incurring amost heavy &
and Severe loss —

It scarcely need be brought to view
from the Notoriety of the Case, that the sick and wounded of &
this Regiment, amounted to very high Numbers, and that as
the Regiment still kept the Field, to the last Moment, the Sur=
-geon was obliged, at an unprecedented Charge, to support this &
great Incumbrance — & The Commander in Chief laid the &
whole Case before the Medical Board directing them, to inves=
-tigate the Matter, enquire into the receipts of allowances, the
Surgeon had received, and the Expences he had incurred —
Thereby fairly to determine the loss sustained by the Medical, &
Department of that Regement —

The Commander in Chief now submits
to the Board this fair Review, and warmly adds his Recommen=
-dation, to that of the Medical Board, that the same may meet
with the favorable consideration of Government, to be referred to the
Military Auditor Generals —

If Government be pleased to &
attend to Dr. Gallakers Prayer, he also hopes, that a few outstanding

From Do. Do. Submitting two Letters from Captain Campbell of His Majesty's 74th Regt. late Post Master to the Poonah Subsidiary force relative to Retrenchments against him.

Several Retrenchments having taken place from Captain A. B. Campbell of His Majesty's 74th Regiment, late Post Master to the Poonah Subsidiary Force, I beg leave to submit to your Lordship in Council two letters from that Officer stating the difficulty under which he labors in regard to those Retrenchments, from the impossibility of communicating on the Subject with the Resident at Poonah previous to his (Captain Campbell's) embarkation with his Regiment for Europe.

2 It appears by the orders of Major General The Honorable Sir A. Wellesely dated 20th January 1804 that the expenses of the Sappral Department of the Poonah Subsidiary Force should from that date have been defrayed by the Resident at

660,3 Fort St. George 8th " September 1805

at Poonah, all Charges subsequent to the above date under that head, were consequently retrenched by me & from the Military Accounts —

3 Captain Campbell states that he received Colonel Wallaces orders to draw the & amount of his Bills for Extra Charges from the & Paymaster in the same Manner as is done at & Hyderabad by the Postmaster of that Force, but no document is produced to support this assertain, and no communication having been made to me regard= =ing the necessity or expediency of the Extra extra & Charges being removed from the Military Depart= =ment. I can give no opinion on the subject the & Bills (with the exception of those for the Months of November and December 1804) bear Colonel & Wallace's Countersignature, and Captain Camp= bell having in the accompanying letter dated the 5th " Instant declared on honor as to the actual disbursement on account of the Public Service of

the

Fort St. George 8th September 1805—

the sums charged, Your Lordship may perhaps consider it proper to admit the Retrenchments under all the circumstances which have been stated—

The Retrenchments from Captain Campbell in the Post Office Department are as follows Vizt.

Extra. Charges

	Pos.	Fs.	C
For September 1804	70.	36.	40
" October	100.	38	— "
" November	252.	23.	— "
" December	459.	12	— "
" January 1805	461.	23.	"
Total Pagodas	1,345	6	40

exclusive of which, a fixed Monthly charge of Pagodas 87. 21— " has been passed by the Post Master General in the Civil Department, the Extra Charges alone being considered at Hyderabad a Military Charge, but owing to the beforementioned order by Sir A. Wellesely have not been considered as a Military Charge at Poonah—

Disbursements

Disbursements of Captain Billingham, because
my Abstracts were not forwarded to the Post Master
General in whose Disbursements the Charges in
Question should have appeared. I waited Yesterday
on that Gentleman, and delivered him my Abstracts
requesting at the same time that he would permit
me to draw upon him, in favor of the Station Pay-
master for the amount of Retrenchments for my
Established allowances as Post Master.

To this Arrangement he has
readily agreed, but I understand that the amount of
my Extra Charges in that Department cannot be
adjusted in the same manner, and that they must
be passed at your Office before they can be admitted.

I have therefore the honor
to enclose for Examination, the abstract upon which
I have been Retrenched, and request you will have
the goodness to authorize the Payment of them
should they appear to you to be correct.

Although

Although from unavoid-

obtained the Countersignature of the Officer Com-
manding the Poonah Subsidiary Force, yet, as
I hereby most solemnly declare upon my honor
that the amount of them was actually and
bonafide disbursed by me in the public Service, I
trust you will notwithstanding have it in
your power to pass them, as I am about to embark
for Europe with the 74th Regement and can
have no opportunity of Corresponding with

Sir

I have the honor to acknow=
=ledge the receipt of your Letter of this date informing
me that agreeably to the Orders of Major General
the Honorable Sir A. Wellesely K.B. of the 20th June
1804, the Camp Sirsal of the Poonah Subsidiary
Force was transferred to the Charge of the Resident at
Poonah, by whom all Expences were to be paid from the
1st of that Month, and that it is not therefore in
your power to admit the Extra Charges of that
Department subsequent to that date.

In reply I beg leave to state
to you that my Abstracts from the 1st June 1804,
would have been forwarded by me for adjustment to
the Resident at Poonah agreeably to the tenor of the
above order, if I had not been directed by Colonel
Wallace, to draw the Amount of them in the same

manner

manner as had always been practised by the Post-
-Master to the Hyderabad Subsidiary force.—

I should hope that on
your representing this circumstance to the Right
Honorable the Governor in Council my Abstracts
will be passed without the necessity of a Reference
to the Resident at Poonah, as it is not possible
that I can adjust them with him before the 74th
Regiment will embark for Europe.

Sir,

I request you will state to the Right Honorable the Governor in Council that in Obedience to his orders, Major Macleane the Junior Member of the Committee for adjusting the claims on the prize property captured at Seringapatam has been called on to take upon him the duties of Secretary, which situation the present state of his Health precludes his filling, and which he has declined in the manner set forth in the accompanying Copy of his letter addressed to me of yesterday's date. The avocations of the other Members of the Committee

From the President of the Committee for the adjustment of the Prize property captured at Seringapatam — stating that Major Macleane the Junior Member has declined to undertake the duties of Secretary to the Committee, in consequence of the bad state of his health; requests that a Secretary may be appointed —

Committee are such as to render it impracticable for any of them to undertake this duty, which is of particular importance inasmuch as it is connected with investigation and detail to a considerable extent. –

Thas circumstanced, I conisider it to be my duty to represent thro' you to his Lordship in Council, that on former occasions of the kind in question, the Office of Secretary to Committees for the investigation of Claims on Captured prize property, was never filled by a Member of the Committee, but by an Officer seperately and distinctly selected for that especial purpose, and I have now the honor in the name of the Committee to Solicit that his Lordship in Council will be pleased to appoint a Secretary, and if remuneration for the arduous duties which he will have to perform is deemed to be expedient, I beg leave to recommend that the expence be defrayed from the prize funds. –

I cannot conclude this

Recommendation
that measures be
taken for their re-
lief or recal.—*

In order to expedite the Move-
=ments of our Troops from the ceded Districts to
Hyderabad, Poonah, and the advanced force under
Colonel Wallace, an Establishment of Basket
Boats has for sometime past been kept up
in the ceded Districts, at the principal Ferries
of the Toombudra, which River, as well as the
Kistnah, is unfordable generally Six Months
in the year.—

This Establishment of Boats
has of late been much used; and owing to the
difficulty of procuring Boats from the Sezaul
Managers at the Ferries of the Kistnah, it has
been found necessary in some instances to trans-
=port them on Mens heads, across the Doaub,
from one River to the other.—

In

Fort St. George 13th. September 1805

In this Kind of Service, Major General Campbell Represents, that the Boats have Sustained Considerable Damage; and he is therefore anxious to obtain the Sanction of Government for Keeping up this necessary Establishment at the Public expence, by direct-ing new Boats to be made up occasionally as they may be required, and the old ones to be kept in a Constant State of Repair.—

Upon this occasion the Com-mander in Chief begs leave to State, that he entirely agrees in opinion with Major General Campbell on the Necessity of Keeping up an Establishment of Boats on the River Tumbudra; and he further takes the liberty of Suggesting, that application be made to His Highness the Nizam, for the necessary assistance to be given by his Managers, at all times when required, for the passage of our Troops acros the River Kistnah.—

The Ferries or Gyants of the Kistnah

Fort St. George 13th September 1805

Kistnah, where this assistance is most required, are as follow.—

1st The Dharoor or Dharoor Ghaut on the high road from Bellary to the Mahratta Country, by way of Beejapoor.—

2d The Callachabootra Ghaut on the high road from the Ceded Districts to Hyderabad, and to the advanced force under Colonel Wallace.—

3d The Moorcoondah Ghaut below the junction of the Tumbudra, which is upon the high road leading from Cudda= =pah to Hyderabad.—

The Board entirely agree in the opinion of the Commander in Chief regarding the expediency of maintaining a sufficient establishment of Basket Boats on the River Toombudra; and it is Resolved that the Commander in Chief be requested to give such orders as he shall deem necessary for that purpose.

Resolved that the Resident at Hydrabad be instructed conformably to the suggestion of the Commander in Chief, to make application to the Government of the Nizam on the Subject of affording the assistance which may be necessary for enabling the British Troops to cross the River Kistna.

With respect to the proposed measure of withdrawing the Troops belonging to this Coast from the Eastern Settlements, the Board conclude that the necessary arrangements will

Proceedings of the Medical Board. Submitting a Return of the Sick of the army &c. &c. for June, with Copies of two Letters from the Superintending Surgeon of the Mysore. Bad Subsidiary force. Recommendations in consequence — State thereof, & Opinion Regarding the prevalence of Disease among the Troops in Mysore. —

Fort St. George 13th. September 1805

two letters from the Superin=
=tending Surgeon of the Hyd=
=drabad Subsidiary Force,
dated the 29th. July, and 4th.
ultimo.—

Resolved that the Sug=
=gestion of the Medical
Board be referred for the
consideration of the
commander in Chief.—

3 On the Subject of
the first, the Medical Board
will only take the liberty of
observing, that it is no more
than consistent with that
attention which Mr. Kennedy
uniformly pays in providing
for, and discharging the
duties of his Department—
—and as the want of Medical
assistance, has been so se=
=verely felt with the armies
in the Field, they would
Recommend that the Me=
=dical Staff with the Corps
destined for Service in the
Deckan,

Fort St. George 13th. September 1805

Deckan, be preserved as
complete as possible.—

4 In respect to the
second letter from Mr.
Kennedy, that Gentleman
having so fully stated
Resolved that the Mi= the particulars, on the
=litary auditor General Subject which it contains,
be directed to state his the Medical Board can
opinion with respect only submit it to the con=
to the Grounds of the =sideration of his Excellency
claim Submitted by the Commander in Chief.—
Mr. Kennedy.—

5 The Medical Board
having perused the letter
from the Commander in
Chief. enclosing one from
Resolved that the Sug= Lieutenant Colonel Macleod,
=gestions of the Medical together with a Memoran=
Board Relative to the =dum from Colonel Camp=
health of the Troops =bell, and letters from Messrs.
Serving in Wynaad Assistant Surgeons Riviere,
be Gordon,

Fort St. George 13th September 1805

be referred to the Com= mander in Chief, who is requested to adopt such measures as he shall deem most ad= =visable for protecting the Troops from the = injurious effects of the Climate of that Country—

Gordon, and Palmer, Regard= =ing the prevalence of Disease in Wynnad, are of Opinion that the State of the Bayars so as to afford necessary Com= =forts, and good and wholes= =some Rice, should be reme= =died without delay.—

The Medical Board are also of Opinion that had the Mysore Regulations of= =enderting for Spirits, Cotts and Clothing for the Sick Sepoys been followed up, a great deal of the evil com= =plained of might have been prevented and parti= =cular attention should be paid to dry and warm = Barracks, as well as to the Clothing of the Troops, to = obviate

6663 Fort St. George 13th. September 1805

obviate in some degree the bad effects of Sudden vicis-
=situdes of heat and cold, in these Hilly Countries. —
y What the Surgeons have so distinctly stated regarding a removal of the Sick to warmer and dryer Situations, should be parti-
=cularly attended to, and in case any of the posts where Troops are Stationed are found upon enquiry to be places that were deserted by the Natives at this Season of the Year, they should be abandoned; and Military Operations in such Hilly and Woody Countries, con-
=fined as much as possible to the dry Months of February, March

Fort St. George 13th. September 1805

March, April, and part of May, as during these Months only, it would appear that the Inhabitants themselves have a respite from disease.

8 With respect to what Colonel Campbell states experience to have taught us, that of the propriety of keeping Troops in these Countries, even on the Situation represented; as that Officer has not Specified the fact on which his opinion is founded the Medical Board cannot coincide, Seeing no utility in keeping Troops in a Country, where they are disabled and disheartened by disease - whereas the exhilirating prospect

of

of relief, by a favorable change of Situation, would certainly have the most beneficial influence.—

9 Had the diseases been of a less serious nature or the healthy season nearer, so as to give a better prospect of recovery, the Medical Board would have had no difficulty in acquiescing in Colonel Campbell's opinion, as there are some Situations to which men may be seasoned.—

10 as it appears that the recovered native troops, on rejoining their Corps in those unhealthy parts of the Country, are very liable to Relapses of their complaints - and that those relapses become the

most

Fort St. George 13th September 1805

most troublesome cases - the Medical Board would Submit the propriety of not only removing all Sepoys whose constitutions have appeared particularly susceptible of those complaints, and suffered most from them - but of employing their future services with Corps Stationed in the low-dry Countries -

To the Secretary to the Medical Board

Madras

Sir

I have formerly had occasion to point out to the Medical Board the defective State of the Medical attendance of the 11th. Regiment Native Infantry, owing to its want of Assistant Surgeons, and to notice the inconveniences which occasionally resulted to the Service therefrom, especially when either of the Corps happened to be detached. — The only Reason which I can assign for this, is the 2. Regiments being an entire one, and having a full Surgeon present for duty. —

An Official Intimation having been received here, that it is the Intention of His Excellency the Commander in Chief, to relieve the Corps of this Force, upon the Plan of its being composed in future, not of Seperate Corps, but of three entire Regiments of Native Infantry the Board will from the fact which I have just stated

6682

Fort St. George 13th. September 1805

Stated, perceive my reason for being apprehensive, that, in point of Medical aid, the two new Regiments may soon be reduced to the Situation in which the 11th. Regiment has so long been; an Evil which it may be easier to prevent, than to Remove, when it has once happened — I therefore hope to be excused for having presented the Subject thus early, to the notice of the Medical Board. —

Sir,

In the Beginning of April last, having been called upon, by the Military Auditor

6683 Fort St. George 13th September 1805

Auditor General, to refund the Batta of my Rank as Superintending Surgeon, which I had drawn as being employed in the Field, my Reply, which was grounded upon the invariable custom of the Service, founded upon the orders both of this Government, and of the Court of Directors, was by the Military Auditor General, submitted to the Right Honorable the Governor in Council, and by him referred to the Ultimate decision of the Honorable the Court of Directors — Though thus placed under reference, I regarded the case as very far from being decided against me, and therefore applied to be indulged with a Suspension of the Refund, until the pleasure of the Honorable Court should be known, to which I have received a Reply under Date 10th of July informing me, that Government seeing no reason why this should be granted, have ordered the Refund to be carried into immediate effect.

From this decision I am naturally led

6684 Fort St. George 13th. September 1805

led to believe, that Government already anticipates
the issue most unfavorable to me, and I there=
=fore feel myself under the necessity of Request=
=ing the Medical Board, to have the goodness
to Submit to the consideration of His Excellency
the Commander in Chief, a Clause of the
General Order by Government Dated 27th. April
1804. which has eversence, had a Severe operation
upon me; and which now becomes more
distressing from the Circumstances I have
just mentioned.—

The G. O. 27th. April 1804.

by which I was promoted, discontinued at
the Same time the appointment of Staff
Surgeon; in consequence of which, all Medical
allowances for attending the Staff of this Force
immediately ceased; and as no other provision
was made for this purpose the performance of
the duty was still left to me, while the funds
for defraying the Expence were entirely withdrawn

I

Fort St. George 13th September 1805

I was therefore under the evident necessity of continu-
=ing my private Establishment of Medical Ser-
=vants, which has cost, and still continues to o-
cost me 15 Pagodas per Month, besides my
being at the Expence of carrying an assortment,
both of Medicines and of Instruments — That
I also have had an ample share, of all the o-
Expences incident to daily and pretty General
practice and prescription, the Medical Board
who know the nature of the diseases with which
I have had to contend, will be fully convinced
especially when I call to their Recollection, the
unusual proportion of Sick Officers and the o-
almost Total change of the numerous Staff
of this Force occasioned by Sickness, within the
last twelve months. —

If a Precedent should be o-
wanted, I adduce that of the late Mr. Superintend-
=ing Surgeon Anderson, who when on the o-
Field without the aid of a Staff Surgeon, o-

always

always drew a Medical allowance for the Staff which he attended - - - From this Expence Superintending Surgeons of Divisions are relieved, by their respective Garrison Sur= =geons. -

Though this Expence has been to me constant since the Date of = the above order, I felt it the less, while Re= =ceiving Batta, or while the hope remain= =ed, that it would probably fall the lighter by the Field Batta being ultimately allow= =ed. But the Grounds of this Expectation = being now in a great measure withdrawn, and the Claim itself being a just and fair one, I hope the Medical Board = will not refuse me their Support to pro= =cure an indemnification for the time past, as well as such provision, as may for the future prevent me from being a Loser by the discharge of a public duty which

now the honor to Submit his Reply on the Subject;

we are fully of opinion that the defects alluded to,
excepting that of the Howitzer, are Satisfactorily
accounted for, as being altogether unavoidable,
or trifling in their nature. —

3rd At the desire of the Garrison
Storekeeper at Canara and Goa, we have the
honor to Submit a Letter from that Gentleman,
together with Copies of the Communications
which have taken place on the Subject of a
Charge which he has made. —

4th In referring this Subject a
Second time to your Lordships consideration, we
beg to Report our opinion that two Coolies would
have amply Sufficed for the Service, as no Reason
has been assigned to explain why the Coolies,
who carried the Grain from the Granary, could
not place it in the Scales. —

To the Secretary of the Military Board
Fort St. George

Sir,

I have had the honor to
receive your Letter with its enclosures under date
the 29th. Ultimo —

In reply thereto I shall
follow the order of detail as it occurs in the Copy
of the Survey Report held upon the Stores in —
Calcutta —

The Howitzer it is Stated,
"appears to be injured in the Chase by the —
bursting

Fort St. George 13th. September 1805

bursting of a Shell, as it has two large defects in the chase 2/10 deep and from 1 to 2½ Inches long one of them 8 Inches and the other 6½ Inches from the Muzzle —

A particular Situation in the arsenal is allotted for the Serviceable Brass ordnance, and conceiving that none would be found defective in that place, I acknowledge that I did not examine them, but contented myself with appointing one of the most intelligent and dependable Conductors under my orders, for their Selection, who it appears from the Same consideration omitted to examine them likewise —

The Serge has been about 20 years in Store, the whole remaining in the arsenal has been injured by insects, in the Same manner the circumstance was stated in my Remarks both in the List to the Board and in that transmitted to Calcutta — but as this article is used only for making

Gun

Fort St. George 13th September 1805

Gun Cartridges and the injured parts can be so easily rejected when they are cut out it has been thought too expensive to have this article condemned in lots, because a part of it had sustained an unavoidable injury —

Necessity has compelled the Authorities at Madras at times to — resort to the use of Teak wood for fuzes, when Beach ones could not be obtained, and such ones being established here and not a Sufficient number of the others in Store, these were necessarily taken to complete the numbers required —

The Committee report —

"105-6 Prs Shot to be over Gauge and 689 full of holes" — to the first part of this re- =port I have to inform you that 20 of the Lascars belonging to the arsenal were em- =ployed in Ganging the Shot and perhaps they may have either in a hurry, or thro' neglect

Fort St. George 13th September 1805

neglect, passed 105 that they should not, with regard to the latter part of the report Viz: that 689 Shot were full of holes" Shot should not I conceive be rendered unserviceable for having a few holes in them and out of 75,000 Shot received in Bengal, I think the numbers rejected on that account was fortunate-ly small.—

"That 18 Barrel Staves 2 Hoops and 2 Heads were found broken," after so long a voyage and their being laden thro' a heavy surf is not at all surprising, - but how too heads could be too large is not so easily conceived, for in such a case I should be at a loss to understand how they could have been inserted into the Chimes.

The small Barrels with Rattan hoops are constructed solely for the purpos-es of packing, and that they have reached Calcutta and sustained so little injury is rather a matter of Surprize than that they should only "want small repairs".—

Upon an attentive consideration

I

6696

Fort St. George 13th September 1805

of this Survey report, I conceive the defects which have been reported except that of the Howitzer to be altogether trifling – the State of the Serge was explained in the List – the defects in the Shot are of no real detriment to their use – the Barrels were no more than articles of package – and upon the whole I believe it will be seldom found that Stores transported to Such a distance have arrived in a better State then these have done –

The orders of the Board regarding the examination and report of all Stores for the future, shall be most particularly attended to. –

Minute

6701 Fort St. George 13th. September 1805

Minute of the Military Auditor General pro-
-posing an Increased rate of Tonnage to be allowed
the Commanders of Country Vessels when trans-
-porting Military Stores from this Presidency
to the port of Masulipatam.—

The Military Auditor General
having given his attention in a particular man-
-ner to the present Rates paid per Ton to the
Masters of Country Vessels for carrying Stores
from port to port under this Presidency, is of
opinion, that the existing Rates, Viz.t Pagodas
2 per Ton is a Sufficient Remuneration for the
transportation of Stores by sea when the quantity
to be transported equals 200 Ton and upwards;
but that a reasonable increase should be
made for all quantities transported equalling
150 Ton and upwards to 200, should be paid
for at Pagodas 2¼ per Ton; between 100 and 150
Ton 2½ Pagodas per Ton, should be allowed;
from 50 to 100 Pagodas 3 per Ton; from 25 to
50 Tons, 3½ Pagodas; from 15 to 25, 4 Pagodas;

from

Fort St. George 13th. September 1805

from 10 to 15, 4½ Pagodas, and for all quantities under 10 Ton, Pagodas 5 per Ton ought to be paid.—

The above rates are to be considered as applicable to the Port of Masulipatam, which, should the Board approve, the Military Auditor General will prepare similar tables for every other port on the Coast when it is deemed occasionally expedient to send Stores by sea, regulating the proportions of Remuneration per Ton according to distances or other local circumstances appearing worthy of considera= =tion.—

These reasonable increases on the proposed rates of tonnage will secure a ready compliance at all times on the part of the Country Traders with such orders as the Military Board may have occasion from time to time to Issue Relative to the transport= =ation of Stores, and render the Service of Government in this particular branch of the Service an object worthy of their attention,

it

6703 Fort St. George 13th September 1805

it will also, the Military Auditor General is of opinion, induce the Masters of Country Vessels to be more careful of the trusts committed to them—

If the Military Board approve the Suggestions contained in this Minute, the Military Auditor General requests a Copy of it may be laid before the Right Honorable the Governor in Council with a Recommendation that the proposed Rates of Tonnage as applicable to the port of Masulipatam be adopted, and in the event of His Lordship in Council sanctioning the proposed Rates, the Military Auditor General on being furnished with a List of the other Ports to which Stores are occasionally transported by Sea, will then prepare Rates of Tonnage as applicable to those ports on the principle herein laid down according to their direc-tions from the Presidency.—

In August 1802 the Military Auditor General, by order of the Military Board took Charge of the sum of Pagodas 850 from the late

6716 Fort St. George 13th. September 1805

late Captain Hugh Mackay agent for Public Cattle for the purpose of paying it to certain Native Bullock owners who had Balances due to them from Captain Mackay's Department, of the above sum, The Military Auditor General has disbursed on Regular Receipts from the individuals as set forth in the accompanying account Current Pagodas 669. 2. 51. leaving a Balance still un= =claimed of Pagodas 180. 39. 29.—

The Military Auditor General is given to understand that the greater part of the Balance remaining in hand is likely yet to be claimed, but has deemed it to be his duty to lay a Statement of the transaction before the Board, and which if the Board see fit, may be laid before the Right Honorable the Governor in Council with a Copy of this Report.—

The Military auditor General also received by order of the Board Pagodas 50 from Lieutenant Colonel Charles Cormer formerly Commissary of Grain and Provisions during the Mysore War, being a sum of Money due to the Bullock owners who served in his Department, this Balance was delivered previous to Lieutenant Colonel Corner's departure for Europe, and has not as yet been claimed.—

Ordered that the following reply be dispatched. —

To the President and Members of the Military Board.

Gentlemen,

To the Military Board
To

Para 1

I am directed by the Right Honorable

Fort St. George 13th September 1805

Honorable the Governor in Council to acknowledge the Receipt of your Letters of the 12th 19th and 26th Ultimo, and of the 2d Instant.—

2 His Lordship in Council approves the mode which you have recommended for the disposal of the Property taken at Seringapatam, and desires that you will give the necessary orders for carrying it into effect.—

3 His Lordship in Council will submit to the Governor General in Council the explanation which you have afforded respecting the State of the Ordnance and Military Stores recently sent from this Presidency to Fort William.—

4 With respect to the Bill of the Garrison Storekeeper at Goa for Coolies employed under the orders of his Agent during the Months of October, November and December last, His Lordship in Council will not suppose that the Officer commanding the British Troops

to give the necessary Orders for carrying into effect their recommendation regarding the disposal of the Property taken at Seringapatam — their Report respecting the Ordnance lately sent to Fort William will be forwarded to that Presidency — To state distinctly their objection to the Bill of the Garrison Storekeeper at Goa for the employment of Coolies — a decision will hereafter be made known to them on the subject of augmenting the freight allowed for the transportation of property belonging to the Company — the request of the Garrison Storekeeper at the Presidency for augmentation of his Salary cannot be complied with without a reference to the Honorable Court of Directors — Bills for extraordinaries returned with the decision of Government in consequence — the purchase of two Elephants recommended by them authorized — payment of Bills &c. recommended by them has been authorised — to state their opinion regarding the two Bills of the Garrison Storekeeper in Malabar.

6725 Fort St. George 13th. September 1805

Troops at Goa can have pledged his honor to the indispensable necessity of that charge — without being able to assign a reason for his belief of that necessity. His Lordship in Council therefore directs me to desire that the nature of your objection may be distinctly stated to the Garrison Storekeeper for the information of the Commanding Officer, in order that he may afford the particular explanation which you consider to be requisite, regarding the necessity of entertaining other Coolies for weighing the Grain, than those who were employed in carrying it. —

5 The Minute and Report of the Military Auditor General on the Subject of augmenting the Freight allowed under existing Regulations have been referred to the Marine Board, and so soon as their Sentiments shall have been submitted, the decision of His Lordship in Council will be made known to you. —

The

6726 Fort St. George 13th September 1805

6 The Governor in Council is concerned that he cannot comply with the Request of the Garrison Storekeeper at the Presidency for an augmentation of his Salary, without reference to the Honorable Court of Directors.—

7 I am directed to return to you the Register of Extraordinaries for 1 May last with the decision of His Lordship in Council on the Charges annexed in the usual form—

8 His Lordship in Council is pleased to authorise the Purchase of the Two Elephants mentioned in your letter of the 2d Instant, at the Stipulated price of Seven Hundred and Fifty (750) Pagodas.

9 Authority has been given for the payment of the Bills and Advances of Money recommended in your Letters of the 12th 19th and 26th Ultimo, and of the 2d Instant, but His Lordship in Council being desirous that you should State your Opinion

Regarding

6727 Fort St. George 13th. September 1805

regarding the Two Bills of the late Garrison Storekeeper in Malabar, Submitted with your letter of the 19th. Ultimo, I have the honor by His Lordship's direction to return them to you for that purpose. —

Read the following letters from the Military Auditor General:—

To the Right Honorable
Lord William Bentinck
Governor in Council
&c. &c. &c.

My Lord

From the Military Auditor General — Reporting on the application of the Paymaster in the ceded Districts for an increase of his establishment — Reports also on the proposed distribution of Offreckonings for 1804/1. —

1 I have the honor to acknowledge the receipt of a letter from the Chief Secretary to Government, dated the 31st. Ultimo together with its enclosures. —

2 Having attentively perused the

6728 Fort St. George 13th September 1805

the application of the Paymaster on the Ceded Districts for an Increase of his Office Establish= =ment. I have no hesitation in declaring that I am of opinion his present Establishment is ample in every respect, and fully sufficient to enable him to conduct the duties required of him with promptitude and dispatch: = I am however of opinion that he should have a Comicopoly and Cashkeeper at Pagodas = Ten per month for his principal Station = (Bellary) the same as is allowed to the Paymasters at Trichinopoly, Vellore and = Masulipatam; but this can be done without incurring any additional expense, and I have accordingly the honor to inclose a Statement (Marked A) shewing the number and dis= =cription of Servants at present drawn by him at Bellary, and also a Statement shewing the number and description of Servants proposed to be allowed at the same station, which gives the Paymaster a Comicopoly and Cashkeeper

Without

Fort St. George 13th. September 1805

without lessening the number of his official Servants, or incurring any additional expense on that account. by this arrangement the Comptroller is denominated "Comptroller and Cashkeeper" and his pay is increased (in consequence of the trust to be reposed in him) from 8 to 10 Pagodas per month, and the Pay of the Head Shroff is reduced from 8 to 6 Pagodas per month, which latter sum I consider quite enough for a person of that discription. —

3 Having also attentively perused the application of the Military Paymaster General for additional Writers, &c. for the purpose of completing Duplicates of the Documents which were embarked from the Pay Department on the Honorable Company's Ship Prince of Wales, and having ascertained from the records of this Office the nature and extent of these Documents, I am of opinion that it will not be necessary to

Employ

Fort St. George 13th September 1805

employ so many people on this occasion as the Military Paymaster General has stated, and I have accordingly the honor to enclose a Statement, Marked B. shewing the number and description of persons which appear to me to be fully sufficient for the purpose required; to this Statement is added the Establishment required by the Military Paymaster General, the amount of which is

Pagodas	1736 — —
The amount of the Establishment which I have proposed is Pagodas	884 — —
Difference Pagodas	852 — —

4 Independent of the proposed Establishment it is presumed the Military Paymaster General can have the occasional assistance of his fixed Establishment, if he should find it necessary to employ them at extra hours to assist in the completion of these Documents —

5 I frequently find it necessary to

Fort St. George 13th. September 1805

to employ many of my office Servants both before and after office hours, particularly during the time the annual Military Statement is preparing, Viz.t from February to July, when many of them are constantly employed in the office (on that work) from 7 o'Clock in the Morning until between 6 and 7 in the Evening.

6 With respect to the Indent for Stationary, having before me the extent and nature of the Documents required I must conclude that the Articles indented for are indispensibly necessary to enable the Military Paymaster General to fulfil the Orders of Government, and as I have proposed that he be allowed, for the period he states, Twenty additional Writers, the same number of Chairs together with the Tables indented for should be supplied until the Service he has to perform is accomplished, when the additional Chairs and Tables should be returned to the Custody of the Town Major or Barrack Master

as

Fort St. George 13th September 1805

as public property to be reserved for such public purposes as the exigency of the service may from time to time require —

7 I have examined the proposed distribution of Off Reckonings for the year 1800/1. and have to remark thereon as follows —

8 Colonels Torrens and Delande are included in the distribution as entitled to share from the 1st January to the 31st December 1800, but, on reference to a list of Colonels entitled to share in the Off Reckoning Fund, for that Year, furnished me by the Adjutant General of the army (for the purpose of ascertaining the amount of the two thirds ordered to be paid by Government) it appears that Colonels Torrens and Delande are only entitled to share from the 17th June to the 31st December 1800, and were accordingly included in the distribution published in G. O. dated 27th May 1803. for that period only —

On

6733 Fort St George 13th September 1805

On reference to the orders of
Government communicated to me in a letter
from the Secretary in the Military Department,
dated the 23d October 1802, and the G. O. of 11th
August 1803, I am of opinion it is the inten-
tion of Government that the Profits arising
from the Store and Tent Lascar Cloathing
should be given to the Secretary to the Mili-
tary Board only up to the 6th of September
1802, on the present distribution it is stated
"at the pleasure of Government."—

I have the honor to return
the Proceedings of the Committee and the
Papers which accompanied them.—

I have the honor to be

humble Servant

&c. &c. &c.

My Lord

1 I do myself the honor to lay

before you copy of a letter and its enclosures —

from the late Medical Storekeeper at Fort St.

George, dated the 13th. Instant, relative to a —

further expense incurred on the transportation

of Medicines for the use of the Troops in the

Field amounting to Pagodas 483: 28: 74 (in

addition to the sum mentioned in my address

to your Lordship in Council, under date the 13th.

May 1805) and beg leave to solicit your Lord:

-ship's Decision thereon —

2 The late Medical Storekeeper

has detailed the circumstances which have oc:

-casioned these charges; the Bill is supported

by a Solemn Declaration upon honor of the

acting Deputy Medical Storekeeper with the —

Hydrabad

From Ditto — Submitting for sanction a charge of the late Medical storekeeper of Fort St. George, for the transportation of Medicines for the use of the Troops in the Field ... a loss in exchange sustained by the 4th. Regiment of Native Cavalry reported, with observations in consequence —

6739 Fort St. George 13th September 1805

Hydrabad Subsidiary Force, and a Certificate from the Superintending Surgeon with that Force, stating that "the sums were expended for the Specific purposes for which they are drawn, and that the rates" "of hire were settled with the sanction of the Commanding Officer of the Force after the most careful" "enquiry and at the lowest rates that could be obtained" this Certificate is countersigned by the late Colonel Haliburton. —

3 I also do myself the honor to lay before you copy of a letter from Lieutenant Colonel Floyer, Commanding the 4th Regiment Native Cavalry, of this date, relative to the Loss sustained by that Regiment at Cannatore in the exchange of Coins issued by the Paymaster in the Ceded Districts in payment of the Regimental Abstracts in arrears for May and advance for June —

4 It appears from the circumstances stated in this letter that the Abstracts had been delivered in to the Paymaster in the Ceded Districts, that the necessary steps had been taken

for

Fort St. George 13th September 1805

for the payment of them previous to the March of the corps for the Carnatic; and that the Guard which was sent for the money, did not reach the corps until after its arrival at Cannatore.—

5 Under these explanations it may perhaps be your Lordships pleasure to — authorize the payment of the loss sustained by this corps on the above account, Amounting to Pagodas 174: 7. 70. on a Bill supported by a Solemn Declaration upon honor of the Officer who Commanded the Regiment at the time.—

To the Military Auditor General

Sir

Having found that the Bills for Extra Cooly hire with which I had the honor to address you on the Month of —

May

6741 Fort St. George 13th. September 1805

May last, did not comprise the whole amount of advances made on this account by the Deputy Medical Storekeeper to the armies in advance. Herewith beg leave to enclose a Regular and authenticated account of the Sum Total of these Charges amounting to Pagodas 1361. 15. 34 and on which included Pagodas 877. 31. 00 already drawn in my accounts under the previous Sanction of Government communicated to me by your Office.

The immense distance from the Presidency, the extreme uncertainty of these Forces as to Situation, the very long detention of the Coolies at some of the Stations on the Road for Escort, and the arduous nature of the Service on which the Troops requiring these Supplies were employed, are circumstances which have all concurred to render the Charges in question unavoidable. To the best of my judgement and belief they are perfectly regular and correct.

If the remaining Balance

F

6742 Fort St. George 13th. September 1805

of the account Pagodas 483. 28. 74 is to be drawn, in my reason the whole amount can be repaid by me to the order of the Paymaster to the Subsidiary Force who has already made the advance - or that Balance with your approbation may be included in the accounts of my Successor the present Medical Storekeeper into whose hands may also be paid that part of the account already drawn by me for him to adjust the final arrangement with the Parties in Camp. —

To the Military Auditor General

Sir

His Excellency the Commander in Chief having been pleased to transmit me a copy of your letter to Government on the subject of my Representation of the loss that the 4th. Regiment of Native Cavalry had sustained from the Coins which were issued in payment

L

6747 Fort St. George 13th. September 1805.

of the Abstracts for Arrears for May and advance for June, I take the liberty of stating the fact to you which I have not a doubt will induce you to represent the case again to Government and obtain that remuneration which I conscientiously think ought to be made to them.—

At the time that the 4th. Regiment was ordered to the Carnatic, the Officer then in Command of it, had agreeable to Regulations sent the Abstracts for Pay &c. to the Paymaster at Bellary, and he was ordered by Major General Campbell Commanding in the Ceded Districts to send a Treasure Guard to Cuddapah to receive the amount of the Abstracts, which he did — and this Guard brought the Money from thence to Cannanore Eight or ten days after the Regiment had arrived there — The Abstracts having been examined by the Paymaster in the Ceded Districts and an order having been given by him for the Payment of them — the Officer Commanding the 4th. Regiment could not apply to the Paymaster

at

at Vellore for payment of those Months, not with-
-standing the Regiment were in very great distress-

To the Right Honorable
Lord William Bentinck
Governor in Council
&c. &c. &c.

My Lord

From the Military auditor General Submitting his report on Retrenchments against Mr. Surgeon Steddy and on an application from Lieutenant Belingham late Paymaster to the Poonah Subsidiary force for an Establishment of Servants to adjust his accounts ——— reports also on the Claim of Mr. Balfours and States the discontinuance of the office establishment of the late Extra Battalions. ———

1 I have the honor to acknowledge the receipt of three letters from the Chief Secretary to Government (in the Military Department,) dated the 12th 14th and 17th ultimo together with their several enclosures, and to report as follows ——

2 The Retrenchments alluded to in Mr. Surgeon Steddys address to the Military Secretary to His Excellency The Commander in Chief were referred to the consideration of Government on the 31st January 1803, along with other objectionable charges in the accounts of Mr. H. Vaughan, formerly Paymaster at Dendigul, and confirmed, being overcharges. ——

3 On looking over the records of this office I find that this Gentlemans allowances for attending the Collector of Polygar Peishcush were referred

Fort St. George 13th. September 1805

referred to the Military auditor General (Colonel H. Malcolm) on the 2nd. January 1795, for report- a copy of that report I have the honor to enclose (No. 1) from which it would appear the decision of Govern- -ment on Mr. Steddy's allowances (as communicat- -ed to him by Mr. Secretary Jackson on the 14th. January 1795) was founded; agreeably to that Decision the charges have been admitted on audit and Re audit, Viz.t. Pagodas 10 per month for Medical Expenditure, Pagodas 10 per month for Medical Servants and the difference between the half and full Batta of his rank to defray travel- -ling Expenses, which, agreeably to the letter from Mr. Secretary Jackson, above alluded to, were to be considered in full for every expense; consequently Mr. Steddy can have no further claim on the public on that account, the allowances granted to him having been already admitted in full as before mentioned: the Retrenchments in question cannot therefore be removed.

4 If Mr. Vaughan neglected to

make

Fort St. George 13th. September 1805

make the necessary communications to Mr. Steddy relative to these Retrenchments, he certainly has omitted a very particular and essential part of his duty.—

5 Having attentively considered the application of Lieutenant Bellingham, late Paymaster to the Poonah Subsidiary Force for an Establishment of Servants to enable him to adjust the accounts of that Department, I am of opinion he may be allowed to draw for six Months, Vizt. from the 1st. of June (when his Paymastership ceased) to the 30th. November next, the sum of Fifty Pagodas per month, and for six months more, Vizt. from the 1st. December to the 31st. May 1806 the sum of Pagodas Twenty five per month, which, I am persuaded, he will find fully sufficient to enable him to complete the whole of his accounts for transmission to this Office for adjustment.—

6 Lieutenant Bellingham states that he will only want the assistance of the people

he

Fort St. George 13th. September 1805

he proposed for two months from the 1st. august;
I am however clearly of opinion, from the situation
of his accounts at the close of his Paymastership, and
the nature of them, that it will not be possible for
him to complete his accounts and the whole of the
replies to the Retrenchments from his Disbursements
for transmission to this Office within a much longer
period, and have accordingly given him twelve
months for that purpose —

7 The Establishment which I have
proposed, as above, amounts, in the aggregate to
Pag.s 450 — — That stated in Lieutenant Belling-
-hams application amounts to about Pag.s 800;
difference in favor of the Public, Pagodas 350 — — —

8 With respect to the claim of Mr.
Balfour, referred to me (as suggested by His Excel-
-lency the Commander in Chief) in order to ascer-
-tain (by former precedent to what extent that
claim may be admitted, I have the honor to state
that I perfectly coincide in opinion with His Excellency
that the Staff employment held by the late John
Balfour

6758 Fort St. George 13th. September 1805

Balfour in the Engineer's Department, together
with the very favorable testimonials of his services
and character (as set forth in the papers which
accompanied the Petition) appears to give the
Widow a superior claim

The situation held by the late
9
John Balfour in the Engineers Department —
with the army under Marquis Cornwallis in 1791
May, with great propriety, be classed with that
of a Conductor of Stores, particularly as the Pay
and Batta he received at that time nearly equalled
in amount, what was then allowed to Conductors
of Stores in the Field, if your Lordship in Council
should view the matter in this light, it may —
perhaps be your pleasure to grant the Widow a
pension equal to that established for the Widows
of Conductors of Stores, Viz.t. five fanams and —
twenty Cash per day, or Rup.s 3. 31. 40 for a Month
of 30 days. —

10 For your Lordships more par-
-ticular information I beg leave to state that

Mrs

6759 Fort St. George 13th. September 1805

Mrs. Turner, Widow of the late Colen. Turner, formerly a Serjeant Major in a Native Corps, but who at the time of his death held the appointment of Adjutant to the 1st. Madras Battalion, without a Commission), was granted a pension of Five Pagodas per month by order of Government, under date the 29th. July 1802, and that I am not aware of their being any material differ= =ence in point of rank between the Situations held by Colen. Turner and John Balfour in the Honorable Company's Service. —

I take this occasion of Report= =ing to your Lordship in Council, that, in conse= =quence of the reduction of the late Six Extra Bat= =talions of Native Infantry, I have given the necessary directions for discontinuing, from the 31st. Ultimo, the Charge for Office Establishments at the different Stations where they were directed to be raised; these Establishments having been granted for the express purpose of making pay= =ments to them. —

Fort William

My Lord,

We have duly received Mr. Secretary Brown's Letter dated the 16th May transmitting for our information a Copy of a Letter from the Chief Secretary to the Government at Fort St. George dated the 23d of April 1805, accompanied with Copies of the Papers referred to in it respecting the Rice lately consigned from

Fort St. George 13th September 1805

from Bengal for the Service of that Presidency.—

2 In consequence of the observations made by the Military Board at Fort St. George in their Letter to the Governor in Council at that Presidency dated the 8th of April, respecting the wastage in the quantity of Rice consigned to Madras on Donnies, and the high cost and freight paid for the further quantity of that article forwarded on the Ships engaged by the Marine Board of Fort William for two trips, we considered it to be proper to transmit, for their respective information, copies of the several papers abovementioned, to the Marine Board by whom the Tonnage for the conveyance of all the Rice alluded to had been procured, and to the Sub Export Warehouse Keeper by whom the Rice had been purchased; and we have now the honor to lay before your Excellency in Council, copies of the replies, as noted in the margin, which have been received by us.—

+ Secretary to the Marine Board dated 1st July 1805 and one enclosure Sub. E.W. Keeper dated 13th July 1805.—

From

Fort St. George 13th September 1805.

From the correspondence of the Marine Board with Mr. Robert Lawson, with whom a Contract had been concluded by that Board for the conveyance of the Rice consigned on Dhonies to Fort St. George, it appears that, under the Special agreement made with Mr. Lawson regarding the delivery at Madras of the Rice laden on the Dhonies furnished by him, Viz.t. "That if the wastage were less than 3 per Cent. "the whole quantity should be delivered notwith- "=standing the allowance made as above for "wastage," Mr. Crith, the person appointed by Mr. Lawson to superintend the delivery at Madras of the Rice laden on the Dhonies, repeatedly en- =deavoured to prevent the Syrangs of the Dhonies from appropriating to themselves the quantity which they had withheld, until he was pre- =vented by the interference of the Head Debash of the Garrison Storekeeper's office from using any further endeavours for that purpose.—

4 With regard to the high rate

of

Fort St. George 13th. September 1805

of freight paid for the Rice consigned to Fort St.
George on the Ships engaged by the Marine Board
for two trips, compared with the rate of freight
paid for the Rice consigned to that Presidency
on Dhonies, we beg leave to refer your Excellency
in Council to the accompanying Extracts from
the Proceedings of the Marine Board, dated the
13th. 16th. and 20th. of February last, adverted to
in the 7th. Paragraph of our address of the 13th.
March, which shew the measures adopted by
the Marine Board on that occasion for the
purpose of obtaining the freight on the lowest
terms procurable, and to observe to your Excel:
: lency in Council that at the period when the
Ships alluded to were engaged, Dhonies were
not procurable, and that if Dhonies could
have been procured, the advance of the season
would have prevented the Marine Board from
engaging them, and that the Marine Board
were consequently under the necessity of employ:
: ing Ships for the conveyance of the Rice to

Madras

6777 Fort St. George 13th September 1805

Madras —

5 Respecting the high cost at which the Rice provided for the Service of Fort St. George is stated by the Military Board at that Presidency to have been purchased, it appears by the Sub Export Warehouse Keepers letter above mentioned that the Rice was obtained on as favorable terms as the State of the Market would admit; that the large quantities of Rice purchased by him for the service of the Government of Fort St. George, and by individuals for consignment to Madras and Bombay, unavoidably raised the price of that article, but that the average rate of his purchases for Fort St. George was only one anna per Maund higher than the average Bazar rates of Rice prior to his purchases: and that the Charges of packing and shipping the Rice were the same as had been incurred for many years past. —

Sir

I am directed by the Marine Board, to transmit to you the accompanying Extract from a Letter from the Military Board, at Fort St. George, dated the 8th of April last, relative to the Syrangs having kept a part of the Rice allowed for wastage, for such observations as you may have to offer thereupon.—

John Shore Esq.r

Sir

I have to acknowledge the receipt of your Letter of the 3d. Instant, enclosing an Extract from a Letter from the Military Board at Fort St. George respecting the delivery of the Honorable Company's Rice laden on

Several

Fort St. George 13th September 1805

several Dhonies in the Month of December last.—

The two Dhonies stated in the Boards letter to be missing, are now arrived, and herewith I have the pleasure to trans:- mit Certificates of delivery of their Cargoes — which together with the Certificates transmitted to your Office on the 28th of March and the 15th of April last compleates the delivery of 56256 Bags.—

The Cargo of Dhoney No. 261 being delivered at Vizagapatam was owing to very Severe weather. The particulars of which Protests &c. shall be laid before the Board.—

The above delivery is within the allowance of three per Cent deducted for Wastage &c. which is constantly allowed to Dhonies, and all Vessels of that description, being obliged to start a considerable part of their Cargoes in the Hold.—

Mr. Erith was sent to Madras on my part early in January to Superintend the

Fort St. George 13th September 1805

the delivery of Rice laden on the Dhonies, and to see that Justice was done the Honorable Com: pany in the delivery of their Grain.—

The Contractor for Dhonies employed Mr. Erith at high wages with a view to have the delivery of Grain made as Satisfactory as possible, and had the Management of the Dhonies and the delivery of their Cargoes, been left to him. He would no doubt have accomplished the views of his employer to the Satisfaction of all parties.—

On Mr. Erith's commencing the delivery of the first Cargoes that arrived at Madras he detected the Serangs in their short delivery of three per Cent, which occasioned a dispute between him, and the Owners of the Dhonies. The affair was referred to the Magistrates of Police and the Storekeeper, who gave it as their opinion, that the whole of the grain on board should be delivered, and ordered, two of the Serangs into con: finement, untill they made good the deficiency.—

Mr

6782 Fort St. George 13th. September 1805

Mr. Erith at this time conceived he had overcome all difficulties and the Serangs appeared to be satisfied for some days untill a combination took place between the People belonging to the Garrison Storekeepers Office, Serangs and Black Agents in order to enfarce the custom of short delivery of the three per Cent allowed for Wastage. Mr. Erith again applied to the Garrison Storekeeper and to the Magestrates for assistance in this affair, when it was agreed that the Bill of Lading should not be delivered to the Serangs of the Dhonies, without Mr. Eriths being acquainted, or the Serangs making good the difficiency this business the Garrison Storekeeper took upon himself to manage: after this arrange: ment took place the delivery went on untill they had discharged about Twenty five Vessels when to Mr. Eriths astonishment, the Dhonies were discharged by the Head Dobash in the Garrison Storekeepers Office Name (Vencaty Rungepally) without Mr. Eriths knowledge,

and

Fort St. George 13th September 1805

and the Bills of Lading were given to the Serangs — contrary to Mr. Erith's desire which deprived Mr. Erith of the Power he otherwise would have had of enforcing the full delivery —

The Head Dobash had the entire management of the delivery and receipt of the Rice and informed the Syrangs that they had nothing to do with Mr. E. that he / the Dobash would discharge them of all claims either from the Contractor, or the Honorable Company, which he effectually did by giving up the Bills of Lading. —

Three per Cent is invariably allow: :ed and deducted from the Cargoes of all Ships and Country Craft. —

No. 3

Extract from the Proceedings of the Marine Board under date the 1st July 1805. —

The Board observe that under the

6784 Fort St. George 13th September 1805

the Special agreement made with Mr. Lawson, regarding the delivery at Madras of the Rice laden on the Dhonies furnished by him "if the wastage "were less than three per cent the whole quantity "shall be delivered notwithstanding the allowance "made as above for Wastage," and it appears that Mr. C with the person appointed by Mr. Lawson to Superintend the delivery at Madras of the Rice laden on the Dhonies, fully understood the nature of the preceding condition, since he repeatedly endeavoured to prevent the Syrangs of the Dhonies from appropriating to themselves the quantity which they had withheld untill he was prevented by the interference of the head Dobash of the Garrison Storekeeper's Office from using any further endeavours for that purpose.—

The Board are of opinion that before a final decision can be passed on the question, whether the short delivery of three per cent retained by the Syrangs on account of Wastage can be allowed to Mr. Lawson, a Report should

 Fort St. George 13th. September 1805

should be received from Madras to the represen:
=tation made on that Subject.—

Agreed that a copy of the corres:
=pondence which has passed between the Board
and Mr. Lawson on the Subject of the Wastage
of the Rice consigned on Dhonies to Fort St.
George and of the preceding observations be sent
to the Board of Trade, in reply to their letter
of the 24th. May last, transmitting a letter from
the Military Board at Madras on the Subject
of the different consignments of Rice lately
sent to that Presidency, and that it be at the
same time observed to the Board of Trade,
that with regard to the price paid for the Rice
laden on the Ships taken up for two trips to
Madras on comparison with the price charged for
the Rice consigned to that Presidency on Dhonies—
the Board at the period when the Ships alluded
to were taken up could not procure Dhonies.
but could Dhonies have been obtained at that
time. the Board on account of the advance of

the

6786 Fort St. George 13th September 1805

the Season of the year could not have engaged them,
that the Board consequently were under the necessity
of employing Ships for the conveyance of the Rice
to Madras, and that the Board's Proceedings, of w
which a copy has already been sent to the Board
of Trade, fully state the measures adopted by the
Board on that occasion for the purpose of obtaining
the Freight on the lowest terms procurable.—

Sir

1 I have to acknowledge the
receipt of a Letter from the Secretary to the Board
of Trade, under date the 24th of May, together with
the Papers mentioned to accompany it.—

The Remarks made by
2 the Military Board at Fort St. George on a
Letter

6787 Fort St. George 13th. September 1805

Letter addressed by them to the Right Honorable the Governor in Council at that Presidency re:
garding the high cost and charges of the consign:
ments of Rice shipped from hence for the
Service of that Government appearing to call
for some observations from this Department
I beg leave to state to you for the information
of the Board of Trade, that the Rice provided by
me was obtained on as favorable Terms as the
State of the Market would admit. The average
Price of the Rice purchased by me is shewn in
the Margin. The charges of Packing and Ship:
ping have been invariably the same for many
years past. —

Moggy Rice 1.7 7/8 Bmo
Balam Do 1.6 7 Do
Raree Do 1.5 Ditto

3 Previously to my commencing
the first purchases the Price of Moggy Rice in
the Calcutta Bazar was 1 r. 6 a. per Bazar Maund
of Balam 1 r. 5 a. and of Raree 1 r. 4 a. per Bazar
Maund — The quantity required for the Service of
the Government of Fort St. George, added to the
purchases of this article which were then making

by

Fort St. George 13th. September 1805

by individuals for consignments to Madras and Bombay tended collectively to raise its price in the Market and this price was kept up by the Purchases subsequently made by me, to com-plete the 2d. and 3d. consignment of Rice for the Service of Fort St. George.—

Of the quality of the Rice

4 shipped from hence for the Service of the Govern-ment of Fort St. George, no complaint to my knowledge has been made, except what is stated by the Merchant Inhabitants of Masulipatam respecting the quality and state of the Cargoes of two Dhonies which were con-signed to Madras with grain, but had been obliged, owing to stress of Weather to put into Masulipatam, where they discharged their Car-goes the Merchant Inhabitants state that "the Rice is in good condition but cannot be "fit to keep in Godowns upwards of three Months "The Rice being of the last years crop, and "included with Dust and Worms," In reply

to

Fort St. George 13th September 1805

to this Remark on the part of the Merchants, I have to observe, that the Rice was of the last years Crop, and had not been a Month in the Godowns when I purchased it, and that it is well known Moogy Rice will keep good Eighteen Months Moogy Rice has always more or less a quantity of Dust mixed with it, this circumstance however is so far from being an Objection that it is the best possible preservative to the Grain. There were no Worms in the Rice when shipped from hence, I therefore conclude they got into the Bags after they were on Board the Dhonies —

The Right Honorable
Lord William Cavendish Bentinck
Governor in Council &c. &c. &c.
Fort St. George.

From the Envoy at Goa. Respecting the allowances of his Secretary—

My Lord,

On the 16th of April last year
Lieutenant

6810 Fort St. George 13th. September 1805

Lieutenant Dillon who held the Situation of —
Secretary at Goa was obliged to proceed to Europe
on a Sick Certificate, and I recommended to
the Government of Fort St. George under whose
authority this Garrison was then Serving, Captain
Charles William Clarke to Succeed him. Lieute-
-nant General Stuart thro' whom I sent the
Recommendation, returnd it to me advising
me, as he considered the Situation a Civil one,
to recommend Captain Clarke accordingly;
I did so, and he stands appointed by your —
Lordship in Council by an order under date the
30th. July 1804. and of which I have the honor
to enclose Copy. —

A.

I consulted different autho-
-rities to discover how and on whom Captain —
Clarke should draw his allowances, and I was
advised to apply to the Supreme Government,
which I did but without effect — Captain —
Clarke has never been one month absent from
his duty since his appointment, and when I lately

obtained

obtained permission to proceed to Sea for the benefit of my Health, Captain Clarke was appointed by order of His Excellency the Governor General in Coun-cil to act as Envoy in my absence, as your Lord-ship will perceive by the accompanying Copy of a Letter addressed to Captain Clarke by the Secretary to Government in the Political Depart-ment at Fort William. I earnestly request that your Lordship will be pleased to order that the Arrear of allowances due to Captain Clarke as Secre-tary may be discharged and that he may be considered on the same footing as Secretaries to Residencies under your Lordships authority, other-wise the appointment which your Lordship con-ferred upon him will have been attended with much trouble and responsibility, without any Emolument, but on the contrary with considerable loss, as on being recommended for the Situation of Secretary he resigned that of Brigade Major to the Troops at Goa. It is proper I should acquaint your Lordship that ever since the formation of

the

6812 Fort St. George 13th September 1805

the Portuguese Grenadier Battalion Captain Clarke has without requiring any additional allowances, or having the possibility of deriving any pecuniary advantage, superintended the economy and accounts of the Battalion. —

Sir,

I Request you will acquaint Major General Campbell that the Tiling of the Hospital of His Majestys 22nd Regiment of Light Dragoons is much in want of Repair, and that whenever there is a heavy Shower of Rain, the water comes through in all parts upon the Sick — I wish therefore the General would be pleased to give

the

the necessary Directions for the Repairs —

Colonel 22d Regt. L. Dns.

To Major General Campbell

Commanding &c. &c. &c.

Bellary

Sir

In obedience to your orders I have examined the State of the Hospital occupied by the Sick of His Majestys 22nd. Regement of — Dragoons - and find the Roof in so bad a State that during every shower of Rain the water comes through it - in Several Places, to Such a Degree, that the cots and Sick - under them, are obliged to be Re: - moved to other parts of the Hospital and in — every part more or less - so that every cot is in Some degree Wetted. —

The cause of this defect appears to be first from the extreme badness of the flat Tiles -

a

6831 Fort St George 13th September 1805

a defect common to every building in Bellary in which they are used - they cannot be made in this place of sufficient goodness, to be of any use, as they crumble to pieces with the slightest moisture and in fact are little better than dried clay - though various trials have been made to improve them. —

Secondly from some Palmiraks having bent, and deranged and broken the Pan - Tiles and Chunam Borders - and thirdly from the Verandah on the west front - which was added after the building was completed having sunk or given from the Roof of the Hospital. —

The only way in which this can be remedied, is by removing the whole of the - Tiles and upper Work of the roof - adding a few Palmiraks and replacing the present Pan Tiles, which are very good, with such new ones as may be required - upon double Bamboo Matts instead of Flat Tiles - which I am of opinion would fully answer the purpose. —

I have the honor to enclose an

Estimate

6832 Fort St. George 13th. September 1805

Estimate of the Expence — and beg leave to mention that the work should be executed as early as possible, as the water coming in, as at present will quickly injure the Timber Work of the roofs — The roofs of the bookrooms of the Barracks, being in a very bad state — and receiving daily more injury from the admission of Water. —

I have added the Repairs required to them, in a Separate Article in the accompanying Estimate. —

taken from the General Return of the 31st. of
December 1800 - By this means all who ought
to have received it, and have not from whatever
cause, will have their due lodged in the Treasury,
and claimable from Government.

Regarding the deficient Re-
-ceipts of Invalid Clothing, stated in your letter
of the 11th. Instant, which appears to have been
dispatched, but the receipt not acknowledged,
the Several Garrisons will be written to regard-
-ing it. But to prevent unnecessary delay,
you are permitted to pass the account for
these Articles of Clothing on an Engagement
from the Contractor, to make them good should
they appear not to have been delivered.

The nine Jackets for Eu-
-ropean Infantry and Artillery Invalids
particularly mentioned in that letter as having
been returned to the Contractor from the death
or Removal of those for whom it was made
may also be paid for. Mr. Dennison being

held

Sir

With your letter of 6th April I re-
- ceived the abstract of Clothing delivered to the -
Store and Pent Lascars, as also of money paid in
lieu of Clothing - It is merely the business of the -
Committee to give credit for such Clothing as is
delivered on Indent and receipt, and paid for,

but

In the investigation of the
Clothing accounts for 1800. I. there appears two
circumstances that require the decision of Govern-
-ment.

6867 Fort St George 13th September 1805

Government —

1st Clothing Issued to the Wurtemberg Company Sepr 1797 11: 20 In which it appears no Stoppages has been made, or included in the Computation furnished from the Office of audit —

I therefore request to know whether such Sum may be carried to the Credit of the Off. Recconing Fund, as it is debited with so much on the Agents account —

2nd Stoppages are carried to the credit of the Fund for Native artillery being Rupees 223: 19: 60 and it does not appear that Cloathing was furnished by the Contractor —

I therefore request to know whether the amount of Stoppages as above shall be given to the Officer Commanding the Company as I presume he furnished the Cloathing for His Company —

I Request you will Submit this Letter to His Excellency the Commander in Chief, in order to obtain the decision of Government,

considered as founded in Justice.—

It may be proper to remark of the Receipts transmitted from Paymasters at out Stations, Some of them are Erroneously calculated at 42 instead of 45 fanams, but as my Contract with Government runs at 45 fanams I have consequently adopted that Calculation through the whole of my account— The same Error likewise prevails in the Statement furnished by the Military Paymaster General.—

Among the Enclosures. I have likewise Sent the original account from the Import Warehouse Keeper Amounting to Pags. 49. 833- 41- 5. with which Sum Government is duly Credited.—

For the 73 Hats due to a Detachment of the 1st. Battalion Artillery, at Trichinopoly I have not given Credit in account. The Taylor Maistry having Same Hats remaining on hands, has undertaken for the delivery of them.— for the due performance of which

Sir

Since my letter of 23d. Instant the Contractor for Clothing 1800. 1. has furnished a State-ment and authorized Charge for Clothing the Company of Native Artillery, and which amount exceeds the Calculation of Stoppages Vizt.—

Charge for Clothing the Company of N. Artillery	319		
Amount of Stoppages as per Military Auditor Generals Com-putation	223	19	10
Rs Pags.	95	25	70

From which circumstance I beg to have instructions for the Committee whether the Balance shall remain

6876 Fort St. George 13th. September 1805

Remain Charged to Government —

The Contractor has presented a Bill for extra Cart Hire, with Clothing obliged to follow the Army from Seringapatam to Hurryhur and Anagoondah - and from Chittledroog to Hydrabad - occasioned by the Removal of Corps. I shall herewith transmit his Statement Amount Pag.e 348-

On this Charge the Committee cannot decide but hope for the decision of His Excellency the Commander in Chief - Such circumstance certainly was not taken into calculation for transporting the Clothing above the Ghauts. —

If such Charge is to be allowed the Contractor, It will be necessary to ascertain whether this Sum is to stand Charged to Government, or to be deducted from the Off.g Reckoning Fund. —

In the account current of Mr. Dennison Contractor there appears a very considerable difference in the Amount of Cloth

&c.

6877 Fort St. George 13th. September 1805

&c. Supplied from Import Warehouse, by the account furnished by him, and the Statement furnished from the Office of the Military Paymaster General thro' the Military Auditor General as a check for the Committee on the Contractor's accounts, Viz.t Amount of Cloths &c. Sir

In reply to your several queries regarding doubtful points in the adjustment of the Off Reckoning Fund for 1800/1. I have now to communicate for your Guidance the determination of Government. —

1st. The Wurtemberg Company not being included in the computation of Stoppages, the Charge for Cloathing that Company forms no claim

On

on the Fund; it is to be paid as a seperate account by Government.—

2d. The excess of Charge for Clothing the Native Artillery, is to be defrayed by Govern=ment.—

3d. The amount of Off Reckonings which would have been allotted to Major General Gent as Colonel of the 1st. Battalion of Artillery, had he not been under Suspension, must, as in the former year, be allotted to Major Ge=neral Smith - for the whole year.—

The Charge for extra Cart Hire for the conveyance of Cloathing to Stations be=yond the limits of the territory in which Mr. Dennison contracted to deliver it, and for follow=ing Corps which had moved from their fixed Station to others at a more remote distance, is to be Charged to Government and not admitted as a Charge against the Fund.—

To George Buxhan Esqr.

Chief Secretary to the Government

of Fort St. George

Sir

From the Chief Secretary to the Government at Fort William — relative to the conveyance to that Presidency of the two Regiments expected from England —

I am directed by the Vice — President in Council to request that you will Suggest for the consideration of the Right — Honorable the Governor in Council of Fort St. George the expediency of employing for the conveyance to Bengal of the two Regiments expected from England any of the Honorable Company's Ships consigned to Madras for which no Cargoes — shall have been provided, if this can be done with advantage in preference to the measure of engaging private Tonnage as desired in — the letter from this Government dated the 19th Instant. —

2 . The Right Honorable the Governor in Council will be pleased to exercise

his

Fort St. George 13th. September 1805

his judgment on this question, adverting to the urgent necessity of providing for the arrival of the Regiments at this Settlement before the Season shall be so far advanced as to protract their voyage up the Bay of Bengal—

I am also directed to request

3

that application may be made to His Excellency Rear admiral Sir Edward Pellew to afford the protection of Convoy to the Vessels on which the Regiments may embark on their passage from Fort St. George to this Port.—

From the Resident at

I have the honor to enclose for the information

Fort St. George. 13th September 1805

at Hydrabad — relative to the dis=posal of the Con=demned arms lately belonging to the 4 Battalions in advance. —

information of the Right Honorable the Governor in Council, Copy of a Letter from the Officer Com=manding the part of the Subsidiary Force in advance, together with Copy of my Reply to the Same. —

On the expediency of disposing of the condemned Arms of the four native Batta=lions in advance it is for his Lordship in Council to determine, and I have only therefore to observe, that if no insurmountable objection exists against the measure, a compliance with the desire of Rajah Mahiput Ram is desi=rable, not only as affording an immediate supply of cash to the Paymaster of the Sub=sidiary Force, but as conducive to the effe=ciency of the Infantry Corps under Rajah Mahiput Ram whose conduct as comman=der of His Highness the Soobahdars Con=tingent has invariably been such, as to entitle him to every proper mark of confidence and liberal consideration from the British Government

I have to inform you that the four Sepoy Battalions at present in advance are to receive new Arms and Accoutrements — and by this time I expect they are on the Road from Hyderabad to Camp, and that Rajah Mohipat Ram has applied to me to purchase the old Arms at the Honorable Company's Price, as I cannot take upon myself to give

Sir

Having had the honor of laying before the Travancore Government the just claim that you have preferred for arrears of Pay due to you since your departure from this Country agreeably to a promise voluntarily made to that effect by the late Rajah and Dewan of Travancore, I have the satisfaction of informing you that the claim has been cheerfully admitted, and that the full amount of your demand will be forthwith discharged in the mode that may appear mutually eligible and convenient.—

2 While conveying to you this intimation, I am at the same time requested by His Highness the Rajah, to signify

the

the high sense which His Highness entertains, of the Zeal, energy, and gallantry by which your conduct was uniformly distinguished, while in command of the Troops of the Travancore State, that were placed by his late Highness under your orders.—

3 Strongly impressed as the Rajah is, with Sentiments of gratitude, for the advantages derived to the State of Travancore, on Various occasions through your exertions, His Highness would be disposed to continue the allowance made to you, by authority of the late Rajah did any probability exist, that his Highness would have occasion, in future, to avail himself of your useful Services; but His Highness not deeming this to be probable, under any circumstances has therefore requested me to apprise you, that you are now released, from the —

promise

promise exacted from you, by the late Dewan, namely, "to hold yourself in readiness to return to your Station in Travancore, on the Return of Peace between Great Britain and France." the Rajah requesting you to consider this Release, as determining the future Relation, between you and the State of Travancore, as His Highness has already intimated to the proper Officers of his Government, that the allowances hitherto granted to you, upon the ground of that promise are hence forward to cease and determine.

Under this adjustment, it is a Subject of much Satisfaction to Reflect, that your Removal from your Station in Travancore, under authority from the British Government, altho rendered necessary by Circumstances, has not tended, in any material degree, to injure or diminish your property and Comforts.

Received the following Letter

Fort St. George

August 24th 1805.

Sir,

From the Commander in Chief Recommendation Regarding the Return of the Troops of this Establishment serving at Malacca.—

I have the Honor to reply to that part of the Extract from the Minutes of Consultation of the 16th August 1805, which Contains the Representation from Captain Farquhar Commanding at Malacca, that the Departure of Lieutenant Shute 23rd Regiment Native Infantry will reduce the Number of Officers to two, so low, that a Court Martial Cannot be held.

I am apprehensive that Lieutenant Shute who in no Shape belongs to the Detachment at Malacca, may have already taken his Departure, but should that not prove the Case, he may be permitted to remain until the whole of the Detachment, from this Presidency receive Orders to return.—

I avail myself of this opportunity to earnestly request that Communication may immediately take place with the Government of Bengal to restore these Scattered

The following Minutes of the Commander in Chief are ordered to be recorded.-

Minute of the Commander in Chief.-

Minute of the Commander in Chief submitting Copies of a letter & from the Officer Commanding the 2nd Battalion of the 1st Regiment in Wynaad & Relative to the distressing State of that Corps from Sickness and other Causes. & recommendation in Consequence.

It is with much Concern that I submit to the Consideration of the Board the Copy of a letter and enclosures from the Officer Commanding the 2nd Battalion of the 1st Regiment of Native Infantry stationed in Wynaad, Conveying a most distressing picture of the melancholy State of that Corps. from Sickness, and the want of all the Comforts, and many of the Necessaries of Life.-

On the first intimation of the extraordinary Sickness of this Corps. I felt it to be my duty to order its relief; the 1st Battalion of the 4th Regiment is now on its March from Seringapatam to Replace the 2nd Battalion of the 1st Regiment in the posts in Wynaad, but unless measures are adopted without delay, to remedy as far as is within the powers of Government, the Causes of the distress of the former Garrison, the relieving Corps must soon be reduced to the same

6970 Port St. George. 17th. September 1805.

Same deplorable Condition.-

The nature of the Service in Wynaad differs so much from the Ordinary Causes of our Military Service, that it Cannot be provided for properly by the Application of the ordinary rules for equipment or Supply.- The Troops are Shut up in Small Posts, at various + distances from each other, and, during the Rainy Season, which in that District is of many Months duration, they are Confined in those Posts surrounded by Swamps or Woods - without Supplies from the Country - and without Communication with each + other.-

The ordinary extent of Medical Assis=tance to a Battalion thus divided, cannot give to the Sick the Necessary Aid; and Stores of all the articles of Bazar Supply, are + indispensibly requisite, in addition to the articles of Provision laid in by Government in their Stations. Doolies also should be + allowed in proportions guided rather by the local insalubrity of the District than +

by any established Regulations or Custom of the Service.-

I have called on the Medical Board to suggest the most efficient measures for affording Medical Aid, but I fear the incomplete State of the Medical Establishment at this Presidency, will prevent the possibility of affording sufficient Regular Medical Assistance.- In the Posts of Wynaad that very useful description of persons the Sub Assistant Surgeons might be most advantageously placed- did the extent of that Establishment afford sufficient Numbers for such Duties.-

The Want of Comforts by Corps so long formed as the 2nd Battalions of the 5th and 8th Battalion of the 5th Regiment, marks a defect in the interior Economy of those Corps which I shall cause to be immediately investigated.-

To prevent if Possible the 8th Battalion of the 4th Regiment from suffering as the 2nd Battalion of the 5th has done,

I

6972 Fort St. Jon 92. 17th September 1805

1st I recommend that Orders be immediately &
given to the Military Board for Supplying
the Posts in Wynaad, without limitation
of "regulated proportion" with Provisions
and Bazar Articles of every Necessary Sort
Sufficient to Supply the Troops and Followers
at each Post, with what they may require
at Reasonable and fixed Rates.-

2d That a proper establishment
of Public Servants for the Custody and &
Issue of such Provisions be Stationed at
each of the Posts in Wynaad without &
restricting such Establishment to what
the Regulations provide for the more &
ordinary Cases of Service.-

3d That measures be immedi=
-ately adopted by Government to prevent
the possible recurrence of distress from any
arrears of Pay due to the Troops in Wynaad
by ensuring their Regular and Monthly
Payment.-

4th That proper Accommodation for
the

6973 Fort St George 17th September 1805

the Troops and Sick, be provided at the several Posts without delay, or restriction of Issues; and that proper places of Deposits for Provision & Stores be made at the same time, to secure the Troops and Stores from suffering by the inclemency of the Weather. -

5th 5. That a few Pioneers be Stationed in each Post to be employed in its Repairs and in clearing when requisite the Drains, and jungle in their vicinity; to keep them as free as possible from the effects of Stagnant Water and rank Vegetation. -

6th 6. That Doolies and Bullocks for the Removal of Sick from Posts in Wynaad to a purer Air, immediately when taken ill, may be allowed; and Recommend that Doolies in the proportion of two to each Company, may be maintained by Government - in Contemplation of Pay for the Battalion Stationed in Wynaad.

I am aware that the Measures I have proposed may be attended with a Considerable

Fort St. George 17th September 1805.

Considerable Extra Expence, but in a Case like that under Consideration, the life of the Soldier, not the Expence attending its Prose-cution, must be the Object of the Solicitude of Government.

I shall convey to the Officers in Command my instructions regarding those "Scouring Parties" or Patroles. which are stated to have Caused much Sickness to the Troops in Wynaad. That they may not be unnecessarily Ordered; but if, as I fear, it is found that with every precaution, the Troops quartered during the Monsoon in Wynaad are still the unavoidable Victims of that noxious Climate, it will become my Duty to call the most serious attention of the Board to a Consideration of the Policy of persevering in a System, which has hitherto produced little if any benefit, and been uniformly attended with great expence of treasure and of Men; to preserve a District of so little

To the Adjutant General of the Army.

Fort St George.

Sir,

Enclosed I have the Honor to forward you a recommendatory Certificate for the promotion of native Officers in the 2nd Battalion 1st Regiment, which is forwarded direct to you under a Supposition, that Lieutenant Colonel Innes will have departed for Europe before the arrival of my present Letter. –

As from the very dispersed + State of the Corps, and from no Communication being open between the Head Quarters of the + Corps and many of the Posts; it will be out of my power to send you a correct Monthly Return + until

6976 Fort St. George 17th September 1805

until the Junction of the detached parties, or until by the arrival of the 1st of the 4th the communication with the Southward part of the District may become practicable.- +

I shall now Communicate to you the best + description I am able, of the present State of the Corps, which from the latest information Consist of about 150. effective Men: all the + rest are either sick or Convalescent, without any other medical attendance than one Dresser at Kotiady, the present State of which Post I have received and now enclose:- the Hospital at Pennartacottah Containing upwards of 300 of our Sick and 100. and upwards of other Corps. I found without any Medical Assistance whatsoever. The last Person in this Depart= -ment viz" a Poty having deserted a few days before my arrival, after plundering the helpless Sick of a Considerable Sum. The European + Surgeon being sick absent, his Native Assistants dead and not to be replaced, and all the effective

men.

6977

Fort St. George. 17th September 1805

men on Standing and Constant Duty, the Sick were left to their own efforts alone, and many of them four Months in arrears of Pay:- their Families have mostly died before them, either by Sickness or want of Food, and many of the Sick here not had a Sufficient meal for upwards of three months, as antecedent to their falling in arrears the Corps had been under very heavy Stop=
=pages for Turband Cloth - for Knapsacks and Coomlies

I hope you will excuse my sending you a rough Copy of the Report of the Assistant Surgeon of the Corps, made some time ago to the Officer Commanding in Malabar - as I am almost the only Person at Head Quarters able to look a Pen, and as it will give you an insight into Causes & that have led to Consequences so dangerously pre=
=judicial to the Public Service and so fatal to the Corps I Command - I do not understand that it has produced any new measures, except Pay=
=ment of the arrears -

I beg leave to add some other

Causes

6978 Fort St George 17th September 1805

causes that I have ascertained from my + own observation.—

The want of a wholesome Field Hospital, and the means of removing the Sick to purer Air, as there is not a Dooly in the District, nor a Cooly or Bullock to be procured from it; owing to which, wounded Men have been left on the Ground and put to miserable deaths by the Enemy, of which a very recent + instance occurred in the Corps I Command, and hundreds of Sick have been left to perish without Posts.—

Secondly,—Scouring Parties in the very midst of the Monsoon ordered twice a Week from each Post in the District, by which the Troops are left without Tents, and over + Battalion without Coomlies for many days and nights and without Covering in the Jungles.

The last scouring Party from Pennacottah took out 450 men effective and returned with about 80 Sick.

Remarks.

The Number of the Convalescent have been Considerable, and Men who have been discharged and re-admitted in the Course of the Several Months are not included in the above Statement. - The Casualties include those of the whole Corps; not being able to obtain any accurate information of the number of Sick at the Posts of Kotteadey, Kunniatteottah

6981

Fort St. George 17th September 1805

Kunniecottah, and Manantoddy have not
inserted them in the Returns for the several
Months; Reasons for which will be found
stated in the Answers to the several
Questions proposed respecting the Sickness of
the Troops. Query 1st. What are the most
prevailing Disorders?

Fevers, of the Intermittent
and Bilious Kind, Dysentery or Bloody Flux
of the very worst Kind, and most frequently
the results of these Fevers, Country Sore Legs
or Gongaloes.—

2nd. From what do these disorders chiefly arise?

3rd. What are the Causes distinctly of the long
lingering of the men under these Disorders?

From the lateness of the Monsoon
and the partial Rains which occasioned the
Collection of bad Marsh Effluvia, acting as a
Cause in the 1st Instance, and succeeded by
heavy Rains and Cold bleak Winds Continuing
to Operate as a further Cause, / Contrary to
What is usual in Wynaad, / That this

is

Fort St. George 15th September 1805

is the Case and has been remarked by the oldest Inhabitants of the provence, and its effects in a great Measure accounted for disadvantages of Situation; the Posts of Koteaddy and Kaniotetottah surrounded by Swamps, and the heavy Dews which fall early in the Evening, and have occasioned the greatest mortality among the Families of the Troops, and the Troops themselves at these Stations; these with the want of Comforts, the bad quality of the Rice at the Post of Koteaddy, the effect of which Rice asperates, together with the want of those Comforts which the Arrears of Pay prevent them from Obtaining, are the Chief causes of the universal Sickness which has so long prevailed.-

4th Are the Hospitals sufficiently Comfortable, and is the Medical Establishment adequate to afford that substantial aid and attention to the Sick, which the nature and prevalence of these disorders require, and the distance from each other

6983 Fort St. George 17th September 1805.

of the different Stations renders unavoidably requisite, as precluding one Assistant whose time is wholly occupied at one Station from giving his personal Assistance to the Sick of another?

At Panarsah Cottah the Hospital is dry, but in the rear, Weeds and high Grass have grown very Considerably, and the Drains in that part of the Fort have become inadequate to Carry off the Water entirely, so that it is in a great measure surrounded with Swamp: that at Koteddy is not large enough to Contain more than 40 or 50 sick, and the one at Koniate cottah, by the exertions of Lieutenant Hughes is sufficient for the purpose; but the want of Cookrooms and a Necessary at Panarsa Cottah which have been delayed till this period, render it difficult to Collect the People more than Once a day, or to deny them from going to the Cantonment, which has now became the most unhealthy part of this Station; the Medical Assistance is not sufficient to afford that requisite Aid to the Sick at the

Severab

6984

Port St. Prayo 17th September 1805.

Several Stations.- My first Dresser lately fell a sacrifice to the Fever at Kotiaddy. I have no one at Panarta Cottah to assist, and the Native Assistant ordered by Colonel Macleod has not been forthcoming; owing therefore to the distance of the several Stations preceding one Assistant whose time should be wholly occupied at one station I now giving his personal assistance to the sick of another, it is requisite that a Native Assistant should be furnished immediately to each Station.— There is much difficulty in procuring Native Assistants.—

5th It is natural to suppose from the foregoing Statement that the Expedemic which now prevails will not fail to continue in an aggravated degree, without an addition is immediately made to the Medical Establish-ment, but the late number of Casualties have not altogether arisen from this want, as there is one Dresser at Kotiaddy lately sent, and he has by no means been able to stop the progress.

Fort St. George 17th. September 1805

progress of these disorders, or reduced the Number of the sick: without a doubt therefore the health of the Troops will Continue to decline unless such Comforts are afforded as will enable them to contend against the Climate:— a very Consider-able proportion of the worst Cases would receive relief by removal to a more healthy Situation, especially where a European Surgeon is Stationed

P. S. In regard to what should be recommended, the first and most important Consideration is in my Opinion to afford the most expeditious relief in Supplying those Comforts their peculiar distressed Situation requires: during the progress of the Ague Fever— at Koteaddy it is melancholy to Observe that the Rice, their present only resource, occasions those Fluxes that Carry off the Men, and this I have particularly Observed. Arrack with proper restrictions should immediately be allowed, and issued; and Mutton, which is now not to be had at any of these Out Stations.—

The want of Body Clothing as

Cumleis

6986

Fort St. George 15th September 1805.

Combies &c. still exists, and is another very great cause; the impoverished state of the Bazars will not furnish these, and if they did so, they have no money to purchase them.-

The two Flank Companies of the 5th Battalion 5th Regiment Native Infantry arrived here the latter end of June; having 30 sick, which have increased within 15 days to 77, 30 of whom have Fluxes: these Men cannot procure Combies.-

I conclude with remarking that great depression of Spirits (not to say discontent) prevail among the sick.

To the Adjutant General of the Army.
Fort Saint George.

Sir,

I beg leave to state to you + + + +
for the decision of His Excellency the Commander
in Chief, a claim by which I conceive that I
am entitled to Rank above Captain William
Woodhouse in the 7th Regiment of Native Infantry
According to the orders of the
Honorable Court of Directors of the 17th January
1796 and the existing Regulations of His Majesty's
and the Honorable Company's Service, an
Officer exchanging from one Regiment into
another comes in as Junior of his Rank.
Lieutenant (now Captain)
Woodhouse having Exchanged from the 5th
into the 7th Native Regiment after the 4
Officers of Infantry were permanently ap-
=pointed to Regiments by the General Order
of the 1st January 1800. ought agreeably
to the Regulations of the Army to Rank
under me in the Regiment.-

Lieutenant

7,000

Sandt St. George 8th. September 1805.

Lieutenant Woodhouse Ranked under me in the Regiment for several months after his Coming into it, but on the Publication of the List of Cadets for the Season 1798. he was placed above me without attending to the Circumstance of his having forfeited his right to Rank according to his Seniority on the List of Cadets from having Exchanged.—

I am led to suppose that Lieutenant Woodhouse was put above me in the Regiment through inadvertency from a directly opposite Course having been pursued in a similar Case.—Lieutenant Cuffley who Exchanged from the 15th into the 10th Regiment was placed under Lieutenant Edmonds in the latter Corps, though Senior to him on the List of Cadets, the Cases are exactly alike, as both Exchanges took place previous to the Publication of the List of Cadets.—

If Lieutenant Cuffley has been justly placed under Lieutenant Edmonds on Account of his having forfeited his right to

to.

to Rank According to his Seniority on the 4th
List of Cadets from having Exchanged, the
same Rule must apply to Captain Woodhouse,
and he ought to Rank under me on the 4th
Regiment.-

It may perhaps be objected
to my now Regaining my Rank, that I have allowed
my Claim to it to lay so long dormant. This
has proceed from my being aware of the
difficulty of Correcting the Mistake from a
Captain Partly having been placed between
Captain Woodhouse and me on the Regi-
-ment, and partly from my unwillingness
to trouble Head Quarters on a Subject which
I was not without hopes might on Recollection
been Rectified. Seeing no likelihood of any change
taking place without my pointing out the
Mistake. I am at last led to urge my Claim,
and trust that if on examination my
Statement is found Correct, that his
Excellency the Commander in Chief will

was as follows.-

William Woodhouse ..... No 3.

B. B. Parlby ..... No 20.

and on the 1st January 1800. Mr. Wood was appointed to the 7th Regiment and Mr. Woodhouse to the 5th Regiment on the 4 Establishment of Regimental Banks. Their relative Seniority not being then known. on the 25th January 1800. Mr. Woodhouse from the 5th Regiment exchanged with Mr. Douglas of the 7th on the express Condition of Coming Regimentally junior to all them in the 4 Regiment, according to the following Regulation he of Course Ranked under Lieutenant Wood.

Extract of G. O. by Government.

Dated 5th November 1799.

"All Officers who may hereafter

Fort St. George 17th September 1805.

on the 22nd July 1800 Mr. Parlby arrived from England on the 27th January 1801 the List of relative Rank received from the Court of Directors was published; — and on the 14th February the consequent Seniority in Regiments of Officers included; in that List was published, in which the Exchange not having been adverted to, Lieutenant Woodhouse was placed Senior to Lieutenant Wood.

This was certainly wrong; Lieutenant Wood being entitled to Seniority in Regiment in Consequence of Lieutenant Woodhouse's removal from another Corps at his own request, which by Regulation, placed him as Lieutenant Senior to all those then in the Corps: but a Subsequent arrangement throws a Difficulty in the way of present correction. Viz: the appointment of Lieutenant Parlby to the 7th Regiment on the 15th March 1801, after the relative Rank was known, and long after the Exchange of Lieutenant Woodhouse into that Corps. This Officer is Senior on the List of Cadets to

Lieutenant

7005

Fort St. George. 17th September 1805.

Lieutenant Wood; and not having been removed from any other Corps is entitled to that Seniority in Regiment: but he is Junior to Lieutenant Woodhouse, and not having been in the Regiment when he exchanged into it, his right to take Rank of him Regimentally may be disputed, and has not been urged. How then is the point to be decided? — Lieutenant Wood is entitled to Rank above Lieutenant Woodhouse and below Lieutenant Parlby. — but Lieutenant Woodhouse is entitled to be Senior to Lieutenant Parlby, who is Senior to Lieutenant Wood. —

At present Woodhouse is Captain, — Parlby Captain Lieutenant, and Wood Lieutenant of the 7th Regiment Native Infantry. —

Perhaps the best mode of decision would be to enforce the G. O. of the 7th November 1780. — prohibiting all Claims not preferred — within One year from any attention Viz. —

Extract of G. O. by Government. —

Dated 7th November 1780.

At the Board are desirous of deciding with due deliberation on the questions of Rank submitted in the foregoing Minute, Ordered that it be sent in Circulation.—

Resolved that the Recommendations recommended in the foregoing Minute be published in General Orders.—

Read the following letter from the Military Board.—

To the Right Honble
Lord William Bentinck
Governor in Council
Fort St. George

From the Military Board.—Submitting a report with plans &c. of the repairs req.d to the House occupied by the Company's Astronomer.—Recommend the execution of Works at Seringapatam, and submit plan and Estimate of the Expence of opening a New Gate way on the East face of the Fort of Trichinopoly.—Submit a report

My Lord,

In compliance with the instructions conveyed to us in the Chief Secretary's letter

7009

Fort St. George 17th September 1805.

Report from Mr. Surgeon White regarding the properties of the Sick Carriage, which it is in contemplation to adopt in lieu of Doolies, and recommend that it may be forwarded to the Medical Board for their Opinion — recommend payment of Bills and an advance of Cash.

Letter of the 29th of July last, we directed that the house occupied by the Company's Astronomer, should be inspected, and we have now the honor to submit a Report of the Chief Engineer on the subject accompanied by Plans Sections &c. shewing the nature and extent of the Defects of that Building.

2nd We also beg leave to forward a Plan and Estimate of the probable expence of erecting Office Sheds and Store Rooms for the Engineer's Department at Seringapatam. The Estimate is framed with due attention to economy, and the Buildings are much required, there being no Office or Store Room for that Department, We therefore beg leave to recommend that authority may be granted for the execution of the Work.

3rd In obedience to your Lordships orders Communicated in the Chief Secretary's Letter of the 9th June, we beg to submit a Plan, and Estimate of the expence of opening a New Gate on the East face of the Fort of Trichinopoly. this Estimate includes the Expence of a Bridge

Draw Bridge and Guard Rooms. -

4 We have considered it to be highly expedient that every information should be procured regarding the Properties of the Sick Carriage which it is in Contemplation to adopt in lieu of a proportion of the Doolies at Present in use with the Army; and that one should be submitted to actual experiment, before any Considerable expence should be incurred in the Construction of many of them - Accordingly the late Mr. Anderson Superintending Surgeon in July 1804 was requested to Carry a Pattern Carriage along with him on his Tour thro' the Division, and to make such remarks as might occur to him during his progress. His Death however having deprived us of the information expected from his Report, we availed ourselves of the occasion of Mr. Surgeon Whites March from Seringapatam to the Presidency; and requested him to afford us such information as might be suggested by his Observation of the Carriage

on the Road — We have now the honor to submit this Report, which has afforded us much Satisfaction as it gives reason to hope for every advantage originally expected from the introduction of a new System for the Conveyance of Sick —

5th We recommend that the Report may be Communicated to the Medical Board, in order that they may have an opportunity of Suggesting any improvement, or removing any Defect, previous to a final Decision on this Subject —

6th We recommend payment of the following enclosed Bills —

No. 1. Bill of the Officer Commanding 2nd Regiment Native Cavalry for making up a Complete set of Horse Accoutrements for the Regiment, Amounting to Pagodas 1820 — 13 — 40. whereof a Balance of Pagodas 820 : 13 : 40 : still remains Due to that Officer —

No. 2 Bill of the Garrison Storekeeper in Malabar for the hire of Coolies employed —

To the Secretary of the
Military Board.

Sir,

Agreeable to the instructions
Contained in your Letter of the 29th of July, I
Received from the Officer Commanding Seringa-
patam the pattern Sick Carriage Constructed
at the Gun Carriage Manufactory, which I have
brought with me to the Presidency and have delivered
to the Commissary of Stores.

I have to inform you for the
information of the Board, that the Carriage
appears to me, to be admirably Calculated, for
the Conveyance of Sick, as far as regards their
Ease and Comfort, the Motion on good Roads, is
scarcely to be felt, and on Rough ones, it is only
what must be expected, to be experienced, in
all Carriages, hanging on Springs the Draught
is certainly heavy in bad ground, such as
beds of Rivers &c., but the average of its
going, I found to be, when it Contained seven
or eight persons, from twenty to twenty four
minutes.

7027

Port St. George 27th September 1805.

Minutes to each Mile; the Dimensions being somewhat Extend, will, I think, be attended with advantage and will of Course lighten the Draught, and it is my Opinion they should be Constructed without wells which will tend to produce the same effects and will be much more Convenient, particularly for those intended, for Native Troops as their habits make them entirely unnecessary, and indeed, it would be Distressing to them to be obliged to put their legs into them, when in a Sitting position, and they would in Consequence be only a Receptacle for filth of every Kind, which independant of the additional Weight and trouble it would save is a most Desirable thing to be prevented in a Machine Containing Sick persons.

Holders should be placed inside the Carriage, for the Sick to grasp, when passing over Rough ground, but this I submit to the Public Agent, means to adopt

as.

7028

Fort St. George 17th September 1805.

as also a proper & more substantial Con-
struction, than that at present attached
to the Carriage, which is much too weak.

It is unnecessary for me to
say any thing of the Workmanship, which
is in the usual Style of all that Comes
from the Manufactory, and I have only
to add, the Success of this plan for
Conveying Sick will depend, as far as I am
Competent to judge upon the Mode that
is adopted for the Suspension of Cattle to be
attached to the Carriages.-

Fort St. George. 17th September 1805.

The receipt of a letter from the Secretary in the Military department, dated the 5th Instant as the Amount advanced to Captain Montgomery by the Governor General and Collector in Kanara is blended with other sums received by him from other quarters on the same account, I fear it will not be in my power to state with the precision I could wish, the exact number of Horses obtained by that officer for the Amount of the Bills in question.—

2 The Amount of Cash advanced to Captain Montgomery by the Governor General and Collector in Kanara Viz.te Pagodas. 135,702.— is Credited in his Accounts from October 1800. to April 1801. During which time he purchased 1426. Horses for the Sum of Pagodas. 180,232.— which exceeds the Amount advanced to him as above by Pagodas. 52,530.— I therefore the Sum. of Pagodas 180,232. gives 1426. Horses how many with Pagodas. 135,702. give, the Result is 1020. which appears to me to be the Best

am totally ignorant of the means by which, or from the operation of what regulation it is I shall be have any thing to do with that Officer, whom I never did nor could address upon the subject, seeing that it is the Poonah Paymaster whose neglect of Official Form I pointed out to you He having called upon me for the Sum Retrenched and informed me that any reasons I might have to urge for a Reconsideration at the Specific instance of the Military Auditor General / not Paymaster General / with whom Moreover it is, that through the usual Channel I always have had to deal upon the very few occasions of Retrenchment for which it has been my misfortune that some Grounds. Appeared to exist - all of which Stands clearly exemplified and Corroborated by your own Letter to me of the 10th Ultimo Covering that of the Poonah Paymaster

Secondly, as no previous intercourse had taken place between us nor any intimation had

7045 Port St. George 17th September 1805

had reached my Hands or Knowledge in the name, or allusive of the Military Paymaster General in any Shape whatsoever. I Cannot Comprehend on what grounds he takes upon himself to "reply to Colonel Durand's Letter" Nor Can I avoid expressing my Surprize at the irascibility of the Language he uses, the Arrogance displayed in the Subordinate Post he holds, and the violence of the Threats let out by him to an Officer of my Rank Character and Responsibility - That too without any Cause or reason whatsoever, Consequently in my Opinion extremely out of place. So much so, that I feel it an incumbent Duty to Submit what has passed to the Right Honorable the Governor in Council unaccustomed as I am to such uncouth Treatment and unconscious of any Offence.

In the mean time that it may not be supposed a desire to avoid depositing in your Hands the Amount Retrenched P.S. P.S. - I still a Reardit occurs, under any pretence

pretence of a frivolous nature has actuated or could actuate me, and most assuredly not to induced thereto by the very unaccountable Dictates and Menaces of the Paymaster General I have deposited the said Amount into the hands of your Public Servant at this place several days ago (19th Ultimo) but I cannot think of attempting to offer any Defence from the Retrenchment made upon the informal grounds given for it or under the influence of such a letter as that which the Paymaster General has taken upon himself to address to me nor at any rate under present Circumstances.

the Hydrabad Subsidiary Force

Sir,

Having submitted your letter of the 25th August to the Military Board I am directed to inform you that their order for the Retrenchment of the additional expence incurred by providing a Marque for the Sick of the Artillery, was issued under misinformation as you had not Mentioned that the Marque was required in addition to the Tents provided by Contract by the Officers Commanding the Companies of Artillery respectively.-

As it appears that a Marque does not afford sufficient accommodation for the Sick of the Companies, the Board have resolved that a Marque shall be kept up in addition not in lieu of the Tents provided by the original Contract.

Portsmouth 17th September 1805.

Contract they have accordingly directed that the Retrenchment of additional expence on this account shall be remitted, and that for the future the Commissary of Stores with the Force shall be premitted to provide and Carry, at the usual rate allowed by the Regulations, a Marquee for the Accommodation of the worst cases + among the Sick of the two Companies of Artillery independent of the Tents provided by the Officers Commanding Companies respectively - you will therefore be pleased to order a Committee of + Officers to inspect and value the Marquee which was made up for the Artillery previous to its being delivered over to the Commissary, and report for the Boards information the Amount + which it will become necessary for the Commis= =ary to pay for the Tent, and the Date of transfer, in order that the payment of the Contract allowance may be Authorized from that + period. Messrs Colt Baker Hart and Company have at the same sent to me the particulars of three Claims upon the Second Class viz those of J. G. Fort St. George 12th Sept. 1805.

My Lords.

From Colonel A. Kelth &c. &c. Stating his claim to participate in the distribution of the Bazar Rents.

I beg leave to represent that when I succeeded the Honorable Colonel St. John in the Command of Pondicherry on the 1st of March 1804. I became subject to every expence attached to that Station, and I therefore made no doubt of being allowed all Benefits arising from it — some Months afterwards a Retrenchment appeared against me from the Auditor Generals Office for the usual Table Allowance of one

Fort St. George 17th September 1803.

one Hundred Pagodas pr. Month, because I had not been notified for the Command in a Government Orders.-

Upon my representing the case to Lieutenant General Stuart then Commander in Chief, through Major Campbell, the Genral immediately ordered the Retrenchment to be reallowed and at the same time His Excellency signified to the Auditor General, that although I had not been Notified in Orders, it was the intention of Government to Grant me all the allowances of Commanding Officer of that Station.-

When I arrived at the Presidency in the Month of February last in Consequence of my losing the Command of Pondicherry, I was informed that the Committee for Managing the Bazar Fund had not allotted any Share to me in the Distribution which took place to the 11th Day of July last year for the same Reason as before Stated, and

that

7060

Fort St. George 17th September 1805

that it was then too late to make any
alteration, as the Calculations were finished.
I was also informed that other Officers had
lost their Shares for the same reason — to
the last Objection I have to Observe that
I believe I was the only Officer Considered
permanently in a Command, who had not
appeared in Government Orders, except the
late Colonel Halliburton whose Appointment
was not Notified until very lately, although he
he had Commanded the Hydrabad Subsidiary
Force from the time that the late Major
General Stevenson left that Army —

If I had foreseen the inconveni-
=ence that has Arisen, I should most certainly
have Applied to have been put in orders
and I leave it to your Lordships in Council
to Judge whether or not Such an Applic-
=ation would have been attended with
the Desired effect —

When your Lordships takes
the Matter into Consideration I trust
that

That I shall not be permitted to suffer from a mere Mistake, and that your Lordship will Order a Sum of Money to be paid to me equal to my Share of the Bazar Fund as Commanding Brouchierry from the 1st of March 1804 to the 1st February 1805.-

It may be necessary to Observe that the Distribution has already taken place to the 11th of July last year and that another year became due on 11th of July last, of which I Share to First of February last.-

As the Regiment I belong to is now upon the Bombay Establishment! and as I am preparing to Join it at a great expence, I have to Request that your Lordship will be pleased to Order my Full Share of the Bazar Fund Due to me to first of February last to be paid to me at this time

the late Colonel Haliburton on the 13th Ultimo by the Chief Secretary to your Lordships Government.—

By that Despatch Colonel Haliburton was authorised to investigate and adjust the Claims which had been preferred against Captain Johnston, but Captain Johnston being now at Hydrabad and Mhadoo Row Chowdry and other indispensable witnesses being absent from Camp Lieutenant Colonel Sang conceived that much difficulty would attend any attempt to adjust in Camp the Claims on Captain Johnstone and that those Claims might be more successfully investigated and adjusted by me at Hydrabad.—

It would have afforded me much Satisfaction to have complied with the Suggestion of Lieutenant Colonel Sang, but the Authority to adjust the Claims on Captain Johnstone appearing by

7073 Fort St. George 15th September 1805

by the Despatch of the Chief Secretary to have been specially delegated to the Commanding Officer of the Subsidiary Force, I conceive that that Adjustment Cannot be Made by any other Officer without the express Sanction and desire of your Lordship in Council.

While determining on the Subject of the present Reference your Lordship will no doubt be induced from Motives

Minute of Ditto submitting a Report from the Medical Board upon the progress of the institution of Lock Hospitals—Submits also an application from Colonel Parker of the 80th Regiment to Command in Malabar & Canara—

The Medical Board appear to think that the necessary Steps in Conjunction with the Directions they have given to the Medical Servants have not been issued to Commanding Officers &c. The Commander in Chief therefore requests that he may be favored with a Copy of such Instructions as have been forwarded by Government to the Medical Board, that corresponding Orders may be given to the Military Officers

We have the honor to acknowledge the receipt of Mr. Secretary Stracheys letter underdate the 11th Instant referring for our consideration and report a Copy of a Minute recorded by the Military Auditor General at the Military Board on the Subject of augmenting the rate of freight at present allowed to owners of Vessels for the transportation of property belonging to the Company—

From the Marine Board their Opinion on the Subject of the freight at present allowed for the transportation of property belonging to the Company

It does not appear to us practicable to establish invariable rates of freight for the Conveyance of Public Stores, because the Owners of Vessels will it is presumed encrease or lessen their demands in proportion to the difficulty or facility there may exist at the time that Tonnage is required—

We are not indeed aware of any objection to the table of rates proposed by the Military

7119

Fort St. George 24th September 1805

Military Auditor General as a Rule for guarding the Company against imposition or exorbitant demands, as we conclude the table is formed upon an average of what experience has shewn to be a reasonable Remuneration for the transportation of Stores, but We do not see that an Augmentation of the freight would add to the Security of the Consignment as the safe delivery of the Article is no way connected with the quantum of freight paid, the only precaution that appears to us necessary is to ascertain that the Vessel tendered is Seaworthy, and that when a competition can be excited it be distinctly understood that the lowest terms for well found Vessels will invariably have the preference.

To the Right Honorable
Lord William C. Bentinck
Governor in Council
Fort St. George.

My Lord,

From Captain Kippen - proposing to make Salt Petre for the Honble Company in the Districts South

Para 1, Having for some time employed myself in ascertaining at what rate Salt Petre can be manufactured

Fort S.t George 24.th September 1805

manufactured in the districts situated in the vicinity
South of the Kistnah and north of the Presidency Terms — of my present Residence. Nellore, I presume to submit
the following proposals to the Consideration of your Lord-
ship in Council —

I have been informed that Mr.
2. William Anderson is at present employed in the
Districts North of the Kistnah as agent for the ma=
=nufacture of Salt petre on a salary of forty madras
Pagodas per mensem, together with a Commission
of two Rupees on each candy of once refined or crude
salt petre for which he contracts —

Having no wish to interfere
3. with that Gentleman beyond emulation in trying
who shall supply our Honorable Employers not
only with the best manufacture but at the lowest
rate — I propose Confining my exertions to those Dis=
=tricts only of the Honorable Company which are situ=
=ated South of the Kistnah and North of the Presidency
should your Lordship deem me deserving of being
put upon a footing with Mr. Anderson in respect

to

7/133 Fort St. George 24th September 1805

to Salary and advances of Cash - I shall be content to draw Commission on twice Refined Salt Petre only and that after it has been received into the Honorable Company's Warehouse and pronounced equal to the muster which is given me —

4. To avoid all fallacious statements I will not Contract to receive or deliver any Salt Petre to the Company until it has been twice refined - The Company shall be put to no expence for buildings, Servants Wages or other incidental charges &c. I will chearfully agree and if required find security to repay with interest at 12 ℔ Cent the full cost of all Salt Petre I tender, and which may be rejected by any authority your Lordship appoints as of bad or inferior quality, that is, inferior to what is Considered as fit for the British Market, or equal to such as Mr. Anderson has been accustomed to deliver to the Military Board here for the manufacture of Gunpowder —

5 I will likewise agree to have rejected

7134

Fort St George 24th September 1805—

rejected and thrown on my hands all Salt Petre—
the full Cost of which shall amount to more than 8.
Star Pagodas ℔ Candy including all charges what
ever. I have been informed that the Accountant Gene-
rals calculation makes the Average cost of such Salt
Petre as the Company have lately Constracted for to
be 11 Star Pagodas 3 fanams and 30 Cash, the char-
ges on refining being 28 3/4 ℔ Cent and the loss on
refining 14 per Cent—

It is proper however I should

6.

state that I have been informed a calculation from
the Military Board averages the full Cost inclu
ding all charges at about 10 Pagodas 40 fanams
per each Candy of Salt Petre of the quality equal to
what I tender, and the full Cost of a Candy of crude
Salt Petre from Bengal at 8-43-19—
