Fort St. George 2 May 1812.

To the Honorable

Sir George Hilaro Barlow Bart. & K.B.

Governor in Council

Wm Dew Dew

Honorable Sir,

N.° 2
From the Military Auditor General — With copy of correspondence with Accountant General and Enclosing Bill of Exchange from the Honorable Court of Directors it having been returned to the Military Auditor General by Accountant General to be forwarded there Government. —

1 I have the honor to acknowledge the receipt of Mr. Secretary Strachey's letter of the 1.st Instant, enclosing for my information and guidance, Extract of a General Letter from the Honorable Court of Directors under date the 16.th October last with a Bill of Exchange on the Directors of the Madras Military Fund for £ 2,500 advanced to the Agents of that Fund in England. —

2 I was aware on the receipt of the Communication that Bills transmitted by the Honorable Court for receiving payments of which in this Country

may

may in general be forwarded to the Accountt.
ant General by Government for that purpose,
but in order to expedite the public Service
and as instances of a some-what similar nature
had occurred when Bills had been forwarded
to this Department to be transmitted for
recovery to the Military Pay Department as
in the cases of Major Godfrey in September
1802 and March 1803 and of Major Nash
in December 1804. I forwarded Copy of Mr.
Secretary Stracheys letter and the Extract of
the General Letter from the Honorable
Court of Directors abovementioned together
with the Original Bill of Exchange to
the Accountant General in the Military
Department of Accounts with a letter
under date the 9.th Instant. copy of which
I have the honor to enclose No.1 and also copy

To the Military Auditor General

Sir,

I have to acknowledge the receipt of your Letter of the 9th Instant and herewith return you the papers and the Bill received therein. ——

It has hitherto been the practice for such Bills to be sent down to this Office from Government direct, and a deviation from that rule has probably occurred thro' inadvertance, for I do not conceive myself authorized to issue orders to the Sub Treasurer under any other authority than that of the Honorable the Governor in Council, or to cause any entries or transfers in the Cash Account but under such sanction. ——

the Governor in Council to request that you will submit to His Excellency the Governor of the Isle of Mauritius Bourbon and their Dependencies the enclosed copies of correspondence relative to the families of H. Ms. 12th Regiment of Foot, who from the Family Certificates of that Corps having been suddenly recalled, have been left to depend on the Honorable Company for their subsistence, but the expence of which it is presumed will be ultimately chargeable to the Crown —

2 His Excellency will observe on reference to the enclosed papers that it was the wish of this Government to have sent the Children of His Majesty's 12th Regiment to the Isle of Bourbon, but that the opposition of their Mothers to the adoption of that measure has rendered

rendered it impracticable. It being understood however to be the intention of the Fathers of these Children to volunteer for Corps on the Indian Establishment whenever H. M. 12th Regiment may be ordered to return to England, the inconvenience attending the determination of the Mothers not to part with them will not be so great as would otherwise have arisen. and the resolution of the Governor in Council for detaining the two Children of the name of Marion has been taken under the influence of the same consideration.

3 I am directed to express the request of the Governor in Council that His Excellency will be pleased to take the earliest opportunity of communicating his sentiments on the subject of this Letter and the measures which His Excellency

Sir,

The Commander in Chief

having

N.B

From the Military Sec.y

7436

Fort St. George 26th May 1812.

Secretary to the Commander in Chief. On the Subject of a Memorial from Mrs Alpheritz on behalf of 4 Orphans of the late Major Alpheritz who fell at Java. Recommending that passage Money be granted them to England and that the difference between Captain and Majors Subsistence and Indian Allowances due to Major Alpheritz at his decease may be paid to his Children —

having received a Memorial from Mrs. Williams Alpheritz of Madras in behalf of the four Orphan Children of the late Major Alpheritz of His Majesty's 59th Regiment, who was killed on the 26th of August 1811, in the attack of the Enemy's Lines at Fort Cornelis on Java; I have been directed by His Excellency, with reference to that Memorial, to request that you will submit to the notice of the Honorable the Governor in Council, that Mrs. William Alpheritz having proved to the Commander in Chief his having Administered to the Estate of the late Major Alpheritz, as one of the Executors named in his Last Will & consequently entitled to receive such Sums on account of his Orphan Children, as may be due to them —

Mrs Alpheritz has stated in her Memorial, that two of the Children are now in India, that being desirous of

Sending

sending them home he solicits that such sum as may be deemed expedient, may be granted by the Government, for the attainment of that object— and His Excellency in consideration of the Melancholy state in which these Children have been left, from being deprived of both their parents in this Country is inclined to recommend this portion of Mr. Olpherts's application to the generous notice of the Government. ——

His Excellency has further directed me to observe, that the promotion of Major Olpherts to field rank, took place on the 13th of June 1811 at the Horse Guards, and was consequently unknown in this Country, or in Java, on the day of his death— The Commander in Chief is however of opinion, that the proportion of a Years Subsistence granted by

by the G.O. by Government of the 10th September 1811. to each Child under age, and unmarried of an Officer Killed in action, should, in this instance, be calculated with reference to the actual rank, which Major Olpherts held, although unknown to himself on the day of his death, and His Excellency is also inclined to think, that the difference between the subsistence and Indian allowances of a Captain and Major of His Majesty's Army in this Country for the interval between the date of the late Major Olpherts promotion in England, and that of his death, are due to his Children by the Public — His Excellency has therefore the Honor to recommend, that the Military Auditor General receive authority to adjust the abovementioned points in a

conformity with the spirit of this recom-

Minutes and
Order thereon

The Board believe that the
Commander in Chiefs recommendation on
behalf of the Orphan children of the late
Major Alphentz of H. M. 59th Regiment
with respect to the allowances of that
Officer, are in conformity with the
Regulations of the Service. Ordered
therefore that the Military Auditor
General be desired to authorize the
payment of them accordingly, & also of the
fixed gratuity for Children of Officers who
die in the Field or of wounds receiv-

ed in

No. 10

From the Military Board. Respecting the Accounts of the Contractors for Liquors &c &c &c—

Honorable Sir

1 With reference to our several reports under date the 19th September and 31st October 1811 and 6th February and 16th April 1812. recommending payment of advances of Cash to be made to the Contractors for Liquor on account of Supplies from the 1st May 1810 to the 30th April 1811. and from the latter period to the 31st December last

We

7442

Fort St. George 26.th May 1812.

We have now the honor to report that their accounts have been examined and compared in the Office of Audit with the Vouchers produced in support of them and that they have been found correct.—

2 The price of the quantity of Spirits delivered by the Contractors during the Official year 1810/11. including Government duty Collectors fees. and charges Merchandize. amount to Pagodas 216,793-27-68. and the amount of Cash received by them during the same period is Pagodas 186,729: 6: 21. the Balance in their favor on the 30.th April 1811 was Pagodas 60954-25-21 which appears to have been adjusted, (although not closed) by the subsequent advances as quoted in our Reports above mentioned.—

3 The Balance which was

7443

Fort St. George 26th May 1812.

was due to the Contractors for Spirituous Liquors on the 31st December 1811 was Pagodas 32195-2-24 out of which they received an advance of Pagodas 25000 on the 6th February leaving a Balance of Pagodas 7195-2-24 in their favor on the 31st December 1811. and as in our report No. 94 dated the 16th April 1812. we had the honor to recommend the payment of the sum of Pagodas 20,000 to the Contractors on account of that Balance and the Issues made by them subsequent to the period last mentioned the above sum of Pagodas 7195-2-24 has been liquidated and a difference of Pagodas 12804-42-56. now stands to the debit of the Contractors on account.—

The Adjutant General has the honor to annex Copy of a Circular Letter addressed by order of the Commander in Chief to the Officers Commanding Corps of Native Cavalry, for the information of the Board.—

It appears on a Calculation that 2 Shoulder Belts would only make 3 Pistol Frogs, at the average rate of 1/2 a Pagoda per Belt, with the addition of Cooly, wax and twine, would amount to nearly 15 fanams per Frog.—

The Adjutant General has therefore Considered it right to procure a sample of a Buff Frog from the Tannery which he has the honor to submit to the Board, it is made of the best Materials and the Superintendent has agreed to make them 3 per Rupee.

Report of the Chief Engineer on an application from the Commandant of the Body Guard for certain repairs required in the Body Guard Lines referred for report in Minute 21st March 1812.

The Chief Engineer has examined the Bank of that part of the River where the Body Guard Stables stand, which the Commandant of the Guard wishes to have raised and ledging that when the river comes down those Stables are over flowed ——

The Chief Engineer is certainly of opinion that it would be a most eligible measure both for the preservation of the Cattle and Stables and also for deepening the River not only there but down to the Bar, as it would remove a very intolerable stench which the bed of the river being laid open emits, and would

have

have no hesitation in recommending it, were the Pioneers still at Madras, as they are not, it will be attended with some expence. —

The Commandant of the Body Guard has also represented that the two ranges of Stables that are on each side of the road leading from Chindadree Pet are too much exposed, and wishes to have a railing on each side on account of the Sick Horses, which the Chief Engineer begs leave to recommend. —

Resolution thereon

Resolved that authority be given for the execution of the Works and Repairs.

7572

Fort St. George 26.th May 1812.

Repairs recommended in the foregoing Letter.—

Read the following Letters from

the Commissary General.—

To George Strachey Esqr.

Secy. to Government in the

Military Department

Sir,

No. 20
From the Commissary General — stating that no authority has been given Lieut.t Blacker to exceed the amount of the Authorized credit on the Bombay Govt.—

I have the honor to acknowledge the receipt of your Letter of the 22.d Inst. transmitting a copy of a Letter from the Chief Secretary of Government at Bombay together with copies of two Letters from Lieut.t St. John Blacker therein referred to and desiring me to explain the circumstances of that Officer having so considerably overdrawn the credit that was granted to him for the purchase of Horses in the gulph of Persia.—

Sir

7573

Fort St. George 26th May 1812.

2 In the 4th paragraph of the instructions which were given to Lieut. Blacker and which were honored with the approbation of the Government he was distinctly informed that he would be permitted to draw on the Honorable the Governor in Council at Bombay for 50,000 Rupees. No authority has been subsequently communicated to him by me for exceeding that amount nor am I aware of any permission having been granted to that effect thro' any other channel.—

3 A letter dated the 8th of February and recently received from Lieut. Blacker has the following passage:—

"The premium on the sale of bills "being more favorable at present than "it has ever been and it being likely to

fall

Fort St. George 26.th May 1812.

"fall, I have thought it advisable to draw for
"a greater sum than I immediately required. I have
"drawn the following bills on Bombay, and
"I request that my credit there may be en-
-"creased."—

4 This Extract contains the only information in my power to afford, re-garding the subject referred to me for explanation — However confident Lieutenant Blacker might feel that his suggestion would be complied with, I cannot consider that he was justified in drawing so much beyond his credit, not only without authority, but with the full knowledge that his drafts must necessarily arrive at Bombay before his request for an increase of credit could possibly reach me. —

5 I have therefore to express my

7575

Fort St. George 26th May 1812.

my regret, that this reference from Bombay should have been occasioned by an Officer acting under my orders, and to add, that I shall lose no time in desiring that Lieutenant Blacker will furnish me with the fullest explanation of the circumstance for the purpose of being laid before the Honorable the Governor in Council: holding him in the mean time responsible, of course for the full amount of the Bills which he has drawn —

By the 12th paragraph of Lieutenant Blacker's instructions, he was required to forward a register of his drafts instead, however of observing this necessary direction, he has inserted in the body of his letter to my address under date the 8th of February, as well

as

As the absence of any information beyond that contained in the reference now under reply, I am of course unable to determine which of the sums above mentioned expresses the correct amount of the Bills that have been drawn by Lieutenant Blacker, but it is satisfactory to observe that the circumstance of the amount having been specified in that Officer's communication to the Bombay Government entirely removes all idea of any fraud having been practised by the holders of the Bills in question. ——

To George Strachey Esqre

Secretary of Government in the

Military Department

Sir,

No. 21.

From the Commissary General — Report on the extent of Lieut. Fairtlough's claims & Lieut. Blacker's, and on sums expended by that Office.

1 I have the honor to acknowledge the receipt of your letter of the 6th Instant, transmitting for my information and guidance an extract from the Proceedings of the Honorable the Governor in Council under date the 5th of May 1812.—

2 The disagreements in the lists of Bills drawn by Lieutenant Blacker, which are pointed out by the communication from Bombay, have already been noticed in a letter which I had the honor of addressing for the consideration of the Government on the

6th

Fort St. George 26th May 1812.

6th Instant, when I also took the opportunity of stating that no authority had been communicated by me to that Officer, for an increase of credit, and that I was not aware of such permission as having been conveyed to him through any other channel. As it would appear however that the Bombay Government are desirous to learn the wishes of the Honorable the Governor in Council in respect to the amount of Lieutenant Blacker's credit on that Presidency. I shall endeavour to Offer such information as may be necessary in deciding on this subject.

3 Since writing my report of the 6th Instant, I have received several Letters and Accounts from Lieutenant Blacker, but the Latter are so confused that I am unable to arrive at any certain conclusion as to the exact amount which he has realized by his drafts, or to the sums that he will still

7581

Fort St. George 26th May 1812.

Still eventually requisite for the completion of the Commission entrusted to him ——

These accounts are four in number dated — Bushire 12th February

Bussorah 29th Di.

Bushire 31st March

Bussorah Di — These dated Bussorah are kept separate from those dated Bushire. They purport that the Balance in his hands at Bussorah was ——

Piastres 40,784-4-

and that the balance at Bushire was 18-3-25½

Total Balance as per Account 40,802-7-25½

But to which must be added the Amounts of two drafts drawn by him on Masulipatam for 20,000 Rupees, and of one draft on Bombay

7582

Fort St. George 26th May 1812.

Brought Over 40802 - 7 - 25½

Bombay for 14,000 Rupees which tho' drawn have not yet been credited in the Accounts received. Calculating these Sums at 135 Piasters per 100 Rupees the usual exchange the amount will be ..... Piasters 45900 " .

and the total Balance remaining against Lieut. Blacker may therefore be estimated at ..... 86702 - 7 - 25½

In stating the exchange at 135 Piasters per 100 Rupees I may be incorrect, but as I have not been advised of the rate of exchange at which the Bills on Vizagapatam have been drawn, I have been obliged to assume

7583 Fort St. George 26th May 1812.

assume a rate, in order to exhibit the probable state of his Accounts. —

5 From the Accounts received it would further appear that Lieutenant Blacker had realized altogether on his several drafts, the sum of Rupees 1,12,500, or ain Piasters 1,52,105. that he had expended ain Piasters 65,401-60. in the provisions of 244 horses, and that the balance of ain Piasters 86,703-4-40 remained in his hands. That balance may be supposed to be fully sufficient to purchase 256 horses, and as Lieutenant Blacker was only so Commissioned to procure 500 horses, so I conceive that his credit need only be extended to an amount sufficient for the subsistence of the horses while in his hands and for the expense of their conveyance to Seringapatam. —

Of

7584

Fort St. George 26th May 1812.

6 Of the 2144 horses reported to have been purchased, 66 were dispatched from Bushire on the 11th February, and 65 of that number to have arrived at Mangalore / one casualty having taken place on the passage / These were conveyed to India at the rate of 92½ Rupees each horse, but allowing 100 Rupees as head as originally estimated to be required for their conveyance and considering that he will have 1434 horses to subsist for 6 Months at the rate of 7 rupees per Month, it will only be necessary to extend his original credit at Bombay from 50,000 to 133,128 Rupees, provided he finds it is advisable in future to draw the whole of the Cash required on Bombay. If he so draws on me, or on the Treasury at Seringapatam, a like sum will of course be required at Bombay but as Lieutenant Blacker has

only

7585

only requested an increase of credit on that Presidency, I infer that it is not his intention to draw on Masulipatam or Madras, and I have not considered it necessary therefore to recommend an extension of his credit at either of those places, whilst the sum which I have proposed that he may be permitted to receive from Bombay, will according to my calculation be sufficient for the completion of his Commission. The instructions sent to Lieut.t Blacker on the 1st May 1811 informed him that his credit was as follows—

at Bombay	Rs.	50,000
at Masulipatam	"	50,000
at Madras	"	40,000
		Rs. 140,000

and it is therefore I conceive proper and satisfactory to observe that altho' he has over-drawn his credit on Bombay the amount

7586 Fort St. George 26th May 1812.

Amount of his drafts is still considerably within the total amounts of his original credit as he has altogether drawn only to the extent of Rupees . . . 112,500

Viz.t on Bombay 71,500.

on Masulipatam 40,000

on Madras 1,000 Rupees 112,500.

7 With regard to the 65 horses which have been provided by Lieutenant Blacker and which have arrived, as stated in the 6.th paragraph, I shall have the honor of reporting further, when they shall have been surveyed by the Remount Committee ordered by His Excellency the Commander in Chief to assemble at Coonghull.

No. 23

From the Commissary General Reporting that a clause in the existing Contract for Supply of Spirituous Liquors prevents the proposed arrangement of supplying the troops at Goa from Bombay being at present carried into effect.—

1 I have the honor to acknowledge the receipt of your letter of the 12th Instant accompanied by a resolution of the Honble the Governor in Council on a letter from the Secretary of Government at Bombay dated the 22d Ultimo. respecting an arrangement proposed for the supply of Liquor for the European troops at Goa, from the public Stores at that Presidency.—

2 In reply to the reference expressed in this resolution, I have the honor to state my opinion, that a clause in the existing Contract for the supply of

7589 Fort St. George 26th May 1812.

of Spirituous Liquors under the Presidency which secures to Messrs. Balfour and Baker the exclusive previlege of supplying the troops with that article, will prevent the arrangement proposed by the Bombay Government at least until the expiration of the Contract. In support of this opinion, I beg leave to refer to a report of the Military Board dated the 24th December 1810, particularly to the 8th paragraph, in which is quoted at length, the clause of the Contract, which secures to the Contractors the exclusive supply of Spirituous Liquors for the use of the Army of Fort St. George.

3 Whether it will be expedient to obtain from Bombay the specific articles required at Goa, after the expiration of the Contract, is a question which must necessarily depend greatly on the natura

Fort St. George 26th May 1812.

nature of the general arrangement, which may be ordered to be entered into for the future supply of spirituous liquors for the service of this Establishment, but in order that the Government may have the means of determining how far it may be expedient to make Goa an exception, in the future arrangement of this branch of the service, I recommend that it may be ascertained by a reference to Bombay at what rates the liquor now proposed to be supplied to Goa will be chargeable to this Government, as well as the probable rates at which it will be practicable to continue the supply, in the event of it's being deemed expedient to have recourse to Bombay, for the future supplies of liquors for the troops at Goa.

It will be recollected that

the

The Government have received an offer from Mr. James Balfour by his letter to the Military Board dated 14th of April last for the delivery at Bombay of such Arrack as may be required for the troops on the Western Coast at the rate of 18 fanams per Gallon. To this rate however must be added the expense liable to be incurred in the conveyance of the liquor from Bombay to Goa and Cannanore, and any information respecting the probable amount of such expenses would be very desirable in determining hereafter on the proposal submitted by Mr. Balfour, and I beg leave to take this opportunity of recommending that information on this point may be obtained by application to the Bombay Government.—

me to authorize the conclusion of a new Con-

2 The grounds on which this

Addressed by me to the Resident at Mysore together with copy of his answer under date the 9th Instant. admitting the existence of the innovation, and expressing his opinion that the Contractor has a claim to the consideration of Government. It also appears that the Mysore Government consider his demand as too moderate to enable them to fulfil the contract without sustaining loss avowing their own inability to provide our supplies under 45-46- or perhaps 47 Pagodas a Garce being at the same time satisfied that no individual can afford to undersell them—

Sir,

I have the honor to submit
1 for your consideration a copy of a letter from
Captain Purchas under date the 30th ult.
-timo addressed to me by order of the Com-
-mander in Chief, extract from whose
letter to the Secretary of Government in
the Military Department dated 11th
ult.timo is also enclosed. Both these do-
-cuments refer to a letter from me to the
Commissary General under date the 9th
April reporting for his information that
the contractor for Cavalry Supplies at
Bangalore had represented his inc-
-ability to perform his Contract at the
stipulated rate of 37½ Pagodas per Garce

an

Fort St. George 26th May 1812

in consequence as he alleged of the measure resorted to this year, by the Mysore Government of reserving in store all the Circar share of the Crop of grain, instead of allowing the surplus to get on to the market as was formerly the custom by which means a great and unexpected difficulty was experienced in procuring that grain as well as a great additional expense occasioned by the advanced price, and trouble of collecting it in the first place, and in the second, by the augmented distance from which it became necessary to procure our supplies, thus materially increasing the expense of carriage, and transit duties, And that the Contractor had petitioned for an increase to his price on the plea, that this inability did not proceed from any mismanagement of his, but from the measure of reservation

alluded to, which he could neither foresee
or prevent. —

2 I consider it necessary to put
you in possession of the principal arguments
urged by the Contractor in support of his
claim, by enclosing you a copy of my letter
to the Commissary General on that subject
under date 9th April from which you
will perceive how far the Contractor
attributes his difficulties to the expedient
adopted by the Mysore Government, and
which with your own knowledge of the
subject will enable you to form
an opinion whether he is entitled to
the indulgence of Government, and to
what extent, or whether he has no
claim to it. —

demanded. —

3 I have conferred upon this subject with the Rajah and his Ministers, and it is their united opinion, that the Contractor will not be able to fulfil even the new engagement which he now proposes to undertake, (Viz.t to supply grain at 44 Pagodas per Garce) as the Mysore Government conceive, upon a loose calculation, that they could not furnish that article at a less rate than 45-46- or perhaps 47 Pagodas per Garce, and they are satisfied that they can afford it at least on as moderate terms as any Individual. —

4 Steps have been taken to ascertain the actual quantity of Grain which is now available, and the rate at which the Circar can accommodate your detachment with it and in the course of a week I shall be able to give you a satisfactory

In the mean time I have the honor to substantiate the account detailed by you, of the innovation on the part of this circar and to state it, as my opinion that, — that innovation is fully adequate to strengthen the claims of the Contractor for the liberal indulgence of Government. —

Sir,

No. 42
From the Accountant General — stating there will be no difficulty in making the proposed adjustment on account of Expenses incurred by the Ceylon Government for certain Dutch Naval Prisoners antecedently to their transfer to the Presidency with Suggestions thereon —

Para. 1. In answer to your Letter dated 12th Instant, requesting me to state any opinion as to the practicability and expediency of the adjustment of an account of expenses incurred by the Ceylon Government for certain Dutch Naval Prisoners antecedently to their transfer to the Presidency, I have the honor to state that there will be no difficulty in making the proposed adjustment, nor am I aware of any particular objection to the measure altho', as a general rule it may perhaps be considered preferable that this

Presidency

Fort St. George 26.th May 1812.

Presidency should not be charged with the ex-
-penses of any prisoners of War especially Naval
prisoners, prior to the persons being actually de-
-livered over to the Officers of this Government.—

2.d It may be proper to observe
that the adjustment of accounts of these Expenses
which the Ceylon Government suppose to
take place with the Transport Board in England
-penses forwarded from this Presidency and the only
reimbursement of such advances that I can dis-
-cover as being made by His Majesty's Go-
-vernment to the Honorable Company is upon
an Estimate of such charges included in
the general List of claims preferred against
the public by the Honorable Court of
Directors.—

To The Honorable John Rodney
Chief Secretary to the Government
at Columbo

Sir,

I am directed by the
Honorable the Governor in Council to ac-
knowledge the receipt of the Letter from
the Deputy Secretary to the Government
at Columbo under date the 23d Ultimo—
the subject of that Letter
having been referred for consideration to the
Accountant General at this Presidency it
appears

No. 43
To the Chief Secy. to the Government at Columbo—
In reply to letter 5th Ultimo I ask that the exact rate of Adjustment with the Crown for the charges for Pubic Printing previous to 1st May 1810 in the Indian Presidencies not ascertained and that Fort St. George becoming charged with disbursements of the kind might be liable to Objection by the Honorable Court of Directors.—

Fort St. George 26th May 1812.

appears from that Officer's Report that no Account exists between this Government and the Transport Board in England as supposed in your letter of the 5th of October last, and that the exact mode of adjusting with the Crown the charges incurred in subsisting Prisoners of War at the Indian Presidencies is not sufficiently ascertained.—

Under these circumstances, the Governor in Council is apprehensive that any arrangement by which the Government of Fort St. George should become charged with disbursements of this description not immediately appertaining to its own expenditure might be deemed by the Honorable the Court of Directors to be liable to objection. It is therefore His intention to apply to the Honorable Court for their orders on the subject.—

I am directed to request that.

Hble Sir,

1. With reference to the Minutes of your Honor in Council under date the 8th Instant, I have the honor to state as follows for the information of the Supreme Government.—

2. Officers of this Establishment when proceeding to Sea, or to either of the other Presidencies, on sick Certificate, are allowed an advance of three Months Pay and Allowances of their Regimental rank — the Application therefore of Lieutenant Stopford of this Establishment to the Supreme Government for an advance of three Months Pay and Allowances, as Communicated in Mr. Acting Secretary —

Gardiner's letter of the 4th Ultimo, is conformable to the Regulations of this Presidency, and it would appear from the Pay Certificate produced by Lieutenant Stopford that he could not have received the Advance on the Coast as he received his Pay for February last at Vizagapatam, and it appears from the Adjutant General's letter at Fort William dated 3d April that only one Months arrears was due to Lieutenant Stopford which was probably for the Month of March; this cannot be exactly ascertained here, at present, as the last Disbursements received from the Paymaster in the Northern Division is for the Month of February 1812.—

No. 5.

From the Military Auditor General. Respecting the claims of Lieut Col. Hamilton of this Establishment and of several Gentlemen Cadets specified in the List submitted by the late Acting Secy to the Officer Commanding the Detail at the Presidency requesting authority to draw an allowance for passage money from Bengal to this Presidency as also for permission to draw the Indian allowances of this rank from the date of this arrival at Fort William—

Honorable Sir, &c. &c. &c.

1. In the Proceedings of your Honor in Council of the 10th Ultimo which Accompanied Mr. Secretary Strachey's letter of the 11th of the Same Month, I am desired to submit my opinion respecting the claims of Lieutenant Colonel Hamilton of this Establishment and of several Gentlemen Cadets as specified in the list submitted by the late Acting Secretary to the Officer Commanding

Fort St. George 29th May 1812.

Commanding the Details at the Presidency requesting Authority to receive an Allowance for Passage Money from Bengal to this Presidency as also for permission to draw the Indian Allowances of this rank from the date of their Arrival at Fort William.—

2 I have Accordingly to state that with respect to the Case of Lieutenant Colonel Hamilton as relative to drawing his Indian Allowances I apprehend that the Instructions recently received from the Honorable Court of Directors as specified in the General letter in the Military Department under date the 23d of January 1811 is decisive against that part of Lieutenant Colonel Hamiltons' claim.— As it is regulated in the case of Individual Officers in his Majesty's Service belonging to Regiments serving in India who may return from a

Furlough

7643

Fort St. George 29th May 1812

Furlough and land at any of the Pre-
= sidencies, on which Establishment their
Corps is not placed, it is there directed
that they are not to draw the Indian
Allowances until they arrive at the
Presidency to which they belong — With
Regulation I conclude is applicable to
Officers similarly situated in the Honora-
= ble Company's Service. —

3. It is at the same time
proper to observe that the preceding
Instructions of the Honorable Court have
not been promulgated in General Orders. —

4. With respect to the applica
= tion from the Gentlemen Cadets to
receive their Pay and Allowances from
the day of their landing at Fort William,
I beg leave to refer to the resolution of
Government of the 22d September 1807 —

prayed

Fort St. George 29th. May 1812

passed upon several applications of a similar nature, which authorized Cadets in general upon the Madras Establishment when landing at any other of the Honorable Company's Settlements in India to draw their subsistence only from that date.

5. And regarding the application for Passage Money to Lieutenant Colonel Hamilton and the Gentlemen Cadets from Fort William to Madras

6. I have to observe that the same resolution of Government of the 22d September 1807 provides for the Case of the latter by allowing them under certain circumstances to receive an allowance of 50 Pagodas for Passage Money, which from the explanations they have individually afforded stating the reasons which induced their proceeding to Bengal may appear to your Honor in

Council

Fort St. George 29th May 1812

Council to assimilate with those which occasioned the beforementioned Resolution. And with respect to granting Lieutenant Colonel Hamilton an allowance for Passage Money, I have Concisely to state that it never has been usual to grant such indulgence except when Officers are employed on Board of Ship on duty — In Corroboration of which I beg leave to state that Major Sir David Ogilvy an Officer lately belonging to this Establishment who in the year 1807 had returned from a Furlough in England and landed in Bengal, having drawn the then Regulated allowance for Passage Money to Officers when on duty on board of Ship, for the period of his passage from Bengal to Madras.

the same was by the Order of Government Contained in the Minutes of Council of the 3d of June 1809 Refunded, by stoppages from his allowances.—

From the Military Secretary to the Comr. in Chief—recommending that Messrs. Tomkinson & Duncan be permitted to draw subsistence from the date of their arrival at Bombay & 30 Rs. each to cover their travelling & Expences from that Presidency.—

The Commander in Chief has directed me to acknowledge the receipt of your Letter, addressed to His Excellency on the 25th Ultimo, transmitting Extracts from the Resolutions of Council dated the 24th of that Month.—

The Commander in Chief concurs in the opinion of the Honorable the Governor in Council, that the reasons assigned by Messrs. Tomkinson and Duncan for having proceeded from England to Bombay, should rather have induced

Fort St. George 29th May 1812

induced them to have taken their passage on some vessel bound for Bengal. In Con- sideration however of the Expedition with which these Gentlemen performed a long (and to them, as Strangers in the Country, an arduous) march, for the purpose of reach- ing this Presidency, His Excellency, although he cannot recommend their Application as a matter of right, is however, well disposed to avail himself of the latitude implied by the orders of Council, by recommending that Messrs. Tomkinson and Duncan be permitted to draw Subsistence from the Date of their arrival at Bombay and 50 Pagodas each to cover their travelling expences from that Presidency, being calculated at the rate of the Passage Money granted to Cadets under certain Circumstances proceeding by Sea from Bengal to their destination at Fort St. George.

&c, &c, &c,

No. 16.

From the Military Board - With the Advocate Generals opinion with respect to the papers connected with the Claim by Executor to estate of the late Major Evans on account of expence for Gram &c building stables.—

Honorable Sir,

1. In conformity with the orders of your Honor in Council conveyed to us in a letter from the Secretary to Government in the Military Department under date the 13th March, the several papers connected with the claims made by the Executor to the Estate of the late Major Evans, were referred for the Consideration of the Advocate General together with a letter of which the accompanying No. 1 is a Copy.—

Adverting

7665 Fort St. George 29th May 1812

2. Adverting to the 5th Paragraph of this Communication, and to the 6th and 7th Paragraphs of our report of the 26th December last, we beg leave to state in explanation that at the period when the Bills in question were submitted for the decision of your Honor in Council, the records of our Office were examined as far back as the commencement of the year 1804, and as no authority for the Buildings charged for in Bill No. 9, was to be found since that period, it was concluded that none had been issued; On referring however to the Records of the year 1803, it appeared that Major Evans had submitted a calculation of the expense which it would be necessary to incur in encreasing the Stabling to the extent charged for, and that Government had been pleased to sanction the con-

struction

7666

Fort St. George 29th. May 1812

construction of the additional Buildings.—
This authority is communicated in a letter from
the Secretary of Government in the Military
Department under date the 19th April 1803.

3. We now submit for the consi-
deration of your Honor in Council, a Copy
of the opinion of the Advocate General on the
case referred to him, and as we have in
our former report stated that these bills are
of a similar nature with those which have
already been submitted to Government and
received their sanction; we consider that the
opinion of the Law Officer is applicable to
the whole of them and we therefore submit
them for the further consideration of Government,
referring to our former report on the subject
of them dated the 26th December last.

To the Honorable Company's Solicitor

Fort St. George

Sir,

1. The Executor to the Estate of the late Major Evans Superintendant of the Stud at Chatterpore, forwarded to the Military Board 9 Bills for the amount of "difference between the fixed rate of feeding the "Honorable Company's Stud with Gram and "the actual expence incurred from 1808 to "1809 with Contingent charge Carriage & charges "and the expence incurred in Building Stables &c amounting to Pagodas 34,235 " 31 " 27 " and — those Bills having been laid before — Government they have been returned for the purpose expressed in the accompanying Copy of the Resolution of the Honorable the Governor in Council.—

2. In forwarding those Bills to you I am directed to state for your information

Fort St. George 29th. March 1812

information that previous to the year
1801 the Superintendant of the Stud was
permitted to draw at a fixed rate of 6 Rupees
per Month for the support of each Mare
and that in consequence of a representation
from Major Evans, the Government were
pleased in the Month of Septembes 1801 to
grant authority for paying the excess of
the expence beyond the fixed Allowance,
it having been ascertained that Gram
was selling at the rate of 40½ Seers per
Rupee instead of 90 the rate which pre-
=vailed when an Allowance was first esta-
=blished.—

3. Under the Resolution of
Council above alluded, the Superintendants'
Bills from 1st. March 1812 to 28th. February
1803 at the encreased rate were passed.
Similar charges from 1st. March 1803 to 29th.

February

Fortt. George 29th May 1812

February 1804 were passed, and on the 24th October 1804 the Military Board submitted a proposal from the Superintendant for granting an augmentation in the rates of feeding the Brood Mares and Fillies from 6 to 8 Rupees per Month, which, as the Superintendant stated, would have rendered unnecessary the present mode of Making Contingent Charges on account of the increased price of Gram. Government did not however consider it expedient to accede to that proposal, as it was expected that the high price of Gram would not be of long duration in the province of Ganjam.

4. On the 20th October 1806 bills for 1804/5 and 1805/6 were submitted to Government, and authorized. Those bills were supported by a declaration similar

to

Fort St. George 29th May 1812

to that which is affixed to those which are now under discussion.—

5. On reference to the Records of this Office it appears that Government authorized in the Month of April 1803, the construction of the Buildings charged for in Bill No. 9.—

6. The extraordinary delay which has occurred in bringing these bills forward for adjustment, can only be ascribed to the circumstance that Major Evans, was permitted to receive Money on account from the Paymaster of the District, and no specifick Regulation having been established directing that the accounts of that Establishment should be transmitted within a prescribed period, but it may be Material to remark that when the bills for 1804/5 and 1805/6 were forwarded for adjustment, Major Evans submitted an explanation of the reasons which had induced him to withhold his accounts for such a length of time; and also detailed the circumstances which occasioned the excess

Fort St. George 29th May 1812

beyond the regulated allowance.

7. The present bills tho' unsupported by the usual documents are not accompanied by an explanation of the causes which may have occasioned the delay in transmitting them, nor has any explanation been afforded with respect to the excess of charge, and without which they could not have been recommended for payment had they been presented during the life time of Major Evans. I am further to observe that altho' arrangements had been made in the year 1810 for the sale of the Stud Cattle to Major Evans, no intimation was ever given at this office of the existence of any demands against the Government on account of Contingent charges or on account of the expence of the Buildings although Major Evans was then residing at the Presidency, and that no

demands

7672 Fort S.t George 29.th May 1812

demands were supposed to exist until the receipt of the letter from the executor to the Estate transmitting the accompanying Bills.—

Whatever remissness Major Evans may have been guilty of in delaying to — deliver his Bills. I see no ground for — doubting upon that ground the right to payment — I think Major Evans was entitled under the preceding usage to — expect the actual expenditure to be made to him by Government and the only — difficulty

No. 24.

From the Military Auditor General—Recommending that the Gun Lascars who arrived at Mala: claim and applied for Compensation for short Issue of Provision may receive a Moiety of that demand & Reason.—

Hble Sir,

In Obedience to the resolution of your Honor in Council passed in the Minutes of the 1st Instant which were forwarded with Mr. Secretary Strachey's letter of the 2d upon an application of — some Gun Lascars who had been serving at Malacca, I have the honor to observe that this is a claim to an allowance for Compensation in money on Account of short issues of Provisions to 13 Gun Lascars for different periods, the greater number of which are for 13 years and ten months as appears from the Proceed

ings

7688

Fort St. George 29th May 1812

Proceedings of the Committee of Investigation and includes the time from the day of their Embarkation from the Coast, to the day of their returning to Madras from Malacca — The claim is reported by the Secretary to His Excellency the Commander in Chief and by the Committee to be totally unsupported by any Document whatever.—

2. Under this material defect and as a considerable lapse of time would unavoidably take place before the requisite information and Documents could be obtained from Malacca or elsewhere to substantiate the several points Viz.: of the dates of arrival and of the departure of the Gun Lascars from Malacca, as well as for ascertaining the particular periods when the different rates of short issues of Provisions occurred, it may therefore perhaps be considered more advisable to adjust the demand in a more

expeditious

Fort St. George 29th May 1812

expeditious manner by Authorizing a Moiety of this demand to be paid to the Gun Lascars by way of Gratuity at the rate of Twenty five Pagodas to each Lascar who happened to be stationed at Malacca for the longest period which is stated for about 13 Years of which class there appears to be Eleven, and a proportion of that Gratuity to the other Lascars according to the time during which they were stationed at that Settlement. The Abstracts for which Compensation should be substantiated by reference to the Battalion Books and Returns of the Corps of Artillery, to identify the persons of the Claimants and to ascertain the dates of departure and return to the Coast of these Gun Lascars if according with what they had represented to the Committee of Investigation.

2. I have accordingly to state that as the former application was — not sufficiently explicit regarding the Allowance then solicited, these Officers now request permission to draw the Honorable Company's allowance of —

Passage

Passage Money to Officers of His Majesty's Service proceeding from England to join their Corps in India, but which omission makes no alteration in the Circumstances of the Case as before submitted in my address to your Honor in Council of the 6th of April last - It may therefore appear proper to your Honor in Council to accede to the present application; It may at the same time however be judged necessary to obtain a Bond of indemnity from each Officer for the sum received in Case of any Mistake having occurred regarding the Passage money not having been advanced in England ——

And the Allowance I conceive should be regulated in conformity with the Honora- =ble Company's Allowance for Passage Money to Subaltern Officers when proceeding to join their Regiments in India as authorized under the Orders from the Honorable Court

dated

dated the 29th of May 1800 and published in General Order 29th December thereafter—
The Allowance for Passage Money is £95 or Pagodas 237.—22.40 nat including the Charter party Allowance and which is for the whole Voyage from England to India, as the Officers who now apply for this Allowance were only subjected to the expense of providing their own Mess to the Cape or to the Isle of France, it may be proper to limit the Allowance as directed by these Orders to 5/8 of the Allowance or Pagodas 148: 19: 55:—

No. 28.

From the Military Auditor General — Recommending removal of the Retrenchment against Mr. Surgeon Hay on account of the Medical allowance of 50 Pagodas drawn by Him, as Senior Cantonment Surgeon of St. Thomés Mount.—

1. In consequence of the decision of your Honor in Council, communicated to me in a letter from the Chief Secretary of the 15th November 1811 on the subject of Garrison Medical Allowance a Retrenchment has taken place from the Disbursements of the Paymaster at Fort St. George in the Month of November last on account of the Medical allowance of Pagodas 50 per month drawn by the Surgeon at St. Thomas's Mount as that Cantonment was not mentioned in the General Order 9th October 1810.—

2. Mr. Hay, the Senior Surgeon Stationed at the Mount, and from whose allotment the Charge has been retrenched states as follows,

in

7695 Fort St. George 29th May 1812

in reply to the Retrenchment.—

"If I had considered the Order of
"the 9th October 1810 applicable to my case, I
should not certainly have continued to draw
the Cantonment allowance after the publication
of it— But as this Order referred to the
allowances to be drawn by Garrison Assistant
Surgeons, and did not even allude to the
Cantonment allowance which had for 27
years been drawn by the Senior Regimental
Medical Officer at St. Thomas's mount, it was
impossible for me to conceive that this General
Order would be meant to withdraw that
allowance, on the Contrary my duties as
Cantonment Surgeon at St. Thomas's Mount
appeared to be in a great measure
Analogous to the Situations of the Senior
Regimental Surgeons, who were directed by the
General Order of the 28th November 1810 to
have charge of details of European Troops—

Thus

7696 Fort St. George 29th May 1812

"Thus whilst the situations of the Senior =
"Surgeons at the principal Stations of the
"Army were improved by the Orders of =
"Government, I could not suppose / my situation
"remaining in all respects the same as formerly /
"that the Government should intend to dis-
"= continue a Cantonment allowance which
"depended not on my being specifically =
"appointed, but on my Seniority."—

"The Numerous Families =
"always Resident at St. Thomas's Mount and
"the number of Sick Officers who occasionally
"resort to this Cantonment have not been
"diminished since October 1810. On the contrary
"several families of Officers absent on Foreign
"Service have come to reside here, and my
"duties in this Branch have rather increased
"than diminished.— On the above grounds =
"therefore I cannot imagine that the Hon-

"orable

Fort St. George 29th May 1812

"Honorable the Governor in Council meant
"that the General Orders of the 9th October
"1810- on which this Retrenchment had
"been founded should have reference to the
"Cantonment Allowance as long granted to
"the Senior Medical Officer at the Mount."-

3 Respecting this Retrenchment
I beg leave to observe that the allowance
of Pagodas 50 per Month was included in
General Hewitts Minute under the head
of "Cantonment Surgeon" at St. Thomas'
Mount, but not objected to by His Ex:
or noticed in any of the Statements of
Savings which have been prepared,
the Allowance appears to have been
sanctioned and drawn by the Senior
Surgeon Stationed at St. Thomas's Mount
upwards of twenty years - when the pre-

pedatory

Fort St. George 29th. May 1812

population at the mount was not so extensive as it is at present, and it is now, as stated by Mr. Surgeon, an occasional resort for Sick Officers and the residence of many Families of Officers absent on Foreign Service or in the Field.

4 Under these Circumstances it may perhaps be the pleasure of your Honor in Council to direct the removal of the Retrenchment against Mr. Surgeon Hay and the Continuance of the allowance in future to the Senior Surgeon at St. Thomas's mount.

Captain MacIntosh being called into Court states that on the Morning of the 6th of May he went in Company with Mr. Surgeon Hay to examine the Body of a Native who had been Murdered in the neighbourhood of the Cantonment and in the vicinity of the Butts, that he enquired of the relatives of the Deceased whether they had any suspicion who were the perpetrators of the murder, that they replied it must have been committed by Europeans and pointed out the prints of a Shoe near to the spot where the Body was, that there were several marks of blood on the ground on two of which marks the print of the Shoe was. the Master of the

the best of his recollection Matross Madden said about 11 Oclock at night, on instantly repeating the same question to him Vizt where he had got the rings, his second reply was that Matross Leslie had been going to Madras when he found the rings near the Cantonment when he brought them back to him Matross Madden to dispose of for him — He then took him to the Cangie House to examine himself and Kit, whilst the Men of the Guard were gone to bring the Kit, he was left with Matross Maddens another Prisoner in the Cangie House, when the Prisoner Madden addressed him saying "I assure you Captain Mackintosh I have not had much to say in this business" he then desired his Shoes to be taken off, which were sent down in charge of

Serjeant

7733 Fort St. George 29th May 1812

Serjeant Uthoff, Corporals Hudson and Dusall, to Compare them with the print of a Shoe on the ground already mentioned, and it was afterwards reported to him by the above Men, that the Shoe of the Prisoner answered exactly to the prints on the ground, and further that there were two black Marks on the Sole of the Shoe that Corresponded exactly with two Marks of blood which had been prefsed upon by the foot.— The Prisoner further mentioned that Matrofses Mullins and Leslie were as much concerned in selling the Rings as he was— Captain Mackintosh further Mentions that the Ears of the deceased were cut or torn supposed by him to be in forcing out the Earrings.—

Corporal James King being called

7/34 Fort St. George 29th May 1812

called into Court states States that
when the Prisoner Michael Madden
was Ordered onto Confinement by the
Brigade Major on the Morning of the 6th
Instant, he went into the Lenzie House of
the 2d Battalion Artillery where the
Prisoner was lodged, he pushed to the door
and said that he would tell him how
the business happened, adding that he
was in Company with Matrosses Hugh
Leslie and James Mullins and were walking
past the Burial ground, and just a little
below that they discovered some thing
laying white, they went to see what it
was, when they came up to it they found
a Man weltering in his blood, they took
the Rings from his Ears, he asked who
took the Rings, which the Prisoner Madden
refused to tell saying it was one of the Party,

he

Fort St. George 29th May 1812

he asked Madden at what time the
above occurrence happened, he said
about half past 11 Oclock the Night
before — Corporal King states further
that he was Serjeant of the guard on
the Morning of the 6th Instant and
observed the Prisoner Madden when
he was relieved as Sentinel over the
Hospital Gate, unfix his Bayonet and
commenced rubbing and cleaning it very
hard, this circumstance did not Strike
him particularly at the time, but after
hearing what had happened it did so as
extraordinary, particularly having unfixed
his Bayonet which is not customary.—

Matross Nanis Dourdonne
of the 1st Battalion Artillery being called
into Court, the Rings are produced and
he is asked whether he knows anything

about

7736

Fort St. George 29th May 1812

about them — He informs the Court that the Earrings produced were brought to him on the Morning of the 6th Instant in the Barrack between 1 and 2 Oclock by Matrosses Michael Madden, Hugh Leslie and James Mullins, and offered to him for Sale by Matross Michael Madden, he purchased them and paid 9 Quarter Pagodas and some fanams for them, the Money was put on a Table and taken from thence by Matross Hugh Leslie. —

Matross Robert Smith of the 1st Battalion of Artillery states, that between 1 and 2 Oclock in the Morning of the 6th Instant he observed three Men come into the Barrack with a light, they sat down and were whispering together upon a Cloth which excited an

7737

Fort St. George 29th May 1812

part some suspicion, they afterwards went to the Cott of Matross Norris Dourdonne, he did not know what they were about but on pretence of getting a drink he got up and went near to where they were, he then observed that the three Men alluded to above were Matross Michael Madden, James Mullins and Hugh Leslie, they immediately afterwards got up and went away, when he joined Matross Norris Dourdonne who shewed him a pair of rings and asked him if he thought they were good, he then went to his own Cott, to the best of his knowledge the rings now before the Court are the very ones which were shewn to him as above mentioned by Matross Norris Dourdonne.—

Corporal John Hudson of the 2d. Battalion of Artillery states that by order

of

Fort St. George 29th May 1812

of Captain MacKintosh on the morning of the 6th of May. he took the Shoes belonging to Matrosses Michael Madden and James Mullins from off their feet, and went with them to a spot of Ground near the Butt where a Man had been Murdered the preceeding Evening. he there examined the print of a Shoe, and on comparing it with the left Shoe of Ma: = trosses Michael Madden found them to correspond exactly. two clotts of blood on the print seemed also to correspond exactly with two Stains on the sole of the Shoe, which had all the appearance of blood, the other Shoes which he carried with him did not fit the print on the Ground.—

Serjeant Henry Althoff of the 1st Battalion of Artillery states, that

he

7739

Fort St. George 29th. March 1812

he accompanied Corporal Hudson and saw the Shoes tried with the mark or print on the ground, and that a left foot Shoe which he was informed was Ma: = trots Michael Madden's answered to the print exactly — He further corroborates the Statement of Corporal Hudson respecting the stain on the Shoe, answering to the clots of blood on the print on the Ground —

Weevada the son of the deceased Dasserie being called into Court, the Rings are shewn to him which he declares positively were the property of his Father, and were worn by him when he left his House two days before the Murder to go to a Chaultry 5 Miles beyond Condatoor. —

Sundapah a Native and relation of the deceased being called into Court

Fort St. George 29th May 1812

Court the rings are shewn to him, which he knows positively to have been the property of Dafserie.—

Jenganah a Native and near relation of the Deceased being called into Court, speaks positively as to the rings being the property of the deceased, and that they were worn by him when he left his House.—

Matross Michael Madden being called into Court is asked whether he knows the rings which are before the Court— He says he does not.—

Answer. No Person in particular.—

Question

7746 Fort St. George 29th May 1812

Question Who received the Money for them? —

Answer Matros Hugh Leslie I believe. —

Question — Do you know where the rings were got? —

Answer Between 7 and 8 Oclock on the Evening of the 5th Instant Matroses James Mullins, Hugh Leslie and myself went down to the Burying Ground or near to it when we perceived some thing on the ground that appeared white, and Matros Hugh Leslie said he thought it was water we went up to it, and discovered it to be the Body of a Black Man laying motionless and apparently dead — James Mullins lifted up a part of the Cloth and looked at the Body, the Cloth had some marks on it.

That

Fort St. George 29th May 1812.

that appeared like blood or dirt—
about 3. paces from the Body we —
saw a Small bundle which James
Mullins took up: and we returned
to the Barrack with it before
we examined its contents — on
opening the bundle in the Barrack
we found a pair of Earrings, same
thing like those before the Court,
but I cannot speak positively to
their being the same — but says
the rings they found in the Bundle,
were those they sold to Matross
Narcis Dourdonne.—

Matross James Mullins is
called into Court and Matross
Michael Madden is asked the
following Questions.—

Matros William Scanron of the 2.d Battalion of Artillery is called into Court, and is desired to relate what passed yesterday between him and Matros Michael Madden when he was Sentence over him — He states that after Matros Michael Madden's Bayonet was sent into Court to be examined, that the Prisoner Matros Michael Madden asked him to go and enquire of Corporal King whether any blood had been discovered on the Bayonet or inside the Scabbard, he pressed him to do this two or three times but he refused. —

Matros Hugh Leslie being again called into Court and pressed to declare the truth, now acknowledges that he

he did go out on the Evening of the 6th
Instant with Matross Michael Madden
and James Mullins between 8 and 9 o
Clock, and that in the neighbourhood
of the Burying Ground, he says that he
saw a White Cloth on the ground, that
Matross James Mullins lifted up the
Cloth and said that there was a dead
Body under it, which however he did not
examine himself - The Earrings he saw
nothing of until they returned to the
Barrack, when Matross James Mullins
took them out of his Pocket saying that
he had picked them up beside the Dead
Black fellow - Matross James Mullins
said to Matross Michael Madden these
/meaning the rings/ ought to be washed,
there appeared a little blood upon them -
they were not washed, but Matross James
Mullins wiped them with the Cloth in

The Prisoner Matross Hugh Leslie now declares that he is willing to return Kings Evidence and States as follows.—

I went out on the Evening of the 5th of May between 8 and 9 Oclock in Company with Matrosses Michael Madden and James Mullins, that somewhere near the Burying ground we met a Black Man walking, who went off the road into a Field on seeing us, and seemingly to avoid us, that Matrosses Michael Madden and James Mullins went up to him, ones of them knocked him down, the Native gave one Scream, I called out do not kill him, Matross Michael Madden said you appear Damnably frightened, and between the two the Man was Murdered — Afterwards observed — Matross James Mullins stride over the Body and tear the Earring[illegible]

had been established at the Mount, a very Meritorious undertaking, but I really do not know to what extent it is intended to be con= ducted, If upon a Large Scale like other Public Seminaries, the aid of Government would be found wanted.—

The other Communication is from the Reverend Mr. Wethenherd Chaplain at Bellary, soon after his arrival at that Station A Set of Communion Plate is required for the Church as well as a Register Book.— of Bibles and Prayer Books he will receive a supply without delay. The interior of the Church requires Completing to make it convenient to the Officiating Minister, as= well as the Congregation.—

An appropriate Room for the Chaplain to put on his Vestments is indis= pensible, not only at Bellary, but at every other Station where a Church is Built. The

Salary

Salary of three Pagodas per Month to a proper person for keeping the interior of the Church in good Order, if it met with the Approbation of Government would be usefully employed.—

Some repairs are required in St. Mary's Church Fort St. George: the Chunam under the Arch of the Southern Aisle has generally given way. It will require I believe about three weeks to put it in proper repair.—

I have the honor to acquaint you that I arrived at Bellary on the 24th Day of April but owing to Fatigue

could

could not perform Divine Service before Sunday last the 3d of May. The Church is a very excellent Building but many things are wanting to render it perfectly comfortable to the Congregation no less than to the Officiating Clergyman. These I will take the Liberty to mention — requesting at the same time that you will have the goodness to make applic- -cation to the proper Authority for their speedy supply — A Reading Desk is of — absolute Necessity the Clergyman being compelled at present thro' the Want of one to sit in a Chair upon a Level with the Congregation and to make use of the Communion Table as a resting Place for his Bible and Prayer book — This is at all times inconvenient, but must prove particularly so on the Sundays —

Military Secretary to the Commander in Chief with letter & enclosures from Major Genl Wilkinson respecting a Claim by an Heir of a Sepoy to a pension.—

Fort St George 2d June 1812.—

Commander in Chief to request, that the accompanying Letter with its enclosures, from Major General Wilkinson, may be submitted to the Consideration of the Honorable the Governor in Council.—

These papers relate to a Claim made by the heir of a Sepoy who was Killed, while assisting in the Suppression of an insurrection in the Gaol at Calicut on the 27th August 1807, on which occasion the Government, were pleased, in their Minutes of Consultation dated 20th December 1808, to grant Pensions to the nearest heirs of those who fell in this Cause.—

The enclosures appear pretty fully, in the Commander in Chief's Opinion, to Substantiate the validity

validity of the Claim, and to account for the delay which has attended its Submission to the Government.— His Excellency has therefore the honor to recommend it to the Consideration of the Honorable the Governor in Council.—

Sir,

I have the honor to acknowledge the receipt of your letter of the 15th Instant, requesting for the information of the Officer Commanding the Southern Division an explanation why the application and Enquiry contained in my letter of the 12th Instant have been so long delayed.—

In reply to which I have to acquaint you, from the information I have been able to obtain, that the relation of the deceased resided at Guntoor, and did not hear of his death until some time in 1809, at which time they received intelligence that a pension from Government would

to enclose herewith, for Submission to Government, a Letter from the Officer Commanding in the Tinnevelly District, making application for the permission of the Honorable the Gover-nor in Council, to draw the Pension, in that District, of a Sepoy named Mootoo Swamy, who appears to have received the Sanction of the authorities at that Presidency, to that effect.—

By the G. O. of the Bom-bay Government, under date the 18th February last, the Commander in Chief perceives, with reference to the appli-cant, that the Name of the place under this Presidency, at which he was permitted to reside and draw his pay, has been altered from — Tinnevelly to Calecut — an alteration of

Honorable Sir,

From the Military Board forwarding a letter from the Superintending Engineer respecting the Barracks at Chintadrepettah.

1. In our report of the 12th March we had the honor to state that we had directed an Estimate to be prepared for constructing in the Vicinity of the Barracks at Chintadrepettah a Store Room capable of containing the Regimental Stores, as also a proper place for the artificers to

to work in, and the Chief Engineer has in consequence laid before us a Minute with a Letter and Estimate from the

No. 142 Superintending Engineer, Copies of which we have the honor to submit to Your Honor in Council.

3d From the Situation in which these Barracks are placed in the midst of a populous Village, it has appeared to be more advisable to erect a separate Quarter for the two Serjeants and Artificers of the Battalion, outside of the Barrack Square, than to remove the Stores, and it has therefore been suggested by the Superintending Engineer that the portion of the Barracks now occupied by the Serjeants should be converted into a Store Room, and that a small space of Ground immediately in front of the Barrack

To the Chief Engineer

Sir,

Para. 1st In conformity with the directions of the Military Board I have communicated with the Commanding Officer of the 2d Battalion 24th Regt

7826

Fort St. George 2d June 1812.

24th Regiment and at the same time inspected the Barracks occupied by that Corps at Chintadrepettah.

2nd On passing thro' the whole of the Building at present possessed by the Battalion accompanied by Lieutenant Colonel Le Marriot it appears that the accommodation principally required is either a Store Room or Quarter for two Serjeants, the latter being now lodged in a portion of the General Barracks, this arrangement the Commanding Officers considers to be attended with much inconvenience and is therefore desirous that the space now allotted for the Serjeants shall be converted into a Store Room and that a detached Quarter consisting of

Fort St. George 2nd June 1812.—

of four Rooms and a Work Shed—
shall be erected for the Accommoda-
-tion of the two Serjeants and the
artificers of the Battalion.—

3rd " Upon Seeking for a
spot of ground for the above pur
-pose, I do not find that any is
presented except a Small Space
immediately in point of the Barrack
on the opposite Side of the Street
which is Sufficiently well calculated
for the object in View and which
I understand is to be obtained
by purchase, I beg leave there-
-fore to Suggest to the Board—
that the Collector of Madras—
may be directed to pursue the—
Necessary means for obtaining
it, should it be deemed advisable
to erect the Building.—

On—

7828

Fort St George 2d June 1812.

4th " On account of the confined accommodation afforded at these Barracks it has formerly been usual to rent a small house situated in one of the Streets of the Village of Chintadrepettah for the purpose of lodging the Stores of the Battalion, a practice which, I am disposed to be of Opinion must be attended with a considerable degree of Risque and danger; the house being closely surrounded by Huts, Sheds and other habitations occupied by the Natives in general.—

5th " In completing this Arrangement it will be necessary to run a cross Wall through the Building for the purpose of dividing

ing

dividing off a small apartment for the use of the Medical Servant of the Doctor of the Battalion, who now Mixes and prepares his Medicines in part of the Serjeants Quarters which it is proposed to Vacate for the reception of the Stores.—

Honorable Sir,

1. I have the honor to transmit herewith Copy of a letter addressed to me by Mr. G. O'Connell Commissary of Stores attached to the Arsenal at the Presidency on which I beg to be favored with the commands of

of your Honor in Council Mr O'Connell's case not being provided for by the existing Regulations— By the G. O. of the 9th October 1810 the appointment of Second Commissary of Stores at the Arsenal at Fort St George (then held by Captain Bishop) was abolished and fixed Salaries were granted to the Officers holding the Situation of Commissaries of Stores at out Stations in lieu of the Staff allowances they were then in Receipt of.—

2d Had Mr O'Connell not been promoted to the rank of Lieutenant, I should have considered him entitled only to the Pay and allowances of a Commissary not in charge of a Depôt of Military Stores being the Pay half Batta

O. of October 1810 to a Commissary in the former Situation.—

No. 21.

Honorable Sir,

From the Military Auditor Genl. — Reports an applicatn from Captain Heldon of the 89th Regiment for allowance of passage — money authorized to Capts of H.M.s Regiments joining their Corps. —

1. In the Extract from the Minutes of your Honor in Council of the 21st Ultimo which were transmitted with Mr. Secretary Stracheys letter of the 22nd is referred for consideration and Report a Second application from Captain Heldon of His Majestys 89th Regiment of Foot to be permitted to draw the allowance of Passage Money as authorized by the Honorable Court of Directors to Captains of His Majestys Service when proceeding to join their Regiments in India, since his arrival here. —

In

1847 Fort St. George 2d June 1812.

2d In reporting upon the pre-
-sent application it appears neceſsary
to have reference to the former Submit-
-ted in August 1810 to your Honor
in Council thro' the medium of His
Excellency Lieutenant General Hewitt
the then Commander in Chief in India.

3. It is accordingly to be
observed that altho' in the Statement
of circumstances contained in the
address to Government from His Excel-
-lency's Military Secretary Captain
Heldon was considered in the opinion
of his Excellency to come under the
description of an Officer entitled
to the Company's allowance for
Paſsage Money, or rather for Accom-
-modation at the Captain's Table,
it was however added "but whether
"as the expense of his Paſsage
ought

Fort St George 2d June 1812.—

"ought to have been settled in England,
"he can with propriety be reimburs-
"sed in India is a point on which
"His Excellency feels incompetent to
"give an Opinion."—

4. Upon that application of Captain Heldon accompanied with the Sentiments of His Excellency General Hewitt being referred to me for report, it became my duty to State to Your Honor in Council what were the Regulations and the consequent practice of the Service upon that point which precluded the payment of Passage Money in India to Officers in His Majesty's Service proceeding to join their Corps— But in order that Captain Heldon might obtain reimbursement of the Sum paid by him to the Comman-
-der—

7849 Fort St. George 2d June 1812.—

Commander of the Ship on which he came to India on account of Table Expenses, I suggested the alternative of referring the application to the Honorable Court of Directors, which Suggestion Your Honor in Council was pleased to adopt.—

5. Since the above resolution of Government has taken place, other applications of a similar nature have been preferred, of which two have been admitted Viz. those of Captain Impey of His Majesty's 86th Regiment and of Captain Campbell of the Royal Regiment, which it is supposed are the cases to which Captain Helden alludes in his present application.—

6. As explanatory however of the greater indulgence having been

7852 Fort St George 2d June 1812.—

8. In the case of Captain Heldon it may be a point of consideration whether His Majesty's 89th Regiment was actually on the Establishment of Fort St George, or belonged to the Government of Ceylon where it was Stationed, at the period in which the present application for the Madras allowance for Passage Money is Solicited— And in the event of Captain Heldon establishing the circumstance of being similarly Situated as Captains Impey and Campbell as prescribed in the communication issued by the Secretary at War and whether that Document is applicable and intended to have a retrospective operation so as to include the present case which had occurred in the Year 1809.

is

7853 Fort St George 2d June 1812.—

is also a point of material considera-
tion.—

9. Notwithstanding what has
been adduced in support of this —
Second application of Captain Heldon
and it being represented by him —
that his case is Similar to others
which have been admitted Subse-
-quent to his former application —
which, I am inclined to be of opinion
that it is not — and that under all
the circumstances of Captain Heldon's
case, the referring his application
for decision to the Honorable Court
of Directors was the measure pro-
-perly applicable on that occasion.—

To the Military Auditor General
Fort St George

Sir,

Having received Copy of

7858 Fort St. George 2d June 1812.—

a Retrenchment directed to be made from the allowances drawn by me as Assistant Commissary to the Expedition, I have the honor to State the undermentioned circumstances in reply thereto, and should they not be considered as sufficient authority, I request that my letter may be laid before the Honorable the Governor in Council.—

The allowance of one hundred Pagodas per Month as Assistant Commissary was fixed by His Excellency Governor Farquhar, and Communicated to me in an official letter from the Office of the Secretary to Government, Major Barry's, which letter or an authentic Copy of the same, was presented to the Military Paymaster at Bourbon

7859 Fort St George 2d June 1812.—

Bourbon with the first abstract, as authority for the issue— Having— Continued to draw the same allowance for a considerable period that, I remained on those Islands, I did not foresee that any further authority would be required, and did not preserve any Copy of Major Barry's letter, but pledge myself for the accuracy of the above State- =ment— As deductions have already been made from my allowances on the above account, I request that my letter and retrenchment may be submitted as soon as convenient for the consideration of the Honora- =ble the Governor in Council.—

1912 Fort St. George 2d June 1812.—

No. 26.
Order thereon. Ordered that the Accounts mentioned in the foregoing Letter be sent to the Military Auditor General for examination and Report.—

To George Strachey Esqre
Secretary to the Government
at Fort St. George

No. 27.
From the actg Sec.y to the Govt. at Fort William—On Subject of Contingent allowances payable to Captns. of Troops & Companies of His Majesty's Regiments.

Sir,

1. I am directed to acknowledge the receipt of your letter of the 18th of February enclosing an Extract from the Proceedings of the Governor in Council of Fort St. George on the subject of the Contingent allowances payable to the Captains of Troops and Companies in His Majesty's Regiments.—

2d. The Governor General in Council having judged it advisable to take the Opinion of the Commander in Chief in India on this question,

I am

7913 Fort St. George 2d June 1812.—

I am now directed to Communicate the result of the deliberation of His Lordship in Council assisted by the Opinion of the Commander in Chief.

3. The Governor General in Council remarks that Captain Cockburn on behalf of the Officers of His Majesty's 84th Regiment has stated pretty correctly the purposes for which the Non effective and Contingent allowances were originally granted to Officers Commanding Troops and Companies in His Majesty's Service, but that in other parts of his Statement he has mistaken the Spirit and letter of the Orders of the Government of Fort St. George of the 27th of August 1811 as will appear from some of the following observations.—

4 Captain Cockburn States that

Fort St. George 2d June 1812.—

that no Compensation is granted by the new Orders for the following purposes which are alleged to be peculiar to His Majesty's Corps.—

1st For Stationary; in as much as the expense incurred ex=-ceeds the allowance of 30 fanams per Mensem granted by Govern=-ment; and in proof of this he exhibits an account of Statio=-nary drawn up according to the most moderate calculation and agreably to the Bazar prices at the Station of the Regiment Bangalore, amount=-ing to Pagoda 1,,24,,=—

His Lordship in Council certainly considers the allowance of 30 fanams per Month to be insufficient for the necessary Expences of Stationary and

Fort St George 2d June 1812.—

and authorizes an allowance of

Pagoda 1 ... 24 —

2dly For the losses to which offi-
-cers Commanding Troops and
Companies are liable from Soldiers,
particularly recruits, dying or
deserting in debt, and—

3dly For enabling them to keep
their Companies complete in Neces-
-ries at all times agreably to
the King's Order.—

These purposes His Lordship in
Council observes are provided for
by the 6th paragraph of the General
Orders of 27th August 1811, (See
also paragraph 13 page 398 Madras
pay Regulations 1811—)

4thly For the trouble of keeping
the separate Account of each
Soldier.—

On

7916 Fort St George 2d June 1812.

On this Subject His Lordship in Council has only to observe that it is an essential part of the duty of an Officer in Command of a Company to attend to the Accounts of it, and that a Staff allowance of 1 Pagoda per Men- =sem is assigned to a pay Ser- =jeant in remuneration of some expense and trouble which he is supposed to be at in the performance of this branch of his duty.—

5. With the exception therefore of the augmented allowance for Stationary above authorized, the Governor General in Council does not consider it to be necessary to make any alteration in the existing rates.—

6th " I am directed to take this

Fort St. George 2d June 1812.

this Opportunity of acknowledging the receipt of a letter from You of the 6th of March enclosing the Copy of a General Order published by the Government of Fort St. George on the 10th of December 1811 for augmenting the Establishments of Artificers attached to His Majesty's Regiments of Light Dragoons serving under that Presidency.

7. The Principle on which that Order appears to have been founded is unobjectionable as it provides an encreased Establishment of Artificers, and quarterly allowance in lieu of Materials for the repairs of Arms, proportioned, with one Exception, to the relative strength of Cavalry Regiments in His Majesty's and the Honorable Company's

7918

Fort St George 2d June 1812.

Company's Service—The arrangement would however in His Lordship in-Council's Opinion have been more complete had two Armourers instead of one been added to the previously existing Establishment of Artificers for a Regiment of European Cavalry in Garrison or Cantonment, and had a suitable encrease been made to the additional Establishment of Artificers attached to Regiments in the Field;—since the necessity which called for an encrease in the one instance seems to suggest the expediency of a corresponding addition in the other.—

8. It is accordingly recommended that an addition be made of one Armourer to the Establishment as it now stands of Artificers attached to each Regiment of European Cavalry serving

Fort St George 2d June 1812.—

Serving under the Presidency of Fort St George while in Garrison or Canton-ment and further that upon the same principle the present Establish-ment of Artificers for each Regiment of European Cavalry under that Presidency when in the Field in active Service may be allowed an addition of one of each Class of Artificers.—

Orders thereon

Ordered that a Copy of the foregoing Letter be furnished to the Commander in Chief, and that the Military Board and Military Auditor General respectively be de-sired to submit Drafts of General orders

7920

Fort St George 2d June 1812.—

Orders for increasing the establishment of Artificers with His Majesty's Regiments of Dragoons, and for augmenting the allowance for Stationary now drawn on account of troops and Companies in Regiments of European Cavalry or Infantry.—

Ordered also that the Military Auditor General be desired to State his Opinion respecting the necessity of extending the increased allowance for Stationary to the Corps of Artillery and to the Madras European Regiment and to the Carnatic Veteran Battalion, and in that case to include the Companies of those Corps in the Draft of the General Orders, which he is directed to prepare.—

No. 29.

From the Resident in Mysore Transmitting Copy of a letter from Major Genl. Wetherall explaining the affair respecting the Complaint made by the Contractor for Arrack against the Mysore Government.

Sir,

Para. 1st In reply to Mr. Secretary Strachey's dispatch of the 15th Instant, I have the honor to transmit a Copy of a letter from Major General Wetherall in explanation of the affair there alluded to.

2. Neither the Rajah nor I, being aware of any cause which the Contractor for Arrack had to Complain against the Mysoor Government I requested the Officer Commanding the Subsidiary Force to investigate the matter, and his Reply will be, I hope Considered by Government to be satisfactory.

To the Honorable A. H. Cole
Resident at Mysoor

Sir,

I have the honor to acknowledge the receipt of your letter of the 22d Instant with the several Papers that accompanied it.—

The Arrack Godown stated by the Contractors for Spirituous Liquors to have been pulled down is part of a Building which forms the enclosure of the Garden of the House, His Highness the Rajah has done me the favor to permit me to occupy, in the Fort of Banga-lore, and with his Sanction to make such

7923 Fort St. George 2d June 1812.—

such improvements as I thought fit,
I directed, it's being done, as in every
point of view, I considered it a Nuis-
=ance.—

The Building in question
never could have been deemed a public
one as it consists of part of the offices
of the Palace and, I presume at all
times at the disposal of the Rajah or
the Person who is allowed to reside
in what are now my Quarters.—

The Contractor's Agent,
here, I have been informed, was appr=
=ized full eighteen Months ago that
it was intended to remove these
Buildings as they were in a State
of great decay and were the cause
(from certain parts being unoccu=
=pied) of a deal of dirt in the Fort.

The Agent has misrepresen=
=ted

Fort St. George 2d June 1812.—

-ted the Arrack having been exposed to the inclemency of the weather, it was so for about 24 Hours, and then moved into another quarter of the same range of building; which was formerly the Lock Hospital but now abandoned where he was told it should remain until he could provide himself with a place for its reception which he was directed to procure as soon as possible.—

I am not acquainted on what terms or Stipulations the Arrack is Supplied and kept in Store, but it is certain that during the whole of the time the Building alluded to, was used as a Godown no Rent was paid for it— I am not certain therefore, in directing it to be destroyed I may not have interfered with the interests of the Native Servants here in that Department.—

I beg

7925

Fort St George 2d June 1812.—

I beg you will do me the favor to acquaint me whether I am at liberty to order the Building in which the Arrack now is to be taken down so soon as it can otherwise be dispo=sed of— I must confess, I should be glad to be apprized to do so, as it neither adds to the cleanliness Comfort or appearance of my present Residence.

No 30.

Sir,

To the Resident in Mysore— The Reply to his letter 20th May informing him that his explanation regarding destruction of public building at Bangalore in which Arrack was kept is considered perfectly satisfactory: The Military Board will be directed to provide for the storing of the Arrack in a less exceptionable manner. In the mean time the Officer Commanding in Mysoor to be directed not to demolish the building appropriated to that purpose.

Para: 1st I am directed by the Honorable the Governor in Council to acknowledge the receipt of your letter of the 26th Ultimo, and to acquaint you that He is perfectly satisfied with the explanation which has been afforded respecting the destruction of the building at Bangalore in which the Public Arrack was recently deposited.—

2. A Copy of your letter has been furnished to the Military Board in order that measures may be taken for Storing the Arrack at
