9159 Fort St. George — June 1811.

Diary

26th Received the following Letter

To William Thackeray Esqr.

Chief Secretary to Government

Fort St. George

Sir,

From Lieutenant Colonel R. Fletcher a detailed account of his operations against the Rebel forces

I have the honor to State to you — that in pursuance of the plan of operations detailed in my Letter of the 11th Instant I established a post at Singapooram on the afternoon of the 14th — this post being in view and about a Mile distant from the first Barrier at Semparavattah the principal Strong hold of the Insurgents produced the effect I designed of leading them to believe that I had determined on assaulting those Barriers directly in front and consequently of fixing their attention at the Barriers during the night of the 14th.

Having previously dispatched

orders

9160 Fort St. George — June 1811

orders to Major Shaw to move his Detachment from Paleondah as soon as it was dark, his Division and that under my personal direction at Veragottam were accordingly put in motion on the evening of the 12th Instant for the purpose of turning the flanks of the enemy during the night and of gaining if possible before break of day a point immediately in the rear of Meanacottah where the rebel Vezeram Rauze was posted. —

The utmost exertions of the two Divisions to join by their several routes the assigned point during the night proved unavailing. My own Division after making extraordinary efforts reached Meanacottah at 8 Oclock the following Morning. The Division from Paleondah reached that post some hours after I had quitted it for the purpose of descending the heights to fall upon the rear of the Barriers at Tempracottah —

Vezeram

Fort St. George — June 1811

Vezeeram Rauze in avoiding my division at Meeraattah fell in Sud= =denly with the division from Paulconidah coming round the brow of a Hill — That Division thus became partially engaged had 1 Rank and file killed, 1 Drummer and 3 Rank and file wounded.—

On my arrival at the rear — of the Barriers at Sempracottah about 2 — Oclock P. M. I found them deserted. Here I was Joined by the Division from Paleon= =dah the same evening.—

The first Barrier consists of a thick embankment with strong Bamboo bushes growing all along its front — The second Barrier is about 300 yards in rear of the first and consists of a thick and a Strong embankment about 12 feet high with a breast work composed of Stones — and Strong Bamboo wastings filled up with

Fort St. George — June 1811.

with straw probably with the view of break-
=ing the force of Shot. His Barrier is flanked
with abrupt inaccessible hills distant from
each other about 500 Yards and Commands —
completely the first Barrier about 300 Yards
in its front.—

The possession of three Barriers
and of a quantity of grain stored by the In-
=surgents at Sempracottah may probably alone
produce the effect of dispersing them —

I have left a Detachment —
of the 1st Battalion 10th Regiment and a —
Detail of Gun Lascars acting as Pioneers under
the orders of Captain Saltwell of the 10th
Regiment to destroy the whole of the defences
on the Barriers. To level the embankments
would be a very tedious and laborious under-
=taking.—

The Division that Marches
from Veraigottam having to pursue a tract

Fort S. George — June 1811.

inaccessible to Horses or beasts of burthen both Officers and men were obliged to walk the whole of the way with hardly any intermission from the evening of the 14th Instant till near 3 O'clock in the afternoon of the following day.—

The whole of the Detachment under my Orders are eminently entitled to my approbation for the uncommon exertions made by every Individual on this trying occasion.—

Lieutenant Perards has recently been removed from His Majesty's 14th to the 67th Regiment, and never having served under the Presidency of Bombay, he is unable to declare precisely, either the exact amount of his Monthly Pay, or the different heads under which it is granted as however the Sum for which he has applied in the first Paragraph of his Letter does not appear to be greater than is probably granted to a Lieutenant by the Bombay Government, the Commander of the

the Medical Board dated 27th May 1811 with Copy of letter to which it refers from Garrison Asst. Surgeon Masulipatam regarding proper duties connected with that appointment. Major General Peterswggests the publication of a G: O: explanatory of G: O: by Government 8 dated 28: November last—

for the Consideration of the Honorable the Governor in Council, the accompanying Extract from the Proceedings of the Medical Board dated the 27th. Instant, with copy of the Letter to which that Extract refers.—

These Documents contain an application from the Garrison Assistant Surgeon at Masulipatam for a definition of the General Order By Government of the 28th. November last, which appears, in this instance at least, not to have been distinctly understood.—

The Officer Commanding the Army would not on this occasion have referred the matter in discussion for the consideration of Government had he not thought it expedient to suggest that the publication of a General Order explanatory of the above mentioned General Order, would preclude the future possibility of references on that Head.—

In

9179

Fort S.t George 28.th June 1814.

In recommending the adoption of this measure, Major General Pater thinks it incumbent on him to state his own opinion with regard to the relative Duties of the Senior Regimental Surgeon and Assistant Garrison Surgeon, which is at variance with that expressed by the Medical Board in the Extract of their Proceedings which accompanies this letter.

He Offers Commanding the Army does not consider the Garrison Staff in the light of a Detachment or a Detail - Neither does he think that Pensioners residing at a Station can be comprehended under this head - The latter are attached to the Garrison, but not Detached from the Head Quarters of any Regiment or other Military Body.

Under this view of the subject Major General Pater conceives that the

Honble Sir,

From the Military Aud. General. Stating that of the Claim preferred by Captain Bagshaw for per Centage upon 38133. 5. 7. expended under his Superintendance only 709. 36. 5. can be admitted the remainder being expended in a work which it is a Pioneers duty to perform for which he receives additional Allowances.

1. I have the honor to acknowledge the receipt of Mr. Secretary Pickle's letter of the 11th Instant with which was transmitted for consideration and Report an Application from Captain Bagshaw lately Commanding the 1st Battalion of Pioneers for remuneration on account of sums expended on certain Works executed under his Superintendance at the stations of Vellore and Arcot, contained in a letter from that Officer to the Military Board dated in May last.

2. I have accordingly to state that the present application which has been preferred by Captain Bagshaw to the

a claim to be allowed a per Centage or

out and deepening the Ditch which
surrounds the Fortress of Vellore and
clearing away the decayed and unne-
-cessary buildings in its vicinity —
And also in erecting some temporary
Barracks at the Cantonment of Arcot.—

3. The letter from Captain
Bagshaw concludes with requesting that
the Military Board would recommend
his application to be remunerated
with a per Centage as Commission on
the sum expended to the favorable
consideration of your Honor in Coun-

4. This Application it would appear had before been preferred and submitted to Government thro' the Channel of His Excellency the Commander in Chief in november 1808, and was then grounded upon a Precedent in the Case of Captain Heitland of the Corps of Pioneers who had been employed in setting up temporary Barracks and an Hospital at Poonah in the year 1803. on which were expended Rupees 1464. on which, Commission at the rate of 8 per Cent is entered in the Copy of an Account of receipts and Disbursements Signed by that Officer.—

5. Upon the present occasion Captain Bagshaw adduces the recent instance of Captain Bowes of the Pioneers to whom Government was pleased at the recommendation of the Military Board to bestow the sum of Pagodas 300. " " as a remuneration

remuneration for Superintending the
erecting of temporary Barracks at Trulnah.

6. Upon an examination
of the Account of Expenditure submitted
by Captain Bagshawe Amounting to the
sum of Pagodas 38,133 " — 5 " — 7. it appears
that the sum of Pagodas 709 " — 36 " — 6 —
had been expended in erecting the
temporary Barracks at Arcot, upon
which sum only, in conformity with the
Precedents adduced it seems that Captain
Bagshawe's claim to any Compensation
as Commission, Can be admitted, and as
by the then existing Regulations Captains
of Engineers received a Commission at the
rate of 8 per Cent upon their Expenditure
upon public Works - it may accordingly
be the pleasure of your Honor in Council
to admit Captain Bagshawes applica-
tion at the same rate which will be

7. And with respect to any claim to Commission on the remaining sum of Pagodas 37,423 — 14 — 8. expended in clearing out and deepening the Ditch at Villore and in the levelling and removing unnecessary buildings &c I apprehend it to be objectionable, as I cannot but consider the levelling and Superintendance of which works, as forming a part of the duty of a Pioneer officer while being in the receipt of double Pay and full Batta, these allowances it is to be concluded are granted and ought to be considered as the Compensation from the Public, for the performance of that Duty.—

To the Chief Secretary to Government

Sir,

From the Accountant Gennal—Enclosing a Statement of the advances made by the Residents at Hydrabad during the war against the Confederated Mahratta Chiefs and an extract of a Letter to the Accountt Gennal from Mr. C. Russel Acting Resident on the subject of the examinated Accounts.—

Para 1. In the course of adjusting the Accounts of the Residency of Hydrabad as connected with the Genral Books, I have had occasion to refer to Government different transactions which required its specific sanction. By means of these authorities, and of information recently obtained from Hydrabad, those Accounts have now — after a very long and laborious investigation been closed, and every transaction belonging to them adjusted, with the exception of the expences to which I now beg to request the notice of the Honorable the Governor in Council.—

In

9200

Fort St. George 28th June 1811

2. In the War against the Confederated Mahratta Chiefs, the Treasury of the Resident at Hydrabad was the channel through which were forwarded nearly all the supplies made to the Armies then in the Field. For the greater part of the Expences incurred in providing those supplies the Residents obtained the Bills of the Paymasters and Commissaries of the different Divisions of the Army, by means of which the Disbursements became transferred to the Military Department, and, upon the Authority of the Statements of Charges furnished by the Residents, were regularly passed to the general Account of that War.

3. It would appear, however, that after this mode of adjusting the Military supplies had prevailed for a length of time, the Paymasters and Commissaries began to neglect the Applications made by the Residents for

9201

Fort St. George 28th June 1811

for Bills in reimbursement of the value of the supplies dispatched from Hydrabad, and that the Residents, after many ineffectual endea= =vours to procure those vouchers, ceased to make requisition for them.—

4. The supplies continued in the mean time to be forwarded to the Army as usual, and the sums disbursed for them were charged by the Residents in the same manner as those had been which were duly supported by the Military Bills.—

5 In consequence, however, of the failure of the Bills which it had been pre= =viously the practice to transmit for the Settlement of Extraordinary advances, the sums thus charged by the Residents without the custo= =mary vouchers, were not transferred to the Military Department like those which had that Species of voucher, but remained in the General Books as unsupported Disbursements,

to

Fort S.t George 28.th June 1811

to the personal debit of the Residents during whose administration respectively they had been in-
=curred.—

6. In this situation, these sums continued till very lately, though not without many endeavours, on the part of this office, to bring them to a more speedy adjustment. But the very great extent of the Military Advances made by the Hydrabad Treasury during the period under notice, the irregular transmission of the Paymasters Bills, even whilst that mode of adjusting the Advances did continue to obtain, the impossibility of assigning the Bills which were forwarded to the Specific charges which each of them covered, in consequence of their being sometimes granted many months after a part of the Advances had been made, and then for the aggregate Amount of advances in several months without mentioning the periods and charges to which they belonged,— and the various descriptions of—

Coins

Fort S. George 28th June 1811

coins of which the advances were composed, —
with the different rates of exchange at which
they were severally converted to the Standard
currency, occasioned altogether, a confusion
and detail, which it was wholly impracti-
-cable for this Department, with the imper-
-fect information then possessed on the subject,
to arrange and settle. —

7. Notwithstanding these
difficulties, a considerable portion of the —
time allotted annually for the adjustment
of the general Books, had been always given
to the examination of the Hydrabad accounts;
and a long, but, till recently, an almost —
fruitless correspondence respecting them,
had been carried on with the late Resident
at Hydrabad, and the former Department
of Military Accounts. A more particular —
Communication made to the Resident in the
past year, which procured in Answer a very

Clear

9204

Fort S.t George 28.th June 1811

clear and satisfactory report from the late acting Resident, has, however, at length enabled the Office to effect the desired adjustment, and I now beg to submit the result of it in the accom.= panying Statement.—

8 This Statement contains merely Extracts from the Accounts Current of the Residency; but it shews distinctly the nature and particulars of every charge which remains to be adjusted; and it is proposed, with the sanction of the Govern.= ment, to remove the amount of it in the General Books, from the personal Debits of the Residents, to the general Account of the War for which the Advances were made.—

9 It will be satisfactory to the Honorable the Governor in Council to learn, with reference to the long period of time which has elapsed between the disbursement and the Adjustment of the expenditure on Account of the Mahratta War shewn in the Statement referred

to

9205

Fort St. George 28th June 1811

to, that the Advances and supplies of every description made to the Army by the late Resident at Hydrabad, upon the similar occasion of the campaign under Colonel Close, were adjusted by this Department at the time of their occurrence; and that, upon the System of Accounts established on this last occasion, a simple and complete Settlement of such Advances, may be always effected with accuracy and dispatch.

10. I have the honor to conclude this address with an Extract from the Report of Lieutenant Charles Russell, to which I have already alluded, and from which will be learnt more particularly the cause of a part of the Hydrabad disbursements being unsupported by the prescribed Military bills. It will also shew, that Accounts of a considerable portion of these unsupported disbursements had been duly forwarded to

the

9206

Fort St. George 28th June 1811

the Officers Commanding the different Divisions of the Army, and that the Statement of Charges furnished by the Residents on former occasions, were always considered to be sufficient for the admission of the expenses which they had incurred for the Service of the War.

Extract from a Report upon the unadjusted Accounts of the Residency of Hydrabad, addressed to the Accountant General on the 30th October 1810 by Lieutenant Charles Russell then in charge of that Residency.

"In the Commencement of the Mahratta War, the Resident, Colonel Kirkpatrick, found it requisite to make a new Head of "Troops in the Field" in his Account Current, and Mr. Cecil Smith, the Accountant General, suggested that the Paymasters of the Army should be required to furnish Bills for the Sums disbursed under this Head, as Vouchers to the Accounts.

"In conformity to this suggestion, Colonel Kirkpatrick sent Extracts from his Accounts Current for the Months of September, October, November, December

Fort St. George 28th June 1811

"December 1803. and January, February, March,
"April, May, and June 1804. to the Paymaster
"of General Wellesley's Army. For the Amount of
"these Extracts, Lieutenant Bellingham granted
"Bills to Colonel Kirkpatrick, which were
"transmitted to the Accountant Generals office
"in a letter dated the 21st of August 1804."

"In the subsequent Months
"of July 1804. the Charges under the Head of
"Troops in the Field included sums which
"had been disbursed on Account both of the
"Army under General Wellesley, and the
"Hyderabad subsidiary Force. Colonel Kirk
"patrick consequently sent a separate Extract
"to the respective Paymasters of those Divisions,
"for the sums which belonged particularly
"to each of them Departments. For the Disburse
"ments on Account of the Hydrabad subsi-

"Acting Paymaster Beaumont and Mr."
Paymaster

Fort St. George 28th June 1811

"Paymaster Dowes, and transmitted to the
"Accountant General on the 25th of August
"and the 24th of September 1804."

"Colonel Kirkpatrick
"afterwards continued to send Extracts from
"his Account Current to the Officer Command-
"ing the Divisions of the Army, for the
"sums disbursed on their respective Accounts
"but, notwithstanding the Urgency of his
"Demands, he could never obtain the
"requisite Bills - the Paymaster to the Hy-
"drabad subsidiary Force invariably
"transmitted Bills for the Amount of all
"Conveys of specie, but not for the Charges
"incurred on them, nor for any other
"Charges connected with his Department
"the Paymaster to the Army under General
"Wellesley, and subsequently Colonel Wallace
"could never be induced to grant any Bills
"to Colonel Kirkpatrick, altho' a great Por-
portion

9209

Fort St. George 28th June 1811

"Proportion of the Charges which were against
"him, consisted of Conveys of actual specie =
"delivered to him. The only Bill which I can
"discover to have been granted by him, subse-
= quently to the Month of June 1804, was for
"the sum of 6,00,000 Rupees in the Month of
"April 1805. which were transmitted to the
"Accountant General on the 1st of July 1805.
"In the commencement of the year 1805,
"Colonel Kirkpatrick it would appear, =
"ceased to transmit Extracts from his =
"Account Current to the Paymasters, finding,
"I suppose, that no attention was paid
"to them, and imagining that the Government
"would admit his Charges on his own Au =

"referred by the Commanding Officer to —
"Captain Goldsworthy, Commissary of
"Grain, who was desired to furnish Bills
"for the Amount. But some Difficulties —
"arose, and a long Correspondence ensued
"between Colonel Kirkpatrick Colonel —
"Haliburton, and Captain Goldsworthy. It
"terminates by Colonel Kirkpatrick's sending
"to the Madras Government an Extract —
"from his Account Current, containing the
"annual Charges which he had incurred
"on Account of Rice for the Subsidiary Force,
"from the Month of August 1804. to the
"Month of March 1805. The Madras —
"Government directed the Paymaster to —
"grant Colonel Kirkpatrick Bills for the
"Amount, which were accordingly trans-
= mitted by Mr. H. Russell to the Account
= ant General in a Letter dated the 2d of —
"December 1805." —

In

9211

"In this Bill was included —
"the sum of 1,30,000 Rupees on Account of the
"Grain purchased at Baleandah. From the
"Correspondence in the Appendix, you will
"learn all the information, regarding this
"Transaction, which is to be found in —
"the Records at Hydrabad. It would —
"appear that this Baleandah Grain was —
"purchased from Mohipat Ram, and was
"either issued to the Troops, or sold an —
"Account of the Company, under the orders
"and Authority of the Commanding Officer
"of the subsidiary Force. I cannot discover
"that any Arrangement was ever concluded
"with Mohipat Ram, to take back a part
"of the Rice which had been sold by him. —
"When Mohipat Rain was considered to have
"Completed his Engagements, Colonel Kirkpa
"paid him the Balance 70,000 Rupees, in two

"Bills however appear to have been obtained

"was paid at the time when Colonel Kirkpatrick
"had ceased to require Bills from the Paymaster
"in consequence of the great Inattention evinced
"had been paid to his repeated and urgent
"requisitions. For the same reason, I believe no
"Bills were subsequently procured by Mr. Russell
"or Captain Sydenham the Grain with was sent
"in the Month of June 1805, came from the Ceded
"Districts. Bills were granted to Colonel Munro for it,
"it was consequently entered on the Accounts of

To J. H. Peile Esq.

Military Department

Sir,

From the Commissary General. Respecting his office Establish-
=ment.

I had expected to have
been able at an earlier period, to lay
before the Honorable the Governor in Council,
a list of the establishment of Servants required
for the Conduct of the duties of the Commissariat
Department at Fort St. George, but I have
found it difficult to determine the exact
number and description of people necessary
for the various branches of it. That difficulty

9235

Fort St. George 28th June 1811

had arisen chiefly from not being able to ascertain, otherwise than by time and experience, what persons were required for the detailed duties of the various branches of so extensive an Office.

2. I feel some difficulty even at the present advanced Stage of the arrangements of this Department, in stating conclusively, what my establishment of Servants should consist of; but under the instructions communicated to me on this subject in the Chief Secretary's letter of the 2d November last, I do not consider myself authorized to delay any longer, in submitting a list of the establishment which I at present consider indispensably necessary, for carrying on with efficiency, the duties of the Office intrusted to my management. It is directed in that letter that I should "in the formation of my establishment of

Natives

9236

Fort St. George 28th June 1811

"Native Servants. Keep economy in view, without
losing sight of the means of rendering the Depart-
ment as efficient as possible." I have accord-
ingly been uniformly guided by that principle;
and I trust that in regulating the Salaries of the
various discriptions of Servants, the Honorable
the Governor in Council will feel satisfied,
that I have not Departed from it, from it,
and that I have used the discretion which
has been given to me by the regulations relative
to the Appointment of Servants, with every
attention to public economy and the efficiency
of the Service.—

3. The Servants who have Witness
been employed, have been Receiving Money
on Account, until such time as their Salaries
should be fixed, and reported to Government.
I accordingly beg leave to submit with this
letter, a list of the Servants who have

been

Fort S.t George 28.th June 1811

been employed, shewing the periods at which they were entertained, the Monthly Sum which has been paid to them, on Account; and the Salary which I am of opinion it will be — necessary to make up to them retrospectively, and to pay to them in future. If the esta- = blishment of Servants exhibited in the — enclosed list should be thought to have been formed on too high a scale, I request it may be kept in view, that it provides, not only for the General duties of the Commissary — General's Office; but also for the usual — Official Duties of the Centre Division of the Army, and for the whole of the executive branches at Fort S.t George. —

4. The Amount of the Com- = missary General's Office establishment — According to the proposed rates, is at — present equal to Pagodas 5.t 6.t — " — " per Mensem. The expense of the Servants for

the —

9238

Fort St. George 28th June 1811

The executive branches of the Commissariat Department at Fort St. George, as shewn in the same Statement Amounts to Pagodas 356 " " ; but the latter should be considered to appertain, rather to the Subordinate Officers charged with the executive Details, than to the fixed Office of the Commissary General The Amount of both will however amount to Pagodas 902 " " per Mensem, which is greater than I expected would have been necessary; but I do not expect that it will ever be necessary to increase it Materially, and am rather of opinion that it may be practicable to reduce it, when the routine duties of the Department become more regular, by further Custom and experience - It will therefore be desirable that the establishments in question should not as yet be considered permanent, and I recommend that they may still be continued to be -

drawn

Fort St. George 28th June 1811

drawn for, on estimate, as proposed in my letter of the 1st December last.—

5. The Chief Secretary's letter above alluded to, further states that the "Number and expenses of the Commissariat establishments can only be determined by experience but it is expected that nearly the whole of that expense will be covered by the Amount of the establishments which will be discontinued and transferred from the other Departments". With the view therefore of shewing how far that expectation has been realized, I take this

No. 2. opportunity of enclosing a Statement shewing the Amount of the Establishments which have fallen under the Commissariat which have been transferred to that Department, or discontinued consequent to the formation of it, as the same stood at the close of the Official year 1809/10 —

Compared

9240 Fort St. George 28th June 1811

compared with the Amount of establishment of the Commissariat Department, as there existed on the 30th of April last, the close of the year 1810/11. The result of that State= =ment shews that the Monthly Sum of — Pagodas 357" 26" — was incurred at the latter Period, beyond the expenses of the former establishments. It will be recollected how= =ever that the principal Servants of the new Department receive more liberal pay than formerly; and that none are paid by any other means than those avowed — Allowances or charges in the public Accounts. It will also I hope appear that the efficiency of the several establishments in the Depart= =ment of supplies at the Presidency, in the several Divisions of the Army, and in the Deccan, are in all respects superior to that of the former Establishments of Servants,

a

9241

Fort St. George 28th June 1811

a circumstance which I trust will alone be considered sufficient to Compensate for the small increase which has been made in the Gross amount of the Commissariat Establishments. I trust also that the increased expense of these establishments will not be found to exceed what may have been expected by the Honorable the Governor in Council.

Fort St. George
24th June 1811

I have the honor to be
Sir,
Your Most Obedient Servant.
(Signed) W. Morison
Commissary General.

Sir, Sir, Sir,

Having received check —

my Command to the Amount of Rupees
16,000 and upwards the greater part of which
are for Batta drawn for the Non Commissioned
Officers and Privates —

I beg leave to state the
following circumstances for your Consideration
= tion to judge and Appreciate how far
I am answerable or responsible for the
Amount —

Every

9266

Fort St. George 28th June 1811

1st Every one must be well aware as the whole of His Majesty's Regiments have regular Paymasters appointed, as well as my self having been in the Field during my residence in India, that it cannot be supposed that all Officers are sufficiently acquainted with the Rules and Forms laid down by the Honorable the Company's regulations on every case without making application to the Officer concerned particularly in a circumstance like this, being well acquainted that frequent alterations are likely to occur where payments are made, as to stoppages for provisions &c, therefore on my arrival at Rodrigues the only and proper source I had to apply to, was the Paymaster to the Expedition where I was given to understand and received a form shewing that the Europeans are entitled to 6 Rupees and a half Batta each per Month, Sir, it must appear evident to you that the Paymas-

ter

926 7

Fort St: George 28th June 1811

Paymaster of the Force did convince after de-
=ducting for the Men's rations which was done
by him on the face of my Abstracts that they
were entitled to it or the Amount could not
have been discharged —

2. You must be well aware,
that no Officer of whatever Rank on His
Majesty's Service can possibly retain any
sum whatever from a Soldier / when once
received and he conceives it then due / as
was the case with me in the present instance
without subjecting himself to be brought to
trial, it being considered one of the worst
Crimes that Can be Alledged against a
British Officer particularly as all accounts
with His Majesty's Regiment must be ad-
justed with each man Monthly —

3. I have much to regret —
that the peculiar manner in which we
were situated from the Nature of the service
which

Fort St. George 28th June 1811

which prevented that immediate check that might have been made had we the possibility of Communicating with the Presidency or any fixed station has been the principal reason of the Check accumulating to so large an amount.—

I further beg leave to state that any omission on the part of the Commissary in not making a correct charge for the rations, surely cannot rest with one where he himself as Commissary and Paymaster made the deduction regularly Monthly on the face of my abstracts and as I conceived at that time Conformable to the regulations of Bombay—

Before I close this, I must state seeing the impossibility of recovering more than the two thirds from the surviving numbers, having had upwards of 60 Cases

allies

9269

Fort St. George 28th June 1811

Casualties since that Period including the deputures of the wounded men for England, besides the amount stands so great being upwards of 55 Rupees against each of the surviving number that I trust as they have suffered so severely in loosing every thing they possessed during the Hurricane when at Rodrigues in December 1809 - since which period a Similar occurrence took place, by the fire at Rodrigues in April 1810 which Consumed the Barracks Containing the Mens Arms, Accoutrements &c. &c. being perfectly unavoidable having upwards of 40 Sick and wounded in the Hospital adjoining the Barracks which took the sole attention and exertion of the People to secure.

From the above statement I hope you, Sir will be fully convinced that

9270

Fort St. George 28th June 1811

that I have acted perfectly correct on the occasion, and I trust you will see the propriety of recommending the Amount being remitted after taking into consideration the different circumstances attending it.

To the Honorable Jonathan Duncan Esq.r

Honorable Sir,

1. I had the honor to receive your Secretary's letter of the 27th Ultimo, calling upon me to state my opinion, in reference to

my

9271

Fort St. George 28th June 1811

my letter of the 25th with its inclosure from Captain Hanna of His Majesty's 1st Battalion 56th Regiment, whether in the event of the Commissary having neglected to make the proper charge against the Men of His Majesty's 56th Regiment for the rations they received, the responsibility should not rest with him, instead of the Officer in Command of the Detachment.—

2 I brought to the notice of Government in my letter of the 25th Instant. that the Staff Pagers had been duly made on Account of provisions received by the Men but that Batta Money had been also paid to them, which, not being agreeable to the Regulations, was retrenched.—

3. The Paymaster who also held the appointment of Commissary is, no doubt

9272

Fort St. George 28th June 1811

doubt, ultimately responsible to Government for this irregular payment, at the same time Captain Hanna should do every thing in his power — to recover the Amount from the Men to whom the Payment was made.

4 I would suggest as the most effectual way to recover the Amount from such of the men as are still alive, that the — Madras Government be requested to direct the Officer in Command of His Majesty's 1st Battalion 56th Regiment to give the necessary instructions to the Paymaster of the Corps to make Monthly Stoppages from the Men's pay untill the Amount be liquidated —

5. The Amount thus recovered should be paid into the Pay Office of the Station where the Corps may be, and the Paymaster General should be instructed to credit this — Government for the amount of such retrench-

ments

9273

Fort St. George 28th June 1811

retrenchments, as were made for a period prior to the 1st of August, the date of the Transfer of the Regiment to the Presidency of Fort Saint George.

N.B. Being in Europe I have received
no part of payment as I understand Colonel
Brown's Army received 18 Star Pagodas —

Sir,

I have the honor to transmit
this letter for your Consideration on the reguest
of a Soldier in my Company if you can post —
pone in the way of getting his Prize Money —
it will be Materially assisting a very deserv-
ing Man and I have every reason to —
believe his Claim to be perfectly Correct the
Amount can be remitted to Messrs. Fawlee

order thereon

Ordered that a copy of the foregoing letter be sent for the Consideration and report of the Seringapatam Prize Committee

Ordered that the following letters be dispatched.—

To Captain Foote.—

Commanding His Majesty's Ship
La Piedmontaise

Sir,

To the Commander of H. M. Ship Piedmontaise acquainting him of the Orders of the Commander in Chief of H. M. Forces to the Commander in Chief in India directing the discontinuance of the practice of detaching Troops from the Line to serve as marines on board of Ships of war, and in consequence requesting that he will give orders for the disembarkment of H. M. 56 Regt. now on board the Piedmontaise to be landed & stating additional reasons for this request.—

It appearing by a letter from you to the Acting Brigade Major of the Kings Troops under date the 19th Instant for an advance of Cash that a Detachment of His Majesty's 56th Regiment lately transferred to this Establishment is still serving on board La Piedmontaise as Marines, I am directed

Fort St. George 28th June 1811

directed by the Honorable the Governor in
Council to apprize you that the orders of the
Commander in Chief of His Majesty's Forces
to the Commander in Chief in India direct that
the practice of detaching troops from the line
to serve as Marines on board Ships of War
be discontinued — The Honorable the Governor
in Council therefore trusts that you will —
give orders for the Detachment of His —
Majesty's 56th Regiment now on board of
the Piedmontaine to be landed — The long —
period which has elapsed since the —
Detachment was permitted to embark on
board of your Ships, and the largeness of the
proportion of the Men who have suffered
from Sickness, are additional reasons for
an immediate relief from its present —
duty —

Resolution thereon

Resolved that payment of the several Bills and advances of Cash mentioned in the foregoing letter be authorized also that the proposed alterations in the buildings at Goa be sanctioned.—

To the Chief Secretary to Government
Fort St. George

From the Secretary to the Military Board— Stating that Mr. Surgeon Hay has offered the use of his Boats for the conveyance of Military Stores from Sankeydroog to Tschinopoly and requesting the early decision of Government upon that subject.—

Sir,

I am directed by the Military Board to state to you with reference to the 4th Paragraph of a letter from the Secretary to Government in the Military Department under date the 5th October 1810, and their report dated 21st March 1811 that the Officer in Command at Sankeydroog, having been directed to ascertain whether Boats could be procured for the transmission of the Military Stores at that Station to Tschinopoly, he has reported that it will not be practicable, and doubts were therefore entertained as to the propriety

on

Fort St. George 2. July 1811

on grounds of economy of effecting their removal by Land Carriage - A Communication has however been lately received from Mr Surgeon Hay who held a Contract for Salt Petre, in which he has offered the use of his Boats for the performance of any Service upon which they may be required.. He has stated that many of the Boats which are at a Short distance from Sankerydroog are in want of repairs; and that the necessary materials Cannot be procured without the Assistance of the Collectors in the vicinity of that Post. As the object to be attained in taking advantage of the offer which has been thus made by Mr. Hay is of Considerable importance, the Military Board have directed me to request that instructions may be transmitted to the Collectors in Zillah Salem and Zillah Coimbatoor to render every assistance to the Officer Commanding at Sankerydroog in obtaining supplies of the materials which may be necessary to place the Boats in

a

9315

Fort St. George 2d. July 1811

a proper state for the Conveyance of Military Stores to Trichinopoly. We are induced to recommend this measure from its having been stated by Mr. Hay that the Assistance of the Collectors is necessary in procuring hides and bamboos, the principal articles required for the repairs of Basket Boats.—

I have been further directed to state that it is desirable that no time may be lost in the execution of such orders as it may please the Honorable the Governor in Council to issue to the Collectors and that they should be apprized of the necessity which exists for facilitating the transportation of those Stores, which would be retarded for another Year if not effected whilst the Cavery River continues full.—

Should the Honorable the Governor in Council be pleased to signify his approbation of this mode of removing the Stores, the

9316 Fort St. George 2d. July 1811

the Military Board will be prepared to give such instructions as will ensure the execution of this duty with efficiency and economy.—

As the motives which have influenced Mr. Hay in the offer he has made, can only have arisen from a laudable wish to render every assistance to the public Service, the Military Board have directed me in Concluding this letter, to advert to that Circumstance.—

To the Honorable

Sir George Hilaro Barlow Bart. G.C.B.

Governor in Council

&c. &c. &c.

From the Military Auditor General — Reporting on letter from Lieutenant Colonel Hazlewood Senior Officer at Cuddalore for an allowance for Stationary also on letter from Lieutenant Snell Commanding at Condapilly of a similar nature — and on letter from Major Taynton lately Commanding the Detachment of Artillery against French Islands for an allowance of Brigadier and that of Brigade Major for Lieutenant Abdy and on the subject of retrenchment of Sum being drawn over charge of batta drawn by Major Taynton for the detachment of Artillery.—

Honorable Sir,

1 I have the honor to acknowledge the receipt of a letter from the Chief Secretary to Government under date the 17th. Instant, with which was referred for report Copy of a letter with its enclosures from the Military Secretary to the Officer Commanding the Army of the 13th. Instant.—

2 I have accordingly to state that in these papers are preferred two applications, one from Lieutenant Colonel Hazlewood, Senior Officer at Cuddalore, for an allowance for Stationary for making out Abstracts and Returns of Invalids Pensioners &c. who are Stationed or per-

mitted

9321. Fort St. George 2nd July 1811

permitted to reside at that Settlement, and for a Vakeel to pray the Pensioners and Heirs of deceased Soldiers &c. who also reside at that Station.—

3 The other is an application of a similar nature from Lieutenant Snell Commanding at Condapilly who it is reported in the letter from the Secretary to the Officer Commanding the Army had also been directed to take Charge of some Detachments in the neighbourhood of that Station and upon the Frontier of the Nizams Territory, who is consequently obliged to furnish Returns of these Detachments.—

4 For these purposes it may therefore appear reasonable to admit of a Charge of five Pagodas Monthly for the Station of Cuddalore and of two Pagodas at Condapilly to cover any expense incurred for Stationary and

for

9322 Fort St. George 2d July 1811.

for a Writer at the former.—

5 In the letter from the Senior Officer at Cuddalore he also requested to be allowed three Puckallies for supplying Water to the Commanding Officer, Staff Serjeants and the Native Invalid Company.—

6 To which I have to observe that it does not appear to be necessary to comply with that part of the request, as by the Regulations of the Service a Puckally is allow-ed to a Company of Native Invalids, and as it appears from the Return transmitted by Lieutenant Colonel Haglewood that there is a Puckally attached to the Station, but a Puckally has not been allowed to the Senior Officer or Staff of a Garrison or Station, since the letter I received from Government of the 27th August 1808 and Communicated to all the Paymasters in a Circular letter

from

9323 Fort St. George 2d July 1811

from this Office dated the 2d of September following, which directed that Charge for Puckallies at all the different Stations of the Army to be discontinued.—

7 In the same letter from the Chief Secretary to Government is referred for Report an application preferred by Major Taynton lately Commanding the Detachment of Artillery employed against the French Islands to be permitted to draw the allowance of a Brigadier for himself and of those of a Brigade Major to Lieutenant Addy.—

8 This application is submitted to Government in a letter from the Adjutant General under date the 11th Instant, in which it is stated, That "it appears on reference to "the Orders issued by Lieutenant Colonel "Keating of which Copies have been received "at this Office (of the Adjutant General)

that

9374 Fort St. George 2d. July 1811

"that the appointment of Major Taynton to
"Command the Artillery and of Lieutenant
"Abdy to be Brigade Major took place under
"the Orders of the proper Authorities You" Upon
which it is only my province to observe that
if it shall be the pleasure of your honor in
Council to recognize the authority of Lieuten-
-nant Colonel Keating to appoint Major
Taynton a Brigadier and Lieutenant Abdy
a Brigade Major, and to Consider it as
established that His Excellency the Honorable
General Abercrombie subsequently Confirmed
the nomination of these Officers to those
situations, it will follow that Major Taynton
and Lieutenant Abdy will be entitled to
draw the Allowances annexed to these appoint-
-ments respectively.

I It is incumbent however
on me to observe that it has been usual as
directed

9325 Fort St. George 2d. July 1811

directed in the standing Regulations establish-
=ed by the Minutes of Council of the 18th of July
1797 for Officers in Command of Detachments
and Considerable bodies of Troops when employed
on Service such as in the instances of Major
General Baird when Commanding the Indian
Army serving in Egypt, Colonel Wellesley
in the War against the Confederated Mahratta
Chiefs, and recently of Colonel Close when-
Commanding the Army in the Dekan, to sub-
=mit for the approbation of Government the
various orders occasioning expense which they
had deemed it expedient to be issued, and upon
these Orders being Confirmed by Government
they became the guide for the Office of Audit
to pass the Charges arising therefrom, in the
Paymasters' Disbursements.—

10 Having received your
Orders as expressed in the same letter from the
Chief

9326

Fort St. George 2d July 1811.

Chief Secretary informing me that the Retrench-
=ment of Fanams 4262 from the Disburse-
=ments of the Paymaster at the Presidency
for the Month of May 1810 (being an overcharge
of Batta drawn by Major Taynton for the
Detachment of Artillery proceeding on the Exped-
=dition) was to be removed, the necessary Steps
will of Course immediately be taken to admit
on Reaudit, the overcharge which had been
retrenched.—

11 Without particularly adverting
to the deviation which has taken place upon
this occasion, from the Regulations and the
repeated General Orders for the Conducting
the duties of the Office of Audit, in the mode
of bringing forward this appeal to Government,
of a Retrenchment founded upon the General
Orders of Government of the 23d February
1810, I have respectfully to state that the
Batta drawn for all the other European Corps

under the Orders of the 21st. April 1810 was
at the rate of 1 fanam and 6 ½ Cash for each
man per diem, with the exception only of the
Batta to the two Flank Companies of His
Majestys 12th. Regiment of Foot, for whom it
was drawn at the rate of 3 fanams and 30
Cash, which was however retrenched upon
Audit, relative to which I have the honor
herewith to submit Copy of a Correspondence
that has passed between me and the Acting
Deputy Paymaster General to the Kings
Troops, and to state that the Amount of
this Retrenchment has accordingly been —
brought to account by the late Acting De-
-puty Paymaster General to the Kings
Troops — In Consequence of these Orders
Conveyed in the Chief Secretarys' letter it
may be necessary that I should receive
your

9328 Fort St. George 2d July 1811

your further Orders to remit also the Retrenchments against the two Silandi Companies of His Majestys 12th Regiment, being exactly of the same nature and founded upon the beforementioned General Order of the 23d February 1801, and it may appear deserving of Consideration whether the same indulgence should not be extended to all the other European Corps and details who were employed on the same service; as Claims will no doubt be preferred for the Allowance at the latter rate.

Fort St. George 2d. July 1811

I have property and Debtors) that I may be enabled to arrange my Concerns, which are now in a state of Confusion, being a Refugee who has obtained the favor of the Government of His Brittanic Majesty to be Considered as one of his subjects also Inhabitant, and having paid the Contributions Government required of me since my arrival at Madras in 1796. And I flatter myself My Lord, never once to have been unworthy the hospitality and favors Government had been pleased to grant me generously when I became a Refugee at Madras.—

My Debtors seeing me absent and deprived of the power to bring them to an account, and being aware of my Captivity and the smallness of my means deride me every time I ask my due of them. And my property which is daily falling into ruin on

account

9346

Fort F. George 2d July 1821

account of my absence for want of Care,
and from the destruction Strangers Cause
oblige me to implore the Clemency of your
Lordship in Council to cast an eye of pity
upon my deplorable situation.—

I flatter myself not to
deserve the Lot I suffer having always
Conducted myself as a man of honor, to have
a Conscience without
remorse, and to have
done nothing that could make me blush
before those who have honored me with their
protection.—

Being precipitately arrested
without time to put in order my Concerns,
I trust the Benevolence of your Lordship
in Council, and your upright and just
Government, which is the protector of the
Innocent and of oppressed Refugees, will
permit me to return to my property and

being

9347

being protected by His Brittanic Majesty's
Government may thereby have it in my power
to collect what is my right, and also to enjoy
the same favor of Inhabitant I formerly had,
and to exercise my feeble talents by rendering
myself useful to the publick —

But until your Lordship
in Council might be pleased to take my case
into your wise and just Consideration, with
every respect I humbly implore the liberty
to go to Tranquebar so soon as possible, knowing
that Government has Concerns of a more —
particular nature to attend to than mine
and fearing delay; on which account I beg
the permission to go and settle my affairs there,
having a small house and Garden at that
place, which has been much trespassed upon
in my absence by persons who know of my
imprisonment, and who wish to appropri-
-ate illegally to their use property sufficie-
-ently

sufficiently Considerable for an unfortunate man like myself, after the many losses my arrest has occasioned me.—

I have also nigh thereto several Debtors who owe me Considerable Sums which I cannot reclaim of them, not being present.—

Should your Lordship in Council be pleased to confer this favor upon me, I shall notwithstanding Consider myself under the immediate orders of Government being your Prisoner; and hope your Lordship in Council will condescend to Commiserate my most unfortunate Condition such an act of Benevolence Conferred upon me will be the only means I have to regain my property; which otherwise will be totally lost and destroyed; and for which I shall for ever Consider myself

Revd. Sir,

I have received your Letter and its enclosures of the 2d. June.—

I had also received your former letter of 28th. February.—

I was not able to return to my Station until the 22d. of February and during my unavoidable absence the necessary Sick Certificates were duly forwarded.—

From that period I have been suffering severely

9351

Fort St. George 2d. July 1811.

severely from a succession of inveterate Ulcers which reduced me so low, that I was scarce capable of attending to any thing more than the ordinary Duty. Divine Service has never been omitted but on one Sunday since my return as I was carried to Church and had a Couch so arranged as to be able to Read and preach from it. The Sacrament of the Lords supper was duly administered on Easter Day and all the Surplice Duty has been performed tho I was under the necessity of Reading The Burial Service from my Palanqueen.

The Certificates I could not attend to and they have consequently accumulated since 20th March.

It is with great Regret I observe, that their postponement has brought on me The Inquiry of the Government, as had I been aware of so much importance being attached to their immediate

transmission

transmission they should have been forwarded during my illness.—

I am extremely sorry that this Omission has occurred.—

They are now Copying by a European; and shall be forwarded as soon as the Copies are finished as also a Report filled up to Trinity Sunday last past.—

I shall reply to the Paragraph relative to my alledged interference with the Rev.d I. Thomas as soon as I receive a reply from Cannanore and also to the charge of inconsistency as to a Private Marriage, in a few days for the performance of which I have fortunately procured the licence of the Honorable the Governor in Council.—

I have with much difficulty been able to answer your public letter, from Debility produced by Confinement and should have done so much more fully had I time — I have had one Funeral this morning and have two more this afternoon which is as much as I can will attend to in my present state in one day. —

With regard to the Certificates I am sorry they have so long accumulated — I have employed a man to Copy them, and they shall be forwarded as soon as possible — I have been procrastinating in the hope of being well enough to do it myself. —

You will Confer an obli-=gation on me by using your endeavours to satisfy the Governor on this head as it has solely arisen from my not having — a strength

Sir,

Be pleased to state to His Excellency the Vice President in Council that on the 29th ultimo, the Garrison Store-keeper having reported the arrival of 191 Water Casks brought by the Beemoollah from the

9360 Fort St. George 2d July 1811

the Coast, the Military Board requested the Commanding Officer at the Presidency to order a Survey on them, and I have now the honor to transmit the Consequent Report by a Committee of which Captain Ryan was President. F. also the Gauge Report by the Company's Coopers.—

The report of Captain Ryans' Committee determined the Board, on the 4th Instant, to assemble for the purpose of satisfying themselves of the actual Condition of those Casks on the Condition of which so much might eventually have depended, and I beg leave to transmit, for the purpose of being laid before His Excellency in Council, a Copy of the Board's Report of this morning on the same, which they trust will share His Excellency's particular notice.—

Report 9th. May 1811

The Military Board met this Morning agreeable to appointment, to examine the 171 Water Casks received from the Beemoolah; and were deeply mortified to find them in all respects of materials and workmanship execrably bad — far worse indeed than as represented in the reports dated 30th. of April and 2d. Instant by the Committee of Officers and Companys Coopers by whom they had been previously Surveyed. —

The Board can have but one opinion upon the Subject, that Casks such as these, reflect the utmost discredit on those by whom they may have been —

furnished

Fort St. George 2d. July 1811

furnished, being satisfied they never could have been used without producing inevitable Calamity.—

Two of the Casks, taken indiscriminately, were shook by the Coopers, in the presence of the Board, which proved every thing that can be imagined of the very worst. The Hoops rusted and the Wood rotten; — their own weight placed on the ground empty effects their shape. The Staves are of unequal breadths and surface, warped, Concave without and Convex within; so that the hoops bear only on the edges; many are cracked quite across and the Wood of the various sorts in the same Cask; not one of which is commonly good of its kind; being Composed of the Sap of Saul and Sandy or of the Cotton Tree; which last would be rejected for the most ordinary purpose of a Dry Cask.—

On

9363. Fort St. George 2d. July 1811.—

On the whole the Military Board feels compelled to disclaim the reception of any one of them into the Stores of Fort William, and strongly recommend their being returned upon the hands of the Madras Contractor, who is understood to have an agent in Calcutta.—

The whole of these Casks in their present state are unfit for service as water Casks; The Wood of them being in general of a bad quality & the hoops all either too slight or much corroded, we do not think they would be worth while done, the expense that must be incurred in putting them in a serviceable Condition for Water Casks, and the only purpose they can be appropriated for without incurring much expense, would be dry Casks.

Sir

I have the honor to acknowledge the Receipt of Mr. Secretary Peile's letter of the 23d Instant with which was transmitted Extract from the Proceedings of the Honorable the Governor in Council in the Military Department of the 21st. - In those Proceedings is referred an application from Lieutenant Colonel Robert Fletcher, who upon the death of the late Major Evans had been placed in Charge of the Stud at Chattenpore, soliciting as a Remuneration for his Trouble an Allowance during that period equal to the Original monthly Salary of Pagodas 250 which had been granted to the latter Officer when placed in Charge

F

Fort St. George 5th July 1811.

of the Stud upon it being first instituted in the year 1796.

2. Regarding this application I have the honor to state that it will appear by the Reports of the Military Board to Government that the conduct of Lieutenant Colonel Fletcher was perfectly satisfactory in attending to the Instructions which were from time to time communicated by the Military Board. It is at the same time proper to observe that although the monthly allowance of Pagodas 250 was granted to Major Evans as Superintendant of the Stud at Chatterpore during a period, when great knowledge and skill, as well as trouble and attention in the Treatment of a numerous body of Horses and Brood Mares and for the rearing of their Progeny was requisite. In the month of May 1808 however agreeably

9411

Fort St. George 5th July 1811.

agreeably to the resolution of your Honor in Council and prior to the receipt of the Orders from the Honorable Court of Directors the abolition of the Stud was ordered to take place, in consequence of which the main body of the Cattle were disposed of, and the Salary of the Superintendant was then reduced to 100 Pagodas per month, to which Amount your Honor in Council may perhaps deem it reasonable to admit the Remuneration solicited by Lieutenant Colonel Fletcher.

2 In the same Proceedings is referred for Report an Application from Ensign Allan of the 21st Regiment of Native Infantry to be permitted to draw an Arrear of his Regimental Tent Allowance which is objectionable for want of the Inspection and Muster Report

I.

9412

Fort St. George 5th July 1811.

4 He is represented by Ensign Allan that when he proceeded to Sea on sick Certificate in the Month of Septr 1810, he left his Camp Equipage to the Care of a Mr Tollie for the purpose of being produced at the Monthly Musters, but in consequence of the death of that Gentleman it had been neglected to be done.

5 As the want of the Muster and Inspection Reports which had been occasioned by the Omission and decease of the Friend of Ensign Allan cannot be supplied to substantiate the charge for that Officers first allowance the loss of which would prove an object of considerable moment to a Young Officer, it may be the pleasure of your honor in Council to admit the charge for Arrears of that allowance upon Ensign Allan furnishing a Certificate upon honor

9413 Fort St. George 5th July 1811.

honor stating that he had left his Camp Equipage in the Charge of Mr. Sollee for the purpose of being mustered.

6 In the same Proceedings was also forwarded the Resolution of your Honor in Council under date the 21st Ultimo, passed upon the Proceedings of the Medical Board of the 11th of the same month, directing me to report upon an application therein contained for an Allowance on account of Trouble and Attendance to Mr. Surgeon Andrew who had been placed in Medical Charge of the Families and Followers of His Majesty's 56th 73d and 86th Regiments who had been left at Goa when their Corps proceeded on Foreign Service, and which application is Recommended to the favorable consideration of Government by the Medical Board.

I

Fort St. George 5th July 1811

7 I have accordingly to report that the present appears to be in an exactly similar nature to the application which was submitted by that Board to Govern: ment upon the 8th of June 1810 respecting an Allowance to the Medical Officer in charge of the Families and Followers of the European Troops left at Trepassore at the rate of One Fanam for each Woman and half a fanam for each Child per day, and which received the sanction of Government upon the 15th of the same month. It may ac: cordingly appear proper and reasonable to your honor in Council to authorize the same Allowance to be drawn at Goa and from the respective dates specified in the Application for the Families of the several Corps. I beg leave however to suggest that the Individuals for whom the Allowance

at

9415

at both Stations which may be authorized and drawn for by the Medical Officers should be mustered monthly by a public Staff Officer who should be directed to certify the same on the back of the Roll, and that this Document should invariably accompany the Bill or abstract, according to which the Office would be guided in admitting the Charge.

Order thereon

Ordered that a Copy of the foregoing letter be sent for the information of the Naval Commissioner and the Court of Inquiry dissolved.

To the Chief Secretary to Government

Sir,

From the Adjutant General of the Army. Clothing Completed for 1807/8/9/10 with exceptions - proposing that money be paid in lieu of the clothing not completed.

I have the honor, by desire of His Excellency Sir S. Auchmuty to request that you will state to the Honorable the Governor in Council, that the surplus of Clothing from the late Agency, which from various causes had fallen in Arrear, have been completed, with exception of a comparatively small proportion of the European and Native Invalids, for the year 1807/8. - and three Battalions of the Line: and a pretty considerable part of the European and Native Invalids and effective supernumeraries for the year 1809/10.

Mds

9447.

Fort St. George 5th July 1811.

His Excellency being extremely anxious to have the concerns of that Agency brought to a Close, from a Consideration of what is due to the Troops; as well as to enable the late Agent to bring his accounts for those years to a final adjustment; and with a view of forwarding the Provision of Clothing for the present and ensuing years, by Relieving the Agent from the incumbrance of those Arrears, so as to enable him to apply all the resources of his department to that effect, - is induced to Recommend that a Compensation in Money may be authorized, to be paid in lieu of the Arrears of Clothing above stated, and that an Order to the following effect may be issued.

I am further directed by His Excellency the Commander in Chief. to state

for

9448

Fort St. George 5th July. 1811.

For the Honorable the Governors information
that Clothing for 1810/11 is now nearly ready
for delivery for the Corps to which Compen-
sation is proposed to be paid.

Minute and Relaluctions thereon

The Honorable the Governor in
Council being desirous that the Clothing Ac-
counts for the Years 1807/8. 1808/9. and 1809/10
should be Closed, and Reported upon as early
as possible.

Is pleased, at the Recommenda-
tion of His Excellency the Commander in Chief,
to order that a Compensation in Money
be paid

To such of the European and
Native

Sir,

I have here to acknowledge the Receipt of your letter of this days date in which you are ordered to demand the Value of the deficiency of Provisions which you have found. - You will be pleased to acquaint the Commissary General, that the Provisions was never weighed to me, or any of my Officers at the Isle of France, that the Government took both my Officers out of the Vessel four hours before I sailed who received them on board, and that no receipts has been signed by me for the quantity sent on Board; therefore I shall not hold myself in any way responsible for any part of Provisions that may have

Sir,

From the Board of the Honorable Company: Report upon their claims to a Wyllie's certificate.

Pursuant to Mr. Secretary Piles Letter of the 13th Instant. I have submitted the papers relative to a Wyllie Certificate claimed by the Widow of the late Mylapore Shanmogarey to the Advocate General, and now enclose a Copy of his Opinion thereon.

There is nothing on these Papers upon which I can found an Opinion. It is all assertion. If the Certificate was ever granted to Shunmogarey, and the Opposite Claimants have not prosecuted their claim for fifteen years, I think the Government is called upon, either to force them to bring their claims to a decision, or to Return the Certificates perhaps the most Regular course would be to give notice to the Other Claimants that unless they shall, within some given period, prefer their Claim in the Supreme Court, the Certificates will be Restored to Shunmogroy's Widow.

To Captain Hook
Military Secretary
Sir,

I have the honor to acknowledge the Receipt of your Letter dated the 26th Ultimo, conveying with it certain Papers relative to the Royal Artillery and Ceylon Gun Lascars that served under my

my Command in Travancore in the year 1809.

In Reply to which I beg
leave to forward a Return of the Detach:
ment, as it stood on the day of Landing at
Tutocoreen Vizt the 9th February, and another
as it Embarked at Colachie on the Malabar
Coast the 9th of April, for the purpose of
Returning to the Island on His Majesty's Ship
La Piedmontaise.

It is necessary in Addition
to State that the Detachment of Royal
Artillery Landed at Colombo on the 14th of
April and that the following day the Officers
Recommenced receiving Ceylon Island Allow-
ances.

The Reason of the detail of
Gun Lascars being Included for Field Batta
to the 20th of April is, that they did not
Return on the Piedmontaise, but marched
from

9464 Fort St. George 5th July 1811.

From Oudagerry to Ramnad by Order of the Honorable Lieutenant Colonel St. Leger embarked there and Landed at Manar the 26th April.

The Abstracts for Subsistence as well as Company's Allowances, were Forwarded by me several months ago to Mr. Gordon the Ordnance Storekeper at Colombo, in Consequence of an Order which I received to that Effect.

Sir,

Fort St. George

On the 14th ultimo I transmitted to you for the Information of the Honorable the Governor in Council, Copies of some Letters relating to the Purchase of a Lot of Remount Horses at Bombay.

I have now the Honor to acquaint you, that in Compliance with my Application the Bombay Government was pleased, upon the Report of the Committee which had examined the Horses, to authorize the Payment of the Advance suggested by Lieutenant Colonel Nuthall, and to order an Escort to proceed with the Horses towards Hyderabad. But on the

From the Resident at Hyderabad — Circumstances which have induced the Bombay Government to decline dispatching a Lot of Remount Horses allotted to for Hyderabad —

9479

Fort St. George 5th. July 1811.

The Day before that fixed for the Escorts leaving Bombay, a Variety of Excuses were urged by the owner of the Horses; and it appeared at last, that the Horses did not belong to Ghool Mahomed, the Person who originally offered them for Sale to Lieutenant Colonel Nuthall, but to a Native Merchant at Bombay, who would not let them be despatched without their being paid for before they left Bombay.

In Consequence of this Circumstance, and of the near Approach of the Rainy Season, the Bombay Government declined despatching any of the Horses to Hydenabad.

I beg leave to State that from the Situation in which my Gomastah was, he was necessitated to accept a Bill on Benares, as the transportation of the Cash without a Guard was impossible - This Bill was granted by the Head Shroff of your Bazar and a deduction of 1334 " 15 — made for Boondaru Pa as it was evidently the intention of Colonel Close that I should receive the Sum, due to me without any loss. there can I should hope be no hesitation on the part of Government to bear the expense of Remittance I shall therefore be

Sir.

I have Received your Letters
of the 22d and 25th Instants. and have now
the honor to convey to you Colonel Close's
Authority for paying the following Hire
for the Carriage of the Chunnah from the
Stations at which it was Collected by
Captain Becher's Orders to Rathgur and
to Hoosungabad.

By Captain Becher's private
Letter

9483

Fort St. George 5th July 1811.

Letter of the 4th Instant to your Address, which for want of any other more Official Document must be followed it appears that he had employed 5000 Bullocks to convey 10,000 Bengal Maunds of Chunnam to Rattykeir, and that to that place the Owners of those Cattle were to receive 20 days Hire at the rate of 3 Sicca Rupees per month for each, the place where the Grain was Collected being that number of days march distant. He also states the Sicca Rupee to be one Annah more than the Sugar loaf Rupee.

You have stated that the difference between the Bengal and Madras Maund is 25 in many Thousand in favour of the Madras, it being in that proportion larger than the Bengal Maund. Thus Captain Pitcher was to have delivered 9750 Madras Maunds at Rattykeir - 9750

Madras

9484 Fort St. George 5th July 1811

Madras Maunds contain 82,500 Madras Marcalls or 330,000 Madras Seers which will give 5000 Bullock loads of 78 Madras Seers each.

From this Statement it appears that by the Agreement entered into by Captain Beaker for the Carriage of the Grain to Rachyhur 3 Sicca Rupees were to be paid for each load of 78 Madras Seers carried for one Month.

As however there are some doubts regarding the Relative proportions of the Bengal and Madras measurements, and Colonel Close being desirous that the Bullock people employed by Captain Becher should receive their full due, he authorizes 3 Sicca Rupees to be paid for each Bullock load of 76 Madras Seers carried for one Month, which is

the

9485 Fort St. George 5th July 1811.

the most Captain Beches Gomastah asks for.

On this ground of Calculation you will accordingly pay on the 5 Loads Rec.d at Saughur and the 774 Received at Rathghur each of 76 Madras Sers. 2 Sicca Rupees per Load, making Nagpoor Rupees 1867. 14 Annas, and on the 2120 Loads of 76 Madras Sers each, received on the Road from Rathghur and at Hoosingabad 3 Sicca Rupees for each making Nagpoor Rupees 6787. 1 Anna - Total Nagpoor Rupees 8654. 15 Annas. The distance between Rathghur and Hoosingabad is estimated at 10 Marches although you made it in nine.

You are also authorized to pay one Sicca Rupee Hire for each of the 181 Bullocks you employed at Rathghur to

9486

Fort St. George 5th July 1811

to carry that number of Loads taken from Captain Beckets Servant to race their Bullocks, but for which you had no Carriage in your own Department.

The settlement thus made was just and fair, but my Gomastah represented the impossibility of transporting this Cash from Hoolungabad to me, and requested an Order on some Bengal Pay-master, This was not however complied with and as bringing the Cash without any escort through such a Country was impracticable, the Gomastah had Re-course to a Shroff the only one in Colonel

My Dear Sir.

I have Received today your favor of the 4th Instant on the Subject of a Transaction in Colonel Close's Camp during the late Campaign.

I regret extremely that my situation places it entirely out of my power to meet your wishes in Regard to the Loss of Discount on a Hoondee negotiated for the payment of certain Supplies.

Sir.

I regret much the delay which has ensued in the Acknowledgment of your letter of the 20th. November on the subject of the enclosed from Lieutenant Colonel Blacker. I agree entirely to the force of the observation made at the Conclusion of it that all necessary changes attending the fulfilment of the Requisition upon your late Department in Bundelkund on

behalf

9491

Fort St. George 5th July 1811.

On behalf of the Madras Army, were entitled to have been Recognized under the Spirit of the Commissariat Regulations, had Regular Reports been made to the Authorities on the Spot of the Circumstances with which they Originated, but as that prosecution appears invariably to have been overlooked. I could not at the Remote period of your Communication to me undertake to become the Medium of any Representation upon the Subject to Government, the Nature of the case differing widely from the Claim preferred and Admitted for the Carriage of other Grain, left wholly unadjusted by the Madras Army.

Here a partial accommodation took place between the parties, which unfortunately had not the desired

effect

9492

Fort St. George 5th July 1811.

Sject. and I see no Remedy short of an
Appeal to Captain Wahab who if apprized of the difficulty at the time as unquestionably he should have been by the Gomastah, might stile bring the transaction under the notice of the Madras Government and follow up your Representation with success.

The State of your Application for interest of money borrowed on that occasion will be Communicated Officially by the present Date.

had been paid to my Gomastah. This
was the exactly Calculated sum, due
me on Account of the Grain they then —

Received

9494

Fort St. George 5th July 1811.

Received, but to what succeeded, there was no remedy, which could be applied by me, the Gumastah requested a Bill on Bengall, but was refused, he then remitted the Money through Colonel Close's Treasure, and was forced to pay this enormous discount: bringing the Money / was out of the question / from Hoojungabad to Caunpoor by himself had he indeed undertaken so mad a measure I should have conceived myself unwarranted to apply for Government had it been lost which it must unquestionably have been, the Gumastah therefore took the only method of Remittance obtainable and it is a case which has a thousand times occurred, and must be as often repeated.

during

during an extensive management at a
distance from our Regular established
Banking houses - on Realizing this Remittance
I received a Deficit, which I stated in
my former letter, instead of the Sum actually
expended by me, and Ordered to be paid as my
due by Colonel Close, am I privately to
suffer this Loss or a public Remittance
effected in the only possible way? or the
Contrary. I am convinced the fair Statement
will procure me the Sum; as the reverse

Fidelity. —

That

9520 Fort St. George 9.th July 1811

That your Memorialist by the Death of her Husband, was left in Circumstances of great penury and distress being Burdened with five Children four Sons and a Daughter for the Maintenance of whom her husband had made no provision, and was at the time of his De-mise involved in Debt. Of the Family of your Memorialist Three Sons have already demised, and two of those in the Military Service of the Honorable Company. The remaining Son James was a Captain in the 11.th Re-gimento of Native Infantry and had arrived to Rank with the full approbation of his Character and ser-vices, under all his Commanding officers, and was the only stay and Support of your Memorialists declining Age, upon whose pecuniary assistance She entirely relied with the exception of the Widows pension as arising from Lord Clives bounty.—

But to the deep and not to be expressed concern of your Memorialist, her Son had most unfor-tunately been drawn in to take a part in the late dis-sensions in the Army, and was placed in the Cast-

Under these Circumstances of Cruel and aggravated Misfortune which no Conduct on the part of your Memorialist could prevent, (for her Character will bear the Strictest examination) She can only look up to the favour and protection of that Government which her husband so faithfully and bravely Served for so many years —

It is a Fact well Known to many officers now living that your Memorialists husband, then a Captain and Town Major of Trichinopoly, during the period of the war with Hyder Ally marched out in the year 1782; at the head of two Battalions of Sepoys to oppose the whole force of the Enemy, as then assembled before

The Merit of this Service was acknow-

four Sons of your Memorialist to the rank of Minor Cadets
on the Bengal Establishment, from whence they were after-

It is so consonant to the principal
of every wise and liberal Government to encourage merit by
the protection of the Families of those who have distinguish-

Sir,

I have the honor to acquaint you for the information of the officer commanding the Division, that the leaders of the Bands of thieves who have so long been the Terror of this Talook, have of late been more active than usual, in disseminating dread and

9537

Fort St. George 9th July 1811

and alarm thro the Country — Their object being the ruin of the Zemindar (to whom they bear a personal animosity) they are enabled to prosecute it, in Spite of the vigilance of the officer who may be in Command — Since the arrival of the Company they have not attempted to plunder or waste the Country in Gangs, but they have Succeeded in doing equal Mischief by Menaces of cutting off the Noses and Ears of the Inhabitants, Should they cultivate the Land, and by the facility with which they can destroy whole villages by fire without fear of punishment. Within these few days past, three or four attempts have been made to burn Palcoor — on one of these occasions a man was distinctly heard blowing upon coals he had placed on the thatch of the Zemindars house, but from the darkness of the night he made his escape — Yesterday at a Room a Village about 8 or 10 Coss from this, was set on fire, and nearly destroyed before it could be extinguished — This may have

have originated from accident, or neglect: but the Inhabitants are persuaded it was the act of an incendiary Several other attempts of the Same nature, together with the threat of maiming have so much alarmed the Inhabitants that they are deserting the Country and cannot be prevailed on to cultivate the Zemindary The renter, this Morning, declared to me, that he must be ruined if a Stop cannot be put to this emi-gration; that he had not a hope, of raising even a part of the Sum, which he must pay Government, as it is probable the whole Country will remain uncultivated — This is the Season for Sowing and some means for restoring confidence to the Ryots will be Necessary to prevent them all going away. —

Altho' the Measure of placing a few Sepoys in each hamlet would Secure their property from depredation, yet it could not remove the dread, which is generally entertained of the thieves Whilst these plunderers have so ready an asylum in

Fort St. George 9.th July 1811

in the Nizam's Country, it will be equally impossible to prevent their present System of terror, or to frustrate their Malevolent designs. They have now nearly gained their point of ruining this Zemindary, and succeed as it must depress the Minds of the People of this District.—

The Resident at Hyderabad has explained how readily, the assistance of the Rajahs Government, may be obtained for extirpating this nest of theives: and I am convinced that the alarm which they have inspired Inhabitants restored, unless the root of this evil be destroyed as long as they have a Shelter in the Neighbourhood, the Ryots cannot think themselves Secure upon their attacks and all attempts to calm their fears will be fruitless.—

This

This predatory war has now been Carried on for Some years and it cannot be doubted but they will continue it as long as they can with impunity.

The season of the rains has now so nearly approached that unless Some thing be immediately done the remedy will be too late.

I have been more explicit on this Subject as I conceive the Safety of the Zemindary which has been pointed out as the object of the Detachment, cannot be ensured otherwise than by the total extinction of the chiefs at Polunchy and preventing that place from becoming the resort of their factions. Whether the Country is plundered or deserted the ill effect must be the Same, and altho' the presence of the Detachment prevents their incursions it cannot calm the inquietude of the Country People.

The Force assembled at Polunchy

5 Having had under consideration

the Several points which the Advocate General

has in his opinion stated as necessary to be

established in the event of a Prosecution being
commenced against Messrs. Balfour and Baker
on account of the article called Suit, which was
furnished by them, we have the honor to state
that we are fully Satisfied that there is sufficien-
-t evidence to prove those several points allu-
-ded to in the opinion which was forwarded with
Mr. Secretary Peils letter of the 11.th June.—

6 In obedience to the orders of
your Honor in Council which were conveyed in
a letter from the Chief Secretary to Government
under date the 7.th June, we have had under
our Consideration the letter from His Majes-
-tys Naval Commissioner which was forwarded
for our report, and we beg leave to submit
our opinion that no demand on the Arsenal
should be admitted until it shall have re-
-ceived the Sanction of our authority under the
Signature of our Secretary — The request which

has

9545 Fort St. George 9th July 1855

has been made by the Naval Commissioner we consider to be not only unprecedented but that it is not supported by any necessity, as little or no delay can take place in presenting the Indent at our office where it will be passed in the usual Manner, unless there may be good grounds for refusing all demands for particular articles of Stores which from Scarcity or otherwise it may not be considered advisable to admit of any decrease.—

7 With respect to the payment of Stores the issue of which may be Sanctioned we are of opinion that a monthly account may be kept at the Arsenal of all articles which are furnished on payment and that the Commissary of Stores in charge of the Arsenal may be instructed to send in a Monthly Statement of the several Articles which shall have been received on authorized Indents.

The

9546

Fort St. George 9th July 1811

The amount of this account if found correct to be paid by the Naval Commissioner as soon after the receipt of it as may be practicable.—

8 The Commissary General has laid before us a Minute with a Statement of Supplies which have been made in the Ordnance Department at the Presidency from the commencement of the Commissarial Department to the 31st March 1811 amounting to Pagodas 35,798 . 38 . 44 on which has been effected a Saving equal to Pagodas 14,247 17 . 69 or 44/4 per Cent The Commissary General has also submitted a Statement of Supplies which have been made in the Same Department at the Several outstations amounting to Star Pagodas 2531 . 27 . 11 but we have not yet ascertained what saving has been made on the Supplies expressed in these Bills, Copies of these papers we have the honor to Submit to your Honor in Council with the expression of our opinion that every expectation which might have been formed with regard to the Success of a New and extended System of Supply has been most fully realized From an examination

N. 2 3. & 4

examinations of those documents, we are now permitted to in-
dulge a confident hope that the expences in this branch
of Military Expenditure will be rendered considerably
lower than they have ever been under any other system
so successfully exerted — We recommend to the particular
notice of the Government that part of the Commissary
General's Minute which relates to the regular transmission
of certain European Stores from England and beg
that it may be recommended to the consideration of
the Honorable the Court of Directors — We also recom-
mend that Copper bars for hoops should in future
be sent out for the Military Department at Fort
St. George as suggested in the Commissary General's
Minute.

9 We have also the honor to for-

N.o 506 ward two Reports of a Committee of our Board
which inspected 150 two poled private Tents, and
300 round Sepoy Tents which were made up by

the Commissary General for the public Service—These reports are highly Satisfactory and evince the great attention which has been paid to this very material branch of Military Supply—

10 The Quarter Master General of the Army having represented to us, that a great number of the tents which had been appropriated for the use of the Troops stationed at Bellary have been recently despatched to Secunderabad, and that the few tents remaining are of little value, we have passed an Indent on the Commissary General for one hundred one poled, and fifty, two poled private tents which measure we trust will meet the approbation of your Honors in Council.—

11 The Quarter Master General of the Army has in a Minute, a copy of which we have the honor to Submit, stated the very insufficient means which exist at the Presidency for the preservation of the Public Tents and Doolies, the

Stores Room in which the former are Kept is confined and inconveniently situated, and there is no commodious place at hand for airing and repairing the tents; there is no particular place for Keeping the Doolies, they are consequently crowded upon one another and often damaged; he has suggested that those equipments might be removed from the arsenal to the Island Magazine as Soon as the remainder of the Gun Powder Shall have been taken from that place: concurring as we do from so many considerations in the propriety of removing from the arsenal equipments which occupy a considerable portion of the buildings composing it, we cannot too strongly recommend to your Honor in Council the adoption of the Several Suggestions in the Minute before us, and in order that every facility may be given to the accomplishement of those important objects, we shall proceed to effect

the removal of the Gun powder from the Magazine by
sending to such Stations of the Army the quantity which
it may be advisable to retain in Store at the advanc-
ed Posts, and anticipating the approval of your Ho-
nor in Council, we have directed that an Estimate
of the expence, which may be necessary to make the
Several alterations proposed by the Quarter Master
General shall be prepared, and which we shall submit
at an early period.—

12 The Change and preservation of Bar-
racks, Quarters, and other Public Buildings having been
placed by the orders of the 9.th October 1810 under the Su-
perintendance of the Quarter Master General of the
Army that Officer has laid before us a Minute
in which he has pointed out, that unless Some
Public Servants is allowed at the Several Sta-
tions it will be impossible for him to give a
Satisfactory account of the Property which has
been entrusted to his Superintendance. He has

proposed

proposed, that at all Stations where there are two Quarters Guns of a European Regiment and other Corps that a Serjeant or Invalid Conductor with a Conicopoly should be allowed, and where there may be three Head Quarters of a Native Corps and other Public Buildings, that a Serjeant or Conicopoly should be granted, and lastly that at all Stations occupied by Detachments or where there are Public Buildings on his Books, that a Conicopoly should be authorized.

No 8 The measure proposed in this Minute, a Copy of which we submit to your Honor in Council, we consider to be necessary, and in order that the adoption of it may be attended with the least possible expence, we beg leave to offer our recommendation that Serjeants of the first Class on a Monthly pay of Pagodas 5 in addition to their authorized allowances may be appointed to the Stations detailed in the accompanying list, and at the inferior Stations that Serjeants of the Second Class or Conicopolies on a Monthly pay of Pagodas 3 may

be authorized as Some of the Buildings at different Stations which are included in the list are not occupied by Troops and are in want of repairs, we beg leave to recommend that they may be delivered over to the Civil authority and Struck off the returns of the Quarter Master General - Those Stations are marked in the list with an asterick and are as follows, Guntoor Tunnay - collah, Ongole, Nellore and Rammad - Should the arrangements which we have now had the honor to submit meet the approbation of your Honor in Council an additional monthly expence of Pagodas 92 will be incurred. —

13 With reference to the orders which were communicated in a Letter from the Secretary to Government in the Military Department under date the 28.th of December 1810 we have the honor to report that four Gun Carriages have been constructed at the Arsenal for the late Rear Admiral Drury and that we have received an application for them

them from the Executor to the Admiral in order that they
may be disposed of agreeably to his will. —

14 Having had under consideration the
letter from the officer commanding in the Southern
Division of the Army forwarded with Mr. Secretary
Peile's letter of the 4.th June, we have the honor to
state our opinion that the repairs and buildings recom-
mended by Major General Wilkinson are necessary
and in order that as little expence as possible may
be incurred in their execution, we beg leave to recommend
the Suggestion of the Quarter Master General that
the whole of the Buildings included in the accompany
No 10 ing Extract from the last return of Public Build-
dings at Madura may be pulled down, and the
Materials as far as may be requisite appropriated

Draft of a G. O.

The Honorable the Governor in Council is pleased to direct that in future when the Sabre Pouches of the Native Commissioned Non Commissioned, and Privates of the Several Regiments of Native Cavalry may be found unserviceable by a Committee of Inspection appointed under competent authority, that the officer Commanding the Regiment shall forward to the Military Board those Proceedings in order that authority may be given for issuing new Pouches from the Public Stores, or for providing them in such manner at the Public Expence as may be considered most advisable as it is intended by this Regulation to relieve the Native Troops from the Stoppages to which they have been hitherto subject on this account, officers in Command of Corps will be careful to explain to their Men the indulgence which has been granted to them under this order -

Minute

9558

Fort St. George 9th July 1811.

Minute of the Commissary General.—

I have the honor to submit to the Military Board for the purpose of being passed, eleven Bills for Supplies of Camp Equipages and Military Stores provided at Fort St. George by the Commissariat Department, from the period of its establishment up to the 31st of March 1811.— These bills amount together to Pagodas 35,298.38.41 and I have the Satisfaction of stating that in the provision of the Stores ingredients a Saving has been made of Pagodas 15,037.36.74 below the rates of the table which has hitherto guided the Board in their calculations of the Savings in this Branch of the public Service during the late Agency.

That amount of Saving should however I conceive be reduced to Pagodas 14,817.17.69 in consequence of a deduction of Pagodas 220.198 that Sum being equal to the amount which certain articles have cost, beyond the rates of the table.—

Each Bill is accompanied by a detailed

9559.

Fort St. George 9th July 1811

detailed Statement shewing the saving on each article which has been supplied as well as the gross amount of saving on each seperate indent, but I have also thought it necessary to submit for the further Satisfaction of the Board, a Gennal Statement shewing at one view the whole of the saving which has been made on the above mentioned bills and which appears to be equal to 44 ½ per Cent below the table of rates. The Board are aware that the prices of the tables of rates are 87 per Cent below those of the Contract which existed previously to the year 1804/5.—

It may here be proper to observe, that the Copper work which has been supplied, amounts to about Pagodas 6000, and that the saving on it, has not greatly exceeded 11 per Cent in consequence of the high price of that material in the market. I therefore take this opportunity of suggesting the expediency of recommending the Government to request that the Honorable the Court of Directors may be pleased to send out regular supplies of Copper for the use

of

9560 Fort St. George 9th July 1811

of the Arsenal of Fort St. George I propose that measures having understood that the Honorable Company are under engagements to export annually a certain quantity of Copper to this Country and because I am certain that it would be attended with economy and advantage to the Service — It would be advisable to send out copper bars ready prepared and cut, for making hoops which measure would be the means of saving much of the expence at present incurred by wastage and workmanship in the preparation of these Articles. If the amount of the Copper articles were excluded from the accompanying Statement, the saving on the remaining Sundries inclusive of the European articles would amount to 5½ per Cent. —

The Board will observe that every Species of European Stores are expensive, are ample supply of Cordage Tar Pitch, and Iron white Lead &c. should therefore be sent out direct for the use of the Military Departments These articles would thus cost the public considerably less than they cost at present, and I

9561 Fort St. George 9th July 1811.

I feel Satisfied that all other articles usually Supplied in the Country would be provided by the Commissariat Department, at least 50 per Cent on an average cheaper than they have ever been procured under any former System.—

It will occur to the Board that Some articles included in the general Statement, have cost considerably More than the prices expressed in the table of rates But these articles I am happy to observe are not generally in great demand, as will appear from the circumstance of there being a deduction of 220 Pagodas only out of 35,298 Pagodas required to be made on account of the excess in the price of them Such of them however as are wanted most, should be indented for on the Honorable the Court of Directors, as proposed above.—

I also submit to the Board to be passed by their order, Forty Bills for the Supply of Military Stores at the out stations of the Army

9562 Fort St. George 9th July 1811

Army by the officers of my Department in the Months of December, January, and February last These bills amount together to Pagodas 2531.27.11 but not being in possession of the former accounts for Supplies of the same nature at the out Stations I have not been able to make any calculations of the Saving which may have occurred in the provisions of these Supplies, though I should consider it a favor if the Board will have the goodness to ascertain the amount — The bill for Stores Supplied at Trichinopoly in the Month of December has been signed by myself as the Assistant Commissary General, Lieutenant Shaw who Supplied the Articles had forwarded instead of a bill the original Indent with the prices annexed, and he died before the error could be corrected — The amount had however been entered in his disbursements and duly shown to as prescribed by the regulations —

It is unnecessary that I should express to the Board, the satisfaction which I feel in

laying

9563

Fort St. George 9th July 1811

laying before them a result which I consider so favora-
ble to the arrangements of the Commissariat Department
in that branch of it which embraces the supply of
Military Stores; but certain that the Board will
participate in the same feeling, I leave it to them to
notice the present subject in such a manner as they may
think proper in their reports to Government on the supplies
of Military Stores, which have been prescribed by the
late regulations

I shall have the honor of submit-
ting to the Board, at an early day some further bills
for the Supply of Military Stores at the Presidency
which have been made on terms, still more favorable
than those which accompany this Minute.

Report of a Committee of the Military Board consisting of the Adjutant General and Quarter Master General of the army appointed for the purpose of Surveying 150 two poled private Tents, for which an Indent was passed on the 22d October 1810.

The Committee having assembled for the purpose of Surveying the Private Tents above mentioned, have the honor to report that they have been found to be of the prescribed dimension well finished, and the materials of a very Superior Quality. The Cloth, which the Commissary General reports having obtained from the Import Warehouse, is far Superior to any Cloth of the Kind which has usually been employed for the purpose of making tents: and the Committee have every reason to expect that the durability of the Tents under inspection will be materially greater than any other Tents which have come under their notice.

It will also be satisfactory to the Board to learn that the expence of the new Tents

as

9598 Fort St. George 9th July 1811

as stated by the Commissary General is considerably under the rates at which they have ever been supplied before.—

Report of a Committee of the Military Board consisting of the Adjutant General & Quarter Master General of the Army appointed for the purpose of Surveying 300 Round Depoy Tents of the dimensions and pattern approved of by the Military Board.—

The Committee having examined the Tents above mentioned find them to correspond in dimension with the pattern tent approved of by a Committee of the Military Board dated the 1st November 1810 That they are made of the Same Excellent Materials as the 150 / 2 / poled Tents Surveyed on the 8th February

Minute of the Quarter Master General

I have the honor of bringing under

the consideration of the Military Board, the very insuffi-

-cient Means which exist at the Presidency for the pre-

-servation of the Public Tents and Doolies.

The Store Room of the former is

confined, and inconveniently situated; and there is no commo-

-dious place at hand, for airing and repairing the

Tents. There is no cover for the Doolies, unless a

few be placed in Sheds destined for other purposes

and then they are always damaged by their being

necessarily placed one above another.

I would therefore Suggest to the

Military

9600 Fort St. George 9.th July 1811.

Military Board the propriety of removing the above
=mentioned Equipments from the Arsenal to the Island
Magazine, as soon as the remaining Gun powder shall
have been taken from that place — I would likewise
recommend that the allotment for this Station of Sick
Carts should be kept at the Same place, and by these
Means the Arsenal at present so intirely insufficient
as a Depot of Ordnance Stores, will be cleared of
a large quantity of Equipment which so far from being
connected with the Defence of the Fort, is only called
into use when with drawn from it.—

I may likewise advert to the great
Inconvenience which now attends the frequent pas-
=sage of those unwieldy articles thro the Fort Gates,
and their being often Necessarily collected for a whole
day in the Arsenal Street — a Small alteration in the
Island Magazine would adapt it to the proposed pur-
=pose but in preference to applying the entire of that
building to the Accommodation of Tents, Doolies and

Sick

Fort St. George 9th July 1811

Sick Carts, I would recommend the appropriation of a proportion of it, as a Barrack and Hospital for the 4 Companies of the dooly Corps allotted to Fort St. George, and for a detail of Tent Lascars which would be placed in charge of the Equipments—

The dooly Bearers would by these Means be always for duty at a Short warning, and would be close to the Doolies they were to take up; at present, when Troops which arrive in the Roads at Noon, for disembarkation, it is scarcely possible to bring the Bearers to the Beach with the Doolies at the landing Hour—

It would in this case become neces=sary that a Shed should be constructed for the Doo=lies and perhaps the Sick Carts—for the former a covering can be constructed at very little Expence by throwing out from part of the present Wall, a Tiled Veerandah Supported by Wooden or Brick Pillars, and this would be Sufficiently high to admit a Dooly—

9.602 Fort St. George 9th July 1811

Dooly, and at the Same time so low as to shelter it the more effectually from the weather—

The Number of Sick Carts and Doolies it would be desirable to hold in Depôt and for the duties of the place will amount to 15 of the former, and 100 of the latter.—

It is my opinion in case the present proposal should be adopted, that a Conductor of Ordnance Should be in charge of this depôt under the immediate orders of this office.—

Minute of the Quarter Master General

I have the honor of bringing to the notice of the Military Board, the insufficient arrangement which at present exists for the Change and preservation of Barracks, Quarters, and other Buildings

placed

Fort St. George 9th July 1811

placed by the Orders of the 25th October 1810 under the Superintendance of the Quarter Master General of the army.

I have delayed the agitation of this Subject until I should have received from the Divi-sions, full information regarding its different Branches, and altho I am still without the necessary reports from the Hydrabad Subsidiary Force, the Northern Division, and Travancore, I do not think it advise-able to postpone its consideration as it affects the re-maining Divisions any longer.

I have adopted as a General prin-cipal that where there are the Quarters &c. of an Euro-pean Regiment, and other Corps, a Serjeant or Conductor with a Comicopoly is necessary for their Custody.

Where there may be the Head Quarters of a Native Corps and other Public Buildings that a Serjeant or Conductor is necessary, and that at all Stations occupied by Detachments and where there are Public Buildings on my Books, that a Comicopoly is necessary: unless a System of this nature be adopted

I

9604

Fort St. George 9th July 1811

I must even find myself incapable of giving a Satisfactory account of the Property entrusted to my Superintendance, and where it shall be considered unnecessary to Keep a Public Servant, I would recommend that I be authorized by Government to deliver over the Buildings to the Civil Authority and Strike them off my Returns. — I have noticed Some Stations with an asterisk which I think may be advantageously disposed of in this manner. —

I have reason to suppose that there may be found Several Invalid Conductors, and Serjeants who might be beneficially placed in charge, and a small Stationary allowance would be an inducement to their acceptance of it. —

The Military Board will be the best Judges of its amount, as also of the Pay which Should be given to a Conicopoly, and I have accordingly the honor of requesting that this Minute may be sent up to Government with the opinion and recommendation of the Military Board. —

I

9605 Fort St. George 9th. July 1811

I shall hereafter do myself the honor of forwarding a Suggestion respecting the Change of Buildings in the Northern Division, the Deckan and Travancore.—

It will be observed that the Names of Several Stations are omitted in the enclosed List; all such are already provided with an Establishment.—

I have the honor &c.

Minute

9633 Fort St. George 9.th July 1811.

Minute of the Commissary General

I have the honor to recommend to the consideration of the Military Board the expediency of endeavouring to relieve the Government of the expence incurred in Keeping the Mount Road in Repair. The establishment employed for that purpose inclusive of the 25. Store Lascars who might be employed to greater advantage in the arsenal, amounts to about Pagodas 330 per Mensem or 3960 per Annum, and I am of opinion that expence should be no longer borne by the public. The funds of the Road Committee are at present I understand in a flourishing state, and it appears to me that these funds might be employed with equal

9634 Fort St. George 9th July 1811

equal propriety in repairing the Road leading to the Mount as that which leads to Poonamalie or Pondicherry — But if there be objections to that Measure, of which I am not aware, I conceive that the expence should be borne by the funds of the Cess Committee. The funds of the latter Committee I understand arise by levying a cess duty on the houses along the Mount road in common with all the houses on the plain and elsewhere and if these funds be applicable for the improvement of the roads and Streets about Madras, I do not see any reason why the same funds should not bear a part of the expence of improving the Mount Road. —

I

9635

Fort St. George 9th July 1811.

I recommend that these questions may be submitted to the Government; but in whatever hands the expence of the repairs of the Mount Road may be placed, I conceive that the same controul which has hitherto rested with the Board in the Management of the Mount Road should be continued, in like manner with all the other roads about Madras.

a Letter dated the 13th of April from the Secretary to Government in the Military Department forwarding for our information the Copies of two Letters, dated the 26th and 19th of March from the Governments of Fort William and Bombay likewise of another Letter dated the 29th of that Month, from the Secretary to Government at Bombay.—

In reference to the last mentioned Letter, we have the honor to state, that there are no documents whatever, in our office, regarding the Property said to have been Captured in Canara in the year 1799, by the Detachment which was Commanded by Colonel Wiseman.—

It is Stated in the enclosure from Bombay that this Property was delivered over to Colonel Munro on account of the Madras Government. The absence of that officer in Europe precludes us from gaining any information from him on the Subject.—

As Colonel Munro was employed in Canara

From the Chief Secretary to Gov.t at Fort

Sir,

I am directed to acknowledge the receipt of

G 707

Fort St. George 9th July 1811

Williams — In reply to a letter from this Government referring for the decision of the Supreme Government enclosures from the Prize agent to the captors of Amboyna &c.

of your dispatch under date the 10th ultimo, enclosing copies of various letters from the Prize agent for the captors of Amboyna and its dependencies, in the Subject of claims considered to be cognizable by the Supreme Government, and therefore referred to the decision of His Excellency the Vice President in Council.

2d. From the contents of my dispatches to your address of the 24th and 31st ultimo, the Honorable the Governor in Council will have found that the Vice President in Council has concluded that all questions relative to property claimed as prize by the captors of the Moluccas would be rendered Subject to the decision of a Prize Court, and that a large proportion of the captured property together with the paper Money for which the captors demand an equivalent in Cash had been carried to Fort St. George, the admiralty Court at that Presidency would be the Jurisdiction which would take Cognizance of these

questions

questions; and that under this Supposition, His Excell-
lency in Council deemed it the duty of the Company's
Government as the temporary Depositary of the Interests
of the Crown for the Settlements in the Moluccas, to
Supply such materials in its possession as might
enable the Company's officers to defend the rights
of the Crown, thus committed for a time, to the
charge of the Government of India, and eventually
those of the Company; if the Government of England
should think proper to transfer the Moluccas to the
possession of the former against such Claims of
the Captors as might be considered to be of doubt-
ful Justice—

3 The applications of the Prize
Agent however communicated in your dispatch-
now acknowledged indicate that it is not the
intention of the Captors to move the adjudication
of the property claimed as Prize, in the Admiralty
Court, at least not until the questions to which

those

Fort St. George 9th July 1815

those applications refer, shall have been decided by the judgement of the local Government of India - Such being the case, I am directed to observe 1st in a practical point of view that under any circumstances, the decision of these questions would require the authority of the Governor General in Council, and 2ndly as a matter of opinion that the Government of India, professing to hold the Moluccas on behalf of the Crown, is not competent to pass a decision on the Claims in question, because such a decision would prejudge the pleasure of his Majesty with regard to the disposal of property which if not relinquished in favor of the Captors must be considered to be that of the Crown, unless transferred together with the Moluccas, by that Supreme authority to the possession of the Company, and further, that even Supposing the present existence of the Company's property right and interest in the Moluccas it would probably be deemed necessary to refer the Claims in question to the decision of the Honorable the Court of Directors. The opinion indeed of the Governor General in Council regarding the incompetency of the local

Government

9710

Fort St. George 9th July 1811

Government of India to determine such questions on at least, the Superior propriety of referring them to the Authorities in England, is intimated in the 57th Paragraph of the Governor General in Council's instructions to the Resident at Amboyna (a copy of which paragraph is included in the documents accompanying My letter to your address of the 24th Ultimo); whereby a report upon the claim of the Captors to the Spices unstored at the period of the Capture is required for the express purpose of referring it to the Court of Directors, and eventually through that Court, to his Majesty's Ministers.

This intention has already been stated in a letter to the Honorable Court, to which the present Correspondence, and whatever information has been, or may be received on the Subject, will also be of course communicated.—

Sir,

From the Resident at Hyderabad transmitting a letter from Lieutenant Colonel Wilson enclosing one he has received from the Deputy Adjutant General of the Hyderabad Subsidiary Force about bringing Puddum Sing and his Associates to Trial before a General Court Martial stating the circumstances and requesting the opinion of Government.

I have the honor to transmit to you for the Information of the Honorable the Governor in Council, a Copy of a letter from Lieutenant Colonel Wilson to me enclosing a Copy of a Letter he had received from the Deputy Adjutant General of the Hyderabad Subsidiary Force, about bringing a Person named Puddum Sing, and his Associates to Trial before a General Court Martial.—

These Men were taken up by Rajah Chundoo Lall so long ago as the Month of Novem-ber last, upon an Application from the officer in charge of this Presidency on Suspicion of their having been concerned in a Robbery committed in the Bazar of Sekunderabad. Since that time, they had been confined in our Cantonment Guard until a few days ago, when they were sent to me by Lieutenant Colonel

R. Wilson

9726

Fort St. George 9th July 1811

Wilson, and being all of them Subjects of his High-
=ness the Nizam, and no Mode of Trial by us having
been directed for them I thought it best to deliver
them up to Rajah Chundoo Lall with a Statement
of the Circumstances upon which the Belief of their
Guilt was founded: they have all by the Rajahs
Orders been confined in Irons, and as it appears that
there would be some Difficulty in substantiating
the Suspicions against them by positive Proof, I
imagine that their Punishment is likely to be more
certain, as well as more Severe, by leaving them where
they are, than by getting them again into our own Cus-
=tody to be tried before a General Court Martial.—
I have thought it right to submit
these Observations to the Honorable the Governor in Coun-
=cil but I request you to accompany them with an assu-
=rance that I shall be guided by any wish Govern-
=ment may be pleased to express. If it is their Desire

Since commencing the repairs of the Government Houses here, for which the Sanction of the Honorable the Governor in Council was intimated to me in your letter of the 28th ultimo, I find the Sum as applied for by my Predecessor for that purpose will actually only be sufficient for the repairs required to the Government Houses, in the Fort and the one at Ponian, — The Bungaloe at Tillaly which I have since more particularly inspected has from long neglect fallen into considerable decay, but from its pleasant Situation & prospect, and being surrounded by an extensive Garden, it would be a great pity to allow it to go entirely to ruin, which may be obviated by the small additional expence of Star Pagodas 150. I trust therefore the Honorable the Governor in Council will

will be induced to grant me as further Sanction to the disburse the above Sum on that account by which the Bungaloe will be rendered a comfortable and pleasant residence, whereas at present it is entirely uninhabitable

I have also further to request the authority of the Honorable the Governor in Council to make a few venetian windows to the House at Porian, as several of those at present in use are quite rotten, besides from being merely nailed the house on that account is excessively hot, unless they are Kept entirely open;— for this expense only the Sum of Star Pagodas 80 will be requisite.—

Tranquebar

Sir,

We the undersigned officers of the Late Danish artillery Company at Tranquebar respectfully beg leave to represent you, that in our humble opinions, there must be an error committed at the Paymasters office respecting the Subsistences allowed us by the British Government. We in this respect beg leave to observe that the British Government graciously has granted us the allow-

-ances

allowances of British officers, and that we accordingly receives or should receive Captain Kaas of the artillery 43 Star Pagodas 31 fanams 40 Cash per mensem Captain Helmick of D. 24 Pagodas 36 fanams 60 Cash and Lieutenant Gotting of D. 24 Pagodas 36 fanams 60 Cash, but that this Subsistence which agreeably to the Code of Regulation 1801 Page 27 are the Same for any Month for the British artillery officers, has been changed in respect to us, so that we do not receive the said allowance every month, but according to the numbers of days in the Month and by this adopted Payment have we lost 3 days in the Month of February and one days allowances in every month of 30 days.—

We therefore must humbly request you to take into Consideration this our true Statement and we are confident that through your interference and representation to the Government of the Error committed in respect to allowances to the Danish artillery officers will be corrected and we to receive the arrears due us.—

We have the honor to be &c. &c.
