President's minute — stating the importance & requiring a person of considerable experience and acquaintance with the details of the business of the Military department to the situation of Military Paymaster at the Presidency in consequence of the transfer to that office of the duties previously discharged by the Deputy Paymaster General to the Kings' Troops and proposing that the Salary attached to the Office of Military Paymaster at the Presidency be increased from 400 to 500 Pags per mensem — Exhibits the manner in which this increase of expence will be met by a revision of the Office Establishment of the Kings pay office — also [illegible] 100 Star Pagodas — The sum drawn by Lieutenant Colonel Campbell as Deputy Paymaster General is exclusively a permanent saving of 343 31.40. per mensem — Proposes to appoint a Deputy accountant in the department of Military accounts

The importance and responsibility attached to the Office of the Military Paymaster at the Presidency which have lately been considerably increased by the transfer to that office of the Duties previously discharged by the Deputy Paymaster General to the Kings Troops requiring that an Officer of the Government of considerable experience and thoroughly acquainted with the details of the business in the Military Department under the Presidency should be appointed to that office with a Salary suitable to the expectations which a person of that description would have reason to form in the event of his devoting

devoting his talents and knowledge to any other branch of the Service, the President proposes with the view of securing the zealous and efficient Services of an individual properly qualified, that the Salary annexed to the Office of Military Paymaster at this Presidency shall be increased from Pagodas 400 to Pagodas 500 Per Mensem.—

The President proposes to meet this encrease of expense by a saving which a revision of the Office establishment of the Paymaster in the Department of the Kings Office has enabled him to suggest without creating any apprehension of injuring the efficiency of the Office by reforming and reducing the establishment as from the

accounts on a Salary of 300 Pagodas per mensem which expence will be more than counterbalanced by the saving expected to result from the abolition of the Office of Deputy Mint Master amounting to Pag. 200 per mensem and that arising from a reduction in the Office Establishment in the Military Department of accounts amounting to Pagodas 202. making together a total of Pag. 402.— Proposed to appoint Mr. George Strachey Military Paymaster at the Presidency and Mr. Robert Macomochie Deputy accountant in the Military Department of accounts on the Salaries above proposed.—

Sir,

Accompanying I have the pleasure to transmit the Monthly Returns and Medical papers from the Northern Division for the Month of May. I am exceedingly concerned it was not in my power to forward them at an earlier period, which has been occasioned by the following circumstances – I left Vizagapatam on the 6.th Instant with Mrs. Fleming in the most extreme state of Debility from a Bilious fever, and intended halting at Samulcottah where I had ordered my office, and writers but on approaching that Station, and finding by some accident

they

they had not arrived there that the heat in Tents was intolerable I was compelled on account of Mrs L. Fleming to proceed by the Sea Coast to this Station where I arrived two days ago and the Writers only came up last night with the necessary L. Documents.-

I hope the Medical Board in Considering these Circumstances will acquit me of intentional delay in forwarding the Returns.-

Major General Sater is not disposed to think that the loss of allowances as stated in Major Neale's letter was intended by the Government when their General Orders of the 1.st of May 1810 were framed to take effect.—the Major General has the honor to express his opinion, that the occasional absence from his Station on Public Duty of an Officer Specially appointed to a Government Command, should not operate to his disadvantage in a pecuniary, or any other point of view; and

when

9791. Fort St. George 12th July 1811.

when the service requires an officer, thus situated to quit his Command for a time it appears to the Commander of the Army to be equitable and expedient, that the next Senior officer should be authorized to draw Superior Batta, without interfering with the established allowances of the permanent Commanding officer.-

Under this impression the Major General Commanding the Army begs leave to recommend that Major Neale's solicitation be attended to and that the general principles on which the opinion herein expressed has been formed may be taken into consideration by the Honorable the Governor in Council.-

Sir,

As by the 6th and 7th

Paragraphs of the General Orders of the

Honorable the Governor in Council under

date the 1st of May 1811. the Officer

Commanding the Cantonment of Arcot

is prohibited from drawing Brigadiers

allowances / if entitled to it by the Head

Quarters of two Corps being present when

on service, or detached on Court Martial

or other Duty - and as Arcot is the

only Government Command included

in

9793

Fort St. George 12th July 1811.

in this prohibition, I have the honor to request that you will express to Major General Pater my earnest Solicitation that he will be pleased to submit to the Consideration of the Honorable the Governor in Council, the very Serious diminution I sustain thereby in my allowances — tho' absent from my Station upon Duty —

To render more apparent the Singular predicament in which Arcot as a Government Command is placed I beg leave to Subjoin the two Paragraphs above alluded to, of the General Orders of the Honorable the Governor in Council Dated the 1st May 1810 —

Extract

6th Para — "That the Senior Officer

of

Fort St. George 12th July 181

"of the Troops present at Seringapatam,
"Bellary, Trichinopoly, Masulipatam and
"Arcot shall be entitled to draw 1/4
"Brigadiers allowance whilst the Force
"at those Stations may consist of the
"Head Quarters of two Corps, at the the
"Officer Commanding the Division may
"be present at them".-

7th Para. "As the Brigadiers allow-
"ance granted by the preceding 2d
"Paragraph is to be drawn by the Senior
"Officer of the Troops present at the
"Station therein mentioned it is not
"to be drawn by the Senior officer when
"on leave, or detached in Court Martial
"or other Duty if the absence from the
"Station exceed three Days".-

By the above it would
appear that Arcot a Government Command

ii

is placed in the same predecament with other Stations that are not so, and is the only Government Command to which such restriction is attached and the Officer Specially appointed by Government to the Command of this Station, is included in a Regulation which would seem only applicable to those Stations to which Officers are not specially appointed and the Command of which casually falls to the Senior Officer actually present.-

I feel confident that Major General Pater's favorable consideration and recommendation of this case to the Honorable the Governor in Council will relieve me from this unpleasant predicament.-

Honorable Sir,

From the Military auditor General — Submitting for the decision of Government Copies of Correspondence with Captain Nixon respecting allowances drawn by him during the Suspension of Captain Brown — Commissary of Stores at Seringapatam.

1. At the request of Lt Captain Nixon who had been appointed to act as Commissary of Stores at Seringapatam, upon Suspending the Military Functions of Captain Brown in that Capacity — I have the honor to Submit for the decision of your Honor in Council the accompanying Copies of a correspondence with Captain Nixon regarding Staff & allowances drawn by that Officer under the following Circumstances.—

2. During the unfortunate troubles in the year 1809 Captain Brown

9809 Fort St. George 12th July 1811.

Brown Commissary of Stores at Seringapatam with many other Officers of that Garrison was suspended from his Military duties and Captain Nixon was appointed and did act as Commissary of Stores at Seringapatam during the Suspension of Captain Brown for which period he drew the allowances attached to that Situation.-

2. Captain Brown having resumed the authority of Government the duties of his Office upon the 11th of December 1809 he was of Course considered entitled to receive the Staff allowances attached to it. From which date Captain Nixon was not considered to hold the Situation and the allowances drawn by that Officer for the period Subsequent to Captain

Browns

Sir,

From the Accountant General — In reply to a letter from Para. 1.

In Compliance with the directions

Fort St. George 12th July 1811.

From the Military Secretary Containing directions for a reduction in the Military Department of accounts -

directions of Mr. Secretary Piele in his Letter of the 18th December last for effecting a reduction in the Establishment of the Military Department of accounts, I have now the honor to Submit for the Consideration and approval of the Honorable the Governor in Council, the establishment I would recommend for that department.

2d No. 1. Is the establishment as it now Stands amounting to Pagodas 742 and each branch in the department is distinctly Stated -

3. I am desirous of bringing before the Honorable the Governor in Council some modifications also of the Establishment, to put it on the Same footing with that of the General Department, that one uniformity may

obtain

Fort St. George 12th July 1811.

obtain throughout the office -

4. It will be observed that the Accountant Mr. Askin draws 90 Pagodas and House rent at 15 Pagodas and at the foot of the list there is a charge of 14 = Pagodas for candle and oil which has also been considered a part of the allow= -ance drawn by him -

5th. I submit to the Honor= -able the Governor in Council whether it would not be preferable to consoli= -date these allowances, and to grant a fixed Salary to Mr. Askin in lieu of these advantages -

6th. Mr. Asken I find has frequently been reported to Government, as deserving of encouragement for his assiduity and persevering attention to the duties of the department for the

last five and twenty years, and
since the transfer of the Military
Paymaster Generals' Office to this
nothing has occurred to forfeit to
him the Character he has so long
maintained I therefore submit to
the Honorable the Governor in
Council that his Salary be fixed
at 130 Pagodas per Month in
lieu of all other allowances.

7. In the Current
department there is also a Charge
of 15 Pagodas Monthly for a Writer
to keep an account of the fees on
Commissions and to Conduct that
Correspondence; this originated in
a Sanction obtained by Mr.
Murray under date 26th May 1809
it would appear however proper

That

that the charge on this account
should be sett off against the fees, —
since Government derive no benifit
whatever from those fees.

8.th The duties of the Writers
in the disbursement department is to
copy the detailed disbursements of
Paymasters for transmission to the
Honorable Court of Directors. I do
not any where find that their orders
exist for these details being annually
transmitted, but on referring to the
regulations for the Military Paymaster
Generals Department, which are
contained in a letter addressed by
Mr. Sargentharson. Military Paymaster
General to Colonel John Murray the
Military Auditor General in Bengal
dated the 30.th November 1789 I find

A

9824 Fort St. George 12th July 1811.

it stated that Copies of all the Ld
Paymasters accounts of Disbursements
are made out at the Office of the
Military Paymaster General and bound
up in books at the end of the Year
to be forwarded to the Honorable
the Court of Directors as Vouchers to
the Journal and Ledger of the
Department.-

9th The letter appears to
have been transmitted to this Presidency
as a Code by which our System of
Pay and accounts were to be
framed.-

10th At the time these Ld
arrangements first took place our
detail of disbursements did not exceed
five Volumes whereas now they amount
to 25 Volumes very year.-

11.th .It is respectfully submitted how far these details are required by the Honorable Court of Directors, and whether they are really considered as Vouchers to the Journal and Ledger - it is certain, that their preparation incurs great expense, and a Considerable Consumption of Stationary I recommend that they be discontinued, and if the Honorable Court should still require them, they can with very little difficulty be prepared for transmission to Europe hereafter - the Saving on this account will be 178 Pagodas per Mensem or Pagodas 2136 per Annum.-

12. At the foot of the Establishment there is a charge for a peon pensioned at 4 Pagodas Monthly, I cannot trace the authority in the Ho department

Ordered

Fort St. George 12th July 1811.

Ordered that the accountant General be apprized of Mr. Macconochie's appointment, and the reduction in the office Establishment proposed will be carried into effect — Also, that a communication be made to the Honorable Court relative to the documents adverted to in the foregoing letter.—

To J. H. Peile Esqr.
Secretary of Government in the
Military Department.

Sir,

From the Commissary General — Proposing a reduction in the Carriage & Bullock establishments to the European Force and Cavalry at Sautna —

Referring to a dispatch from Colonel Close to the Commander in Chief's Military Secretary dated the 27th May 1810, and of which I enclose an extract for the sake of convenient reference, I have the honor to solicit the orders of the Honorable the Governor in

9834 Fort St. George 12th July 1811.

in Council, respecting the establishment of Carriage Bullocks allotted at that period to the provision Department at Saulnah, for as that establishment was confirmed by Government, I do not consider myself entitled to alter it, without the orders of the Same authority. The Cattle allotted for the Service of that branch at Saulnah Consist of 410 Carriage bullocks, which are equal to the Conveyance of provisions for one Month, for 1000 Europeans, but the greater part of His Majestys 34th Regiment having left Saulnah, I conclude that the Carriage bullocks in the Same proportion will only now be required to be kept up at that Station, for the European Troops that remain there - These consists at present of 258 non commissioned rank and file; and 108 Carriage Bullocks

9835

Fort St. George 12th July 1811.

6 Bullocks will be required for the Carriage of one months provisions for that number of Men. If it should therefore be determined to reduce the number of Bullocks in the provision Department from 410 to 108. I beg leave to suggest that an intimation to that effect may be given to the Officer Commanding the Subsidiary Force. The reduction of expense by that measure will amount to Pagodas 453 per Mensem, or Pagodas 5,436. annually.

2. I take this opportunity of bringing to the notice of the Honorable the Governor in Council that Bringanah Bullocks in the proportion of two to each horse

continue

Fort St. George 12th July 1811

continue to be attached to the two
Regiments of native Cavalry at Sankah,
Sankah, which is the greatest
proportion that has ever been allowed
to Cavalry on actual field service.

3. It was stated by the
Colonel Close in the same dispatch
referred to above, that the general
resources for the equipment of an
army afforded by so large and
populous a City as Hydrabad were
not to be Commanded at Sankah
a Town of Moderate extent situated
in a Country, of late years, by no
means productive. The Contractor
for the Supply of the Draught
and Carriage Cattle of the Force
the late Rajah Nagannah, was
under

Fort St. George 12th July 1815.

under engagements to encrease at
Hyderabad within a short period
of time the number of cattle kept
constantly in employ to as great an
extent as it was possible the calls
of the public Service under any
circumstances required, and the
vicinity of his Jaghiers in, and
adjoining to the Masulipatam district,
gave him facilities in the performance of those engagements; but the
conditions of this agreement did
not extend to Gaulnah and the
distance of that place from the
usual sources from which the spare
cattle required in the event of war,
had heretofore been drawn rendered
them inapplicable to Gaulnah except

under

Fort St. George 12th July 1811.

under some new arrangement I have however the honor to State, that altho the Country near Saulnah, cannot supply draught bullocks nor even good carriage bullocks with the same facility as at Hyderabad, I am of Opinion that no difficulty will ever occur in procuring at a very short notice any number of Bringarrah Bullocks which will probably be required for the Service of the Subsidiary Force, more especially so, since the Conditions of the former Contract have been by a formal agreement made applicable to Saulnah, at which place and at Aurungabad Bringarrahs are always to be found in great numbers. The Contract

provides

Fort St. George 12th July 1811.

provides for the Supply of 1,500 draught bullocks, 6,000 Carriage, and 12,000 Bringanah Bullocks within the Space of one Month; and half of that number at 15 days notice; so that the Small proportion which I have proposed to be reduced, may of course be provided at a much earlier period.

4. If the Bringanahs bullocks at present attached to the Subsidiary Force at Saulnah were held entirely disposable for the purpose of bringing from the Country, Supplies for the use of the Troops at that Station, when not required for actual Service their Labor would in a great measure repay their expense, but it has been found difficult

to

9840 Fort St. George 12th July 1811.

to appropriate their services in a
that manner as intended by
Government at the period at which
my original instructions to the
Assistant Commissary General Major
Mackintosh were approved of.— The
orders of Colonel Conran — which I
had the honor of Submitting to
Government on the 14th instant —
directing so large a proportion of
these Cattle being held in readiness
to move at 12 hours notice have
also tended materially to prevent
a return being made to the public
by the employment of them, and
the Assistant Commissary General
at Sankrah has lately been obliged
to hire Brinjarah bullocks for
the Conveyance of the Supplies of

his departm[illegible] and these bullocks he can procure to perform work by the trip, for an expense much less than would be incurred by having them permanently engaged on the Service.—

5. If therefore, it be determined that Bringarah Bullocks be obtained to a considerable amount and at a very early notice at Ambore, and that those which are in the Service at present cannot be employed in such a manner as to cover nearly the expense which they cost the public, I am of opinion that their number may be reduced from the proportion of two bullocks to that of one bullock for each horse, without the risk of inconvenience

to the public Service, and unless there be objections to that measure of which I am not aware, I beg leave to recommend that it may be adopted.

6. The amount of the hire of the Cattle which will in that case be discharged will amount (supposing each Regiment to be completed in Horses which will in fact be the case in a Month or two) to Pagodas 714. 12. 68. per mensem. But supposing that one third of these Cattle might have been permitted to be employed in bringing Supplies from the Country and that a proportionate expense will be required to be incurred for Cattle hired in lieu of that proportion of them, the Saving should not

in

in that case be estimated beyond the Sum of Pagodas 480 per Mensem or 5760 per annum.—

7. The measures submitted in this letter for the Consideration of the Honorable the Governor in Council will evidently produce a Saving of about Pagodas 11196 per Annum, whilst the efficiency of the Subsidiary Force will not in my opinion Suffer any injury from these measures being carried into immediate effect.—

Fort St. George 12th July 1811.

General in Council in the Secret and Seperate Department, under Date the 24th August 1810.

To the Right Honorable
Gilbert Lord Minto
Governor General in Council

My Lord,

We have the Honor to Submit for the Consideration of your Lordship in Council that the usual allowance granted to the Commanders of Transports for providing a Table for the Officers on board their respective Ships are four Sicca Rupees per Diem for each Officer is in our opinion not Sufficient for the purpose of the present Embarkation and we do

therefore

9861

Fort St. George 12th July 1811.

therefore beg leave to suggest that the same allowance which was paid on the occasion of the Expedition to Egypt or Six Sicca Rupees per Diem for each Officer may be allowed to the Commanders for providing a Table on the present occasion and that the Military Auditor General may be authorized to pass the full allowance for each Officer for Sixty days upon Bills to be drawn by the Commanders for the number of Officers allotted to their respective Ships the Bills being properly certified by the Secretary to the Committee of Embarkation.

The Military Auditor General will furnish the Paymaster to the Expedition with a List of those Officers

9862 Fort St. George 12th July 1811.

Officers for whom Table money shall have been advanced with instructions to Stop two Sicca Rupees per Diem from the Batta of each Officer for the period they may have been on Ship board bringing the Same to the credit of Government in his Abstract Account of Receipts and Disburse-ments according to the rule observed on the Embarkation of Troops for Egypt.-

Should any of the Officers remain on Board of Ship beyond Sixty Days the Paymaster may be Directed to Discharge the excess at the rate of Six Sicca Rupees per Diem upon Bills Drawn by the Commanders and properly Certified by the Senior Officer, in respect to

the

which you will be pleased to Submit to the Consideration of the Governor, in Council who will observe that the Casks in question are of the quality & universally Manufactured on this Island and used in the Arrack Trade, they are made of the Mowrotte Wood and are certainly much inferior to the Teak Wood Casks made on the Coast but the price is proportionably less.

The Honorable John Rodney
Chief Secretary to Government

Sir.

I have the honor to acknowledge the receipt of your letter

9882 Fort St. George 12th July 1811.

Letter Containing the report made by the Commissary General at Madras on 150 new Water Casks Sent there by this Department in the Sloop Ld Jagierney blow by which it appears they have been found not of a good Ld quality.—

Independent of these 150 Casks I sent 300 in the Fullah Cloriany and 100 in the Perseverance and as no Similar Report has been Sent I am in hopes they have been found of a better quality tho I am at a loss to Account for any Essential difference excepting indeed they may have Ld escaped Damage from Salt Water which it appears from the Report the 150 in the Jagierny blow did not.

I

9883 Fort St. George 12th July 1811

I was directed to collect as many Water Casks as possible without delay — I got upwards of 700 in 10 Days and none were received except new & Casks, and the quality of each fully & equal to the Casks used by the Merchants Carrying on the Export Arrack Trade — We have always found them good enough for Water Casks for Troops. They are made of Staves of Moretto wood and have from 35 lbs to 40 lbs of Iron on each but Certainly they are very inferior to Teak Casks the price paid to the Merchants here was 35 R. D. each and they were about 4 R. D. Dearer than usual owing to the demand and the little time allowed for delivery —

There are 144 Casks

of

9884

Fort St. George 12th July 1811.

of the number I got for the Govern-
ment of Fort Saint George yet in the
Stores here – I have the honor to send
a Report on them enclosed — There
was no picking when the Shipments were
made – amongst the 144 I could however
perceive myself that the casks received
from a Merchant named De Foran
were a little inferior to the rest and
perhaps the 150 complained of were
supplied by him but by a reference
to the Merchants at Madras it
would be seen if the 150 casks are
as good as are used to send Arrack

Sir,

I have the honor to forward an address to the Honorable the Governor in Council from Major Taynton of Artillery which has been transmitted for that purpose through the Medium of the Military Secretary to the Officer Commanding the Army.

In respect to the Services and misfortune of Major Taynton, has induced Major General Paler to request that the enclosures may be Submitted to the Considera-tion of Government. But in so doing the Major General could wish it to be understood that he does not feel himself authorized to assist with his recommendation in its favor, an Application unsupported by any regulation

From the Military Secretary to the Officer Commanding the army Forwarding application from major Taynton of the artillery that the grant of a sum equal to one years pay to Officers in the Service of H. M. who lose an eye or limb in action may be extended to him.

This is to Certify that Major Taynton of the Madras Artillery when on Active Service at the Isle of France received a Severe Wound in the Cornea and Iris of his Left Eye that has utterly destroyed the vision of the same excepting the bare perception left of a faint distinction between Light and Darkness—

Upwards of Seven Months having now elapsed since Major Taynton sustained this Injury with not the smallest improvement of that Organ I do now accordingly deliver it as my decided opinion that the sight of it is absolutely and irrecoverably lost to that Officer—

Hon.ble Sir,

I have the honor to acknowledge

From the Military Auditor General submitting a letter from Mr Harris late Superintending Surgeon to the expedition and suggesting that the payment of a sum on account of — expence incurred by him may be authorized.

the receipt of Mr Secretary Peile's letter of the 25th Ultimo with which was referred for Report copy of a letter from the Accountant General submitting a letter from Mr. Henry Harris late Superintending Surgeon to the Expedition against the French Islands —

2 This letter contains an application from Mr. Harris for payment of a Balance of Pago das 11 85. 27. 30 stated to be due to him from the Honorable Company relative to which he has forwarded a number of papers to which I shall hereafter particularly advert —

3 This Balance is in part exhibited in an Abstract marked No 6 containing charges

9926

Fort St. George 16th July 1811

Charges on account of the Sick and Wounded of the Kings and Companys Troops employed on the Expedition against the Isle of France and were treated in the General Field Hospital at Port Louis for whom 20 fanams each man per day from the 1st to the 19th of December last inclusive is charged - the Balance is also composed of Charges in the paper N°8 on account of the Seamen and Marines also treated in the General Hospital at Port Louis at the rate of one spanish Dollar each man per day which exceeds the other in 8 & 10 each man per day as it includes a charge for Wine supplied - To which is added the amount of a Contingent Bill for Articles supplied to the Sick and Wounded British and French officers in camp at Port Louis and at the General Field Hospital and for Stationary, amounting to Pagodas 372: 15 . the Total Amounting to

The

9927

Fort St. George 16.th July 1811 . . .

the sum of Pagodas 2510.30 from which there is deducted the sum of Pagodas 1,324.17.50 — which had been previously received by Mr. Harris from the Paymaster and which leaves the Balance of Pagodas 1185.27.30 To elucidate the subject I herewith submit a Statement compiled from the papers which have been forwarded by Mr. Harris —

4 This Hospital charge for — Victualling and for Europe and Country — Medicines, Wine excepted is at the rate of 20 fanams each man per day for the European Soldiers, and is composed as follows Viz.t of 5 fanams per day for each man recoverable from the Surgeon of the Corps to which — the Men belong of 2 fanams and 40 Cash of Stoppage from the Pay of the Soldiers of 3. fanams and 30 Cash their dry Batta and of 9 fanams and 10 Cash being an Extra charge against the Company to make up —

the

Fort St George 16th July 1811.

the total of 20 Fanams for each man per day, the rate of Contract which was proposed by Mr Harris as appears from his letter to His Excellency Lieutenant General Abercrombie dated the 20th of December last But which rate does not appear to have been approved or Sanctioned by General Abercrombie or by the Governor of the Isle of France The charge on account of the Seamen and Marines treated in the General Hospital is at the rate of one Dollar each, per day as Wine as well as Medicines is stated to have been supplied by the Superintending Surgeon

5 It is my duty also to state that the Vouchers forwarded for these charges are defective not being supported either by the Countersignature of any public staff officer of the station, or of the officers in Command of the Corps to which the Sick and wounded men treated in the General Hospital

Fort St. George 16th July 1811

Hospital belonged Had the rate of Contract therefore
been been agreed upon and confirmed by Competent
Authority, the charges would however have been
considered inadmissible upon Audit, as not sufficiently
substantiated.—

6. I have the honor to state that
I this day received a letter from Mr. Harris on the
subject of this reference, which I have the honor
to enclose and with which was forwarded Copy
of a Correspondence which has passed between
him and the Secretary to His Excellency Lieutenant
General Abercrombee relative to the rate of Contract
for the General Hospital at Port Louis. Mr Harris
in his letter to me, points out the difficulty en-
which Occurred in obtaining the requisite
Signatures of Commanding Officers of Corps to his
Bills at the time he was unexpectedly ordered
to return to Madras when he had to make
the necessary Arrangements for that purpose
and to deliver over charge of the Medical Stores
of.

9930

Fort St George 16th July 1817.

of his Department and of the Sick in the General Hospital to his Successor In the same letter Mr Harris urgently adverts to pecuniary Embarrassment under which he labours from the Non payment of the Balance now claimed—

7 Having herein before reported that the rate of Contract for the General Hospital at Port Louis has not been sanctioned, and that the Vouchers in support of the charges for Victualling and supplying with Medicines the Sick and Wounded in the General Hospital at Port Louis are not sufficiently substantiated, it would will become me to recommend the admitting the present application except under some specific restriction or Security. I hope therefore I may be permitted respectfully to suggest, that as no doubt can be entertained respecting Mr. Harris having been in charge of the Sick and Wounded in the General Hospital at Port Louis for the time specified in the Bills, and that the expense

incurred

Fort St. George 16th July 1811

incurred on that account and which from existing circumstances may have amounted to the extent of the rate charged was defrayed by him, — and that as the advance of Cash for this — expenditure bears hard upon the private — Finances of Mr. Harris, in consideration of these circumstances and the lapse of time which — from local and other Causes may intervene — and prevent the obtaining Authentic information respecting the rate of Contract which may — have been established for the General Hospital at Port Louis, after Mr. Harris had left the Isle of France which rate Mr. Harris's charge will eventually be admitted, and before — obtaining the requisite Signatures to substantiate the Vouchers your Honor in Council may be pleased to authorize the payment to Mr. Harris of a sum on account of the abovementioned expense incurred by him upon his giving — an Obligation to produce those documents within

twelve

9932 Fort St. George 16th July 1811.—

twelve Months or any other given period otherwise
to repay the Amount which may be thus
advanced on demand.—

8 I do not however suggest that
such payment should be made to the full
amount claimed, composed of the Balance
of Charges for the General Hospital and for
contingent Charges Amounting to Pag.s 1185:27:30
as I observe in paper N.o 4 being a statement
of the Paymaster shewing the payments
which he had made to Mr. Harris on
account of his Department, that there is a
Sum of 1.000 Dollars or Pagodas 625 " "
which stands to the personal debit of Mr.
Harris altho it is represented to have been
an advance on Account of M.r Girard
Commissary to the French Hospital at
Port Louis, respecting whose Appointment—
and the Control or adjustment of whose accounts
I am totally unacquainted. Under these
circumstances

9933

Fort St. George 16th July 1811.—

circumstances Mr. Harris appears to be co-
responsible for this sum and which should
your Honor in Council consider it proper to—
sanction a payment in part of Mr. Harris's
claim, I am of opinion the above sum paid
to Mr. Giraud should be deducted from
the Balance claimed of Pagodas 1185:27:30:
leaving the sum of Pagodas 560:27:30.—

In conclusion I have to observe
that the Contingent Bill for Pag.s 372:15. which
does not appear to be extravagant should be
supported as is usual in like cases by a—
declaration upon Oath to the actual—
expenditure.—

The Original papers which
accompanied Mr. Secretary Piles letter are herewith
returned.—

Having received instructions from the Military Auditor General respecting an

an extension of the period prescribed by G.O. for bringing forward claims for arrears of pay which he desired might be made known to the Troops in my range and conceiving that the most effectual mode of circulating these instructions was through the Division orders.— I forwarded a Copy of the Letter to the Officer Commanding requesting he would be pleased to publish the same for General information in conformity to the wish for the Military Auditor General.—

I have again perused the Letter which is such as is written on similar occasions, and I am really at a loss to conjecture what ground it can offer for animadversion.—

It is not my province to remark upon the Observation of the Officer Commanding the Division "that he will not sanction or allow any alterations to take place in the pay Office in Mysoor until instructions are received from the higher Authorities" I shall merely observe that on receipt

Sir, Military Department

I have the honor to enclose an Extract of a letter from the Assistant Commissary General at Jaulnah. accompanied by a Copy of a letter from him to the Officer Commanding the Hydrabad Subsidiary Force with copies of the inclosures to which that letter refers.—

From the Commissary General - Enclosing two Letters relating to new and high duties exacted from the dealers of the ~~Hydrabad~~ Subsidiary Force, in the Territories of the Peishwah.

2 These documents relate to certain new demands for duties in the Territories of His Highness the Peishwah, which appear to have been exacted from the dealers belonging to the Hydrabad Subsidiary Force to an extent never before known, and the demand appears to have been inforced by the detention of a considerable portion of the property which they were conveying to camp, under the persuation that they would pass as heretofore free of any duty or at least subject only to a moderate demand.—

I have

Extract of a Letter from Major A. Mackintosh Assistant Commissary General at Jaulnah to the Commissary General dated 27th June 1811

I have the honor to forward for your information copies of letters forwarded by me to Colonel Conran on the 20th Instant with a translation of an Extract of a Letter received by the Superintendent of Bazars from some dealers who went to Bombay for various Articles for the Bazars of this Force.

You

9944 Fort St. George 16th July 1811

you will perceive that the taxes demanded are extremely high and tend to prohibit all intercourse between our followers and the coast which is contrary to justice and existing treaties with His Highness the Peishwah, and it will be necessary to have them removed. Colonel Conran has promised to lay those causes of complaint before the British Resident at Hydrabad, but I am of opinion that Government might get them entirely removed without much difficulty as the taxes on such merchandize as come to our camp from Bombay throughout the year will not amount to any thing of consequence, also the restrictions laid on our Grain dealers from purchasing in the Peishwas's territories I beg leave to remind you of.

Sir

Enclosed I have the honor to forward a Translation of a letter received by the Superintendant Bazars from some dealers who have been in the habits of going to Bombay for Articles of all descriptions with Captain Taylor's letter to me.

The serious inconvenience suffered by our Camp followers in this instance will be more severely felt at this season, as many of the articles are perishable —

I request you will take their case into consideration and obtain redress for them; they are particularly entitled to your attention as having left Camp under the supposition of being allowed to pass free of taxes as was usual, and the different Aumildars, and Jaguerdars in his Highness the Peishwah's territories seem to have acted without orders

Sir,

I have the honor to forward a translation of a letter received by me from Rano Ghoolum and Mahomed Hussain dealers in the Bazar of the Hydrabad Subsidiary force in which they complain of their Goods being stopped in His Highness the Pushwah's country until they pay very heavy taxes and such as they conceive to be unauthorized. —

At the time these dealers left this Camp, supplies passed thro' the territories of His Highness duty free, and they were not aware of the necessity of paying any Tax. but nevertheless

nevertheless made no objection to the regular demand. It appears however that several others have been made, and their Goods detained until they are discharged——

I therefore beg you will take such steps as you may think proper to procure the discharge of these Goods as well as to put a stop to similar treatment in future to the dealers belonging to the Subsidiary Force, as it will be of most serious inconvenience not only to them but to the Public at large——

We arrived at a place called Vasaca subject to the Peishwah with 400 Bullock loads

9948 Fort St. George 16th. July 1811.

Loads of sundries as dates Sugar Cocoanuts Cowries/or shells/ Oil &c. and were requested to pay the duty usual on such occasions. The Soobadar of the place (called Ram Bhow/. took from us the under-mentioned Articles on under the plea of it's being the amount of the duty which he would otherwise have received from us in Cash at the rate of 13 Anl per Load.

14 Loads of Cowries

3 Loads of Cocoanuts

31 Rupees weight of Silver

1 Silver Ring weighing 6 Rupees

Ready Cash 10 Rupees.

6 Ounces of Gold

1¼ Seers of Brass and Copper Plates

After leaving Sasace we came to a place 5 Cos distant called Mandeve/ a village under the Fort of Gorah/ where we were surrounded by a party and taken in the Village to pay the duty before we proceed while we were hesitating as to the propriety

propriety of the demand, some Armed men—
arrived from Wazeerabad in the District of—
Rulliance and took us away, telling the Officer
village was superior to his, they would take them
of Mandwee at the same time, that as their duty
from us first, and then leave him at liberty to
do the same.—

When we arrived at Wazeerabad
the Officer at that place demanded from us 300
Rupees which we said, we were unable to pay,
he then ordered in lieu of the Money, 65 Loads
to be detained till such time as we pay him
that sum, or get an Order from the Peishwah
for the release of the Goods—

We earnestly beg you will get

Order thereon

Ordered that a copy of the foregoing letter be sent for the information of the Military Auditor General —

To the Chief Secretary to Government
Fort St. George

Sir,

From the officiating Commanding the Subsidiary Force at Hyderabad stating his reasons for orders issued by him with respect to victualling the European Troops which orders have according to orders of Government been rescinded.

I have the honor to acknowledge the receipt of your letter of the 7th Instant by which I find that in consequence of a Representation from the Commissary General I am directed by the Honorable the Governor in Council to cancel my own orders issued for victualling the European Troops at this station on the 13th of last Month those orders were accordingly rescinded this day. I could have wished the Honorable the Governor

9958 Fort St. George 16th July 1811

Governor had received a full and correct statement
of my conduct on this occasion before I was reduced
to such a dilemma —

I now most respectfully beg leave
to offer for the Honorable the Governor's consideration
the actual state of the case —

On the 10th of last Month May
the 34th Regiment commenced its March from Cu-
nnee to Hyderabad in consequence of long and
severe sickness leaving behind one hundred
and twenty two men so weak and ill as not
to be able to March or move at this period —
the few Europeans we had generally speaking
were in a weak and delicate state and required
the greatest attention and most tender Care and
Management particularly as to diet. Finding —
that Beef was issued to the Men about six
days out of Seven I directed the Commissary in
the daily Orders to issue Beef and Mutton —
alternately The quantity of Mutton required
being

Fort St. George 16th July 1811

being as easily procured as Beef and for Men in a Convalescent State a Change was not only preferable to the exclusive use of either, but the Mutton was far more acceptable. This is a Power never yet denied to the Commander of an army or Force of any description especially to one so far removed from reference as I am. had this measure been attended with any inconvenience to the Commissariat here, it was the duty of the deputy Commissary General to have stated it officially to me, and had I found his Statement just and correct I should have attended to it.

I leave it to the decision of the Honorable the Governor in Council whether the proceeding as above described has a tendency to disturb the internal conduct of the department of the Commissariat or not. As to the apprehension of my Orders producing Complaint on future occasions when mutton cannot be conveniently procured

9960 Fort St. George 16th July 1811.—

procured, I can only say that it was not upon
any principle of Right on the part of the soldier
that I ordered the alternate Issue of Beef and
Mutton to the few Weakly Europeans now left
here but that it arose from my own care judge
=ment and attention to those under my Command
and that on such occasions I claim as Commander
of the Force a controling Power over the Commissary,
a Power which in the course of Thirty one
years Service in every Quarter of the Globe —
I never knew disputed: the only difference it
caused in any point of view whatever was that
of a few fanams additional expence daily which
I am convinced the Honorable the Governor in
Council would never deny when applied to —
the Health and comfort of a British Soldier —

But dissatisfaction and Complaint
on the part of the Soldier I can readily imagine
when he sees the commissary an officer he is ever
jealous and suspicious of seeing whatever spec

of

of Meat he pleases in opposition to the wishes of his Commander when the cheapest is provided merely because it is the cheapest on occasions when nothing but his health and comfort should be considered, then indeed he will grumble but never when a Commander whom he sees anxious for his welfare finds it necessary to alter his Ration. The Soldier is then conscious that it is his interest alone which he considers.

It becomes me to offer some excuse for such an Intrusion on valuable time, and I intreat the Honorable the Governor to pardon me, but I felt it absolutely necessary to explain my conduct and motives in opposition to the representation of the Commissary General.

I am &c. &c.

Sir,

From Lieutenant Colonel Fletcher - Commanding a field detachment in the Zemendary of Palcondah - Reports the sickly state of the Troops, and the measures adopted for their removal towards Chicacole - Restoration of tranquility necessary - arrangment of the Troops: Seizure of Insurgents: thirteen of them now on their trial: can obtain - no intelligence of the Rebel Vizeram Rauze -

It is with much concern I have to state to you that sickness has become very prevalent amongst the Troops now serving in the Palcondah Zemendary and continues to spread with a rapidity which seems to threaten the whole detachment under my command with entire inefficiency, unless it is speedily moved to a more wholesome atmosphere —

There are now nearly Four hundred including all ranks on the Sick list most of whom are ill with fevers of a description so alarming that I have been obliged to come to the resolution of moving the detachment in the direction of Chicacole as soon as it may be possible to remove the sick from

9963

Fort St. George 16th July 1811.

from my present ground. The whole of the sick require carriage and I am now by means of country cotts coolies Bullocks and Bandies removing them as quickly as possible to the Hospital at Chicacole. The Dooley establishment is adequate to the carriage of a very small portion only of the sick; many of the Dooley Bearers having been likewise taken ill are themselves in need of assistance; the means I have it in my power to employ are unequal to the removal of the sick from this encampment before the 10th instant.

As the whole extent of this Zemindary is at this advanced period of the season equally unhealthy to the Troops they can derive no benefit by a partial movement of three or four marches in any direction. I shall therefore commence my march on the 10th instant and continue to move on to the vicinity of Chicacole.

Sir,

From Lieutenant Colonel Fletcher - Commanding a field detachment in the Zemendary of Palicondah - Reports the sickly state of the Troops, and the measures adopted for their removal towards Chicacole - Restoration of tranquility necessary - arrangment of the Troops: Seizure of Insurgents: thirteen of them now on their trial: can obtain - no intelligence of the Rebel Vizeram Rauze -

It is with much concern I have to state to you that sickness has become very prevalent amongst the Troops now serving in the Palicondah Zemendary and continues to spread with a rapidity which seems to threaten the whole detachment under my command with entire inefficiency, unless it is speedily moved to a more wholesome atmosphere —

There are now nearly Four hundred including all ranks on the Sick list most of whom are ill with fevers of a very description so alarming that I have been obliged to come to the resolution of moving the detachment in the direction of Chicacole as soon as it may be possible to remove the sick from

Sir

I have the honor to transmit for your consideration the accompanying copy of a letter from the Commissary General at this Presidency dated the 15th Instant in further connection with the subject adverted to in my dispatch under date the 13th Ultimo. —

2 The Honorable the Governor in Council in forwarding the documents is fully aware that under the 9th Article of the Treaty of Bassein as applying to the Force stationed with His Highness the Peishwah only the British Government have no right to claim an exemption from established duties for the supplies required for the Force in advance at Jalnah, and that it would not therefore be proper to make any application to His Highness to obtain an exemption from those duties which should be inconsistent with the terms of that Treaty

Adverting

9974 Fort St. George 16th July 1811.

3 Adverting however to the difficulty experienced in obtaining supplies for the Force at Jalnah from the Nizam's territories, the Governor in Council considers that it would be extremely desirable if the Peishwah would allow the purchase and transport within his territories of the supplies required for that Force subject to such duties only as are authorized by his Government - as in the event of their continuing as at present liable to unlimited exactions on the part of the Land holders and Farmers, the Banjaries and dealers engaged in this traffick can no longer continue to purchase or transport supplies within His Highness's territories and consequently that the difficulties of subsisting the Jalnah Force must increase -

4 The Governor in Council conceives that the arrangements necessary for the accomplishment of this very desirable object might

might be adjusted by yourself in communica-
-tion with the Officer Commanding the
Subsidiary Force or the Resident at

opinion that the proposal of any arrangement
of this nature to the Peishwah would be

with the instructions of the Supreme
Government he would in that case
consider it preferable the proposals were
not made. —

from the Nizam's Territories, and communicating the Arrangements which it would be desirable should be made in consequence if not inconsistent with the Instructions of the Supreme Government

The Governor in Council is fully aware that under the existing state of our relations with the Rajah of Nagpoor the British Government have no right to claim exemption from established duties for supplies purchased or transported within His Highness's territories for the use of the Force at Jalnah, and that it would not under these circumstances be proper to make an application to that effect.—

2 Adverting however to the difficulty experienced in obtaining supplies for that Force at Jalnah from the Nizam's territories, the Governor in Council considers that it would be extremely desirable if the Rajah would allow the purchase and transit within his dominions of supplies required for that Force subject to such duties only as are authorized by His Highness's Government as it is to be apprehended that if liable to unauthorized

To the Military Secretary to the Officer Commanding the Army -

Sir,

In reference to your letter of the 13th May last, I am directed to acquaint you for the information of the Officer Commanding the Army that the Honorable the Governor in Council has been pleased to authorize a Monthly Allowance of 5 Star Pagodas to the Officer in Charge of Cuddalore for a Writer and Stationary, and an allowance of 2 Star Pagodas per Mensem to the Officer Commanding at Condapillay to enable him to provide Stationary &c. for the returns and other documents he may have occasion to furnish at that Station; - payment of these allowances is to Commence from the 1st June last. In regard to the Application of the Senior Officer in Charge of Cuddalore for Puckallis the Governor in Council does not Consider it

Necessary

To the Military Secretary to the Officer Commanding the Army - Acquainting him that a Monthly allowance of 5 Pagodas has been Authorized to the Officer in Charge of Cuddalore for a Writer and Stationary; also of two Pagodas per Mensem to the Officer Commanding at Condapillay on account of Stationary for the returns &c. of that Station - payment of these allowances to Commence from the 1st June last. Seems the Application of the Officer in Charge of Cuddalore for Puckallis inexpedient.

To the Military Secretary to the Officer Commanding the Army -

Sir,

I In reference to your letter of the 13th May last, I am directed to acquaint you for the information of the Officer Commanding the Army that the Honorable the Governor in Council has been pleased to authorize a Monthly Allowance of 5 Star Pagodas to the Officer in Charge of Cuddalore for a Writer and Stationary, and an allowance of 2 Star Pagodas per Mensem to the Officer Commanding at Condapillay to enable him to provide Stationary &c. for the returns and other documents he may have occasion to furnish at that Station, - payment of these allowances is to Commence from the 1st June last. In regard to the Application of the Senior Officer in Charge of Cuddalore for Puckallis the Governor in Council does not Consider it Necessary

To the Military Secretary to the Officer Commanding the Army - Acquainting him that a Monthly allowance of 5 Pagodas has been Authorized to the Officer in Charge of Cuddalore for a Writer and Stationary; also of two Pagodas per Mensem to the Officer Commanding at Condapillay on account of Stationary for the returns &c. of that Station - payment of these allowances to Commence from the 1st June last. Denies the Application of the Officer in Charge of Cuddalore for Puckallis in Question.

Sir,

To the Military Auditor General. in consideration of the peculiarity of the Case, authorizes the payment conditionally of Star Pagodas 1185. 27. 30. claimed by Doctor Harris as a balance due to him on account of Medical Charges incurrid in the late Service at the Isle of France.

Para 1. I am directed to acknowledge the receipt of your Letter under the 9th Instant. and to inform you that the Honorable the Governor in Council has been pleased in Consideration of the very peculiar Circumstances of the Case to authorize payment of Star Pagodas 1185. 27. 30. Claimed by Doctor Harris as a balance due to him an account of Medical Charges incurred an the late Service at the Isle of France on condition of his giving an Obligation to produce the documents adverted to by you within the period of twelve Months

or to demonstrate the impracticability of procuring those vouchers, or in failure thereof to repay the amount—

7 As there is reason to believe that the sum of Dollars 1,000 paid to Mr. Grand on Doctor Harris's order is included in Major Syms's Civil Accounts against the Government of the Isle of Bourbon and will fall to be accounted for by Mr. Grand to that Government, and as in the event of its ultimately appearing that Doctor Harris is Responsible for that Amount which from the present aspect of the Case appears to have been erroneously Charged against him, it may be recovered by Stoppages from his allowances—the Governor in Council has considered it to be proper to relieve Doctor Harris from the payment of this Sum until it is ascertained that he is Responsible for it—

10004

Fort St. George 19th July 1811.

Honorable the Governor in Council with the following explanation regarding it.

The Letter in question was delivered to me by Colonel Agnew, a day or two previous to that Officer's Departure from this Presidency with Sir Samuel Auchmuty: Colonel Agnew informed me that Lieutenant O'Duncombe had sent it to him with a Letter, requesting him to stand Security for the Amount of the Retrenchment, and inclosing a Bond to indemnify him on that Account on the supposition that this would be accepted, Lieutenant Duncombe appears to have Written the inclosure, but Colonel Agnew having declined accepting the Bond, I considered the transmission of Lieutenant O'Duncombe's Letter as unnecessary.

Having however since Considered that the Honorable the Governor in Council might Conceive the non receipt of any answer to

Fort St. George 19th July 1811.

Lascars, this has arisen from the reductions which have at various times taken place in the Strength of the whole establishment, and no reduction was at the same time to made in the Number of Companies, the Object of the proposed Arrangement is therefore to form the whole Strength into Companies of 50 each and to allot them as far as may be practicable by Companies to the several Divisions of the Army. The allotment as

detailed in the accompanying Statement is Considered Sufficient for the performance of the ordinary duties at the several depôts, but Should it at any time be found Necessary to increase this allotment at any of the Stations, it can be effected by entertaining Lascars as Supernumeraries to be attached to particular Companies, and when the exigency for which they may be entertained shall cease they may be discharged. The establishment will

from the Officer in Command of that

we also received from the Commissary of

in which he expressly stated that It would
Appear from the Packages which were
quite complete that these hoops had
been taken off previous to the Barrels
being sent on board' we have therefore
Considered that the Captain of the Vessel

that the Commissary of Stores may be exonerated from the Charge if that letter should appear to your Honor in Council to be satisfactory—

The Chief Engineer has laid before us a Minute with which he has forwarded a Petition from a Person Named Cundapah, whose family as well as himself have been for many years employed on various occasions in Making Fascines and Gabions The object of the Petitioner is that he should be entertained as a Servant of the Honorable Company and retained on a Monthly Pay of Pagodas 2 It appears that this Person has been called several times from his village for the purpose of directing the duty to which he formerly belonged, and who at the time of the revision of the Superintending Engineers establishment in 1809, we did not conceive that the Services of a fascine Maistry were always

always Necessary, we are now induced to be of opinion, that it will generally be necessary that the Superintending Engineer should have at Command a person who is Conversant in the Mode of Making Fascines, We beg leave therefore to Submit our recommendation that the Petitioner May be brought on the Strength of the Establishment of that Officer, and that he be Authorized to draw the above allowance from the 1st of the present Month—

10 With reference to the orders which were conveyed in a Letter from the Secretary to Government in the Military Department under date the 31st day of May, we have the honor to forward a probable Estimate of the Expense which will be incurred, in repairing the Stone Bulwark on the Sea Face— The whole of the work to be performed by Coolies and the rubble taken from St Thomas Mount—

Gentlemen,

Having understood that it

Fort St. George 19th July 1811

it was an object of the Military Board to Convey Some Stores by water from Sankerrydroog to Trechinopoly, I was induced to communicate to your Secretary an offer of my Boats, which are in the vecenity of that Post for their Conveyance, and I now beg leave to repeat that offer, stating that Many of the Boats are in want of repairs. Should you think proper to employ them, the Government will not be Subjected to any expence, beyond the Necessary repairs, as I do not require &a any rimuneration, except the satisfaction which I shall experience in having lent my assistance to the furtherance of the Public Service.

In the course of September I shall possibly require Seventy (70) of them to Convey Saltpeter to the Coast, but now and afterwards the whole num-

Minute of the Commissary General

The Board are already aware that no Europe Canvas has been procurable for a long time in the Market at Madras, and altho' its place has hitherto been well Supplied, by Means of the improved Bengal Canvas, the latter is no longer procurable in any quantity, and I consider it Necessary to bring the subject to the particular notice of the Board - The Naval Commissioner has been so obliging as to let me have the loan of 100 bolts of Bengal Canvas which I have promised to return

return in kind, and it will be Necessary that it should be repaid at an early period

It would not be advisea-
-ble, I conceive, for me to Commission for any considerable quantity of Canvas from Bengal, because my demands would certainly produce a competition against the Commissariat Department in Bengal, tending to raise the price of the article in the Market at Calcutta. The Board are aware of the probable quantity of Canvas that may be required at the Arsenal in the Course of the present Season, and tho' a Supply of Europe Canvas may be expected by the first Ships Consigned to the Military Department at this Presi-
-dency, I submit to the Board the expedi-
-ency of recommending to the Honorable the Governor in Council to Make an Ap-
-plication to the Supreme Government, to forward

forward to this Presidency as early as may be practicable and as it may be procured, at the least 1000 Bolts of Bengal Canvas No. 2 and 3. This measure I should Conceive advisable, even, if a Considerable Stock of Canvas had arrived from Europe, but the Scarcity and expence of every kind of Marine Stores in England having led to some apprehension that the Supply of Europe Canvas may be very limited this Season, I should Consider it an object of Some importance to obtain from Bengal even a larger Supply than that what I have proposed in this Minute.

To the Secretary of the

Sir, Military Board

I yesterday received a Letter from the Military Board dated 20th instant, giving cover to Nos. 1. 2. 3. and 4 connected with the Proceedings of a Committee of Survey upon the Stores which were dispatched on the Transport Mentor to Masulipatam—

Being anxious to vindicate Myself as well as the Servants in My Department, I trust the Board will permit Me to trespass a little on their time—

In No. 1 It is stated that "on examining the Barrels of powder before "the Committee and some of my own officers "forty nine copper hoops were wanting which "must have happened in the packing up"— and the Military Board are strongly induced to believe that the Copper hoops were not on the Barrels when delivered to the Ship Mentor

10145

Fort St. George 19th July 1811.

Mentor.

In reply to No. 1 as there is a point exactly in question, I beg the indulgence of a Committee of the Board, or of any other they may think proper, to examine three hundred Barrels of Gunpowder Now in the South Curtain Magazine, packed up on the 11th June and if there are not a deficiency of Copper Hoops, I trust that in No. 1 in the packing up will fall to the Ground - and that we must look to some other cause More probable, that the hoops are either taken off in the Masula boats, or on board of Ship -

I have further to observe in support of what I say, that, no instance since I have been Commissary, has occurred, of the loss of Copper hoops either from Powder Barrels or Musket Ammunition, in transporting

Transporting Stores from the Arsenal to any of the out Stations by land.

I rely on the judgment of the Board, and shall anxiously wait their decision.

Auditor General. Particulars respecting the allowances to Madras troops when on foreign service, farther information of the Acting Military Auditor General at Fort William.

Commands Conveyed in Mr. Secretary Peibs letter of the 28th Ultimo. I have the honor to State the following particulars respecting the allowances to the Troops belonging to this establishment when employed on Foreign Service as far as appears to be required by the Acting Military Auditor General at Fort William in order to be transmitted to Bengal.

2 Officers on this Establishment are entitled to Tent allowance &c. while employed on Foreign Service, without being Subjected to Muster their Camp Equipage - officers Commanding Corps are entitled to the Batta of the Rank above what they hold Regimentally &c. and the other officers are intitled to the difference between the half and full Batta of their Regimental Rank while so employed -

European

10175

Fort St. George 19th July 1811.

3 European non Commissio=ned Officers and Privates are entitled to dry Batta at the rate of £. 1. 6 1/2 each Man p.r day, if they are not victualled at the p.r public expense. The Native Troops are entitled to full Batta while so employed

4 The Troops which were employed on the Expedition against the French Islands and are now stationed there are Con=sidered to be on foreign Service and of Course by the Madras Regulations entitled to the allowances abovementioned.

5 A Copy of the Book p.r Containing the Madras Military Pay Re=gulations with Tables of Subsistence and allowances of all ranks in the Army which was published in the year 1803. having been shortly after the publication Transmitted to the Military Auditor G.l at Fort William, a reference to that

To the Secretary to Government
Military Department

Sir,

I beg you will call the attention of the Honorable the Governor in Council to the Arrangements Made for the payment of the Family Certificates of the Troops on Foreign Service.

I am not aware what has prevented the Arrangements being carried into effect but to this date no remittance has been received from the French Islands on account of the Family payments to the Company's troops Made by the late paymaster.

The

10178

Fort St George 19th July 1811.

The adjustments with the Kings Regiments will be more easily Made but Must be tedious.

It is impossible to avoid a Considerable difference between the payments Made here and the Stoppages which are brought to account Monthly by Paymasters on foreign Service and the delay of adjustment may hereafter be the occasion of difficulty while no blame should attach to this Office

As the troops Employed on the expedition to Java are to receive their allowances from a Bengal Paymaster it will be impossible for the Officers to Obtain Bills either on their own Account or for the Corps and Departments they Command Unless the Paymaster be Authorized by Government to draw upon Madras this will probably be found a Necessary Measure for all such Sums of Money as may be paid

10179 Fort St. George 19th July 1811.

paid into his cash Chest but at all events punctually so for the remittances which have been directed to be made -

I therefore venture to Suggest that it would be proper to direct the attention of His Excellency the Commander in Chief to this Subject - and in that case to recommend the following alteration in the Mode of Making remittances - Vizt. - inplace of Individuals - Obtaining Bills that the Pay master should forward to this Office Monthly a detailed Account Shewing the Sums Stopped by him on Account of Family Certificates and Accompanied by a Bill for the exact Amount in Star Pagodas - Such Account, Bill and Casualty rolls to be transmitted in Duplicate - The Triplicates to be reserved in Case of Accidents.

desire, by Means of which, the parties
sent from the Camp to Collect Supplies,
as well as those which I dispatched for the
same purpose, Continued, whilst the force
was in this quarter, to purchase the grain
required, free from all imposts and duties—
after the return of the troops to their usual
Stations, the officer Commanding the British
force at Jaulna was in the habits of grant-
ing passports himself, directing the re-
mission of duties in favor of the grain-
dealers from Camp in the Rajah's territories
but as this practice was not warranted
by Treaty, and the Rajah no longer Enjoyed
the protection of the British power, I deem'd
it my duty to address Colonel Conran on
the Subject, and to Explain to him the
difference of the relative Situation of the

-ment and the Nizam, with regard to the
point in question -

3 The ministers indeed were
in the habit of Complaining of the loss of
revenue which the Rajah suffered by the
remission of the duties, and of Expressing his
His Highness's fears of the Effect of the Ex-
-traordinary Exportation of grain which that
remission Encouraged, in Causing a Scarcity
at the Capital and in His Highness's own
Camp - Under these Circumstances I no lon-

applications on the Subject -

I have the honor to en-
close Copy of a letter from Mr. Fiellerup a
Danish Gentleman, who having recently
received an offer from Messrs. Arbuthnot
and Co to go as Super Cargo to Manilla,
applied to me for a Passport to Proceed
to Madras, in Consiquence of the time of
his Arrival there being limited, and the
probability, if his departure was de-
layed, of his loosing so favorable an oppor-
tunity of engaging in the employ now of-
fered him, I have been induced to grant
him a passport to Madras, without

To

1021.9

Fort St. George 23.d July 1811.

To the Honorable Sir George Hilaro Barlow B.t & K.B

Governor in Counsil &.c &.c &.c

Honorable Sir

From the Military Auditor General Reporting on an application from Major General Wilkinson respecting the period of commencement of his allowances as a Major General on the Staff of this Army, no precedent of a claim founded on exactly similar circumstances but a case is noticed in which there was similar right but no claim opposes the application as ill founded—

1.st I have the honor to acknowledge the receipt of Mr. Secretary Piele's letter of the 3.d Instant, with which was transmitted Extract from the Proceedings of your Honor in Counsil in the Military Department of the 2.d Instant. In these Proceedings is referred for report an application from Major General Wilkinson respecting the period of Commencement of his Allowances as a Major General on the Staff of this Presidency—

I have accordingly to state

2 that this Application from Major General Wilkinson is for permission to draw the allowances of a Major General on the Staff from the 19.th of January last being the date of the General Order at Calcutta in which his having <u>obtained that rank in His Majesty's Service,</u> is promulgated

10220 Fort St. George 23d July 1811.

promulgated in place of the 8th of March last ~
when his appointment to the staff of this Presidency
was published at Calcutta but published at
Madras only upon the 4th Ultimo upon the plea of
his having done the duty of a Major General anterior
to and during the intermediate period ~

3 In the consideration of this
application I have had reference to various in-
-stances in which claims have been preferred
by Generals of His Majesty's army appointed
on the Staff of the Madras Presidency regarding
the date from which their Staff allowances
should commence in order to aid, by way of
Precedent in reporting upon the present but
have been unsuccessful in meeting with any
which can be considered as quite analogous ~
to it ~

4 For neither the case of
Major General Baird in the year 1799. nor the
recent application of Major General Wetherall
are

Fort St. George 23d. July 1811.

are at all coincident in the circumstances - A case
rather more parallel occurred in the year 1805 —
upon an application submitted by the late —
General Mc. Dowall to the Bengal Government
under which Presidency he had been serving
as a Colonel Prior to his Promotion as a Major
General and being placed on the Staff of this
Presidency in which the arrears of allowances
of that appointment were claimed by that
Officer in Consequence of his being appointed
in England to that Station and during the
period for which the arrears of allowances
were claimed having commanded a Wing
of the Army assembled at Cawnpore under
the Command of Sir James Craig -

Respecting which appli-

5

-cation however no final determination —
appears to have taken place for after the
subject with the papers connected therein
with had been forwarded to the Government

of Fort St. George for their decision, having undergone due consideration, they were subsequently referred back to Fort William - Notwithstanding which the Supreme Government considering the nature of the claim as more applicable to the cognizance of the Madras Government declined to decide upon the point and again transmitted the whole of the papers to Fort St. George with a Recommendation that they should be forwarded to the Honorable Court of Directors for ultimate decision -

6 Which measure was accordingly adopted as appears by the General Letter ex the Military Department to the Honorable Court under date the 7th September 1805 and which was at the same time recommended to the favorable consideration of the Honorable Court - But in answer to which I have not been able to trace any specific reply or opinion from the Honorable Court This circumstance is however of less moment as the two cases are in some of the

circumstances dissimilar particularly respecting the
appointments of the two Generals to the Staff under
this Presidency – General Mc Dowall having
been appointed by His Majesty ex England and
Major General Wilkinson having been nominat-
-ted ex India by the Government General –
It therefore remains for
7
me to state the particulars immediately conn-
-nected with the present claim to enable your
Honor in Council to decide upon its merits –
It appears by the General
8
Orders published from the War Office that Colonel
Wilkinson was promoted ex England to the –
rank of Major General in His Majesty's Army
to take rank from the 25.th of July 1810. that
this promotion was published in General Orders
at Calcutta upon the 19.th of January 1811 – that
by the General Orders at Madras of the 4.th –
June last General Wilkinson was placed on
the Staff as a Major General at this Presidency
and

10224 Fort St. George 23d July 1811.

and conformably to the General Orders published in Bengal upon the 23d of May it was directed that this appointment should be considered as to have taken effect from the 8th of March last—

9 Under the authority of this last Order Major General Wilkinson has been entitled to draw the difference between the allowances of which he was in the receipt as a Colonel Commanding the Southern Division of the Army and those of a Major General on the Staff for a period of almost three months anterior to the promulgation of his being nominated to that Staff situation in General orders at Fort St. George which ought to be considered an act of Indulgence as by the Regulations respecting Staff appointments generally an Officer is not entitled to the allowances annexed to the situation from the date of the Order but subsequent there to when he takes charge of

the

10225

Fort St. George 23d July 1811.

the Offici- and the date of the G. O. issued at Madras in other cases relating to allowancies is usually the period from which only allowances commence-

With this act of Indul-
10
-gence it would seem Major General Wilkin-
-son is not satisfied but prefers a claim to a further Indulgence to be allowed to draw the above stated difference of allowances for forty Eight days more Vizt. from the 7th of March to the 19th January retrospectively as he represents that he had exercised the Command of a Major-General on the Staff during that period-

Without adverting to the
11
probability of there perhaps being no vacancy in the General Staff of the Army under this Presidency during the period for which those of a Major-General are now solicited by Major General Wilk-
-inson it may be observed that these allow-
-ances might upon the same grounds and with equal

equal justice be claimed by that Officer from the 25.th of July 1810. the date of his commission as Major General from the War Office. It is also proper to observe that General Wilkinson not having been nominated in England to the staff of the Indian Army, he accordingly from the date when such rank in His Majesty's Service became known to the Commander in Chief in India was ineligible to act as a Colonel with this Army as he became non effective in his own Regiment.

12 It does not appear to have been kept in view in the preferring of this application that when a vacancy occurs amongst the Major Generals on the staff, the right of selection to fill such vacancy either from the Officers in His Majesty's or the Company's Service is vested with the Supreme Government and which right was not exercised (as

appears

10227

Fort St. George 23d July 1811

appears from the date of the G.O. published at
Fort William) until the 23d of May last and
then only as a temporary arrangement I can=
therefore have no hesitation in giving it as my
opinion that upon these grounds the application
is not well founded—

In support of this opinion

13

I beg leave to adduce the conduct of Lord Well=
=ington who in circumstances exactly similar
was promoted from the rank of Colonel to a Major
General in the year 1802. and was appointed
on the Staff of the Madras Army in General Orders
published at Calcutta upon the 21st of October
1802. and at Madras upon the 27th of November
thereafter— But that Officer under the im=
=pression of his not having any claim to the=
difference of allowances from the date of the Order
published at Calcutta appointing him on the
Staff preferred no application on the footing of
either a right or Indulgence. but drew the=

the Sick of the Monigar Choultry stating his great
success in the cure of Leprosy which we should
have had much Satisfaction in Transmitting with
every support from us, had Mr. Dalton enabled
us to Speak of his Remedy and furnished us with
a detail of the Cases of the diseased objects cured-

2 considering this essential in
a report from a Public Board Over Professional
men, with whom there should no Secret of any
Remedy conducive to the relief of disease, we
desired a Letter to be addressed to him stating our
reasons for hesitating to forward his Letter. Extract
of which Letter No. 1. we have the honor to transmit-

he had already stated his Success to your Honor;
under these Circumstances we deem this report
essential to show the Situation in which we
stand of either Sanctioning an unknown Medicine
or of Transmitting Mr. Dalton's Letter without any
Support from us-

4 It is unnecessary to say further
on this Subject than that there are different
forms of Leprosy that the Nitric acid and

particular Cases and that from the Communica-

The Committee for the Ma-

me the honor to report to you the Success that has
attended my treatment of the Lepers in that
Asylum -

I should consider myself
wanting in respect as well as in gratitude to
you for having appointed me to the Medical charge
of that establishment was I not also to do myself
the honor of reporting that I have discharged five
of these patients perfectly cured and those re-
maining as being in a progressive Stage of
improvement -

as Leprasy is considered to
be incurable I shall take the liberty of Stating
the nature of the disease as well as that at present

tis generally confined to warm climates which was not the case formerly as History informs us. it prevailed in Europe, and truly horrid and loathsome to the sight is every person that is afflicted with it—

In the West Indies tis believed to be infectious, and of a contagious nature and Several Laws are there Enacted for the prevention of its Spreading among the Negroes

The Criterion by which the Leprosy indicates itself is by the Skin becoming rough and Scaby a numbness in the hands and feet, the Voice is frequently hoarse, the breath very offensive, the lobes of the Ears are thickened and seem Knotty, and the cheeks and the whole face are beset with large lumps of a livid colour and it generally terminates in an Evil in which, the fingers and toes gradually lose all Sensation and become ulcerated, and

Carroded

corroded and at length drop off, and the unfortunate Sufferer finds himself daily falling to peices

In this Corroded State with the loss of fingers and toes Some of the patients were received under my care as is well known to Doctor Watson the acting President of the Medical Board who has frequently done me the favor of looking at them as have also all the Gentlemen of the Committee who have been Visiting Members at the Native asylum and who Consequently also know what I now State to be the Case—

I have only to add Honble Sir that on receiving your Commands, I shall with the greatest Satisfaction send by the Bengy tappal the Medicine which with the blessing of providence has been so Successful in my hands to any place you may be pleased to direct

direct with instructions how it is to be used and if it is found to answer there, the desira-ble end it has so effectually done here, I shall have the greatest pleasure in promulgating the receipt.

Extract of a Letter from the Secretary to the Medical Board to the 3d. Member Medical Board superintending the Presidency Division, during the current Six Months Dated the 15th July 1811

Para. 3d.

I am further directed to request that you will intimate to Mr. Surgeon Dalton that the Medical Board have received his letter of this date, with its enclosure, and that they experience great satisfaction, in being informed by him that he has discovered a Specific, for so loathsome a Disease as the Lepra-

Leprosy which in so many instances too has been deemed incurable.

4 you will be pleased to mention also to Mr. Surgeon Dalton, that the Medical Board would have much pleasure in forwarding his address to the Honorable the Governor in Council had he made them acquainted with the nature of the remedies he used.

5 This however not being the case - and as Mr. Dalton has not laid before them a detailed account of any of the cases of Leprosy which have been successfully treated by him it is the intention of the Medical Board to retain his address to the Honorable the Governor in Council until he shall have afforded them the information which it is essential for them to have, and by which only they can have it in their power to make a distinct Report to Government -

Fort St. George

Sir.

I have the honor to acknowledge your letter to me of the 17th of this Month with Copies of Extract of a letter from the Medical Board to you, and to which you desire my attention— consequently. I have the honor to state for their information. that I extremely regret they have resolved to retain my letter to the Honorable the Governor in Counsil and I therefore beg leave to withdraw it altogether—

I was in hopes. the Board would have been induced to consider it sufficiently conclusive, as the acting President of the Board had every possible occular proof and demonstration of what I detailed to the Honorable the Governor and which I conceived to be a far better authority than a report from me unsupported by

any other evidence than my Ipse dixit or I would with much pleasure have detailed a few cases in addition to them.

With respect to the remedy I have used to effect the happy change that has taken place in the Patients I beg leave at present, to decline detailing the Nature of it— That it has had the beneficial effects which I have stated is too evident to require a single line on the Subject— The Patients who now take it may be inspected by any one who is inclined to examine them and if the Medical Board will be pleased most rigidly to do so. I shall consider myself much obliged to them.

Resolution thereon

Resolved that the Medical Board be directed to adopt measures for ascertaining the truth of the reported discovery of a cure for the leprosy—

To the Honorable

Sir George H. Barlow Bart & K. B.

Governor in Council &c. &c. &c.

Honorable Sir.

From the Military Board Recommending that the Communications between the Board and the Naval Commissioner should be submitted thro' Government enclosing copy of a letter from the Offices Comg at Secunderabad with one from the Superintending Engineer on the subject of erecting Barracks and also 8 estimates for repairing damages done in the late Storm.—

1

We have the honor to acknowledge the receipt of a Letter from the Chief Secretary to Government under date the 7th June and of several others from the Secretary to Government in the Military Department dated 4th and 7th June and to report that the necessary Orders have been given—

2

We embrace the present opportunity of suggesting to your Honor in Council that as no prescribed channel of communication between our Board and the Naval Commissioner has been established it will be desireable that

that all communications with that Officer should be submitted thro Government and we have the honor to recommend this mode to the Con-sideration of your Honor in Council.

3 In conformity with the reso-lution of your Honor in Council which was conveyed in a letter from the Secretary to Govern-ment in the Military Department under date the 7th day of May the Estimates for the construc-tion of Barracks &c. at Secunderabad and which had been framed in the Office of the Chief Engineer were transmitted to the Officer Commanding at that Station with directions that the Superintending Engineer should proceed in the Execution of the works: in reply to those instructions we have received from the Officer in Command a letter addressed to him by Major Blair a Copy of which we have the honor to submit in which that Officer states certain terms upon which he will undertake the

the buildings in question and declares the Prices in the Estimates to be far below those of Labour and Materials at Secunderabad — The Regulations of the Service have provided that Officers of Engineers in the Superintendance of Public Works shall receive in advance 1/3d of the amount of the Estimate 1/3rd when the walls are ready to receive the roofs — and the other on the completion of the Works and this Regulation has since its publication been — invariably acted upon. As Major Blair declines having any thing to do with the expenditure — unless he receives such Supplies of Money as he may require from time to time, we have the honor to submit our Recommendation that we may receive authority to direct this Officer to Indent upon the Sub Assistant Commissary General at that Station for such materials as may be necessary towards the completion of the Works, and that the Superintendence of them may alone

of the Bullock Owners which have been forwar-
-ded to us by Captain Beauchamp there appear
to be three Specifick grounds of Complaints—

First..... That Gennagie Row has
with-held from them the wastage to which by
the Regulations they are entitled, and which
they state to be 3 Seers per Hundred—

Amt. P. 232. 33. 72.

Second..... That no pay for Mastries
has been allowed to them—

Amt. P. 32. — —

Third That the half here for 83
Bullocks, which accompanied the Horse ar-
-tillery from Salnah to the Mount, has not been
paid to them. Besides these the Bullock Owners
have given in an account Current in which
are included many Charges of a private nature
and a Balance of Pagodas 200. 11. 70. appears —
against Gennagie Row—

Amt. P. f. C.
118. 25. 40

3

On the Subject of wastage as
comprizing the first Item of Complaint, we
have referred to the Accounts of Quarter Masters
of

Fort St. George 25th July 1811.

of Corps during the period these people were employed and we find that whatever wastage was incurred was placed to the debit of the Company supported by a Certificate from the Officers in Command of the respective Corps and Signed also by Quarter Masters of Corps — The Bullock Owners therefore it would appear were not allowed any wastage nor was any charge made against them on that account except in Cases, when it was ascertained that Bullock loads were lost through negligence The present Complainants stand in the same situation as all other Owners who served with Regiments of Cavalry at that period. We however think it necessary to observe that in some Departments a different Arrangement prevailed and Owners were allowed 1/2 Seer wastage upon every load of 72 Seers being held responsible for any wastage which

might

might occur beyond that allowance —

This practice was first adopted under the authority of Lieutenant General Stewart in 1803. and seems to form the basis on which an agreement was entered into with Nagarah at Hydrabad in 1808. and under which all Bullock Owners have in General received an allowance of 1/2 Seer — wastage on each Loaded Bullock carrying 20 Seers whether Marching or halting. It appears to have been adopted for the express purpose of Securing the public against the Severe losses to which they had been frequently Subject and the allowance was also considered as most liberal towards the Owners of Cattle — Why this mode was not followed in the Department of the agent for Cavalry Supplies it may not perhaps be necessary to enquire. as these people having in the first instance admitted a deviation — from

Fort St. George 23d. July 1811.

it and having served throughout the Campaign —
without making a demand that they should be placed
on the same footing with the Owners employed by
the Contractor ought in our Opinion to preclude
them from the admission of a claim which at all
times depends upon the terms which may be agreed
upon when the Cattle are first entertained —
There are no description of persons who more
fully comprehend the nature of the advantages
to be derived from engaging in the Honorable
Company's Service than Bullock people, and
had they been promised as they state 3. Seers
per Hundred on the issues, it is not to be —
supposed that they would have hesitated to
demand it during the period they were on —
Service — The extent of the claim which they
have advanced is almost sufficient to estab —
lish the probability that no agreement had
been made with respect to wastage, as no person
employed as a Writer in the Grain Department
could

could be so totally ignorant of the Rules which are observed in the admission of wastage as to make a promise of an allowance far beyond any that was granted to Bullock Owners in the other Departments of the Service, independant of which the immediate advantage to be derived by the Owners from the sale in the Bazars of the amount of Grain saved from so great an allowance of wastage to which they would be entitled under the above Stipulation was too great to be forfeited or deferred till the final adjustment of accounts—

4 Having stated the practice which has been occasionally adopted and the principle which was acted upon in the adjustment of the accounts of all the Quarter Masters with the Corps under the command of Colonel Close we shall only further observe that should your Honor in Council consider the Petitioners claim to a fixed allow-

Fort St. George 23d. July 1811.

allowance of wastage to be well founded it will be necessary to calculate in our Office the amount of the wastage which has already been charged to the debit of the Public and to deduct it from the amount of wastage which at 1/2 Seer for every load of 80 Seer the Bullock Owners will become entitled, and the Balance must of course become a charge against Government and not against Gennajee Row. If the wastage incurred has been greater than 1/2 Seer on the Bullock load the Owners will become indebted to the public—

5 On the 2d. Item of Complaint relative to the Pay of Maistries, we have ascertained that the Petitioners were placed on the same footing with the Bullock Owners employed by Nagaiah, and that no charge was made against the Public for Maistries As Maistries were not authorized and the terms upon which all the Cattle appear to have been

been charged for in the accounts of the General Agent for Cavalry Supplies were Arcot Rupees 5. for each Bullock we are of opinion that the Petitioners have no claim either against the Public or Gemmajee Row on this account—

6 With respect to the 3d. Item of Complaint Viz.t for half hire to 83 Bullocks "Viz.a" we have ascertained that of this number 54. were only employed in the Public Service and actually accompanied the Horse Artillery to St. Thomas's Mount. To account for the remaining it has appeared that some were discharged at Cuddapah, some employed in the Store & Department with the Horse Artillery, and others in the Service of an Officer of the Detachment, and as all were paid by the Writer the Petitioners have advanced a claim for the whole number which left Palnah, altho' as is above Stated only 54 were employed during the March and arrived at the Mount.

in

10271 Fort St. George 23. July 1811.

In this instance of Complaint the Bullock Own-
-ers have had in view the resolutions of Govern-
-ment, which granted to other Owners of Cattle
half hire to return from Salnah to the Fron-
tiers of the Ceded Districts, and it may perhaps
bequitable to extend the same indulgence to
the Petitioners for the Number of Cattle which
accompanied the Detachment to its destination.
This must however be a Charge against the
Public and Should it be Sanctioned by your
Honor in Council We recommend that half
hire from the Mount to Bellary may be
authorized on a Bill to be drawn out by the
late Quarter Master of the Horse artillery or
General Agent for Cavalry Supplies—

Having in the commencement

think it necessary to observe that this Writer

me to investigate the demands made by certain Bullock owners employed with the Horse Artillery in the Field with Colonel Close's Army—

I have accordingly called together the parties concerned, and made every enquiry that lays in my power in to the business, and have to state for the information of the Military Board that the Bullock people demand in the first place 118 Rs. 25 Fs. 40 Cs. as one and a half Month's pay for eighty three Bullocks to return to Paulnah, which sum was never drawn in the Quarter Master's Bullock Bill as we were not Ordered to draw any Compensation for the Bullock Owners to return to Paulnah, but only the pay up to the day the Horse Artillery arrived at the Mount. when they were Discharged, and the Canacopoly Germajie Row took receipts from the owners which are now in his possession that prove they received all their pay up to the 3d of August—

those

10275

there is another charge made by the Complainants of 32 Pagodas as two Maistries pay, which also was never drawn in the Bullock Bill of the Horse Artillery as Maistries were not allowed by the General Agent for Cavalry Supplies; in a Letter from him dated Saulnah 14th. November 1809. he directs me as then Quarter Master to draw pay for each Bullock at the rate of (5) Arcot Rupees without any additional charge whatever. it was therefore impossible to draw it for them. as it was not allowed and the charge appears certainly improper - a reference to the accounts of the Horse Artillery sent to the Military Board will prove that no compensation was drawn for the return of Bullock people to Saulnah, or Maistries pay-

On a further examination of the owners accounts they have made a demand of 232. P. 33. f. 78. c for Wastage which they consider due to them at the rate of 3 Seers per Hundred from 1st. of December 1809. to 1st. of August 1810. for 200. Bullocks

10276

Fort St. George 23.d July 1811.

Bullocks; only about 23 Bullocks belonging to these 3 three Complainants it appears were employed with the Corps from the 1.st January to the 1.st of April and they charge in the wastage account for 200,— therefore this appears to me as incorrect as no wastage was allowed for the Bullock people in carrying the Gram in the field; small deficiencies constantly occurred in every load, which was regularly carried to the account of the Honorable Company agreeable to a Certificate Signed Monthly by an Officer of the Corps which was the prevailing system in camp, but if any very great loss occurred from the neglect of the Bullock people they were called upon to make it good; upon one occasion the owners lost 15. loads, which they were obliged to replace, the same was the case in the General agents Department and all the Cavalry Corps with the Army.

With respect to about 125.— Pagodas stated to be due in an account current which they have produced to me, I find that they have stated that

Fort St. George 23d July 1811.

that the hiring each Bullock was only paid to — them at rate of 4 Rupees 1/2 fanams, on this point I have questioned the Conicopoly particularly, he states that he at first paid them 4 Rupees 3/4 fanams and took 4 1/2 fanams as Custom, but on the Bullock people making a Complaint to me in August last, I ordered him to pay them 5 Rupees in full for which he has their separate receipts—

With regard to some small charges made by the Bullock owners for carrying the Conicopoly's Baggage &c., this is completely a Private Arrangement between the owners, and him, and which he says he has already settled by Paying them what they agreed for—

Several other Bullocks were employed in carrying the Gram for the Horse Artillery and were Discharged on the March down, the owners having given receipts that all their accounts were properly settled

previous to their leaving the Corps—

I consider it necessary to state that when these people made the complaint to Captain Noble, he ordered it to be properly enquired into, the owners however only made their appearance once at the Mount after Captain Noble ordered them to attend, but delayed it until he had sailed on the Expedition, and myself proceeded up the country on duty—

Should the Board consider any further investigation necessary, the Comissioners Magic Row is ready to appear at Madras, and produce their receipts, and I have little doubt but he will fully clear himself of all the demands made against him—

I have the honor to return the Bullock Owner's Petition as well as their accounts—

Honorable Sir

1 I have the honor to acknowledge the receipt of Mr. Secretary Bailes Letter of the 5th Instant, with which was transmitted for Report an application from Captain Becher of the Bengal Establishment forwarded in a letter from Captain Wahab late Assistant General — Agent for Cavalry Supplies for reimbursement of loss sustained in obtaining a Draft on — Bengal for Cash received by his Gomastah for the hire of Cattle employed with the Field Force under Colonel Close—

From the Military Auditor General, I see no Objection to the Commutation Claim of Captain Wahab at the amount of his Loss by a Draft on Bengal for Cash remitted by his Gomastah for Purchase of Cattle required for Colonel Close's Force—agreeable to Regulation, and I would recommend Payment of same amount with my Concurrence to the final Claim of Captain Wahab when made over for Adjustment—

Minute thereon

The Board consider the Bullock Owners mentioned in the foregoing Letter entitled to half here only, and authorize the amount being drawn for on a Contingent Bill—

To the Honorable

Sir George Hilaro Barlow Bt. & K.B

Governor in Council &c. &c. &c.

Honorable Sir.

From the Military Auditor General. Does not think that this Government should reimburse Captain Wahab the amount of his loss by a Draft on Bengal for cash received by his Goomastah for the hire of cattle required for Colonel Close's Force. adjustment of same account with Ceylon. Individual claim of Captain Bates inadmissible. —

1. I have the honor to acknowledge the receipt of Mr. Secretary Reiles Letter of the 5th Instant, with which was transmitted for Report an application from Captain Becher of the Bengal Establishment forwarded in a letter from Captain Wahab late Assistant General Agent for Cavalry Supplies for reimbursement of loss sustained in obtaining a Draft on Bengal for cash received by his Goomastah for the hire of Cattle employed with the Field Force under Colonel Close—

I have

10280

Fort St. George 23d. July 1811

2 I have accordingly to state that it appears from the papers produced that the Gomastah of Captain Becher had supplied 5000 Carriage Bullocks for the transport of Grain with Colonel Close's Army for the hire of which the Sum of Nagpore Rupees 8634. 15. 0. was paid from the public Treasury with which, being the amount of the demand, Captain Becher was perfectly satisfied.

3 It is represented that it was necessary that this Cash which had been received at Hoshingabad should be remitted to Captain Becher in Bengal, and that the Gomastah had requested to have a Bill for the amount on a Bengal Paymaster, but which he could not obtain; in Consequence of which and the danger attending the transport of the specie, the Gomastah had applied to a Sheroff in Colonel Close's Camp for a Draught on Bengal for the

sam

sum beforementioned—

4 In negociating this remitta-
nce however the Shroff it would appear had
excacted an exorbitant Premium, as Captain
Becher reports that in place of receiving the
beforementioned sum of 8634-15. Nagpore Rupees
he received a Draft on Benares for only 7300
by which he sustains a loss for the difference of
1334-15. For the reimbursement of which sum
by the Government of Fort St. George the pres-
ent application is preferred—

5 On Considering the nature
of this Application and the circumstances
which may have occasioned the loss, it will
occur at the same time whether the whole or a
part of the Sum might not have been paid
to the Bullock Owners for the hire of the 5000
Cattle, which had been employed on the pub-
lic Service—and it may be concluded that if a
regular application had been made to Colonel
Close

close to grant a Bill on the Bengal Government or to obtain a Remittance in some other mode for the above sum it is probable it would have been complied with without a loss to the extent stated being sustained - But it does not appear that an application had been made to Colonel Close or to any of his Staff for that purpose, neither is it established that Captain Beckers Gomastah communicated at all on the Subject with any Official Person whatever -

6 Under these circumstances I do not think this Government after having satisfied the demand to the full amount, should be subjected to the reimbursement of a loss which had been occasioned from the Mismanagement inattention, or mode of Agency adopted by an Officers Native Servant -

12 I have the honor to submit a Statement shewing the amount of the Superior Batta entered in the Abstracts amounting to Pags. 191.7.40 which exceeds the Balance claimed by Captain Bates in the sum of Pags. 3.27.27 and which in the event of your Honor in Council deeming the Superior Batta to Captain Bates inadmissible will likewise fall to be refunded by that Officer — the original Vouchers are herewith returned—

3 Before the Introduction of the limited System of Expedition in 1805. the Establishment of Hircarrahs maintained by the Resident amounted to 50. Many of them being constantly employed on Duty away from the Residency and there was also an addi-tional Establishment of 12 Kharburdars with a Duffadar. 12. Banburdars with a Duffadar; and

and 12 Bhaleburdars with a Duffadar, which Servce then has been entirely discontinued — Whenever the Resident has Occasion to appear in publick with the whole of his Retinue, the deficiency among the Hirkarrahs is supplied by Servants of other Descriptions belonging to the Residency and Persons are hired for the Occasion to act as Khasburdars, Bazeburdars and Bhaleburdars —

4. I am really quite at a loss to suggest any addition to the present Establishment of the Residents Foot Retinue by which the place of the Party of Cavalry could in any Shape be supplied The foot Retinue can be used only when the Resident visits the Nizam or the Ministers, or appears publickly abroad on an Elephant or in his Palanqueen These Occasions are not very frequent and when they do Occur a temporary Detachment of Cavalry could be supplied

10320 Fort St. George 23.d July 1811.

Supplied from the Cantonment even if there were no Party permanently on duty at the Residency which of course would make any Increase of the Foot Retinue unnecessary the chief use of the Cavalry Escort and indeed the only use of it as a permanent Establishment is when the Resident appears abroad on Horseback, or in a Carriage. He cannot then be attended by any part of his Foot Retinue and he must either therefore appear as the Resident has always hitherto been accustomed to do with a Party of Cavalry or without any attendants at all. The Party of Cavalry is then the only mark by which his appearance is distinguished from that of every private Individual at the Place and the doing away of that Distinction altogether would certainly derogate very much from the Weight and Consequence of his publick

Character

Fort St George 23d July 1811

Character in the Estimation of all those Per-
-sons by whom it is one of his first objects to
be looked up to; and respected—

5 Among a People whose
Opinions are built upon a rational Ground
the existence of real Power and authority
ought to make all external Marks of it
in a great Degree unnecessary But this
is by no means the case with either the
Court or the People at Hydrabad. Their
Opinions are seldom or never rational
They can judge of Power and authority
by no other Standard than the external
marks of it, and if they saw a Resident
with less State than his Predecessors
nothing would convince them but that
he had less power too. The keeping up an
outward appearance of Power will in
many Instances save the necessity of re-
-sorting to the actual exercise of it. The
Residents

10322

Fort St. George 23.d July 1811.

Residents Authority must be either seen or it must be felt His Excellency the vice Presi-dent will have observed by my first Dis-patch that I have already been engaged in a contest with the Nizam himself about the external marks of respect that are due to the Residents Station The Residents being now obliged to appear for the first time in pub-lick without any Attendants would cer-tainly excite a great deal of observation It would lower him in the publick opinion and would be very likely to inspire the Nizam with a Suspicion that his own Government treated him with less Consideration than his Predecessors, and in the Contests for which the Resident at Hyderabad must always be prepaired, under the reigning Prince would in all probability deprive him of the Ben-efit of a great deal of that Influence which

10323 Fort St. George 23d July 1811

which he derives rather from the tacit Be-
-lief of his authority than from any open
manifestation of it by himself—

At all Events I beg leave
6.
most respectfully to express a Hope that —
even if His Excellency the Vice President
should be of opinion, that the Injury sup-
-posed to be done to the Horses, and the
Discipline of the men by the Continuance
of the Cavalry Escort is still greater
than that which might be apprehended
from the discontinuance of it His Excellen-
-cy will be pleased to authorize its being
ascertained by the proper Military Author-
-ities whether any such Injury is at
present really Sustained or not - The
bad Condition of the Horses composing
the Party on Duty at the Residency, at
the time of the Adjutant Generals report

referred

10324 Fort St. George 23.d July 1811.

referred to by the Honorable the Court of Direc-
tors may be easily explained by the Fact
within my recollection of those Horses having
been purposely selected among the Number
that were least qualified to undergo the
fatigue of Service in the Field when the Regi-
ment marched from Hydrabad - As Horses
for active Cavalry Duty they were as unser-
viceable when they came to the Residency as
they were when they left it - and the length
of time during which the men were absent
from their Corps is of itself Sufficient to accoun
for the Injury which their discipline may
have Sustained - But at present neither of
these circumstances exists - A Regiment of
Cavalry being present in the Cantonment the
Detachment for Duty at the Residency is fur-
nished in the Same Manner in which every
other Detachment is furnished, and the Relief
taking Place once every week and the party being
always

Fort St. George 23d July 1811.

10325

always under the immediate inspection of an European Officer neither the Discipline of the Men nor the Condition of the Horses can be exposed to any greater Injury than they would be exposed to in the Lines of their Regiment—

I request that you will do me the favour to Offer my apology to the Vice President for having presumed to Sugr-gest any Opinions on a Question on which His Excellency has already expressed a determ-ination I thought it my Duty however to put His Excellency in Possession of every consideration by which his ultimate Judge-ment may be influenced and having done so, I await only the Communication of His Excellency's final Pleasure to carry it into immediate Effect—

Governor. Soon after my arrival at this Station a Complaint was made to me by some Brinjarries who stated that they had come into the Paishwa's Country with Passports granting them exemptions from Duties under the Seal of the Officer Commanding the Hyderabad Subsidiary Force; that they had in Consequence loaded Several thousand Bullocks and were returning to Paulna, but that they found the Passports entirely disregarded, and that their Bullocks were detained by the Paishwa's Officers till the regular Duties should be discharged. I obtained the release of those Bullocks as a matter of favor, but as it was obvious that no exemptions from Revenue within the Paishwa's Territories could be granted without authority from His Highness, and as our Treaties with the Poona State only authorized us to demand such exemptions for the Force Serving with the Paishwa, it appeared to me that

a

10333 Fort St. George 23d July 1811

a Continuance of the practice of granting them might give just ground of Offence to the Paishwa and expose the British authority to disrespect I therefore thought it prudent to request the Resident at Hydrabad to suppress the practice of issuing such Passports till the Paishwa's consent should be obtained. The prohibition cannot have had any great effect in diminishing the supplies from the Paishwa's Country, as the Passports while they were issued appear by the Assistant Commissarys Dispatches to have been very generally resisted, I trust these circumstances will appear to the Honorable the Governor to Justify my request to the Resident at Hydrabad

to this Colony; and I am the only Prisoner of the Town who have not yet received any thing from Government having notwithstanding the same right to reclaim them as all my Citizens born in India and a Descendant of one of the most ancient Families considered by their Establishment in this Colony as Military Men from Father to Son, and having chosen that profession from my Youth which I followed for near Thirty Years of my life with such honor and Satisfaction that, that alone may recommend me to your Excellency and can be certified to you by Colonels Pouffreville and Mainville with whom I have had the honor of Serving in the same Corps. I after that entered the Civil Service without loseing my Military Rank and occupied the place of Civil judge at the last taking of Pondicherry One Thousand Seven Hundred and Ninety three; approved of by General Malartic Governor General of the Isles of France.

Sir.

From the Officer Commanding at Pondicherry—Lapse of two pensions, applications and recommendation in Consequence—

I have the honor to inform you

of the Lapse of two Pensions granted here amounting

to 47½ Rupees—

Ten Pagodas of this was granted to Durocher a French Prisoner of War

taken in the Gustave Privateer off Sadras in

1805 by the Caraline; this Man has since proceeded

to Columbo where as stated in a letter received

by me From michel a french Merchant—

here and forwarded by me to the Town Major of

Madras on the 13.th of June he has had the per-

mission of the Ceylon Government to command

a Country Trading Vessel, which he prefers

to being exchanged or sent to France—

The other of 12 Rupees was

granted to Madame D'acosta, who died here on the

5.th

10349 Fort St. George 23d July 1811.

5th of this Month—

A great number of applications being continually made to me for relief by residents here who plead the greatest distress I beg leave to call the attention of Government to a few whom I really think objects of compassion and to whom a small pittance could be of the greatest consequence. I therefore hope the Honble the Governor in Council will pardon me recommending a Division of the 47 Rupees already Mentioned amongst Six poor Families as follows. Their representations I have the honor to enclose along with this.

1 Louise Angelique Dacosta

Petitions to have her Mothers pension of 12 Rupees continued to her for the support of herself and 3 brothers. She has 7 Rupees from the Church and I beg leave to recommend that in addition 7 Rupees of her Mothers pension be continued to her.

2

10350 Fort St. George 23.d July 1811.

2 Widow Collin represents that she has only 5 Rupees from the Church for the support of herself and Daughter She is the Widow of an Officer that belonged to Mr. Lally's Detachment. I beg leave to Recommend an addition to her allowance of 2 Rupees per Month

Miffant orphans 2 Daughters of a person belonging to the Regt of Pondicherry and destitute of all resource require afsistance in addition to the 7 Rupees granted them from the Church and I recommend an addition thereto of 5 Rupees per Month-

Launay once a Schoolmaster but now reduced to great distress with a Wife and 3 Children solicits relief and I would Recommend a Pension of 7 Rupees per Month to him for the Support of himself and Family-

Widow Gaudain and one Daughter represent their being in the greatest

greatest Distress from accumulated Misfortunes and I have reason to suppose their Represenat-tion well founded, I therefore beg leave to recommend that a Pension of Six Pagodas per Month be granted to her for the Support of herself and Daughter—

Widow Decosh and 2 Da-ughters are in great Distress — I therefore recommend that they be allowed a Pension of 5 Rupees — Same of the above Sums are — very Small, but as it is not the intention of Government when industry can be exerted to encourage idleness. I have deemed them sufficient wishing only to prevent absolute want and to Stimulate to exertion where it might be — useful —

Mr. Bromikam the Interpreter has enjoyed a Pension from Government of Six Pagodas per Month his Salary as

10352

Fort St. George 23.d July 1811.

as Interpreter is but small amounting only to 12 Star Pagodas yet I do not know whether I ought to consider his Pension as continued or not and beg to be favoured with instruc-tions from Government on that head ——

I must also remark that from what I have seen of Mr. Bramiham he appears a quiet inoffensive Man of good character and well-fitted for his Situation —

The young Spaniards Mathias and Joseph Sainz Derriz Manos for whom I requested permission to grant Passports having receved untillgence from Madras that the Ship about to Sail for Manilla would Speedily depart I therefore took upon myself to grant their Passports to Proceed to Madras as otherwise they might lose their passage and be detained here another year —

exertions he has made to render himself an
useful, and respectable Member; while his
present distressed situation, produced by

My Dear Sir.

I spoke with Mons.r Falconer on Mons.r Gaïdons application — Mons.r Farquhar had spoken to him and delivered the Papers to him which have not however as yet been before Government. I also spoke to Sir George Barlow about it he seems only to doubt as to the form of the application, whether it ought not to come through Colonel Lockart. —

Mons.r Falconer has promised

From the Military Secty to the officer commanding the army: Submitting an address from Lieut. Cramer stating the inadequacy of his present office establishment to the performance of duties connected with his situation: the Officer Commanding the army considers it meriting the attention of Government.

I am directed by the Commander of the army to transmit, for Submission to Government, the accompanying address from Lieutenant Cramer Fort adjutant, and Paymaster of His Majesty's Detachments at Pondicherry, stating the inadequacy of his present office Establishment to the just performance of the Duties connected with his Situation.

His Solicitation is supported by the respective statements of the officer Commanding the Garrison of Pondamallee, and, the Center Division of the army: which are enclosed herewith; and although Major General Pater is indisposed to recommend to the Consideration of the Government any application which may have for its objects a permanent

encrease

Hon'ble Sirs

Para 1. . . . . We have the honor to acknowledge the receipt of two letters from the Secretary to Government in the Military Department dated the 5

and

10408

Fort St. George 26th July 1811

and 9th July.

2. . . . . In obedience to the orders which were conveyed in the former of these letters, we have the honor to forward the account particulars of the Military Stores and ammunition supplied to and received from His Majesty's Troops of the Ceylon Establishment while serving on the Coast, as adverted to in the Communication from the Deputy secretary to the Government at Colombo to the Chief Secretary at Fort St. George under date the 14th June ult. On this occasion we think it necessary to state that the respective Governments are charged with the amount of all Stores issued to the Troops serving under them, and that it has ever been the custom to debit the Establishment to which they belonged, this serving on the Coast, with the amount value of the Supplies of Stores which they shall have received.

3. . . . . Having ascertained in obedience to

supplied to and received from His Majesty's troops of the Ceylon Establishment while Serving on the Coast. Observation thereon - have directed the accoutrements applied for by the Bombay Government to be prepared for dispatch - Submit having Ordered - the Chief Engineer to provide furnaces for heating Shot to the Sea Gun Batteries bearing upon the Sea, and for Standards for Slinging Bullows to the present Furnaces within the Fort - State in consequence of the Commissary of Stores at Goa having applied to proceed to Europe, their opinion that the Vacancy might be filled by either of the two Deputy Commissaries now Supernumerary in the Ordnance Establishment - recommend that Lascars and artificers attached to the Provision Department may receive Price or a Compensation in lieu of it in the same manner as is granted to Such Followers with Corps of Native Infantry -

adverte

Fort St. George 26th July 1811

to the orders which were Conveyed in the letter of the 9th July above acknowledged. that the accoutrements applied for by the Government of Bombay can be supplied without inconvenience we have directed that they shall be prepared for dispatch by the first favorable opportunity

The Chief Engineer has represented to us that neither of the six Gun Batteries bearing upon the Sea Situated upon the places of Arms North and South of the Fortress are provided with furnaces for heating Shot. and he has also Suggested that Stanscions for Slinging large bellows to the present furnaces within the Fort Should be set up. we have in Consequence requested the Chief Engineer to give the necessary orders for the above purpose, and we trust the measure will meet the approbation of your Honor in Council

Minute of the Commissary General

I beg leave to submit to the Consideration of the Board, the accompanying Extract of a letter from the Assistant Commissary General at Saulnah recommending that Rice, or a Compensation in lieu of rice, may be issued to the Establishment of Lascars and artificers attached to the Provision Department, on the same principle that that indulgence is granted to followers of that description with Corps of Native Infantry, and I beg leave to suggest that the extension of this indulgence proposed by Major Mackintash may be recommended to Government.

I am inclined to believe that this class of Public followers have been overlooked in drawing up the present Regulations, and for that reason I have thought it advisable to trouble the Board on this occasion.

Extract of a letter from Major A. Mackintosh assistant Commissary General at Jaulnah to Major W. Morrison Commissary General dated 30th May 1811

"The Establishment of Lascars and artificers attached to the Provision Department of the Hydrabad Subsidiary Force in the Field, claim rice or Compensation in lieu of Rice on the same principles as those belonging to Corps of Native Infantry. and as I think it right that they should be allowed the indulgences of the Service. I beg leave to recommend it to your Consideration and hope it will be admitted.—

To the Honorable

Sir George Hilaro Barlow Bt. & K.B.

Governor in Council

&c. &c. &c.

Honorable Sir,

From the Military Auditor General to whether the military department of accounts is transferred to the civil Service.

1. In preparing the annual Military Statement for the last official year, it was observed that no charges on account of the Offici Establishment of the Military Paymaster General, or as now denominated the military Department of accounts. had been entered as usual. in the

Disbursements of the Military Paymaster of Fort St. George from the Month of January to December last. Regarding which, having received no intimation of the Cause of it, I addressed a letter (of which I have the honor to enclose a Copy No 1) to the Accountant General in the Military Department of accounts upon the 10th Instant, to which, I have received the accompanying Answer No 2. by which I am informed that these Charges have been transferred from the Military to the Civil branch of the Service.

2. The General Orders of the 9th of October last abolishing the appointment of Military Paymaster General and directing the Superintendance of that Department to be Conducted by the Accountant General has no reference, nor Contains no order respecting the transfer of those Military Charges. And as it is

10492

Fort St. George 26th July 1811

is not stated in the letter from the Accountant General in the Military Department of accounts that the Transfer has taken place — under the Sanction of your Honor in Council under that impression it is my duty Conformably to the 2nd Paragraph of the Regulations for Conducting the duties of my Depart-ment (as stated in the Margin) not to allow this alteration to take place.

Extract from the Regulations for the military Auditor General.

2nd He is not to Consider the authority of any officer of any Rank whatever sufficient to warrant any alteration of or addition to the Establishments or Standing Regulations ap-proved by Government

3. I have accordingly thought it proper to bring the matter to the notice of your Honor in Council — And as the expense of the Establishment for carrying on the duties of the general Military Pay Department or as denominated of the Military Department of accounts has not hitherto, nor as far as my Judgement can enable me to give an opinion be Considered to belong to the Civil branch of the Service

General with Orders to enter them in my Disbursements.—

Apprehensive of involving myself in accounts which I knew could never be adjusted. I framed them into disbursements in the Name of Mr. Richardson, they were however returned to me by the Paymaster General with his Letter of the 5th of January 1809 (No. 1) Enforced by the auditor General's letters of the 13th June 1807 and 16th of december 1808 Nos. 2. & 3. (which last was in answer to mine of the 6th June No. 4) I complied with the reiterated Orders of those whom I was bound to Obey, and entered these Vouchers to that amount of about 35,000 Pagodas in my own disbursements and gave my Predecessors accounts Credit for the amount of these Vouchers the Military auditor General has Retrenched Pagodas 16,582:18:2. and it is under these circumstances that I request your

Sir.

I am directed by His Excellency the Vice President in Council to acknowledge the receipt of the Chief Secretary's letter & Enclosure under date the 14th ultimo. requesting to be favored with the Sentiments of the Bengal Government on the Suggestion contained in the concluding Paragraph of the Extract from the Military Auditor General's letter at Fort St. George. which accompanied it, relative to the deduction ordered by General Orders by the Right Honorable the

From Ditto. In reply to a request from this Government to that of Bengal for its opinion on a Petition in a letter from the Madras Military Auditor General. relative to the deductions Ordered by Supreme Government to be made from the Company's allowances to His Majesty's officers receiving Non effective & Contingent Allowances. Concludes, "that it would not be advisable for the Govt. in India to discontinue allowances recognized and regulated in His majesty's Service."

Fort St. George 26th July 1811

the Governor General in Council under date the 2nd of February last, to be made from the Company's Allowances of Officers in His Majys Service in the receipt of Non effective & Contingent Allowances, to place them on a footing of equality with officers of Corresponding Ranks in the Honorable Company's Service

2. It is proposed by the Military Auditor General at Fort St. George, that instead of deducting an equal amount from the Company's Allowances of Field officers & Captains of His Majesty's Service, the Non-effective and Contingent Allowances might be discontinued altogether, because no allowance being authorized at Madras for the repair of Arms and Accoutrements, as in Bengal, the deductions must be made from the Batta of the Captains in His majesty's Service, as well as from

Fort St. George 26th July 1811

from Subaltern officers who may be placed in the temporary Command of Troops or Compa: nies during the Absence of the Captain: Con: sequently different rates of Batta must be drawn for officers of the same Rank. which Might occasion much confusion in the Public Accounts, and it would be a matter of diffi: cully to ascertain the precise periods when a Troop or Company was Commanded by a Captain or a Subaltern officer. —

3 The Vice President in Council is of opinion that the same process of Calcula: tion becomes necessary in ascertaining the precise amount to be deducted from the — Batta of an officer at Fort St. George, as in ascertaining the amount to be deducted — from the allowance granted in Bengal for — Repair of Arms, and for Stationary, and that the

10518

Fort St. George 26th July 1811

Should appear in the Monthly muster Rolls of the Regiment — At any rate the same difficulty must be experienced in Bengal, as at Fort St. George. ——

5. The discontinuance of the payment of Noneffective and Contingent allowances to officers in His Majesty's Service, as proposed by the Military Auditor General at Fort St. George, would certainly be a simple, easy and effectual way of getting rid of any difficulty arising out of the arrangement authorized in General Orders by the Right Honorable the Governor General in Council of the 2d of February last, but His Excellency the Vice President in Council is decidedly of opinion that it would be inadvisable for the Governments in India to discontinue allowances thus recognized and regulated in His Majesty's Service

From Lieut.t Colonel Fletcher Commanding the Field Detachment in the Zemindary of Policondah; arrangements relative to the sick of the detachment and for the purpose of Controuling the Insurgents in the District situated on the Rebel Nerzeram Range.

Sir.

I have the honor to State to you that in Consequence of the sickness which spread so rapidly amongst the Troops whilst encamped at Veragottah I have drawn off the Body of the Detachment under my Command to the vicinity of Cosjenachoolsa on the eastern extremity of the Policondah Zemindary.

The

10524

Fort St. George. 26th July 1811

The position I occupy from its elevation, its fit remoteness from the Hills and the openness of the Country around, affords the best prospect of proving favorable to the health of the Troops.

The whole of the Sick amounting to upwards of four hundred men I have already sent to Chicacole where I have established the Field Hospital under the charge of Mr. assistant Surgeon Sowell of the 1st. Battalion 18th. Regiment

I have posted a Company at Veragottah another at Palcondah and a Native officers Party in the intermediate Space at Nondgudam.

The predatory practices of such of the Insurgents as are still amongst the Hills with the Rebel Vezeram Rauze will probably be kept completely in check by those outposts, and the refractory Spirit of the whole of the disaffected in the Country will in like manner

10525

Fort St. George 26th July 1811

Manner be effectually repressed while I continue to occupy my present position —

I have obtained information of Vizeram Rauze being at a place called Dub: bera a few huts on the top of a high Moun: tain two Cos beyond his former Post at — Menkacottah —

Of the numerous Retainers he formerly possessed about Fifty only remain with him, the rest having been obliged to — dispense from Sickness and the want of Supplies — Several of his Sardars have died and Vecknum Achunloo who acted as his Dewan with many of his followers have quitted the Country ill with fevers.

Vizeram Rauze will probably — soon perish if he continues only a little while longer among the Hills and I trust his danger will be no less certain Should he venture — to

to descend to the low Country —

I confidently hope that the present

attempting any Material exercise; and by this reason Contrary to my too Sanguine hope, precluded me from availing Myself of the very indulgent permission granted me to procied to the northern Countries of the Coast for the benefit of my recovery; and as at present Neither the hot Season, nor my too Still precarious Constitution render this journey advisable, if even this desired effect, not withstanding the indian Climate that never Corresponded with my disposition. I cannot but Consider my proceeding to Europe as the Safest remedy, not only to the Said purpose, but also to the recovery of my fortune, as hereditary affairs of the utmost Consequences to me, wife and Child, call urgently for the return to our Native Country. But how may this be effected or my more than probable loss of every thing that man has to lose be avoided but by your Excellency's humane assistance. —

From

Fort St. George 26th July 1811

From the time your Excellency had been pleased to grant me the indulgence of the 16th January 1810. I have frequently caused enquiries to be made about the passage money demanded by the English Captains for but tolerable accommodation aboard the Honorable Company's Ships to Europe; but have sorry am I to say, that at every enquiry I have made I found Myself the longer removed from the possibility of my pursuit, their demand for exceeding my power of complying with the same.

In consequence of which Iventure to solicit the British Government to be so condescending as to favor my ardent desires of proceeding to Europe by the next October or February fleet by the acceptance of my draught on the Royal Board of Commerce

your letter of yesterdays date. that Accurate

10536

Fort St. George 26th July 1811

to the auditor General at Madras many months ago on the Subject of the retrenchment of 728 Pagodas against me and as that Gentleman did not favor me with any reply nor make any application to me when I was at Madras during the Months of September last year I conceded the reasons contained in my letter were satisfactory, and that the business was at an end. I now however beg leave to state that I drew the Sum mentioned in this retrenchment, in Consequence of the same allowance having been drawn by Colonel Gardiner of the 89th Regiment under the same Circumstances.—

The large force which was under my Command in Travancore amounting to 10.000 Men, induced the Right Honorable the Governor General in Council at Madras to encrease my allowance, so as to put me on a par

par with officers Commanding other Divisions of the Army, and I certainly conceive it to be but fair and equitable by whatever name (whether Division or otherwise) so large a body of Troops is called, that an officer should be paid according to the extent and responsibility of his Command

I beg leave also to observe that — I was obliged to be almost continually moving — about, and in consequence thereof at great expence independant of which during the whole time I was in the Command I never had any house rent, or public building whatever to reside in. —

You will oblige me by requesting His Honor The Lieutenant Governor to forward this letter to the Government of Fort St. George — I think it extremely hard, Considering the situation I was in, and the expence and trouble I experienced, to be called upon after a lapse of nearly a year
