inadmissible to be returned to Bombay - State that they have papers on abstract for Captain Staunton's share of Prize Money in favor of his attorneys at Madras - also returns the Rolls and abstracts for transmission to Bombay -

August last, from the Secretary to Government in the Military Department, Conveying to us the decisions of your Honor in Council on the claims for Seringapatam Prize Money of certain Officers and Detachments of the Bombay Establishment, regarding which we reported our opinions, in our Letter dated the 2d 8bre of April last -

These Claims (with the exception of that of Captain Staunton) having been declared inadmissible by your Honor in Council

Under the Enclosure A. we Submit herewith the Abstracts &c. forwarded to us on account of them, and we take the liberty to suggest that these Vouchers may be returned to Bombay, with a Communication mentioning the principles upon which the Claims are now rejected -

We have passed an Abstract for Captain Staunton's Share of Prize Money in favor of his attornies at Madras, agreeably to the

authority

13063

Fte St. George 16th November 1840

Authority granted to us by your Honor in Council.—

We have likewise had the honor to receive from the Secretary to Government in the Military Department 2 letters dated the 31st of August, forwarding for our consideration and report Claims and abstracts for Prize Money on account of the 2d Battalion 6th Bombay Native Regiment, and another dated the 5th Ultimo, which transmitted a claim on the same account from Captain Donnelly of the 1st Battalion 6th Regiment Native Infantry.—

The whole of the Claims forwarded with these 2 Letters, are of a Nature similar to those regarding which we have already had the honor to state our opinion, and which your Honor in Council has declared inadmissible. We therefore deem it unnecessary again to enter on the Subject, and beg leave to return the Rolls and abstracts for re-transmission to

Sir,

I have the honor to enclose a
Copy

13132

Fort St. George 20th November 1810

You two Papers Marked A. and B. which together with this Letter, I request you will have the goodness to bring to the Notice of the Commander in Chief.-

They are I shall hope sufficiently explanatory. Inclosure A. being an Order for the Confinement Adjutant of Arrest to appear in the confirmation of his Situation. Inclosure B. the refusal of that Officer to Comply with the Order, for the Reasons therein stated.

There are however Certain Collateral Circumstances attending Cornet Bowmans Conduct which I conceive of sufficient importance to make known to His Excellency, this Staff Officer omitted and neglected to wait upon me, until he did so by Order, when he made his Appearance as described in the inclosure A.

He then told me he should never wait upon me but by Order, and moreover added that if he was directed to wear a

Staff

12133 Fort St. George 20th November 1810.

Staff uniform / the Necessity for his doing which had been intimated to him by the Commandant of the Place / he would throw up his Situation as the Allowances were inadequate to the expence.

The Necessity that the Military Character and Costume should be at all times preserved and that the Appearance of all Officers should be Strictly Military if possible an Union More particularly Applicable to the Staff than to any other part of the Army, as exclusive of the injudicious and improper Hercat- Suits out by the Officer in question of Designing his Situation I trust his Excellency will see the propriety of the Line of Conduct I have pursued.

The embarrassment which must Arise in the due execution of the duties of any Situation while Disputed by Staff Officers with the ideas of the Officer in question Cannot fail of Arresting the Commander in Chiefs Attention.-

I have to Add that as

- Being

13134 Fort St. George 20th November 1810.

Nothing more has been required of Canst-
Bannerman than is enforced and practiced
by the other Staff Officers of the Division of
the Army ordering Command and that
the Cantonment and Fort Adjutant of Walla-
jahbad, Poonamallee, and Vellore wear the
Uniform of their relative Staff Situations.—

To Major Geo: Neale.

Commanding Asst.

Sir,

I have the honor to acknowledge the receipt of your Letter of this date giving Cover to a Copy of an Official Communication received by you from the Major of Brigade Morrison conveying an Order from the Officer Commanding the Center Division of the Army for me to make up and appear in the Staff Dress usually worn by Officers similarly situated without loss of time.—

In Reply to which I beg leave to state that I have now held the situation of Cantonment Adjutant of Artillery nearly three years during which time (with the exception of a few weeks when I wore a plain Red Jacket with Red Cuffs,) I have invariably appeared in the Uniform of the Regiment to which I belong and that hitherto no Objection has been started by any of the Officers who have

Command

13137 Fort St. Geo.e 20th November 1810.

Shewed to Command the Cantonment - Not even
by Colonel Hare himself

I have also further urge
that when first I entered on the duties of the
situation in 1808, at which time Colonel Hare
Commanded the Cantonment, I particularly
put the question to that Officer whether
it was his wish that I should make up
a Staff Uniform, when he told me in reply
that I might just do as I pleased in the
event therefore of this being submitted
to the decision of His Excellency the Com-
mander in Chief I hope he will be so
pleased to dispense with my being obliged
to make up a Staff uniform in Consider-
ation of the very trifling Pay which is annexed
to the Appointment, and consequently
insufficient to defray any extra expence
I may incurr on that head.-

As far as an exact ob-
=servance of the other Regimental Uni-
=form.

Resolution thereon.

Resolved. That Cornet Bannerman be removed from the Situation of Cantonment Adjutant at Bangalore and Lieutenant Wallace appointed in his room conformably to the recommendation of His Excellency the Commander in Chief.

To The Chief Secretary of Government

Sir,

From the Quarter Master General, requesting the authority for the payment of Horse allowance and Forage to the Students of the Institution to be employed in Surveying.

The Originals of the enclosed Papers have been laid before His Excellency the Commander in Chief by whom I am directed to transmit Copies to your address, for the Information of the Honorable the Governor in Council

In them an Application is made for Authority to employ the Military Students at the Institution in the practice of the Field operations of Surveying agreeably to Custom during the first 4. Months of the year.

The Road proposed to

Military Department

Sir,

From the Quarter Master General transmits the Opinion of the Commander in Chief regarding the Muster Reports of private Camp Equipage forwarded to the Quarter Master General and Military Auditor General by Corps & individuals.

His Excellency the Commander in Chief has ordered me to Requaint your Information of Government with his sentiments Regarding the Muster Reports of Private Camp Equipage, transmitted to the Quarter Master General and Military Auditor General by Corps and Individuals.

It is necessary I should on this Occasion bring it under attention that the Original Regulations of May 22 1812 for the Muster of Officers Camp Equipage directed the Monthly transmission of that Document to the Quarter Master General and directed that the Military Auditor General should be furnished with Returns of Actual Musters every Six Month on the 15th November 1816. it was directed in a Government General Order

13145 Fort St. George 20th. November 1810.

Order that the Reports of the two Monthly Periodical Muster should no longer be transmitted to the Office of Military Auditor Genl. that a Monthly Muster and Inspection Report shall accompany the Pay Abstract; and be considered an Indispensible Voucher for the Monthly Issue of Field allowance.

His Excellency the Commander in Chief considers that the Object Contemplated by Government in directing that there should be a Monthly Report of the Serviceable State of our Officers' Camp Equipage will be equally insured by a single Voucher to that effect as by the same in duplicate; And as it is desirable that the Writing of a Corps now very Considerable, Should not be Continued beyond the Necessities of the Service, I am directed to express His Excellency's Opinion that it will be improper

13146 Fort St George 20th November 1810.

proper to abolish the Practice of transmitting Muster and Inspection Reports of Camp Equi= =page. to the Quarter Master General. In his Office they are a useless document, having no connection with the Public Equip= =ments under his charge, nor has any reference been made to them since the publication of the order of November 15th 1806.

The Lieutenancy is however of Opinion that the Quarter Master General should be possessed of the means of Superintending the observance of that part of the Regulations which refers to the shape and Dimensions of Coats of the different Commissioned Ranks, and I am therefore directed to Suggest that in Case of the rescission of the Order requir= =ing the Monthly transmission of a Report to the Quarter Master General he be authorized to call for Special Reports.

Sir,

Agreeably to the 5th Paragraph of the Assistant Secretary's Letter of the 1st Instant - I have the honor to State for the information of the Military Board that I have formed the Estimate of the quantity of Coarse Iron required annually at this Manufactory from an actual expenditure and it is as follows.

Square or Bolt Iron for one year's Consumption will be about lbs 80,000 the dimensions of it should be from four Inches down to one inch square; the first will answer for any axletree and the intermediate Sizes for small axles and all Kind of light work, such as the Bolts and rings of Ordnance Carriages &c. &c and should consist

quantity.

Fort St. George. 20th November. 1810.

Consequently be supplied in a greater proportion than the very large iron, I would estimate it at two thirds more, however this must depend, in some degree upon the heavy or light work to be executed during the year.

The quantity of flat Iron required annually will always be so much more from the various work it is necessarily applied to, and will amount to Lbs 120,000, the dimensions of it should vary from five to three inches in breadth and in thickness from one inch to three fourths of an inch; equal proportions of this will be necessary for tires, flat, square 1/2 ea 1 ea.

Bolt iron from two inches to three eights of an inch in diameter is particularly useful, but I have included the expenditure of this sort being so similar in the Estimate of

Minute

13164. Fort St. George 20th November 1810.

Minute of the Quarter Master General

The Quarter Master General having lately directed his enquiries, to the accommodation which can be attended at the several Stations of the Army for the Cover of the Conveyances for the sick, he has now the honor to lay before the Military Board a detailed Statement of the same compiled from the reports of the Assistant Quarter Master Generals of Divisions.—

On inspection of this Statement the Board will perceive, that the Cover for the description of Carriage in question is sufficiently complete at the several Stations of the Army with the exception of Bellary, Palamcottah and Bangalore, at the two former of which there is little or no cover for any sort of Carriage and at

the

=commend that the necessary measures may
be adopted as soon as possible for procuring
the Cover required at the above Stations
and that the Authority of Government
may be procured for Constructing the Buil=

The demensions of these

ter Master General is of Opinion that
Cover for 50 Doolies and 10 Sick Carts at
Bellary, for 10 Sick Carts at Bangalore and
10 Doolies at Palamcottah will be amply
sufficient for those places respectively

With respect to the Sta=

It may be proper to Observe on this Occasion that the Nature of the Country in the Vicinity of Goa presents Unsurmountable obstacles to the employment of Sick Carts and that Doolies are almost equally difficult to use where the Country is so deep and intersected by Rivers.

Hon'ble Sir,

From the Military Auditor General submit a Statement of Reimbursements from the Account of Mr Wm Mainwaring late Paymaster at Palamcottah on Account of Draughts under Warrants built &c &c for — Corps employed during the late Polygar Commotions —

Regarding these Retrenchments it is to be observed that the Causes of objection in general, originated it wants to appear from the emergency of the occasion by the Paymaster having received Instructions from Mr Collector Hepburn to provide the Draught and Carriage Bullocks and Coolies on account of the Field Service in Travancore in the end of the Year 1808 and beginning of 1809, and not thro' the usual Channel of the Military Board and also in not having furnished these Supplies of Cattle and Coolies upon the prescribed Indents and Receipts from the Heads of Corps and Departments from which Cause the observance of any duty rendered it proper in order to

Object and impracticable to admit those charges on Audit.

3d Although under the defici-ency of those Documents which are required by the Regulations to substantiate charges of this Kind, I may not feel myself warran-ted precisely to recommend the Cancelling of those Retrenchments, I cannot but be of Opinion however that the Circumstances Represented by the late Paymaster may be Considered deserving of due Consideration as I conclude they are within the Knowledge of your Honor in Council.—

4. Government may perhaps however deem it proper to require the testimony of Mr Collector Hepburn to Authenticate the Statement of Recommendat-ees submitted by the late Paymaster.

5th The Account of that Officer in Charging for the Draught and Carriage Bullocks previous to their entering

entering the Travancore Territories at rates is considerably lower than what is authorized by the Regulations, is deserving of attention and the Object of most import-ance to the Public respecting these Retrenchments is that the Amount it is believed has been already realized from the Rajah of Travancore as it was included and Employed a part of One of the Items of the Statement of Extra Military Expences occurred on Account of the late disturbances in Travancore and Cochin, which I had the Honor to submit to your Honor in Council upon the 26th of December last.

In conclusion it appears proper for me to advert to the first part of Mr. Maconochie's Communication where he expresses a degree of Confidence in Rajah having been assigned and furnished with these Retrenchments at an earlier date.— To which I have to state that during the last

Sir,

From the Accountt. Genl. Reports his Opinion on a Copy of a letter from the Military Paymr. Genl. upon the Subject of the transfer of the duties of his office to the Departt. of the Accountant General.

Para 1st

I have the honor to acknowledge the receipt of your letter of the 9th Instant, enclosing for my opinion a Copy of a letter from the Military Paymaster General upon the transfer of the duties of his office to the Accountant General's Department, and enumerating the difficulties and inconvenience that will attend the Closing of his books on the 31st Instant as directed in the General Orders of the 9th October last.

I am not aware to what extent a Compliance with those Orders will inconvenience or derange the various departments connected with the Office of the Military

Military Paymaster General, should Sir Edward
the Honorable the Governor in Council, in
Consequence of Mr. Murray's Representation,
be pleased to dispense with the Compliance,
to which I can at present foresee no Objection
it will be my duty to take immediate
Charge of that Department on the 1st Decem-
ber next, conducting the business upon the
same system that now prevails and Closing
the books as usual on the 30th April next,
by which time any Regulation for the
Modification of that branch of Accounts
can be prepared and subsequently acted upon.

3d. Mr. Murray may therefore
be relieved without detriment on the 31st

Sir,

In the formation of the Commissa-

be necessary, that I should at first have the Accoun-
-tants of the Presidency Communication with all the
Public Offices; and for that purpose I conceive that
in this Office; and for that purpose I conceive that
it should for the present be Established within
the Fort.—

From the Commissary General suggesting that the Accountant's Office is about to be vacated that it may be appropriated as an office for the Department of the Commissary General &c.

2nd
I have understood that the
Office which is at present occupied by the Accoun-
-tant General, is about to be Vacated by that
Officer, and it has occurred to me, that if the Hono-
-rable the Governor in Council should not have
it in view to dispose of that building in a
different Manner, it might be appropriated
with advantage as an Office for my Depart-
-ment.—

&c.

3d

The upper Rooms would afford ample Accommodation for the Offices and Writers to transact business, whilst the lower rooms might be appropriated with advantage and economy, for the purpose of containing the Stores for the Ordnance & Camp Equipage Department, I am not enabled at present to State what may be the expence of the Grooms &c required for these branches, but that expence and the Office Rent which has been allowed to me by Government, will be saved by giving up the building in question. I beg that you will Communicate my suggestions to that effect to the Honorable the Governor in Council for his Decision.—

Fort St. George 20th November 1810.

The decision of this Lordship in Council will be communicated and recommends a suspension of the orders for disposing of the Mares in the manner proposed by the Military Board. Fort St. George.

2nd.

The Governor General in Council has called for a Report on the subject from the Superintendant of the Stud at Poona on the receipt of which the determination of His Lordship in Council will be communicated to the Government of Fort St. George.

3rd.

It has occurred to the Governor General in Council that the disposition of the Broad Mares may be rendered preferable to some useful purpose at the Stud at Poona, in which event the transfer of the Mares to this Establishment would be preferable to disposing of them in the Manner suggested by the Military Board at Fort Saint George. The Opinion of the Superintendant has been required on this point also, and the Governor General in Council accordingly Recommends to the Honorable Governor in Council to suspend the Operation of said Orders

for

for dispensing of the Mares in the Manner proposed by the Military Board until the receipt of a further Communication from this Government.

has directed me to request you will lay before the Honorable the Governor in Council an application which he has received from Major Sir Charles Burdett Bart. commanding at Boonamallee, soliciting that he may be permitted to draw the Batta of Major while holding that Commands. ——

Sir Charles Burdett, who is a Major in the Army, holds only the Rank of Captain in the Regiment to which he belongs, and, as Batta is regulated by the Regimental Commissions of Officers, the Batta of a Captain, which he now draws, is in the opinion of the Commander in Chief, inadequate to the unavoidable expenses incident to the command he holds; the peculiar circumstances connected with the station of Boonamallee requiring from the Commandant, attentions to Officers on their

first arrival in the Country, which, in other stations are not necessary. — To grant the Superior Batta, as requested by Sir — Charles Burdett, would however create a — Precedent for similar claims from other Brevet Officers, which it would be — improper to establish; the Commander in Chief will not, from this consideration, — recommend that measure; but, as he is persuaded that the claim to addition of allowance is reasonable, he begs you will state to the Honorable the Governor in Council his suggestion that in the present case, and whenever the Command of Ponda: :malee is held by an Officer junior in Regimental Rank to that of Major, a Staff allowance of Fifty Pagodas — Monthly may attach to that Com: :mand. —

Minute and Orders thereon

The Board entirely concur
in opinion with the Commander in Chief
on the application forwarded in the foregoing
letter; resolved accordingly, that an allowance
of 50 S. Pagodas per mensem be granted to
Major Sir C. Burdett while in Command of
Pondamalle and that a similar allowance
be granted whenever the command of that

Sir,

I am directed by the Commander in Chief to request you will lay the following Papers before the Honorable the Governor in Council. —

From the military secretary to the Govt: commander in chief: submits the proceedings of the medical Board dated 16th November with enclosures. No: 2. an application from the Commandant of artillery to obtain compensation to certain Europeans and natives of the 1st Battalion artillery for loss of baggage. No: 3 an application from Major Keasberry 9th Native Infantry soliciting employment at the Moluccas. —

No. 1. Proceedings of the Medical Board of the 16th of November 1810 — with Sundry enclosures. On the subject of the Provision of bottls. Quilts &c for the Troops in Mysoor. agreeably to the arrangement originally recommended by Major General Wallace

approved

approved by the Government, the Commander-
in-Chief directs me to state, that a modified
adoption of similar comforts to the Sick
of native Corps in other stations of the
army has been strongly recommended by the
Medical Board; that the subject is now —
under his consideration, and that it is his
intention soon to submit a proposal on —
the subject, to the consideration of the Hono-
rable the Governor in Council. —

No. 2. An application from the
Commandant of Artillery to obtain the
payment of a compensation to certain —
Europeans and Natives of a Detachment
of the 1st Battalion of Artillery who were
embarked on a raft at Cochin to cross the
River at that station on their march to
join the Head Quarters of the Corps, lost
their Baggage by the failure of the Raft,
and have suffered in Consequence much —
distress

13260 Fort St. George 23d. November 1810

distress. —

The subject of remuneration on occasions of loss of Baggage has lately undergone a very minute investigation in Europe; and the case now stated is one of those which are considered as giving a just claim to the bounty of Government — The Commander in Chief is therefore induced to recommend the claim to the favourable consideration of the Honorable the Governor in Council; and to facilitate determination has ascertained by enquiry the average cost of the regulated amount of Necessaries which each Rank is required to possess in a complete state —

Viz.t " For a Corporal, Gunner or Matross Pag.t £ 6
" a Havildar of Golundauze . . £ 26. 10
" a Private of Golundauze . . £ 2 "
" a Gun Lascar . . . £ 22. 10

These are stated to be the Prices at the mount; at other stations they would be

be estimated at a higher rate — and this valua-
tion would produce for the sufferers on this —
occasion, an aggregate claim of somewhat
more than Seventy one (71.) Pagodas, to ena-
ble them to replace the necessaries they have
lost. —

No. 3. A Letter from Major —
Reasberry, of the 9th Native Regiment —
soliciting employment at the Moluccas Islands
and supporting his request by reference to
former approved services when those Islands
were under the control of this Government. —
On this Letter the Commander in Chief
will only remark that it is by no means
his wish to see a Field Officer removed —
from his Regiment, to superintend the —
culture or preservation of Spices at Amboyna
or Banda; he therefore requests you will
submit Major Reasberrys Letter to the —
Honorable the Governor in Council. but does

not

Sir,

I have the honor to forward you Copy of a letter addressed to the Officer commanding the 1st Battalion of Artillery at Bangaloor, by the Officer Commanding at Cochin, stating that by an accident which happened to a Raft in crossing the River near that Station, two Natives were drowned belonging to a Detachment of artillery on its March from thence to join the Head quarters of the Corps — and by which also several of the Europeans and natives lost their effects, arms and accoutrements.—

The

Hon. Hon. Hon.

Honorable Sir, and Sirs,

The recapture of the princi-
pal part of the Molucca Islands induces
me to take the liberty of stating to your Ho-
nor-able Board, that at the time those
Possessions were delivered over to the Batavian
Government, I was acting Civil and Com-
mercial Resident of Banda Neira, and
the several Islands dependant thereon.

I had succeeded to that situa-
tion on the death of W. Craig, in 1801;
previous to which period I held the important,
and responsible situation of Director General,
and inspector of the Honorable Company's
Spice Plantations to which post I was
nominated by W. R. T. Farquhar and

I am induced to intrude myself on the notice of your Honorable Board, from a conviction that Local Knowledge, and a proficiency in the Language of a Country, are always deemed essential requisites, and the surest recommendation, to fill stations of respon: sibility. —

If therefore those requisite qualities may be offered as a claim, I most respectfully beg leave to tender my services to your Honorable Board. with a request to be again employed in those Islands. or in any other part of the Moluccas which it may please your Honorable Board to direct for it may be requisite here to state, to your Hons: rable Board. that during the Eight years

To The Chief Secretary to Government

Fort St. George

Sir,

I am directed by the Military Board to request that you will lay before the Honorable the Governor in Council, the accompanying application which has been forwarded by the Garrison Storekeeper of Fort St. George, for a pension to the families of two deceased Native Servants of the Grain and Provision departments names Nencatarungum pillay and Condapah. To the former was intrusted the manage: ment of those departments, and he is stated to have served the Honorable Com: pany for a period of 16 years. In support of the claims made on behalf of this man's family, the Board have directed me to state that he was formerly Head manager of the Bullock department under Lieutenant Colonel

13. 13306 Fort St. George 23d. November 1810.

Colonel Dallas during the campaign of 1799 in Mysoor, and his services have been repeatedly brought to the notice of the successive Governments of Fort St. George. The latter, Condapah, was cash keeper and is stated to have served for a period of 21 years — they have both subscribed to the Fund instituted by Government for the benefit of the families of Native Servants, and under the circumstances stated by the Garrison Storekeeper, the Military Board are induced to recommend that their families may be pensioned on the rates prescribed in the Chief Secretary's letter of the 2nd. of March 1810 Rupees. —

To The Honorable

Fort St. George 25th November 1810.

Honorable Sir,

From the military auditor General. Reports upon an application from Messrs. Harrington & Co. on the part of the officers of the Gun room Mess of His Majesty's Ship Piedmontaise for exchanging four officers of the Madras European Regiment.—

I have the honor to acknowledge the receipt of Mr. Secretary Bailes' letter of the 2d. Instant with which was transmitted a letter from Messrs. Harrington and Co. dated the 25th. ultimo, and directing me to report my opinion upon the application contained in it.——

2. I have accordingly to state that

133193 Fort St. George 23d. November 1810

that this is an application on the part of
Messrs. Harington and Co. as agents for the
Officers of the Gun Room Mess of His Majes-
ty's Ship Piedmontaise to receive the sum of
Rupees 610 — being the balance of the sum
of Rupees 1,536 — the amount of the allow-
ance granted to officers proceeding on
board of Ship upon Service to four Offi-
cers of the Madras European Regiment
from the date of their embarking at
Madras upon the 6th of May on the
Expedition against the Molucca Islands
to the 9th of August 1810 when the Island
of Banda was taken by the British
Forces, a period of 96 days — of which sum
abovementioned of Rupees 1,536 - a sum
of Rupees 896 - had been previously received
by the Officers of the Gun Room Mess of the
Piedmontaise: —

3. Alth' the calculation and

the

Fort St. George 23d. November 1810.

the rate of charge is correct. and altho' no doubt is entertained of the fact respecting the 4 Officers of the Madras European Regiment having been victualled during the period charged in the Bill annexed however arises regarding the whole amount of the Expence being chargeable to the Company — Because as there is a probability that the detachment of the Madras European Regiment which embarked on the Reed Montano may have proceeded first to Amboyna there in the possession of the British Troops as a place of Rendezvous where it might have been detained for some time before proceeding to the attack of the Island of Banda In which case I should imagine the Officers ought themselves to defray the charge of their Mess Expenses for such period.

4. It may on that account be proper

proper to postpone the payment of this o-
Balance until the circumstance to which
I have alluded is ascertained. —

To the Chief Secretary to Government

Sir,

From the Members of the church committee at masulipatam. In reply to a letter this day's military Board dated 16th July last containing a proposal from Government for the enlargement of the church designed to be built at Masulipatam.

We the Members of the —
Church Committee having this day assembled
at the Commanding Officer's Quarter, beg
most respectfully to acknowledge the
receipt of a Proposal from Government,
as Expressed in a letter through the
Military Board bearing Date the 16th
of July last, for the Enlargement of the
Church designed to be built at this Place,
and tendering its being at the full Expence
of the Completion of that Edifice. Feeling
sensibly

sensibly grateful grateful for so Eligible and beneficial a Proposal, we hesitate not, readily to acquiesce in the fullest manner with it. —

The Committee therefore beg leave to request that Government will appoint a Person to take charge of the money which has been already subscribed on that account, and that it will be further Pleased to solely direct the manage: ment of the future Progress of so desi: rable and Necessary an Object. —

The Committee take this Opportunity of Expressing their Warmest sentiments of Gratitude for the Liberal Assistance afforded them by Sir George Barlow, towards the attainment of an Object of so much importance. —

The Committee cannot con: clude this Letter without apologizing for the

Fort St. George

Sir George

I have the honor, to submit to the consideration, and decision of Government, the accompanying documents, which I received yesterday, in return, for the amount of the abstract

13325 Fort St. George 23d. November 1810.

abstract of my arrears, for back Rank, as duly authenticated by the Adjutant Generals Department, on the face of the abstract and beg leave to observe. —

1st. When I was promoted last march, I was not altogether certain, what I was entitled to draw for, and wrote offic: cially to the Military Paymaster, for information on the subject, and in reply he communicated that I was entitled to draw the difference, between Major Pay and half Batta, and Lieutenant Colonels Pay and Full Batta, as Lieutenant Colonels, are always upon full Batta — and this information, came from the Military auditor Generals Department. —

2. The abstract, was made out accordingly, and after being authenticated, by the Adjutant General presented for Payment, and I received the amount. —

Therefore

13326 Fort St. George 23d. November 1810

3 Therefore, as the present abstract is conformably to the former one, upon what principle, is payment either procrastinated, or refused. —

4th And, I must candidly — confess, I do not comprehend the Extract from the Military Auditor General, as furnished by the — Paymaster, in its bearing upon my case. —

5th As, after I was promoted, I was then posted, to the 1st. of the 2d. and made up the difference from my monthly abstract, to the Officer present commanding the Battalion, his full Batta. —

6th Lieutenant Colonel Cuppage or Lieutenant Colonel Munro or Lieutenant Colonel Martin, or any other Lieutenant Colonel standing to the 1st. of the 15th. Jan., ensue, does not at all apply to me, in the present instance. —

Yours

Fort St. George 23d. November 1810.

7th. I only belonged to the 1st. of the 15th. as a Major, and, merely because back Rank, made me at that period, a Lieutenant Colonel, though not promulgated, and not even known in the Cavalry. it would be hard indeed; if I was to be kept, with the 1st. of the 15th. under another Lieutenant Colonel, for the purpose, of making up Lieutenant Colonel Cuppage's Full Batta. —

8th. If the dispatches from Java, communicating the Casualty's, did not arrive, at an earlier period, that is not my fault. —

9th. As I never was posted to a Corps, as Lieutenant Colonel, until March last the 1st. of the 2d. I conceive, that I have nothing to make up to — another. —

10. They leave entirely to

differ

differ. with the military auditor General, when he observes that I am entitled to Half Batta only, because even when a major is in charge or a Captain, the Lieutenant Colonel is only to make up their Full — Batta, which does not amount to the equivalent of Lieutenant Colonels Full — Batta. —

11th. It is rather a singular case, arising, under the operation, of Retrospective principles, but as a Lieutenant Colonel is entitled to Full Batta, from the date of his Commission according to the orders of Government, I cannot discover upon what grounds, I should be deprived of any advantages, which unforeseen chance has given me, a claim to - I do not presume to say, that I am deserving of it. all I require, is my right. and, should Government be undecided, I have to intreat their favorable consideration

-ing to about 2,000 Pagodas / out of which

13352 Fort St. George 27th November 1810

Read the following letter from the Military Auditor General.—

To the Honorable

Sir George Hilaro Barlow Bart & K.B

Governor in Council

&c. &c. &c.

Honorable Sir,

From the military auditor General - Report upon an application from Captains Ellis and Jordan of H.M. 66th Regt. for the difference between the Company's allowance of Lieutenant & that of Captains from the 4th & 5th of October the day of their respective promotions to the latter Rank until the day of their departure from the Coast to Ceylon - also upon an application in favor of Mr Assistant Surgeon Houghton of the 1st Battalion 24th N.I. for a Monthly Musical allowance in Consequence of thirty Corps having been promoted and attached to that Regiment -

1 I have the honor to acknowledge the receipt of Mr Secretary Peile's letter of the 5th Instant, with which was transmitted an extract from the Proceedings of the Honble the Governor in Council in the Military Department of the 30 Ultimo. In these Proceedings I am directed to report upon an application from Captains Ellis and Jordan of His Majesty's 66th Regiment, to receive the difference between the Company's allowances of Lieutenants and that of Captains from the 4th and 5th of October, the dates of their respective promotion

13353 Fort St. George 27th November 1810

promotion to the latter rank up to the day of their departure from the Coast to return to Ceylon -

2 I have accordingly to state that reference has been had to the Disbursements of Company's allowances to the Kings troops for the period during which the difference of allowances is claimed, and it appears that those of Lieutenants only, have been drawn for these two Officers. -

3 As the Returns of His Majesty's Officers serving under the Government of Ceylon are not furnished to my Department, and as their promotion or Exchange do not in general appear in the orders published by His Excellency the Commander in Chief in India, I required a Certificate from the Officer Commanding the Detachment of His Majesty's 66th Regiment now at the Presidency which I have the honor to forward herewith. -

4 This Document may perhaps be

13354 Fort St. George 27th. November 1810

be considered satisfactory in ascertaining the date of Captains Ellis and Jordan's promotions, and that their promotions had been promulgated under the authority of His Excellency the Governor of Ceylon. But as the G. O. of Your Government under date the 3rd of may last directs that the Company's allowances to the Officers in His Majesty's Regiments serving under this Presidency on obtaining advanced rank retrospectively shall only be drawn by one Officer and that by the Officer who actually did the duty in the rank for which the allowances may be claimed - From what it appears to be necessary before a precise opinion respecting this application can properly be given, to ascertain whether the promotions of Lieutenant Ellis and Jordan to Companies were issued from the War Office or by His Excellency the Governor of Ceylon and whether these Officers performed the duty of the two Captains in the room of whom they had been subsequently promoted. -

To

13355 Fort St George 27th November 1810

5 To substantiate these circumstances it rests with Your Honor in Council to direct either for measures to be taken for procuring that information from the Government of Ceylon or to deem it sufficient to obtain a Certificate from the Officer Commanding the Detachment of His Majestys 68th Regiment now at this Presidency. —

6 From what is directed by the General Order of the 8th of may last it will be evident that the circumstances which I have stated as relative to this application require to be ascertained and which also so far renders the present case dissimilar to those of Majors Lasselles and Dodgin alluded to in the Memorial of Captains Ellis and Jordan now under consideration. —

7 In the same Proceedings of the Honorable the Governor in Council is referred an application in favor of Mr. Assistant Surgeon

13356. Fort St. George 27th November 1810.

Surgeon Houghton attached to the 1st Battalion of the 24th Regiment of Native Infantry for a Monthly Medical allowance in consequence of thirty Ensigns who had been recently promoted and had been Ordered to do duty with that Corps.—

In support of which it is observed that the Medical Board have recommended that Mr Assistant Surgeon Houghton should be permitted to draw an allowance of one Fanam a day for each of these Officers, which for a Month of thirty days is equal to twenty Pagodas Monthly — Which I am inclined to conclude will be considered a proper and reasonable allowance.—

9 There is also recommended by the same authority an additional allowance of fifteen Pagodas as a Cantonment allowance to Mr Houghton.—

Regarding

on me with all deference to the respectability of
the quarter from which that recommendation
proceeds, to state, that in the first place no
allowance on that account appears to have
been solicited on the present occasion, on the letter
from Major Grant in submitting the application
on the part of Mr Assistant Surgeon Houghton
— And secondly it would be introducing a
New charge as hitherto no allowance under that
description has been established at the station
of Wallajahbad, and for which at present there
does not seem to be any urgent necessity, because altho'
it is admitted that Mr Houghton is the only Medical
Officer at Wallajahbad and consequently must have
a considerable portion of duty to perform, it
follows however that his allowances are in the same
proportion - For as Mr Houghton is attached to
the 1st Battalion 5th Regiment of Native Infantry

also

13358 Fort St. George 27th November 1810

also at that station. he accordingly receives the regulated Medical allowance for that Corps as well as the 1st Battalion 24th Regiment these at the present rate of Medical allowances to Native Battns with the subsistence &c. of Mr Houghtons rank and the before mentioned extra allowance for the Cutcherry will give Mr Houghton a Monthly Income of Pagodas 176 which may probably be considered an adequate remuneration for that Medical Officers Services at Wallajahbad - where the only Cantonment - ment staff consists of the Commanding Officer being the Senior Officer of one of the Battalions, a Cantonment - Adjutant and a Conductor of Stores. -

Ordered that a Copy of the foregoing letter be sent to the Commander in Chief and His Excellency requested to call upon the Officer Commanding the Detachment of His Majesty's 66th Regiment now at the Presidency for a Certificate to shew whether the promotions of Lieutenants Ellis and Jourdan to Companies issued from the War Office or His Excellency the Governor of Ceylon, and whether the Officers abovementioned performed the duties of the Captains in whose room they had been –

Resolved that Mr Assistant Surgeon Houghton be permitted to draw an allowance of one Fanam daily for each of the thirty supernumerary Ensigns appointed to do duty with the 24th Regiment Native Infantry at Wallajahbad, but that the additional allowance of fifteen Pagodas monthly recommended by the Medical Board be not granted.—

Honorable Sir

From the military Auditor General. Reports upon an application from Mr Surgeon Sames to be permitted to draw the allowance of a Staff Surgeon during the time he acted in that Capacity to the Vacancy subsisting some with which of the orders of Lieut. Colo. D. Hunter directing Mr Sames to assume the duties of a Staff Surgeon are considered sufficient authority. The military auditor General is not aware of any objection to a compliance.

1 I have the honor to acknowledge the receipt of Mr Secretary Peile's letter of the 8th Instant, with which was transmitted an Extract from the Proceedings of the Honorable the Governor in Council of the 6th. In these Proceedings I am directed

13365 Fort St George 27th November 1810

directed to report upon an application from Mr
Surgeon James to be permitted to draw the allow-
-ances of a Staff Surgeon during the time he acted
in that capacity to the Travancore Subsidiary
Force. —

2 I have accordingly to state that
Mr Surgeon James represents he was by orders
from the Honorable Lieutenant Colonel P Stuart
Commanding in Travancore directed to perform
the duties of Staff Surgeon in that province in the
absence of Mr Gilmour who had been appointed
by Government to that situation, but was then
employed with the field force under Colonel Close.
I apprehend there is some distinction to be drawn
between the present case and the one which recently
occurred in the instance of Mr. Alexander who had
been acting in Malabar in the room of Mr.
Superintending Surgeon Mr Baillie, because,
I cannot but consider that there exists a difference

between

13362 Fort St. George 27th November 1810

between the latter as a regular gradation of rank in the Medical Establishment of this Presidency and the former being that of a Staff Surgeon which is an appointment to which any of the Surgeons of the Establishment may be nominated — A material difference also obtains in the former case of Mr Alexander as the allowances had been drawn by Mr Baillie. but in the present case a Certificate is produced which testifies that the allowances of the Staff Surgeon to the Subsidiary force in Travancore had not been drawn by Mr. Gilmour for the period claimed by Mr. James. —

3 Under these circumstances and if Your Honor in Council shall consider the Orders of the Honorable Lieutenant Colonel Stuart directing Mr James to assume the duties of Staff Surgeon in Travancore,

to

13363

Fort S. George 27th November 1810

to be sufficient authority without having been confirmed by His Excellency the Commander in Chief. Government may, perhaps be induced to accede to the application of Mr James. —

Fort St George

Sir.

From the Adjutant General of the Army in reply to a letter from the Chief Secy. dated 2d November together with several observations thereon; and submitting a draft of a G.O. providing for the Medical Charges of European & native details. also the recommendations of Medical Officers by the Commander in Chief appointed by Government dated 1st October. —

I am directed by the Commander in Chief to acknowledge the receipt of your letter to His Excellency's address under date 2d instant, and to report to You for the information of the Honorable the Governor in Council, that the necessary Arrangements for carrying into effect the

13366 Fort St. George 27th November 1810

the Orders of Government conveyed in the G.O. of the 9th October and Your letter of the 2nd. instant, as far as depend on the Authority of the Commander in Chief have been prepared, and will be immediately published in General Orders. —

In reference to the 4th. 5th and 6th Paragraphs of Your letter of the 2nd instant. His Excellency the Commander in Chief has directed me to state his opinion, that both as it relates to the good of the public Service and the individual interests of the Medical Officers, it will be most advisable to establish as a rule of the Service, that all details of European troops not placed under the Medical charge of any particular Officer, shall receive Medical aid from the Senior Surgeon of the Station at which they may be quartered, who will draw the usual allowances for them, conformably to the Regulations of the Service, and that the

Garrison

Fort St George 27th November 1810.

Garrison Assistant Surgeons shall in like manner afford Medical Aid to all details of Native Troops and followers entitled by the regulations to receive it. —

His Excellency the Commander in Chief is disposed to consider, as before stated, that this Regulation is the most advantageous in its relations both to the good of the Service and the Individual Medical Officers, as it places the European Troops in charge of the more experienced Surgeons, and holds out to them those advantages which their Rank and Services render it proper they should enjoy in preference to the Garrison Assistants, whose situations might otherwise became more enviable than those of of their Superiors — It has however been stated by the Medical Board, that they conceive the plan now proposed by His Excellency the Commander in Chief to be objectionable on account

13368

For St. George 27th November 1810

account of the difficulties which may occur in the transfer of Medicines, Hospital clothing Beds, Wine Servants &c. &c. from one Medical Officer to another when circumstances may render their removal Necessary: or they may be required suddenly to march with their Corps. Yet as its advantages appear to the Commander in Chief to embrace the leading considerations, His Excellency is inclined to give it the preference, reserving to himself the priveledge of Recommending at a future period to the Honorable the Governor in Council such alterations or Modifications as experience may shew to be Necessary or advisable. —

I am also directed by His Excellency the Commander in Chief to submit for the consideration of the Honorable the Governor in Council a Draft of a General

Order

13369

Fort S. George 27th November 1810

Order providing for the Medical charge of —
European and Native Details upon the principle
of the above recommendation, and also for the —
occasional transfer of Medical Stores which the
Regulations direct to be furnished by the Medical
Officers in charge. —

In the Establishment fixed by
the Honorable the Governor in Council for the
Surgeons of this Establishment as communicated
in the 7th Paragraph of Your Letter of the 2nd
Instant, the Numbers is fixed at 57, but as that
includes the Surgeon attached to the Resident
at Poonah, who is amongst the List of Super-
numerary Surgeons, the actual amount of
full Surgeons employed on established duties
will only be 56 and the Number of Supernume-
rary Surgeons including Mr Jeffries attached
to the Resident at Poonah is Ten, making
66 Surgeons at present on the List without

including

13370 Fort S. George 27th November 1810

including Mr Roxburgh.—

The establishment of Assistant Surgeons detailed in the 13th Paragraph of your letter of the 2nd Instant includes but ten for the duties of Garrisons. whereas by the G O of the 9th October His Excellency the Commander in Chief has been called upon to recommend Assistant Surgeons for the duties of Eleven Garrisons. His Excellency has therefore directed me to state his opinion. that this difference has arisen out of a Mistake, and to recommend that Eleven Assistant Surgeons may be allotted to Garrisons. and three only. instead of four for the Presidency duties, as it appears also. that the situations which fall under that head only amount to three Viz.t—

2 Assistant Garrison Surgeon of Fort S. George.

His Excellency the Commander in Chief has also directed me to Notice the intention of the Honorable the Governor in Council expressed in the 15th Paragraph of your letter of the 2nd Instant. to appoint Mr. Mc Kenzie to the Situation of Superintending Surgeon in Mysore in the room of Mr Tait. and to state that Mr Harris who is now employed on foreign Service will on his return by the Seniority of his rank be entitled to that Situation. the Commander in Chief therefore recommends that Mr Harris may be appointed to Mysore and Mr Mc Kinzie to act during his absence.

Honorable Sir,

We have the honor to acknow-
-ledge the receipt of a letter from the Secretary
to Government in the Military Department
under date the 6th November, and to report
that the adjustment of the accounts for Salt
provisions furnished by Messrs. Palmer and
Co. shall proceed upon the principles laid
down in the Contract of a letter from the
Chief Secretary to the Supreme Government
which accompanied the Secretary's letter of
the above date.—

2 In reference to the 5th Paragr-
-aph of Mr Secretary Peile's letter under
date the 30th October, we have the honor to
state

From the Military Board Report that the adjustment of the Accounts for Salt Provisions furnished by Messrs Palmer & Co. shall proceed upon the principles laid down in the extract of a letter from the Chief Secretary to the Supreme Government which accompanied the Military Secretary's letter 6th November—In reference to a Communication made relative to the Mustagy to be allowed persons in charge of Stores on Indiamen or Transports. The Board are of opinion no fixed rate can be established & recommend that the Officer in Charge be authorized to write off his Books the quantity which may be found deficient on return for payment bills incurred on account of the boat establishment at Goa and submit a Minute of the Military Auditor Genl. relating thereto. The Board recommend that 200 Pagodas may be authorized for the purchase of Lieutenant Warburton's house at Bangalore—it being a convenient situation for the accommodation of two Staff Sergeants. Report that a house has been engaged at the monthly rent of 12 Pagodas by Colonel Wilkinson for the native sick of the troops at Pallamcottah. The Board

13392

Fort S. George 27th November 1810

Board recommend the measure be approved - Submit a discription roll of a Store Lascar lately returned from Candy in Ceylon where he was prisoner since 1809 recommend that he be allowed full pay and batta from that period - and mention the Board's opinion that the Sum paid to the Lascars family should be deducted from his arrears. —

State our opinion that no fixed rate of wastage can be established as an allowance to persons in charge of Stores on board of Indiamen, or Transports, because the wastage on board Ships must at all times be uncertain, and may arise from accounts either of Stowage or other incidents to which many articles would be subject, that would not occur on land, and there are also several articles of Stow upon which no probable wastage would be found to arise from the nature of the Carriage; exclusive of these circumstances we are of opinion that the plan suggested might on some occasion furnish an inducement to the Pursers or Commanders of Transports to incur an extraordinary degree of wastage; for instance, supposing the price of rice to be three times dearer at the Isle of France than at Madras, it would be

13393 Fort St. George 27th November 1810

be the interest of the persons in charge to pay
for what they might be able to charge for
as wasted, at the rate of double its prime
cost, because after paying that amount
they would still have it in their power to
realize the first Value of what they might
thus be enabled to charge as wastage. Instead
therefore of adopting a fixed rate we would
beg leave to recommend that the wastage which
may actually occur be ascertained by actual
Survey, and that the Officer in charge be
authorized to write off his Books the quan-
= tity which may be found deficient.—

3 We have now the honor to
return and recommend for payment the bills
for expences incurred on account of the boat
Establishment at Goa; which accompanied
Mr Secretary Peile's letter of the 14th September

Copy of a Minute of the Military Auditor General on the subject of that Establishment, as we have not before us sufficient information to decide upon the Nature or Number of the Boats which it may be necessary to keep up at Goa, we shall at a future period do ourselves the Honor of submitting to Your Honor in Council our Sentiments upon the subject.—

4 The Quarter Master General of the Army having laid before us a proposal made by Lieutenant Warburton of the 17th Regiment Native Infantry for the sale of his house at Bangalore, which is stated to be conveniently situated near the Barracks and to be well adapted for the accommodation of two Staff Serjeants, we directed the Officer Commanding at that Station to assemble a Committee of Survey on the

Building

Building; the Proceedings of the Committee have been laid before us, and as the house appears to answer the discription and the price is reported by the Chief Engineer to be reasonable, we beg leave to recommend to your Honor in Council that the Sum of Pagodas 200 may be authorized for the purchase of that quarter.

The Officer Commanding the Southern Division of the Army having reported to us that there was no accommodation for the Native Sick of the Troops stationed at Pallamcottah, We directed that a house at a small monthly rent should be rented until further Orders: We have in consequence received a communication from that Officer, that the only house at Pallamcottah which is adapted for the purpose of a Native Hospital is the property of a Native who

demanded

13396 Fort St. George 27th November 1810

demanded a monthly rent of Pagodas 12. and that he had authorized the Officer Commanding at that station to engage it on those terms — during the Monsoon. We have the honor to recommend that the Measure which has been adopted by Colonel Wilkinson may receive the approbation of Your Honor in Council. —

We beg leave to submit to Your Honor in Council, a description roll of a Store Lascar lately returned from Candy in Ceylon where he has been detained since the Year 1803 as a prisoner of war: and we have the honor to recommend that this Lascar may be allowed his full pay and batta from the same period, from which the Store Lascars who were in the same predicament with him have been authorized to draw their arrears: under

Minute of the Military Auditor
General respecting the Boat Establishment
at Goa.—

The Military Auditor
General has perused the papers relating to
the Boat Establishment at Goa which —

were

13398 Fort St. George 27th November 1810.

were forwarded with the letter from the Secretary to Government in the Military Department under date the 14th Ultimo. also the letter and papers forwarded by the Officer Commanding the British Troops at that Settlement, and having had reference to the correspondence and papers regarding this Establishment which were forwarded by Sir William Clarke formerly Commanding at Goa to General Stuart then Commander in Chief and which were submitted by him to Government in the month of December 1803. together with the Orders of Government which followed upon these Documents in the end of the Year 1803 and in the beginning of the Year 1804, The Military Auditor General has accordingly the honor to State that the expense of Keeping up the establishment of Boats at Goa including charges for repairs &c. Amounts as now propo-

-sed

13399 Fort S. George 27th November 1810

proposed to nearly 2,000 Rupees per mensem —
It appears that Government on December 1803
was pleased at the recommendation of the
then Commander in Chief to sanction an —
Establishment of boats to be kept up at Goa
and to authorize a Disbursement of Rupees
1,094 Monthly which comprized a Salary of
300 Rupees to the Superintendant, a Salary of
50 Rupees each, to two Assistants, the pay to
Tindals and Lascars and an allowance of one
Rupee for Oil for each of the Boats which
is 100 Rupees per month more than what is
now proposed to be the Establishment, being
the Monthly Salary of the two Assistants
at 50 Rupees each, who are not now included
in the Returns. —

The expediency which
appeared to Government for Keeping up
that Establishment at the period beforemen-

-tioned

13400

Fort St. George 27th November 1810

Before mentioned the Military Auditor General apprehends may perhaps be still urgent. but he cannot but at the same time observe that the services of an extensive Establishment of this nature do not appear absolutely necessary to be confined to the sole purpose of the movement of the Troops. to or from the station of Goa, and its dependencies. or the transport of Grain and provisions for their use. which can only be occasionally requisite. and as it is probable that at so considerable a commercial Settlement as Goa. the Boats with their Crews might be hired out for the use of Merchants or might be employed for private convenience and other purposes at certain rates. from which a Revenue might be derived to the public. —

With respect to the Bills transmitted with Mr Secretary Peile's letter.

Signed

13401 Fort St. George 27th November 1810

signed by a Mr Rogs Jacob Budds being charges for repairing and painting the Boats in the Months of March and April last. — amounting to Rupees 1.263. and which the Paymaster reported were the usual incidental charges - The Military Auditor General has to state for the information of the Board and of Government, that after an examination of the Disbursements at Goa from December 1803 to July 1805. being a period when the Military Expenses at that Settlement had been defrayed by the Presidency of Fort St George, no charges of that discription appear to have been incurred - and the Military Auditor General has further to observe on this point, that it is stated in a letter to Government from the late Sir William Clarke when Commanding at Goa Dated 20th May 1804 that he would

from

13402 For St George 27th November 1810

from that date reduce the Boat Establishment to the 1st of August following by discharging five Boatmen from each Vessel, and would Only retain the Coxswain and the other Boatmen for the purpose of repairing, Caulking and Keeping the Boats in Order. From which circumstances the Military Auditor General begs leave to recommend that the same practice may again be resorted to, in place of the public being Subjected to the expensive charges exhibited in the Bills above-mentioned, More particularly as it

is

13403 Fort St George 27th November 1810

is believed no charges of a similar Nature are incurred in the Boat Department at this Presidency. And the Military Aud.r General is of opinion that a Superintending control for regulating this Boat Establishment, as well as supplying any requisite Artiles — should be Vested in the Commissariat. —

Honorable Sir,

Since the publication of the
G O by Government under date the 10th of October
last. which authorized the payment of 2/3ds of the
Shares of Effreckannys for the Years 1806. 1807. 1808.
and 1809 to the Officers in India entitled to receive
the Amount. the accompanying application has
been forwarded from Messrs Binny and Dinnison
Executors to the Estate of the late Captain J.
Fitzpatrick for the 2/3rds of the shares of Eff-
-reckannys for the above Years. due to that
Officer as Commanding the 2nd Battalion of
Pioneers.—

This

-tained to be depo-
-sited in the Military
Paymaster's Office at
the Presidency should be
recalled and cancelled -

13408

Fort S. George 27th November 1810.

2 This application is supported by the requisite Certificates from the Office of the Adjutant General stating that Captain Fitzpatrick Commanded the Corps abovementioned and is consequently entitled to share in the Affreekanings Fund for the period claimed. —

3 Having ascertained that no part of the Shares of Affreekanings for the Years 180 8. and 9 have been paid on account of Captain Fitzpatrick, it may be proper in conformity with the abovementioned General Order to comply with this application which amounts to Pagodas 2.66 being the average amount of 2/30ths of a share for the period claimed, computed from the amount of those of preceding Years. —

4 I avail myself of this occasion to bring to the notice of Your Honor in Council that by the Mode for adjusting the shares of Affreekonings to Officers residing in England,

it is —

Fort St George 27th November 1810

it is directed that they shall receive the sum of £ 500 annually in part payment of their shares, until the final adjustment of them takes place- I therefore beg leave to suggest that the Bonds as per Accompanying List, which I have ascertained are at present deposited in the Office of the Military Paymaster at the Presidency should be recalled and cancelled, as it is concluded that the Officers to whom they were granted being resident in England have there received the amount.-

From the Military Auditor General - Reports that he has issued instructions for cancelling certain family Certificates, and suspending the payments of others granted by troops on Foreign service until further orders - suggests a ly Q on the subject of family payments. -

Honorable Sir,

I have the honor to acknowledge the receipt of Mr Secretary Peile's letter dated the 14th Instant, accompanied by the Proceed-
- ings

12418

Fort S. George 27th November 1810

Proceedings of a Committee appointed to enquire into the Validity of certain claims on account of Family Certificates - In obedience to the Orders contained in the above letter, I have given Instructions" that the whole of the "Family Certificates which have been produc- "ed to the Committee shall be withdrawn "and cancelled from the date up to which "they may have been paid respectively and "that no payment shall be made in future "upon any family Certificates granted by "Troops which proceeded on foreign service "to the Eastward prior to the Year 1809" untile further Orders. —

2 Having also in Obedience to the Instructions contained in the 7th Paragraph of the above letter, had reference to Disbursements made to the Troops at Malacca and Prince of Wales's Island

for

13419

Fort St. George 27th November 1810

for the purpose /as directed/ of comparing the List of Tent and Store Lascars reported to be still on duty at Malacca with the Muster Rolls of General Rolls of Family Certificates transmitted from these Settlements. I have to state that there appears by those accounts to be only one Tindal and three Lascars of the above description for whom pay is drawn, but no stoppage whatever on account of Family Certificates has been credited on the account. —

3 Under these circumstances it will probably be deemed expedient by Your Honorable Board to give instruc= =tions to furnish with the least possible delay a correct Return of Troops and Lascars belonging to this Presidency who may be at those places accompanied by a List of such Family Certificates payable on the

Coast

13420

Fort S. George 27th. November 1810

Coast as may have been granted by them and for which stoppages may be made from their pay: the letters which were addressed on two different occasions from this Office some time since, not having met the desired attention, for without this information it will be impossible to regulate those payments in the manner desired. —

4 I take this opportunity of representing that as one of the objects which formerly induced Government to appoint Officers specially for the payment of Family Certificates was to ensure the Superintendance of an Officer in the payment of the Families, it may still be desirable to preserve that useful check on those payments to ensure the regularity of the payments to the families to whom great attention on this account is due — I accordingly beg leave to suggest that a G O

may

13421 Fort St. George 27th November 1810

may be published directing that all family payments shall be made under the superintendance of Commanding or Staff Officers of Stations, and that a Certificate in the ** annexed form shall be required to substantiate the charges of family payments on the accounts of Paymasters. Certificates of Commanding or Staff Officers to be at the Foot of the Lists of Family payments which are to be made out each month by Paymasters from their actual payments corresponding with the Rolls and family Certificates left by Corps. –

I hereby Certify that the payment of all the above family Certificates of the – Company, – Battalion, – Regiment, – Native Infantry was actually Made in my presence to the holder of the Certificates and that they each received the full sum affixed to their Names respectively. –

I shall

Sir.

From the Secretary to the Government of Bombay— Transmits Copy of a Dispatch from His Excellency Sir H. Jones dated 12 August last on the Subject of the audit of Lt. Willocks abstracts they having been considered on a first application by the Military Auditor General Madras to be inadmissible.—

I am directed by the Honorable the Governor in Council to transmit to you, for the purpose of being laid before the Honorable the Governor in Council at Fort S. Honorable Sir,

I have the honor to enclose for the information of Your Honorable Board the Copy of a letter and its enclosures which I have this morning received from Lieutenant Willock. —

From these papers the Honble Board will perceive the foundation on which Lieutenant Willock was directed by me to draw the Gratuity for himself and the Men composing my escort. —

There can be no doubt the

Pay

13449

Fort S. George 27th November 1810

Pay and allowances which might be in one Country extravagant and unnecessary to troops might from the difference in the price of provisions not be competent to affording them a sub-
=sistance in another. especially when the different extra expences which an Indian in a cold climate must unavoidably incur to support his existence are superadded - The fact is, that the escorts lately attached to this Mission even with the Gratuity now objected to would not have been able at times either in the Kings Camp and certainly not in the winter to have supported themselves had they not received as occasion required other assistance from me. -

I presume therefore it is the mode and not the payment itself that is objected to by the Military Auditor General at Madras. because there would be both =

absurdity

13450 Fort S. George 27th November 1810

absurdity and cruelty in sending Men some —
thousand Miles. from their Country. into a climate
as cold as that of St. Petersburgh without —
affording them the means of proper subsistence —
I request therefore Your Honorable Board will
take the Necessary Measures. for procuring the
regular audit of Lt. Willocks abstracts either by
carrying this Gratuity to the head of contingent
charges or by any other that appear to You more
regular and proper. It seems a proper opportunity
to mention also. that if I am mistaken and
it is the payment itself and not the mode
of it. which is objected to. it will be highly
humane. to avoid hereafter sending any Indian
troops to this Country either to serve as an
escort or. on any Service whatever. —

I should have presumed my
Order to Lieutenant Willock to act as —
Persian Translator to His Majestys mission,

a

13457

Fort S. George 27th November 1810

a Copy of which was transmitted to India was quite sufficient to have warranted the payment to him of the Salary I had attached to it.- It is proper however to mention that when I fixed his allowance at Rupees 100 per mensem I considered that he drew the Gratuity objected to in the Military Auditor Generals letter- If the Gratuity is inadmissible in this shape. I desire that Lieutenant Wallock may draw from the Month of December 1808 to July 1810 inclusive- the sum of Rupees 170 per mensem as Persian translator to His Majestys Mission. and from that period that he may draw the sum of three hundred Rupees per mensem as Persian Translator and Second Assistant to this Mission. to which Office I appointed him on the 1st August 1810.-

If

You will find they are very moderate. and if your Honorable Board. will have the Goodness to recollect the escord marched with me from Bushire in the dead of Winter and that they passed with me last Winter at Fabreze the most Severe Winter I ever experienced not excepting those in the north of Europe. I flatter myself the Board will judge the Gratuity paid them was absolutely necessary. —

Resolved in Conformity to the Recommendation of the Commander in Chief that the Officers Mentioned in

in the foregoing letter be permitted to draw pay for the period they were returned absent without leave.

To J. A. Pile Esq.

Secretary to Government.

Sir,

I have the honor to forward, by desire of the Commander in Chief, Proceedings of the Medical Board No. 1 and 2. under date the 22d. of November 1810, and to request you will lay them before the Honorable the Governor in Council.-

from the Military Secy to Lt Colonel Commanding the Commander in Chief submits the proceedings of the Medical Board No. 1. and 2 under date 22 November 22d. Submitting a proposal from that Board for the Education of a certain number of Boys to qualify them for a gradual advancement to the Station of Sub-Assistant Surgeon.-

In submitting to the Consideration of the Governor in Council the Proposal of the Medical Board for the Education of a certain number of Boys to qualify them for a gradual advancement to the very useful Station of Sub Assistant Surgeons, the Commander in Chief thinks it necessary to state his opinion that

a.

13478 Fort St. George 30th November 1810.

a modification of the Plan may be adopted with every prospect of advantage to the Service, and at an expense which he conceives the benefit to be derived from the measure would fully compensate. The object being the gradual introduction of well qualified young men to the situation of Principal Dressers in Corps of the Native Establishment, with a view to their progressive advancement to the rank of Sub Assistant Surgeons, the Number proposed to be at first placed on General Hospitals at the public expence, seems to be unnecessarily large, as they can only with propriety be appointed Dressers when vacancies occur for such appointments in Corps. Of twenty (20) Boys therefore, are placed in the General Hospitals, on the terms stated by the Medical Board, and that Number is kept up, by the reception of others, as

13479 Fort St. George 30th November 1810.

as vacancies occur by the selection of those first instructed, to be attached to Corps; the object may, in the opinion of the Commander in Chief, be attained in a few years, at the expense of 120 Pagodas Monthly to the Government.

Should the proposal meet the approbation of the Government it will be necessary that Regulations as to the age at which Boys should be admitted and the Principles which are to guide their selection for Corps, and Subsequent promotion, should be prepared by the Medical Board, and established under the authority of the Governor in Council.

I am directed by the Commander in Chief to request you will submit these observations to the Honorable the Governor in

Medical Board

23d Novr. 1810.

Proceedings of the Medical Board - Reporting casualties which reduce the number of Sub Assistant Surgeons to 20, at which they recommend the number to be fixed. Submit a proposal for educating 60 Boys (to be taken from the charity Schools) in the medical Profession to fill the Situations of Sub Assistant Surgeon with suggestions, that have occurred on the Subject - Resolutions of Council thereon, and=

=noted. -

The Medical Board have to report to His Excellency the Commander in Chief and Government, the death of Sub Assistant Surgeon Veitch at the General Hospital on the 19th Instant - this with the dismissal of Francis Gabriel for Drunkenness, reduces the list of Effective Subassistant Surgeons to 20. a Number at which the Medical Board would recommend the List of them to be fixed. The utility of this subordinate

ordered that the Establishment of Sub Assistant Surgeons be fixed at the Number recommended by the Medical Board, viz.t Twenty.

To the Adjutant General

of the Army,

Fort St. George

Sir,

I have to Acknowledge the Receipt of your letter, under Date the 15th Instant and lose no time in conveying (thro' you) to His Excellency the Commander in Chief my Sentiments and observations, with regard to Lieutenant Rollestone of this Corps.-

Under the painful conviction that he can never prove an efficient Soldier I think it my duty to state, that since his return, (altho' his Conduct has not been marked by that outrageous violence, which caused his being sent to England in 1805) he has clearly evinced a Wildness and imbecility of Mind, which renders him totally unfit to be entrusted even with the charge of a Company or a guard. He has no Idea-

of

13529

Fort St. George. 30th November 1818.—

of time, cannot March, or come, nor does he im-
prove with instructions: and the most unfor-
tunate circumstance, is that he is at present
the Senior Subaltern for duty with the
Corps, and as I command a Brigade at Field
Exercise and the Officer Commanding the Di-
vision has ordered that on all occasions the
two Senior Officers for duty (besides the Ad-
-jutant) should be mounted (from whom
particular Activity and precision is expec-
-ted) he ought to be acting as a Mounted
Officer when he was no more Idea of his
duty than an Infant.—

Lieutenant Perkins, returning
from "Sick Absence", is Senior to him: but on
whom he is unwell or on other Duties, Lieute-
-nant R. would still be entitled, from his
Rank, to a Situation, which I cannot per-
-mit him to assume, without Materially
affecting the Discipline of the Corps.—

In

(3530) Fort St. George 30th November 1810.

In further proof of the State of this unfortunate young man's mind; I must observe, that he is the Dupe of every designing creature and never has cash in his Possession or a Decent Article of Dress to put on - he has no fixed place of living and when hungry, goes about in quest of a Meal and partakes it, without Ceremony, with any Person whom he happens to find that way employed.

It therefore in my humble opinion, would be a great Kindness to put him on the non Effective List and Station him under some careful Person, who would look after him and attend to his wants, which are, luckily very few.

The two Entries in question for which Mr. M.Dowall does not Consider himself answerable are first for a Sum advanced to His Majestys Troops and for which the late Paymaster of Company allowances to the Kings Troops Mr. Roebuck has debited that Gentleman. Mr. M.Dowall denies his ever having received the letters of Retrenchment or Knowing any thing of the Circumstance relative to these Expences, under the impression that the letters might have Miscarried Reference to the Records of the Office and made enquiries from the Accountant of the Office, but have not been able to trace any document ever having been Sent to Mr. M.Dowall or that he could have Knowledge Such a Sum was at his debit until called upon by

13533 Fort St. George 30th November 1810

me for the payment as it appears that Mr. McDowall has neither the advance of this Sum of 1474-40-12 Pagodas or the means of Recovery, it will be best just that the Amount be passed to the debit of the late Paymaster of Company's allowances to the Kings Troops Mr. Roebuck, and for which I request the Sanction of Government.

I trust the Honorable the Governor in Council will likewise sanction my transfer of 140: 36: 60 Pagodas to the Debit of Captain Marshall as Mr. McDowall is likewise unacquainted with the Circumstances of this advance as is obvious from the letters that have passed between Captain Marshall and this Office as Mr. McDowall has offered to pay his balance when Government have decided on this question, I await your orders

Fort St. George.

Sir,

I have the Honor to acknowledge the Receipt of your letter of the 9th of June 1809 enclosing Copy of a Receipt which I passed in the year 1798. for a sum of Money drawn on Account from the Military Paymaster General's Office, and requesting that I will inform you to whom my Regular abstracts were given in, after that transaction.-

In reply beg to acquaint you that I had not any opportunity of giving in Regular abstracts, untill June 1799.- when I returned

Fort St. George 30th. November 1810.

I returned to the Presidency of Madras, with a Detachment of the 1st. European Regiment, when I gave in Abstracts and drew pay at the Madras. but my Accounts were not finally agjusted until the Month of Septmber in the Same year, when Mr. Skardon Pay=master of Bellow furnished me with a Statement of Account prepared in the Office of the Military Auditor General, this Account brought me in Debtor in a Consi=derable Sum, which I paid and received from Mr. Skardon, a Certificate purport=ing, that no further demand existed against me in the Audit or Pay Departments.

I hope this explanation will enable you to trace out the Account, so as to relieve Mr. John M.Dowall, from whom I never drew pay, neither did I ever present abstracts to him not having Joined the 1st. European Regiment, while it remained on Ceylon.

Sir,

I have the honor to acknowledge the receipt of your letter of the 20th July last in consequence of which I have had the Records of my Office examined to ascertain at what period the refund was made by you.

It appears from the Accounts sent to this Office that the Arrears due to you were discharged at the Presidency in full without any deduction or Credit by the Paymaster and that a small sum only was paid to you at Vellore.

The enclosed is a Statement of the Abstracts discharged by the Presidency Paymaster and the Paymaster at Vellore which may enable you to fix the Office at which you paid the advance.

I request your early Reply as in the event of the Payment not being cleared up you must be aware it will stand to your debit.

Order

Resolution thereon

Resolved that the pensions recommended in the foregoing letter be granted from the Native pension fund and that Copies of the same with the requisite instructions on the subject be sent to the Accountant General and Civil Auditor.

To S. H. Pulo Esq.

Secretary to Government in the Military Department.

Sir,

1. I request you will submit to the Honorable the Governor in Council, that the Assistant Commissary in Charge with the Department of Public Cattle, has transmitted to me a Report of his having received from the Acting Resident in Mysore, an intimation that four hundred and eleven calves are ready to be delivered from the breeding Establishment.

2. Captain Harvey has stated in his Report from the Commissary General, states that

" " " " "

the Assistant Commissary in charge of the public Cattle has transmitted a Report of his having received from the Acting Resident in Mysore an intimation that four hundred and eleven Calves are ready to be delivered from the breeding establishment with remarks respecting the keeping them up for work.

for

135493 Fort St. George 30th November 1810.

for my information that the Calves may be "Offered at the age of one and a half year and "upwards, and are usually offered at the age "of two and three years and upwards", He also states that the expense of each Calf until fit for a working, that is, until four years old and upwards, may be calculated at the rate of 1 Pagoda per Mensem. He has therefore referred for my decision, whether or not any Calves should be rejected on the ground of their being under age; and if so, at what age they should be received for the Service of the Kharkhanah Depart: =ment.—

3. As I have not yet been placed in possession of the Records which belong to the Department of Public Cattle I have had Recourse to the Office of the Quarter Master General of the Army, for such information as appeared to me

be necessary to enable me to decide on the question in above state and having observed from a letter of the Acting Resident to the Chief Secretary of Government under date the 2d June last, that the Dewan of the Government of Mysore, had proposed to continue the young cattle at the grazing farms without any additional expense, until they should be four years old I have considered it of advantage to the public interests, to desire that Captain Harvey would at the next tender of young cattle, receive none that should be under that age.—

4 It appears by the original Regulations for the delivery of Calves from the breeding establishment in mysore, which were framed with the Concurrence of the Dewan, that such of them as might be rejected when offered for the Service of the Honorable Company should be considered at the disposal of the Mysore

Govt

Government; but on the Ground of the late proposal from the Dewans, to keep them at the grazing farms until they should be four years of Age, I have concluded that such as may not be received by Captain Harvey on account of their being under that age, will not now be considered as having been finally rejected. I have accordingly expressed to him my sentiments to that effect, but in order to prevent the occurrence of any misunderstanding on this subject, I may perhaps be considered necessary, that some communication should be made to the Acting Resident. I have therefore the honor to request, that you will suggest that measure for the consideration of the Honorable the Governor in Council.

5. I have the honor to express my hope, that the orders which I have now

Repo

reported to have given to the Officer in charge
of the Department of Public Cattle, may
Meet with the Approbation of the Honorable
the Governor in Council. I request you will
state, that I have been induced to act without
a previous reference, from the Consideration
of its being intended to offer the Calves for
the Service of the Kharkhanah department
at the Commencement of the ensuing Month
as well as from the Conviction, that the
Public Service would be benefited by taking
advantage of the Proposals which has been
made by the Dewan.—

6. The letter from the Acting
Resident to which I have alluded in the above,
Contains Several propositions for the
improvement of the breed of the public
Cattle in Mysore, which Appear to me
deserving of the Consideration of the Govern-
ment, and having understood, that

these
