4th. The Claim of Captain Sempse of a Similar Nature with Captain Butler's.

5th. The Claim of Captain M'Donough for himself and the Detachment which served under Captain Wright.

6th. From Captain Hesperan for having served with Captain Wright's Detachment

7th. From Captain Staunton for having served as an Ensign with the Bombay Grenadier Battalion.

8th. From Captain Turner of the Bombay Marine.

Para 2d. We deem it Necessary however before we proceed to submit our Opinion on the foregoing Claims, to offer the following Observation

9270 Fort St. George. 31th August 1810.

Observations, to your Lordship in Council, Regard-
-ing what we conceive the duties of our Committee,
and the purposes for which our Board was original-
-ly assembled.

Para 3d. On the 16th of May 1805 the
Most Noble the Marquis of Wellesley Governor
General in Council at Fort William, in Confor-
-mity with the General Letter of the Honorable
the Court of Directors, dated the 24th of August
1804, and in Reply to a Letter from the Govern-
-ment of Fort St. George. transmitted instruc-
-tions Relative to the Arrangement and distri
-bution of the Seringapatam Prize property,
and directed that the Detachments which
were Commanded by Lieutenant Colonels Brione
and Read, and the Troops and Individuals
therein after detailed should be admitted to
Share — The Troops and Individuals were
the Bombay Grenadier Battalion and several
Officers of the Bengal and Madras Establish-
-ments

9271 Fort St. George 31st August 1810

Establishments who were mentioned by Name. His Lordship at the same time rejected other Claims, included in a List with, them submitted by the Adjutant General of the Madras Army Para 4th

His Lordship, in his instructions before alluded to, desires that a Board of Officers be assembled at Fort Saint George, for the purpose of examining the Accounts of the Prize Agents, of ascertaining the Amount of the Claims of the Corps, Detachments and Individuals before Mentioned and of those Individuals whose Claims might from Accidents or other Causes, not have been considered - and finally for revising the Scale of proportions of Prize to the different Ranks of Officers and Soldiers adopted by the Committee of Prize Officers with the View of providing a Rule on future Occasions.-

5th

His Lordship in Council did not delegate any Authority to receive

or

or recommend further Claims for Corps and Detachments; but expressly limited his instructions to the receiving ascertaining and recommending the representations of any Individuals whose claim might from Accident, or other Cause as not at that time have been considered.-

6th. From these Considerations therefore we deem the present Claims from the Bombay Officers to be indemnifiable.-

7th. We have however entered fully into an investigation on the Nature and Merits of those Claims, the Result of which we shall submit for the information of your Lordship in Council.-

8th. The present Claimants say that they were during the Mysoore War similarly Situated with the Bombay Grenadier 12 Battalion and they quote the following Extract from a Report made by our Committee to Government on the 14th December 1808.-

"With

9273 Fort St. George 31st August 1818.

9 But the foregoing Opinion
does not Admit the justice of the Claims, and
now more attentively Considering the Subject,
we find there is a difference even in the

To The Marquis Wellesley.
Governor General of India

My Lord,

Your Lordship's Commands lately published to the Army explanatory of the Principles on which the Prize Money is to be granted to the Troops who have been employed against the late Tippoo Sultan induce me at this Instance and in behalf of myself, Officers, and Men who served in the Battalion under my Command to lay the following Circumstances with the greatest deference before your Lordship under the impression that the 2d Battalion 4th Regiment Native Infantry will be considered on the above Principles intitled to participate in the Advantages of Prize Money.

in Common with the other Troops engaged in the same Cause with themselves.—

On the 30th January 1991 a Detachment was formed at Bombay, Consist=ing of One Company of European Artillery the Grenadier Battalion of Seapoys and the 2d Battalion 5th Regiment Native Infantry, and Lieutenant Colonel Little appointed to the Command— The Detachment embarked and were landed at Jyghur, and proceeded by land to Singmaseer, with the intention of Cooperating with the Mahrattas, but [illegible] a part of this Detachment ascended the Ambajee Ghaut, the whole were after recalled from the Mahratta Country—

Lieutenant-Colonel Little with the Artillery &c. &c. Ordered to the Presidency and the Native Battalions, under my Com=mand were directed to proceed to Cannanore from whence the Grenadier Battalion &c. marched.

9281 Fort St. George 31st August 1810.

Marched to Pondicherry Guard and the 2nd
Battalion 4th Regiment Native Infantry
directed to proceed to Arcott, then our Northern
Boundary where a Brigade was soon formed
of which the Corps, I had the Honor to Command
formed a part - The Brigade entered and took
possession of the Carnara Province. -

The publick services rendered
by these Troops it would be thought presump-
=tion in me to set forth, but I may be permit-
=ted to Mention that the Zeal, and Ardour
for the Common Cause Manifested by every
Individual under my immediate Command
could not be exceeded on any Occasion. -

The Relative assistance each
Corps has Comparatively afforded to the happy
termination of the War would be as difficult
exactly to Ascertain as the proportionate re-
=ward each would have Consequently to receive,
but I do hope from the Liberal Sentiments

of

of your Lordship on the subject, that the Station of the Corps on any one particular day will no longer be a Criterion by which our Claim to Prize Money is to be determined but that on the fair and equitable Principles laid down by your Lordship every Corps actually employed, and Contributing its endeavours for the General Success will be considered entitled to an equal Share of the Advantages gained by the happy termination of a Contest on which every Person employed is Conceived to have equally exerted himself to the utmost of his Ability.

Battalion and 2d Battalion 4th Regiment
proceeded to Cavanore at which place both
Corps were present on the Morning of the 4th
of May 1799. under the Command of Lieute=
=nant-Colonel Baye - Shortly after this Pe=
=riod the 2d Battalion 6th Regiment
proceeded to the Northern Frontier Artill
and Remained there until they were Joined
by the Grenadier Battalion and 1st Bat=
=talion 3d Regiment with a Proportion
of Artillery - The whole of these Troops
were formed into a Brigade under the
Command of Lieutenant-Colonel Mere=

Sir,

I have the honor to address
you upon the Subject of my Claim to Seringapatam
Prize which would have been made earlier had I
known of the resolutions of your Committee in
favor of the 1st or Grenadier Battalion of the
2d Battalion of the 4th Regiment B. N. I. —
under Date 14th December 1808.—

I have the honor to trans-
=mit an Extract from General Orders which I hope
will be considered a sufficient Document to prove
an equal right to participate with the above
Mentioned Corps If not I shall feel myself very
much Obliged by your pointing out what will
be necessary to prove my right and it shall be
forwarded without delay.—

insufficiency of Captain Turners of the Bombay Marine Claim to the Seringapatam Prize.—

We Knowledge the receipt of a Letter dated the 11th Instant, from the Secretary to Government in the Military Department forwarding for our Consideration and Report, the Copy of a Communication from the Secretary to Government at Bombay respecting a Claim preferred by Captain Turner of the Bombay Marine for a Share of Seringapatam Prize Money.—

2d On the 25 Instant we had the Honor to address your Lordship in Council at Considerable length, on the Subject of several Claims for Seringapatam Prize Money preferred by Officers of the Bombay Army—One of those was Captain Turners Claim which with the others, Obtained over full investigation

3. With the Letters now referred for our Consideration, are forwarded two Certificates from Lieutenant Colonels Holmes and Boye which Mention the useful Services performed by Captain Turner, as Boat Master.

Master where he was employed with Colonel
Wesemann's Detachment.-

4th We have already given an
Opinion that Colonel Wesemann's Detachment
should not share in the Seringapatam Prize
property, and we have stated our Reasons at
length in our Address of the 2nd Instant; -
and as the Captain Turner's Services were
no doubt Meritorious, the Certificates which
he has now transmitted, do not add the
smallest degree, after the Sentiments
which we have already expressed on the
Merits of his Case.-

Prize Committee

Gentlemen

To the President and Members of the Seringapatam Prize Committee Relative to the arrangement and distribution of the Seringapatam Prize property and the Troops and Officers entitled to share.—

Para 1st. I am directed by the Honorable the Governor in Council to acknowledge the receipt of your letters of the 2d and 19th of April last and to acquaint you that the Governor in Council, considers in Common with you that on the 16th of May 1805 when the Most Noble the Marquis of Wellesley, the Governor General in Council at Fort William in Conformity with the General letter of the Honorable the Court of Directors dated the 24th of August 1804. and in reply to the letter from the Government of Fort St. George transmitted instructions Relative to the Arrangement and distribution

of the Seringapatam Prize property, and directed that the Detachments which were Commanded by Lieutenant Colonel Brown and Read, and the Troops and Individuals therein after detailed should be admitted to share (the troops and Individuals were the Bombay Grenadier Battalion of Sepoys and several Officers of the Bengal and Madras Establishment who were mentioned by Name) and at the same time Rejected other Claims included in a list with them submitted by the Adjutant General of the Madras Army. His Lordship in Council Cared and precluded all further Claims from Corps and Detachments, and expressly limited his instructions, to the receiving Ascertaining and Recommending the Representations of any Individual whose Claim might from Accident or other Cause not at that time have been Considered

From

9324 Fort St. George 31st August 1810.

From these Considerations the present Claims of the Bombay Officers with the Exception of Captain Macentaire are inadmissible.-

2d The Honorable the Governor in Council does not think that the Extract from a Report made by your Committee on the same Subject on the 15th of December 1808, alleged Government to admit these Claims; further information has been obtained by you from which it appears, that even these Claims, are not to strong as the Bombay Grenadier Battalion of Sepoys.-

3 This Battalion embarked from the Mahratta Shore arrived at Cannanore, and ascended the Ghauts to join the grand Army before Accounts of the Capture of Seringapatam reached Malabar whereas the Other Bombay Corps the present Claimants remained in the British Territories and at a Subsequent Peri-od, formed part of a Brigade and acted under

the

9325 Fort St. George 31st August 1810

the Command of Lieutenant-Colonel Wiseman which Service gave them no right to participate in the Seringapatam Prize

4 Major Lindsay's Detachment of the 1st Battalion of the 14th Regiment of Coast Native Infantry, belonged to Lieutenant Colonel Browns Detachment which Circumstance brought it within the instructions of the Most Noble the Governor General in Council and it shared on that principle.-

5th As Captain Staunton actually served as an Ensign with the Bombay Grenadier Battalion of Sepoys This Honor in Council permits him to receive the Share of a Subaltern.-

6th The Claim of Captain Turner of the Bombay Marine is not admitted because he served with Lieutenant Colonel Wiseman's Brigade subsequently to

9326 Fort St. George 31th August 1810.

to the Capture of Seringapatam and no property
Captured by that Brigade formed part of the

From
Sec.y to Government

Read the following Letter from the Seringapatam Prize Committee

To The Honorable
Sir George Hilaro Barlow Bart.
Governor in Council

From
Fort St. George.

Hon'ble Sir,

We beg leave to lay before your Honor in Council the Copy of a Letter lately received by our Secretary from the Officer Commanding His Majesty's 19th Foot regarding the Seringapatam Prize Money due to that Regiment

In our letter to Government of the 25th October 1809 we mentioned that

as

From the Seringapatam Prize Committee Submits letter from the Commanding Officer H. M. 19th Foot regarding the prize money due that Regiment states the circumstances relative to the Rolls forwarded for them by Genal Maitland and directed to be permitted to pass the abstracts for the Bombay Grenadier Battalion and to forward a roll of the Officers and men of that Bn. when shares are unclaimed.

Fort St. George 31st August 1810.

as the 19th Regiment was then employed on the Mysore Establishment we should call on the Commanding Officer to forward to us Rolls of the Officers and Men belonging to the Regiment who were entitled to Seringapatam Prize Money and we expressed our intention of directing the payment of such Claims as were found just —

We accordingly made this Requisition and were informed in Reply by Lieutenant-Colonel Stuart Commanding the Regiment that the Prize Rolls with all the Necessary Documents were forwarded to Madras by His Excellency Lieutenant-General Maitland in the Month of October or November 1808. —

As these Rolls had not reached our Office our President in November last made an Application for them to the

9336 Fort St. George 31st August 1810.

the Chief Secretary to Government but we have not been favoured with any Reply to this Letter

Lieutenant Colonel Stuart Mentions that in a letter addressed by him to General Maitland and which he states was forwarded with the other papers to Madras he had expressed his wish in order fully to Comply with the Articles of War that the whole of the Money due to the Regiment whether to Officers or Men dead or alive might be paid to him as he was as Commanding Officer of the Regiment answerable for the effects of the deceased and obliged to transmit them to England.—

We beg leave to State that under the Authority of Government we have already prepared abstracts for the shares of several of the Officers of the 19th Foot in favor of their Constituted Authorities and other legal Representatives and as we

apprehend

9337 Fort St. George 31st. August 1810

apprehend the Prize Rolls which Lieutenant Colonel Stuart mentions to have been transmitted by His Excellency Lieutenant General Maitland may have been Mis= =laid we are of Opinion that Abstracts for the Prize Money still due to the Regi= =ment may be made out from the Origi= =nal Prize Rolls which are in our posses= =sion and proper in favor of the Comman= =ding Officer who would be Required to trans= =mit Acquittance Rolls from such of the Commands as are now present with the Regiment and to grant his Receipt for the Shares of the Officers and Men who are Dead or have otherwise left it.-

Colonel Stuart has re= =quested that the Money may be paid in to the General Treasury of Fort St. George on Account of the Ceylon Government but on this Point we do not presume to an offer.

9338 Fort St. George 31st August 1810.

Offer an Opinion -

We take the present Opportunity of Mentioning to your Honor in Council that we are daily receiving Applications from the Officers of the Bombay Establishment who either are or conceive themselves entitled to Shares of Seringapatam Prize Money.

We had the Honor to State our Opinion on the Merits of several Claims from Bombay in a Letter which we addressed to Government on the 2d of October last but we have not yet been favored with the Final decision of your Honor in Council regarding them. -

We have Compared the Abstracts of the Bombay Grenadier Battalion with the Original Rolls in our Office and we have passed with the permission of Government Abstracts for the

9339 Fort St. George. 31st. August 1810.

The State of several Offices who have attor-
-nies at Madras.-

The total Amount due on
Accounts of the Bombay Grenadier Battalion
was Star Pagodas . . . . . 27,912.

Of this there has been paid at Madras . 12,960.

14,952.

The Amount of Abstracts sent from
Bombay which have been compared
and found Correct but not yet passed
on . . . . . 10,992.

Balance unclaimed 3960

We therefore Recommend that
we may be permitted to pass the Abstracts
for the above Sum of Pagodas 10,992. and
that we may be Allowed to submit them
to your Honor in Council for the purpose
of being adjusted with the Bombay Govern-
-ment in the Manner that may be
deemed proper, We Request that we may

Sir,

From the Officer Commanding at Cannanore - Enclosed Copy of a letter from the Officiating Master Attendant at Mangalore and a Bill for transporting the 1st Battalion 1st Regiment to Cannanore --

I have the Honor to forward for the information of the Honorable the Governor in Council Copy of a Letter from the Officiating Master Attendant at Mangalore explanatory of his former Charge for Freight in transports of the 1st Battalion 1st Regiment to Cannanore together with his Bill for the Same including Camp Followers of the European and Native Commissioned Officers at the Rates suggested by the Marine Board

in the Province of Malabar and Canara

Sir,

I have to acknowledge the receipt of your letter of the 2nd Instant with its enclosures relative to the Conveyance of the 1st Battalion 5 Regiment from Tellicherry to Cannanore.-

It was with much Concern I learned the Marine Board's disapproval of my Charge for that service, and feeling it an unpleasant Circumstance I state the Liberty of Requesting as a particular Favor that the Officer Commanding in the Provinces will again refer the Business with explanation, the want of which in all Probability occasioned the former Decision.-

As the Number of People actually transported, exceeds that entered in

my

9353 Fort St. George 31st August 1810.

my former Bill, I now enclose another with the Charges Made Conformable to what has been suggested by the Marine Board: and it is Accompanied by an Authentic Voucher of the Number of the People.

For the Boards information and to efface the Impression of my having Made a high Charge, it is Necessary to State that four large Boats were employed Measuring Unitedly More than 560 Candies or 1120 Tons and that the whole of this was occupied by the People Ammunition, Stores and Baggage of the Corps - I wish also to Mention as a Precedent of Pattacars being paid for that in the latter end of the year 1804. about 2000 Persons being the Sepoys and Pattacars of One Battalion, were transported from hence to Bombay in a Voyage of 7 or 8 Days only and paid for at 25 Rupees each by the Agreement.

Commissioner at

Tranquebar.

Sir,

Agreeably to the Regulations of the Madras Government, at all Stations where there are public Quarters one of them is allotted for the Accommodation of the Commanding Officer A part of the Castle has been appropriated

9356 Fort St. George 31st. August 1810.

appropriated by you as a Commissioners Office.
the Remaining part is not habitable - You are in
possession of the Government Garden House -
that which is Situated on the parade in the Fort
is vacant - and has been so ever since my Ar-
=rival Therewith the exception of the few days
I was in it On the 21st Ultimo nearly three
weeks ago I received a Note from you requesting
me to leave the House in question in Conse-
-quence of your having Reason to suppose the
Arrival of your successor would be immediate
I accordingly quitted the House the same day
in Order to accommodate him between the
period of his Arrival and your Departure
but I have not yet heard of a New Commissioner
having been even appointed.

As you as Commissioner, are
now occupying the Government Garden
House and that which is situated inside
the Fort is uninhabited, it is my intention

to

9357 Fort St. George 21st. August 1810.

to make application to a Superior Authority for permission to reside there, if I am not now allowed to enter it, as I consider myself entitled to that Quarter, when, as at present it is not appropriated to any public purpose

/Signed/ W.H. Loftie.

To Captain Loftie.

Commanding a Detachment

Tranquebar

Sir,

I have received your letter of this date, and, probably from an erroneous idea, I have been nearly as much surprised by it, as I was by your former Note on the subject of the Government House in the Fort.-

2 By the accompanying extract of a letter from the Government- you will observe what I presume you have not

9358 Fort St. George 31st. August 1810.

not to learn that every house here which is public property is at the disposal of the Commissioner and from this circumstance I can conceive that any Application pertaine to these houses should be made through the Channel of this Office.—

3. When I requested you on the 21st. Ultimo to quit the Government House which you have taken possession of without waiting for my permission or even before it there was time for the Servants in Charge of it to receive my Orders, I certainly thought my Successor was between Madras and this place on his way to Bellore me, but that I have been mistaken is no fault of Mine.—

4 I believe that part of the Castle inhabited by you is by far preferable to the small part occupied by me as an Office — With respect to its being uninhabitable I have only to state that all your predecessors

9359 Fort St. George 31st August 1810

predecessors, two of whom were married Men.
lived in the Castle without ever to my knowledge, complaining although the Government House has been vacant the greatest parts of the time since the Capture of Tranquebar I always understood till the Receipt of your Letter to which I am now Replying, that Officers were not entitled to Public Quarters and was therefore induced to suppose that the Officers who were formerly Stationed here, thinking they had their's by the courtesy of the Commissioner were Content with what they got.-

5. The Garden House in which I at present, Reside, being uninhabitable in the Rainy Season the Commissioner will of Course, as I have done make the Government House in the Fort his residence during that Period.-

6 It is material for several Reasons.

9360 Fort St. George 31st August 1810.

reasons that the Government House in the
Fort should not be occupied on the arrival of
my Successor and although I remained patient
I assuredly could not approve of the Manner
in which you took possession of it It was
of less Consequence as you declared it to be
your intention to Remain in it only till
you could procure another or at all events
till you found that my Successor was on
the Road hither. In the latter Case I must
testify to your Readiness in Complying with
my Request but had you used endeavours,
there was abundance of time from the 11th
to the 25th Ultimo to procure another as
House, which, however from the purport
of your present letter it appears you have
not yet done.-

In justice to the Situation
of Commissioner, and more particularly,
to the Gentlemen who may fill it I
will

9361 Fort St. George 31st. August 1810.

will directly lay Copy of this Correspondence as well as Copies of our private Note on the same subject before the Government. This intention will account for the full and explicit details I have observed in this letter and my early departure will free me from the suspicion of having any Interest in the determination.—

to the beach is sufficiently convincing that they must be so.

5th I really cannot conceive in what point of View Captain Loftie considers the Castle either insufficient or uninhabitable I have shewn it to be perfectly strong and its size surely cannot be any Objection as I believe, he has in all 6 or 7 Rooms of sufficiently large dimensions. The part occupied by me as an Office contains only one Room in which could by any possibility be added to the other part the rest being three Apartments more entitled to the name of Closets than Rooms in two of which are deposited the Records of the Danish Government. In the Room abovementioned I transact public business as I was positively forced by the heat from the House so much Crowded by Captain

Loftie

Loftie. The Government-house is well calculated for the monsoon and it is fortunate that it is at any time Comfortable, since neither of the Government-Garden houses can be inhabited in that season on and it is one of the hottest houses in Town=gunbar at all other times.-

6. In my Letter to Captain Loftie I have stated that all the Gentlemen occupied the Castle without ever to my Knowledge, Complaining. They were Captain Marett and Family, Captain Seward and Family Lieutenant Kinnin and Lieutenant Hume.-

7th. The only Object I had in view by forwarding Captain Loftie's private Note was to place the Matter in as clear light as possible and to avoid entering into Explanations which were thereby rendered unnecessary.-

Commissioners Office
18th August 1810.

Sir,

Para 1st In reply to your second letter of yesterday in Answer to mine of the same date, Regarding the Public Quarters, I have to state as follows.—

2d I am perfectly aware that the public property at this place is under

9371 Fort St. George 31st August 1810.

under your Charge--but I am Still of Opini-
-on that as Commanding Officer of this
Garrison, I am entitled to occupy a public
Quarter, without being under Obligations to
the Courtesy of the Commissioner and Re-
-garding this point I beg leave to refer
you to the Government Orders of the 27th
May 1806.-

3d I could adduce many
instances of public Quarters being to Oc-
-cupied but I consider that point to
clearly proved by the Order Abovementi-
-oned as well as by the Custom of the
Service that it must be unnecessary
to urge more on that Head.

4. Your insinuation as
that I have not endeavoured to procure
private Accommodations Are entirely with-
-out foundation as I can prove that
I have used my utmost endeavours to do so.

Haugh

9372 Jost St. George 31th August 1810.

though not under the Idea that I possessed
no right to a public Quarter.-

5th Respecting the disposal
of the Public quarters being vested in you as
I conceive it never Could have been the intention
of Government that the Commissioners
should appropriate to himself the two
best Houses - and at the same time even
one of them should be empty - whilst the
Officer Commanding the Troops is not furn-
=nished with a Serviceable Quarter as by
the Regulations of the 27th May 1806 as
he is certainly entitled to - and particularly
whilst several public quarters are at this
Moment occupied by Danish Officers.-

6. Regarding the efficient state
of the Castle to afford Accommodation for
the Commanding Officer - I do not think
it necessary in this place to enter into
any Argument - That as you deny my right

to.

93/93

Fort St. George 31st August 1810.

to any quarters would be entirely foreign to the subject.-

7th " On the Seventh and last Paragraph of your Letter permit me to observe that I can consider myself very little indebted to the Courtesy of the Commissioner when he states officially to me, that the private Notes which have passed between him and myself will be laid before Government. However Sir, as I am conscious of the Rectitude of my Conduct you have my permission to do so - I shall only beg leave to lay a explain Statement of facts before my Superiors but I do not Consider myself obliged to do so exactly in the Manner prescribed in the 2d Paragraph of your Letter.-

8th In the reference which you state it to be your intention to make to the Government, I beg you will not omit the last Paragraph

of

9374 Fort St. George 31th. August-1810.

of my first Letter, in which I have explain-
=ed to you, / whether might be the in=
=tention of Government in framing the
regulations before referred to:- or however
they might or might not be disposed to
grant indulgences to Officers in Command
of Stations by allowing them to occupy as
Public Quarters) I have only claimed
the indulgence of a Quarter which is not
appropriated to any public purpose.-

Sir,

From the Envoy at Goa — In reply to a dispatch of the 24th Ultimo — States that there appears many insurmountable objections to carrying the proposed arrangement into effect at Goa as far as relates to the prohibition of the Manufacture of Country Spirits in the vicinity of the British Cantonments.

I have to acknowledge the Receipt of your Dispatch under date the 24th Ultimo with its several enclosures, and in reply thereto, have the honor to state that as there appear to me to be various insurmountable objections to carrying the proposed arrangement into effect at Goa as far as relates to the prohibition of the Manufacture of Country spirits in the vicinity of the British Cantonments which do not seem to have been contemplated by the Honorable the Governor in Council, I have thought it advisable to submit them to his Notice previously to making the desired application to His Excellency the viceroy — These I have drawn up in the form of a Memorandum, to which I have been happy to

Memorandum ::

The Island of Goa on which the 78th Regiment is Cantoned is about 12 Miles in length with a population of 30,000 Souls, on every part of which at all favorable to the growth of the Coco-nut Tree, they are planted, appearing in many places even through the Roofs of the Houses. —

The impossibility of enforcing a regulation Against Country Liquor in a place of the Nature described above, and Consequent inadequacy of any prohibition Against its Manufacture by

the viceroy. ——

The heavy loss that would Arise to the Landholders if such a prohibition could be enforced, great part of whose Revenue is derived from the Manufacture sale and Exportation of Arrack. —

The Poverty of the Inhabitants which would entirely incapacitate them from purchasing a Drop of Company's Arrack while that Manufactured at Goa is procurable at a remarkably cheap rate, at the same time that it is an Article which the great body of the Inhabitants / being Christians / cannot dispense with. —

The Cantonments of the Sepoys and Bazars are situated in the Centre of a Cocoanut Tope of at least a Mile in extent, and there is no other place for a Cantonment without relinquishing the most Commanding Situation in the Island, This however is not the case with His Majesty's 78th Regiment whose Barracks are on

a

a Peninsula which does not produce Any Toddy Trees and which is seperated from the Other part of the Island by a high wall beyond which no Soldier is Allowed to go without a pass first Signed by the Officer of his Company as being Convinced the Man has Business that requires it, and secondly by the Command-ing Officer limiting those passes to men properly dressed, and if going to a distance to be accompanied by a Non-Commissioned Officer.—

The extent of the Peninsula Affords sufficient room for Air and Exercise, swimming &c. There is a Small Bazar with-in the lines, and a Regimental Canteen under excellent Regulations—

The licensed liquor Shops in the Bazars are not only under a Penalty on selling Li-quor to an European Soldier. but are also most-strictly prohibited from Allowing Any to be Car-ried Away. It is certainly impossible to Assert that none finds its way to the 78th Regiment but

I can

9384 Fort St. George — September 1810.

I can with Confidence say, that scarce an instance has ever Occurred of one of the Men of that Corps having been seen staggering about the Cantonments.—

The Artillery are stationed within the Fort of Agoada and are under much the same regulation with regard to Passports as the 78th. Regiment. within the Lines of Agoada are Cultivated about 5,600 Cocoanut Trees, 600 yielding Toddy, the whole of which has been for a long period Manufactured exclusively for the British Bazars, the Gentleman who owns the Estate, having engaged to sell it to none but the Contractor on Condition of his taking the whole, and this was found to be the Only method of Keeping it from the 86th. Regiment whose Cantonment was within those lines.—

To His Excellency Lieut. Gen. Hewitt
Commander in Chief in India
&c. &c. &c.

Sir,

I trust I shall be pardoned intruding on you the perusal of a Statement relative to the Staff Allowance I receive as Quarter Master of Brigade to the Troops in Travancore; the amount of which does not Exceed fifty Pagodas pr. Mensem, out of which sum I have to find myself in a Horse, Stationary, a Clerk and Office this I humbly beg leave

9403

Fort St. George 14th September 1810.

leave to state to you falls far short of the expence and responsibility attached to the Office I hold - I can with Safety advance that no Assistant Quarter Master - General of Division has his time more fully employed than I have in making communications relative to the Quarter Master General's Department, in short few in that Situation have the General superintend - ance of a larger Establishment of Public Cattle, Camp Equipage &c., and this I am inclined to think the - Quarter Master General of the Army will testify the truth of. —

Assistant Quarter Master General's

of Divisions have no Returns or any other com - munication to make, but to the Head of the Depart - ment whilst I, on the other hand have similar Reports to make to the Assistant Quarter Master General of the Southern Division - also I do not complain of this as a hardship, on the contrary - feel happy at all times in the execution of my Duty, but I hope it will not be thought pre - sumptive

9404 Fort St. George 4th September 1810.

presumptive my soliciting you to lay before the Hono-
-rable the Governor in Council my request to be placed
in regard to Allowances on the same footing as the Major
of Brigade to this Force - I feel confident the Ho-
-norable the Governor in Council will be graciously
pleased to extend the same indulgence to me as he
has done on a recent occasion to that Officer, the
extent of duty and responsibility in both situations
being so very similar.—

To the Military Secretary
to His Excellency
The Commander in Chief in India

Sir,

Agreeable to your letter of the
26th of July calling upon me for an explanation of
the cause which has prevented the Realization of
any Revenue from the Bazars in Travancore - I beg
leave

9405

Fort St. George 4th September 1810.

Leave to state for the information of His Excellency the Commander in Chief in India that I conceive the reason of no Revenue being realized during the period I acted as Superintendent of Bagars was entirely owing to the prohibition of the Sale of Spirituous Liquors by the Officer Commanding the Troops Colonel Gardon and the British Resident Lieutenant Colonel Macauly: this prohibition took place in the Month of January 1810, and remained in force until the 1st of April when Lieutenant Colonel Hall again ordered it to be put on.—

Resolution & orders thereon

Resolved in consideration of the circumstances under which Captain Parkinson has proceeded to Europe from the Isle of Bourbon that he be continued on the strength of His Majesty's 33d. Regiment, and permitted to draw the regulated allowances of his rank.—

The station of Cabo having ceased

Fort St. George 4th September 1810.

ceased to be a seperate command since the transfer of the Military Establishment at Goa to this Presidency, the Board consider the application of Lieutenant Colo. Richardson on this subject to be inadmissible.—

Ordered that an Extract of the foregoing letter relative to the encrease of allowance applied for by the Dy. Master of Brigade in Travancore be referred for the consideration and report of the Military Auditor General.—

The Board deem the explanation of Captain Ives regarding the failure of revenue from the Bazars in Travancore satisfactory, and direct that the Commander in Chief be requested to ascertain from the Officer Commanding in Travancore whether the prohibition against the sale of spirituous liquors adverted to by Captain Ives did not in fact suspend the functions of the Superintendent of Bazars and to require a report generally on the duties of that Officer during the period of the

prohibition.

The Military Secretary

to His Excellency

the Commander in Chief

Fort St. George.

Sir,

The great expence and trouble inci-
dent to the mode hitherto adopted in supplying this Station
with cash, Vizt. by monthly Land Carriage from Man-
galore during the fair season and one large remittance
also by land, during the Month of May to serve for
the Monsoon, occasions me to request you will trouble
His Excellency the Commander in Chief with some ob-
servations on it.——

A Detachment of Troops sent from
hence to Mangalore to escort treasure is absent nearly
two Months - This occasions great wear of Camp
Equipage, great expence in Batta and great fati-
gue to the Troops while the expence of Cooly hire
for the Cash, latterly almost entirely silver
bears also a very heavy proportion - The last re-
mittance of four lacs of rupees in May cost no

less

less than six hundred and Ninety Star Pagodas —

The Expence of Batta and Camp Equipage and the fatigue of the Troops, would be much lessened, were the remittances always made in three or large sums, to last for the Demands of four Months, but the expence of posterage can only be diminished in two ways - one by remitting Gold instead of silver, which may not always be easy, the other by Water Carriage, which I apprehend might always be used, particularly if one of the small Armed Pattamars of the Bombay Marine were employed in it once in three or four Months, and it is to be observed that some of them are always stationed off the Malabar, about 30 Miles from hence, and come here for provisions &c. all the fair season. —

Extract of a Letter from the Superintending Surgeon of the Hyderabad Subsidiary Force dated 14th. August 1810.—

The Sick Carriage of this Force being under my immediate Management and Control I consider it my duty to state to your Board, what I conceive would be an improvement in that branch of my Department. You will perceive by the enclosed Return, that there are two descriptions of Dooly Bearers, one hired, and the other belonging to the Regular Dooly Corps. My proposal therefore is that the whole Field Establishment of Bearers for this Force should be furnished from the Dooly Corps as greater dependence could be placed on their Services, and as by that means the hired Bearers occasioning an enormous expence might be discharged. Should this suggestion be forwarded to Government with the approbation of your Board, I have no doubt but it will meet with favorable

Fort St. George 4th. September 1810.

To the Honorable

The Governor in Council

Fort St. George

Honorable Sir.

I have the Honor to submit a Medical Certificate of the necessity of my going to Europe, for the recovery of my health. But I am unfortunately unable to accompany this Application with the Certificate from the Pay Department being absolutely unable to procure the Security required to be deposited with the Military Paymaster General, as stated in my letter to that Officer a copy of which I have the honor to attach as also of the Reply of the Military Auditor General.—

I beg to lay before you, that I am really in a very bad state of health. from a most distressing Complaint that is rapidly gaining ground from the influence of Climate, on account of which I venture earnestly to entreat that you may be pleased to grant me permission to proceed to England.

And

from me. In Order to Obtain which I applied to my

them and taken their Bills on England - but on my
asking this Security from them, they stated that I
must then Keep an Open Account with them, that
they might have money of mine in their hands to -

consequence obliged to place my private Affairs, I found myself in addition to the misery of a very bad state of health in the streets of London not only a beggar, but in debt, and however I was fortunately able to find friends to Assist me, as well in this necessity as further to enable me to get back to India, I was obliged to enter into a very heavy specialty debt to them and which remains hanging over me.—

I beg your Consideration that the above statement is no rodomantade or Idle story, but a Simple relation of a plain matter of fact, and the Effects of which Continue to operate as a princ-ipal Embarrassment in the way of my Ability, to procure any present security. And if the mode I have suggested should not be approved by him, to point out to me such other plan as may be within my Power.—

Report from the Quarter Master General

The Quarter Master General begs
leave to obtrude on the Consideration of His Excellency

the

the Commander in Chief, a suggestion on the Subject of the Camp Equipage of European Troops.—

The Quarter Master General had an Opportunity of hearing when lately in the Camp of Lieutenant Colonel Martindells Detachment in Mulva, a most favorable Report of a Regulation on the Bengal Establishment which provided for the Cover of European Troops in the Field, by Means of a Superior description of Tents furnished with a fly and walls.—

The subject will be in the recollection of His Excellency, under whose orders this Beneficial arrangement took place, and the Quarter General will therefore confine himself on the present occasion, to the expression of a Hope, that there will appear to His Excellency sufficient Arguments of Oeconomy efficiency and Humanity to induce the recommendation to Government of the adoption of the Same System on the Madras Establishment which appears to have succeeded so well in the Bengal

Bengal.—

The Indents for Camp Equipage which have been already Sanctioned by Government are equal to the present Dificiency of Camp Equipage. but before - they can be made up and transported to Stations new de- - ficiencies will have occurred; and Should it be deemed advisable to adopt here the Bengal System of tenting the European Troops it may perhaps be Considered pro- - per to Commence at an early period on its gradual - Introduction.—

It may be proper further to - remark that the proposed arrangement will furnish Comfortable Accommodation for the Sick of Detach- - ments of Europeans, whereas the Tent Regulations at present provide Hospital Tents for the Head Quarters of Corps only Extra Tents for the Sick will further become unnecessary which is an object of some Im- - portance as they are extremely unwieldy cannot be carried on an Emergency by Bullocks, and require the attendance of 4 Lascars each—

The

The Quarter Master General gave particular attention to the Dimensions and Construction of the Tents in question, and could now inspect the preparation of one similar, it would however be perhaps advisable to procure one from Bengal as a Pattern, should this Suggestion be adopted. —

D. M. Gen.l

The Board entirely concur in the opinion of the Commander in Chief respecting the superior advantages of the proposed improvement in the tents of the European Troops recommended in the foregoing letter, resolved in consequence that the suggestions of His Excellency on this subject be adopted; and that application be made to the Supreme Government for a pattern of a Tent of approved construction. —

Honorable Sir,

From the Mily. Aud. General - forwarding a comparative Statement of Pay and Allowces to Officers in H. M. and the H.C. Service - observations on the subject -

1 I have the honor to submit here-with a Comparative Statement of the Pay and Allowances drawn by Field Officers and Officers Commanding Troops and Companies in His Majesty's and the Honorable Company's Service under this Presidency as required by Mr. Secretary Peile's letter of the 17th Instt. - your Honorable Board will perceive by this Statement that the only difference between the Pay and Allowances of the Officers abovementioned is an account of the non Effective and Contingent Allowances drawn by the Kings Officers as noticed in the three last Columns of the Statement. ——

2 The Pay and Allowances to the Kings and Company's Officers were equalized many Years ago and the former receive an Allowance under-

under the head of "Difference of Pay" to put them on a footing with the latter and where their Pay exceeded that of the Company's Officers a deduction equal to the amount of the excess was made from their Batta or Gratuity, but it does not appear that the Non Effective and Contingent Allowances drawn by the Kings Officers were taken into consideration at that time.——

of Government in the Military department under date the 10th. and 17th. Instant, and to state that we have given the necessary orders in consequence. —

2 We have the satisfaction to report for the information of your Honor in Council, that the Artificers who had absented themselves from the Arsenal in consequence of the dispute which lately prevailed amongst the people of the right and left hand Cast at Madras returned to their duty on the 16th. Instant and that the operations of that department are again carried on in the usual manner —

3 With reference to our report of the 17th. May we have now the honor to submit estimates for works which have been recommended for execution by the late Annual Committee at Seringapatam, and being of opinion that the whole are necessary, we beg leave to recommend them for the sanction of your Honor in Council. We submit at the same time

Extracts from the report of the Annual Committee
of Survey held on the Fortifications and Public Build-
-ings at Seringapatam from 1st to 4th March 1810.

It has been already been stated that
the Sewer from the European Barracks and Hospital is

nearly

9469 Fort St. George 4th September 1810

is nearly choacked up in the Fausse Bray on the North Face by the Wall having fallen in. As this evil is likely to increase, the Committee recommend it being repaired without delay."—

"As a speedy repair to the revet-ment of the Cavalier E will in all probability prevent much additional injury to this work, it is recommended that it be undertaken at the same time with that required to the Fausse Bray wall."—

"The publick Necessaries in the 1st line of Works near the N.E. Angle, are, from the circumstances remarked in the report, not only a nuisance, but the stagnant water below is considered injurious to the health of the Garrison, the Committee therefore recommend that the Necessaries be repaired, which may be done at a trifling expence, and that a lower channel of communication with the Ditch on the North face be constructed, with a Sluice Door to open and

and shut as circumstances may render necessary."—

The Standing Bridge attached to the Bangalore Gateway in the 2d. line should immediately be made secure which may be done at a very small expence."—

"The Magazines 3-4-6-8- may be rendered perfect by the admission of light, which the Committee conceive may be effected at a small expense and in a safe manner. Hitherto Lanthorns have from necessity been used when powder has been removed - nearly all these Magazines are now empty."—

"The Doors of the Grand Magagene N°. 7 should be immediately made to fix close to the frame when shut. in their present state they leave an open space which is considered by the Committee to be highly dangerous: the addition of Screens to the light holes appears necessary as they will add materially to the security of the powder - at present there are only wooden Shutters, besides the perforated Copper plates"—

Ignorant

9471

Fort St. George 4th September 1810.

Ignorant of what may be the ultimate decision of the Supreme Authorities on the subject of the proposed reform to the Fortifications of this Garrison, the Committee refrain from adding to their report on the state of the Laboratory, any remarks further than, that in their opinion, the Stores lodged there being from the inefficiency of the building ill secured, most disastrous consequences may be apprehended.

Seringapatam

Sir,

In consequence of orders from the Military Board bearing date 17th of May last, and communicated to me by the late Lieu-tenant Colonel Arrok, I have the honor of trans-mitting

9472 Fort St. George 4th September 1810.

transmitting the following Estimates—

N°1 For Repairing the Sewer from the European Barracks and Hospital, and rebuilding that part of the Fausse Bray in the North Face through which it runs, and which has fallen down.—

2 For Repairing the Public Necessaries in the 1st. line of works at the North East Angle.—

3 For Securing the standing Bridge in front of the Bangalore Gateway in the 2d. line of works.—

4 For constructing light holes to the Magazines 3. 4. 6 and 8 and securing them with Shutters and Screens.—

5 For repairing the Doors and securing with Screens, the light holes of the grand Magazine.—

6 For repairing the Laboratory.

7 For annexing to the Laboratory an Expence Magazine, Sealing Room, Boiling Room

Fort St. George 4th. September 1810.

Room, 2 Godowns and a Shed, and for enclosing the whole.——

In Estimate N°1. I have been induced to adopt the most secure mode of construction from an impression that works of this description should invariably be composed of the best materials and the very great and frequent falls of rain to which this part of the Country is subject being inimical to those cemented with Clay. I conceive that Brick and Chunam. though now involving a greater expence will ultimately prove the cheapest and although the Estimated Cost of the side Walls of the Sewer, which are proposed to be of Stone in Chunam is 8/ Fr. Cubic foot — the reverse would. I imagine. be the case in the construction of the retaining wall, both on account of there not being a sufficient quantity of Stone on the spot for that work, as well as the additional labor which their irregular form will require to place them properly in the wall, the

Drawing

9474 Fort St. George 4th. September 1810.

Drawing which accompanies this Estimate will I trust afford every further necessary Explanation.—

In Estimate N°2. I have proposed a thin Wall of brick in Chunam as such is better suited to the purpose and infinitely more durable than those of Bamboos and Clay, which have hitherto been adopted.—

The amount of Estimate N°3 is considerably increased in consequence of the very inefficient appearance of the supporters to the standing bridge attached to the Bangalore Gateway in the 2d. Line, they being perforated in various places with cracks which are of late much enlarged.— standing upon Common Ground without any support from Masonry, and the Rock being about 3 feet below the surface, their stability is extremely precarious and as danger is to be averted, I have framed my Estimate upon this principle.—

In making the Estimates 4 and 5 my first object was security, my next economy.—

As the Estimated cost of repairs to the

9475

Fort St. George 4th. September 1810.

the Laboratory is considerable, I beg leave to describe the
state of that building. —

The walls are entirely of mud. the
Terrace is also of the same material excepting the Superfi-
-cial part which is Jelly and Chunam. the whole is laid
upon Planks and small Joists. the latter placed frame-
-ways and supported by Wooden posts throughout. There
are numerous Cracks which admit the rain, and white
Ants are rapidly distroying the wood work. —

Convinced, from the above mode of
construction, that no Partial repair can accomplish ef-
-fectually the desired good. I have Estimated for new
Beams, Joists and Terracing throughout unfortunately
the existing Timbers are too small to diminish the
expence further than the amount for which they may
be disposed of by Public Auction. To the Estimate
I have the honor to annex an explanatory Drawing, in
which are introduced proposed additional Buildings
which are considered by the Commissary of Stores —
essentially necessary to the operations of this branch of
his

his Department. to the security of the Stores. of the La-
-boratory itself, and. consequently. of the Persons of those
employed in it- for these I have framed a separate Estimate
which is marked No 7

the South face being in so bad a state as to require a
renewal altogether. I shall have the honor of transmitting
to you shortly, a Plan, Elevation, and Estimate of the
proposed New Work.

No. 4.
Fort St. George 4th September 1810.

9499

Fort St. George 14th September 1810

To the Honorable Sir G. H. Barlow Bart. & K. B.

Governor in Council

&c &c &c

Honorable Sir,

From the Military Board - Reports the Decease of Major Evans, and recommends that Lieut. Col. Fletcher be appointed to the vacant Situation, and details proceedings in consequence of the orders for disposing of the Stud &c. &c. to Major Evans.

1 We are sorry to report for the information of your Honor in Council, the death of Major Evans, the Superintendant of the late stud at Chatterpoor, a circumstance, which obliges us to lay before the Government, the further papers connected with the proposal of that Officer for the purchase of the remainder of the cattle of that institution, in a different shape from what was intended by us, or expected by your Honor in Council.

2 We are of opinion that it has become necessary to appoint an Officer without loss of time, to take charge of the public property of the late stud [illegible] It is not usual for the Military Board to point out any particular Officer for specific duties. but considering Lieutenant Colonel Fletcher as particularly

9500 Fort St. George 4th. September 1810.

particularly qualified for the charge, as well as for assisting us in carrying into effect any further orders of the Government for the disposal of the stud cattle, we have taken the liberty of mentioning him for the present duty and as he is now stationed at Vizianagram, in the district of Vizagapatam, we have to trust that it may without inconvenience, be practicable to employ him on the duty to which we have now alluded.—

3 We shall take into our immediate consideration, the means which in our judgement may appear to be the best adapted for the disposal of the remainder of the Stud cattle under existing circumstances, and we shall at an early moment submit our sentiments on that subject to your Honor in Council. It appears however in the mean time to be necessary that we should report for the information of the Government the steps which have been followed in carrying into effect the orders of the Right Honorable the Governor General in Council contained in a letter of the 21st. of April last, from the Secretary of Government in the Military department.—

An

Fort St. George 4th. September 1810.

4. On the receipt of that letter which informed us that the Right Honorable the Governor General in Council had concurred in our recommendation for the disposal of the remaining part of the Honorable Company's stud at Chatterpore, we lost no time, in acquainting Major Evans with the decision of His Lordship in Council, detailing at the same time for his guidance every particular of the terms on which it had been resolved that he should be permitted to purchase the remaining Stock, and of the terms on which the loans of money which he required to assist in carrying into effect the plan he had proposed, would be made to him by the Government. A Copy of the letter which we caused on that occasion to be addressed to Major Evans accompanies this report.—

5. We also on the receipt of the letter from the Secretary in the Military Department under date the 21st. of April, made application* to His Excellency the Commander in Chief in India, for the appointment of a Committee of Officers, to ascertain the

* Letter to the Adjt. Genl. No. 2.

the exact state of the Stock as it might stand on the 30th. of April, the period from which it was proposed that the public expences of the Stud should cease. We also requested that the same Committee should be ordered to ascertain the state of the public buildings of the late Stud, which the Right Honorable the Governor in General Council had determined should be occupied by Major Evans, on the condition of his maintaining them in repair, and liable to be appropriated at any time for the public service.—

6 The proceedings of the Committee on the Stock and public buildings reached us on the 20th. Ultimo, but not having at that time received from Major Evans, any reply to our communication referred to in the 4th. paragraph of this report, we were obliged to defer the consideration of them. We take the present opportunity of laying these proceedings before your Honor in Council, which will afford a correct view of the present state of the Stud cattle.—

7 Major Evans's reply, which is dated the 13th. Ultimo did not come before us until this

this day, as some time had elapsed before he could get the name of one of his sureties filled up, and we had but just proceeded on the consideration of the subject when we received intelligence of his death. These circumstances will account for the delay which has occurred in bring- -ing the subject before the Government. It is now of little importance to state the objections which were made by Major Evans to the periods of payment for the young Stock, but having laid before the Government the whole of the papers which [illegible] we think it proper to submit the reply which we re- -ceived from him, to our letter of the 23d. of April —

To Major H. Evans

Superintendent of the late Stud in

the Provence of

Ganjam

Sir,

1 I am directed by the Military
Board to inform you that, your proposals for the purchase
of the remainder of the stock of the late stud, as ex-
-pressed in your several letters dated the 2d. 23d. and
30th. Ultimo have been submitted for the consideration
and decision of the Right Honorable the Governor
General in Council. —

2 His Lordship in Council has ac-
cordingly resolved, that you shall be permitted to pur-
chase the remaining Stock, as it may stand on the
30th. of April 1810 according to a valuation which
shall be made by the Military Board, on the
following principles Vizt. —

First That the whole of the Colts
and fillies shall be devided into three Classes

the

Fort St. George 14th September 1810.

the first as yearlings, the second as two years old and the third as three years old Colts and fillies, and that each of those classes shall be valued according to the expence which the stud Cattle of those descriptions may have actually cost the publick. That is a Colt in the first year has been ascertained to cost the Honorable Company 6 Rupees per Month or 72 Rupees when it has completed its first year. A Colt in the second year costs the Company 9 rupees per Month, and its actual cost at the completion of its second year is equal to 180 rupees. In like manner, a colt in its third year costs 10 Rupees per Month, and its actual cost at the completion of its third year will be 300 rupees.—

Secondly In regard to the fillies it has been ascertained that the expense of each in its first year is equal to 6 rupees per Month or 72 Rupees at the completion of its first year, and as the expense of a filly does not increase according to its age like that of a colt, but continues

to

9506

Fort St. George 4th. September 1810

to be the same every Month. the expense of a filly at the completion of its second year is exactly double the amount of its expense during the first year or 144 rupees and at the completion of its third year. it will have actually cost the public the sum of 216 rupees.—

Thirdly With respect to the unserviceable Stallions and old brood Mares remaining at the Stud; my letter to you dated the 26th. of March stated to you the opinion of the Military Board that they should be valued according to the average of the sales of such Cattle at the Presidency Masulipatam &c. deducting therefrom the average expense of transportation. you have already in your letter of the 30th. of that month stated your concurrence in that mode of valuation. and the Right Honorable the Governor General in Council having approved of it, I have been directed to inform you that the estimate of those Cattle as they may stand on the 30th. Instant. shall be regulated accordingly.—

3 As the above terms correspond exactly

9507 Fort St. George 4th September 1810.

exactly with those to which you have already given your consent, it will only remain to fix the exact value of the stock on the 30th of April from which period the Government have determined, that the public shall be relieved from all further charges on account of the late Stud under your Superintendence, and with that view the Military Board have taken steps for assembling a Committee at Chatterpore for the purpose of ascertaining the exact state of the Stock on that day. A valuation will then be prepared and laid before the Government, in order that the Law Officers of the Honorable Company may be directed to prepare for execution, the instruments which may be necessary.—

I am next directed to state to

4

you, that the Right Honorable the Governor General in Council has been pleased to accept of the security which you have offered in your letters of the 2d and 23d of March, for the payment of the value of the Stock Viz. your personal bonds for the full amount of it and the Mortgage of your plantations build-

-ings

buildings &c. &c. &c. It will be necessary however that you should state the particulars of the property proposed to be mortgaged to the Government, for the guidance of the Law Officers in the preparation of the papers above alluded to. The Government have agreed to receive payment for the Stock by instalments and have directed the Military Board to fix their amount and the periods of payment. It has accordingly been determined that the amount of the stock shall be paid by three equal instalments, that the first shall be paid on the 30th. of April 1811, the second on the 30th. of April 1812, and the third on the 30th. of April 1813 and you will observe that these payments are not to depend on the sale of the young Cattle as proposed in your letter of the 2d. of March, nor upon any other contingency whatsoever. —

5 Your concurrence with all these particulars which differ but very immaterially from those to which you have already agreed, will enable the Military Board to con-

conclude every arrangement which relates to the transfer
and payment of the remaining Stock, and I am now
to convey to you the determination of Government, with
respect to the loans required to enable you to support
the young Cattle until they shall have attained a
sufficient Age to be brought to Market. The Right
Honorable the Governor General in Council has re-
solved that you shall receive a loan from the public
treasury to the amount of Pagodas 1,000 per Month
during the first year, that is from the 1st of May 1810
to the 30th April 1811; and also a loan of Pagodas 500
per Month for the second year, Viz.t from the 1st of
May 1811 to the 30th of April 1812, amounting in all
to the sum of Pagodas 18,000 and his Lordship in Coun-
cil has further resolved that you shall in addi-
tion to your own personal bond produce substantial
Collateral security for the whole or such part of
that amount as you may actually receive. I am
therefore directed to request that you will state
what collateral security you may propose to

buildings &c. &c. &c. It will be necessary however that you should state the particulars of the property proposed to be mortgaged to the Government, for the guidance of the Law Officers in the preparation of the papers above alluded to. The Government have agreed to receive payment for the Stock by instalments and have directed the Military Board to fix their amount and the periods of payment. offer in order that it may be approved of by the Govern-
-ment previously to the preparation of the law papers
which it will be necessary to execute.—

6 It has been determined with regard
to the repayment of these loans that all transactions con-
-nected with them, shall be considered perfectly distinct
from those which may relate to the payment of the
Stock, and you will be required to pay back the
sum of Pagodas 8000 on the 30th. of April 1811, which
is the sum you have yourself proposed in your letter
of the 2d. Ultimo. The remaining sum of Pagodas 10,000 will be required to be repaid by two
equal instalments. Viz. on the 30th. of April 1812 when
Pagodas 5000 will be required to be repaid by you, and
on the 30th. of April 1813 when the remaining part of
the loans or the sum of Pagodas 5000 must be paid
up.—

7 With respect to the public build-

Military Board to inform you, that the Right Hon-
-ourable the Governor General in Council has been
pleased

ingly considered it their duty to ascertain the present
state of those buildings, and a Committee of Officers will
be appointed for that purpose.—

The 3d. Lines for Brood Mares are of the same form and extent as the former, and the same Remark is applicable to their state of repairs.—

The Homery or 4th. Lines for Brood Mares and young Cattle are found to consist of 12 Ranges of 40 Stalls each with a considerable space in the Center leaving 20 Stalls on each side of the same dimensions as in the former lines and the whole forming an enclosed Square of considerable extent with a large gate in the center of three of its faces— These Buildings appear good in a perfect state of repair.—

A line for Sick Horses consisting of 20 Stalls of the same dimensions as the former, appears to be in a good state of repair. A range of Buildings constructed for a Store House a Gram boiling and Cooling houses, are also found to be in a good state of repair— These with a Guard room for the troopers which is likewise in a good state of repair comprize

Gentlemen,

I have the honor to lay before
you

9518 Fort St. George 4th September 1810

you the present state of the Remaining stock of the Honorable Company's late Chatterpore Stud, as it stood on the 30th of April and shall with pleasure proceed to bring them to your immediate observation for inspection, as well as the Public Buildings and afford every information on those subjects which you may deem necessary as the object of the Committee investigation ——

When at Madras I proposed to Government to become the purchaser of this Stock from consideration which I feel must become of great public importance. It was not known to me however, until my return that some of the Young Stock had got weak in their loins a complaint to which Horses are subject in India during my absence (which was about ten Months) and having made no reservation in my Proposal for such unfortunate occurrence, I must consider myself bound to pay for them as well as for the other stock. It is however my intention to submit this circumstance to the consideration

consideration of the Board, and I beg leave to request that the Committee may be pleased to inspect eight Colts and Seventeen Fillies which I shall bring to your notice as weak in their Loins, and on which I would request the Committee to report their opinion. —

To

To the Secretary Military Board
Fort St. George

Sir,

I have the honor to acknowledge your letter of the 23d. of April, stating that my proposals for the purchase of the remaining Stock of the late Stud had been submitted by the Military Board for the consideration of the Right Honorable the Governor General in Council, and that his Lordship in Council had resolved that I should be permitted to purchase the remaining Stock as it stood on the 30th. of April 1810, according to a valuation to be made by the Military Board &c. &c.

In consequence of your letter communicating the orders of the Board, I have taken upon myself all the expences of the Establishment on the 1st day of May, and the Company will therefore have no further expence or charge on the score of the Stud from the 30th. of April 1810.

With

9521

Fort St. George 4th. September 1810

With the valuation of the Stock as proposed by the Military Board and every other arrangement proposed with respect to this subject, I agree in the fullest manner; save only one point, which relates to the payment of the Amount to be fixed for the whole of the Stock in three years, in my letter to the Board dated 2d. March on this subject, paragraphs 6th. and 7th. I proposed to pass a seperate Bond for this Stock / Mares and Fillies / to be paid for from the Sale of their produce by four instalments—

At the same time, proposed to pay the amount which should be fixed for the value of the Colts, and the full amount of the Advances I requested to be made me, in three years, by instalments and this I will certainly perform, in the manner ordered by the Board as stated in your letter.—

I could not however venture to promise payment for the whole of the Stock in that period, I see no possibility by any means within

Fort St. George 4th. September 1810.

within my reach, or expectation, which could enable me to do so, and I hope that the Board will take into consideration the heavy expence I subject myself to, by undertaking a project of this nature which has as its chief object the introduction of an important Plan amongst the Natives of British India, and which must ultimately prove of the greatest possible benefit to the Public Service, by introducing a system for breeding horses amongst them and which I have no doubt I shall see within a few years extend its operations throughout the Circars.—

The Board are pleased to say that payment for the Stock shall not depend upon the sale of the young Cattle nor upon any other Contingency, I therefore beg leave to submit for the consideration of the Board,— what I hope may, under all the circumstances of the case be granted to me, after the payment of the value of the Colts and the Advances, / which shall be fully accomplished according to the plan laid down in your letter/ I will promise to pay the full amount fixed, as the value of the Mares and Fillies, by three equal instalments,

the

the next three years after the above payments to have been completed, and I am led to hope at the recommendation of the Military Board that Government would be pleased to accede to this, which I should certainly be able to effect.

The property which I propose to Mortgage to the Company as security for the value of the Stock, which the Board desire I should specify, consists of my House, Offices and improvements at Chatterpore on forty Acres of ground, for which I have a grant from Government for ninety years, and the whole of my Cocoanut plantations on the Farm consisting of one lack of Trees, together with four extensive and well built Indigo Factories with suitable Offices drying and boiling houses Do. Do., two of which are erected in the Poobacondah Purganah, one at Cunchoor, and the other at Muckundapore, one in the Tennestaun Purganah at Countapilly, and the fourth in the Itchapore District at Canty in Woodanum.

Three Colts and Fillies which are weak may be classed as the others, one-third, as yearlings, one-third two years, and one-third as three years old, this is as nearly as possible the state of those which I produced to the notice of the Committee —

From the Military Asst. Genl. — Reporting unfavorably on — Lt. Grant's application for Captain's batta and ward room money, after the capture of the brig Lee-flower which he commanded.

Honorable Sir,

I have the honor to acknowledge the receipt of a letter from the Chief Secretary to Government under date the 25th. Instant, with which was transmitted

9527

Fort St. George 4th September 1810

transmitted for consideration and Report, Copy of an Application from Captain Owen late Commander of His Majesty's Brig Sea Flower—

2 I have accordingly to state that the present application from Captain Owen is to be permitted to draw during the time he was a Prisoner of War at the Isle of France, after the Capture of the Brig Sea Flower of which he had been Commander, the Monthly Allowance of Pagodas 52-3-40 being equal to £ 250 per Annum which the Honorable Company grant to the Officers of His Majesty's Navy under the denomination of Batta when Commanding vessels of that Force—

3 And also soliciting the Countenance of the Monthly Allowance for the Mess of the Officers of the Ward Room of the Brig Sea Flower during the same period being Pagodas 17-29-60 or £ 75 per Annum—

4 This indulgence is solicited upon the principle stated to be the rule in His Majesty's Navy

Navy that Officers in all cases when Prisoners of War leave their Pay continued during their Captivity and until the sentence of a Court Martial declares them innocent or Guilty —

5 And also upon the plea that Officers in the Honorable Company's Service have their Allowances continued under certain modifications when similarly situated —

6 With respect to the first point it may be observed that there is a distinction to be drawn between an Officer who has after a length of Service attained a certain rank upon an Establishment drawing the regulated Subsistence of that rank whether he is employed or not, and an Officer when holding a situation in which the performance of duty is required and for which he receives an Extra Allowance as a Compensation — Whether such Compensation should be continued when that Officer is deprived of the power of performing that duty It is a matter also requiring to be known, as connected with this point whether an

Officer

Officer of His Majesty's Navy receives full Pay, when not in the actual Command of a ship or only the Half pay of his rank.—

And with respect to the second Q. Officers in the Honorable Company's Service being permitted to draw their Indian Allowances when Prisoners of War.— It may be proper to state that from July 1796. half Batta being an Authorized fixed Allowance granted to all Officers serving under the three Presidencies, it may in a great degree be considered as a part of their Monthly pay receivable by them whether employed on duty or not, and not an Extra Allowance granted on particular Occasions, consequently when Military Officers in the Honorable Company's Service have had the misfortune to be captured and to be detained Prisoners of War at the Isle of France it was deemed just and reasonable by Government to authorize their drawing that allowance when so situated.—

It appears by referring to former orders on this subject that an allowance was granted to each of the Officers on survey for the purpose of entertaining six Lascars, but as it was undoubtedly the intention of Lord William Bentick that an Allowance equal to the pay of six Lascars should be granted them severally to entertain any description of people they might find best suited to their purpose, and those gentlemen believing that nothing further was necessary, they of course never thought it requisite to send any sort of muster Rolls, and in consequence of the wording of the orders the difficulties alluded to have occurred.—

I conceive it my duty in behalf of those Gentlemen to state that in carrying on a service of this kind, it becomes necessary to select active and diligent people whom we mostly find among the coolies, to be sent on various duties besides that of carrying the instruments, and it is common

to

to pay them according to their attention and diligence —
It consequently becomes more convenient that a month
-ly allowance equal to the pay of six Lascars should
be granted. to be laid out according to the judgement
of the individual who receives it without being limited
to any express purpose, and as I am convinced that
there has never been an abuse on the part of the
gentlemen attached to me. I hope that the Honorable
the Governor in Council, on considering the subject
will be pleased to grant under the title of establish-

Fort St. George 7th September 1810.

Letter from the Paymaster of the 22d Dragoons to be correct, His Excellency has directed me to request you will submit the same to the favorable Consideration of Government.—

When the Commander in Chief embarked on the Honorable Company's Ship Walpole at St. Helens on the 17th of April 1807, he understood that the Dragoons in question had been on board about a fortnight and the Commander of the Ship reported to me that the necessary Papers had been confided to his Care by the Officer who embarked the Men— Under these circumstances the only possible loss to which the Honorable Company could be subject by admitting the present Claim would be the Amount of two or three days arrears which the Men may wilfully or inadvertently occasion by reporting an earlier date of embarkation than is correct— There is however no reason whatever

Sirs

The Commander in Chief Knowing the Statement contained in the enclosed letter

From the Military Secretary to the Commander in Chief—forwards application for arrears due to recruits of H. M. 22d Dragoons.—

Fort St. George 7th September 1810.

Letter from the Paymaster of the 22d Dragoons to be correct, His Excellency has directed me to request you will submit the same to the favorable Consideration of Government.—

When the Commander in Chief embarked on the Honorable Company's Ship Walpole at St. Helens on the 17th of April 1807, he understood that the Dragoons in question had been on board about a fortnight and the Commander of the Ship reported to me that the necessary Papers had been confided to his Care by the Officer who embarked the Men— Under these circumstances the only possible loss to which the Honorable Company could be subject by admitting the present Claim would be the Amount of two or three days arrears which the Men may wilfully or inadvertently occasion by reporting an earlier date of embarkation than is correct— There is however no reason whatever

whatever to suspect an imposition of this sort.—

Recruits being always embarked in England with the same advance of Pay both in regard to period and amount, the Military Auditor General can have no difficulty in determining the correctness of the accompanying abstract, with the exception as before observed of the day of embarkation, the men similarly circumstanced who proceeded on to Bengal were settled with, on this principle, at that Presidency.—

I have the honor to be &c. &c.

/Signed/ P. Carey

4th September 1810.

To Major Robert Travers

Commanding His Majestys 22d Dragoons.

Sir,

Not having been able to recover some Arrears of Pay due to certain Recruits who arrived in India so long back as the year 1807, in consequence

7

Fort St. George 7th September 1840

of no certificate having been transmitted from England
of the period to which they were paid up on their em-
-barkation, I have to request that you will have
the goodness to submit the following explanation of
the cause of there being no certificate, to His Excellency
the Commander in Chief in order to obtain from
Government permission to draw the amount due to
these Men.-

The circumstances are, that the
Officer, Colonel Carey Military Secretary to His
Excellency General Hewitt, under whose immediate
Command they arrived, did not embark at the
same time, with this party from the Isle of Wight,
and as there was no Military Officer on Board, at
the time of their embarkation all the papers rela-
-tive to them, were delivered to the Captain of the
Ship, who on his arrival in India, omitted either
to deliver them over to the Officer in charge of the
Men, or to any of the Public Offices where they
should

Fort St.t George 7.th September 1810.

should have been deposited.—

I have ascertained that other Detach.
=ments of recruits for His Majestys Regiments in
Bengal, who came out at the same time, and under
the command of the same Officer, were on this expla.
=nation paid the arrears due to them by order of
Government.—

I have annexed a Statement of the
number of Men embarked from the Isle of Wight
with the period for which they claim arrears of
Pay, and other particulars connected with it and,
as the rate as well as period for which they receive
pay on embarkation is always the same, it becomes
easy to ascertain how far their claims are just, as it
will rest on a reference to the dates of departure from
England, and arrival at this Presidency of the Ship
on which they were embarked.—

To Francis Warden Esqre
Chief Secretary to Government
Bombay

Sir,

I will thank you to do me the favor to lay before the Honorable the Governor in Council, the enclosed Statement

9610. Fort St. George, 7th September 1810.

Statement of debts due to the Honorable the Company by Several Officers of the King's and Company's belonging to the Madras Establishment for purchases of Woollen Cloths made by them from the Warehouse of this Factory in Mr. Smee's absence at Calicut when Lieutenant Dalton of the Pioneers and Lieutenant Osborne of the Infantry were in charge of this settlement during the late disturbances in this country in the Month of March 1809.-

2. I have applied for payment to Several of these Gentlemen, but have not yet received any answer from them; and therefore have it not further in my power to proceed for the purpose of recovering these outstanding demands-

3. The amount due from Major Lang occurred during the time Mr. Smee was in charge of the Factory, and it appears that Mr.

9611 Fort St. George 7.th September 1810.

Mr. Smee wrote to this Gentleman three Several times for payment but without obtaining any notice to his application.—

4. I think it my duty to make this report to the Honorable the Governor in Council as these debts are inserted in my Quick Stock account Sent every Month to the Presidency in order to shew that I have done all that lays in my power to recover them.—

I have the honor to be

Order thereon

Ordered that a copy of the foregoing letter be sent to the Commander in Chief with a request that His Excellency will call upon the Officers therein Mentioned to adjust the balances due from them on account of the articles supplied for their use from the Factory at Anjengo.-

Read the following letter from the Quarter Master General of the Army.-

To the Chief Secretary of Government

Sir,

From the Quarter Master General— additional Battalion for the purpose of occupying Marmagoa unnecessary— relief of the Bombay Artillery at Goa to be deferred for the present— removal of the Companies of the Royal Regiment from Hydrabad inexpedient— return of a Division of Horse Artillery to that Station Suggested.—

I have received the orders of His Excellency the Commander in Chief to State to you for the information of the Honorable the Governor in Council, His Excellency's Sentiments on the question of occupying the Port of Marmagoa, referred for the Commander in Chief's Opinion in your Dispatch to his address of the 26.th of June.-

On that occasion a Statement was

9615 Fort St. George 7th September 1810.

was required from the Commanding Officer of the British auxiliary Force at Goa, of such reasons, as might under present circumstances make it necessary to Garrison the Post of Marmagoa by an entire Battalion, altho' that Point had not been occupyed by British Troops before the year 1808.

I am Commanded to state that the reply which has been received on the foregoing question, does not appear in His Excellency's mind to exhibit any urgency for an additional 4th Battalion at Goa, and considering the late, and present drain of Troops from this Presidency for Foreign Service, the Commander in Chief conceives it will be inexpedient to place in the auxiliary Force at Goa an additional Battalion whose Services may be more generally available in another Situation.—

In this View it will be incumbent on the Officer Commanding the British

9616 Fort St.n George 7.th September 1810

British Troops at Goa to make such a Disposition of his present Force as shall be best calculated to guard the Points confided to his charge.-

On the subject of the Honorable the Governors Minute dated on the 26.th of June, I am directed to Report that His Excellency was prepared to issue the necessary Orders for the Relief, at the proper season, of the Company of Bombay artillery stationed at Goa; but that in consequence of the late Preparation of a half Company of Coast artillery for the projected Expedition, His Excellency does not deem it advisable to recommend that the proposed relief at Goa shall take place at present; intimation was however given to the Officer commanding at Goa - of the intention of Government to relieve hereafter the Company of Bombay artillery under his Command

I have been further directed by His Excellency the Commander in Chief to acknowledge his Receipt of your favor of the 4.th Ultimo with its enclosures on the Subject of the Distribution

of

9617 Fort St. George 7th September 1810

of Troops in the Deckan proposed by Colonel Close -

His Excellency desires me to observe that the arrangements above referred to, have been provided for by the Honorable the Governor's Minute dated on the 25th of May, excepting in what regards the five Companies of His Majesty's Royal Regiment which still remains at Hydrabad.

On the subject of their Position the Commander in Chief has received the opinion of Colonel Close and in consequence does not conceive it would be proper to remove them at present from that Station.-

His Excellency under the authority of Government directed some time since the H Detachment of Horse Artillery late serving in the Deckan, to march to Saint Thomas's Mount in order to assist in drilling the augmentation of the Squadron, and it was proposed by Government that a Division of that Corps should again return to the Hyderabad Subsidiary Force on the

Number thereon

In consideration of the Circum-
-stances stated by the Commander in Chief the
Board deem it unnecessary that a Battalion of
Native Infantry should be added to the availa-
-ble Force at Goa for the purpose of occupying
the Post of Marmagoa and direct that an Extract
from the foregoing letter on this subject be sent
for the information of the Supreme Government.

The Board deem the reason
assigned by the Commander in Chief for delaying
the relief of the Company of Bombay artillery
at Goa entirely satisfactory and concur in opinion
with His Excellency relative to the five companies
of His Majesty's Royal Regiment stationed at
Hyderabad -

The

Sir,

Understanding that the Military Board have signified their intention of erecting a third permanent Barrack of Arms with Hospital, Storeroom, and non commissioned officers Quarters, for a Battalion of Native Infantry at Cannanore, I beg leave to tender a very spacious Building with numerous detached Offices which I have lately constructed for my own

accommoda-

9633 Fort St. George 7th September 1810.

accommodation —

Should this proposal be deemed worthy of attention I have to request that you will convene a Committee for the purpose of inspecting and ascertaining the eligibility of its appropriation to the above purposes. —

The building has just been tiled in and rendered completely water proof, and from its commencement has been diligently superintended by myself in every stage of its construction. It is built of the best and most solid materials and from the advantages I possessed and the means I adopted — at a price far within what any other individual or even public Officer could have accomplished — All the fine Teakwood of which the roof is composed was purchased and wrought at Cochin with a view to Economy and durability, even the Tiles with which the House is covered have been collected with great pains and trouble, and brought in my own private

Boat

9634 Fort St. George 7th September 1810.

Boat from that place, where such articles are manufac-
-tured of a far superior quality to any thing of the
kind procurable on this Coast, and with the addition
of flat tiles / an improvement I have in this
Instance adopted / are well calculated to repel the
violence of the periodical Rains in this quarter.

I think it would answer ad-
-mirably the convenience of a Battalion of Native
Infantry and altho' it may be too highly finished
to be altogether necessary for this purpose, yet if
found sufficiently commodious, and durable, and
in price not materially beyond the Governments
limit, I am in hopes it would answer and even
benefit the public Service from its forward State,
Its situation in a Military as well as every other
point of view is also particularly desirable.

Nothing now remains to be done except the
plastering of the walls and floors with which
I am proceeding, but in its present state the
excellency of the materials of which it is
composed

9635 Fort St. George 7th September 1810.

composed are better capable of being appreciated,
and I have only to observe that any alterations
or improvements which the Committee may
please to suggest, to make it answer the purpose
required, shall be immediately and faithfully
fulfilled — The whole when completed and
rendered fit for the reception of a Battalion
will have bonâfide cost me /3,600/ Three thousand
and Six hundred Star Pagodas, for which sum I
now beg leave to offer it for the public Service, and
request that you will consider this as my Tender
and do me the favor to transmit it to the Military
Board accordingly, provided the Committee find
it unexceptionable.—

...s lately e. ing prompted me at longer than the builder's Committee for the same purpose — In reply I take to state, that there are two store rooms included in his Building each measuring 24 feet, so that 48 feet are deducible from the extreme length of his Barrack of arms, for in the buildings I have tendered for sale, the Store rooms and Non commissioned officers' Quarters are advantageously detached, and it is intended that the whole of the large building shall be exclusively appropriated to the accommodation of the arms of a Battalion, which in fact makes my proposed Place of Arms considerably longer, and 4 feet wider

Sir and Gentlemen,

I have the honor to Submit

to

9649 Fort St. George 7th September 1810.

to you a Plan of the Buildings upon which your opinion is called for, and have to request your particular attention to the materials and Workmanship of which they are composed and to record your Judgement relative to their probable duration.—

In regard to dimensions you will find that whilst the Building propo: sed for the Place of Arms exceeds in length and breadth very considerably the establis'hed dimensions, that proposed for the Hospital falls somewhat short of it—

Being aware of the inconvenience that might be occasioned by an intermixture of the sick with the effective under the same Roof, and to obviate all objections, I propose to construct an entire new Building for the accomodation of the Sick, on the same plan and of Similar dimensions to that lately erected by the Superintending Engineer

9644 Fort St. George 7th September 1810.

Engineer or on any other plan of nearly similar dimensions that the Military Board may deem preferable.

It is also my proposition to fill up such of the Doors, Windows, and openings (all of which are arched) as may be required, to fix Arms Racks and Pegs, and in short to make such alterations or additions as the Committee may suggest to render it in all respects fit for the immediate reception of a Complete Battalion of Native Infantry with its respective appointments and equipments, without any additional demand upon Government.—

The Chief Engineer has the honor to inform the Board, that he has examined the plan of Captain Waughs house, and also the plan for the new place of arms proposed by Lieutenant Ravenshaw.

The former is certainly larger and has more accommodation, but there there is a difference of near Pagodas 600 - between that and Lieutenant Ravenshaws proposed plan - on which account the Chief Engineer recommends the latter, which is quite sufficient for the accommodation of a Battalion of Native Infantry -

at

Fort St. George

Sir,

From the Secretary to the Government at Fort William contains the observations and resolutions of the Governor General in Council regarding the Seringapatam Prize.

I am directed to acknowledge the receipt of your letter of the 24th of April enclosing Extracts from correspondence with the Seringapatam prize Committee, and to communicate for the information of the Government of Fort Saint George the following observations and resolutions, of the Governor General in Council.

2 The orders of the Government of Fort Saint George of the 12th August and 20th September 1808 were republished at this Presidency on the 10th of October of the same year, accompanied by Orders by the Governor General in Council, of which the enclosed is a Copy.

2.

9673 Fort St. George 7th September 1810.

2. Under these orders such claims as have been presented at the Office of audit at this Presidency, have been regularly sub-mitted to Government, and those which have been found unobjectionable have been passed, and the Vouchers of claims so admit-ted, have been transmitted to the Paymaster General with instructions to adopt the requi-site measures for their liquidation, charging the amount to Fort Saint George to the debit of the Seringapatam prize.

4. The Governor General in Council was not aware that further payments would be made at Fort St. George on account of Bengal Troops. It now appears however from a comparison of the returns submitted by the prize Committee, of which Copies were enclosed in your letter with the Account of payments made at

9672 Fort St. George 7th September 1810.

I shall not be deemed presumptuous in soliciting as
an indulgence and partial Remuneration, the Gratuity
of passage Money agreeable to my Rank, otherwise I
beg leave to represent that I shall be under the disagree

in the Military Department

Sir,

From the Quarter Master General of the Army - Submits Copy of a letter from Captn. Gibson late in charge of Public Cattle with Lieutenant Colonel Hard's Detachment respecting a Retrenchment, also a Retrenchment made against the late Deputy Quarter Master General of the Army of the same nature -

I have the honor to transmit by desire of His Excellency the Commander in Chief for the purpose of being Submitted to the Honorable the Governor in Council, the Copy of a letter from Captain Gibson late in Charge of Public Cattle, with Lieutenant Colonel Hard's Detachment, addressed by mistake to the Military Board, and referred from that Board to this Office - The Circumstances, under which the Dooley Carts to which Captain Gibson refers were supplied, appear to be sufficiently explained in the Letter of that Officer; and as there can be no doubt either of the necessity of the supply of the Dooley Carts in question, or of the Expence attending their Hire having been actually incurred, His Excellency begs leave to recommend that the necessary authority may be given by Government for

relieving

The Commander in Chief has directed me to take this Opportunity of Forwarding for the determination of the Government. the Copy of a Retrenchment which has been made against the late Deputy Quarter Master General of the Army. by the Military Auditor General. For Charges of precisely the same nature. as those of Captain Gibson during the time that he officiated as Agent for Draught and Carriage Bullocks with the Field Detachment. Commanded by Lieutenant Colonel Conran - It will be observed that there is a difference of Rate between the Charges of the two Officers, and the Commander in Chief has desired me to observe on this point that the Owners of the Hackeries sent to Lieutenant Colonel Conrans' Camp at the Race Stand were taught by the Superintendant of Police who dispatched them. to expect 15 Pagodas pr. month for each Hackery. and that it was with much difficulty their Hire was

I think it not unnecessary here to mention that these Dooly Carts were provided, and delivered over to me by the Military Paymaster of Fort St. George with a Statement of the Advances made on their Account proportionate to the Monthly Hire of 10 Pagodas. which was the Sum agreed for by him. Under these Circumstances. even should an Excess appear in the Terms, I humbly Conceive I cannot be considered as the Responsible Person — That the Charge, however will be deemed moderate and equitable, I have every Confidence, and as such that it will meet the approbation and Support of the

Sir,

I am directed to acknowledge the Receipt of Mr. Secretary Goodwin's dispatch under date the 10th. Ultimo, enclosing an Extract from a letter from the Honorable the Court of Directors Relative to the Third Article of the Cartel of Exchange concluded between Vice Admiral Bertie and the Government of the French Islands — and desiring by direction of the Honorable the Governor in Council to receive a Communication of the Opinion of the Supreme Government whether the Government of Bombay is at liberty to act upon that Article in favor of the Officers who may be on parole, and for whom others have been permitted to proceed to the Mauritius in Exchange.

2 The Right Honorable the Governor General in Council observes that he has received

9750 Fort St. George 11th September 1810

Received no Official Communication of the Cartel of Exchange established by Vice Admiral Burlton with the Governments of the French Islands and suppose that in Concluding that Agreement the Vice Admiral had in Contemplation only the exchanges of Officers, Seamen and Marines of the Squadron under his Command, but not the establishment of a System of Exchange for India which would of course have required a previous Communication with this Government. His Lordship in Council therefore conceives that no Officers of the Kings or Company's Government or British Subjects of any discription, now under parole in India, can be exchanged under the Operation of that Agreement.—

3d. If however any Officers now at Bombay have been to the Knowledge of the Honorable the Governor in Council specifically exchanged under that Agreement (which his Lordship in Council is disposed to doubt although the

the fact would seem to be implied in the tenor of Mr. Secretary Goodwins' letter) such Officers are of course to be Considered as liberated from their parole.—

I am directed to take this Opportunity of signifying to you for the information of the Honorable the Governor in Council that a Separate Cartel of Exchange for India has lately been concluded by Mr. Hope, who was dispatched to the Isle of France by this Government in the Capacity of Commissary and Agent for the Exchange of Prisoners of War for the purpose of effecting the Exchange, both of all British Officers and Subjects known to be in India under the obligation of Parole and detained at the Mauritius—

I had opportunities of becoming

Acquainted with a part of Syed Mahomed Chan's Family so early as the year 1775. on my arrival here lately from the Northward I received a visit from Nur Mahomed Hussain the Author of the Inclosed Petition who is married to a Daughter of Syed Mohomed Chan - He reminded me of the prosperity which formerly attended the Family, and afterwards with much apparent reluctance proceeded to apprize me of the agony which he constantly sustained from being destitute of the means of subsisting himself or his family which consisted of 7 Persons mostly Females. -

He said that he and those who were most dear to him must have died of hunger but for the humane aid which he had received from the Widow of his Father-in-law Syed Mohamed Chan - He then spoke of the Assistance which this old Lady had obtained from Government in terms of the warmest gratitude, but observed

Substance

Substance of a Persian Petition from Meer Mohammed Hoosain Son in Law of the late Syed Mohamed Chan — to Colonel Close —

It is well known that I have long been devotedly attached to the Honorable Company — at the time when the Nabob Hyder ally Chan made himself master of the City of Arcot my Father in Law Syed Mohamed Chan was in the place, and was urged by the said Nabob to entertain in his Service — The Chan however Anxious to Repair to Madras, rejected the proposal on which account the Nabob Hyder ally Shewing his Resentments, dispatched him under a guard to Bangalore — The Sirdars and Soldiers of Colonel Baillie's Army who were unfortunately taken prisoners, happened to be then in Close Confinement in Bangalore and suffered much distress — Syed Mohamed Chan apprized of their suffering, found means to convey Cash to them clandestinely at the imminent ha-

hazard of his life, and thus acquitted himself to the utmost of his power: of the attachment and Devotion which he owed to the Honorable Company — It is evident that those who afford proofs of their devotion to a great Government have it in view to benefit themselves and promote the honor of their posterity and the Sirdars attending formerly to merit and in lieu of the Devotion manifested, granted a paper by way of a Sunnud restoring from the Company's Circar the Jaghires, Villages, and Gardens &c. in the Carnatic — The Paper however owing to some accident was lost — the Sirdars of that time are acquainted with the Circumstance, which will also have Come to your Knowledge — under the illustrious Government of the Company, the just claim of no person is rejected, nordoes the labour of any one prove fruitless, how surprizingly distressing therefore is our fortune, that notwithstanding our attachment and Devotion

we

we Should be reduced to the wants of a Morsel of Bread, and a Scrap of Cloth. while thousands who were in adversity have been raised by your attention to honor and affluence — We belong to a reputable Family, who have shewn their devotion to the Company and have sunk to a State of beggary - Genral Gowdie Bahauder in his atten= tion and Kindness procured from the Honorable Company's Government a Present of 500 Pagodas and a pension of 50 Rupees p.r Month. for the Widow of Syed Mohomed Chan. but this dona= tion is unfortunately found insufficient, as the Families which She has to Subsist amounts nearly to 50 Persons and some of them must be liable to want — When I heard of your Arrival I consi= dered the event as highly favorable to myself, as you have always been ready to relieve the Wretch= ed and take the fallen by the hand — I firmly hope therefore that through your favor and Kinds= ness I shall be relieved from the severe pressure which

From the Acting Resident in Mysoor. Refusal of the Agent for Public Cattle to deliver up a portion of land the property of the Mysoor Government: order requested for the restitution of the same —

Sir

When the Bullock Agency Department was first established in this country a portion of grass Jungle was allotted by the Mysoor Government as grazing farms for the Company's Cattle and an agreement entered into that in the event of any portion of the land so disposed of becoming at any future period desirable

Fort St. George 11th September 1810

desireable for Cultivation. The Public Agent was immediately to restore such land to the Mysoor Government, and to receive in lieu, grass farms of equal extent —

3 Near Hoonsoor where the public agent occasionally resides, a Portion of about twenty Candies of land (of the farm of Woodeka Cutta) has become a desireable object to this Government for paddy Cultivation.

3 At the instance of the Dewan I have requested Captain Harvey to surrender this ground to the Mysoor Government; and to receive in lieu another piece of land of equal extent, according to established agreements —

4 Captain Harvey has refused to concede to the wishes of the Dewan, alleging that as the portion of ground in question provides the Company's Elephants with grass in dry weather, should he relinquish it, an additional expence will be involved to the Company for the purchase

Fort St. George 11th. September 1810

purchase of Fodder during the hot Season—
He therefore will not comply with the requisi-
=tion of the acting President and Dewan un-
=less so authorized by Government. As the
Farm which the Dewan offers in exchange,
will consist of nearly the same Kind of Soil
as that now in demand, Captain Harvey's
objections even on this score can be Considered
of no weight, but even admitting that the
Company may be liable to a trifling additio-
=nal expence by the proposed exchange of
land, Captain Harvey. I should hope will not
be supported in depriving the Mysoor Govern:
=ment of a portion of land which can be converted
to the beneficial purposes of Wet Cultivation —

5 The Public Agent is well
aware of the Agreement which was concluded
on the establishment of the Bullock Depart
=ment although he does not choose to fulfil it —

12th Rcvd the following letter.

To the Chief Secretary to Government

Sir,

I received your Letter dated 31st Ultimo

Sends the Advocate General - In reply to a letter dated 31st Ultimo on the subject of a communication from the Columbo Prize Agent relative to the transport of Prize Goods for sale to England —

on the subject of the communication from the Columbo Prize Agent. Under the 43 Geo: 3. C. 134 - s. 487 I think the Captors are entitled to carry prize Goods the produce of the East Indies, after adjudication, to London for sale at the India House. I see nothing to exclude specie nor prize property condemned in India. —

The Prize Vessel might certainly be sent with the Goods on board.

Any other Vessel going from India to Europe, without the permission of the Government in India, might be liable to the penalties attached to the Violation of the Laws for securing the exclusive trade to the Honorable Company. Upon this point it will be for them to take such advice

advice as they may have confidence in, and —
I humbly submit that it would be imprudent
for Government to commit itself by any communication
upon that Question. But upon application I think
the Captors would clearly be entitled to expect
from the Governments in India, upon the plain
meaning of the Prize Act, permission for any
Vessel they may charter to proceed to Europe. —
I should think the refusal of that permission —
not justifiable in Law. —

I have some doubts whether the
tonnage allotted by Statute to private trade
could in perfect strictness be filled up by prize
Goods sent home as such under the Prize Acts;
but that would be a question only competent to
be raised by other Merchants thereby excluded
from the benefit of tonnage, and I should feel
great hesitation in allowing it against the Captors.
they have superior privileges it is true - but they
might with great force urge that if they choose,
it

Fort St. George — September 1810

it is competent to them to waive the privileges — peculiar to Prize Goods and claim tonnage for their Goods as ordinary articles of Merchandize, and I am clearly of opinion that in the first — instance it will be advisable not to refuse any application of the Captors for tonnage. Upon a competition of opposite claimants of the tonnage it may become necessary to determine the Question, but not before. —

To the Acting Chief Secretary to Government at Fort St. George

Sir,

From the Acting Secretary to the Board of Trade, In reply to Mr Secretary Peile's letter, directing that immediate measures might be taken for shipping on board one of the Indiamen proceeding to Calcutta a quantity of clothing for His M. 8th & 24th Regts of Dragoons which had been landed here from the Honorable Company's Ships Preston -

Para 1 I am directed by the President and Members of the Marine Board to acknowledge the receipt of Mr. Secretary Peile's letter of this date, directing that immediate measures might be taken for shipping on board one of the Indiamen proceeding to Calcutta a quantity of clothing for His Majestys 8th and 24th Regiments of Dragoons, which had been landed here from the Honorable Company's Ships Preston -

2d The Military Secretary to His Excellency the Commander in Chief having informed the enclosure to Mr. Peile's letter mentioned that the clothing was "lying on the Beach in Black Town," the Board beg leave to state that, immediately on its being intimated that the Phoenix and Preston were to be employed on

Fort St. George 14th September 1810

on the expeditions they made arrangements for
landing the publick Stores for this Presidency as quickly
as possible, and it was intended to tranship to this
Presidency such of the Bengal Cargo as could be re-
moved from the other Ships without delaying their
preparations for the reception of Military Stores,
but in consequence of the orders of Government
contained in your letter of the 3d Instant directing
the Commanders of the Phoenix and Preston to
be placed immediately under the Superintendent
of Transports, and subjected to his sole authority
and orders with respect to the landing of their
Imports, the Board did not feel themselves re-
authorized to issue any further orders on the
above points. The Board do not know under
whose orders the Cloathing was landed, or to
whose care it was entrusted on Shore.

3. Under an Idea that these re-
Consignments would have been transhipped,
the Board issued early orders to the Commander

of

Fort St. George 11th September 1810

of the Ardent to receive such light articles
as might be sent from the Phoenix and
Preston and to grant receipts for the same—

To the Honorable

Sir George Hilaro Barlow Bart. & K.B.

Governor in Council

&c. &c. &c.

Hon'ble Sir,

I have the honor to acknowledge the receipt of Mr. Secretary Peile's letter of the 29th Ultimo, with which was transmitted the Proceedings of the Honorable the Governor in Council in the Military Department of the 22d inst. in which is referred for Report and Application from Captain Clason of the 2d Battalion 20th Native Regiment to draw Arrears of Regimental Tent Allowance for a period during which he was absent from the Coast on Sick Certificate, which unsupported by Muster Reports. —

From the Military Auditor General for Report and application from Captain Clason 2d Battalion 20th N. Regiment to draw arrears of Regimental tent allowance for a period on which he was absent from the Coast on Sick Certificate. —

2 The circumstances relative to this application appear from the representation submitted by the above named Officer to be. — That in the Month of September 1809 he had obtained permission to proceed to Sea on Sick Certificate

9793 Fort St. George 11th. September 1810

Certificate, for the recovery of his health, and
from the insubordination prevalent Amongst
the officers of the Corps to which he belonged
at that time, they had been removed from on
Military Functions and directed to proceed to
a Station on the Coast, from which Circumstance
he Said entrusted the care of his Tent and
the Followers for its Carriage with a Friend
requesting that they might be regularly mustered
but this request does not appear to have been
attended to, as no Muster or Inspection Report
of Captain Glasons Camp Equipage as prescribed
by the Regulations from September 1809 to July
last the period for which the arrears of Tent
Allowance now claimed, has been produced

3 It does not seem at all
requisite to enter into the Argument started
by Captain Glason respecting the purpose for
which the Mustering the Camp Equipage of
officers is intended. But I consider it my duty on
the

Fort St. George 14th. September 1710

the present Occasion to bring to notice the circumstances connected with this as well as other applications of exactly the same discription now under reference, and to submit for the Consideration of Government the general Questions: whether officers, when proceeding to Sea, on leave on their private business or on Sick Certificate, shall either during their absence discontinue to draw their Tent Allowance; or that their Tent Allowance may be drawn altho' their Camp Equipage and Followers are exempted from Muster. —

4 In support of the first alternative it may be observed that when the Allowance for the providing and Carriage of officers Tents was first granted as specified in G.O. 22d. may 1802, the part of the Regulations respecting their being mustered, Viz.t the 6th. Paragraphs under the head of General Regulations regarding the Camp Equipage &c.a provided by officers for their Individual Accommodation &c.a directs "When Tents

Bullock's

"Bullocks, Lascars or other Requisite parts of an
"officers personal Camp Equipage" are reported ex-
"deficient or unserviceable at Muster such officer
"shall forfeit the Amount of all Tent allowances
"drawn by or due to him from the period of the
"Muster preceding such Report."

5 And as the principal object for granting the Tent Allowance to officers in time of Peace as well as in War was to enable them to proceed on Field Service at the shortest notice, and when the Monthly allowance according to the respective Ranks of the officers of the army was fixed, it was regulated according to what was computed the Actual expense which officers would Individually incur for the Carriage of their Camp Equipage, officers proceeding from the Coast on their private concerns or on Sick Certificate do not however come within that object of the Regulation or are they probably liable to such computed Expense-

on

9796 Fort St. George 14th. September 1810

6 On the other hand, from the too frequent Occurrence of the persons to whom officers entrust the care of their Camp Equipage neglecting to attend the periodical Musters — which renders it impracticable for the office of Audit to admit the Tent allowance to officers which is not supported by regular Inspection — and Muster Reports, in consequence of which — frequent applications to Government is the result. It may also be urged by officers of the rank of Captains and of the Superior ranks, when they are necessitated from Sickness to proceed to Sea, and to take a Voyage to China or to the Cape of Good Hope for the recovery of their healths they are subjected to considerable expense — for their Passage &c. on which account no allowance or remburesements is granted them. —

7 In the present case of Captain Clason that officer has declared upon his — Affidavit that he left his Tent for the purpose of

9797

Fort St. George 14th September 1810

of being Mustered, but which had been neglected
to be done, It is not stated however that on
Bullocks or Lascars were Kept up, or that
expense had been incurred on that account,
which may render it proper to admit the on
arrears of Tent Allowance only in part. —

Hon'ble Sir,

From the Military Auditor General's Remarks for decision on address from Captain Knowles relative to charge made by him for Brigadier's allowance as Senior officer at Trichinopoly in the Months of January. February March & April 1809.

1 At the request of Captain Knowles of the 2d Battalion 3d Regiment of Native Infantry, I have the honor to submit an address to your Honor in Council from that officer relative to a charge made by him for Brigadier's Allowances as Senior officer at Trichinopoly in the Months of January. February March and April 1809 which was disallowed in consequence of that Station during the period abovementioned not having been the Head Quarters of two Corps, which by General Orders, constitutes the right to that Allowance —

2 In this address Captain Knowles acknowledges the correctness of the Retrenchment

Retrenchment, and being comformably to the Regulations, but founds his claim to the Allowance of a Brigadier from Major General Fuller having selected him to command the Detachment of his Corps which remained at Trichinopoly for the purpose of aiding to get in readiness to forward the Military Stores and Guns from that station for Field Service, from which circumstance he lost the Superior Batta of Major, to which he would have been entitled for Commanding his Corps in the Field, he lost also his chance of receiving Prize Money, and had been subjected to expense as the Senior officer at Trichinopoly.—

3 It accordingly rests with your Honorable Board to determine whether under these Circumstances the Retrenchment of Brigadier Allowances against Captain Knowles whilst Commanding at Trichinopoly during a period when it was not the Head Quarters of two Corps, should be confirmed

Hble Sir,

From the Military Auditor General submits copy of a letter from Captain Alpherts of His Majesty's 59th Regt of Foot with the original documents being the explanation to a retrenchment against him of Pagodas 46:33 60 of Brigadier's Allowance from the 5th to the 19th Sept 1809.

I have the honor to lay before you copy of a letter from Captain M. Alpherts of His Majesty's 59th Regiment of Foot with the Original Documents which accompanied it, being the explanation forwarded by that Officer to a Retrenchment against him of Pagodas 46:.33.60 of Brigadier's Allowance from the 5th to the 19th of September 1809, the circumstances relative to which, are concisely as follow.—

2 The Officer Commanding in Mysore having in the beginning of September 1809 directed the 1st Battalion of the 8th and the 1st Battalion of the 15th Regiments of Native Infantry to be marched from Seringapatam to Mulgoltah under the command of officers in His Majestys Service

Fort St. George 11th September 1810

Service. Captain Alphert it would appear happened to be the senior officer of those who had been placed in charge of these Corps, at that Station, and in consequence of their remaining there for about 15 days he drew the Allowance of a Brigadier for that time.

3 The charge was however objected to on Audit, because these Corps were considered to be peculiarly circumstanced, it appearing rather a measure of expedience to move them to that station, and not for the purpose of performing any requisite or specific Military duty and it was then supposed that these Troops were likewise in a disorganized state being without Arms &c. It appears however from the Documents herewith submitted that a supply of 300 Stand of Arms had been furnished them from the Stores of Seringapatam previous to their leaving that Station.

4 Not considering myself warranted under

9813

Fort St. George 14th September 1810

under the Circumstances of the case from the
explanation and documents forwarded to admit
the charge, because not viewing those Corps at
the period in question to be in a regularly
organized state, or being stationed at a Post for
the performance of any Service or duty which
might ground a claim to the allowance, I therefore
cannot take upon myself to recommend the
admitting of the charge.

His Majesty's 59th Regiment

5 being about to proceed on the Expedition,
Captain Alphert is anxious previous thereto
to obtain the decision of Government upon the
present appeal, as well as the reference contained
in the last Paragraph of my letter to your
Honor in Council upon the 2d Ultimo, regarding
the Batta which had been drawn by him
for the Battalions beforementioned.

6 The Paymaster in Mysore
has also requested me to obtain the Decision
of

9814 Fort St. George 11th. September 1810

of Government upon these References of Retrenchment
from his Disbursements before the departure
of the officers of His Majesty's 59th Regt.

Madras

Sir,

In addition to what I stated
in my Letter of the 1st. of May, I have now to add,
that on joining my Regiment I found that the
Paymaster had drawn my full Batta as a
Captain he being unacquainted in what manner
I drew my allowances in the Battalion of Native
Infantry I then Commanded, which you will
perceive by the Copy of my account inclosed
in my last Letter, but has since finally arranged
it with the Military Paymaster of Mysore —
I therefore trust that Government will think
that I drew only what I was entitled to, and —
will

9815

Fort St. George 14th September 1810

will allow the Remainder of the Retrenchment to be Remunitted.—

With respect to the men under my Command being without Arms, the fact is that although many of them had none, yet the Majority had, which you may perceive by the Certificate enclosed in my Letter, and I further state that those men did duty during my stay at Malyotta, I therefore trust that Government will be pleased to grant me the usual Allowances given to officers in Command of the Head Quarters of two Corps.—

With respect to that part of the Retrenchment relative to the Batta of the men, I trust that the difficulty of my situation, having nothing to guide me as to the usage of Native Corps, together with the Commanding officer (Major Colebrooke) having informed me that from the alteration that has taken place in the 1st Battalion 8th N.I

it is

9816

Fort St. George 14th. September 1810

it is impossible for me to recover the amount of the Batta that is retrenched, as many men has died, deserted, Pensioned, discharged and Volunteered since that time: I trust therefore that Government will be induced to have that part of the Retrenchment reaudited I have therefore to request that you will be pleased to submit this Letter, together with the one I transmitted you, under date the 1st. May last, enclosing the different Certificates, to the Conside

of Government.—

Circumstanced as I now am,

I trust that you will dispense with the necessary forms of forwarding this to you, the Regiment being under immediate orders for Embarkation.—

Hon'ble Sir,

From the Military Auditor General submits for decision of Government certain particulars respecting a retrenchment against Conrad Warde in the disbursements by the Paymaster in Mysore—

1 At the request of Major General Warde I have the honor to submit for the decision of Government the following particulars respecting a

a

Fort St. George 14th. September 1810

a Retrenchment against that officer from the Disburse-
-ments of the Paymaster in Mysore.—

2 . Major General Warde in c.—
consequence of the G: O: by the Commander in c.—
Chief dated 30th. September 1809 having proceeded from
Madras to Bangalore as President of the general
Court Martial directed to assemble there drew the
difference of his Established Allowances from the
7th. to the 31st. October for travelling during that period
amounting to Pagodas 102: 23: 2. which was objected
to in the following terms "considered inadmissible,
as the difference of Camp Equipage Allowance is
only authorized by the Regulations when a General
officer on the Staff is employed on actual Field
Service, and not when marching from one Station
to another" General Warde in his reply, of which
I have the honor to submit a copy states that
altho' he had been appointed a General on the
Staff he was not then however appointed to the
Command in Mysore or any other Division of the
army.

9833 Fort St. George 14th September 1810

Army, and therefore proceeded to Bangalore on a special duty and not as a Genral officer on the Staff marching from one Station to another which is so far just as General Warde was not appointed to the Command in Mysore till the 4th of November thereafter. —

3 It is incumbent on me to state that it has not been usual at any time to admit the difference of Camp Equipage Allowance in such cases to a General officer on the Staff under this Presidency. And an instance in point occurred in the case of General M.cDowall in the year 1805. when that officer who commanded in mysore was directed to proceed ..... to the Presidency in order to sit as President of the Committee ordered to examine the claims to Seringapatam Prize property, on which occasion that officer applied for the difference between the Allowance for Camp Equipage in the time of Peace and when employed on Service in the Field, when

Government

Government were pleased upon the 25th of October 1805
to reject the application - Government was however
pleased to remburse General Macdowall the
actual travelling expenses incurred by him upon
his submitting a Bill supported by a Declaration
upon honor stating the Amount. —

4 Your Honor in Council may —
therefore in the present instance perhaps be induced
to adopt that case as a Precedent and although
the Retrenchement of the difference of established
allowances should be conformed — yet Govern=
=ment may at the same time be pleased to —
direct General Warde to submit a Bill for his
actual travelling expenses from Madras to
Bangalore in the Months of October last year —

Fort St. George

Honorable Sir,

From the Seringapatam Prize Committee reporting on the claim in behalf of His Majesty's 59th Regiment to share in the Travancore donation—

We have the Honor to acknowledge the Receipt of two Letters, dated the 31st Ultimo and 11th Instant, from the Secretary to Government in the Military Department, the former replying to our reference, relative to the Commencement and Suspension of Hostilities in Travancore, and the latter directing us to report on the Claims on behalf of His Majestys 59th Regiment, to share in the Travancore donation.—

We

9841 Fort St. George 14th September 1810

We have accordingly the Honor to report, that on receipt of Mr. Secretary Peile's Letter of the 31st Ultimo, we called on the Officer Commanding His Majesty's 59th Regiment, to State whether that Regiment or any part of it, was within the Territories of the Rajahs of Travancore or Cochin, at any period, between the 30th of December 1808, and the 24th of February 1809.—

By the Answer which we have received from Lieutenant Colonel Gibbs, a Copy of which we have the Honor to submit, it appears that a Detachment of the 59th Regiment consisting of 300 Men, under the Command of Lieutenant Colonel Weir, had been ordered in advance, and arrived at Kaweole (a Village in the Cochin Territory) on the 21st of February.—The Remainder of the Regiment, it appears, was halted by order of Lieutenant Colonel Cuppage, at a Village named Tartulla (which is 3 Miles from the Cochin Frontier) on the 24th of February, and did not reach Kaweole

till

9842 Fort St. George 11th. September 1810

till the Morning of the 25th.

Under the instructions which we have received from your Honor in Council, we can therefore only recommend that the Detachment which was in advance at Kancote on the 21st. of February, under Lieutenant Colonel Weir, shall be permitted to share in the intended donations.—

It will remain with your Honor in Council to determine, how far the circumstances of the other part of the Regiment, being only 3 Miles from the Cochini Frontiers, on the 24th. of February, and within that Territory on the Morning of the 25th. entitle it's Case, to favorable Consideration.—

Lieutenant Colonel Gibbs states that he, himself, was at Kancote on the 24th. of February, from whence he issued Orders for the March of the Regiment.—That Officer will consequently be entitled to a share of the

Sir,

From the Purser of His Majesty's Sloop Hesper. Encloses two bills. one for Victualling a Detachment of His Majestys Royals on their passage from Madras to Masulipatam. The other for Victualling 107 Prisoners taken on the coast of Java.

I have to request you will be pleased to lay the enclosed before the Honorable Government in Council for their Approbation.

One is a list of Prisoners Captured in Dutch Merchant Vessels on the Coast of Java by His Majestys Sloop Hesper and discharged the first convenient opportunity. The other is a List of Troops Embarked at this Port and landed at Masulipatam but owing to its not being signed by Lieutenant Weatherall, I am refused Payment. They are both certified by Captain Drury, and should any other Certificate either from Captains Drury or me be requisite it shall be Immediately deposited in office.

I beg Sir, you will be pleased to state to the Honorable Gentlemen that it being the first time I have had Prisoners on board in this Country I find myself in a great measure unacquainted with

Enclosed are two letters from Colonel Gillespie

9872

Fort St. George 13th. September 1810

two letters from Colonel Gillespie Commanding at Bangalore Containing an application for an allowance as Commanding at Bangalore. -

Gillespie Commanding at Bangalore which the Commander in Chief has directed me to request you will submit to the consideration of the Honorable the Governor. -

In reply to the Colonels letter under date 23d. Ultimo he was informed that his succeeding to the Brevet Rank of Colonel established no Claim to any allowance which he did not before enjoy. and that as he had been allowed by Government the liberal donation of 3,000 Pags. for the erection of a proper quarter His Excellency did not consider his Claim to Lodging money to be admissible. the reply to that Communication has induced the Commander in Chief to lay the wishes of Colonel Gillespie before the Honorable the Governor in Council for such favorable Consideration as it may be consistent with the Regulations of the Service to shew them. -

I have the honor of enclosing you an Extract of a letter this day received from the Pay-master of the Division which makes it appear that an Officer (as Colonel) in Command of Bangalore is not entitled to any allowance whatever. As surely Government must make some Provision for an Officer in so extensive a Command you will oblige me much by laying this Statement before His Excellency the Commander in Chief - requesting he would be good enough to take any means he may please to ameliorate the situation I have been placed in for so many months without having derived any assistance to defray the great expence which unavoidably attends an Officer on such a Command - I hope His Excellency will pardon my importunity which nothing but the hardship of the case would have

Hon̄ble Sir

1 I have the honor to acknowledge the receipt of Mr. Secretary Peiles letter of the 5th Instant with which was transmitted Extract from the Proceedings of the Honorable the Governor in Council in the Military Department of the 4th in which is referred for Report an application on the part of Lieutenant Colonel Ross Lang the Officer in Command of the Garrison of Vellore to be relieved from the demand preferred by Captain L. Jones to receive the difference between the half Batta of Captain and the full Batta of Major for Commanding that Garrison for twenty days in the absence of Lieutenant Colonel Lang.

2 It appears proper here to premise that when preparing the General Orders lately published

Forwarding the Military Auditor Genl's Report upon an Applica-
=tion on the part of Lieut.t Colonel Ross Lang to be relieved from the demand preferred by Captain Jones to receive the difference between the half batta of Captain and the full batta of Major for Commanding the Garrison of Vellore for twenty days. Also on an application from the Dy. master of Brigade to the troops in Travancore to be permitted to draw the difference between the half and full batta as a Compensation for the various duties performed by him in that Capacity. -

9887

Fort St. George 18th September 1810

published respecting Batta and other allowances to Officers it was endeavored to provide for every Case which could probably occur and which I trust they will prove to do so in general but the present is a case of a peculiarly singular kind - For in the first place, the Fortress of Vellore happen=ed to be at the time in question the head Quar=ters of only one Corps. Secondly, the next Senior Officer in Garrison to Lieutenant Colonel Lang, is a Captain upon the Invalid Establishment & Consequently is neither in the Command of any Corps nor is he the next Senior Officer of the Corps Commanded by Lieutenant Colonel Lang from these Circumstances, the latter Officer is subjected by the existing Regulations to make good when absent from Vellore beyond the space of three days not only the difference between half and full Batta to the next Senior Officer in charge of his Corps but is also obliged to make good the Superior Batta now claimed by Captn. Jones

for

9888 Fort St. George 18th. September 1810

for twenty days—

3 As the circumstances of this case are certainly very unusual and cannot often occur and it cannot reasonably be expected that an Officer should be subjected to pay more than he receives for Commanding a station to the next Senior Officer casually succeeding him in the temporary Command. I beg leave to recommend that Lieutenant Colonel Lang should pay the full proportion of the allowance drawn by him for Commanding the Fortress of Vellore for the twenty days which he was absent to Captain Jones which is Pagodas 31- and that the balance being Pags. 44 — be made good at the public expense.

4 In the same minutes of the Honorable the Governor in Council is referred for Report an application from the Quarter master of Brigade to the Troops in Travancore to be permitted to draw the difference between half and full Batta as a Compensation for the various

duties

9889

Fort St. George 18th. September 1810

duties performed by him in that Capacity and which have been favorably represented by the Officer Commanding in Travancore -

5 As it is considered that the — duties of the Quarter master of Brigade with the Troops in the province of Mysore are of equal consequence probably as those required to be performed by the Assistant Quarter Master General of Divisions and as the allowances annexed to which are more than double of those of the former - the monthly amount of the one being Pags. 104. and of the other being less than 50 Pagodas so that if Government should be pleased to accede to the present application the allowances of the Quarter master to the Troops in Travancore would then only amount — monthly to Pagodas 78 - and as Government were pleased to grant that allowance to the Brigade Major it may be proper from the situation and duties of the one appointment

Resolved that the Military Audr.
Genl. be authorized to direct payment of the
several Bills and advances of Cash mentioned in the
foregoing letter.

To the Honorable Sir G. H. Barlow Bt. and H. B.
Governor in Council &c. &c. &c.

Hble Sir

We have the honor to acknowledge
the receipt of two letters from the Secretary of Govern-
=ment in the Military Department under date
the 24th. of August. and to report that the necessary
orders have in consequence been given -

In

From the Military Board -
Report that there are in
Store at Chillambrum 97,128 lbs

to whom he recommends an advance money to be made and forwards Colonel Close's letter on the subject giving his opinion - Expresses his ..... concurrence in the above measure and contains their recommendation that it be confirmed - Submits a minute of the Chief Engineer on the Condition of the Ditch of this Fortress - and forwards the papers submitted by the Chief Engineer on the subject - Submits Copy of a Minute of the Quarter Master General and enclosures on the subject of a retrenchment against the Officer in charge of the 2d Batt.n 16th N.I for house rent drawn for the accommodation of Staff Sergeants and Stores of that Battalion when at Trichinopoly - recommend that the Military Auditor Genl. be authorized to admit the charges on that account - Submits extract of a letter from the public Agent for the construction of Ordnance Carriages in Seringapatam - mentioning that 250 new Sandalwood Carts will be required to replace the number considered to be unserviceable and recommends that the Commercial department may afford a cover for them during the time they are unemployed - and that Carriages required for Commercial purposes be obtained from some other source than the Seringapatam manufactory - Submits Several plans of Chapels -

2. In reply to one of these letters we have the honor to state for the information of your Honor in Council that there are in Store at Chittledroog 97,188 lbs of damaged Captured Gunpowder or about 3387 maunds, and we are of opinion that no objection exists against the delivery of it to the Dewan of the Mysore Government for the purpose expressed in the letter from the acting Resident. It may therefore with the concurrence of your Honor in Council be delivered on the spot to the agents of the Mysore Government at the rate of 2 Rs. 56 c. per pound -

3 On the intimation given to us in the same letter from the Secretary of Government in the military Department that a supply of 178 water Casks had been sent from Bombay by the Honorable Company's Ship Lushington, we gave orders to the Garrison Storekeeper to have them filled with water and to report when that measure was accomplished the exact number of

of Gallons which they contained. The Garrison Storekeeper accordingly called on the Commander of that Ship to carry into effect our intentions on this subject, but he received a reply from Captain Hay informing him that there were no casks belonging to the Honorable Company on board of the Lushington. we apprehend that there must be some mistake as to the name of the Ship by which it was the intention of the Bombay Government to forward the Casks in question, or that some circumstance had occurred to prevent the Dispatch of them by the Lush=

We have the honor to submit for the information of Government a Copy of a letter which we have received from Messrs. Scott Wilson & Co. in Calcutta, offering terms for the supply of this Presidency with Country cured provision. we deem it unnecessary to make any observation on the subject of that letter concluding

that

Fort St. George 18th September 1810

that the Supreme Government will have adopted measures for the supply of such a quantity of Bengal Salt provisions as may be considered to be necessary to send hereafter for the use of the European troops on Foreign Service: and as we do not think it necessary to recommend at present that any should be cured for the Service of Fort St. George. But if His Excellency the Naval Commander in Chief would agree to receive Bengal provisions for the quantity which is at present Due to the Kings Stores from the Honorable Company we would not hesitate to recommend that about 1000 tierces should be purchased for the purpose of being returned for the use of the Royal Navy.

We have the honor to submit by a Copy of a letter from the Officer Commanding the Subsidiary Force of Hydrabad proposing that rice should be supplied for the use of the troops at that place by the Brinjarries to whom

he

Fort St. George 13th September 1810

he recommends advances of money to be made for that purpose, under the agency of Major M'Intosh the Superintendant of Bazars. Previously to our submitting our sentiments on this subject to your Honor in Council or to our giving any orders to Colonel Conran we judged it expedient to avail ourselves of the opinion of Colonel Close. He has accordingly favored us with his sentiments on the proposal submitted by Colonel Conran, in a Letter of which we have the honor to submit a Copy for the information of Government. Colonel Close has in that letter stated in the fullest manner his opinion of the absolute necessity of some provision being made against the pressure which might occur at Saulnah unless a stock of Grain be kept in Store and the measure proposed by Colonel Conran immediately carried into effect. - Colonel Close adds that "even supposing Rice to become from any change considerably more abundant and cheap at

9904 Fort St. George 18th September 1810

"at Saulnah he still conceives that a quantity of
"that Grain equal to six weeks consumption for
"the troops of the Cantonment should be kept in
"Store ready to be loaded on emergency. as without
"the aid of such a resource, the measure of
"putting the troops in motion for any service
"of importance might be attended with much
"delay". On this question having been placed before
us in so strong a light by an Officer of so
much local experience as Colonel Close, we
judged it to be highly expedient for the good of
the Service, to delay no longer in giving orders
to Colonel Conran. we have accordingly directed
a letter to be addressed to that Officer approving of
the mode of supply suggested by him provided
the Brinjarries can furnish good security for
the Cash which may be occasionally advanced to
them. we beg leave therefore to request that these
orders may be confirmed by your Honor in
Council.

We have the honor to submit a Minute of the Chief Engineer calling our attention to the condition of the Ditch of this Fortress — particularly upon the Eastern front forming the Sea line. He is desirous that it should also be brought immediately under the notice of your Honor in Council with his individual opinion that the Ditch on that face of the Fort should be cleared out without any loss of time - we have accordingly considered it necessary to — submit immediately the papers which the Chief Engineer has laid before us on this question, and with deference to his professional opinion we are sorry to withhold our recommendation of the measure which he has proposed. It has appeared to us that there is hardly time for the completion of the work before the commence = ment of the heavy rains and if the monsoon should set in before the work were completed that portion of it which might have been executed

executed would be so much labor thrown away.. we have also had it in view in our dissent from the opinion of the Chief Engineer that if the N. E. monsoon be attended with heavy winds the Ditch will be liable to be filled up with sand, as in the year 1807. and that it would be necessary to incur the expense again at the close of the rainy Season.

I we have the honor to submit a Copy of a minute of the Quarter master General of the army and enclosures on the subject of a retrenchment against the Officer in charge of the 2nd Battalion 16th Regiment Native Infantry for house rent drawn for the accommodation of the Staff Sergeants and Stores of that Battalion when at Trichinopoly. 8 We beg leave to lay before your Honor in Council an Extract of a letter from the Public agent for the construction of Ordnance Carriages at Seringapatam relative to the state of Sandal wood carts. That Officer has stated his opinion that at least 250 new Carts will be required to replace the number which he considers to be unserviceable. It appears that these Carts have been constantly exposed to the weather since the time of their being constructed, a circumstance to which the Agent ascribes in a great measure the present bad state of these Carriages. It is not practicable to afford any cover for them in any of the Military buildings at Seringapatam. and we recommend the question for the consideration of your honor in Council whether it may not be advisable that the Commercial Department at that place should provide some Cover for the Carts that may be left there

Should the Troops be thrown upon the Common market for the supply of this Grain, the most serious consequences may be apprehended. - Rice always bears a high price in the surrounding Country. but many causes concurred during the last year in producing the effect of an unusual scarcity at present -

On our first arrival at this station the ration of the 3. Class of Tree / that description which is used by the Sepoys / was 4¾ Seers for the Rupee on the first of June, it is at this period Sold at 6½ Seers for the Rupee -

The Bazar is solely supplied by the exertions of private grain dealers, and - should the issue from the public granary cease they would naturally take every advantage of such a circumstance -

I beg leave therefore to suggest to the Board the advantage which might be derived from

Minute of the Chief Engineer

The Chief Engineer has the honor to call the attention of the Board to the condition of the Ditch of the Fortress, particularly upon the Eastern front forming the Sea Line. the neglected and defenceless state of this part of the works is such that the Chief Engineer feels it an incumbent duty with him to bring it to the notice of the

Honorable

9919

Fort St. George 18th. September 1850

Honorable the President in Council, and to repre-
-sent that so long as it continues in this state the
Security of the Fortress must be deemed highly
imperfect, its strength greatly impaired, and its
capability of defence materially diminished.-

The original depth in this portion
of the Ditch was upwards of Eight feet, in
its actual state it is completely fordable having
only from 2 feet to 6 Inches of water and in
some parts is entirely dry, occasioned by the-
great quantity of sand thrown in by the Sea
during the Hurricane, the Chief Engineer therefore
takes upon him strongly to urge the necessity
of clearing out its Bottom and of restoring
this important part of the defences to its -
originally efficient state and condition.-

authority of Government.-

I beg leave to inform you that - inconsequence of there not being any Quarters at Trichinopoly for the Stores and Staff Sergeant of the Corps/ as appears by Barrack masters Certificate attached monthly to the abstracts/ I was under the necessity of hiring a House for that purpose and drew rent for the same as - usually done with former Corps at that station similarly situated. -

A Quarter was built for the above purpose during my stay at Trichinopoly in the left wing of the Barracks which was occupied by the 2nd Battalion 19th Regiment Native Infantry but the same charge was previously made also by that Corps. -

I have therefore to request you will represent the same to Government and obtain the sanction thereof that the Charge may be

Extract of a letter from the Public agent for the Construction of Ordnance Carriages at Seri-gapatam to the Secretary to the Military Boa

dated

9926

Fort St. George 18th. September 1810

dated 24th. August 1810.

"I have the honor to state for the information of the Military Board that my attention has lately been particularly called to the repairing of Carts for conveying Sandal wood, and I am concerned to offer my opinion that a great proportion of them, after having undergone a thorough repair will only be fit to proceed to the Presidency once more, so much have they suffered from use, and from being constantly exposed to the weather, as they have never been under cover since first constructed - If I were allowed to form an Estimate of the probable number necessary to replace those nearly worn out, I could now do it, having more than one half of the Carts under repair at the manufactory, and I must take the liberty to observe that two hundred and fifty new Carts at least will be absolutely necessary" -

"I consider it my duty thus early to

9927

Fort St. George 18th September 1810

to lay the above before the Military Board for their consideration that no disadvantage may at a future time accrue to the Service by a want of sufficient Carriage to transport the Sandal-wood to the Presidency.-

"I beg to call to your recollection that two hundred of the Carts were received from the arsenal here to be converted into Sandal-wood Carts in May 1809, some of which were new, but the greater proportion repaired, which will in some degree account for their present state."-

"I conceive it proper to acquaint you that the Sandal-wood Carts will always be subject to injury from a want of cover as none can be given up by the Commissary Stores or myself that purpose, and that in consequence of the constant exposure to the weather, it is frequently necessary for me to repair several Carts a second time prior to their being fit to Commence a jou

To the Honorable Sir George Hilaro Barlow Bart. G.C.B

Honble Sir,

From the Military Auditor General - Reports upon a Copy of a letter from the Military Paymaster General dated 25th. of July relative to retrenchments on account of Supernumerary Sepoys -

I have the honor to acknowledge the receipt of Mr. Secretary Peile's letter of the 29th. Ultimo, with which was transmitted for consideration and Report Copy of a letter from the Military Paymaster General dated the 25th. of July preceding, with this

letter

9961 Fort St. George 18th. September 1810

letter is transmitted one addressed by the Paymaster to the Hydrabad Subsidiary Force, to the Military Paymaster General on the subject of Retrenchments from his Disbursements on account of Pay drawn for Sepoys Supernumerary to the Establishment of the Battalions of native Infantry Composing the Subsidiary Force.

2 The Paymaster addressing the Military Paymaster General on this occasion I conclude (it not being regular nor in the Paymaster General forwarding it to Government) has been occasioned, in consequence of his failing to obtain thro' other channels the sanction of Government for retaining the Supernumeraries on the strength of Company's, the prescribed mode however would have been for the Paymaster to have requested me to have made the reference, which would have been Complied with.

3 It appears proper to state the following Circumstances which have given rise to

these

Fort St. George 18th September 1810

these Retrenchments.

4 In consequence of the Orders of Government expressed in the minutes of Council under date the 4th of August 1807, directing the Companies of the several Battalions of Native Infty composing the Hydrabad Subsidiary Force, which had in general several Sepoys above the strength of their Establishment to be reduced to 90 Privates each Company - the Pay therefore of any Sepoys supernumerary to that number were objected to on Audit of the monthly Pay abstracts of Companies, from October (which Contained the charge for September) 1807 to march 1808 inclusive.

5 On an appeal however from Lieutenant Colonel Montresor when Commanding the Hydrabad Subsidiary Force, relative to the Pay of the Supernumerary Sepoys having been submitted to Government, a Resolution was passed in the minutes of the Honorable the Governor in Council under date the 26th of July 1808 by which

those

9963

Fort St. George 18th September 1850

those Retrenchments were directed to be remitted as they had been occasioned by delay and want of Communication from the proper Department, the orders for discharging the Supernumerary Sepoys. The Retrenchments were in obedience to these Orders accordingly remitted -

6 But as the Resolution was silent and conveyed no authority for continuing any Supernumeraries on the strength of Companies of native Battalions, the Office of Audit in the observance of its' duty considered the charges subsiquent to that date objectionable, and again disallowed the Pay of all Sepoys Supernumerary to the number directed by the beforementioned Orders to be the Establishment of a Company of the native Battalions Composing the Hydrabad Subsidiary Force -

7 It rests not with my Department to account for the Reduction in the above mentioned Corps of native Infantry not having taken

9964

Fort St. George 12th. September 1810

taken place, and I await the orders of your Honor-
-able Board to direct whether the Retrenchment
should be enforced or as the Officers Commanding
the Companies on the strength of which the Pay
of the Supernumeraries have been drawn, repre-
-sent that having received no orders to discharge
the Supernumeraries and by the Regulations of
the Service they are not authorized to discharge
any Sepoy - whether the Retrenchments on that
account should be remitted.

be proper to refer the subject to the marine Board who are better qualified from the nature of the Claim whether it ought to be granted or rejected.

4 The letter from the military Paymaster General contains an application from a Mr. Francis D'Silva agent of Lieutenant Colonel Hayes of the Corps of Artillery to be allowed to draw on account of that Officer the difference of Batta between the rank of Captain and Lieutenant Colonel as Commanding the Detachment of artillery with the Hydrabad Subsidiary Force from the month of October 1804 until the 15th. of April 1806.

5. As the Honorable Court of Directors in the General Letter in the Military Department dated 7th. September 1808 direct the allowance of Batta in the Superior rank to what Lieutenant Colonel Hayes held whilst he commanded the Detachment of artillery with the Hydrabad Subsidiary Force - and as Lieutenant Colonel

9967

Fort St. George 18th. September 1810

Colonel Hayes during that period was then a Captain Regimentally he is under these Orders entitled to the difference between that rank and the rank of Major from the 24th. of November 1804 and the 30th. of april 1806 which I have ascertained to be the period during which he Commanded the Detachment of Artillery with the Hydrabad Subsidiary Force -

6 It is necessary only further to observe that Lieutenant Colonel Hayes in his letter to Government requests that the amount of the allowance which he claims may be paid to his agent Captain Beaumont, it may therefore be requisite that Mr. Francis De Silva should produce a power of attorney from Lieutenant Colonel Hayes Constituting him his attorney.

Honorable Sir

From D. D. Reports on an application on the part of the Dispencer of medicines &c. at the naval Hospital for an allowance of batta also on an application from the Offrs Commanding the Escort with the Resident at Nagpoor.

1 I have the honor to acknowledge the receipt of Mr. Secretary Peile's letter of the 17th Ultimo, with which was referred an application on the part of the Dispenser of medicines &c. at the naval Hospital for an allowance of Batta, stating also that such an allowance had already been granted to the other Officers of that Establishment.

2 Respecting which I must acknowledge that I feel rather diffident in giving an opinion respecting this application, upon a reference

to

9969

Fort St. George 18th. September 1810

to the Reports which I had the honor to submit to your Honorable Board upon the 2nd. march and 8th. May last on the application of the assistant Surgeon attached to His Majesty's naval Hospital at this Presidency who does not hold a Commission in the Honorable Company's Service. I hope however I may be permitted to say that as Government have been pleased to allow the Surgeon and assistant Surgeon on this Establishment to draw half Batta according to their respective ranks it may also perhaps appear reasonable to extend the same Indulgence being the half Batta of a Lieutenant to the Dispenser of medicines &c.

3 With the same letter from Mr. Secretary Peile is reserved an application from the Officer Commanding the Escort with the Resident at Nagpoor respecting an Establishment for the Carriage of the Camp Equipage of the party of Cavalry belonging to this

Establishment

9970. Fort St. George 18th September 1850

Establishment Composing a part of the Escort, with Copies of the Correspondence which has passed on the subject. -

4 On a perusal of the above correspondence it appears that Instructions relative to this subject had been conveyed to the acting Resident at Nagpoor in a letter from the Chief Secretary to the Supreme Government under date the 16th June last, directing the audit and adjustment of the monthly Charges for the Carriage of the Tents in use with the Serrudar's party of native Cavalry attached to the Resident's Escort should take place conformably to the Regulations under this Presidency. -

5 In Obedience to these Instructions it will therefore be requisite that a Statement of those monthly Charges which remain unadjusted, together with the Vouchers in support of them, should be transmitted to my Office for the purpose of being audited. -

Alexander Falconar Esqr.
Chief Secretary to Government

Sir,

From the Acting Senior Chaplain of Fort St. George with a letter from the Chaplain at St. Thomas's Mount recommending alterations and improvements of the Chapels at that Station and at Poonamallee.

I have the honor to transmit for the information of the Honorable the Governor in Council a Report of such particulars respecting the state of the Chapels at St. Thomas's Mount and Poonamallee as by previous communication on this subject with the Rev. Charles Bell D.D. lately appointed to succeed the Rev. J.C. Atwood in the Clerical Duties of those situations, has been thought advisable to represent to the Honorable the Governor in Council.

Rev. Sir,

I have the pleasure to forward through you to Government the Plan and estimate for alterations proposed to be made at the Chapel at St. Thomas's Mount also the Land Lord's letter to me and mine to the Honorable the Governor in Council. As a Clergyman it would be useless to urge to you the several points brought forward therein, their importance must be evident, and doubt you will readily aid in their attainment.

Our sentiments cannot disagree in the necessity of applying to Government for the improvement of the Buildings appropriated to public worship, and if acceded to, which we have every reason to expect from the Honorable the Governor's disposition to promote religious observances and institutions, I trust we shall one day see the clerical establishment on a more respectable footing and a practical demonstration

of

9977

of the happy effects arising from a more general publication of the Gospel of Christ and the diffusion of religious truths in this part of the world-

When my application to the owner of the Building at Poonamallee receives a reply, it shall be sent into Government.-

Herewith you will receive my acknowledgement of the different articles at the two stations, belonging to the Church, it is right an account of the Church property belonging to the Government should be lodged in clerical hands.-

The Honorable Sir G. H. Barlow Bt. & K.B.
Governor in Council

Honble Sir

The in-adequate accommodations afforded

Fort St. George 18th September 1810

afforded to the Military, and Inhabitants at the respective stations of St. Thomas's Mount, and Poonamallee for attending Divine Service, in the limited state of the Buildings appropriated to that purpose and the present very unfit disposition of the whole for the Solemnization of the Offices of public worship, were the subject of my communication when I last had the honor of an interview. The information since obtained and now forwarded conformably to what you were pleased to intimate, brings the business within a concise compass for your farther determination.

It is most probable Honorable Sir, that you have no distinct knowledge of these Buildings, denominated Chapels, nor shall I be departing from my duty when recommending them for improvement, in pointing out specifically their ineligibility. They bear no Character of a place dedicated to the Service of the almighty,

they

Fort St. George 18th. September 1810

they are destitute of the arrangement even of a Common Conventicle - no Pews no Font no Kneeling Stools - the altars placed in the north instead of the East - the Pulpits being of a sexangular form and with the reading Desk on the same scale as those of Fort St. George make a preposterous assumption in rooms of such dimensions; in short, they are devoid of every thing calculated to kindle devotion or impress the mind with solemnity and our invocations whether of praise or contrition are unaccompanied with that reverential distinction so becoming in the immediate acts of humiliation -

In a conversation with the Commanding Officers of both stations, who are desirous that all the Soldiers off duty should attend Church and partake of the benefits of public Prayer, I learnt that the usual Compliment of Artillery men at the mount when complete to be between four and five hundred - at Poonamalle two, to an uncertain amount - by the proposed

In a conversation with the Commanding Officers of both stations, who are desirous that all the Soldiers off duty should attend Church and partake of the benefits of public Prayer I learnt that the usual Compliment of Artillery men at the mount when complete to be between four and five hundred - at Poonamalle two, to an uncertain amount - by the proposed

alterations

Fort St. George 18th. September 1810

alterations the former will hold upwards of Six hundred, the latter more than three.-

Many of the Inhabitants have expressed to me, their regret that from the want of seats and the ordinary accommodations for worship, they could not attend Church, at least not with that external reverential deportment they conceived to be necessary in the duty of Prayer: if adapted for a congregation, there can be little doubt of a more numerous resort of Europeans, and which we may hope would finally tend to the increase of true religion, and to the furtherance of Christianity. it will also be highly satisfactory to those who are attached to the English Protestant reformed Church, to see Ecclesiastical affairs systematized in the Eastern part of the world, and the rites ceremonies and Services of the Sanctuary regulated after the same decent order and with similar licenses and restrictions as in the Mother Country.-

I have

I have the honor to submit here-
-with the Plan and estimate for the alterations,
and enlargement of the Building at the Mount
at the request of Mr. De Silva the Land Lord,
and the sums he begs leave to offer the Government.

The scite of the above Building is
very desirable, being particularly cool from its
elevation, at a station of such magnitude as
the Mount where so many families reside, and
so contiguous to this Presidency, it seems some-
-thing more than military accommodation should
be attended to in the filling up of a Chapel, the
plan presented embraces every suitable arrange-
-ment for the Inhabitants at large -

application has been made to
the owner of the House at Poonamallee rented by
the Government at 10 Pagodas monthly, at Masuli-
-patam, his family think he will not be disposed
to sell the property but to make any alterations -
that may be required at a certain percentage on

a

9982 Fort St. George 18th September 1830.

a rough estimate already made out, the expenditure would be within four hundred Pagodas to make it convenient for public worship -

The Buildings at both stations are worthy the attention of Government as structures capable of being converted to neat and commo- =dious Chapels, they are I am assured built of — Brick and Chunam, terraced with Teak wood Beams and Joists, and have too the advantage of Vestry Rooms attached, a requisite convenience, having at present under my own private charge the Communion Plate, Cushions &ca

Averse as I am to force on the — notice of Government a profession of services the performance of which is no more than my duty, it cannot be unbecoming in a Servant under their authority to assure them that to the utmost of my imperfect abilities I shall constantly endeavour by diligence and assiduity and by a "Zeal exercised according to knowledge" to give

effect

9983

Fort St. George 18th September 1810

effect to their pious endeavours in the cause of religion. -

Though this representation may seem to dwell much upon forms and externals, they are nevertheless nearly connected with essentials and form a part of the fabrick of our Church to preserve which in its uniform beauty and excellence is the charge of every Clergyman, permit me to add that my Sentiments dictated solely by the importance of the subject and the conviction that the interests of religion are concerned are now submitted with the most respectful and humble deference to the Judgment of my Superiors. -

His Excellency the Commander in Chief has ordered me to request, you will lay before Government, the enclosed Bill for the repairs of a Perambulator executed by Lieutenant Swinton, with His Excellency's recommendation that the amount 30 Rupees may be passed on the Public account.

I am directed by His Excellency to use this occasion of remarking that the Regulations of Government direct the Quarter master General to provide Perambulators and Compasses to the necessary extent at the Public expence, and to remove them from one Station to another by the same means but there appears to be no provision made for the repair of those Instruments.

I have the honor to acknowledge the receipt of Mr. Secretary Peile's letter of the 15th Instant with his [illegible] which was transmitted the Proceedings of the Honorable the Governor in Council of the 11th, in these are referred for Report the opinion of the Medical Board recommending the monthly allowance to be granted to the Garrison Surgeon at Goa to be fixed on the same scale as the medical allowances which have been fixed for those of the other principal Military Stations under this Presidency.

From the Military Auditor General reports upon the opinion of the Medical Board recommending the monthly allowance to be granted to the Garrison Surgeon at Goa to be fixed on the same scale as the medical allowances which have been fixed for those of the other principal military Stations under this Presidency.

Regarding which, I have to observe that as it appears from the Proceedings of the Medical Board of the 7th Instant, that they are in possession of information respecting the various and

and extensive calls for which the Surgeon at that Settlement must be subjected to expense, with which they seem to be satisfied and upon which their opinion has been grounded, I cannot therefore take upon me to hesitate or to venture a doubt regarding the correctness and propriety of that opinion. Conformably to which the monthly Medical allowances to the Surgeon at Goa will be as follows Viz.t if considered as Coming under the first Class of Military Stations such as Trichinopoly, Masulipatam, Seringapatam, Bellary and Cannanore, Pagodas Eighty, or if in the Second Class such as Fort St. George, Vellore, St. Thomas's Mount, or Bangalore Pago= =das Fifty p.r month for medical expenditure and Office Establishment. -

the day subsequent to that of embarkation at the

party of Recruits in question cannot be exactly
ascertained for want of the usual Certificate from

however be concluded from the circumstances
mentioned in Colonel Carey's letter to Mr. Secre-

of the Paymaster of the Regiment that these
Recruits were embarked on the Walpole sometime
between the 1st. and 3d. of April 1807 - they claim
arrears of Pay from the 5th. of July to the 11th. Septem-

To A. Falconar Esqr.

Chief Secretary to Government

Fort St. George

Sir

From the First Assistant in charge of the Residency at Hydrabad - Encloses Copies of Correspondence lately passed between the Officer

I request you will do me the favor of submitting to the Honorable the Governor in Council the enclosed Copies of a Correspondence which

10038

Fort St. George 25th. September 1810

Officer Commanding at Secundrabad and Mr. C. Russell on the subject of the number of bearers attached to Corps of Infantry and Cavalry in General. -

which has lately passed between the Commanding Officer at Sekunderabad and myself.

I am not acquainted with the Orders of the Government either with respect to the proportion of Bearers which it is usual to attach to Corps of Infantry and Cavalry in general or to the proportion which it may be deemed expedient to attach to the Corps in particular, which are stationed at Hyderabad. -

The Orders of Colonel Close fixing the Establishments for the Hydrabad Force litteral-ly and strictly interpreted would leave that Portion of it which is stationed at Sekundrabad without any Bearers. I request you will do me the favor to communicate to me the Wishes of the Govern-ment on this subject. It is proper that I should represent that more difficulty is experienced in procuring Bearers at Hydrabad than would be expected in the vicinity of so large a City. Captain Sydenham has frequently felt this inconvenience

in

10039.

Fort St. George 25th. September 1810

in moving small Detachments; of course it would be encreased in proportion to the Increase of the Force; the Detachment now at Hyderabad consists of one Regiment of Cavalry, five Companies of Europeans two Battalions of native Infantry, and a Detachment of Artillery.

If the Honorable the Governor in Council should deem it expedient not to leave so large a Detachment without any proportion of Bearers. I hope he will be pleased to direct that such a proportion be attached to it as may appear to him adequate. If he should conceive that such an Establishment is unnecessary in the peculiar situation in which the Troops at Sekunderabad are placed, I hope he will pardon the liberty I have taken in desiring that it may be retained until his pleasure should be known. The delay of this reference cannot be productive of much additional expence.

I have

Fort St. George 25th September 1810

of Dooley Bearers for the month of July that a Considerable number of Bearers is kept up at Sekundrabad. Surplus to that fixed by Colonel Close, in his orders of the 23d. May last. I am therefore directed by Colonel Conran to request that you will make known to me for his information if any authority has been obtained for keeping up this extra number of Bearers at Sekundrabad as otherwise it is more than probable that the whole of their Pay will be retrenched by the Military auditor General.

The Establishment fixed by Colonel Closes orders for the Troops at Jaulnah is 6 Head maistries 27 Petty maistries and 974 Bearers: of these there are at present wanting to Complete at the Head Quarters of the Force. 1 Petty maistry and 102 Bearers this number deducted from 2 Head maistries, 12 Petty maistries, and 250 Bearers the Total of last months Return from Sekundrabad leaves a Surplus Establishment of 2 Head Maistries

11 P7

10043 Fort St. George 21st September 1860

11 Pettys maistries and 148 Bearers; for keeping up
this Establishment there appears to be no authority
at least as far as has come to the knowledge of the
Commanding Officer, he is therefore desirous
(unless the proper authority has been obtained)
that immediate steps may be taken to discharge
the Surplus Bearers, but he at the same time
wishes that this measure may be adopted in Com-
=munication with the acting Resident who may
think it expedient to have a certain number of
Bearers in constant readiness with so large a
body of Troops as that now stationed at Sekundra
=bad, and may take the necessary measures for
obtaining the Sanction of Government for so doing.

As it is of importance that this
part of the Force should be as Complete with
Dooley Bearers as possible, Colonel Conran wishes
that the number wanting to Complete may be
sent up from Sekundrabad as soon as they can
with Convenience be Spared, deducting from it the
small

As it is of importance that this part of the Force should be as Complete with Dooley Bearers as possible, Colonel Conran wishes that the number wanting to Complete may be sent up from Sekundrabad as soon as they can with Convenience be Spared, deducting from it the small

of Dooley Bearers for the month of July that a Considerable number of Bearers is kept up at Sekundrabad. Surplus to that fixed by Colonel Close. in his orders of the 23d. May last. I am therefore directed by Colonel Conran to request that you will make known to me for his information if any authority has been obtained for keeping up this extra number of Bearers at Sekundrabad as otherwise it is more than probable that the whole of their Pay will be retrenched by the Military auditor General.

The Establishment fixed by Colonel Closes orders for the Troops at Jaulnah is 6. Head maistries 27. Petty maistries and 974 Bearers: of these there are at present wanting to Complete at the Head Quarters of the Force. 1 Petty maistry and 102 Bearers this number deducted from 2 Head maistries, 12 Petty maistries, and 250 Bearers the Total of last months Return from Sekundrabad leaves a Surplus Establishment of 2 Head Maistries

small party of the Regular Corps of Bearers now at Sekundrabad which may as well remain there - The party therefore to be sent up will consist of 1 Petty maistry and 65 Bearers. -

Such maistries with the Detach- =ment of the Regular Dooley Corps at Sekundra- =bad as are Extra to the Establishment can at any time be sent to join the Head Quarters of the Corps at Madras as none of them can of course be discharged. -

I have the honor to transmit Copies of two letters one from the Quarter master General of the army, the other from the Secretary to Govern- =ment as they may relate to some application made from Sekundrabad regarding Dooley Bearers. I am not aware of having lately given cover to any Bills of this nature. -

Sir

I have the honor to acknowledge the Receipt of your letter of the 20th Instant. The Orders of Colonel Close fixing the Establishment of the Hydrabad Sub-sidiary Force of which a Copy was transmitted to me certainly do not particularly provide for the maintenance of any Dooly Bearers at Secundrabad, but Colonel Close may have intended to leave the same proportion of Doolies to Each Corps as were attached to them before the Removal of the Head Quarters of the Subsidiary Force to Palna. I am not informed what that proportion was or whether any Dooly Bearers were formerly attached to the Corps at Secundrabad -

although the Force at Secundrabad has been so much reduced it may perhaps be

be Considered necessary to maintain each Corps composing it in a state of Efficiency equal to that which they formerly possessed I request therefore that you will have the Goodness to inform me what proportion of Doolies was formerly allotted to each Corps in order that I may submit it to the consideration of the Governor General whether it be not Expedient still to maintain the same Proportion

To the Chief Secretary to Government

Sir

I have the honor to report for the information thereon of Government that the tiled Range of the European Barrack on the Plain of Trichinopoly is found to be uninhabitable when it rains in consequence of the Roof being out of repair and that the small Guard room at Potoor Bridge is in the same state from the same Cause -

I have to request that the state of those buildings may be brought to the early consideration of Government in order that authority may be received for repairing them previous to the approaching monsoon -
