Extract of a Letter from Colonel B. Close to the Military Secretary to the Officer Commanding the Army in= Chief, dated 22nd April 1810.

I have the honor to forward in Order to be Submitted for the Confirma= tion of the Officer Commanding the Army in Chief and of Government the Copies of Orders issued by me and of Letters

5395

Fort St. George 15th May 1810.—

Letters written under my authority relating to expences during the last Month.

The only measure adverted to in these Papers which not being a Regulation of the Service appears to require explanation, is that of authorizing a Gratuity to be paid to the owners of the Madras Draft and Carriage Hired Bullocks ordered to be discharged equal to their Pay for the Number of days required to carry them back to the Frontiers of the Ceded Districts, supposing them to travel at the rate of 15 Miles per day.—This indulgence although not sanctioned by any positive Rule, is however almost so by usage, as since our Troops have been employed so far beyond the Frontiers of the Company's Territory, it has I believe been generally the Practice to grant

5330.

Fort St. George 15th May 1810.

grant a Donation similar to that I have mentioned. When also it is considered that most of the Bullock people who are to receive it, are Inhabitants of the Carnatic, it will appear but just on discharging them to allow them their usual Hire untill they reach the Northern Frontier of the Company's Territory.

The Custom of the Sevice has been, I believe, on all occasions when so far in advance to allow the Owners of hired Cattle a Gratuity of as many days pay as would enable them, travelling at the rate of 15 Miles a day to reach the Company's Territory, and I trust when the heavy losses in Cattle sustained by the Owners, are considered, it will not be deemed unreasonable that a Similar—

2. Upon an examination of the records of this Office, I do not observe that a report had been made to the Horse Agent of the intentions of Government regarding the Purchase or transmission of Horses to Bengal; and I consequently imagine that my Predecessor in Office must have been totally ignorant of that circumstance; but, I apprehend, there can exist little, or no difficulty in the obtainment of the original Accounts Disbursements made on that account; for, if the Purchases were made on the Western Side of India, it is probable the Bombay Government must be in the possession of the whole of those original Vouchers; or, if the Horses were selected at Hyderabad those Vouchers cannot altogether be unknown to the Resident or the Paymaster at that Station.—

The 6th Company 1st Battn. of Pioneers which belongs to the Hyderabad Subsidiary force.

Government having enquired whether the Corps, supernumerary to the strength of the Hyderabad Subsidiary force which I propose to retain in the Deccan, could be dispensed with for the defence of the Northern Frontiers, it is my intention on arriving at Jaulnah to detach the 4th Regiment N.C. and the 1st Battalion 10th Regiment N.I. to Hyderabad from whence the latter Corps may be directed to proceed to its ultimate

5372 Fort St. George 15th May 1810.—

Ultimate destination. The 4th Regiment of Cavalry however I have recommended to be Stationed at Hyderabad, which arrangement will perhaps admit of the Five Companies of the Royal Regiment being withdrawn from that Cantonment. Thus the 4th Regiment N.C. and Horse Artillery will be the only Troops Surplus to the fixed Establishment of the Hyderabad Subsidiary force which I propose to detain.—

There is a Havildar's party of the 1st Regiment of Cavalry, and a detail of 60 Pioneers belonging to the Detachment—which Captain Hughes marched up to the Deccan, now Serving at the Residency at Hyderabad, which should perhaps be Ordered to March.—

Lieut.

1. We have the honor to acknowledge the receipt of the letter of the Chief Secretary of Government dated the 11th Instant, and to report that Major General Gowdie has accordingly taken his Seat as Vice President of the Military Board.

2nd We have also the honor to acknowledge the receipt of five letters from the Secretary of Government in the Military Department dated the 21st. 24th. and 25th. of April; and of a letter from the Secretary in the Revenue Department; the necessary

Orders

Fort St. George 15th May 1810.—

Lieut. McIntosh's ill State of health not permitting him to assume immediately duties of Superintending Engineer at Bellary the Chief Engineer suggests that Lieutenant Torriano be employed in completing the works there requesting permission to instruct Lieut. Torriano to proceed with work in question submitting letter from General Agent for Cavalry Supplies giving opinion on the Subject requesting that Orders about barracks at Saulnah be issued by Quarter Master General submitting Copy of Letter addressed to the Quarter Master General with Copies of his Subsequent Orders.—

Orders have been given in consequence of those letters.—

3d. In obedience to the Commands of Your Lordship in Council, conveyed to us in a letter from the Secretary in the Military Department dated the 24. Instant, We have taken into consideration the Memorial of the Officer Commanding at Banga-lore, and We shall have the honor of report-ing at an early period the disposition of the public quarters at that Station, and endeavour to learn whether a private building may not be hired for the accommodation of the Officer Commanding the troops at that Station, pro-vided there should be no public quarters available for that purpose.—

4th. In the mean time We beg leave to lay before your Lordship in Council a

No. 1 Copy of a letter which We have just received from the Officer Commanding in Mysore,

5379 Fort St. George 15th May 1810.—

Mysore, reporting his intention of proceeding to reside for a time at Seringapatam, and Submitting an estimate of the expense of placing the Palace in the Dowlet Baugh in proper State of repair.— It appears that during the late disturbances on the Island of Seringapatam, a Number of the Doors, Windows, Locks, bolts &c.a of that building, had been Stolen, and the estimate forwarded by Major General Warde is chiefly for the purpose of replacing those deficiencies. The Engineer has included in the Estimate the expense of Sundry small repairs the whole of which we consider to be necessary. The Amount is Pagodas 267 " 3 " 34 ; and We recommend that it may be sanctioned for immediate execution.—

5th The removal of Major General Warde from Bangalore to Seringapatam

Fort St. George 15th May 1810.

Seringapatam, will leave disposable for the use of the Officer Commanding the Troops at the former Station, the public quarter in the Palace, which is at present occupied by the Major General Commanding the troops of the Division of Mysore. We are not aware of the Head Quarters of the Mysore Division having been removed permanently to Bangalore; and unless that measure should be considered by Government to be necessary, we conclude that Colonel Gillespie, may on the departure of General Warde, be permitted to occupy the Palace at Bangalore, and that it may be permanently allotted to the Officer Commanding at that place.

6th The Chief Engineer has reported to us that the State of Lieutenant

Mr. Intosh's health will not admit of his proceeding immediately to assume the duties of Superintending Engineer at Bellary; to which Office he has lately been appointed by your Lordship in Council, and suggested that Lieutenant Torriano of the Corps of Engineers, the Barrack Master in the Ceded Districts, may be employed in completing the public Works carrying on at Bellary. We are of Opinion that this suggestion of the Chief Engineer may be adopted without any inconvenience to the public Service; and as it is of importance that the Arsenal &c.a now creeding at Bellary should be completed as early as may be practicable, we have the honor to recommend, that we may obtain permission to give instructions to Lieutenant Torriano, to proceed with the execution of the Works in question, until such

Suggesting the permanent appointment of
an Assistant with the Troops in Advance,
and in which case he is desirous that
Captain James Wahab who has conduct-
-ed the duties of the department in the
field since the Month of November last,
may be confirmed in the Situation.—

recommend that any Assistant should
at present be permanently appointed to
the Department of Cavalry Supplies;
and under any circumstances it would
not rest with us to recommend any
particular Officer for that Situation.—

Captain Wahab was appointed to act for the General Agent with the Concurrence of Colonel Close, when Captain Mc. Donall was obliged to leave Camp for the purpose of attending as an evidence at the late General Court Martial at Bangalore.—

We conclude that the circumstance may have been reported to Government by Colonel Close; and as it appears that the duties of the Department have been conducted to the satisfaction of the General Agent by Captain Wahab; we conceive that it may be of advantage to the Service that he should be continued for a time to assist in the duties of the General Agency, with the Cavalry employed in Berar.—

9th With reference to the letter of the Secretary in the Military Department dated the 18th Instant, on the subject of the temporary barracks which the Government have

have resolved shall be erected at Jaulnah for the accommodation of His Majesty's 34th Regiment of foot; We have deemed it expedient, as the Work is intended to be executed by the Pioneers who are more immediately under the Quarter Master General of the Army, that the orders on this Subject should be issued by his department. We have accordingly the honor to Submit for the information of your Lordship in Council, a Copy of the letter which We considered necessary to address to the Quarter Master General of the Army, as also Copies of his consequent Orders, which We consider to be highly judicious.—

To the President and Members
of the Military Board

Gentlemen,

Upon enquiry into the State of repair of the Palace and detached Appartments in the Dowlet Bhaug at Seringapatam allotted for the accommodation of the Officer Commanding the Troops in Mysoor, I find there is a considerable deficiency of Doors, Windows Locks, Bolts &c.a which were stolen and destroyed during the late disturbances at that place and as it is my intention shortly to proceed thither and to reside there for a time, I have directed the Superintending Engineer to survey the Buildings and prepare an Estimate of

Fort St. George 15th May 1810.

of the Probable Expense which will be incurred in replacing such of the above Articles as are deficient in Order to put the Palace &c.a in a habitable State — I have the honor to Enclose the Estimate (together with a Copy of the Engineer's Letter) and to request the Board will be pleased to pass the same and give the necessary directions for the execution of the Work. —

I have given strict Orders for the adoption of the proper means of Security against such depredations in future by placing sufficient Guards for the protection and preservation of the Public Buildings &c.a in the Bowlet Bhaug. —

In obedience to the Orders of Major General Warde, conveyed to me in your Letter of the 22nd Instant, I have the honor of transmitting to you an Estimate of the Probable expence required to put in a Complete habitable State the Palace and Officers in the Dowlet Bauy:—

As none of the Sleeping Apartments in the Palace are properly provided with Glass Windows, which are considered necessary to the preservation of health in this part of the Country, and as all those in the detached Buildings on the bank of the River are, but for their requiring the repairs expressed in the Estimate, complete in this respect, I have estimated for—

for the glazing of two Rooms under the impression that they may be required as Bed Chambers.—

To the Deputy Quarter Master General
Hyderabad Subsidiary Force

Sir,

Government having resolved that Temporary Barracks shall be erected at Jaulnah for the accommodation of His Majesty's 34th Regiment, I have the honor of communicating to you instructions for the direction of

Fort St. George 15th May 1810.—

of that duty.—

A plan is enclosed of one range of building capable of holding 100 Men, and accommodation for the Strength of His Majesty's 34th Regiment will be calculated in the same proportion.—The Officer Commanding the force will direct the selection of a suitable position for the erection of the Building and it will be disposed in separate ranges or in a connected figure as shall be considered most advisable.

The plan now dispatched has already been executed with much success at Arcot for the Cavalry Depôt in 1807,—and has therefore the argument of experience in its favor; but should you conceive that any partial deviation from it would be better adapted to the materials procurable at Jaulnah and other local circumstances you will be pleased to exercise your Judg-

Fort St George 15th May 1810.—

Judgement in departing from a Strict observance accordingly.—

The Work will be performed by the Pioneers of the Hyderabad Subsidiary Force assisted by working parties of the Native Troops or hired Coolies as shall be found most reasonable.—

Captain Bowes Commanding the Pioneers to whom will be entrusted the immediate Charge of the execution of the Building under your general superintendance will make purchases of the necessary Timber and hire such artificers as shall be required when they cannot be supplied by Corps and the Commissary of Store Department.—

The Bills for all expenditures will be made out by Captain Bowes and attested by him on Oath, and His Excellency the Commander in Chief anticipating

Fort St. George 15th May 1810.

anticipating every attention to economy and the public interests on the part of Captain Bowes has been pleased to recommend that he shall in consequence receive a suitable Gratuity on the completion of the work entrusted to him.—

Sir.

I have the honor of acquainting you that Government have resolved on the erection of temporary Barracks at Saulnah for His Majesty's 34th Regiment, and on account of the approaching wet Season, it is desireable that they should be

be commenced on with the least practicable delay.

The enclosed is Copy of a Letter of Instruc-
-tions which has been addressed to the Deputy
Quarter Master General of the Hyderabad
Subsidiary Force, from which you will ob-
serve that His Excellency the Commander
in Chief has directed the employment of the
Pioneers under Captain Bowes in the imme-
-diate execution of the Work in question.—

As His Excellency has re-
-commended this proposition to Government
from motives of regard to the health of
His Majesty's 34th Regiment by getting
them as early as possible from under Can-
-vas, and of attention to economy; I am
directed to request that you will adopt
the earliest measures for meeting His
Excellency's wishes on this Subject, and in
this view, you may find it advisable to
detach Captain Bowes with a party of
Pioneers

5401 Fort St. George 15th May 1810.

Pioneers in advance to Jaulnah for the purpose of Collecting materials to be in readiness on the Arrival of the Troops under your immediate Command.—

The Commander in Chief requests that you will afford every facility to the progress of the temporary Barracks, by attaching to Captain Bowes as many Artificers of Corps and of the Store Department as in your Judgement can be spared, and by Ordering to his aid Working parties of European Carpenters and of Native Troops should that measure appear to accomplish the objects of expedition and economy.—

I have this day written to Captain Hughes directing him to detach from his party to Jaulnah any Pioneers under his Command, who may have been employed under Captain Bagshaw in erecting

Resolved

5409 Fort St George 15th May 1810.

Resolution thereon

Resolved that payment of the several Bills recommended in the foregoing letter be authorized; and that a Copy of the same with intimation of the Board's resolution thereon be sent for the informa-tion and guidance of the Military Auditor General.—

To The Honorable
Sir George Hilaro Barlow Bart. G.C.B.
Governor in Council
&c. &c. &c.

Honorable Sir,

From the Military and Ac. Generals submits for the decision of Government whether a deficiency of Arrack under charge of Capt. Robertson shall be written off as recommended by the Military Board, and whether that Officer's Bills for Supplies of provisions are to be passed without being supported by the usual affidavit.—

1. I have the honor to report accounts of Captain Robertson late Commissa-ry of Grain and Provisions in Travancore two causes which have appeared objection-able in the Settlement of his accounts have occurred, which I have considered it prop-per to submit to your honor in Council for—

5460 Fort St. George 15th May 1810.—

for decision.—

2nd The first was an objection upon the audit of quantities as it appeared that in the Measurement of the Arrack Served out to the Troops, the quantity contained in the Gallon was only equal to 38 Drams in place of 40 as established by the Regulations for the Grain and Provision Department. Which Measurement had upon the quantity of Arrack issued to the Troops occasioned a deficiency of the Arrack in charge of the Commissary equal to 2 Casks, 58 Gallons and 14 Drams for which quantity he was considered responsible.—

3d Upon this objection being communicated to Captain Robertson he addressed a letter to the Military Board of which the enclosed No. 1 is a Copy— the letter having been referred

to

5411

Fort St. George 15th May 1810.

to me, upon the 23rd of March I submitted the report No. 2 to the Military Board and upon the 26th of the same Month, I received a letter from the Secretary of which the accompanying No. 3 is a Copy.

4th It therefore remains with Government to decide whether under the circumstances of Captain Robertson, not having been able to procure the regulated measures for his Department, and having used a dram Cup containing more than the regulated quantity thereby occasioning a deficiency of 2 Casks 58 Gallons and 14 Drams, which deficiency the Military Board have thought proper to recommend should be written off and Credited to the late Commissary in Travancore, if that recommendation should be acceded to.

5th The Second point is in consequence of the Commissary's charges for the

Fort St. George 15th May 1810.

the purchase of Supplies of Provisions issued to the Troops entered in the Accounts for the Months of April and May 1809 being objected to because they were not supported by the Affidavit ordered to be taken by Commissaries of Supplies in conformity with the G: O: of the 2d of October 1807.—

6th The same objections had been made on audit of the Commissary's purchases in preceding Months but which were afterwards admitted, the Commissary having furnished the Affidavit required in the audit.—

7th The Commissary however now declines supporting his Charges for Purchases of Articles of Provision supplied the Troops in Travancore in the Months of April and May 1809 by taking the Affidavit prescribed by the G. O. above mentioned, for the reasons assigned in his

letter

5463 Fort St. George 15th May 1810.—

letter to me dated the 16th April last, a Copy of which is herewith submitted.—

8th As I cannot however but consider Captain Robertson when furnishing Supplies by the purchasing Articles of Provisions for the victualling the European Troops in Travancore, as a Commissary of Supply, I have neither thought myself warranted to pass the Charges or to recommend their being passed without being verified by the Oath prescribed in the G. O. of the 2d October 1807.—

I have the honor to be &c. &c.

To the Secretary to the Military Board

Fort St. George

Sir,

I have had the honor to receive your Letter, under date 12th Instant, from which

Fort St. George 15th May 1810.—

which it appears the Board is of opinion that the public has sustained an actual Loss on the Issues of Arrack, made in Travancore, and I am sorry to observe, that it likewise seems to impute the cause of that Loss to my Inabilities in the performance of my duties as Commissary.— I am induced to hope that the latter conclusion of the Board arose from the Circumstance of my not having been sufficiently explicit in my Letter of the 6th Instant, in stating the impossibility of furnishing regular Measures.—

I have therefore to beg you will be pleased to acquaint the Board that on my taking Charge of the Departments of Grain and Provisions in Travancore, I laid a Statement of my Wants (amongst which Weights and Measures were particularly Specified) before the Officer Commanding (Lieutenant Colonel Chalmers) with a—

request

Fort, St. George 15th May 1810.—

request to have them supplied, he informed me verbally, that I had already received every thing belonging to my Department that was in his power to furnish and that as the Tappals were cut off, it was not probable that any opportunity would be afforded of making a Communication to the Presidency on that Subject,— and desired therefore, that I would submit my Statement to the Resident, as it perhaps might be in his power to supply my wants.— I accordingly made the necessary Communication with Lieutenant Colonel Macaulay, which proved equally unsuccessful.— he however informed me that as it would be very desirable to have those Articles— he would write to Ceylon, to request General Maitland, would send them by the first Opportunity.—

On the 6th March I received Orders to consider the Deputy Director— Master—

5416 Fort St. George 15th May 1810.—

Master General, the person with whom I was to
Communicate regarding the deficiencies and —
Supplies of my Departments. — As he was in
possession of all documents relative to the avail-
-able resources — I therefore immediately address-
-ed a letter to him, of which the accompany-
-ing is a Copy — I am not aware what steps
may have taken by Major Blacker on this
occasion, or whether it was in his power to
furnish the Articles which I required, but
certainly he never procured me either —
Weights, or Measures, of any description. —

I think it necessary also to observe,
that the Force under the immediate Command
of Lieutenant Colonel Chalmers, was not
upon any occasion nearer than 25 Miles, to
any Detachment, where regular Measures
were to be found, by which to compare those
in my possession. —

In consideration of those Cir-
-cumstances,

5417

Circumstances, I hope this Board will be induced to remove from me any imputation of neglect, in the execution of my duty, as I trust it will satisfactorily appear, that I applied to the regular authorities under which I was immediately placed, and that no opportunity was ever afforded me of comparing my measures with any regular Standard.—

I beg leave therefore to State to you that amongst my most immediate wants, are complete sets of Weights and Measures of every description as I have none at present that can be entirely relied on,— as being Correct.—

By desire of Colonel Chalmers, I some time ago Submitted to the Resident, a Statement of such Articles as were most particularly wanted amongst which where Weights and Measures, but as I have heard nothing since respecting them, I have— deemed it necessary to apply again to you.

Fort St George 15th May 1810.

No 2.

Report of the Military Auditor General on the Letter from the late Commissary of Grain and Provisions in Travancore.

The Military Auditor General has the honor to state that it appears evident from what is represented by the late Commissary that he had used his endeavors to procure the regulated measures for his Department, but without effect. — it does not however appear equally clear that the Company have not sustained a loss as stated by the late Commissary in consequence of the dram Measure used in his Department, as the Gallon Measure contained only 38 of them, in place of 110 according to Regulations, from which Circumstance there has arisen an apparent deficiency equal to 2 Casks 58 Gallons and 114 Drams — it may therefore be necessary that the late Commissary should substantiate what he states

by

5420 Fort St George 15th May 1810.

by the production of the Measures, to satisfy the Board that the Public has not sustained loss by the mode of Serving out the Arrack, before it can recommend to Government, the removing a Retrenchment founded upon the regulations.—

No. 3.

To The Military Auditor General Fort St George

Sir,

Your Report on a letter from Captain Robertson late Commissary of Grain and Provisions in Travancore, on the subject of a Retrenchment made against him in his Arrack Accounts has been taken into consideration, by the Military Board.—

The Board direct to say that they entirely concur in the sentiments stated

Fort St George 15th May 1810.—

Stated in your report, but they have desired me to express to you that as the drawing used in the Commissaries Department was a Wooden one belonging to the Detachment of His Majesty's 12th Regiment of Foot in Travancore, the Board conceive it would not now be practicable to compare it with the Standard Measures at Madras, and as it appears the Commissary attempted by every means in his power to procure Correct measures from the regular authorities within his reach, but without success, the Board express a hope that the Retrenchment made against him, for the difference of quantities will be considered with indulgence on Record, and if necessary recommended to Government to be admitted.—

It will however rest with Captain Robertson to offer such further Arguments in his own favor, as he may deem

dum conducive to the removal of the Retrenchment,
and to Solicit you to submit his Case to the
favorable Consideration of Government.—

To the Military Auditor General
Fort St George

Sir,

In reply to the Extracts of
Retrenchment in the Provision Department,
furnished me from the Disbursements of
Captain Clapham late Paymaster in Travancore,
I think it necessary to observe, that when
those expenditures were made, I was not aware
that any form of attestation was regular,
except

5429 Fort St. George 15th May 1810.—

except the one prescribed in the Printed
Code of Regulations as annexed to the
accompanying Bills. It appears however
to be your Opinion that the G.O. under
date 2nd. October 1807, is applicable to
Commissaryes of Provision, although it does
not specify them, and under that impression
you have required me to affix my declara-
tion on Oath.— It is with much regret
I acquaint you, that I do not feel myself
prepared to undergo that test at a perio.
so distant as 16 Months after it appears
some part of those purchases &c. were
made— as I do not find that my recol-
lection serves me sufficiently in retracing
the particulars of those transactions,—
otherwise I should have no hesitation
in immediately conforming to your wishes
I trust however, that the extreme moda-
tion of the Charges in those Bills when

supported

Fort St. George 15th May 1810.—

Supported by the declaration annexed, and Certified by the Commanding Officer will make it sufficiently apparent that there could be no advantage derived by me from those transactions — and as the form of declaration seems to be the only objection to the admission of those Accounts I have to hope, that you will be induced to dis-pense with it, in consideration of what has been Stated above — or in the event of your not considering yourself authorized to do so — that you will be pleased to Sub-mit the case for the favorable considera-tion of Government.—

The Bills for expenditures on various accounts at Cochin, in the Months of January February and March 1809, have been sent to the Paymaster of extraordinaries for adjustment agree-ably to your instructions.—

expressed in Mr. Secretary Peile's letter of the 28th Ultimo, referring for consideration and Report an application from Lieutenant Colonel Radcliffe of the retired List, to be permitted to draw the Indian allowances annexed to his rank up to the 1st of April, in place of to the 6th of March last— I have the honor to observe that if the date of Lieutenant Colonel Radcliffe's retiring from the service may from any accidental Official mistake, been published in General Orders to have taken place on the 6th Instead of the 26th of March, or the date of the resolution of Government or of the Certificate from the Secretary in consequence thereof granting permission to Lieutenant Colonel Radcliffe to retire from the Service; as it is believed the latter is the date from whence the period of retirement commences,

that

desired to ascertain and Report whether the receipt and issue of the Coins mentioned in a letter from the Paymaster at Trichinopoly by which accompanied Mr. Secretary Peile's had been correctly Stated.—

2. I have in Obedience to your Commands accordingly to report, that having obtained from the Accountant General a Table of the rates of Exchang of the different Coins current at Trichinopoly as established in the Revenue Department, and which being compared with the rates at which the Paymaster at Trichinopoly had received the different Sums exhibited in the Statements in his letter, from the Collector, they have been ascertained to correspond.— And having referred to the Paymaster's Accounts Current for the Months of September, October, November and December 1809.—

and January, February and March 1810.
I find that the entries of Cash received
from the Collector also agree with the Sums

made by the Paymaster or demand
made on the part of the Troops for loss
on Exchange.

Honorable Sir,

From the Military Aud. Genl. Reporting on Correspondence between Military Paymaster General and Agents of Mr. F. Rivers

1. I have the honor to acknowledge the receipt of Mr. Secretary Piles letter of the 21st Ultimo, and to report

F. Reeves late pay-master in Canara that there is a balance against Mr. Reeves of Pags. 992..18..72. which he is of opinion should be adjusted in order that he Mr. Reeves may have credit for the amount giving origin and particulars of this balance & to account for a balance in favor of Mr. Reeves Pags. 1325..43..2. in an account Current between the Paymaster in Malabar and Mr. Reeves transmitted by Messrs. Forbes and Co. in a letter to the Chief Secretary 4th Octr.—

as follows on the correspondence between the Military Paymaster General and the Agents of Mr. F. Reeves late Paymaster in Kanara.—

2d The items stated in the different accounts contained in the correspondence appear to be chiefly Cash transactions between the Paymaster General and Mr. Reeves, which do not come under the cognizance of this Office—there is however a balance against Mr. Reeves of Rupees 3,473..1..93. (or Pagodas 992..18..72.) which I am of Opinion should be adjusted in Order that he may have Credit for the Amount; the Origin and particulars of this balance are as follows.—

3d A list of Contingent disbursements made at Goa in the Year 1800 having been submitted to Government in the usual manner, was forwarded to Mr. Reeves with

5434 Fort St. George 15th May 1810.

with the Original Vouchers in a letter from this Office, under date the 5th June 1809, containing the decisions of Government thereon.

4th On the 21st November 1809 Mr. Rees addressed a letter to the late Military Auditor General stating that he had not received the Bills which were transmitted to him on the 5th June preceding, in consequence of which he was requested on the 7th December 1809 to procure Duplicates of the missing Bills, and to have them supported in the manner directed by the decision of Government, a Copy of which was transmitted to him at the same time, and to transmit them to this Office for the purpose of being passed to enable him to take Credit for the Amount and to make the necessary Adjustment.

5th No further communication however reached this Office regarding the

Bills

5432. 91

Fort St George 15th May 1810.

Bills in question until the Month of Novem-
ber 1809, when duplicates of two of them
were transmitted to the Military Paymaster
General who forwarded them to me and they
were passed under the former decision of
Govt
Government, amounting to Pagodas 617 2
and returned through the Military Paymas-
ter General on the 16th November last, but
no notice is taken of them in the account
furnished by the Military Paymaster
General nor in those prepared by Mr Reves
Agents, this will of course reduce the
balance stated to be in favor of Mr Reves
equal to the Sum above mentioned.

6th It will therefore be necessary
for Mr Reves Agents to procure duplic-
cates of the remaining Contingent Bills
supported as required by the decision of
Government and to transmit them to the
Military Paymaster General, who
will

Fort St. George 15th May 1810.—

will send them to me to be passed in the usual manner which will enable him, to make the necessary Adjustment with Mr. Reves's Agents and which would have been done long ago if the Duplicate Bills had been forwarded.—

7th. The disbursements in question were made by Mr. G. L. Prendergast, who was Paymaster at Goa in October 1800, but the Bills were forwarded to his Successor, Mr. Reves, and the Amount stands to his debit until the Bills are passed.—

8th. The last paragraph of the letter from Messrs. Forbes and Co. to the Chief Secretary to Government under date the 4th. Ultimo States that neither the Paymaster in Malabar or the Military Paymaster General had replied to their letters under date the 10th May 1809.—

to

to the former and 30th November last to the latter regarding an Account Current between the Paymaster in Malabar and Mr. Reves exhibiting a balance of Pagodas 1,325.. 43.. 2. in favor of the latter for which I am at a loss to account.

From the Military Aud. Genl. forwards appeal from Major Vaughan

1. Agreeably to the request of Major Vaughan of the 1st Battalion 12th Regiment

5495

Fort St. George 13th May 1810.—

Vaughan against Retrenchments recommends their remission.—

12th Regiment Native Infantry I do myself the honor to lay before you his letter with its enclosures upon the Subject of a Retrenchment made from the Disbursements of the Paymaster to the Hyderabad Subsidiary Force in the Months of July, August and September 1808.—

2nd The circumstances relative to this Retrenchment are as follows.—

3rd Major (then Captain) Vaughan stood appointed to the 1st Battalion 12th Regiment Native Infantry at that period forming one of the Corps composing the Subsidiary Force in Berar and by G. O. of the 7th June 1808 he was removed from the 1st to the 2nd Battalion Stationed in Malabar, previous to his removal however he had been placed under Arrest by Lieutenant Colonel Dovelon from which he was afterwards liberated by

Orders

5436 Fort St. George 15th May 1810.

Orders of the Commander in Chief during the period of his being under arrest.—

Captain Vaughan continued to draw his difference of Batta, which under the circumstances of the case and being without precedent I did not consider myself at liberty to admit without the special authority of Government.—

It As the Troops composing the Subsidiary Force in Berar are and were at that time upon Field allowances and as Major Vaughan must have been considered liable to extra expense during his involuntary detention— Your Honor may perhaps under these circumstances be induced to authorize a remission of the Retrenchment of the difference of Batta drawn by Captain Vaughan during the before mentioned.—

Commander in Chief the accompanying
Statement of a Claim I consider myself
as entitled to, but retrenched in the
Office of Military Audit, and I hope
His Excellency will, should he sanction
my right thereto, procure the necessary
authority of Government for passing the
Charge.

In the Month of June 1809
I was a Captain in the 1.st Battalion
12.th Regiment ordered under an Arrest
by Lieutenant Colonel Dovetan, the
Battalion

5438 Fort St. George 15th May 1810.

Battalion being then in Berar; on the 27th
of the same Month I was by G. O. removed
from the 1st to the 2nd Battalion but in
consequence of my being under an Arrest
was detained with the Detachment, and
was moving with it: That the late
Commander in Chief having admitted of
the acknowledgement I made on the cause
of my Arrest, was pleased to direct
my being liberated therefrom, and I accord-
ingly was then permitted to proceed and
join my Battalion.

The field allowances which
were drawn by me as incidental to my
Situation, being marching with the
Detachment then returning from the
Service against Malpetta Row, it will
appear to His Excellency, by the inclosed
Copy of the Military Auditor Generals
retrenchment and Remark is inadmissable

To the Right Honorable
The Governor in Council
Fort St. George

My Lord,

I have the honor to Sub-
-mit to your Lordship in Council the
accompanying papers on the subject of
a Claim for the allowance of Batta,—
under the head of Field Charges, incident-
-ally arising from the Situation in which
I was placed, during the period for which
the Charge had been retrenched by the—
Military Auditor General;— The Retrench-
-ment as confirmed upon re-audit it
will appear to your Lordship by the
Military Auditor General's remark, is

not

5740 Fort St. George 15th May 1810.—

not from the allowance being inadmissable, but from requiring the Sanction of Govern-ment to authorize the passing of it, and under those Circumstances I can have no doubt your Lordship in Council consi-dering the Statement annexed as satisfac-tory, will direct the Office of audit-to admit and pass the allowance drawn by me, during the time I was detained by authority in the field.—

In the Month of June 1808, I was a Captain in the 1st. Battalion 12th. Regiment, ordered under an Arrest by Lieutenant Colonel Doveton, the Battalion being then in Berar: On the 7th of the same Month, I was by General Orders removed from the 1st. to the 2nd. Battalion of the Regiment, but in consequence of my being under an Arrest I was, notwithstanding the promulgation

5741 Fort St George 15th May 1810.—

promulgation of this Orders, detained with the Detachment, and was necessarily involved during this detention in every expence attendant upon field Service, and as such I hope it will be judged by your Lordship that I was entitled to the allowance of Full Batta.—

The late Commander in Chief Lieutenant General MacDowall having approved of the Arrangement made, satisfactory of the cause of my Arrest, was pleased to direct my being liberated therefrom; and it was then only that I was permitted by the Detachment proceed and join their Battalion to which I had been removed— The necessary Official documents of my actual detention were forwarded by me to the Military Auditor General and are now in the Office of Audit.—

At

It only remains to bring before your Lordship that the period of time which has elapsed, during which the Retrenchment has been under reference, was no ways within my choice, as will appear from the papers having laid in the Office of the Commander in Chief from September 1809 to March 1810.— That my reply to the Retrenchment in the first instance, now in the Auditor Generals Office was within the prescribed period, as also was my address to His Excellency the Commander in Chief.—

Officers of the Navy operates on
them, for, in the late Expedition
where the Services of Naval Officers,
were continually called forth in a
twofold

two fold Manner and where their duties became so multiplied, and extensive from the peculiarity, and deviation of the Service, they were employed in, the mode in which their allowances are ordered to be paid, at a certain daily rate renders the Sum awarded to them, so very Trifling, as really not to be worth acceptance. We therefore request you to Submit to the Honorable the Governor in Council, our hope, that he will take into His further Consideration the Military Nature of our Services, during the Continuance of the late Expedition, the Constant, and active duties We performed in the Bombardment of different places by the Gun boats, and the distruction of the piratical vessels, Services, which fell almost entirely to our lot

attended this Service, will have its
due weight; as well as the circums-
tance, of, not a farthing of Prize

occasion, by any individual of His

well Considered, together with the
allowance, that His Majesty's

Gentlemen

To the Military Board States that the Dowlut Baugh having been appropriated for the use of the Court established at Seringapatam the Estimate for repairs submitted are therefore unnecessary and that the residence of the Officer Commanding in Mysore cannot take place - Complies with the proposal for Lieut Poriano to superintend the public works carried on at Bellary - States that Captain Waldo should not be employed under the Agent for Cavalry Supplies longer than his services are absolutely requisite - approves the letter sent to the Quarter Master General on the subject of the barracks at Bangalore

Para 1st. I am directed to acknowledge the receipt of your letter dated the 30th Ultimo.

2d. The Palace of the Dowlut Baugh having been appropriated to the use of the Court Established at Seringapatam, the arrangements suggested in your letter with respect to the Residence of the Officer Commanding in Mysore in that building cannot now take place. The Governor in Council therefore deems it to be unnecessary to sanction the Estimate for the repairs of that building recommended in your letter.-

3d. The Governor in Council accedes to the proposition of the Chief Engineer respecting the temporary employment of Lieutenant Poriano in superintending

5481 Fort St. George - May 1810.

Superintending the public works carrying on at Bellary until such time as Lieutenant M.Intosh may be able to assume Charge in person of the Duties of his Situation."

4th The Governor in Council is not aware of any objection to the Continuation of Captain Wahab in the situation he at present holds under the General Agent for Cavalry supplies, and accordingly accedes to your Recommendation on this subject; the Governor in Council is however desirous that Captain Wahab should not be employed under the Agent longer than his services are absolutely Requisite.

5. The Governor in Council approves the letter addressed to the Quarter Master General of the Army on the subject of the Barrack at Jalnah.

Read the following letters from the Military Auditor General.

To the Honorable
Sir George Hilaro Barlow Bart. & K.B
Governor in Council,
&c: &c: &c

Honorable Sir,

From the Military Auditor General. States that the Conduct of Lieut. Campbell and R. Hilton H. M. 25th Dragoons in having taken from the sum allowed Colebrooke detained to the 5th N. C. Regimental Vakeel, their pay and allowances in absence of Staff appointments, was irregular and that these officers should be directed to reimburse Major Colebrooke in the Amount, by paying the sum into the hands of the Mysore Paymaster that they should make out Abstracts for whatever arrears they claim and transmit them thro' the proper channel to the office of Audit for examination.

1. I have the honor to acknowledge the receipt of Mr. Secretary Peile's letter of the 3d. Instant, with which was transmitted for consideration and Report Copy of a letter with its enclosures from Major J. Colebrook of the 5th Regiment of Native Cavalry.

2. I have accordingly to state that it appears from the Statement of Major Colebrook that he had obtained from the Paymaster on his own private Receipt, under the Sanction of the Officer Commanding in Mysoore, an Advance of Cash for the special purpose of enabling the 5th Regiment of Native Cavalry to march from its Station at Bangalore to Seringapatam, and at the occasion would not admit of delay in

5502

Fort St. George 19th May 1810.

in adjusting the advance by Regular Abstracts, & Major Colebrooke had deposited the Amount in the hands of the Regimental Vakeel - Of which Cash however Lieutenant A. Campbell of His Majesty's 25th Regiment of Light Dragoons had received from the Vakeel two sums amounting to Pagodas: 161: 32: 32. for which he had delivered two Abstracts to that Amount, for Allowances in the Capacity of Quarter Master to the 5th Regiment of Cavalry to which he had been appointed in General Orders - And that Lieutenant Welton also of His Majesty's 25th Regiment of Light Dragoons had received from the Vakeel the Sum of Pagodas 102: 15: 10 for which he had delivered Abstracts for Allowances to that Amount in the Capacity of Aquitant to the 5th Regiment of Cavalry, to which he had been ap-
-pointed in General Orders.-

3d These transactions are reported to have taken place some time after the Removal of Lieutenants Campbell and Welton from those ap-

5503 Fort St George 18th May 1810.

appointments respectively.

4. With Lieutenants Campbell and Hilton I can probably establish their claim to the Staff allowances exhibited in the Abstracts, I cannot however but be of opinion that under the circumstances of their having been previously removed from those Staff situations and the advance of Cash which Major Colebrook had obtained on the exigency of the Moment on his own Credit and lodged with the Vakeel to meet a special public purpose, their drawing the above mentioned sums in the manner reported was irregular, and that these Officers should be directed to Reimburse Major Colebrook in the Amount, by paying the same into the hands of the Mysore Paymaster who may be instructed to receive and pass the same to the Credit of Major Colebrook.

5. And Lieutenants Campbell and Hilton may be directed to make out Abstracts for whatever Arrears they claim and transmit them thro' the Channel of the Paymaster of the Station, where

5504 Fort St. George 18th May 1810.

where His Majesty's 25th Regiment of Light Dragoons are Cantoned, to the Office of Audit for examination, when they will be Authorized to be paid the Amount which will be ascertained to be due, and which would have been the Regular Mode to have adopted in the first instance by Lieutenants Campbell and Hilton..

the 1st 2nd and the 6th Instant, and of four letters from the Secretary in the Military Department dated the 1st 4th and 5th Instant. The necessary orders have been given in consequence.

2d

With reference to the letter of the Secretary in the Military Department dated the 5th Instant with which was transmitted for our information and guidance an Extract of a letter to the Judge and Magistrate on the Island of Seringapatam, We have the honor to report that we have considered it necessary to delay giving orders to the Barrack Master in Mysoor for the transfer of the Dowlat Baugh to the Judicial Department, until we shall be favored with the decision of Your Lordships in Council, on the Estimate for the Repair of that building, which was submitted with our Report of the 30th Ultimo. It will appear from that Report, that the Officer Commanding in Mysoor, was about to

proceed

proceed to Seringapatam, and that he required the Doulet Baugh to be placed in a state of repair for his accommodation, and we were led to include that this arrangement would leave disposable for the accommodation of the Officer Commanding the Troops at Bangalore, the palace at that place which has for some time been occupied by Major General Wardle. On these circumstances has not, it appears been brought to the notice of the Government at the date of the letter from the Secretary in the Military Department to which we have now the honor to reply, and as the Service will suffer no inconvenience, from the delay of a few days on this occasion, we trust we shall be justified in having made this reference, previously to our giving any orders to the Barrack Master respecting the transfer of the building in question. We are

not

Fort St. George 18th May 1810.

not yet enabled to Report finally, with regard to the exact appropriation of the public quarters at Bangalore as directed by Mr. Secretary Piles letter of the 24th Ultimo, but from the information already in our possession, we are of opinion, that should the Head Quarters of the Mysoore Division be permanently fixed at Bangalore, it may be found necessary to erect a quarter for the Officer Commanding the Troops at that Station.

3. We have the honor to forward for the consideration of Government, a letter and enclosures from the General Agent for Cavalry supplies Recommending that the bullock Owners who proceeded from the Carnatic with the 5th Regiment of Native Cavalry, and who were discharged on the arrival of that Corps at the Head Quarters of the Poona Subsidiary Force, should Receive a Compensation to

enable

enable them to return to the Company's territories. It is conformable with the usage of the service, when bullocks are discharged at a distance from the homes of the Owners, to grant an allowance to enable them to return, and as we conceive that the case of the bullock Owners who have so long been attached to the 5th Regiment, to be one which deserved particular consideration, we beg leave to Recommend to your Lordship in Council that they may receive pay for 25 days, beyond the period of their being discharged at Seroor, as a Compensation for the payment of their expences, in Returning to the Carnatic. If this indulgence be granted to these Owners, we shall give instructions to the General Agent for the Adjustment of the Amount, which will not in our opinion exceed the Sum of Pagodas 500.---

I have the honor to enclose a letter which I have received from Major Colebrooke, with its enclosure.

The nature of the application seems in itself so reasonable that it is almost unnecessary for me to recommend it to a favorable consideration, but I trust I shall be excused for pointing out the importance of securing the attachment of so useful a body as the Carnatic Bullock-Owners, by Acts of liberality

liberality and indulgence when Merited and that, the persons alluded to in the enclosed, seems by their conduct and long Service, entitled to, at least the same indulgence as was granted by Colonel Close, to persons similarly situated.-

The Bullock Owners notwithstanding the great distress they have thereby experienced have since Remained unemployed in Camp in the hope that they would eventually receive the gratuity which was applied for, but so much time has now elapsed without any Result being made known, I am led to suppose that the application should have been made to you by me, in the first instance, as the Cattle were employed in the branch of Service which is most immediately under

To the Chief Secretary
of Government

Sir,

I request permission to submit to you the following circumstances, in the hopes that Government will be pleased to afford them a favorable consideration.

On the 27th of last February I received this Colonel Close, an Order from the Commander in Chief, directing me to repair with all

From the Quarter Master General. all expedition to Fort Saint George, as my attendance would be required at Head Quarters at the earliest period.

I accordingly wrote to the Resident at Hyderabad, and the Magistrates in Guntoor and Nellore Requesting that Bearers might be laid for me from 100 Miles North of Hyderabad to Fort Saint George; and accordingly was induced to undertake the first 600 Miles of the distance from Camp. at the rate of 30 Miles per day. Had I not reduced thus, the distance of my march on Horse back by arranging to post a part of the way, I should have found it necessary to travel so great a distance, as was that of Colonel Close's Camp to Madras, at the Regulated rate of 15 Miles a day, the longest Marches by which an Officer can, without great inconvenience, move with the Baggage he requires on the Road.

This rate applies to the distance of about 1100 Miles, would have delayed my arrival

arrival at Fort Saint George to the present date; — whereas, by adopting the measures I used, I was enabled to enter on the duties of my office on the 3d. of April, at a period of a particular press of business.-

These circumstances lead me to hazard a hope, that Government will be pleased to authorize the Officers above-mentioned, to receive on their accounts the Charge of laying Beaver for the above purpose; and I have the honor accordingly of Requesting that you will do me the favor of submitting my Request to Government.-

My Lord,

From the Military Auditor General. Reporting (with respect to a letter from Secretary to Government Military Department Fort William) that it is not in his power to state whether Nine Articles were supplied at expence of Government of Fort St. George. Considering Nine Articles the property of the Public. stating practice observed on the Coast in adjusting Concerns of a similar nature. Submitting observations upon Mr. Balls (Assist. Surgeon Naval Hospital) application for Batta.

I have the honor to acknowledge the Receipt of Mr. Secretary Peiles letter of the 7th. ultimo with which was referred for consideration and report Copy of a letter from the Secretary to the Government in the Military Department at Fort William dated the 27th. of March, and also Copy of a letter from His Excellency the Naval Commander in Chief dated the 20th. ultimo respecting an application for Batta from Mr. Ball the person officiating as an Assistant Surgeon at His Majestys Naval Hospital, and desiring that I

5520 Fort St. George 13th May 1810.

I would state my opinion whether under all the circumstances of the case that Indulgence can be extended to him.-

2. I have accordingly to report that in the Letter from the Secretary to Government at Fort William respecting the Claim to compensation for the value of property denominated "Line Articles" which had been delivered over with Horses purchased in the West of India for the Cavalry upon the Establishment at Fort William, that had been placed in Charge of Lieutenant Dalrymple of this Establishment lately deceased, it is requested, that it may be stated whether those above mentioned Articles were supplied at the expence of the Government of Fort Saint George, or are considered the private property of the late Lieutenant Dalrymple, and also the practice which is observed on the Coast in adjusting concerns of a similar nature.-

3. With respect to the first point whether

Fort St George, 13th May 1810.

whether the line Articles were supplied at the expence of the Government of Fort St George, I have to observe that as no Communication whatever respecting the purchase of the horses for which the Articles in question had been supplied, has been made to me, nor have any Accounts of the Disbursements attending their Journey to Bengal, been submitted for Audit, it is not in my power to afford the Information required but which may be obtained on reference to the Vouchers of those Accounts which are probably lodged in some of the public Offices at Calcutta.

4. Regarding the practice which prevails on the Coast in the adjustment of these concerns, I have to state that by the existing Regulations at the Presidency, the Agent for the purchase of horses is authorized to charge 36 fanams (nearly three Rupees) for the supplying all the Requisite Articles consisting of horse Shoes, Head

and

5522. Fort St. George 18th May 1810.

and Heel Ropes, Cumblies Watering bridles &c.
&c. for each Horse, and 18 fanams Monthly
for keeping them up, previous to the arrival of
the remount horses at the several Stations of the
Regiments of Cavalry to which they may be
respectively allotted - Under the circumstances
therefore of thirty Six fanams, having been paid
as purchase Money by the Company, I should
consider the Line Articles the property of the
public - The line Articles it is concluded are
delivered over at the same time with the
horses, and no Charges of 6 Rupees for each
horse as stated in the letter from Mr. McDonald
on that account appears to be made by the
Agent, at least none are admissible in his
Accounts.

5. I have the honor to observe on
the subject of the application from Mr. Bell
for Batta as Assistant Surgeon at the Naval
Hospitals, that in the letter from His Excel.

Excellency the Naval Commander in Chief, it is declined, the soliciting this Indulgence - I also beg leave to refer to my Report to Government upon the 25th of January 1808 and to that of the 2d March 1810; upon this application - In addition to what I had the honor to submit for the information of your Lordship in Council in these addresses, it may be proper to observe that as all Charges on Account of His Majesty's Squadron in India, have been considered and directed to be Charged to the Civil branch of the Service from the 1st of May 1808, the consideration of this application may perhaps now be deemed the province of the Civil Auditor more particularly, as I am informed that Government were pleased in the Month of July last, at the recommendation of His Excellency the Naval Commander in Chief, to grant an allowance of Batta to Mr Surgeon Dalziel the Surgeon attending the Hospital of His Majesty's Navy at

Sir,

You will herewith receive a Readet in which the Charges entered in your Disbursements for the Month of October 1809. on Account of the Removal of the Ordnance and Military Stores from Tanjore to Trichinopoly are retrenched;- those Charges had been passed on

on Audit upon the Indents and Receipts which were then forwarded as the Orders which had been given by Government respecting the Removal of the Stores and from the farther Instructions of the Military Board to the Officer Commanding the Southern Division of the Army it was concluded had been carried into effect, as the operation however of these orders were suspended and it now appears from communi-cations Received by the Military Board, that none of the Stores have yet been Removed from Tanjore to Trichinopoly you will therefore in Compliance with the Retrenchment in the accompany Readit in the first instance being the Amount to the Credit of the Company in this Months Abstracts of Receipts and Disbursements, and in the next place you will be pleased to explain how you could take upon you to enter Charges to the Amount of Pagodas 6298:.25 in your Accounts without such an expence having as it would now appear, been incurred - In short the transaction at present bears so mysterious an ap-

To the Military Auditor General
Fort St. George

Sir,

I have the honor to acknowledge the receipt of your letter dated the 21st May, accompanying a Requisit, in which the Charges entered in the Disbursements of this Office for the Month of October 1809, on Account of the Removal of the Ordnance and Military Stores from Tanjore to Trichinopoly are required.

In reply, I beg leave to offer the following explanations of the Circumstances attending the entry of the Charge in question, which took place during my absence and was done contrary to my

Fort St. George 18th May 1810.

my positive injunctions or even without my Know-
-ledge - I cannot therefore be considered in the remotest
degree, implicated in the transaction -

. . . Although, as you observe, the opera-
-tion of the Orders issued by the Military Board for
the Removal of the Stores from Tanjore were suspend-
-ed, and that none of them have yet been removed to
Trichinopoly yet these orders had begun to be acted
upon by the Commanding Officer who received the
Board's instructions on the subject; Indents were
sent in and a very large proportion of the Bullocks
actually despatched to Tanjore and the whole of the
Cattle collected and kept in a state of readiness for
immediate Service. In consequence of the Requisition
Inade considerable advances to the Bullock
Maistries who distributed them amongst the
owners, - Their Cattle were taken away from
their usual work and their hire lost to them
during the period. -

After a lapse of some time the

Commanding

5530

Fort St. George 13th May 1810

Commanding Officer informed me, that the orders were suspended and that the Cattle would not be required. In common justice a Recompense for the loss of the labour of their Bullocks, equal to what they would have gained had they not been thus engaged was due to the owners. - Upon this principle I directed an adjustment to be made and told them that I would forward their Claims for the Consideration of Government. But so Reluctant were they to give up any part of the hire which they considered themselves entitled to, that no Settlement could be made with them consistent with the public Interest. -

Matters were thus situated when Mr Trichinopoly, on leave of Absence to visit the Presidency, taking advantage of this circumstance the Bullock owners being very Clamorous for the payment of their balances, prevailed upon the Writer, who had charge of the Accounts, to enter the full Amount in the Disbursements, which he

he did without mentioning the subject to any one who had the power of checking him - as the Man is since dead the punishment he merited for this infamous conduct, cannot now be awarded and the only remedy left, is to follow the directions contained in your letter, by giving Credit for the Sum so improperly brought forward, and the affair of the advances, which made shall be the subject of future reference.

To the Right Honorable
Gilbert Lord Minto
Governor General in Council
&c. &c. &c.

From the Physician General and President of the Medical Board. Respecting an application to the Honorable Court of Directors for an increase of the Ordinary pension granted to the retired Members of the Medical Board. requesting his Lordship in Council's Concurrence.

My Lord.

In asking personal favors, it is an unwelcome and ungracious task for an Individual to urge his Claims, but the necessity of circumstances will sometimes supersede the Delicacy of feeling and overcome that reluctance

Fort St. George 18th May 1810.

which every man must have, to speak of him-
self.

For a period of Forty three years
I have had the honor of being in the Service of the
East India Company and with little interruption
through the whole course of that time, have laboured
in the Field and in the Garrison.

My labors, I reflect with
satisfaction and gratitude have ever been sanc-
tioned with the unqualified approbation of my
Employers, and many great and dignified Characters
in this Country, have on various occasions distinguish-
-ed me with their Commendation and Patronage.

In January 1788, Sir Archibald
Campbell then Governor of Fort Saint George
was pleased to declare that "my unremitting
"services in the Field and unwearied attention to
"my duty as Regimental Surgeon gave me
"a strong claim to preferment."

On the 4th of June 1792, when I had
afterwards

upwards of 900 European Sick (exclusive of Sepoys) under my particular care at Vellore, Marquis Cornwallis after avowing that "I had merited his fullest "approbation" stated that he should be wanting in Justice to me, were he to omit the opportunity of intimating the high sense he entertained of my merits, and presenting me as well deserving of notice and favor.

In 1797 during the administration of Lord Hobart the letter of this Government to the Court of Directors, described me "as a Gentleman "who had distinguished himself in his profession "and begged to Recommend me as a meritorious "Servant of the Company".

Numerous other Extracts from the Records of this Presidency might be adduced in confirmation of the Character which it has ever been my pride to maintain and the general letters of the Honble Court from England fully ratify these Testimonials in my behalf. In one of their most recent dispatches they express themselves "to be convinced "from

Fort St. George 13th May 1810

from all that has come before them, that great advantage has accrued to the Company by my active and diligent exertions in superintending and inspecting the Medical Stores and that they have in their letter of the 30th July 1806 Para 603 testified their sense of my merits in the execution of the duty in question, by granting me an additional allowance on that occasion.

I advert to these passages only for the purpose of shewing to your Lordship in Council that my Superiors have not deemed me an unworthy or unprofitable Servant and that in now soliciting a particular appeal to be made on my Account to the Honorable Court of Directors I am not altogether without Pretension or Title to their favor.

After arduously and faithfully toiling I have reached the summit of my Profession in India and am at length anxious to pass the remaining years which Providence may grant to me in Tranquility and repose in England.

My

5537 Fort St. George, 13th May 1810.

My declining health suggests the Expe-
-diency of another Climate, but my means are inade-
-quate to provide for my Retirement.

The Education of a very numerous Family
and the Ruin and Bankruptcy of a House of Agency
at Madras have absorbed a great portion of my Earnings,
enough does not remain even with the Pension annexed
to my Rank at the Medical Board to enable me to
purchase that ease which my Age and long Habits of my
life require.

If therefore I may hope that the above Testi-
monies in my favor be honored with concurrence by
your Lordship in Council and that a long life of faithful
and Zealous Service may under the circumstances I have
stated, appear to justify your Recommendation of me for
an Increase of the Ordinary Pension granted to the
retired Members of the Medical Board my Trust in
the liberality of the Honorable Court will induce me
to yield to the admonitory symptoms of decline fast
encreasing upon me in this Climate and at no distant

Fort St. George 18th May 1810.

Seringapatam, I have lost no time in transmitting a Statement of his Account to the Paymaster of His Majesty's 80th Regiment in my letters of the 7th December 1809 and 8th February 1809. thro' the Deputy Paymaster General King's Troops for Recovery, but in the meanwhile, Cornet King has left Seringapatam and proceeded to Madras and died shortly after his arrival there, thus the Balance abovementioned Pagodas 151: 10: 64. Remains irrecoverable.

I have already stated to you this circumstance in my Letter of the 30th March 1809; and have likewise on the 22d April 1809 called upon Mrs King Relict of the late Cornet King to Refund the abovementioned sum, but her Answer was to no effect, consequently I request you will have the goodness to submit the case to the Consideration of the Right Honorable the Governor General in Council for determination.

Sir,

Herewith I have the honor to transmit the Copy of a letter addressed to my Aid de Camp, this Moment put into my hands, which I cannot under all the existing circumstances has wounded my feelings very severely; when I was honored with the Command of the Troops in the Mysoor Country, I was informed from all Quarters that the Doulet Baug was Regularly and Constantly attached to the Officer in that command, and consequently considered

considered as mine from Custom under that im-
-pression very soon after my appointment: I mentioned
my Intentions of making it a visit the very first
opportunity, Mr. Casamaijor the Judge and Magistrate
of Seringapatam who was present at the time informed
me many of the Windows were broken, and Volun-
-tarily offered his Services, to have them repaired and
the House prepared for my reception; some time
afterwards I heard a Report that he had applied
for the House for himself, to which Report of
Course could give no Credit, and contradicted it
saying his having interested himself about the
House for me must have given Rise to such
an idle Tale, Having very lately heard from good
Authority that he had really made an applica-
-tion for the Buildings and that Sir George Barlow
had said he must manage with me to Relinquish
it, before he could listen to his application, and
as he never had then or since spoken to me
upon the subject; I felt very much hurt, and
wrote

Fort St George 18th May 1810.

wrote to him expressing my Feelings, as it ever had my Intentions occasionally to visit Seringapatam, I directed the Officer Commanding there, to place a Guard to take Charge of the Buildings at the Dowlet Baug, and desired the Engineer to make out an Estimate of the probable expence of the necessary repairs, which I forwarded to the Military Board with a Request that authority might be given for their being Commenced upon; that you may judge of my Surprise at Reading the accompanying Letter from Captain Garrard; As I suppose the House must have been transferred upon an erroneous opinion that it was useless to me, or at any rate with my Knowledge, or otherwise that the measure would have been reported to me through some Superior Channel, I have thought it incumbent upon me to make the above Statement and I trust I may indulge a hope that the favor which has hitherto been granted to my Predecessors in Command, and which

adds

adds much respectability to my situation in the Eyes of the Natives, will not be snatched from me because Seringapatam is not the present Head Quarters of the Division.

Sir,

From the Officer Commanding at Pondicherry - Enclosing the Petitions of 7 persons - real Distress - Recommending that 12 Rupees Monthly be allowed annually to Sebrain Bouche and Pierre Bonnefond - 10 Rupees to Louis his Emmanuel Silva - and Marie Dorothée Rebelot - 6 Rupees to Phillip Pauphar and Denis Armegaud.

1. I have the honor to submit to the humane consideration of the Government of Fort St. George the accompanying Petitions from indigent persons residing in Pondicherry, praying for some pecuniary relief of the real distress under which they labour.

2. Some of those cases were laid before me before I went to Bangalore on General duty in October last, at which time a very heavy expence was incurring here in the maintenance of a number of French Prisoners

5559 Fort St. George 18th May 1810.

Prisoners of War, and until Government should be relieved of that burden, I was unwilling to obtrude the following cases on its attention, but as that obstacle is now a good deal Removed, I with deference appeal to the Compassion of Government in behalf of the unfortunate Petitioners.

3. The first is the case of Philippe Templier an old Non. Commissioned Officer in the French Service, who for many years has maintained himself by exercising the profession of a School Master for which age and great infirmity have now wholly unfitted him. He receives from one of the Charities here Six Rupees Monthly, to which I have the honor to suggest that Six more be added.

4. The next case is that of Denis Angenard a Cooper, who after the Capture of Tranquebar came to Pondicherry with the view of carrying on his trade in which having entirely failed he is now in distress. I recom-

mend

5560 Fort St. George 18th May 1810.

recommend Six Rupees p.r Mensem to be granted to him.

5. The third case is that of Louis Sicé formerly in the employment of the French Government, who has done his utmost to main- -tain his family by keeping a School, but which object he cannot accomplish. - Request that an allowance of Ten Rupees per Mensem be granted to him.

6. The fourth Petition is from Emmanuel Silva, who also has been in the employment of the Ob French Government to a Priest whom, I recommend that Ten Rupees Monthly be granted.

7. The fifth is the case of Silvain Bouche an Ob Soldier in the French Servic who has as long as he was able supported him- -self and his family by his Labour. As he is now Ob and infirm and has four Young Children, I request that he may receive a pen-

sion

5561 Fort St. George 18th May 1810.

pension of Twelve Rupees Monthly.

8. On Account of the Age Infirmity and family of Pierre Bonnafond a Pinman (No 25) I also have the honor to recommend that he receive a Monthly allowance of Twelve Rupees.

9. Last recommend that an allowance per Mensem of Ten Rupees be granted to the Widow Marie Darocher Valet whose destitute circumstances are well known here, and whose irreproachable Character render her a Worthy object of the Charity of Government.

10. The above are a few of Many Cases which since my appointment to this Command, I have been requested to lay before Government, but which for the reason before stated, I have not until now forwarded. Perfectly aware of the unexampled bounty of Government towards the poor inhabitants of Pondicherry, I can assure you that the strong call of humanity and the consideration that by longer withholding

- Lobbing those cases of Real distress from the
view of Government, may disappoint its benevo-
lent intention, alone impel me now to submit
them to its notice ..

Elle représente donc, à Votre Excellence, que la révolution française lui ayant fait perdre la majeure partie de sa fortune, tant aux Isles qu'en Europe, elle a dû depuis longtems oublier qu'elle comptait autrefois l'aisance; se mettant au dessus des revers de la fortune, elle s'est résignée depuis longtems, et s'est imposée toutes les privations possibles: elle n'a jamais osé jusqu'à ce moment solliciter la générosité du Gouvt. Resolved

5573 B

Fort St. George 18th. May 1810.

Resolution thereon.

Resolved that the allowances recommended for the several indigent persons mentioned in the foregoing letter be granted from the 15th. Instant, and that intimation of the same, be sent for the information and guidance of the Military Auditor General.

To The Chief Secretary of Government
Fort St. George.

Sir,

From the officer Commanding at Tondichurry strongly recommending a petition from Madame Guignace to the favourable consideration of Government.

1. In another letter of this date, I have had the honor to address Government, in behalf of several indigent individuals of this place, soliciting small pensions for them, to relieve them from absolute want and as hitherto I have not lightly made applications of this kind to Government, and Mean now to do so — excepting on pergurgent grounds, I trust

that

that my letter will be favourably received.

2. The humanity of the Govern-ment of Fort St. George towards the Inhabitants of Poudicherry has not been confined however, to those of them of the class above mentioned, but on many occasions, with a delicacy of feeling most honourable to the National character, has stepped forward to ameliorate the Condition of many respectable Natives of France, reduced by the Misfortunes of the times from affluence to Comparative want.

3. On this ground I forward and submit to the favourable Consideration of the Honourable the Governor in Council, the accompa-nying address by Madame Guignace a respectable Lady of Pondicherry, the Widow of a Gentleman who held an office at Tranquebar under the old French Government, and this Circumstance her very advanced age, together with the consideration of the Superior Rank. She once held, will I trust give her an equal claim on the Generosity of Govt. with many other inhabitants of this place in a similar Situation.

4. Hitherto Madame Guignace has derived considerable assistance from a Mons.r de Kerjean, and

55730

Fort St. George 18th May 1810.

and also possessed a small property which was in the hands of her son in law a Mons.r Munron, (who resided in France) under which support she entertained the hope of now being reduced to the necessity of burdening the British Government. those sources however now failed, as Mr. de Kerjean no longer possesses the means of assisting her, and late accounts from Europe announce the death and insolvency of her son in law, and the property in his hands is consequently lost.

I have the honor to be. &c. &c.

Honble Sir,

From the Medical Board:- giving reasons why the union of the situations of Secretary to

Para 1st

We have had the honor of Receiving from Mr. Secretary Pile the orders of

5580

Fort St. George 13th May 1810.

to the Medical Board and Superintendent of Vaccination is incompatible with the good of the service, accompanied by the Minute 1st April 1805 of Doctor Gahagan when 2d Member of the Medical Board - transmitting also a letter from Mr Horseman which he requests may be forwarded to Government -

Sir

I have the honor to acknowledge the receipt of your letter from the Secretary to Government under date the 8th Instant, directing us to state more fully than was done in our letter of the 26th Ultimo the Reasons, that induced us to consider the union of the situations of Secretary to the Board and Superintendent of Vaccination incompatible with the good of the Service.

2. We were not aware, that farther was necessary to be stated in our letter of the 26th Ultimo than our unanimous and unequivocal disapprobation of such an Union. Having considered the General Superintendence of Vaccination of that extensive nature, and consequence as to induce us even under the present calls for a Reduction of expence

5581

Fort St. George 18th May 1810.

expence both from the Honorable the Court
of Directors and Government, to
Recommend a Salary for it equal
to what is granted to a Staff
Surgeon - a Salary deemed suffi-
-cient to Reward even the Senior
Surgeons of the Establishment.-

3. As we are now however
desired to state more fully our
Reasons, we can have no hesitation
in again giving it as our unani-
-mous opinions, that no Union
of this nature can ever be for
the Welfare of the Service.-

4. The irregularity of a Secretary
issuing orders, and instructions from
the Board to himself as Super-
-intendent of Vaccination, must
it is apprehended be sufficiently
obvious,

Fort St. George 13th May 1810

obvious; but nothing can perhaps more clearly evince the incompatibility of the two situations being united, than its having been found necessary on a former occasion to separate from the Secretaryship even the local Superintendence at the Presidency when held together with the Secretaryship by the same person.

5. So extensive, and arduous was the duty conferred on the Superintendent General of Vaccination considered, that it was separately conferred upon Mr. Alexander Mackenzie in order, that the whole time, and attention of an individual might be devoted to the very important, and

5583

Fort St. George 18th May 1810.

and delicate duties of the Examining Department.

6. These duties demand, that the Superintendent by occasional circuits should have personal inspection of the several Districts committed to his Charge, or at least such situations as might not be at too great distance from the Presidency, thus on the one hand while the Superintendent should be making a tour, on the other the Secretary, and first employment of the Medical Board Secretary would not allow of his absenting himself from his duty at the Presidency, even when the public welfare required it.

7. So numerous and multifarious

5584

Fort St. George 18th May 1810

Multifarious are the reports received upon this great and interesting subject of vaccination, from the different Stations throughout this extensive Peninsula, that to give them due consideration, and maturely to think and correspond upon points of so serious a nature, to suggest from time to time to the Medical Board, the Result of reflection or Practice upon the improvement and extension of this system will completely occupy the time of the Superintendent, if disposed diligently and faithfully to execute the functions of his office.

8. In like manner the various and voluminous documents which are continually coming under

5585

Fort St George 18th May 1810.

under the cognizance of the Secretary
to the Medical Board, must furnish
him with full and ample occupation.

9. The personal exertions of
the Superintendent in the care of his
Patients, constitute another, and
very essential part of his duty; and
Government expects, that he should
make to them Regular communi-
cations of the Vaccinations at this
Presidency, and in the Regulations
bearing date 19th of June 1805 Para
3d expressly orders "It will be the
"duty of the Superintendent to use
"his own personal exertions, in
"Vaccinating as large a Number
"of Patients as may be practicable,
"and he will submit for the in-
"formation of the Governor in Council

a

5586

Fort St George 18th May 1810=

a Return of the Patients Vaccinated
by him in each Month."=

10. This personal attend-
ance upon his Patients added
to the General Superintendence
of the Vaccinating System under
this Government, must interfere with
the duty as Secretary to the Medical
Board, one or other Department must
suffer by the Union..

11. We were so sensible
of the necessity of our Secretary
being disengaged from all duties
of details unconnected with those
of the Board, for that full discharge
of duty which the Welfare of the
Service Requires, that Mr William
Mackenzie was not Recommended
by us till he had promised the

Members

5587 Fort St George 18th May 1810.-

Members individually, that on his
obtaining the Situation of Secretary
he would Resign his Station at
the Apary Office..

12. These public Reasons we
trust are sufficiently evident, and
valid to show, that the two duties
can only be properly conducted
when separate.-

13. We will add what
more immediately applies to Mr.
Horsman's continuing as Secretary
to the Board, that from what
has occurred there cannot now
be that reciprocal Communication
of Sentiment and opinion on
which the duties of the Medical
Board can alone be fully and
adequately discharged. Doctor

5588 Fort St. George 18th May 1810.

14. Doctor Gahagan when 2nd Member having entered his Sentiments fully on the necessity of the duty of Superintendent of Vaccination being the duty of an Individual we have the honor of transmitting his Minute of April 1805 along with this letter.-

15. We have also the honor to transmit a letter from Mr. Horsman laid before the Board which he has requested may be forwarded to Government, most of the arguments he has adduced, have been already answered in this letter - We will however observe, that the Vaccine Superintendence at the Presidency which he only held along with the Secretaryship, and in the conduct of which he lays so much stress in

Fort St. George 18th May 1810.

have to state, that he was not till very lately under the orders of the Medical Board as Superintendant Genl. of Vaccination, but the Utility of them when required can never be disputed, and all general Superintending duties are considered liable to such calls.

18. We will now conclude with observing that Mr. Horsman's pressing forward in opposition to the opinion of the Board this Minute of two duties where his own interest is alone concerned and where one of them should be a Check, and may be a support, as a great deal of the detail of a Board must always rest with the Secretary - must tend to confirm a belief, that it can never be

5592 Fort St George 13th May 1810=

be advisable to unite them - and from the situation Mr Horsman as Secretary is now placed in with the Members, propriety should induce him to Relinquish a duty which he cannot now perform with satisfaction to the Board - and this the more especially as he has been Recommended for a Salary superior to what he draws as Secretary to the Board.-

in his letter was but of a very
local nature, and by no means to
be Compared with the General
Superintendence which unites not
only the local duty so much rested
on by Mr. Horsman, but also the
duties then performed by the Superin-
tending Surgeons of Divisions, who
had the Superintendence of Vaccina-
tion - each in their extensive Districts
- making thus the General Superin-
tendence of Vaccination a Duty
of considerable detail and Magnitu-
-ing the full attention and time
of an individual to discharge
properly.-

16. Mr. Horsman states in his
letter, that the Pay and allowances
of a Surgeon will be clearly saved
by

Fort St George 18th May 1810.

by the Union of the two duties - this we cannot Comprehend - for if an Assistant Surgeon at the Presidency can perform the duty of Secretary, there will then be a considerable saving by the separation - for de: - ducting from Pagodas 333: 14. the allowance of a Superintending Surgeon drawn by Mr. Alexander Mackenzie the allowance of a Staff Surgeon Pagodas 150, and the Pay &c: of Rank, for an Assistant Surgeon Secretary, say Pagodas 56 - there will then Remain a saving of Pagodas 127: 14: - by the Separation Recommended by the Board -

87. In regard to Mr. Harpman's observations of Mr. Mackenzie's never having made any Circuits - We have

5593

Fort St. George 18th May 1810.

Minute of the 2nd Member

5th April 1805.

The candid, and deliberate consideration given by Government to Mr. Mackenzie's suggestions upon an improved system of Vaccination, has induced the 2d. Member to pursue his enquiries to a deeper source than he had previously made because he is of opinion, that whenever any person comes forward with proposed Amendments, grounded upon a principle of public advantage, and economy it is but Reasonable and fair, to give the matter a dispassionate, and impartial examination and meet him rather with encouragement, than repulsive Comment, before it is put to an experimental test.-

The explanations offered by Mr. Mackenzie have in a great measure removed

5594

Fort St. George 18th May 1810.

Rendered it unnecessary for the 2d Member
to enter into detailed exposition of the Grounds
that may have produced any apparent
departure from the opinions to which he
may have primarily subscribed; he
is therefore inclined as far as his opinion
can operate to encourage Mr. Mackenzie
in the undertaking he has proposed, as
it appears to him, that the adoption of
his Plan cannot be attended with the
least hazard, especially when put under
the Superintendence of professional men,
whose avocations will be wholly directed
to the process of Vaccination with Native
Practitioners established under them who
should be men of Cast which will be
a great means of Removing the Native
prejudices, and induce them to come
forward, and meet the decease with

less

5595 Fort St. George 18th May 1810.

less simple and timesaving, and render it ultimately more certain in its progress than the present mode.

Therefore the proposal of appointing a Superintendent of Vaccination meets with Dr Gahagan's approbation more especially (as he has before stated) considering it will be the means of solely directing to that Department, that necessary attention which in the present system must be divided by different duties. — Mr Mackenzie's plan must therefore tend to assist the measures of this Board more essentially by ensuring a more efficient exertion of the duties of Vaccination than the present plan, which exposes those employed in it, to frequent interruptions — the V. Member in thus offering his opinion considers it as a necessary effort on his part towards fulfilling his duty, by giving his

sentiments

Sentiments on any official subject that is brought before his notice to the best of his ability and judgement.—

As the accompanying Extracts would seem necessary towards an explanation of one part of the letter from the Medical Board to Government, dated the 10th Instant, may I take the liberty to request, that you will have the goodness to add them, as an appendage to my letter of the 7th Instant, which accompanies the letter above mentioned.

Yesterday deemed it my duty, to lay Copies of the accompanying Extracts, before the Members of the Medical Board, for

2d For if Dr Anderson's printed correspondence which is noted in these Extracts for the introduction of Cow pock inoculation, in the accomplishment of which he spared neither,

meritorious exertions of others have not been so fortunate. It is this influence in the Union of two duties of consequence, which we consider it our duty to point out as prejudicial to the welfare of the Service, and if Mr. Horsman as Vaccine Superintendent had addressed his letter to himself as Secretary, instead of the Board, of which he was then Secretary, and on which he was to Report, the impropriety of it would have been more appar-ent.-

Extract from the Proceedings of the Medical Board - Dated 27th March 1809.

Captain Brownlie of the Crescent, now in Madras roads, having acquainted the Physician General, that he is about to set out on a Voyage to Bencoolen, and no sufficient number of Patients, who are willing to go there, yet reported to the Medical Board; they have directed the Superintendent of vaccine inoculation, to furnish Captain Brownlie with virus preserved between Glass plates.-

To James Anderson M. D.

Physician General and Members
of the
Medical Board

Gentlemen,

I have the honor to report that, in obedience to your Orders, I dispatched on the 24th Ultimo, on board the Brig Hope Captain Newbiggin, secured between plates of Glass, a considerable quantity of Vaccine virus of the 6th day from inoculation - And on the 25th Ultimo, finding that Vessel had not then sailed, I sent a further supply of fresh matter, preserved in the same way, to be also conveyed by her to Prince of Wales' Island Malacca, and Amboyna, together with a Copy of Doctor Anderson's Correspondence, directed to the Surgeon or Assistant Surgeon at each place - And Recommended particularly to their attention, Doctor Jenner's Instruction therein included -

From

5604

Fort St George 18th May 1810.

From the active nature of the virus taken at the period mentioned, and preferable mode of putting it up, there is every reason to be assured, that the great intention of introducing the Vaccine inoculation at the Eastern Settlements will now be fulfilled, as has already been effected, at Tripasore, and Arnee, by conveying the Virus on Cotton threads, - shall notwithstanding continue to forward supplies of it, to the different Islands mentioned, as well as to Fort Marlbro', by every opportunity that may offer, until authentic reports of the measure having succeeded, are received at this Presidency. -

When first honored with your Commands; Relative to taking measures for the introduction of the Vaccine practice at Fort Marlbro', I was in great hopes of effecting that desirable end, by the more certain

certain mode of successive inoculation on the passage, and was much encouraged in these hopes, by immediately finding an European Woman with her infant Child, ready to undertake the Voyage - but, being altogether unsuccessful in my applications to Poonamallee - the 34th Regiment - and among the Natives here, I was obliged to Relinquish the further expectation - And have accordingly discharged the Woman and child; after paying them each, at the Rate of a private Soldiers subsistence, for one Month that they held themselves in readiness to embark -

I have the honor to be

Extract of a Letter from the Superintendent Vaccine Institution to the Medical Board Dated 30.th April 1803.-

Since reporting to Your Board on the 5.th Instant, the dispatch of Vaccine virus to Prince of Wales Island, by the Brig Hope I have agreeably to the directions of the Physician General, and through the Medium of the Master Attendant, forwarded severally by the Ships Eliza, and Crescent, Captains Tapson, and Brountie, supplies of fresh Vaccine matter, between plates of glass, to Port Marlborough; with, in the former Vessel, one Copy of Doctor Anderson's Correspondence, for the purpose of conveying Doctor Jenner's instructions, and in other respects, a source of information, that must be useful to Medical Gentlemen, who, by their duty leading them to serve at a distant Settlement, may not have had the means of seeing the best publications; on the practice of Cow-pock inoculation.-

On the 25.th 27.th and 28.th Instant, I dispatched

5607 Fort St. George 13th May 1810.

dispatched further supplies of fresh vaccine matter, di-
-rected to the Surgeon at Penang, by the Ship Commerce,
Captain Ayton; and by Mr. Assistant Surgeon White, of
this Establishment; who proceeded on the Ship Eliza Captain
Winther - On this last opportunity, I entertain parti-
-cular hopes of success, as Mr. White was good enough
to take an additional quantity of Virus, to be inserted
entirely by his own hand -

On the 13th Instant, Sales commenced send-
-ing, a daily supply of fresh vaccine matter to Ca-
-ycram, and on the 23d to Ganjam, by the Pappal,
with a view towards assisting the introduction of
Vaccination, at these more home stations, the result of
which, I have requested the respective Surgeons to
report to your Board -

Sir,—

From the Military Secretary to the Commander in Chief. Submits a case for decision respecting the arrears of pay of an Interpreter & 3 Hircarrahs who seem to have been kept in employ by Lieut.t Keller at Hullial, on whom the left (if any) should fall.—

By direction of His Excellency the Commander in Chief, I have the honor to enclose a Letter under date 26th. Ultimo from Lieuten.t Mc.Leod Commanding at Hullial enclosing the Copy of one which that Officer addressed some time since to Major General Gowdie's Military Secretary but which does not appear to have reached this office.—

The subject of these papers relates to the Arrears of Pay of an Interpreter and 3 Hircarrahs employed at that Garrison under the Orders of the Officer Commanding during a period of time when the discontinuance of their Services had been ordered (unintentionally it seems) by Government.—

It would appear however that these Orders

Fort St. George 22nd. May 1810.—

Orders were not carried into effect from some irregularity or misconception on the part of the then Commanding Officer Lieutenant Miller.— If therefore any party is to suffer, justice seems to point out Lieutenant Miller who disregarded the communication of the Paymaster in Mysore as the Person who should bear the loss and not the Interpreter and Hircarrahs who by being continued in the Public Employ by that Officer were precluded from seeking any other means of procuring their Subsistence.— The Commander in Chief begs therefore to Submit the case to the consideration and decision of the Honorable the Governor in Council.—

I have therefore the Honor to transmit a Copy of my letter on that Subject as also Copies of the Documents that accompanied it, for His Excellency's information. I have the Honor of transmitting the 6 Months abstract of pay due to the Interpreter and Hurcarrahs which I am induced to forward from the repeated applications made by them for their arrears of Pay and as they allidge

Nos. 1 2 3 regarding that subject Viz. No. 1 Letter dated 31st January 1809 from Lieutenant Miller, the Officer Commanding at that period, Represents his having received intimation by letter from the Paymaster in Mysore that the Establishment of an Interpreter and 3 Hurcarrahs were done away by Orders of the 10th June 1808; tho' their abstracts were only objected to, from 1st October 1808 No. 1 Letter also recommends strongly to Government the Continuance of the above mentioned establishment No. 2 (answer to the above Extract from the Minutes

to Arrange for perusal the Copies of letters
as above from No. 1 in succession, in order
to prevent unnecessary trouble and to
make the Subject of this letter clearly
(at once) understood, my principal reason
Excellency on the Subject is from the re-
peated Applications made to me by the

their distress to be very great, and as
I perceive no Answer to Lieutenant
Millers last letter, which makes me

think that there is some mistake. As it evidently appears by the accompanying documents that the establishment of one Interpreter and Three Hurcarrahs at this Station were never discharged for the reasons before given, as the Officer Commanding at this place considered the Auditor Generals remarks insufficient. The Auditor General having referred to General Orders dated 1st June 1808 where nothing appears regarding this Establishment, and as it appears by the enclosed extracts from the Minutes of Council dated 14th. March 1809. that the discontinuance of the said establishment proceeded from inadvertency. I have therefore the honor to request that His Excellency the Commander in Chief will be pleased to obtain the Sanction of Government for the discharge of the abstracts in Arrears from 1st. At this period alluded to in Major Fraser's Letter with the sanction of Lieutenant General MacDowall, I forwarded to the Government a similar Statement of the Naiques case, together with the Bond given him by Lieutenant Mesurier, since which time, March 1807, I have not heard any thing further on the subject.—

Sir,

I hope you will excuse my bring-
ing again to your recollection the Claims
of Purbut Sing Naigue in the 7.th Company
1.st Battalion 5.th Regiment on the late Lieut.t
Limesurier.— They were fully explained
to you when at Jemaulabad in March
1807, when his Bond for Star Pagodas 135
was delivered to you for the purpose of
being forwarded to Madras; but as he has
since heard nothing further on the subject,
I will now take the liberty of stating the
uncommon hardship of his case, and the
heavy loss he sustained when detached under
the above Officer.—

Purbut Sing was detached
to Daramporam in the year 1799 under
the

Fort St. George 22nd May 1810.—

the late Lieutenant Lemesurier, who, having observed him to have a considerable Sum of Money in his posession (Star Pagodas 105) earnestly intreated the loan of it, saying he wished to purchase a horse, and that he should very soon be repaid— The money was accordingly lent, Burbut Sing taking Lieutenant Lemesurier's Bond as Security for it, to which bond the late Captain Cosmo Gordon was Witness, but as Lieut.t Lemesurier was soon afterwards removed from the 1.st Battalion 5.th Regiment to the 77.th Regiment at Trincomallee, where he was killed by an alligator, leaving his property that could be recovered, the unfortunate man has ever since suffered under the privation of his whole property.—

The greater part of the above money was then joint property of himself and his brother; who was then Cole Hamilton

of

of the Company, and was intended for his marriage, the remainder belonged to several Sepoys from the Northern Circars, to whose relations it was intended to have been sent, and to whom the Complainant has since been obliged to repay the different sums that belonged to them.— All this was very well known to Colonel Crispoage and myself soon after Lieutenant Lennessier left the Corps, and the Bond was for a Considerable time in my possession in 1802, when in Command of the 7th Company,— with the view of recovering the Amount, but being afterwards in extreme ill health and removed from the Company, I returned it to the person it belonged to.—

Captain Gordon when Commanding Ismaulabad, I believe gave you a similar Statement to the above; and if any Means could be devised by which the

Claimant

Claimant could recover his property, it would not only be a charitable act, but would remove an unfavorable impression of the European Character; which must naturally have been excited in the Minds of those, to whom the above circumstances are known.

May I therefore request you will have the goodness to make his case known to the Right Honorable the Governor General with such other remarks as your own particular knowledge of the circumstances may suggest to you. His recovering his Money, would be another proof of the liberality of Government, to the Native Troops in its Service, and of the generous protection it always affords them.

The Board entirely disapprove transactions of the nature referred for their consideration in the foregoing letter, and with the view of discouraging similar practices in future it is resolved not to authorize any advance for the liquidation of the Bond given by Lieut.t Le Mesurier to the Naigue; The Board observe that the death of Lieutenant Le Mesurier prevents them from taking that notice of a transaction, so derogatory to the character of an Officer, which it appears to demand.—

Sir,

This Claim is founded on the subjoined Extract from the Minutes of the

the Right Honorable the Governor General in Council under date 17th. April 1810, which admits a similar Claim on the part of Captain Lieutenant Jackson who preceded me in the Command.—

The Command devolved on me on the 15th. of December and I retained it until the 20th. of February when I was Ordered to join the Madras Volunteer Battalion— as the incpence, duty and responsibility were the same as when Captain Lieutenant Jackson was in the Command, I am led to hope His Excellency will be pleased to recommend my drawing the Superior batta of my Rank for that period.

As it would appear that the Claim of that Officer for House Rent during the time he served at Prince of Wales's Island and Amboyna would have been admitted had the necessary Certificates been produced from the Officers in

To The Honorable

&c. &c. &c.

Honorable Sir,

From the Mily. Aud. Genl.—Reports on a letter from Secretary to the Commander in Chief to Mr. Secretary Paile 30th ultimo respecting the proper & application of the Genl. Order, under date 13th Oct. last—stating that it appears the interpretation which is laid down in the letter from His Excellency's Secretary be correctly suggesting rates for the regulation of advances &c. made to Officers joining their Stations and Corps beyond the period of two months conceiving that Lieut. Leigh be allowed two months

1. In obedience to your Commands I have perused in the Minutes of Council of the 4th Instant, transmitted with Mr. Secretary Paile's letter of the 5th referring for consideration and Report a letter from the Secretary to His Excellency the Commander in Chief in India to Mr. Secretary Paile, dated the 30th ultimo, respecting the proper & application of the G. O. of Government under date the 13th of October last.

2. I have accordingly to State that on an attentive perusal of the above Order, it appears to me that the Interpretation which is laid down in the letter from

5666

Fort St George 22nd May 1810

Months Arrears of three months pay and allowances to join his Corps

the Secretary to His Excellency is perfectly correct. As this Indulgence granted by Government is that Order of permitting Officers to draw the advances of Pay and Allowances therein stipulated to allude to the case of those Officers who were removed from their Military Functions by the Orders of Government of the 5th of August last, and does not in my apprehension bear a general application.

3. As frequent Solicitations have recently been preferred by Officers to receive an advance of their Pay and Allowances to enable them, to join their Corps, and to which Government have generally been pleased to accede, it would save the time and a degree of Trouble to Government and some of the Subordinate Departments, if your Honor in Council should deem it proper to establish by Regulation that certain

5667 Fort St George 22nd May 1810.

certain Advances would be made to Officers
when proceeding to their Stations or to
join their Corps.—

4th Should it be deemed requisite
to establish a regulation to authorize an
Indulgence of that kind it might not
perhaps be considered necessary to extend
the Advance to more than two Months Pay
and Allowances and to regulate it as follows.

One Months Pay and Allowances } For a Distance of upwards of 150 to 300 Miles.—

Two Months Pay and Allowances } For upwards of 300 Miles or any greater distance.—

Which Advance may be considered
an adequate allowance and bears a full
proportion to the time required to perform
Journies at these distances.—

5th As connected with the subject of the foregoing reference, I have the
honor

5668 Fort St George 22d May 1810.

I have to acknowledge the receipt of Mr. Secretary Peile's Letter of the 12th Instant, with which was forwarded a Copy of a Letter from the Secretary to His Excellency the Commander in Chief in India dated the 9th Instant, transmitting an application from Lieutenant Leigh of the 22nd Native Regiment, for an Advance of three Months Pay and Allowances to enable him to join his Corps which is Stationed at Cannanore.

6. Regarding which, I have only to observe that as Government have been recently pleased to grant similar Indulgences, in lieu in conformity with what I have just suggested an advance of two in place of three Months Pay and Allowances may be authorized to be paid to Lieutenant Leigh.

I have the honor to be,

To Colonel Barclay

Sir.

I have understood that a Man named Hall employed at this Port has given a ridiculous order that a Masoolah boat for the use of the Cartel shall be permitted to make only two trips during the day, well knowing himself also he has a most treacherous memory that the conveyance of the daily stock for the use of the crew and of the Prisoners alone requires two— Thus by the issue of such a capricious Order it follows that the ordinary Service of the Cartel must be neglected,— and that I who am momentarily detained here from motives of Policy by the English Government shall be obliged to cease the communication which I ought to have with the Shore.—

I will not believe Sir that it

On the 11th Instant, being at the house of Mr. Taswell, I complained to him that since the Prisoners of War had been fed on a new System, it was always twelve at night or two in the morning before they could get any thing to eat, and that this was owing to Mr. Hall's not judging it convenient to allow boats.— I stated also to Mr. Taswell that I had for—

for twenty days past demanded Water, without being able to obtain it on that he desired me to give him a Memorandum of the daily Service of the Cartel, and having Signed it, ordered it to be carried into execution but he did not explain that it was necessary that Mr. Hall should permit it, for he told me that as often as I wanted boats to apply to the Dubash of the Port, to whom he had given Orders to supply me Mr. Hall has however judged it proper to advise Mr. Farwell.

I pray of you Sir that should you have communicated the Contents of my Letter of the 11th. to His Excellency the Governor, that you will add this in continuation thereto.

your two letters, addressed to the Honble the Governor; one from Mr Lamoth, a French Prisoner; and the other from his wife with respects to the former, as far as I can learn, his behaviour here appears to have been correct; until irritated by his wifes misconduct, of which, if there has been hitherto any doubt, a letter I received a few days since, addressed to Mr Corbet under whose protection it would appear that Madame Lamoth is now living, affords me sufficient proof; and induced me to believe that her misrepresentations have imposed upon Major Sirsten and others who have interested themselves in her behalf. Whatever truth there may be in Mr L's own account, certainly his present appearance corroborates what he says.

In

In explanation of her letter, it is necessary for me to observe, that, on my arrival here, I understood the husband had refused to accept the half of the sum allowed by Government for the maintenance of himself and his wife, which, since their separation, had been by Major Austen's orders, been equally divided between them; and not conceiving myself authorized, on account of the above circumstance, to make the same distributions to Madame Lamothe without a specific order from Government to that effect, I directed payment of it to be delayed, intending to write to you for instructions respecting these people, when her letter to Sir George Barlow was sent to me; and I must confess, if I were called upon to give an opinion — it would be, that she does not appear to me to have any claims to the indulgence she solicits

Division of the Army which lately marched under his Orders from the Ner-
budda towards Amrawutty, being now only about to reach that place, these Reduc-
tions could not have been earlier made.—

As it is possible that the force now in advance under my immediate Com-
mand may be, Stationed on the Nerbudda during the approaching Rains, I have deemed it to be Prudent to retain with it rather a large Equipment, particularly of Provisions. Wherever the destination of the Troops under my Orders may be fixed, and the Stations they are to occupy during the Monsoon, I shall make every effort that further to Diminish the Expences of the Departments attached to the Army,— Not being certain that it is intended to retain the Kurkanah Draft Cattle now with Lieut.t Colonel Conran's Division of the Army in this quarter, I have not been enabled to Calculate on their Services,—

Officers Commanding Regiments or Stations have frequently sent down to the Presidency European Women of bad Conduct and Character requesting that I would take measures for preventing their returning to the Regiment &c. And when such people arrived about the time of the sailing of a Fleet I sent them home - and got rid of them; but there is not at present any prospect of such an opportunity before October next — and women of such bad character may do as much mischief here as they could have done in the Cantonment of Bangalore if they are permitted to go at large. And I do not think that I can with propriety confine them. -

and which Request you will do me the favor to submit for the orders of the Honourable the Governor in Council. —

The proportion allowed by the Regulations of the Native fund to Servants of this description is one half of the Individuals Pay, and which will be sufficient for the support of the Old Sweeper, but I beg to remark that with respect to the Gollah Peon and Peon who now receive two Pagodas each, and are encumbered with families, a reduction of half their present income must be a severe loss to them, and they will expect a little indulgence, from having passed their lives in the Service of Government and from having become Uniform in the Service of the Public. I therefore take the liberty of soliciting the favourable consideration of the Honourable the Governor in Council for these people, and submit that they be allowed

Sir,

From Mr. D. Arbuthnot attorney at Law: in behalf of Moodoo-kistnah Solicitating that a certificate for the value of a certain plot of ground (a person formerly disputing this Claim now relinquishing her pretensions for-mally) may be delivered to him.—

I am directed by a Native of the Name of Moodookistnah Son of Vencatada Moodely deceased, to represent to you that his late Father was a considerable time Lessee proprietor of two Houses on Hog Hill Nos 62 and 66- which (together with many others) were in the Year 1781- demolished by the order of Government in order to widen the Esplanade about

about the Year 1796 Veniatada Moodelly received Compensation Certificates for both Houses and also a Certificate for the Value of the Spot of Ground on which the House No 65 Stood but neither have as yet received the Certificate for the Value of the Ground on which the other House No 62 Stood On Account of a pretended Claim set up by one Yagattal the Widow of Mariapen Moodelly deceased which hitherto had induced Government to Stop the issuing of the Ground Certificate of the last mentioned House.

I understand the matter was long since referred by Government to Sir Benjamin Sullivan when he was Attorney General and that he advised Government to issue the Certificate in my Client's name.

In order to obviate any further delay, I am now desired by Moodookistna to Acquaint you that the above named Yagattal

Had

Tranquebar

Honorable Sir!

Full of Affliction and Grief of his entire unlucky Situation approached the undersigned.

5780

Fort St. George 25th May 1810

underdigned to Your Honour with this his
Petition but also with full hope that Your
Honour by a favourable Recommendation
of this my humble Petition will alleviate
my hard fate.—

When this Colony surren=
=dered I was President in the former Native
Court, and now as of such distinguished
Character likewise the Emoluments His Ma=
=jesty has bound with my Situation
— All this I have lost by the Surrender of
the place — My ancestors considerable Estates
by a irregular Management of it in my
Minority were ruined, when I took my
Emoluments, I must have with a nume=
=rous Family from that time shift to live
very poorly, of mortgaging the few proper=
=ties delivered to me — However also this
Help being now over, the Respect I as the
Head for the Native Inhabitants of the
Colony

Colony may consume makes it impossible to me to earn my Livelihood by the Works of my Hands, and that I am sunk deeply in Distress entirely exposed to the pressing Want. I approach therefore with this my humble Petition to allow me a monthly subsistence, which could help me from the Misery I am going to meet, and it is my only Hope that the Honourable British Government generously will grant me the same; And for which kindness

I Shall Ever Pray

To Alexander Falconar Esqr
Acting Chief Secretary to the Govt
Fort St George

Sir,

I have the honour to transmit to be laid before the Honourable the Governor in Council Copy of a letter from the Paymaster at Trichinopoly's Writer to Lieutenant Colonel Stricker, with copies of the remarks inserted at the bottom

From the Commissioner at Tranquebar — Transmits Copy of a letter from the Paymaster at Trichinopoly's writer to Lieutenant Colonel Stricker with Copies of remarks at the bottom and on the back of the abstract alluded to — by which 32 out of 44 Prisoners

of war are to be left without any subsistence. request that the Paymr be directed to pay the Amount as entered in the Abstract — and suggest that the payment of the Prisoners of war be transferred from the Paymasters to the Commissioners office —

bottom and on the back of the Abstract hereon alluded to, by which 32 out of 64 Prisoners of War are to be left without any Subsistance. —

These remarks are written on the Abstract in a hand with which I am perfectly unacquainted and no signature being affixed to them I should not have deemed them requiring any notice were it not for the consequences which they involve. —

When Colonel Stricker waited upon me for explanation I desired him to send again the abstract exactly as it stood with a letter in reply to the one he had received stating that he could not make any alteration without the Commissioners orders, I at the same time assured him, on his commiserating the distress and misery to which the 32 People, who by the remarks

5782

Fort St. George 25th May 1810.

Remarks on the abstract are not to receive subsistence, might be drawn, that they would receive them from the Offices wherever there for the other 12 arrived, and Swan requests that the paymaster be directed to issue the amount as entered in the Abstract.

Owing to the very great trouble experienced by this Office in answering answering repeatedly for the very same disbursements through the Channel of the Paymaster, as may be partly evident from the inclosures in the letter I had the honour to address to you on the 19th July last, I recommend that the payments of the Military prisoners of War be transferred from the Paymaster to this Office — It seems sufficient argument in favor of the arrangement being adopted that the Commissioner having charge of the prisoners of wars might with propriety, have also the payment of them. —

To

5784. Fort St George 25th May 1810

5 To enable the Government to be acquainted with all the circumstances connected with the proposal, I submit authenticated copies of the Abstracts of Subsistence for May, sent to the Paymaster. — The payments to the individuals whose names are inserted in N°1 and 3 vary according to the number of days in the month. N° 3 is Copy of the Abstract which was returned to Colonel Stricker with the remarks which have caused the present reference. —

6 Should the Military prisoners of War be paid by this Office, the monthly disbursements will be thereby increased in about Star Pagodas 603.. 21.. 2. (the aggregate amount of the Abstracts for May) which increase will accelerate the necessity of this Treasury being replenished from another source besides that of the trifling Revenues

To Alexander Falconar Esqr

Acting Chief Secretary to the Govt

Fort St George.

Sir,

From the Commissioners at Tranquebar — Transmits extracts of retrenchments from disbursements made by his predecessor and himself from 13th February 1808 to 30th June 1809 and trusts from reasons stated they will be directed to be removed —

I have the honour to transmit to be laid before the Honourable the Governor in Council, Extracts of Retrenchments from Disbursements made by my predecessor and myself from the 13th February 1808 to the 30th June 1809 and for the reasons stated in the following remarks I trust these retrenchments will be directed to be removed —

No 1 includes a sum paid to Cobil and a Sunnaf for bringing the subsistence of the prisoners of War from Negapatam to Tranquebar. The disbursements on this account (Pr 15. 7. 40) are paid by the Office previous to my receiving charge of it but were by my representation that expence had been defrayed by the Paymaster. It seems to be

Fort St George 25th May 1810

an unavoidable expense —

No 2 and 3 Letter from the —
Military Secretary to Government dated the
9th March 1808, not only authorised my predeces-
-sor to pay these French seamen certain rates of
subsistence but also directed him to send them
to Poonamalee therefore the expences of Victualling
(St 10. 28. 3) and transporting them (St 11. 28. 47)
were incurred in conformity with the orders of
his Government —

No 8 His expence (St 6. 36. 68)
was necessarily incurred to remove the Salt petre
still held under sequestration from the private —
houses at Porias and else where to the public —
warehouses in the Fort. —

No 9 To place the Arsenal in —
proper arrangement and to clean or repair the
contents this expence (St 11. 29. 5.) seems to have
been unavoidable —

The

5799

Fort St George 25th May 1810

No 23 The Scavengers duties being paid for by a tax imposed expressly for that purpose might, with propriety, be left out of the Accounts of this Office entirely - This retrenchment amounts to Ps 57.43.17 while the collections of the tax for the same period amounted to Ps 56.42.74 but the collections for the present year commencing the 1st July last, are now Ps 40.20.59 while the expences will be only about Ps 31.28.52 for the whole year I request authority for the retrenchment being removed and sanction for the disbursements of the present year and from the 30th proximo both the receipt and Disbursements on this account may be discontinued to be entered in the public Accounts. -

Sir,

(Signed) R.t Barclay T. Major—

In consequence of a letter from the Secretary to Government under date the 11th. Instant which I only received yester-day, directing a Collection to be made of the property claimed by Mr. Lamothe and that such articles as appeared to belong to him should be restored to him, I ordered a Committee of inquiry to be assembled; a Copy of whose proceedings I think it proper to send you, in case any Complaints should be made on the Subject; and in which the Committee

did not consider themselves Competent to decide on his Claim to the indigo; I myself thought circumstances so Strongly in favor of it, that I ordered the whole of that, and the other things to be delivered to him.—

I have further to acquaint you, that the President of the Committee having reported to me, that Mr. Coulet appeared to have an establishment in the house with Madame Lamothe, I have ordered him for the present, to reside in the Fort, as a trifling satisfaction to the insulted feelings of Mr. Lamothe, and judging it at the same time improper to give any countenance to such a proceeding under his very eyes.—

I have the honor to be &c. &c.

Resolved that the applications for furlough forwarded in the foregoing letter be complied with, and published in G. O.—

The Board approve and authorize the promotions recommended in the foregoing Letter, and direct that the same be published in General Orders.—

Read the following Letter from the Military Auditor General.—

To

5838 Fort St. George 1st June 1810.

To the Honorable
Sir George Hilaro Barlow Bart. K.B.
Governor in Council
&c. &c. &c.

Honorable Sir,

1. I have the honor to acknowledge the receipt of Mr. Secretary Peile's Letter of the 12th Instant, with which was transmitted Extract from the Proceedings of the Honorable the Governor in Council of the 11th, and in obedience to the Resolutions passed upon the several applications therein submitted, I have to report as follows:—

2d. The first of which, is on the part of Major Taynton of the 2nd Battalion of Artillery to be permitted to draw the difference between the Batta of Captains and of Major from the 10th of June to the 24th of August 1806.

From the Military Auditor General Reporting that Major Taynton's Claim upon the difference between the Batta of Capts. and Major from 10th June to 24th August appears to be well founded that Payment of Bills for working Money to parties of 1 Co. Batt. 2d Regt. N. I. during late disturbances in Travancore may be authorized—that there does not appear to be just grounds to accede to the 1st part of application of Brigade Major for Troops in Travancore, viz. Allowance for trouble and expence in making out forms by Certificates &c. payable in Travancore, that Second

5B39 Fort St George 1st June 1810.—

Second part, for difference between Captain's half and full Battalion capacity of Brigade Major seems deserving of favorable notice—that it does not appear that the Staff allowance of Pay should as a Matter of course be annexed to the appointment of Mr. Surgeon David Scott as Hospital Surgeon under Mr. Superintending Surgeon Harris:—

1806, during which period Major Taynton states he Commanded the Detachment of the Corps of Artillery attached to the Hydrabad Subsidiary Force.—

3d. Their application is founded upon the Instructions contained in the General Letter from the Honorable Court of Directors under date 7th. of September 1808.—

4th. Respecting which I have to observe, that the Instructions from the Honorable Court as expressed in the 6th. Paragraph of their General Letter above mentioned, directed that the claims to Superior Batta in favor of Major Hayes which had been referred for their consideration, being founded on reasonable pretensions should be authorized; and it was also directed that the Batta of the most Superior Rank to the Officer Commanding

5284 Fort St. George 1st June 1810.—

Commanding the Artillery with the
Hydrabad Subsidiary Force should be
granted.—

5th In conformity with the above
Instructions, I am of opinion that Major
Taynton's application is well founded as
the period for which he claims the allow-
ance is subsequent to that for which the
Honorable Court has granted that allow-
ance to Major Hayes, having ascertained
the circumstance of that Officer having
left the Hydrabad Detachment in the
Month of May 1806— It is requisite
however that Major Taynton should
substantiate his Claim by producing a
Certificate from the Public Staff Officer
to the Hydrabad Subsidiary Force that
he Commanded the detachment of Artillery
during the period for which he has pre-
ferred the Claim to the Superior Batta-

Shows

584 Fort St George 1st June 1810.

6. I have the honor to report that the Bills for working Money to parties of the 1st Battalion 2nd Regiment of Native Infantry during the late disturbances in Travancore have been examined and are found to be supported with the requisite Orders and Signatures; with the exception of the one mentioned in the letter from the Commanding Officer of that Corps, the cause of which is however there accounted for, the same may therefore be authorized to be paid, and the preceding permission shall be transmitted to the Head Quarters of that Corps for that purpose.—

7th The Application from the Brigade Major to the Troops in Travancore appears to be of a two fold discription, The first is for an allowance for his trouble and expence in making out

5842 Fort St George 1st June 1810.—

out the Abstracts of Family Certificates &c payable in Travancore—To which, there does not appear to appear to be just grounds to accede, for it remains to be ascertained what Families of the Troops in Native Corps have been directed or under what necessity they are compelled to reside in Travancore—The Second part of the application for the difference between Captains half and full Batta in the Capacity of Brigade Major seems to be deserving of more favorable notice, because that Allowance had been authorized by Government to the Brigade Major in the provinces of Malabar and Kanara—and as the duties attached to the Office of Brigade Major to the Troops Stationed in Travancore are probably greater, or equally laborious, it may appear reasonable to extend the same allowance to the latter Officer.—

The

5843 Fort St. George 1st June 1810.—

8. The last application in the Minutes of the Honorable the Governor in Council, is in favor of Mr. David Scott who in the G. O. of Government of the 2d of April last was appointed to the "Hospital Staff under the Superintending Surgeon proceeding on the Expedition;"— Soliciting the allowance formerly granted to Surgeons on the Medical Staff, and for which, I observe the Medical Board have recommended a Monthly allowance of 100 Pagodas to be granted to Mr. Surgeon David Scott, adducing in support of this Recommendation the Instance of "Mr. Connel, when Secretary appointed at Jaulnah."—

9. In stating my Opinion upon this case, I must acknowledge that in reference to Mr. Surgeon Scott's appointment in the G. O. of the 2nd ultimo, to the Hospital

5844 Fort St George 1st June 1810.—

Hospital Staff immediately under the Superintending Surgeon, I do not thoroughly Comprehend the nature of the Medical duties which will entitle Mr. Surgeon David Scott to the Extra allowances of a Medical Staff Surgeon. And having referred, to the appointment of Mr. Surgeon Connell it appears, that he was in the Minutes of Council of the 24th of March 1809, nominated Staff Surgeon to the Troops in Berar, the head Quarters of which, was at Jaulnah, when the Head Quarters of the Hydrabad Subsidiary Force was at Secunderabad — Which appointment does not appear to be a case in point or applicable to that of Mr. Surgeon, David Scott, the Hospital Surgeon, placed under the immediate Orders of the Superintending Surgeon of the Expedition — And as Corroborative of that Opinion, I shall feel it a duty incumbent upon me to object to the allow-

ances

5845 Fort St. George 1st June 1810.

allowances annexed to the Staff Surgeon to the Detachment in Berar for any period either when Mr. Surgeon Boswell or Gilmour assumed the Medical Superintendance of the Troops in that Province.

10. Under these circumstances, it does not appear that the Staff allowance of Pagodas 100 per Mensem should as a matter of course be annexed to the appointment of Mr. Surgeon David Scott as an Hospital Surgeon under Mr. Superintending Surgeon Harris. The granting the allowance however as an Indulgence on account of a particular Service is another Matter and regarding which it is not perhaps my province to offer an Opinion.

and responsibility attached to the situa-
tion of Brigade Major; but that his
application for additional allowance on
account of the payment of family Coo-
featers be rejected.—

In consideration of the cir-
cumstances and Nature of the Service
on which Mr. Surgeon Scott is at pre-
sent employed, resolved that the allow-
ance of 100 Star Pagodas per Mensem
recommended for that Officer be granted
during such period as he may continue
in his present Situation.—

The Chests are severally marked No. 120, of the year 1801, No. 2310 of 1802, No. 1311 of 1803, That marked 1801 is dryed to hardness: the others are also dry throughout a part of their substance, and internally a little softer, but mouldy. The Cakes in all the Chests are so very hard, that the pure Opium cannot be seperated

5866 Fort St. George 1st June 1810.—

Separated from the leaves and impurities, so as to be fit for Medical purposes—except by solution, evaporation, processes at once tedious and expensive—The Committee also are doubtful, whether the Medical virtues of the drug, may not be deteriorated through age—On these accounts, they are unanimously of Opinion, that the Opium should be repacked, and either returned, or Sold, on account of the Honorable Company.

They think it proper to say, that directions should be transmitted to Bengal, that the Opium which may in future be forwarded to this Presidency, should be fresh.—

Honorable Sir,

From the Military Sec.y to Govt. Stating for answer to Chief Secretary's letter 16th Inst.t for his opinion that should not the same reward as was bestowed on Royal Marines who did Garrison Duty

1st I have the honor to acknowledge the receipt of the Chief Secretary's letter of the 16th Instant, with which was referred for consideration and Report Copy of a letter from the Chief Secretary to

5868. Fort St. George 1st June 1810.

Duty at Fort St. George in July 1806 be esteemed adequate to the recent Services of Officers and Men of the Chiffone, the wealthy body of Bombay Merchants should bestow an additional donation in the manner they judge best.

to the Government at Bombay dated the 24th ultimo and of its enclosure, and desiring that I would State my Opinion founded upon any precedents that may be traced on the Records of my Department with regard to the mode of Remunerating the Officers of His Majesty's Navy in India when cooperating with the Military by land on public duty.—

As the papers received from Bombay do not fully explain the nature or length of the Service in which the Officers and Men of His Majesty's Ship Chiffonne were employed in cooperating with any body of land Forces, nor the remuneration which had been offered on the part of the Bombay Government, but which it would seem had been rejected by the Officers of the Chiffonne, nor do they State the extent of the remuneration solicited by

by them; a Precedent analogous to the claim referred may not easily be traced.—

3. I have however to report, that it does not appear from the Military Accounts, that any extra allowance had been charged or any Claim preferred on that account on the part of the Officers and Men, of His Majesty's Navy when acting with the Land Forces employed in the reduction of the Islands of Ceylon, Amboyna, Banda and Malacca.

4th. Although a case not exactly in point, yet it appears proper to be noticed, did Occur, in the Month of July 1806 when a considerable body of the Corps of Royal Marines was landed from His Majesty's Ships in Madras Roads and did Garrison duty, at Fort St. George upon which Occasion the Officers received the allowance of full Batta, according

according to their rank and the Commanding
Officer, Superior Batta, and a Table was kept
for them at the public expense; and the
non Commissioned Officers and Privates were
victualled at the expense of the Honorable
Company.—

5. If I may be permitted to
observe in addition to what is before stated
regarding this point of reference, that
should a proffer of Remuneration to the
extent as above stated which had been
granted to the Officers and Men of the
Royal Marines not be considered adequate
for the recent services of the Officers and
Men of the Chiffonne, and that if the
Records of the Bombay Government from
the time of the destruction of the Piratical
States of Angria, until the present day,
do not establish a Precedent of what
remuneration had been allowed to the
Officers

5871

58

Fort St. George 1st June 1810.

Officers and Men of His Majesty's Navy,
whom employed on Expeditions or Warfare
of that description, it may probably occur,
(as no Prize property appears to have been
captured and distributed on this late occa-
sion,) that as the Expedition had been pur-
-hapse fitted out for the purpose of destroy-
-ing those piratical States whose Commerce
had proved extremely injurious and destruc
-tive to the Commercial Interest at Bombay
in their coasting trade, and to their trade in
Gulph of Persia, it might be deemed deser-
-ving the Consideration of the respectable
and Wealthy body of Merchants at that
Settlement, who will principally benefit
from the Complete Success which is stated
to have attended the late Expedition
against the piratical States, to bestow
an additional donation in the manner
they may judge best, to the Officers and
Men-

Such an Act is certainly not without
Example.—

6. I have been induced to venture
what occurred to me, with a view of ex-
-isting to prevent the creating of a Prece-
-dent that might eventually prove of a
serious tendency by granting any unusual
or extraordinary allowances upon occasions
when the Naval and Land Forces might
be hereafter conjointly employed on service,
and which will I hope plead my excuse,
should it be thought that by hinting
such a proposition I had out stepped
in place of restricting this Report, as it
ought, to the more strict line of official
duty.— I have the honor to be &c. &c.

Resolutions thereon

Resolved that the Military Auditor General be authorized to print at the Asylum Press the Number of Copies of the new Book of pay tables and Regulations mentioned in the foregoing Letter.

To the Honorable
Sir George Hilaro Barlow Bart K.B.
Governor in Council
&c &c &c

Honorable Sir,

From the Military Auditor Genl's Reports upon the estimates of Cash of the Paymaster at Goa for the Months of May and June — mentioning that they have been forwarded by the late Deputy Paymaster and the estimate for May forwarded to Bombay — States that the balances of Cash in the hands of the Deputy Paymaster at Goa

Having examined the Estimates of Cash of the Paymaster at Goa for the Months of May and June 1810 I have the honor to report as follows

These Estimates have been prepared and forwarded by Lieutenant Marshall, late Deputy Paymaster at that Station, the Estimate for May appears to have been forwarded to Bombay as per accompany

5878 Fort St George 1st June 1810.—

accompanying Copy of a Letter from Lieutenant Marshall to the Military Paymaster General under date the 8th Instant the estimate for May amounts to Pagodas 30,319—— and that for June to Pagodas 29,961——but it appears that the balance of Cash in the hands of the Deputy Paymaster at Goa on the 1st April and 1st May exceeded the amount of his Estimates for the months of May and June, in consequence of which there is no occasion to supply him with Cash for those Months; it may however be deemed expedient to direct the Paymaster at Goa not to forward his Estimates to Bombay unless it is determined that he shall receive his Supplies of Cash from that Quarter, on which point I hope to be honored with your determination as it will guide me in reporting on the Estimates of the above mentioned Paymaster

Goa on the 1st of May and 1st of June appears to have exceeded the amount of his estimates for those months in consequence of which there is no occasion to supply him with Cash for that time deems it expedient to direct the Paymaster not to forward his estimates to Bombay unless it be determined that he receive his supplies of Cash from that Quarter on which point the Military and Pr Govt requests to know the determination.—

Sir,

From the Town Major of Fort St George forwarding letter from Messrs Searle and Hay Cadets on Bengal Establishment who were Captured on their passage out recommending that an Advance of 200 Rupees may be sanctioned to those Gentlemen for the Month of June

I request you will lay before the Honorable the Governor in Council the accompanying letter from Messieurs Searle and Hay, Cadets on the Bengal Establishment, who were Captured on their Passage out, and have been here for several Months past. They

5884 Fort St. George 1st June 1810.—

They have received Monthly 200 Rupees each since their arrival agreeably to the regulation of Government, and the last advance was on account of the Current Month; but as that regulation related particularly to the Gentlemen Cadets who might land here while the Indiamen on which they were Passengers for Bengal, remained in the Roads and upon which they could proceed to Fort William without further expence of Passage Money, it does not seem to provide sufficiently for the hardship case of these Gentlemen, who have not received any compensation for their losses when Captured, and to whom another Months allowance from this Government, will really become due before they leave the Coast.—

I therefore beg leave to recommend that the advance of 200 Rupees may be sanctioned to each of those Gentlemen

From the Offr. Commanding at Malabar & Canara Submits papers respecting the payment for transportation of the 1st Batt. 5th Regt. N. I. from Mangalore to Cannanore—

The circumstance to which they refer are as follows.—

The 1st Battalion 5th Regiment Native Infantry being ordered to Cannanore I authorized Major Fraser Commanding it as the most expeditious mode of

to hire Vessels for the Transportation of the Battalion from Mangalore, he accordingly applied to Mr. Skelton the Officiating Master Attendant to procure the requisite number of Boats, furnishing him with Extracts from my Orders, as an authority for his doing so, in consequence Mr. Skelton furnished the Boats, no Agreement having been entered into regarding freight, and the Troops were landed at Cannanore.—

On Mr. Skelton's presenting the accompanying Bill to the Paymaster for Disbursement, Mr. Douglas objected to do so without a Declaration which he annexed, and required him to Swear to, which for the reasons stated in Mr. Skelton's letters No. D. and A. he refuses to do.—

The Boats furnished by Mr.
