Sir,

I have the honor to forward herewith the proceedings of the Medical Board bearing Date the 2nd Instant which Major General Pater requests may be Submitted to the consideration of the Honorable the Governor in Council. —

The Recommendation

of

From Do. Forwards proceedings of the Medical Board that the officer commanding the army supports this recommendation for the admission of the assistant Surgeons mentioned on the authority of the vouchers enclosed. The application for a supply of wine by the Superintending Surgeon of the Northern Division is contrary to regulations, but that under the emergency of the occasion, it may be considered expedient to authorize the officer Commanding the army to withholds. This recommendation to the suggestion of the Medical Board that a Discretionary power may be vested in them for passing indents

11232

Fort St. George 16th August 1855

Indents for wine, Observes on the possible abuse of this indulgence by Surgeons, & suggests that the issue of wine be restricted to the lowest scale: agrees to the application of the Surgeon Graves 2nd Batt. 20th Regt. for additional bantage during the March of his Corps to Samulcottah—

of the Medical Board, that Messrs Prince, Smith, Woollcott, and Gilder be admitted as Assistant Surgeons on this Establishment, on the authority of the enclosed Vouchers, and in the Accidental deficiency of more regular Documents, is supported by the Officer Commanding the Army.—

With respect to the accompanying Application from the Superintending Surgeon in the Northern Division which has received the Support of the Medical Board, although contrary to the regulations of the Service, the Government may perhaps consider it Expedient to authorize

the

11233. Fort St. George 16th August 1815

the Supply of Wine therein solicited in Consideration of the Emergent occasion on which it is founded.

But Major General Pater feels averse from supporting with his recommendation, the Suggestion of the Medical Board, that a Discretionary Power be vested in their hands to pass Indents for Wine for the use of the Native Troops, as that Measure would in his Opinion induce Demands for Supplies of Wine, which could not have been in the Contemplation of Government when their Orders of the 9th October last were published —

The

11234

Fort St. George 16th August 1811.

The Commander of the Army has indeed understood that the arrangement for the issue of Wine from the Honorable Company's Stores is considered to have been made for the purpose of enabling the Surgeons of European Corps to procure good Wine for the Sick at a reasonable rate and as the wine is applied to that purpose, at a lower rate than the Sale of it would realize the Honorable Company would therefore sustain a loss proportioned to the extent of this indulgence if granted.

Instead therefore of recommending the adoption

of

11235 Fort St George 16th August 1811

of the System proposed by the Medical Board Major General Porter is inclined to suggest that measures be taken to limit the issue of wine to Surgeons in Charge of Europeans to the lowest Scale that may be found consistent with the object which the Government had in view, in the formation of the Arrangements in question --

With reference to the application made by Assistant Surgeon Graves of the 2nd Battalion 20th Regiment for Additional Tentage during the March of his Corps to Samulcottah the Officer Commanding

The Board consider the application for Wine on account of the Native Sick to be an innovation likely to be attended with inde-=finite expence, and in the instance adduced, the supply required if granted would arrive too late to be available for the object in view. The Board consider the application for Wine on account of the Sick Officer mentioned in these Proceed-=ings liable to similar objection on the grounds

F

of novelty and expence.

Resolved in consequence that the recommendation of the Medical Board on the foregoing subjects be not complied with.

Cover to two Indents on the Commissariat for Madeira Wine, on the prescribed terms; one for Lieutenant Hadow of the 8th Native Regiment on sick & Quarters at Trichinopoly, the nature of whose Complaints is Stated, to require a plentiful use of Wine but which it Seems, is not to be purchased at Masulipatam for this reason, the Board beg

that

that the very slender allowance granted for sick Sepoys is much too incon= siderable, to enable a Medical Officer to Supply Wine, at the market price, to so great a Number the urgency of such a Situation the Board trust, with Sanction their + recommending this Indent for + approval and their having Authority to Sanction all Indents for Madeira

No 1 Is an application forwarded by the Officer Commanding the Center Division in favor of Lieutenant Cadshead of His Majesty's 22d Dragoons who performed the Duties of Cantonment Adjutant at Arcot from the 26th November 1808 to the 28th February 1809 during the absence, in the first instance, of Cornet Bannerman, on Service, and in the Second, of Lieutenant Wallace, who succeeded Cornet Bannerman as Adjutant of the Cantonment

Cantonment at Arcot.—

The Allowances attached to the Situation were drawn by Lieutenant Ashhead, and retrenched until his appointment received the Confirmation of Government which, Major General Pater has the Honor to recommend, may be accorded, as it appears from the Papers which are transmitted with Colonel Ward's Letter, that the Duties were performed, and no allowances of the Situation drawn by any Officer.—

respecting

respecting the Adjustment of the Sums due by Lieutenants Campbell and Hilton.—

The Officer Commanding the Army would not have again brought this Subject before the Government had the two Officers in question been under the Controul of his authority— But as it appears that Major Calebrooke has not yet received what he is so evidently entitled to and as Lieutenant Campbell has left this Country on his return to Europe, and Lieutenant Hilton is now with His Excellency the Commander in Chief in Foreign Service

Sir,

The enclosed papers,
Documents &c. have been
submitted to me with the
view of their being brought
to the notice of the officer
commanding the Forces, and
ultimately, to Government,
provided they meet with His
Excellencys Support.—

The outline of their
contents is as follows.—

In December 1808
Cornet Bannerman the Gar-
rison Adjutant of Arcot was
Ordered on Service to Persia—

on

11270

Fort St. George 16th August 1811

on Cornet Bannerman's depar-
ture I appointed Lieutenant and
Adjutant Ashhead to do the
duty of Cantonment Adjutant
which he continued to execute
until the arrival of Lieutenant
Wallace in February 1809 at
Arcot.—

Lieutenant Ashhead
drew the Staff pay and allow-
=ances from the 26th November
1808 to the 28th February 1809.—

As it appears evident
from the Certificate of Cornet
Bannerman that he never drew
the Staff pay in question
during the Period, as well
as for that of Lieutenant

Wallace

11273

Fort St. George 16th August 1811.—

Wallace that the same was never drawn by him, I am induced to state my opinion, that as Lieutenant and Adjutant Adshead actually performed the duties of Cantonment Adjutant during that period, Viz. from the 26th November 1808 to the 28th February 1809, and as the Staff pay was drawn by no other person It is but reasonable his claim should be submitted to the decision of the Honorable the Governor in Council.—

Sir,

In Answer to Mr. Smith's letter to you dated Seringapatam 2d October 1810 on the Subject of a Retrenchment to the amount of Pagodas 176.43.56. stated to have been improperly drawn

by

11302 Fort St. George 16th August 1814

by me when absent to quit the
5th Regiment Cavalry where I had
been doing duty of Quarter Master.
I beg leave to State for
your information, and that of Mr.
Smith and the Auditor General that
I do not conceive it possible for
me during the whole time I was
with the 5th Native Cavalry to
have over-drawn so large a sum,
and further - at the time I am
stated to have taken this sum
I granted the same vouchers to
the Cashier of the Regiment as I did
on any former occasion, when I received
payment of my Abstracts from the
Paymaster of His Majesty's 25th Dra-
-goons I received King's pay only

allowances in the 5th – Regiment
Native Cavalry, from which cir=
cumstance being in a situation that
was perfectly new to me, and unac=
=customed to make out my Abstracts,
my allowances one Month fell 3
Pagodas short of what I would have
received had I been with my own=
Regiment, there may no doubt be
some mistake in part of the Sum,
but I am perfectly conscious I never
did, nor could, have obtained so
large a Sum, without being en=
=titled to some part of it. –

The Vackeel never
would settle my Monthly allow=

then, if there was any thing
improperly drawn, or any error

it

it was always corrected at the Pay Office before the disbursement took place.—

I hope I may have time to endeavour to explain, what I have stated to the Auditor General in person, when I trust the greater part of the sum will be admitted. If not on my arrival at the Presidency, I shall at once refer the Amount to the Office of Audit, as my stay in this Country will not allow of my doing so by instalments, which I believe on some occations is usual.—

the General Orders of the 10th of June 1818 may be suspended, and that stoppages should not be made from his allowances un-til an answer should be received to a Memorial which he states it to be his intention to forward to the Honorable Court of Directors relative to the allowance in Ques-tion. -

2d. With respect to the na-ture of this application, I cannot but be of opinion that it is quite in opposition to the Re-gulations, and is also subversive of the Principles on which the Office of Military Audit have been originally founded. -

3rd. It is proper to bring

Fort St. George 16th August 1815

to the Notice of your honor in Council as immediately connected with the request of Captain Hughes, that shortly after the publication of G.O. of the 10th June 1808, a Retrenchment of a similar charge made by Captain Bag:-shaw / who then Commanded the 1st Battation of Pioneers to which Captain Hughes was afterwards appointed / when employed in clearing the Ditch at Vellore and in the demolition of works and buildings in the vicinity of that Fortress; which Retrenchment being referred to your honor in Council, and the Circumstance of the case fully stated in my-

Report

Fort St. George 16th August 1811

report to your honor in Council upon the 8th of June 1809 it was confirmed by Government upon the 16th of the same month - it appears unnecessary therefore to repeat similar circumstances and reasoning which have been adduced for and against the claim upon the former occasion and regarding which Decision of Government in the case of Captain Bagshaw from the circumstance of his being the Predecessor in the command of the 1st Battalion of Pioneers to Captain Hughes I cannot but think there is reason to conclude that the latter Officer was acquainted at the

time

11339

time he drew the same allowance of Superior Batta, which on good grounds had been refused by Government to the Former.—

4.— And with respect to the Plea of want of Information respecting the Retrenchment of the Charge against himself, and Ignorance of the Orders of the Honorable Court of Directors upon this very point in their General Letter dated the 21st April 1809, and published in the G.O. by Government of the 13th of February 1810 which was in fact a confirmation of the Decision of Government. I have to observe that the Retrenchment of the

It is one which aught to be rarely ad=mitted. —

5th. After what is herein before Stated it may be unne=cessary to add that I conceive the Retrenchment from Captain Hughes should be recovered in the usual manner prescribed by

Honorable Sir,

From the Period of
my being honoured by the Com-
-mand of the 1st Battalion of
Pioneers

Pioneers, until march 1811 Received
Monthly, in Conformity to the G.O.
of the 10th June 1808 Superior Batta
the corps being in receipt of Full
Batta.

Towards the close of last
year, I became acquainted that the
Auditor General had retrenched
that allowance from the 13th
of February 1810; on which day
its discontinuance to Officers
Commanding Battalions of
Pioneers was directed in a General
Order by Government.

Beg leave here to de-
=clare, upon my honor, that I
=never saw the Order in question
'till after the retrenchment
came against me; or should,

1850 have addressed your Honorable
Board on the Subject, the Pioneer
Corps generally, from the nature
of the situation in which they
are employed, remain long
unacquainted with Orders pub-
lished to the Army.—

I was prevented, by duty
requiring my attendance, un-
til the 8th of last Month from
availing myself of furlough
long since granted; but Hoped
that, on my Arrival at the
Presidency, I should by a re-
ference to Government have
Succeeded in my Object of
regaining the Allowance with-
held.—

Finding that it cannot be granted without the sanction of the Court of Directors, I am preparing, for their Honorable Board, a Memorial praying that my Allowances may be made equal to those of Officers on this Establishment - of my own Rank, holding the Command of Corps Officers, as mine from the line; and as the Justice of my claim cannot I think be disputed, I shall rely on its meeting with your approbation and support. -

Honble Sir,

I have the honor to acknowledge the receipt of Mr. Secretary Peile's letter of Yesterday's Date enclosing copy of a letter from the Accountant General in the Military Department to the Chief Secretary to Government dated the 8th Instant and desiring me to prepare and forward to the Accountant General the Estimate of Expences mentioned in his letter.—

The Accountant Gene:
Real

From the Military Auditor General — acknowledges receipt of letter and states that the prospective Estimate the head furnished the accountant Genl. requires no other alteration than the addition of 33,000 Pags on account of contingencies to make it correspond with the last Estimate of Military Expences that neither of the Estimates provide for advances made by letter on account of the expedition to Java. Specifies the amount Estimated to meet this Head. Will send in a few days the Statement required by the accountant General in his letter of the 31st July last—

Fort St George 16th August 1811

General in his Letter to the Chief Secretary calling for the Estimate of Military Expences during this period of time States as follows I have already received a prospective Estimate of the Military Expences of the current Year but as it is possible that since that Estimate was framed circumstances may have occurred to affect the calculations assumed in it, an amended computation will now perhaps be considered necessary for the Regular Estimates of the Year. If however the Military Auditor General shall be of opinion that no alteration of this prospective Estimate be requisite, that com-

putation

Computation will then be adopted in consequence of which I have carefully compared the Prospective Estimate of the Military Expen-=ces of the Year 1811/12 furnished to the Accountant General on the 23rd. February 1811. with the usual Estimate of those Expences for the same year contained in the letter prefixed to the Annual Military State-=ment, under date the 18th. Ulte-=mo and find there is only a difference of Pagodas 33656 as follows.-

than to add the abovementioned
difference of Pagodas 33,656 to the
Sac of Pagodas on account of
Contingencies in Order to make
it correspond with the last Estimate
of the Military Expences of the
current year - I have been in-
duced to give the preference
to the last Estimate prepared
not only on account of the pro-
bability of it's being more cor-
rect than the first, but be-
cause it is the repeated injunc-
tions of the Honorable Court of
Directors that all Estimates

short of the actual expence; and I have every reason to suppose that the Military Expences of the current year will be very little more than 76 Lacs of Pagodas.—

I beg leave to observe that neither of the Estimates above mentioned provide for the Advances made; and that may be made hereafter at this Presidency on account of the Expedition to Java the amount being chargeable to the Presidency of Bengal, but as these advances are made here in the first instance it may be proper in regulating the Revenue or Finances of the Present year to provide for such demands although they will ultimately be

Amount of the advances already

Sir,

From the Acting Surveyor General recommending that the accompanying application from Lieut Garling for leave of absence be complied with, and requesting to know whether he shall issue his Surveying allowances during the period of his absence

I have the honor to request that the inclosed letter from Lieutenant Garling Superintendant of the Gov. Survey may be laid before the Honorable the Governor in Council. He applies for leave of absence from the Survey for the space of eleven Months, on account of urgent private affairs. and conceiving that his application may be granted without Material inconvenience to the Service

Service - as he will return to Sea about the Commencement of the fair Season on the western Coast. I recommend that it may be complied with. I request at the same time that it may be determined whether Lieutenant Garling shall be entitled to receive his surveying allowances during the period of his absence. -

It appears to be necessary that some rule should be fixed with respect to the allowances of Officers attached to particular Surveys. If they leave their Surveys on account of indisposition induced by the exposure to which they may be subject in the course of their duty some consideration might be due to them; but when

Officers

11351. Fort S.t George 16th. August 1815

Officers quit the Surveys to which they may be attached on leave of absence, I do not hesitate to state my opinion that their Surveying Allowances should Cease; for the ex=pence of the Survey would otherwise be protracted in proportion to the period of their Absence, or a double expence would be required to be incurred for the payment of other Surveyors who might be employed to prosecute their work.—

Submitting Copy of Correspondence with Officer in Command at Arcot, representing the great inconvenience to which the Troops are subjected from the bad State of the Roads, and suggesting the advantage that might be derived if Felons condemned by the Civil Court of Chittoor to hard Labour, could be employed in the Repair of them.

Arcot represented to me some time since the great Inconvenience to which the troops were then subject from the extreme bad state of the Public Roads which Lead from the Barracks to the several Grounds of Exercise, he also suggested the Advantage that might be derived if some of the Felons condemned by the Civil Court at Chittoor to Hard Labour could be employed in repairing these Roads -

I accordingly directed that a Copy of Major Neal's Letter should be Submitted to the Judge and Magistrate of Chittoor, in order to ascertain if such a Measure was practicable and within

=gulations will not authorize him to detach the Prisoners for this pur-
=pose, I am therefore induced to submit a Copy of the Correspondence which has taken Place and to request you will do me the favor to bring the Subject to the Notice of the Honorable the Governor in Council. —

Sir,

I have the honor to inform you that I directed the Superintending Surgeon of the Division to call on all Medical Gentlemen in Charge of European Corps on the 3d Ultimo to ascertain the cause and report most fully the very uncommon Sickness which prevailed in the European Corps at this Station, and more particularly in His Majesty's 84th Regiment.

I Herewith enclose their several Letters accompanied with a letter from the Superintending Surgeon of the Division and beg leave to state one of the Evils Complained of has already subsided inconsequence of the Assistance which I received from the British Resident, in the prohibition of deleterious Liquors.

I have also to request the Sanction of the Officer Commanding the Army for the Erection

of a Lock Hospital as the place they now occupy is in a ruinous and hazardous state, admitting rain to the destruction of those poor objects; they are at present confined in a small place attached to the Garden Wall of my House which Circumstance is a great annoyance both to me and also to the Major of Brigade to the Division as the House he occupies is within a few yards of the above building and as he is a married man makes it still more unpleasant.

As there are no public Buildings in the Fort which can be made into a Lock Hospital and as the Garrison surgeon has represented to me that a House the property of an Officer in a retired situation in the Fort is for sale for the small sum of Pagodas 250. should Government feel disposed to purchase the same, I shall direct the Acting Superintending Engineer to survey and make out a plan of the Building together with an Estimate which

Honorable Sir,

Para 1 The late Agent for remounts Horses has brought to our consideration several Bills relative to the cost and charges of Horses purchased under the Sanction of the Government of Bombay in the year 1808 by Captain Dan.l Marston of His Majesty's 86.th Regiment of Foot, for the service of the 2.d Regiment Madras Native Cavalry, stationed with the Poonah Subsidiary Force. We have entered into an examination of these documents, and beg to report that the present reference forms part of various unadjusted accounts in the Horse Agency department, which were forwarded in a Letter from the Secretary to Government in the Military Department under date the 31.st October last - for the purpose of being lodged in our Office. The

Number

From the Military Board - Report on Bills Submitted therein by the late Agent for remounts - Horses relative to the Cost and Charges of Horses purchased under the sanction of the Bombay Govt. in 1808 by Capt.n Marston for the service of the Madras Native Cavalry at Poonah - and recommend that Government be recredited in the Sum of Star Pagodas - 16,435-18- as the Amount of those Bills adverts to as charge of commission of 3100 Rs. included in the above Sum, and Submit the expediency of a reference to Bombay as to the Authority upon which that charge has been made - Recommend payment of a Bill of the Superintending Engineer in the Ceded Districts for repairs &c.a to the main Guard rooms and Artillery Barracks in the lower Fort of Bellary - also Advance of money

number of Horses charged for is 107, and have been purchased at the average rate of 500 Rupees each Horse. The Bills are supported by the usual declarations on honor, and their amount has been discharged in the first instance at Bombay - We beg therefore to recommend that the Bombay Presidency may receive credit for the sum of Star Pagodas 16435-18-. the Amount of the Bills now submitted agreeably to the accompanying List a charge for Commission equal to Rupees 2,100 is also included in the above sum but it does not appear to have been passed in the Office of Audit at Bombay in the usual manner - As we are not aware under what authority or regulation a charge of that nature has been made we beg leave to submit to your Honor in Council, the expediency of causing a reference to be made to that Government regarding it. —

2 We have also the honor to forward and to recommend payment of a Bill of the Superintending Engineer in the Ceded districts

To the Secretary to the
Military Board
Fort St. George

Sir,

I have to acknowledge the receipt of your letter of the 4th Instant transmitting five Packets enclosing letters from Mr. Baber of the 16th and 28th of December 1809 - 14th January - 17th April and 4th September 1810 Containing his observations on certain Charges said to have been incurred during the disturbances in Travancore and from their nature I trust I may be allowed to express my regret that I was not sooner furnished with them; —

The first mentioned letter alludes to three bills marked No. 56. 57 and 58 respecting which the Magistrate animadverts on

Fort St. George 20th August 1811.

on Charges for Demurrage assumed to have been made by me, but the whole of his reasoning however falls to the ground from the simple fact that no such Charges were ever made by me, nor were ever entered by me in any account of any description,—

The Magistrate appears to have entered into a Correspondence with my Clerk who furnished him with Copies of the Bills in question as they stood recorded in my Bill Book, but no Charge for demurrage is there mentioned. I presume it was this remarkable dissemelarity that induced the Magistrate in his 13th paragraph to Conclude that there must be some mistake" and to suspend offering an opinion— This suspension of opinion however does not continue long, for in the Statement which Concludes the same letter, the Magistrate, with the Copies of the Bills before him, which might well have induced him to Conclude that

11458

Fort St. George 20th August 1811.

that there was a mistake," ventures to hazard a positive assertion to Government that I had charged more than I had paid, —

In the bill marked N: 2 there appears to be an error in Copying, it is for Rupees 247-2-0 and not 242-2- and it will be found correctly entered in the Register sent by me to the Military Paymaster General Page 12 it is succeeded by N: 3 and in the preceding page you will find N: 1 These bills as there entered will be found to correspond with the Copies furnished to Mr. Baber. —

The first four paragraphs of the letter dated 28th December are confined to a repetition of the above observations on ideal Charges tho' the Magistrate was a second time furnished with Copies of these bills by Captain Snow the Acting Paymaster. —

The observation that the 1st 17th Regiment Native Infantry were landed at

11459.

Fort St. George 20th. August 1811.

at Cochin is perfectly correct, but from the mode on which the bill is drawn out, No. 1 is a Copy as it stands in my Bill Book. I conceived that the Vessel must have had other troops on Board for Quilon and Cann the more inclined to think so from its being differently worded from No. 2, another of Mr. Bills bills for a Vessel that only went to Cochin. The production of the original bill would shew upon what documents it was paid. —

In the next paragraph Mr. Baber says In my letter of the 12th. instant I particularly called the attention of the Officer in Charge of the Pay Office to the point Viz. the landing of the 1st./17th. Regement Native Infantry at Cochin the truth of this assertion the Board can easily ascertain if they will now turn to the letter, and see if there is one word on the subject; —

The letter from the Magistrate dated the 15th. January 1810 appears to require explanation

11460

Fort St George 20th August 1811.

explanation only on the subject of the freight of Bullocks sent from Beypore — there were the — first Bullocks that were sent and the Owners of the Pattamars claimed payment at a certain sum per Candy: the rate fixed for their tonnage. as it was indifferent to them what they carried and owing to the construction of these Vessels, the smaller ones could carry but few. I shall in a few days receive from my Office Copy of a letter which I addressed to the Officer Commanding the Provinces on this subject, in which, if Cattle were to be sent by Sea, I pointed out the propriety of fitting up some of these Vessels with temporary Decks to this I may add that those shipped from the Beypore River were Gun Bullocks, —

The only other remark I have to make on this letter is that it is accompanied by a letter from the Acting Paymaster containing the very documents which the Magistrate in

11461.

Fort St. George 20th August 1811.

in this letter of the 28th December 1809 says that he has called for Viz.t a Statement of the whole of the sums paid and charged for on this head which documents had he consulted it, would for the third time have informed him of the amount of the Bill of Kessoje Avygnall as the Board will see on reference to it, —

Mr. Baber's next letter is so dated the 17th April 1810. Complaining of not being furnished with certain documents. —

The documents Alluded to as being of a nature for Government to decide on, are those Copies of Communications to and from different authorities connected with the Travancore Disturbances affixed to my letter to the Military Paymaster General which accompanies this and were adduced by me to prove that we had no time to lose in waiting for endents, vecupts &c. —

My reason for refusing to pay the

11462 Fort St. George 20th August 1811.

the four bills in question was that Charges admitted by the Magistrate had been retrenched by the Mi-
-litary Auditor General; without multiplying instances I shall only quote the Bill for Bullocks sent to Pulicat by Mr. Babar retrenched from my Imprest Disbursements for Pagodas 2187-39-54 the Regu-
-lations for Paymasters expressly say that a Charge once retrenched is not to be admitted again with-
-out further authority. —

The rest of this letter is on the former subject of demurrage for the bills No. 56-57 and 58. —

The last letter is dated 4th. September 1810 the first part of which turns on my refusal to pay a particular bill for so doing - I have assigned my reason and the re-
-mainder of it is taken up in once more repeat-
-ing his former observations respecting the above-
-mentioned bills. —

I have thus gone thro' these letters

in

1463.

Fort St. George 20th August 1811.

in detail with the exception of the remaining bills for various services mentioned in the Images letter of the 28th December 1809. These bills have at different periods been returned to me; and I am now preparing to send them to the Military Auditor General with such further authorities as have been required, and I could procure.—

The excess of Charge on the three bills in question exhibited in the Register of the Paymaster of Extraordinaries may have arisen from the circumstance that many Claims were preferred at my Office for services performed or losses sustained beyond what the parties were entitled to; in some instances these were altered, but in cases where the nature of the Charge did not easily admit of it another bill might have been drawn out on the back of the first corresponding with the documents produced in support of the Charge and thus thro the inadvertence of a Copying Clerk

11464 Fort St. George 20th August 1811.

Clerk, both the original Claims and the modified charge were entered in the Register; —

The Magistrate's letter of the 4th September contains an instance where this might have happened; —

I allude to the Bill of Rattenchund Manicchund which is made out for Rupees 12,919. yet he produces documents in support of only Rupees 1050, had I paid that man the sum he was entitled to I should have made out a bill on the back of the original Claim; for the Board will observe that the original could not well be altered, and I should have forwarded it to the Paymaster of Extraordinaries not as a bill for Rupees 12,919, but as one for Rupees 1050 accompanied by the Vouchers on which I had paid that sum, yet a Copying Clerk in the Office of the Pay.r of Extraordinaries might, and from what I have now seen I think it probable, that he would have

11465

Fort St. George 20th. August 1811.

have entered it in the Register as Bill of Mr. Douglas for Rupees 12919- for D.w D.o to which of Course would follow Bill of D.o D.o for Rupees 1050 in this view of the Case the observation attributed to my Clerk Vizt. "that the "whole sum Charged / ie, by the Merchants / "had not been paid "may be perfectly correct tho' an attempt is made to pervert its meaning.—

For the Bills transmitted by me I beg leave to refer the Board to the accompanying list which was sent by me on the 16.th April 1810 to the Military Paymaster General and was by him forwarded to Government: had Government thought proper to comply with my request of referring these Bills to a Committee on the spot, this list would have been the foundation of their Proceedings.—

I must here beg leave to notice the

11466. Fort St George 20th August 1811.

the manner in which these Bills are entered in the Register of the Paymaster of Extraordenaries Vegt. Bill of Mr. Douglas Commissary &c &c &c with a very few exceptions the Paymaster of Extraordinaries might with nearly equal propriety have entered them as the Bills of any other man they are Bills of the Owners of the Vessels, who supplied them in consequence of the requisition of the Commanding Officer or the orders of the Magistrate, and they were only paid by me, the whole or part of their demand agreable to the instructions I received, and the documents they produced. I then became simply the Channel of conveying them to Government. The Paymaster of Extraordinaries would I conceive have been more correct had he entered them as "Bills forwarded by Mr. Douglas"

In conclusion I have only to observe that if Mr. Baber when he received Copies of the Bills No. 56. 57. and 58 from my

11467.

Fort St. George 20th August 1811.

my Office and witnessed the difference between them and the Register of the Paymaster of Extraordi- -naries instead of concealing this difference from the Acting Paymaster, from my Clerk and from myself with all of whom he was in Correspon- -dence had pointed it out and requested an ex- -planation, a satisfactory one would have been immediately given, these Accounts would have been long since settled and I should have been spared the disagreeable task of writing this Letter; —

Sir,

In Compliance with the Brigade Majors express letter of the 31st at night on I have lost no time in procuring Cattle - a Considerable number are in readiness to be embarked but the Violence of the surf has rendered it impossible to get them on board this morning. I am in hopes to effect it in the Evening; —

I beg leave here to observe that the expence of sending Slaughter Cattle to Ceylon must necessarily be very great, the Crafts used on this Coast are very badly Calculated for the purpose being deep and narrow, and a number of the Cattle must be expected to perish before they arrive at the place of their distenation - Ships might be sent with more ease, but I need scarce observe to you that they are not procurable

To the Military Paymaster General
Fort St. George

Sir,

As the Person under whose orders I presume myself the more immediately to act I deem it necessary to address you on the subject of Bills sent from my Office to that of the Paymaster of Extraordinaries a list of which I enclose amounting to the sum of Star Pagodas 10499.22.53.—

Nearly the whole of this large sum you will observe arises from Charges incurred in forwarding Troops stores and supplies of all sorts to Travancore during the late disturbances.—

On the receipt of the letter from the Resident in Travancore alluded to in the Brigade Major's letter to me of the 31st December there was not a moment lost in attending to forms. Vessels were seized

whenever

11472

Fort St. George 20th August 1811.

whenever they could be got, and His Majestys 12th Regiment and two Battalions of Sepoys were harried on board of them at an hours notice, and even with all the expedition that was used, the Artillery from hence were only got into the lines at Pullon, the night before the grand attack of the 15th January took place had we stood upon forms and waited for Indents &c. they could not have been there on time; —

The letters from the Officer Commanding that force together with those from the Residents sufficiently shew their opinion of what might have been the Consequence had considerable exertion not been used in sending the Troops and stores from hence; —

In what stage the Bills mentioned in the accompanying list may be I know not, but I am now left at the Conclusion of the Official year with the whole expence attending the embarkation and transportation of these Troops and stores, on the early arrival of which the Public interests

interests in Travancore so much depended / placed to my debit; —

In an extraordinary case of this nature where all the documents required by the Regulations of Government neither exist nor possibly could have been procured, I beg leave humbly to suggest a reference to a third party and to propose that the whole of them may be submitted for investigation and decision either to the Court of appeal for this Division or to a Committee Consisting of the Commanding Officer of these Provences and any other Military Persons that may be selected; —

further obstacles to the adjustment of the hire of the Vessels which transported the Troops to the aid of the Travancore Force under Colonel Chalmers,—

I most willingly certify to the urgency of the service and can feel no hesitation to declare that the vessels on which the Corps under my immediate inspection were embarked were loaded to a degree which I could not otherwise warrant than from the necessity of the service. If any hesitation had been made on that occasion to the most speedy transporting the Troops, the Consequence I have every cause to apprehend must have been of the most serious nature to both the Stations of Tinlon and Cochin, the arrival of the Corps from Malabar that particular moment I have no doubt preserved the two Stations;—

From every information the vessels transporting the 17th Battalion from Tellicherry and Calicut were equally loaded as those under my immediate inspection—

Order thereon

Ordered that the Magistrate in North Malabar be furnished with a copy of the foregoing Letter for his information, and be called upon for further explanation on the several points controverted by the Paymaster as he may consider to be necessary.—

To the Honorable

Sir George Hilaro Barlow Bart. G.C.B.

Governor in Council

&c. &c. &c.

Honorable Sir,

From the Mily. Auditor General — Reports on the reference of the Accountant General regarding certain accounts of Mr. Paymaster Douglas —

I have the honor to acknowledge the receipt of Mr. Secretary Peile's Letter of the 26th Ultimo accompanied by a Letter from Mr. Paymaster Douglas to the Accountant General and submitted by the latter to your Honor in Council on which I am desired to report my opinion;—

I have accordingly to state for the information of Government that Mr. Douglas's application has for its object to obtain Credit for the sum of Pagodas 16582-18-2 being the

Amount

11528

Fort F. George 20th August 1811.

Amount of Retrenchments from charges entered in his accounts agreeably to Instructions from the late Pay-master General, but which had been disbursed by Mr. Richardson his Predecessor in Office.—

It may be necessary to explain that on the death removal or retirement of a Paymaster the regulations require his successor to follow up the business of the Office and of course to enter in his Accounts any charges omitted by his Predecessor to be entered or brought forward in a regular manner.

Mr. Douglas was accordingly required to adhere to the regulations in bringing to account a considerable number of Vouchers which from the neglect of Mr. Richardson had been left unadjusted in his Office, and the sum in question is part of the Amount of vouchers thus circumstanced. to which after being entered in Mr. Douglas's accounts it became unavoidably necessary to object, owing Chiefly to the want of proper authorities and being defective in form and requisite Documents

11529. Fort St. George 20th August 1811.

Documents; —

In cases of this particular nature a Paymaster cannot probably be held ultimately answerable for the sums which remain retrenched after final Audit and which cannot be recovered but Mr. Douglas is bound by the regulations of his Office to act with respect to those charges as he would, had he actually disbursed the amount that is to say, to recover the amount retrenched from the different Officers by whom the charges were made and to bring the amount so recovered to the Credit of the public: Or in case of the Death absence, or other circumstance connected with the parties concerned by which the recovery might be rendered impracticable Mr. Douglas should transmit his particular explanations to each charge desiring if the measure appeared necessary that the subject might be referred for the consideration of Government.

In place of following the above course Mr. Douglas appears to require that Credit

11530

Fort St. George 20th August 1811.

Credit shall be given him for the whole amount outstanding on the above account, without stating what the obstacles are which have prevented him from complying with the requisitions of the Audit by which the charges retrenched might be admitted, or explaining what the difficulties are which oppose the recovery of the amount. I cannot of course consider Mr. Douglas entitled to credit for the beforementioned sum in the present stage of the business. —

For it is here proper to state that in the Month of June 1810 Mr. Douglas addressed a Letter to Government on the Same subject which he enclosed in an Official Letter to me requesting that it might be laid before your Honor in Council which I then felt it my duty to decline, but in my answer dated 11th July 1810 (copy of which I have the honor herewith to enclose) I suggested the mode which appeared to me best calculated to effect the object that Mr. Douglas

11531.

Fort St. George 20th August 1811.

Douglas had in view which, in addition to what I have here before noticed, was to submit also a Statement of such sums as he had recovered of those Retrenchments, from the Individuals concerned. But what was thus required was not then, or does it appear to be now attended to by Mr. Douglas; —

Mr. Douglas appears to conceive it a hardship that the arrears of Mr. Richardson's Office should be blended with his accounts, and represents the subject as if he thought it extraneous to his regular duty — Mr. Richardsons Office on his decease it must be admitted was in a state of great derangement but to rectify which Mr. Douglas was allowed a considerable extra establishment of servants and I have reason to believe he has not been hitherto wanting to his duty in that respect and in further pursuance of which it is proper that he should adhere to the Regulations in regard

to

11532

Fort St. George 20th August 1811.

to the present outstanding sum. —

It accordingly appears requisite that Mr. Douglas may be directed to furnish the State-ment of which I transmitted a form to that Gentle-man in my Letter of the 11th July 1810 having reference to the sums which Mr. Douglas was directed to recover on account of Retrenchments from his Pre-decessor's accounts and it is certainly incumbent on Mr. Douglas to shew that he attended to the interests of the Public. —

accounts of the late Mr. Richardson which you desire may be kept seperate from those of your own office in place of being blended as they have hitherto been, and now are in a certain degree conformably to the Regulations of the service,—

2 To the General proposition of I should see no objection under the peculiar circumstances of the case, had it been made at an earlier period but as there can probably be no further good effected by keeping the accounts in question any longer open, it occurs to me that the object of your application should have been to be permitted to close the accounts finally and to be relieved from all further concern with them,——

3 To effect this purpose I request you will make out a Statement of Debtor and Creditor of all the sums which have been entered in your accounts on account of the late Mr. Richardson pointing out in the Letter—

which

which is to accompany it — those Items of Debit for which you conceive you ought to receive credit as adverted to in your Letter with such remarks or explanations as may be necessary.—

4 The Amount recovered by you from officers of the Bombay Establishment and others since the decease of Mr. Richardson on account of Retrenchments from that Gentleman's accounts will of course be included in the above — but it would be desirable that such Items should appear in a seperate Statement and the total only entered in the general account,—

5 The seperate Account thus required may be in the following Form and seperate Heads.—

Officers Rank & Names.	Amount Retrenched	From what Month the accounts retrenched	How much recovered	In what Months accounts credited	Amount remaining due	Balance why not recovered

6 A Statement of the above discription appears to be the more necessary as many of the Officers

11535

Fort St. George 20th August 1811.

Officers concerned are probably still at Bombay from whom the amount may be recoverable,—

7 The above Statements if transmitted thro the Military Paymaster General to Government with a Copy of this Letter will I have no doubt cause all the difficulties, which you experience to be removed. You will of course request the Military Paymaster General to Certify that the accounts or Statements which you may transmit correspond with the Books of his office,—

8 In the event of your not acceding to this mode, and Still desiring the Papers/ which are here with returned/ to be laid before Government, you will be pleased to transmit them accompanied by a Copy of this Letter to the Military Paymr. General for that purpose, being the proper Channel in such cases.—

Honorable Sir,

From Dy. Submr. Lieut. and Fort Adjutant Oldnall's Letter explanatory of the several Retrenchments of Batta drawn by him for having charge of the Invalids and Pensioners at Seringapatam, and recommends it for favorable consideration.

In the Month of July 1810. Government was pleased to grant the difference between half and full Batta to the Fort Adjutant of Seringapatam "as a Compensation for the additional trouble and expense to which he was "liable from having had the Invalids and Pensioners and the Sick of the different Corps in "Mysore placed under his charge"—

On the transfer of the above Charge to the Town Major of Seringapatam in the Months of August 1805 Government was pleased to authorize the same allowance that is the

the full Batta of his Rank to be drawn by that Officer which was accordingly continued until the recent abolition of the appointment of Town Major when the duty in question devolved on the Fort Adjutant who now solicits to be permitted to draw the full Batta of his rank which under the above precedents appears to be deserving of the favorable consideration of your Honor in Council —

I submit herewith a Copy of Lieutenant Olmall's Letter on the subject being an Explanation from that officer to several Re-trenchments of the Batta drawn by him and in which the decision of your Honor in Council is requested and to have reference to the period which has elapsed since the abolition of the appointment of Town Major not considering myself warranted to pass the allowance by admitting the Retrenchments until I shall submit the same and which may appear reasonable to your Honor in Council. —

Messrs Hogue Davidson Robertson & Co.

Gentlemen,

In answer to your letter of yesterday respecting the State of the Government Stores landed here from the Ship Bhurmoolah, while under my command;—

I beg leave in the first place to acquaint yow as agents for the Ship that all the Stores which were originally put on board the Bhurmoolah at Calcutta when Proceeding on the expedition were landed in good condition part at the Isle of France and part at Madras and receipts granted for the Same, by the Officer appointed by Government to receive them.—

In the Second place with respect to the Stores now alluded to. I beg leave to inform yow for the information of His Excellency in Council, that a quantity of Stores

generally in bad condition, were received on board the Rheemoolah while at the Isle of France from the Honorable Company's Ship City of London, Hugh Ingles, Northumberland Weddart Phœnix and several other Transports, and the Commanding Officer of the Rheemoolah particularly expressed the bad condition that a number of the packages were in, in the receipts he granted for them, —

There were also some ammunition and Stores received from the Commissarys Department at Turtle Bay in Indifferent Condition - The whole of the above Stores were shipped on board the Rheemoolah, from about the 5th to the 20th of December last, and were together with all the rest of the Government Stores on board the Ship landed at Madras, Kentledge Excepted, as per the accompanying receipts, —

Afterwards received the enclosed Order from the Government at Madras to receive on

on board a quantity of Ordnance and Military Stores belonging to the Presidency. The Stores had been landed from the different Transports and were piled up on the Beach where they appeared to have been for some time; great part of them exposed to every inclemency of the weather. When they were received on board they were generally in very bad condition, many of the Packages were broken, and we were obliged to lash and nail them to prevent them falling to pieces - I also beg to state that the Stores in question were only on board the Bhurmoolah previous to her arrival at Calcutta, about Eighteen Days, during which time we neither Ship'd a Sea or had Occasion to Pump more than once or twice, therefore no salt water Damage could have happened to them on board that Ship, and as to their getting Damaged by Tar, there was only part of a Barrel on board belonging to the Ship and that being on Deck, in use could not have occasioned any Damage to the Stores in the hold - I shall be

tion in my power respecting the Stores and
as they seem to think that there has been

Mr. Conductor Ward, I have no doubt can-

with, altho' it is not usual to authorize

5° The Commissary
General has laid before us a Report
from the Officer of his Department in
Mysore that there are in Store at
Bednore 100 Cots in a serviceable state
which are the property of the Public, and

beg leave to recommend that the whole
may be disposed of to the best advantage
by Public Auction, and for which pur-

that the Necessary communication may
be made to the Mysore Government

suggested that until an increase be
made in the Amount of Force allot-

Sir

From the commissary General Colonel Fletcher had the Servants of Capt. Purchase Assistant commissary Stoges and even the Butcher under him too has been deported by the Native Servants of the Captain to have rented all the Shops and bazar and made it difficult to procure the commissariat wants to this effect the Colonel appears to have adopted some mode of supply independent of commissariat and obliged the Captain

1 It is with great Reluctance that I trouble the Government on the present Occasion, yet conceiving it my particular duty to use every Means in my power to protect the commissariat Department against innovations, and Officers from [illegible] in the execution of their duty, No Alternative Appears to be left me, with respect to the Occurrence which I now proceed to lay before the Honorable

the Governor in Council— I submit the
question with the greater Reluctance, as
I have in general been successful in Ad-
justing the difficulties, which have hither-
to been opposed to the Department with-
-out having Recourse to the Authority of
Government—

2 A letter of which the en-
closed is a Copy, from Lieutenant Colonel
Fletcher to Captain Purchas the Assistant
Commissary General in the Northern
Division of the Army, is the Object to
which I am at present anxious to draw
the attention of the Government— On the
extraordinary Style of that letter I shall
forbear to make any Comment, but as it
will be expected that I should state my
Opinion with Regard to the Sentiments
expressed—

Enclosure No. 2

11668 Fort St George 23d August 1811

expressed in it, as far as they may be con=
=sidered to affect the Conduct or to be incon=
=sistent with the principles of this Depart=
=ment, I shall proceed to do so without
further preface, giving at the same time
a short detail of the circumstances H
which have occurred—

3 Captain Perchas having
heard that certain Provision Servants H
who had been sent by him with the
field Detachment Under Lieutenant
Colonel Fletcher had been flogged by
Order of that Officer, it became Necessary
that he should Ascertain the Nature of H
their Crime, not only for his own infor=
=mation but for mine— He therefore ad=
=dressed Lieutenant Colonel Fletcher on
the Subject, Requesting in the most H

Respectful

11669 Fort N. George 23 August 1811—

Respectful Manner to be favored with the
Particulars of the Case, and with a Copy
of the proceedings of the Court Martial,
for the purpose of being forwarded to
this Office— His Request however, so
far from having been complied with
he is informed by Lieutenant Colonel
Fletcher in Reply, that the Assistant
Commissary General is not the Person
to whom he is responsible for the
Measures he may find it Necessary
to Adopt for the internal Regulation
of the Camp; and he adds, that had
Captain Perchas been present, the
same process with Regard to the Servants
who were brought to Trial would
have been Observed, without any deviation,
this part of the Subject being of a dis-

tinct

11670 Fort H. George 23d August 1811

distinct Nature from the further Reference to Lieutenant Colonel Fletcher it appears to be proper that it should be viewed by itself—

4 As it has never been attempted to render Lieutenant Colonel Fletcher responsible to this Department, I pass over his Observations on that point, but if he means that Captain Perchas had no right to address him, on the subject of his own Servants, for not having conducted he is held directly responsible, I trust that this Government will be of a different Opinion. It is in fact a point immediately connected with the internal Management of the Department, and Captain Perchas was I conceive equally justified in applying

-ing-

11671

Fort. St George 23d August 1811

Applying to Lieutenant Colonel Fletcher
to know the cause of the punishment of the
Servants, and for a copy of the Court
Martial on them, as to have written
to him on any other subject immediately
connected with his Department. —
Indeed I conceive that instead of
refusing the information Requested by
Captain Purchas, it would have been
more consistent with the Usage and
the Advantage of the Service if Lieute=
=nant Colonel Fletcher had directed
Captain Purchas to be informed of
all the particulars of this transaction
the Moment that it occurred — He
had written on former Occasions —
with as little success as in the present.
For on the 11th June he wrote a letter

for=

11692 Fort St George 23d August 1811

for the purpose of obtaining Correct Vouchers in support of his Accounts, but to which he had received no Reply, on the 5th July when he reported that his Accounts were detained in Consequence — I directed him to repeat his Application before I should take any further steps Regarding it, and I beg leave to forward a Copy of this Letter with the View of shewing the respectful manner in which Captain Purchas has always Conducted his Correspondence with Lieutenant Colonel Fletcher.

5 It is hardly necessary to State what effects must be produced by the Servants of the Commissariat Department, being treated in this manner, for, as there is in general but one Officer of the Commissariat in a Division of the

11673 Fort A. H. George 23 August 1811.

the Army, it must therefore frequently occur that the duties of the Department, with small detachments, must be carried on by means of Native Servants acting under the special direction of the Assistant Commissary of the Division, & and it must be evident that Servants so situated instead of being treated with harshness and punishment without any Communication with their Superiors & require rather the protection and support of Officers Commanding Detachments, to enable them to perform & their Duties in a satisfactory Manner. If they are unfit for their Situations & the Officer of the Department is held Answerable, and I conceive that the Crime should be flagrant indeed, to justify

1674 Fort St George 23d August 1811

justify the severity which Lieutenant Colonel Fletcher has had recourse to — such severity may certainly in extraordinary Cases be necessary, but a frequent Repetition of it would in a short period destroy all Kind of Confidence in the Commissariat, and render it impracticable to procure people of any respectability to serve in it — I state this generally for I am still ignorant of the Crime for which the Servants in Camp have been punished, and I beg leave to recommend that Lieutenant Colonel Fletcher may be desired to direct a compliance with the Request of Captain Purchas, to be favored with all particulars of the Case and a Copy of the Proceedings of the

11675 Fort H. H. George 23 August 1811—

the Court Martial. When that information shall have reached me by the Channel, or by any other that the Government may think proper to direct, I shall then if necessary have the honor to resume this subject— The effect of Lieutenant Colonel Fletcher's severity has already shewn itself by several of the most respectable servants in the Northern Divi= =sion having solicited their discharges from the service, and I understand that the servants in camp continue to be treated with the greatest harshness and have been threatened with a Court Martial, although I am unable to state on what account.—

6 The Next question is of still greater importance than the fore= =going

1648 Fort St. George 23d August 1811—

foregoing, and is the Chief Cause of the present Address, It Appears that it had been Reported to Captain Purchas by his Native Servant in Camp, "that the "Butcher that was under Colonel Fletcher "had Slaughtered all the Bazar and Sheep, by "which Reason it is very difficult and in- "convenient to get the Sheep we want, which "circumstance I Reported to Captain Puth "who Spoke to Colonel Fletcher the Com- "manding Officer on the Subject, upon "which Colonel Fletcher was pleased to "say the Mutton will be given to us, as "many Joints as we may require, but "the Sheep shall not be given, as we are "purchasing at 8 Joints per Rupee "This I address for your information"

7 If this Report be correct

it

11677

Fort. H.t George 23d August 1811—

It is evident, that every principle of the Commissariat has been subverted, the Department established by Government for the express purpose of making supplies, must have been invented, it will have become in this instance, the Department of Receipt instead of issue, or simply the Channel of supplies obtained by persons unauthorized by any Regulation of the Service. This System, if established would amount to the Appointment of a Department of Supply in opposition to that which the Government have been pleased to form, and would provide that whatever may be the Rates at which the Regular Department can obtain Supplies, it must consent to receive them, at Rates to be determined by the Military

1678 Fort. Wm. George 23d August 1811—

Military Authority on the Spot, than which, nothing could be more contrary to the letter, Spirit and intention of the Commissariat Regulations. No Officer in this department can be authorized, to permit the Servants under him, to obtain supplies in this manner, except under the strictest Orders of the Officer Commanding on the Spot, who would then become responsible to Government for the Adoption of a Measure so direct-ly Contrary to the Regulations of the Service. The Commissariat Officers would certainly be justified in requesting Written Orders for such a Departure from the Regulations, and the Officer who direct-ed the Measure, should certainly explain to the Government, the Necessity which

might

11679.

Fort St. George 29th August 1811—

might have induced the Adoption of it.

B

It appears that the moment Captain Purchas was informed of the System reported to be observed with Lieutenant Colonel Fletcher's detachment for the provision of Meat for the Europeans, he adopted the Measure of Acquainting that Officer with the Report that had reached him, and it was communicated as well appear from the enclosed Copy of his Letter in the most respectful Manner. Captain Purchas stated in forwarding it, that he attached no Credit to the Report, yet that as political Reasons might have induced Lieutenant Colonel Fletcher to adopt such an Arrangement, he had desired the Native Servant in Camp to pay implicit Obedience to any directions he may have thought proper to issue on the Subject—Lest

to—

1680

Fort St. George 23d August 1811—

to solicit written Orders for his Authority; for Lieutenant Colonel Fletcher's positive Commands could alone justify Captain Purchas to permit his Servant to deviate in such a Manner from the Spirit and intention of the Commissariat Regulations

9 To this Communication Lieutenant Colonel Fletcher replies that if Captain Purchas had been present during duty in his Detachment, he would have received under the same circumstances exactly the same Orders with regard to the mode of providing the Soldiers with Meat, nor would he have permitted Captain Purchas, to have asked for a written Order, under the pretence that such was necessary to justify the latter to yield Obedience to his Verbal Orders, without meeting such demand, with an adequate Remedy—

10 It Appears therefore from Lieut.

11681.

Fort St George 23d August 1811—

Lieutenant Colonel Fletcher's letter, that he has adopted some Mode of providing Meat for the Soldiers, independent of the establish=ment appointed by Government, expressly for that Duty. It will rest with him to explain what that Mode may be, but whatever it may be, it must I presume be contrary to the letter, Spirit and intention of the Commissariat Regulations, although Lieutenant Colonel Fletcher has pronounced Captain Purchas "to be entirely inexcusable for even supposing such a case".—

The last Paragraph of Lieutenant Colonel Fletcher's letter will not fail to attract particular Notice, We inform Captain Purchas, that unless he can support by evidence an Accusation which he in fact never preferred, he will

will

11682

Fort St George 23d August 1811

will apply to the Commander in Chief
to bring him to trial before Court Martial,
on such Charges, as naturally result from
the circumstances of the Case. —

12 Such a threat and
such a letter as Lieutenant Colonel
Fletcher's to be received by an Officer
like Captain Purchas, whose mind
is entirely occupied in promoting the
good of the Service, and in fulfilling the
Objects of his Appointment, could not
be otherwise than extremely hurtful
to his feelings, He may have erred in
"venturing to communicate" the Report
to Lieutenant Colonel Fletcher, but
it could not I presume have been
sent to the Officer commanding the
Division or to any Superior Authority
without assuming the shape of an
Accusation

11683.

accusation, onto which it has been construed by Lieutenant Colonel Fletcher, That it such could Not have been the intention of Captain Purchas is evident from the steps he Adopted, He forwarded the Report that had Reached him in the most Respectful Manner for the infor-mation of Lieutenant Colonel Fletcher with a Declaration of its being Disbelie-ved, I Conceive therefore that Lieutenant Colonel Fletcher Ought rather to have felt obliged to Captain Purchas for hav-ing thus informed him of the existance of a Report, which could have borne in the slightest degree, the construction which he has given to it, but whatever might have been the Regular Mode of proceeding, I feel Satisfied that the motives of Captain Purchas were by

13 I beg leave to offer my
Apology for having Detain'd so long on
this Disagreeable Subject, I have thought
it Necessary to State it at length, as the
two questions are so involved in the Reply
of Lieutenant Colonel Fletcher that
it seemed to be necessary for me to sepa=
=rate them, in laying this Address before
the Government. If the Honorable the
Governor in Council shall feel satis=

has been Correct, and that the Lenity
Treatment which has been Offered to
him has not been Merited, I trust that
Measures will be Adopted to Relieve

Sir,

I do myself the honor of submitting for your consideration, a copy of a letter which I addressed on the 18th Ultimo, to Lieutenant Colonel Fletcher—

11686 Fort St. George 23d August 1811—

Fletcher, Commanding a Field Detachment together with a transcript of the Answer which I have just received from that Officer, a perusal of the correspondence will sufficiently explain the subjects of it, and as I refer it to you, with much reluctance, I will not occupy your time by offering many comments on the same,

2 I cannot of course pretend to be responsible for the authenticity of a representation made by a Native Servant, but in Order to prove that I merely transmitted a true translate of the Communication which I received, I venture to enclose the Original letter for your information, It reached me officially, and I humbly conceive that I should have been guilty of a derelic-

dereliction of my duty had I passed it over unnoticed, tho' in forwarding the Extract to Lieutenant Colonel Fletcher, I explicitly stated that I could not attach any credit to the Report, which it contained—

3 I may however be permitted to observe, that Lieutenant Colonel Fletcher has neither denied nor explained, the Orders which are stated to have been given, for providing the Soldiers with Meat, and that by the latest accounts from Canara, the provision Concession was still obliged to take eight Joints of Mutton for a Rupee, not being allowed to purchase Sheep. an Arrangement which must surely be considered as contrary to the intention of the Commissariat Establishment

to share in the donation, they not having entered the Travancore or Cochin Territories till after the prescribed period—

2 We consider it necessary, before we proceed further in this Report to state, that on the 6th of May 1810, it was intimated to us by the Secretary to Government in the Military Department, that the Right Honorable the Governor General in Council had resolved, that a Sum equal to Star Pagodas 1,07,000 should be divided on Account of the Travancore donation among the several Corps detailed in a Statement, which was forwarded for our information. The Scale of distribution was to correspond with that adopted in the division of the Seringapatam Prize property—and we were directed to prepare a Statement, exhibiting the Amount of the respective—

Receive the Amount due to them, before
their departure.—

Orders, a Calculation was made;— and the
Advances were then, and have since been
granted in the Approved proportions by
Order of Government—

4 The Statement for-
warded to us with Mr. Secretary Peile's
letter, was an Abstract Return of the
Troops who were present in Travancore and
Cochin on the 10th of March 1810; but
as several Corps and Detachments who
had been actively employed Some previous
to that period, quitted those Countries in
Consequence of the Cessation of hostilities,

6 The Sum which has been appropriated for the Payment of the Donation, amounts to Pagodas 1,38,000; and it might have been considered that the 33,000 Pagodas which were Reserved, would have been sufficient to have covered the Claims of any others, not included in the Return of the

Should it be determined by Your Honor in Council that the donation shall be paid in the proportions Exhibited in this Roll, it will we presume, be necessary to call upon those to whom advances have been made to Refund what has been over paid to them.—

Captain Foote who has stated that they have been calculated agreeably to the usage of the Navy.—

10th We have classed two Cadets who did duty with the 6th Regiment Native Cavalry and 1st Battalion 13th Regiment Native Infantry in the Rank of Subalterns, in consideration of their having done the duties of Officers, and derived Batta as Cornet and Ensign. To a Volunteer who did duty with His Majesty's 80th Regiment we could only, according to the Regulations of the Service, allot the share of a Private— It will however Remain with your Honor in Council to make such alterations in the shares of each as you may deem proper.—

13

We take this Opportunity of Replying to a Reference made to us in a Letter from the Secretary to Government in the Military Department on the 30th of April last, Regarding a Memorial forwarded by the Officer Commanding His Majesty's 69th Regiment, from an Officer Lieutenant Lauke of that Corps who with a party had been left behind in charge of Heavy Ordnance, and did not—

11717.

Fort St. George 23 August 1811—

not Arrive in Travancore till the 5th of

March 1809.—

14 Many few days prior to

the embarkation of His Majesty's 69th

Regiment for Foreign Service, in May 1810,

the Commanding Officer prefered an Applic-

-ation, that the Corps might be paid an

Advance on Account of the donation,—

The Request was Complied with, but for

want of sufficient time, the Money was

not paid till after the Regiment had

embarked, and as the Rule by which

the Troops were to share, was not then

determined, it Appears that Lieutenant

Lawrie and his party shared in Com

-mon with that part of the Regiment

which had been Actively employed—

15 Lieutenant Lawrie

in his Memorial has stated that he

trusts—

11718

Fort St. George 23 August 1811—

trusts he will not be called upon to refund what has been paid to him, particularly as Detachments of His Majesty's 59th and 80th Regiments which did not enter the Enemy's Country till a period subsequent to his arrival have received their shares of the donation, and have been allowed to retain them——

16 On this point we beg leave to mention that we presume Lieutenant Laurie could not have been aware, that the Troops who had arrived in Cochin before the 24th of February, were to share in the donation equally with those who had been employed in Travancore.— His Majesty's 59th Regiment was paid Advances on its proceeding on Foreign Service in September last by Order of your Honour in Council—

-ment of His Majesty's 80th.

Regiment has not yet been

paid any part of the donation,

altho' it is under the Orders

of the 13th November 1810, enti=

tled to participate.-

17. . . . . The admission of

Lieutenant Lawrie's claim

would be a departure from

these Orders, and we cannot

therefore recommend the Pray=

As the total defeat of the Enemy was achieved almost as soon as commenced, no particular Application had been submitted to Government, for any Salary for the Office I had been called upon to undertake, but having been subsequently employed for a few Months by the late President Colonel Macaulay, in his Arrangements for the Settlement of the Country after hostilities had ceased, he directed that my Expences should be defrayed from the Treasury of the Travancore Government—

I beg leave however to state for the information of the Committee, that I was similarly employed in the Expedition Against the Southern Poligars during the years 1799 and 1800, and more particularly in

I had the honor to re-

November 1810, that as His Majesty's 30th
Regiment entered the Travancore Country
on the 5th of March 1809, it would be
unnecessary to take up the time of the
Seringapatam Prize Committee with fur-
ther particulars Relative to the Claim
on behalf of the Corps upon more ma-
ture reflection, and Considering that the
same had been preferred to me by
the officers, Non-Commissioned officers

entitled to that allowance as His Majesty's

Circumstances which was represented to

=gence of the Prize Committee to state
such other Circumstances Subsequent
to the 24th February 1809, being the date
of the Suspension of Hostilities which
may entitle the cases to their Consi=
=deration. —

From the difficulty
in obtaining Cattle to transport the
artillery and public Stores the Corps
did not arrive at Satore before the 25th
February when a letter from the Resident
in Travancore reached Camp, addressed
to the Officer Commanding the Southern
Division of the Army, recommending
to move forward with the Troops, and

the 5th of March the 30th Regiment occupied
a position close to Shincottah, for
the purpose of ensuring tranquility
in that part of the Rajah's Territories,
and on the 25th the Corps was Ordered
to Return to Trichinopoly—

I think it Necessary to
Observe that His Majesty's 30th had
a long March, attended with difficul-
-ties which Retarded, and Consequently
prevented it's presence, at the time
Specified in the Government Order,
of the 13th November 1810.

I have to request you

The Situation and employment of the 1st. Battalion 4th. Regiment up to the day on which the Rebel Dewan was Slain, Viz. the 12th. or 20th. of April, I believe will appear on Reference to the Resident's Official Correspondence to have formed an exception to the Circumstances in which the other Corps of the Force stood at the same time, and I should therefore hope that Government would be disposed to Authorize our Claim to Share in the promised Gratuity.—

That—

That Tranquillity had not been entirely restored in the quarter where we were employed the March of the 2d Battalion 7th Regiment to reinforce me at Madhoy Kerry in the Month of April abundantly attested ——

The final dispersion of the Dewan's most attached adherents the seizure of many of them, and his own flight, are all to be ascribed to the enter=prize and exertion of the several parties detached on that service, by my Orders —

If it be admitted, and
I should hope it cannot well be denied, &
that the public power derived real advan=

was performing a Very essential One,
it must appear a Very hard and Cruel

donation the liberality of Government may entitle the Troops to, which marched in Company with the Battalion from its first Station, as the duty required from it tended to the same end the speedy Conclusion of the War, and which duty was performed to the entire satisfaction of the Officer Commanding the Troops in South Malabar and which Circumstance alone prevented the arrival of the Detachment under my Command in Travancore with the rest of the force, part of which have already received an Advance of their proportion of the Gratuity—

Fourth The Village of Tirkulla is I believe situated in South Malabar where a Detachment of His Majesty's 59th Regiment was encamped, and had been—

been for some time previous to the Detachment under my command joining it on the 3d March, thence it marched to Nagercoil, or Nuraivany, but on the 4th that Detachment never made a further entrance in to the Travancore Territories: still it has been considered by Government as deserving of participating and has actually received an Advance of donation— This being the case I cannot for a Moment entertain the smallest doubts but the Detachment under my command will be considered to have at least an equal claim or right to participate in the distribution of the donation, with the Detachment of His Majesty's 59th Regiment, as it also as well as any part of the force which was under the command of

To the President and Members of the
Sering apatam Prize Committee
Fort St George

Gentlemen,

I have the honor to forward to you Prize Rolls of the Officers and Men of the 2nd Battalion 14th Regiment Native Infantry who were present in the Travancore country between the periods mentioned in General Order of the 13th November 1810, entitled to

11803

Fort St George 23 August 1811

to the Donation to be thereby granted them by the Generosity of Govern-
-ment.—

And I also enclose Rolls of a Detachment of other officers and Men who beg leave to lay their Claims before the Committee for their favorable consideration to share in the same donation, Captain Wark-
-er who Commanded the Detachment and is now on furlough at the Presidency, has received instructions to lay his and their claims before the Committee immediately.

Enclosed also is a letter from Lieutenant Spears of 2nd Battalion 14th Regiment Native Infantry stating, his own Claims and that of a Detachment under his Command

to

to a Share in the same donation.

Beg leave also to send a Roll of a Havildar, 2 Naigues and 12 Privates whose Claims to Notice and a Share in the same donation appears to me particularly deserving of your most favourable Consideration, and if necessary to be laid before the Right Honorable the Governor for his approbation.

These Men were a Personal Guard to Colonel Davis, the officer Commanding in Mysore, with whom they went to Madras, and in consequence of their Corps being ordered into the Travancore Country Colonel Davis directed them to proceed and join it by the Route of Seringapatam on their Arrival at that place

they

11805

Fort St. George 23 August 1811—

they were directed to proceed to Ca-
licut and obtain from thence in
formation by what means to
effect their purpose. The Offic-
manding there / Captain Farrier /
ordered them back to Seringapatam
being ignorant how to direct them
to their corps. they again Returned
to Seringapatam and were again
ordered to join their Battalion
at Allepie which they did on the
29th day of June—

Iam concerned to state
the unfortunate Result of these
harassing Circumstances. One
man died of fatigue and unremitting
exertion in these landable endeav
ours and the Remainder of the
men continued for a long time
after

after their Junction, in a very weak
-ly State and totally incapables
of any duty—I most earnestly hope
that this Claim may be consider

-al consideration of a Government
ever Ready to reward Meritorious
Conduct in every rank of their

The Terms Stated in the above Journal Order, was, it is well known, never actually engaged in hostilities against the Enemy— The Detachment in Particular from Bangalore under Lieutenant Colonel Gibbs did not enter the Territories of Mysore till after all hostile measures had ceased— It met with no opposition, arriving only a very few days Previous to the conclusion of the Treaty of Peace— A Bounty under Captain Walker of the 2nd Battalion 14th Regiment, although exerting it's endeavours in hastening to it's destination, is, however, excluded from Participating in the intended bounty, owing to its not having entered the Territories of the Enemy.

till after the prescribed period Name
-ly the 24th of February 1809. This
case may be enumerated unfor
tunate; I am induced to instance
it only from its being, in my
opinion, some-what similar
to my own, and, although my
individual exertions were com-
paratively small, should the
one instance be deemed such as
to merit notice, I trust the
other shall not be less unwor
thy of consideration.

When the Brigade
under Lieutenant Colonel Gibbs
was ordered from Bangalore, I
chanced to be on Detachment
on duty, in charge of the Fort of
Serah, application was made by
the

11810

Fort St George 23d August 1811

The officer commanding the 2nd Battalion 14th Regiment for my being relieved, but unfortunately, this could not be complied with so speedily as requisite, owing to the absence of Lieutenant Colonel Davis then Commanding in Mysoor, who had been obliged to visit the Sea coast for the re-establishment of his health, In the course of Post, however, I received instructions from Colonel Davis, to proceed immediately, to join my Corps "wherever it should happen to be," to expedite which measure, conceiving, I should presume, that my presence might be necessary he directed me at the same time to quit the Party under

Fort St George 23d August 1811—

under my charge, leaving it me
the Rear, with injunctions to the
Native officer to use no delay in
following me as soon as he should
be relieved— In conformity to these
Orders, I proceeded as expeditiously
as possible, labouring however
under much uncertainty, & pain
being able to gain no positive
information of the situation of
Colonel Cuppage's Detachment,
till I approached the confines
of the Territories of Cochin, when,
upon application to Mr Warden
Collector on Malabar, I ascertain
-ed from him that Colonel Cup
page was encamped at Paroor—
I must here be permitted to re-
mark, that had, hostilities, at

this

11812

this juncture, actually prevailed instead of their being, as was the case, happily terminated, I must Imagine, alone as I was and without Resources, have experienced some difficulty at least, before I could have attained the object I had in view of reaching my destination— My arrival at Paroo was only a very few days subsequent to that of the Party. I have before noticed under Captain Walker, owing to the circumstance of Colonel Davis authorizing me to proceed without my Party, I succeeded in arriving on the 12th or 13th of March; a measure which the Guard I had left behind was unable to

I left Tell the 10th of April, I join'd Colonel Gasparge's Camp whilst with full Force as a Co-operating Field Detachment, and did duty in it till its dissolution by the Return of several of the Corps Composing it to their former Stations, and finally, by the departure of Colonel Gasparge himself to re-assume his Command in Malabar and Canara—

On a Review of the above Circumstances, I trust my Case may not be deemed unworthy of a Regard to consideration.— I am aware that were I laying a Claim to Prize Money it might be rejected— But this Cociation I view in a different light,— It is a

in approval of their Conduct and

should it, in any instance yet

From Division, and Garrison Officers issued in the Southern Division of the Army, directing me, to join the Army proceeding against Travancore, under the Command of Lieutenant Colonel, the Honorable A. Sentleger.—

Gentlemen, although I did not enter the Territories of Travancore, until the 5th March 1809, in Consequence of the badness of the Roads and having in Charge 3 Brass 18 Pounder Guns, with a quantity of Ammunition, for the use of the Army which prevented me joining.—
