The

1256 Fort St. George 4 January 1813

2 The Board beg leave to state that at the time of reporting to Government that there were in store 540 Tons of salt petre, they did not anticipate a demand to so great an extent as that abovementioned, but concluding that the Indent would be upon the usual scale, they relied upon procuring from the subordinate stations supplies in sufficient quantities, and sufficiently early to meet the exigence of the Military Department.—

3d The salt petre in store has already been allotted by the Government at Fort William as part of the Dead Weight for the homeward bound fleet, unless therefore the demand of the Superintendent of Gunpowder Manufactory be very urgent, it would seem advisable to postpone a compliance with his Indent, until the arrival of the Indiamen, when in consequence of the expected deficiency of

Fort St. George — January 1813

of light freight for two of the ships, it will probably be ascertained, that the salt petre will not be required for the purpose for which it was originally intended.-

4th I am further directed to submit for the Information of the Honorable the Governor in Council, the accompanying Statement shewing the quantity of salt petre expected to arrive at the Presidency periodically by the end of the month of June, and which may be appropriated to the use of the Gunpowder Manufactory -

The Board deem it highly expedient that timely notice should be furnished to the Commercial Department respecting the quantity of Saltpetre required for the use of the Gunpowder Manufactory, in order to obviate

Fort St George — January 1813.

obviate all interference with the other arrange-
ments which may be made for the disposal
of that article, and resolve that an intimation
to this effect be given to the Military
Board.—

The Board also resolve that the
Military Board be at the same time directed
to report whether the proposed post-ponement
of a compliance with their present indent
is liable to any material objection—

Honorable Sir,

No 2
From the Military Board—Recommending advances—

We have the honor to
recommend

1260 Fort St. George — January 1813

recommend payment of the following advances of Cash - Vizt -

An advance of Pagodas 539 - " - - to the acting Superintending Engineer in the Ceded Districts, being the Second third of the estimated cost of building an additional range with requisite House offices to the European Hospital at Bellary to accommodate 50 Patients and for enlarging the compound wall - authorized on the 26th September last. -

An advance of Pagodas 255 to the acting Superintending Engineer in the Ceded Districts, being one third of the estimated expence for extending and Repairing the Gun Sheds at Goa to afford cover to 8 pieces of Ordnance, 10 Tumbrils and 5 platform Carts, authorized by your Honor in Council under date the 30th June last, on this occasion we beg to state that a similar advance was recommended in

Our

Fort St. George 22 January 1813

our Report under date the 2d July No. 185 to be made to Captain Toriano the then Superintending Engineer, and which received the sanction of Government on the 7th of that month - on a reference however to the office of audit, it does not appear by the Abstract of Receipts and Disbursements of the Paymaster in the Ceded Districts from July to november last, that that Sum was advanced, altho it has been included in the Paymasters Estimate for the month of September -

An advance of Pagodas 172 to - Captain Robertson Superintending the repair of the Road to Poonamalie, being half the amount of the Estimate for building 7 Drains on the Road as - Authorized by your Honor in - Council. -

To the Secretary to Government

Fort St. George

No. 9
From the Quarter Master General of the army - Recommending that the House lately occupied by the institution be rented on certain conditions for a term of years.-

Sir,

I have the honor of informing you that the house lately occupied by the Military Institution, which was taken for them at the Rent of 90 Pagodas per Month under a Resolution of Government dated the 29th of March 1811, was vacated by them on the 1st

Fort St. George 29th January 1813

1st Instant, when they proceeded on Field Practice.

His Excellency the Commander in Chief has at the same time ordered me to observe that Cornet Montgomerie and Ensign Mountford employed in the reduction of former Surveys continue to occupy quarters in the same House. Hitherto the House Rent for the Military Institution has ceased when the officers have been sent on Field Pratice; but material inconvenience has arisen from this arrangement, in consequence of the frequent difficulty of procuring a suitable House on their return to the Presidency. The only remedy would appear to be found in an arrangement by which it could be engaged for a certain number of years.

The House lately rented for the Institution is very suitable to their purposes in regard to situation and extent of Compound, but the accommodation is insufficient —

The

Fort St. George 29th January 1813

The present Class is composed of Twenty Members, of whom fourteen can find Quarters; but as Cornet Montgomerie and Lieut. Mountford are lodged, by order, in the same House, 12 Officers only, of the whole Class can be accommodated, and eight were obliged to provide quarters for themselves at St. Thome, paying each from 7 to 10 Pagodas a month House Rent - The House in question has been lately purchased by a Native who has offered to build additional accommodation equal to the present deficiencies in case the Rent of 100 Pagodas per month be secured to him for 5 years. This is 10 Pagodas per month more than is paid at present for the 8 months in the year that the Students remain in Madras; and were the proprietors present offer, which to His Excellency the Commander in Chief appears very reasonable, accepted, it would remove the inconvenience which has been annually experienced

on

Fort St. George 29th January 1813

experienced on account of the great difficulty of finding a House and ground Calculated for the use of the Institution on their returning from Field operations. It would likewise place all the officers on an equal footing, secure their residing near the place of their studies, besides removing the necessity of a certain number getting in debt from their incapability of defraying both their Mess Bill and House Rent at the Presidency out of Ensigns Pay.—

His Excellency has accordingly ordered me to request you will lay this proposal, with his recommendation, before Government; as in case it meet their approbation it will be proper the Arrangement should be concluded as early as possible in order to afford to the Proprietor sufficient time to complete the additions before the return of the Students to the Presidency.—

From the Military Board - Report on the claims of the Lascars who served against Ceylon, to Prize Money & Compensation for short issue of provisions -

Honorable Sir,

We have the honor to acknowledge the receipt of a letter from the Secretary to Government in the Military Department under

date

1293

Fort St. George 29th January 1813

date the 8th Instant, forwarding for our consideration and report a copy of a Petition from certain Store Lascars who were employed on the expedition against the Island of Ceylon. On this subject we beg leave to state that the claims of the Petitioners to Prize Money met our consideration in the month of December last, His Excellency the Commander in Chief having directed the Petition presented to His Excellency by those persons to be transferred to our office, and as the reply which was made to the Military Secretary of the Commander in Chief under our orders contains our sentiments on the claim in question, we have the honor to submit a copy of that communication for the consideration of your Honor in Council —

No. 1.

2 With respect to the claim for compensation on account of the short Issue of

Fort St. George 29th January 1813

of Provisions for a period of Ten years, and upwards, we beg leave to refer your Honor in Council to the G. O. of Government under date the 14th July 1795 wherein it is stated that the Native Troops under orders for Foreign Service would receive — provisions during the voyage, and that the same indulgence would be continued as long as the Officer Commanding the Expedition should be of opinion the nature of the service might require it. —

3 We are not in possession of the — orders under which the issue of the regulated allowance was discontinued, but the — discretionary power vested in the Commanding Officer by the order to which we have referred is in our opinion conclusive against the present claim, and we cannot therefore recommend that any compensation should be granted to the Petitioners —

to His Excellency the Comm.r in Chief

Sir,

The Petition of the Syrangs Tindals and Lascars who were employed on the Island of Ceylon transferred to this office by order of His Excellency's the Commander in Chief having met the consideration of the Military Board, I am directed to state their Sentiments upon the Claim advanced by the Petitioners.

At the period when the Troops

1296

Fort St. George 29th January 1813

Troops of this Presidency embarked for the Island of Ceylon as well as for the Eastern Islands, store or Tent Lascars were not considered as a discription of persons entitled to share in Prize Money, and accordingly their names were not included in the Prize Rolls of the Agents for the Captures made on Ceylon and no prize money was granted to any persons designated as Store Lascars.

On the Service to the Eastward certain details of Lascars were attached to Regiments, and in the Prize rolls of Corps their names were included, whilst the Lascars attached to Departments such as the Ordnance, Provision, and Grain, were not included in any Rolls, and did not participate in a share of the Prize property. These latter people have at various times preferred claims founded upon the admission of Prize to

those

Fort St. George 29th January 1813

those who were employed on the same Service with them, and whose names as above stated, were included in the rolls of Regiments to which they were attached, and Government have been pleased to sanction the payment of Prize to those Lascars who did not receive it in the first instance.—

From what has been stated, it will appear that the principle of permitting Lascars to share was not recognized at the period of Service, as otherwise the names of all those who were attached to Departments, would equally with whose attached to Corps have been included, and the admission of Prize to the latter has ever been considered as erroneous— The accounts of the Prize property captured on ceylon having long since been closed, and as there are now no Funds from which the Petitioners could be paid (if their

from

the French Islands

Sir

From the Proceedings of your Honorable Council of the same date, in which is referred for Report an application from Mr. Surgeon D. Scott of the Artillery, and of Lieutenant Poggenpohl of the same Corps for Compensation for the loss of their Tents when employed on the late Expedition against the French Islands -

2 I have accordingly to state that upon a reference to the circumstances of the case of Major Taynton and others who had lost their Tents upon the same occasion, and to whom Government was pleased to allow Compensation, I observe that the circumstances of both cases are extremely similar, and that the accidents which occasioned the losses to these officers, will often unavoidably occur in the course of such public Service upon which they have been employed -

3 It may therefore be the pleasure

Fort St. George 29th January 1813

pleasure of Your Honor in Council to accede to the present request being Pagodas 68:31:4. to Mr. Surgeon Scott the sum equivalent to the price of a Captains and a Private Tent which is the regulated Tentage allowed and stated to have been lost by that officer when employed on the Expedition against the Isle of Bourbon. And to allow Pagodas 40:17:40 to be drawn by Lieutenant Poggenpohl being the price of a subaltern's Tent. Fort St George

Honorable Sir,

I have the honor to acknowledge the receipt of Mr. Secretary Stracheys' letter of the 8th Instant, referring for my consideration and report copy of a letter from the Accountant General in the Military Department recommending

No 27
From the Military auditor General Reporting on the proposed Establishment of Servants at the Pay office at Cuddalore.

1306

Fort St. George 29th January 1813

recommending an Establishment of Servants for the Pay office at Cuddapah.—

2 The Establishment at first propo-sed for that station by the Paymaster in the Ceded Districts amounted to Pagodas 45 per month, including office Rent; it was returned to the Paymaster by the accountant General for revisal according to the actual number of Troops to be stationed at Cuddapah which appears to be one complete Battalion of native Infantry— the revised Establishment, as contained in the letter from the Paymaster under date the 19th November last, amounts to Pagodas 32 per month including office Rent.—

3 In the latter end of the year 1804 an Extra Corps of native Infantry was ordered to be raised at Cuddaph and the Paymaster in the Ceded Districts applied for an office Establishment for that station which

307

Fort St George 29th January 1813

which was granted by Government to the extent
of Pagodas 10 per month, on the recommendation of
the Military auditor General under date the 30th
January 1805, and as there was no public Building
that could be allotted for an office, the Paymaster
was permitted to draw the Established allowance
of Pagodas five per month on that account,
making altogether the sum of Pagodas 15 per month.

There is however some distinction
4
to be made between the Expense of an Extra
Corps and a Regular Battalion of Native Infy,
the monthly disbursements on account of the
former was about Pagodas 3000, but that of the
latter is near Pagodas 5,000 per month, and of
course the responsibility attached to the "
Pay office is more considerable - I am therefore
of opinion the Paymaster in the Ceded "
Districts may be allowed the following
Estat lishment for the Pay office at Cuddapah

to

to commence from the date of the arrival of the 1st Battalion 6th Regiment, that Corps being now stationed there.-

Sir,

I beg leave through the medium of your office to Submit, to the favorable notice of Government the Cases of the Writers of this office employed to conduct the duties of the branches of it at Cuddalore and Pondicherry.

The person employed for the duty at Cuddalore has been employed for a period of 16 years, and after various Reductions of the salary attached to his place possess at present but 5 Pagodas P. month, to cover every charge of the office, the Disbursements of which amount monthly to 3000 Pagodas, and the whole responsibility of which I expect him to bear, and for which I have been obliged for my own safety to require from him adequate Security.

The person employed at Pondicherry

Receives

Ft St George 29th January 1813

receives the same Salary, and is entrusted monthly with about 5000 Pagodas for which he is equally responsible. -

I trust I shall be excused in bringing these cases to the notice of Government, and recommending them to favorable Consideration, under an impression that the responsibility of the places they hold involves Considerations that sanction the Step. -

As the character of these Servants is respectable and their families large, I hope an augmentation of their pay to 10 Pagodas each P.r month will not be deemed too great, considered with reference to the trusts Committed to them and the nature of the duties with which they are charged. -

N. 35
From the Commissary General - requesting letters for storing Rice at Goa.

Sir,

In further acknowledgement of your letter of the 4th of September last, I now proceed to report for the information of the Honorable the Governor in Council, the measures which have

1316

Fort St. George 29th January 1813

have been taken for Storing a supply of Grain for the use of the Troops composing the auxiliary Force at Goa, agreeably to the orders of Government conveyed to me in that communication, and to the intention expressed in a letter which I had the honor of addressing to you, on the 10th of Sept.r 1812.

2 Having directed the officer of this department at Goa, to invite proposals for the supply of the stocks required, viz.t 220 Garces of Rice, and having at the same time suggested the expediency of his communicating with Mr. Read the Collector in Canara, from whose co-operation on former occasions of a similar nature considerable assistance had been derived, "

I received on the 1st of October, a letter from "

N.o 1 Lieutenant Cumming copy of which, and of its accompaniments, I now beg leave to forward; and to report that having authorized him to accept the most advantageous offer that could

be

1317

Fort St. George 29th January 1813

be obtained, subject of course to the usual
confirmation, a proposal of which the enclosed is
No. 2 a copy, was received, and an agreement made for
the delivery of one hundred Garces, being only half
the quantity therein specified -

3 In submitting this proposal
however for my consideration, and in stating the
extent to which it had been accepted, Lieutenant
Cumming strongly recommended that the whole
quantity should be taken, a recommendation grounded
on his conviction of the necessity of the measure,
in order to avert the great distress to be appre-
-hended from the expected scarcity, and in
approving of the agreement which had been
concluded, I deemed it expedient to accede to
his suggestion of receiving the remainder of the
Rice proposed to be supplied, provided that after
the fullest enquiry he might be satisfied
that no probability existed of any reduction

in

Fort St. George 29th January 1813

in the price of the article. Previously however to making any further agreement, under this latitude, I desired Lieutenant Cumming to communicate again with Mr. Read, and to be guided by such information as he might receive from that gentleman; considering it to be the primary object of his attention to prevent any inconvenience being felt by the Troops, in consequence of the want of grain, but keeping in constant view that it was no less his duty to arrange for the provision of such supplies on the most advantageous terms to the Public. And in order to combine the realization of these objects I permitted him to close with the best terms that might be offered without awaiting a reference to me.—

4 Under these instructions and after an attentive view of the subject, Lieut. Cumming judged it expedient to conclude the

319

Fort St. George 29th January 1813

the agreement for the remaining quantity expressed
in the proposal making the whole supply to be
obtained in this manner 200 Garees; and to
purchase forthwith the 20 Garees required to
complete the prescribed amount as specified
in Lieutenant Colonel Oggs' letter to the
Chief Secretary of Government under date the
23d. of August last, a copy of which was furnished
for my information with your letter of the 4th
of September following -

5 The reasons which led to the
adoption of this determination are detailed
No 3 in the accompanying copy of a communication
from Lieutenant Cumming, and concurring
generally with the representation therein
contained I have confirmed and approved the
arrangements which he has concluded. As
these arrangements however have been made
in consequence of orders from Government,
and as the amount of the Disbursements in
this

1320

Fort St. George 29th January 1813

this account will be considerable, I have deemed it advisable to submit this report of the same for the information of the Honorable the Governor in Council; and to transmit in

No. 4 elucidation of this subject the accompanying comparative statement, from which it will be satisfactory to observe that in the provision of 200 Garces of Rice, a difference of Pagodas 1,942. 25 — is exhibited in favor of the arrangements of Lieutenant Cumming, contrasted with the expenses which would have been incurred had this supply been drawn from the Province of Canara. In addition to this advantage the Rice thus provided may be considered as at least ten per Cent better than if received from Canara, in as much as it is to be exposed to the sun for three days, and cleaned previously to its delivery; terms to which the Grain

Dealers

Fort St. George 29th January 1813

1st That it shall be exposed to the sun three successive days and cleansed previous to its measurement.—

2d That it shall be delivered in compa=rys measurement viz.t 12 Seers to a Mercal and 400 Mercals to the Garce at the rate of Star Pagodas 10 per Garce.—

3d That it shall correspond with the samples accompanying.—

4th That it shall be delivered into Stores within the period expressed in the adver=tisement for this supply.—

5 One half of the amount of the contract to be advanced on my furnishing good security for its performance, a further advance of one fourth on the delivery of 100 Garces of Rice, and the remainder on the delivery of the total quantity contracted for.—

6 A free pass to be granted to bring Rice in, from any village of the Company's territories

To The Commissary General

Fort St. George

Sir,

With reference to Major Purchas' letter of the 12th november last, on the subject of rice required for the use of the Troops and Followers

1329

Fort St. George 29th January 1813

Followers of the Goa Auxiliary Force, I have the honor to enclose a Copy of a letter which I have just receeived from Mr. Collector Read, by which you will observe that none of the Grain Dealers at Mangalore are willing to accept the terms expressed in my advertisement of the 24th August last, that the rate of rice in that District, still continues very high, and that it is not likely to become lower.-

In order to prevent the possibility of any inconvenience being felt by the Troops and Followers at this station, and after an attentive view of the subject, I have in conformity with your authority for that purpose closed with Nellaconta Row, for the remaining quantity of rice viz.t 100 Garces expressed in his proposal which I had the honor to transmit to you in my letter of the 29th October, but in consideration of the length of time which has elapsed since the presentation of

Nellaconta Row's proposal for the supply of 200 Garcas of Rice dated 15.th of October 1812.

1330

Fort St. George 29th January 1813

of this proposal, he has fixed the period for its delivery to the end of april next -

The usual supplies of rice from Canara, not having been brought into this Port in consequence of the large supplies which have been sent from thence to several other stations and as I have received no proposals since the dispatch of my letter to you of the 20th ulto last, I consider it most conducive to the public interest to purchase the remaining 20 Garces - forthwith, in preference to the acceptance of the terms suggested in Mr. Read's letter accompa- -nying; and the present scarcity of rice which now exists within the Goa territories, rendering the immediate adoption of this measure an object of the utmost importance -

I have the honor to be &c &c

To The Sub Assistant Commissary General

Sir,

I have to acknowledge the receipt of your letter under date the 14th Instant. —

I am sorry to acquaint you that I cannot prevail on any of the Grain dealers here to accept the terms of the Government advertisement forwarded me with your letter of September last, nor as I have formerly stated, do I think they ever will, the terms being so novel to them, and pregnant with risk. — I have therefore only to state, that good rice of the muster enclosed has been tendered for 100 Rupees the Corge, similar in weight to that sent you last year. —

Altho' this price may appear high it does not exceed the present selling rate in this part of the province, where large quantities continue to be exported daily and as

Fort St. George 29th January 1813

as far as I can foresee, this price is not likely to be lower.-

Should you meet with no better offers, I will hereafter acquaint you with the ports to which freight should be sent.-

Independant of the above sum per Corge, an expense of between 1 and 2 Rupees more for shipping it on board the Pattamars will be incurred, and account particulars of the same rendered you-

From the Commissary General with Copy of a Contract concluded for the exclusive Sale of arrack and intoxicating drugs at Paulnah.

Sir

I have the honor to forward for the purpose of being laid before the Honorable the Governor in Council, the accompanying copy of an agreement which has been arranged by Major Mackintosh the Deputy Commissary General with the Head Quarters of the Subsidiary Force of Hyderabad, for the exclusive sale of Arrack and intoxicating drugs in the Bazars at Paulnah, for the period of twelve months, from the 1st. of January to the 31st. of December 1813.

2 The rent to be paid under this

1335

Fort St. George 29th January 1813

this agreement is somewhat less than the
amount stipulated in the contract which
expired on the 31st. ultimo, but from the failure
in many instances of the retailers of arrack,
and from want of proper management on the
part of the person holding that contract, it
has been found impracticable for him to
continue to pay the sums formerly agreed on,
and to enable the persons who have made the
accompanying contract to fulfil their engage-
ment, it has been necessary to prolong the
duration of it, from six months to the period
of one year, an arrangement to which I am
not aware of any objection, and which I have
the honor therefore to recommend may receive
the confirmation of the Government.—

3 It will be observed by a
reference to the contract, that the amount
of rent is to be encreased or reduced proporti-

of duties of the nature of those to which your "
letter relates, were neither contemplated nor provi-

of the Institution, neither the Junior Civil

made a sufficient progress in that tongue
nor the native students, a sufficient progress
in English, to enable the Board to employ
either in the translation of important papers
such as those received from Travancore for the
execution of the task; therefore, the Board depend
chiefly on extraneous assistance, on the "

the Board, until lately, have been deprived of -
the services of two, a domestick misfortune "
prevented the attendance of the English master
and the constant attendance of the Nair could
not, as was expected, be obtained, but the speedy
translation of the papers in question, has been
chiefly impeded, as already mentioned, by
their being written in a mixed dialect of -
Tamil and Malieyalme, which is not familar

Sir,

With due deference and respect I beg leave in a most Submissive manner to enclose herewith a proposal which I beg you will be pleased to transmit it for the consideration of the Honorable the Governor in Council -

The present Contractors' charges for the supply of Carts to Convey the Stores of the Commissariat Department to the different out Stations, are extravagant, and therefore I entreat that the Honorable the Governor in Council will be graciously pleased to appoint me as Contractor for the supply of Carts to the Commissariat department and the hire of Carts which I agree to

No. 50
From the officer Commanding at Wallajahbad - Forwarding Copy of a Correspondence with the acting magistrate of Arcot requesting certain Smuggers of arrack - Suggesting means for repressing the illicit Sale of - that liquor -

Enclosed herewith I have the honor of transmitting to you for the information of The Honorable The Governor in Council Copies of Correspondence which has taken place between the acting Magistrate of the Zillah and myself in consequence of my having directed two men and two Women to be corrected for having vended Spirituous Liquors to the Troops in this Cantonment. They were seized in the actual commission of the fact of

Fort St. George 29th January 1813

1357

of vending the liquor to the soldiers and their liquor, and vessels containing it, — seized with them, and under the impres- -sion and being authorized by the Concluding words of Clause the 2d of the Regulations of 1809 for the support of the Police in Cantonments and Military Bazars I directed the two men to be punished with 24 — stripes each, and the two women to have the hair on their heads slightly marked with a pair of Scissars and then to be drummed out of the Cantonment — The Corporal punishment was in fact — nothing. I had no other intention than that of preventing a Recurrence of the same crime by operating if possible upon their sense of Shame, The acting Magistrate has questioned my — authority in that respect and under

the

1358

Fort St. George 29th January 1813

the impression that the Concluding words of Clause the 2nd of the Regulations of 1809 having authorized the step I had taken I wrote the letter of which No. 2 is a Copy. Having immediately after it's dispatch referred to the Regulations I now find myself doubtful with regard to the propriety of the step I have taken. If I have err'd I intreat that The Honorable the Governor will believe that I acted on the motion of the best judgement I could at the moment exercise on the Occasion.

As I am assured that the practise of vending Country arrack and intoxicating Liquors to the Troops in this Cantonment has been frequent, the Conclusion appears to me unavoidable that the measures hitherto adopted for its prevention have always proved ineffectual.

The

1359

Fort St. George 29th January 1813

The Crime considered in the abstract may perhaps be deemed not of a heinous description — The vendors of these liquors seek for nothing but their own profit possibly without considering or regarding the mischiefs that follow upon it — These mischiefs are the Encrease of the Sicks in hospital and of Casualties by death and the deterioration of regularity order and discipline, more particularly among the European Soldiary. nothing appears to me so truly useful therefore as the adoption of such measures as will be found effectual in averting those Evils without the necessity of resorting to any undue Severity. With this view I presume to offer the suggestion of giving a trial to the experiment of bringing before a Court Martial all such

Fort St. George 29th January 1813

such persons as may be detected in vending liquors to the troops in a Cantonment or Military Bazar and if upon conviction one part of the sentence of punishment were to Imprison Imprison or drum out of the Cantonment or Military Bazar and to prohibit for a certain period all such persons from appearing within the limits of such Cantonment or Military Bazar nothing more perhaps would be found necessary to oppose an effectual check to the further progress of a practice so pernicious in its results.—

To prevent any abuse of authority on the part of Commanding officers, it may perhaps be deemed advisable to direct that all trials of this description shall in the first instance be submitted for the sanction of superior authority before the sentence of punishment can be carried into

To

Fort St. George — February 1813

To the Honorable Sir G. H. Barlow Bart. K.B.

Governor in Council

at Fort St. George

Honorable Sir

Para 1st. We have the honor to acknow=
=ledge the receipt of Mr. Secretary Hill's letter
of the 18th. Instant communicating, for our In=
=formation and guidance the resolution of your
Honor in Council that "orders for the execution
"of public works of every description shall be
"issued through the channel of the Military Board".

2 In the extract of a letter from
the Military Board, which accompanied the
foregoing Resolution, it is stated that the Super=
=intending Engineer of the Presidency Division
is employed in the construction of the public
works, Civil and Military; and that, if the
supplies for the Military only are furnished

by

Fort St. George — February 1813

by the Commissariat, the Superintending Engineer in the erection of Civil buildings under a Sepa-=rate arrangement will excite competition, and thereby destroy the beneficial effect expect-=ed to be derived from the exclusive supply of materials by the Commissariat. It has therefore been suggested by the military Board that all plans and estimates of buildings re-=quired by the Civil Department be forwarded to their Office by which means it is observed they would be in full possession of all the information necessary to enable them to pass demands for the materials required. In conclusion they suggest that the executive Engineer should be liable to receive no orders for the construction or repair of any public works except through the channel of their Office.

3

The suggestion of the Military Board

Fort St. George — February 1813

Board seems to us to embrace as the primary object, the exclusive supply of materials by the Commissary General, and next the advantage of a Check on estimates and a survey on — Civil buildings when completed, in like manner as is observed in respect to those — constructed for military purposes. —

4th In regard to the probable advantage likely to result from both of the foregoing suggestions, we entirely concur with the military Board, but it appears to us and for the reasons we shall hereafter state, we take the liberty to submit for your consideration, — that the objects in view are attainable without entirely removing the executive Engineer from under the orders of the Board of Trade, a — measure which in our opinion would be attend- =ed with great inconvenience.

5th While the care and Superin- =tendence

Fort St. George — February 1813

= tendence of the Civil buildings rest with the — Board of Trade, a direct communication with the Superintending Engineer is indispensably necessary. — at present all applications for the construction of new works as well as alterations and repairs of the old are, in the first instance made to this Office; and the purpose for which they are required being explained to that Officer the necessary Instructions are furnished, and plans and estimates submitted for our consideration.

6 Fully admitting that the gener- = al duties of this Board are not such as to render them competent judges of the char- = ges of materials or workmanship, and that the professional knowledge of the Military Board will afford a salutary check in these points, we must nevertheless observe that the consideration of the general plan, as to —

form

Fort St. George — February 1813

form and extent, of a new building; of the alterations necessary for purposes purely Civil and particularly such as relate to those in the marine and Commercial Departments is a proper branch of our duty — We beg leave therefore to propose the following mode of proceeding which it appears to us will secure the object in view by the Military Board —

1 That the Superintending Engineer continue to communicate as at present with the Board of Trade in all matters connected with the Civil Buildings at the Presidency —

2. That all instructions as to the form and extent of new buildings and alterations of old for Civil purposes decided on by previous reference to Government be conveyed direct from the Board of Trade to the Superintending Engineer —

That

Fort St. George — February 1813

3 That the Superintending Engi-
=neer furnish the Board of Trade with the plan
and estimate of the building required, and —
prepare the latter document in the same form
and upon the same principles as his military
estimates, referring it in the first instance
to the Military Board.

4 That the Board of Trade
submit the same to Government with their
opinion as to the form and dimensions of the
building and its applicability to the purpose
intended.

5. That the Chief Secretary's
signature to an estimate approved by Govern-
=ment shall be a sufficient voucher for
the sanction of the undertaking, as well as an
authority to the Commissary General (through
the Military Board) for the issue of the ne-
=cessary description and quantity of materials

required

Fort St. George — February 1813

required.

6 And that the work being completed be surveyed by order of the Military Board and the report of Survey considered the sanction for the final adjustment of account in the Civil Department, and the appropriation of the building according to the original intention.

7th The foregoing system, we are of opinion will most effectually ensure regularity in the public accounts of the actual expenditure of money on account of buildings for the use of the Civil Department, and is the only means of securing the object of Government "in placing under our Superintendence and "control the whole of the public buildings at "the Presidency excepting such only as may be "appropriated to Military purposes."

Resolution of Government dated 20th march 1812.

8 We take this opportunity of

representing

Fort St. George — February 1813

representing to Government the considerable increase of duty in the Office of the Superintending Engineer owing to the extensive plans, estimates and valuations of houses and works required both in our Department and in that of the Civil Secretary to Government as appears more particularly explained in the enclosed letter from that Officer, and as this duty, for the performance of which no establishment is now allowed, is not likely to decrease, we beg leave to recommend that the Superintending Engineer be authorized to employ for the use of the Civil Department the persons mentioned in the margin at the monthly expence of Twenty two Pagodas.

In the military Department I am provided with one draughts-man one Bricklayer maistry and one Carpenter maistry; the two last performing the duties required in the Chief Engineer's Office as well as my own, and this falls so heavy upon them that I am myself frequently under the necessity of applying my time and attention to minor and subordinate duties of detail, which I am disposed to be of opinion

Extract from the Minutes of Consultation in the Judicial Department. Respecting the public Buildings at Cochin. —

Extract from the minutes of the Proceedings of the Honorable the Governor in Council - dated 29th. January 1813.

"Read the following letter from the

Fort St. George — February 1813

the Judge and Magistrate of Cochin".

To the Secretary to Government

Judicial Department

Sir,

I have the honor to acknowledge the receipt of your letter of the 15th. December 1812, transmitting for my report Copy of the Military Board's address to the Honorable the Governor in Council relative to the public buildings at this station.

I have obtained from the Office of the Collector in malabar the whole of correspondence on this subject, but must beg leave to premise that at the time the Fort was destroyed in 1803, all the Government buildings, as well as other public edifices not Government property, were demolished, and the Company in consequence put to some expense in rent for Offices.

Upon

1388

Fort St. George — February 1813

Upon a Removal presented to Govern-
=ment by Mr. Wride one of the principal Dutch
inhabitants of Cochin who had performed —
certain public Services which were deemed
worthy of recompense and who was then about
to return to Europe it was determined that
four houses which he possessed in this Town
should be purchased on account of Government
at a fair valuation, and accordingly the Sum
of 14,175 Rupees was paid to Mr. Wride, and the
buildings taken in charge by the Assistant
under the orders of the Principal Collector in
malabar.

The appropriation which then
took place of the buildings thus become Govern-
=ment property was reported by the Assistant
in charge of Cochin to the Collector of malabar
and by that Officer to the Board of Revenue
under date the 12th April 1814 and if any orders
have

Fort St. George — February 1813

have been issued regarding them from that time to the 28th. of August last, under which date the Honorable the Governor in Council was pleased to sanction the repairs and alterations suggested in my address of the 17th. August 1812. they have never been communicated either to the Collector of malabar or to the local authority here.

During the disturbances which took place in this part of the Country three or four years ago troops were frequently passing and repassing, and the houses in question being much neglected, and for the most part uninhabited, were frequently taken possession of by the troops and followers, and one of the buildings was occasionally used as a mess room for the Officers of the Battalion stationed here and as quarters for the Commanding

Officer

Fort St. George — February 1813

Officer - but never without a previous ap-
=plication to the Collector for permission -

I have now the honor to report that the repairs and alterations sanctioned by Government under date the 28th. August 1812. have been completed without exceeding the amount of the estimate, of which I was so apprehensive that I conceived it to be the most prudent plan to enter into a contract with the persons who drew it out, and who bound themselves in a penalty to complete the work in the most satisfactory manner for the sum authorized to be so expended.

The building largest in side is now converted into an excellent Court House and secure commodious Jail - it also contains the Revenue Office, Post Office, Pay Office and military Store room by which means two or three Guards become united

in

Fort St. George — February 1813

1st. in one. The treasury is still kept in a — distinct part of the house which I inhabit. the small house in the Bazar has been — vacated by the Custom House Clerk, and is now made use of as a Fiscal's Office or Choultry - an estimate is now being prepa- =red of the alterations necessary in the only public building remaining unoccupied in view to it's eventual appropriation as Chapel should we be so fortunate as to obtain the services of a Clergyman from Ceylon. —

To the President and Members of the
Military Board

Gentlemen,

I have the honor to inform you that several pieces of Ordnance have been for many months lying in the upper and lower Forts at Pellicherry. Having lately observed two brass Guns of small calibre which did not appear to be applicable to any immediate or particular Public

Fort St. George 2. February 1843

Lieutenant Colonel Dowse's force —

apprized the Sub-Assistant Commissary General with the Field force under the Command of Lieutenant Colonel Dowse of the authority which had been given to me to take from the Brinjarries such quantities of the Rice which they carried to Camp, as they might bring to Bellary to be placed in the Commissariat Stores at that station; and I now beg leave to forward for the information of the Honorable

No 1. the Governor in Council a Copy of the instruc-
=tions which I sent to Captain Stewart on this

No 2. occasion together with a Copy of the Report which I have received in reply from that Officer. I have also the honor to annex a Copy of the instructions sent to Lieutenant Webster for his guidance in receiving the Grain from the Brinjarries at Bellary.

2 The arrangements which have been concluded with the Brinjarries are, I conceive,

as

as favorable to the Public as could possibly have been expected, while the important object of satisfying this useful class of people appears to have been fully accomplished. -

3 Concurring with the suggestions contained in the 13th. paragraph of Captain Stewart's report, I shall direct him to make such presents as may have been customary to the raigues of the Brinjarries, after the delivery of the Grain shall have been completed, and as this measure is consistent with long establish-ed usage, I trust that the trifling expense which it may be necessary to incur and which will of course be submitted as a contingent charge requiring special confirmation, will be sanction-ed and approved by the Honorable the Governor in Council.

4 Lieutenant Colonel Dowse having directed that three thousand loads should be

detained

Fort St. George 2. February 1813

Public Service I addressed an application under
date the — Ultimo to the Officer Commanding
at this place, for permission to apply the said Guns
to my Private use on board of a Pleasure Boat.
This application was forwarded to the Officer
Commanding the Provinces at Cannanore, who
was pleased to inform me in reply, that the
Guns were "Public Property" and that I must
in consequence solicit them from your Board.
In the mean time I have to inform you that
the Brass Guns have disappeared, and I find
upon enquiry that Mr. Thomas Henry Baber
has siezed them, and applied them without
any previous intimation given or received, that
he had intention or permission so to do to his
Private use, and that they have been taken out of
the Province on board of a Country Ship. as I
cannot but consider myself to have the first
and best Claim to the use of these Guns if they

From the Commissary General - arrangements Completed for Storing at Belary part of the Rice belonging to the Brinjarries with Lieut.

This grain if not issued in Camp will be ultimately deliverable at Bellary on the same conditions as the quantity now under receipt; it may therefore in fact be considered as the property of the Public, and the expence of its Carriage does not exceed one Rupee per month for each Bullock Load while a charge equal to five times that amount would necessarily be incurred, if Cattle were hired for the conveyance of the Rice which the Commanding Officer has judged it expedient to retain with the Field force.

To Lieutenant I. Stewart

Sub Assistant Commissary General

Sir

1 Having submitted a Copy of your letter of the 6th Instant for the consideration of the Government with my recommendation that such quantities of Rice as might have been carried to Camp by the Brinjarries, and as they might bring to Bellary, should be taken from them, and placed in the Commissariat Stores at that Station, I have now to acquaint you that the Honorable the Governor in Council has been pleased to authorize the adoption of this arrange-ment, care being of course taken to purchase the grain on the most advantageous terms procurable consistently with the important object of affording an ample and just compen-sation to the Brinjarries.

2. I have accordingly the honor to request

Fort St. George 2. February 1853.

request that you will lose no time in taking the necessary measures with the concurrence of Lieutenant Colonel Dowse for carrying into effect the resolution of Government - From the general tenor of your several communications on this subject and more particularly from the information contained in your letter of the 6th Instant, I have been led to entertain a hope that the Brinjarries will be enabled to deliver their grain at Bellary at the then market price of that Station, or at the rate of about 13 or 14 Seers per Rupee - In arranging however with them as the quantity which they may probably have to dispose of and the prices to be paid for the same, a great deal must be left to your discretion on which I am inclined to place every reliance, feeling satisfied that you will pay every attention to economy, that may be Compatible with the primary object of compensating in an adequate

degree

Fort St. George 2. February 1813

degree a class of people whose services are indispen-
=sable.

3 With regard to the number of Brin-
=jarries who may be desirous of availing themselves
of the present arrangement, I trust that it may
not exceed ten thousand, and that the remainder
may be able to find other markets for the dispo-
=sal of their grain. Should it however appear to
you inexpedient to confine the number within
that limit I shall not object to it's being extend-
=ed to fifteen thousand, altho' it would certainly
be preferable if the indulgence were granted
only to such as had received advances from the
Public. But this point is also left for you to
determine in communication with Lieutenant
Colonel Dowse.

4 You will have the goodness to report
to me in the fullest manner the agreements
which you may conclude and the reasons which

may

may actuate or regulate your proceedings, in order that I may be prepared to submit a detailed communication of the same for the information of the Honorable the Governor in Council. It will also be necessary that you should report fully with respect to the mode followed for the recovery of the advances made to the Brinjarries which will of course be arranged on the delivery of the Grain.

5 A Copy of the instructions which will be sent to Lieutenant Webster on this subject shall be sent to you. In the mean time as the duty of receiving the grain at Bellary will probably devolve on him, I request that you will transmit to him such information as may be necessary for his guidance, and it will be satisfactory to me, to learn that such a mutual understanding may prevail between you and Lieutenant Webster, as may prevent the necessity

of

enclosing Copy of one addressed by you to

my approval of your having notified to that
Officer the probability that a proportion

To the Commissary General
Fort St. George

Sir

Para 1 I have the honor to acknowledge the receipt of your letter under date the 24th Ulto and

1452 Fort St. George 2. February 1813

and have now the satisfaction to report to you the final arrangements which have been concluded with the Brinjarries -

2 They are to deliver into the Granary of Bellary Ten thousand Bullock loads of 7 marcals each load -

3 They are to be paid for 7000 loads of the Rice, which is of a Superior quality at the rate of 12 Seers for the Rupee, and for the remaining 3000 loads of Coarse Rice at the rate of 14 Seers per Rupee -

4 The Fifty thousand Rupees - advanced to them, is to be deducted on the delivery of the Rice, and the Balance only paid -

5 By desire of Lieutenant Colonel Dowse, 3000 Loads have for the present been detained in Camp. The owners of these are to receive a Compensation for the time they may be detained at the rate of one Rupee per

Fort St. George 2. February 1813

per month for each Bullock load. This allowance is to cease as soon as they are permitted to proceed to Bellary and deliver their Grain or on it's being taken from them in Camp. This arrange=ment appeared to Lieutenant Colonel Dowse more advantageous to the public than to replace the quantity of Rice expended and to continue the original number of hired bullocks in the Service.

6. That the terms on which the Brinjarries are to deliver the Rice are sufficiently advantageous to the public will I think appear from this Single Consideration. That after having had the benefit of the attendance of the Brinjarries for so long a period in this Camp, the Rice is purchased at as Cheap a rate as I could obtain at Bellary previous to the march of this force.—

7 In order to ascertain if the

object

Fort St. George 2. February 1813

object of affording a Compensation to the Brinjarries had also been attained it was necessary to enter into a minute investigation of the different situations where they had pur-
=chased their Grain, the prices at which they had obtained it, and the time they had carried it. Of course among so great a number, these circumstances varied much, chiefly owing to the ignorance in which the Brinjarries were kept, regarding the direction in which the force was to march. Had that been known, it is probable that the whole would have loaded in the Mysoor and in the Soondah Countries at a much Cheaper rate than those who purchased their Grain in the Ceded Districts.

2 It was of course impracti-
=cable to make a separate agreement with each individual according to the circumstances

Had that been known, it is probable that the whole would have loaded in the mysoor and in the Soondah Countries at a much Cheaper rate than those who purchased their Grain in the Ceded Districts.

8 It was of course impracti-cable to make a separate agreement with each individual according to the circumstances

under

Fort St. George 2. February 1813

under which he had made his purchases. I thought it most advisable to make a general arrange=ment, grounded on those circumstances taken on the average, leaving it to the Lalah to equalize in some degree the cases of individuals.—

9 Taking therefore the average rate at which the Supe.=rior sort of Rice was purchased at 30* Seers per Rupee, and allow.=ing that the Brinjarries loaded 90 Seers on each Bullock, The original price of each load will be 3 Rupees. Before the Rice can be delivered at Bellary it will have been carried for a period of about 6 months, so that the loads will be reduced by wastage to the quantity to be delivered Viz. 84 Seers.

*Note From the account of the Brinjarries themselves this is nearly the cheapest rate at which any of them purchased. Some assert that they purchased so high as at the rate of 20 and 22, and a few admit that they pur.=chased at the rate of 36 Seers per Rupee. In taking 30 Seers as the medium therefore I allow for some exaggeration on the part of the Brinjarries, though they appeal to the Dumildars of the Talooks where they loaded for the truth of what they assert.

R

Fort St. George 2. February 1813

10 It has been calculated I believe by Colonel Munro that the expense of weare subsistence to the Brinjarries while carrying Grain amounts to about half a Rupee monthly on each Bullock load. From every enquiry I have made I find that where Juary and other coarse kinds of Grain (on which the Brinjarries entirely subsist) are cheap their expenses ought not to exceed the sum I have mentioned. The bare expences therefore on each Bullock load when delivered at Bellary will amount to 3 Rupees which added to the price will make the Cost to the Brinjarries 6 Rupees per Bullock load. at the rate of 12 Seers per Rupee the price of a load of 34 Seers is 7 Rupees so that there remains a profit of 1 Rupee on each Bullock load.

11 Out of this profit I know that the Brinjarries pay a considerable sum to the Lalah not only on account of the risk he incurs

by

Fort St. George 2. February 1813

by being Security for them but for his general management of their concerns. When in addition to this we take into account the loss of Bullocks, the wear and tear of Gunny Bags &c. I imagine the actual grain of the Brinjarries will be found extremely moderate. But they are I believe perfectly reconciled to a trifling profit from the Dread in which they have long been that they would suffer considerable loss on their rice on the present occasion.

12 I have confined myself in the preceding calculation to the fine Rice because I know that the owners of the coarse rice are better satisfied than the owners of the fine Rice — consequently I conclude that the profit in the former is greater than on the latter kind of rice.

13 If after the delivery of their Grain the vanity of the naiques is gratified by a few presents of Cloth such as they have received on former occasions and to which they attach

Fort St. George 2d. February 1813

attach much importance. I conceive we shall find them ready to come forward on any future occasion when their services may be required. But they will probably be more particular in the terms of their engagements.

14 From the intercourse I have had with the Brinjarries some observations have occurred to me regarding the employment and management of that Class of People, which I shall probably beg leave on some future occasion to submit to your notice.

15 I do myself the honor to enclose Copy of a letter I have this day addressed to Lieute= =nant. Webster on the subject of the Brinjarry Rice.

To Lieutenant Webster

Sub assistant Commissary General

Bellary

Sir

Parā 1 I have the honor to inform you, that I have purchased from the Brinjarries under the authority of the Commissary General Ten thousand Bullock loads of Rice of 7 marcals each load.

2 You have already received intima= =tion that this Rice is to be placed in Store at Bellary, and I have now to acquaint you that the whole of the Bullocks have set out for that = station with the exception of 3,000 which are still retained in this Camp. Some of the Brin= =jarries are nearer to Bellary than those in this Camp, but they will probably all arrive about the same time and I think not earlier than the 1st. of February.

3 I enclose a Statement of the

his

1460

Fort St. George 2d. February 1813

kinds of Rice which have been purchased, the number of loads of each sort, and the price. To-morrow I shall dispatch to you sealed Bags containing Samples of these Sorts by which you will be enabled to check any attempt to deliver rice of an inferior quality, to that which has been purchased.

4 I have agreed to allow the Europe Brinjarries to supply their own measuring man, the other to be furnished by us, and as you may not be able to find an expert man of that description at Bellary, I shall despatch one of those I have in Camp, together with one of the Company's marcals, and you will I suppose be able to procure another of the same size at Bellary. The marcal will be sent in a sealed Bag.

5 I have perfect confidence that you will pay such attention to the measurement

Fort St. George 2. February 1813

measurement as to preclude the necessity of the Rice being remeasured on my resuming charge at Bellary; at the same time I may be permitted to mention that it will require your utmost vigilance and circumspection to prevent imposition.

6 In storing the small quantity of Rice which was carried along with this force there was a gain by the measurement of about 7 per Cent. But in that instance both the measuring men were furnished by the public. In the present case a gain is not to be expected nor indeed is it desirable considering the circumstances under which the Rice has been purchased.

7 Lala Nanack Ram proceeds to Bellary along with the Brinjarries. You are I suppose aware that he has the general controul and management of the Brinjarries

and

Fort St. George 2d. February 1813

and you will of course make all your arrange=
=ments for the measurement &c. in com=
=munication with him. I would recommend
you to be guided by his opinion and that
of the other experienced natives at Bellary
regarding the Kinds of Rice which may
be mixed together and those which ought
to be kept separate from each other in the
Granary -

8 It seems probable that I
shall reach Bellary before the measure=
=ment is completed but if I should not
I shall hereafter communicate with you
on the subject of the payment of the Ba=
=lance which will remain due to the Brinjar=
=ries on the delivery of the whole of the Rice -

No. 41
From the Officer Commanding the Southern Division of the Army. Repairs recommended by the Officiating Chaplain at Trichinopoly.

I have the honor to enclose for the purpose of being submitted to the Honorable the Governor in Council a letter received from the Officiating Chaplain at Trichinopoly respecting alterations which he considers to be necessary in the new Chapel at that Station. -

I coincide with the Reverend Mr. Smith in opinion that some alteration in the window Shutters is necessary. The Building

stands

Fort St. George 2.. February 1813

stands on an open plain without any kind of pro=
=tection from the wind, which blows during many
months of the year with considerable violence;
and as the shutters are planked, and in one
piece from top to bottom it is impossible to
exclude it, without shutting up the entire of
the weather side, which would necessarily pro=
=duce intolerable heat within. -

Sir

I have been induced to lay before
you, in your official Capacity some inconveniences
and

Fort St. George 2. February 1813

and wants, which fall under my immediate observation. The first respects the new Church, which being situate upon the plain is from its open Windows always exposed to such a glare of light and frequently subject to so strong a Current of wind that neither minister nor People can perform their duties without consideravle annoyance. Venetian blinds would obviate this difficulty. - A second inconvenience arises from the want of Lights at the Evening service; twelve Globe Lamps one over each Pew, I conceive, to be indispensably requisite

Allow me now to advert to the decayed state of the old Church yard wall, which from the violence of the monsoon and other causes is fallen down in many places. - From this circumstance, several abuses have arisen. The Cattle are continually coming in and the natives have broken down or mutilated several

Tomb.

Tomb stones which the Soldiers have erected to the memory of their Relatives or Friends - It were highly to be wished that when once repaired an effective Sentinel should be stationed both here and at the New Church to prevent a recurrence of the evil -

Should the preceding Representations meet your concurrence and approbation, you will oblige by transmitting them to Government thro' the usual Channel of Communication with all convenient speed; when I feel persuaded, that such measures will be adopted as will enable the living to worship God without distraction, and the dead to lie in their peaceful habitations without further sacrilegious dispredation -

The following Letters from the Supreme Government at Fort William and the British Envoy at Goa are ordered to be recorded.

To the Honorable Sir G. H. Barlow Bt. K.B.
Governor in Council
Fort St. George

No. 46.

From Fort William. The British Troops at Goa to be withdrawn

Honorable Sir,

The object of this dispatch is

to

Fort St. George 2. February 1813

withdrawn; the Portuguese Grenadeir Battalion to be Continued in British Pay.

to communicate to you a resolution to withdraw the auxiliary Force from Goa, which we have for some time speculatively contemplated, but which we were not prepared finally to adopt until we should ascertain by a reference to Captain Schuyler, the sentiments founded on local knowledge and observation, entertained by that Officer on the practicability and expediency of the measure generally, on the manner in which a proposition to that effect would be received by the Viceroy, and the impression which it might make on the community of Goa and on the minds of the Principal Inhabitants. —

2 The tenor of Captain Schuyler's reply to the reference which was made to him under our authority being calculated to confirm the general view which we had previously taken of the expediency of withdrawing the

Fort St. George 2. February 1813

the British Force, we have determined to pro-
=ceed to Carry it into effect without loss of time,
and Captain Schuyler has been instructed
to open the question to the Viceroy at the earli-
=est convenient period. —

3 We do not apprehend any
serious or protracted opposition to this propo-
=sal on the part of the Viceroy, whose consent
it is of course desirable to obtain although
we unquestionably possess the right of
withdrawing the force without his concurrence;
and it is our expectation that the Corps
composing the auxiliary force will be at
liberty to march from Goa at an early period.

4 We accordingly request that
you will be prepared to direct their march in
Concert with Captain Schuyler, who has been
furnished with instructions on this subject
to such stations as you may determine on

as

Fort St. George 2. February 1813

as soon as you receive notice from Captain Schuy-
=ler that they may be withdrawn.

5 The several station and Garrison Staff and establishments will of Course be abolished when the force is withdrawn.

6 Our principal object in with-
=drawing the auxiliary force from Goa is to place at the disposal of your Honorable Board those Corps of the Services of which you are now entirely deprived without any adequate Corresponding advantage to the general interests of the Empire and we trust it will afford the means of materially facilitating your military arrangements.

7 It is proper to inform you that the diplomatic establishment at Goa will be maintained on its present footing after the removal of the auxiliary Force and that it is our intention to Continue the Portuguese

From the Envoy at Goa. Concurrence of the Viceroy in the proposed removal of the auxiliary force. Instructions requested regarding the removal of the Military Stores at Goa.

I have the honor to submit to you that in consequence of orders from the Supreme Government (of which I am apprized that Copy had been forwarded to Fort St. George) that the Troops composing the Auxiliary Force should be withdrawn from Goa - I have received the approbation of His Excellency the Viceroy that the measure shall be carried into effect as soon as the Honorable the Governor in Council may think

our Right to Cintroduce them Consistent with existing engagements when Circumstances might render it necessary. His Lordship's reply was "that he would never relinquish the protection of the English".—

3 On Submitting the subject of the Grenadier Battalion being Continued as at present on British pay, I received His Excellency's most ready Concurrence. He viewed the proposal in the fairest light, and expressed himself fully impressed with the Generosity of the British nation.—

4. As the Viceroy offered no difficulty to the effecting the proposed removal, I did not introduce the favorable disposition of the Governor General to Employ his influence with the neighbouring Chieftains in behalf of the tranquillity of this Colony.—

5 As I observe it to be the wish of

1498 Fort St. George 2. February 1813

of the Right Honorable the Governor General in Council that the arrangements Connected with the withdrawing of the troops should be effected as early as possible, I have thought it advisable to address the Governments of Fort St. George and Bombay on the subject, Copies of which letters are herewith transmitted, and with respect to the march of the troops, the disposal of the Military Stores and Provisions &c., I suppose that measures will be adopted by these Govern= =ments to remove whatever may belong to its own Presidency, and I shall await their respective instructions on these subjects.

6 I shall have the honor in the Course of a day or two to lay before His Lordship in Council the present strength of the Grena= =dier Battalion with the arrangements I may find best adapted to have it regularly and Conve= =niently paid.

7 As the Boat establishment at Goa was introduced by order of the Supreme Govern=ment, I shall receive instructions I suppose, from the Right Honorable The Governor General in Council on the subject of the disposal of the Boats and Stores connected with that establish=ment.

8 On receiving the orders for the march of the troops from Goa, I shall in Com=munication with the Officer Commanding the Force adopt measures for delivering over the Forts and military Posts to the Portuguese Government.

9 I cannot conclude without request=ing of you to express to the Right Honorable the Governor General in Council, how much I feel flattered by His Lordship's favorable opinion.

Forces, the enclosed Letters from the Military Secretary to His Excellency Major General Warde, Commander in Chief at the Mauritius, in Reply to my applications, for an advance of Pay on Account of the Ceylon Government.—

I beg leave to state that the Six Months Pay mentioned, is from 9th April 1812 and that the Passage Money to the Coast, was half the Sum advanced, the suddenness of my departure from the Mauritius, precluded my obtaining the Pay Certificates mentioned in Captain Mollay's Letter, under date 19th September 1812, but which it is presumed that Officer's Official Letter of the 30th October 1812, will serve as a sufficient substitute for.—

I have therefore to solicit His Excellency's acquiescence to my Request to be allowed to draw the King's Pay of my Rank, from 9th September 1812, in order the better to enable me to join my Corps without delay.—

No 24

From the Military Board — Explanation of the increased demand for Saltpetre stated in their Report of the 3d. December last —

We have the honor to acknowledge the Receipt of a Letter from the Secretary to Government, in the Military Department, dated the 27th. Instant, forwarding the Resolutions of your Honor in Council, on the Communication from the Board of Trade, Relative to the Supply of Salt Petre, Required by the Military Department, and we beg leave to State in explanation of the increased demand for this Article, submitted with our Report of the 3d. December, that we have considered it expedient to have at Command, the Materials Requisite to keep in employment, the whole Resources of the Manufactory, and 1149 Candies was accordingly estimated as the probable quantity, that could be made use of in the course of the year. It is however necessary to observe that although the Ultimate demand for the year exceeds the quantity indented for in former years, yet it could

be

Fort St. George — 5th. February 1813. —

be Receivable from time, to time, in such proportions, as the Superintendant might find it most convenient for the Public Service, and as this mode has been the practice observed, hitherto it has been laid down, as a Regulation, for the future guidance of the Superintendant in the 3d. Paragraph of the Regulations for this Depart: ment, which have Received the Sanction of your Honor in Council. —

2. As the Manufacture of Gun Powder ceases on the 15th. of October annually, we shall be enabled to submit our Indent, for the ensuing year, immediately after that period, when the quantity Remaining in Store, can be ascertained, but should it be deemed expedient, that intimation of the probable demand should be furnished to the Import Department, before the 15th. of October, we shall make the necessary arrangements to enable us to do so. If an intimation to the Board of Trade should be wished to be given in, at any other time in the year, we shall of course comply with their wishes in this Respect. —

3. In our Report of the 11th. Instant (No 13)

we

we had the honor to recommend, that orders might be issued for the supply of Salt petre, indented for on the Import Department, and with reference to the Resolutions of your Honor in Council, on this subject, we beg leave to Report, that at the date of the above communication, the quantity in Store was only sufficient for Thirty four days' consumption, and if a Supply is not furnished before that is expended, a delay in the manufacture must take place, as ten days are required to refine Salt petre, before it can be used as an ingredient in making Powder.

respecting the probable demands for Salt petre for Military purposes.—

To The Honorable
Sir G: H. Barlow Bt. & K. B.

Honorable Sir,

No 26. From the Military Board - With Estimate for arching over the drain on the West Esplanade

Having in our Report of the 1st. of October last No 267, acknowledged the Receipt of a letter from the Secretary to Government in the Military Department dated the 26th. September, with an Extract from the Minutes of your Honor in Council, in the Public Department, under date the 22d. of that Month, we now beg leave to Report our proceedings upon the Subject discussed in those Papers.—

2. On a due consideration of the purposes for which the drain on the Esplanade was originally formed

Fort St. George 5th February 1813.

formed and also of the difficulty of providing any other Channel for the discharge of Water &c. from the Black Town, we were of opinion that it would be expedient to cover it with two parallel Arches, each about 4 feet broad from Popham's Broadway to the Hospital Bridge with proper Cesspools on the Crown of the Arches, at given distances & granted, we accordingly Requested that the Chief Engineer would prepare an Estimate for carrying the above work into execution, and that Officer having laid before us a Plan and Estimate Amounting to Pagodas 10,501. 17. 5. we on a further consideration of the Subject, and being of opinion the object in view might be accomplished at a much less expense Requested, the Chief Engineer would prepare another Estimate for covering in the Drain to the extent of two hundred yards from its present opening at Popham's Broadway.

3. In bringing the Estimate prepared conformably to this Resolution before us, the Chief Engineer suggested the expediency of forming the Drain in a Straight direction from Popham's Broadway to Benfield's Bridge, as by that mode, the distance would be shortened, and the

Fort St. George — 5th February 1813.—

the arches being thrown upon a drier soil than the &c
present Swamp, would require less foundation to ensure
their permanent stability. The earth which would be
excavated on the formation of the new line was of course
to be applied in filling up the present ditch, and the
Amount of expence to be incurred in carrying this plan
into execution was estimated at Pagodas 5,780-8-10.—

Previously to our forming any &c

decision upon this proposition, we were induced to
request that the Chief Engineer would lay before
us an Estimate for covering in Two hundred yards
of the present Drain, in order that we might be &c
enabled to decide upon the expediency of altering its
direction.—

The Chief Engineer has accordingly

5.

submitted an Estimate of which the accompanying is
a Copy amounting to Pagodas 3035-32-- -, which we beg
No 1 leave to Recommend for the Sanction of your Honor
in Council as we conceive that by covering in the
Drain to the proposed extent, the effluvia will be

removed to a considerably greater distance from the Black Town, and at all events that it will be more adviseable to await the result of experience on this point, than to sanction the immediate disbursement of so large a sum as it would be necessary to expend in arching over the Drain to its whole extent. It may perhaps be unnecessary to cover the Drain, even to the extent of two hundred yards, and if the object can be accomplished by covering a less space, which will be ascertained on the progress of the work, we shall have the honor of making a Report on the subject, for the information of your Honor in Council.—

Sir George Hilaro Barlow Bt. & K. B.

Governor in Council Vice Vice Vice

Honorable Sir,

No. 30

From the Military Auditor General — Report on the Claim of Men belonging to the Corps of Artillery to Compensation for baggage lost, on the Expedition Against the French Islands. —

I have the honor to acknowledge the Receipt of Mr. Secretary Bracheys letter of the 20th. Ultimo, with which was transmitted Extract from the Proceedings of your Honor in Council, of the 19th. of the same Month, In the Proceedings is Referred for Report Copy of a letter from the Military Secretary to His Ex:: :cellency the Commander in Chief, with which was transmitted, a Letter from the Commandant of Artillery dated the 4th. of May 1812. forwarding the Proceedings of

a

Fort St. George 5th. February 1813.—

a Committee. Appointed by him to investigate Claims for losses sustained by Men of the Corps of Artillery, when employed on the late Expedition Against the French Islands.—

2. From the Remarks of the Committee, entered upon the Face of the Proceedings, it appears that the losses sustained for which compensation is now solicited, were principally occasioned by the Men being suddenly transferred from one Ship to another, which the Natures of the Service often Required, and their Knapsacks with their Baggages having by permission, or Orders, of the Officers under whom they were Serving, having been left in the Ships, from which they had been Removed, and also from the Men being ordered at a Short Notice to Land from the Transports &c for the performance of Particular Service on Shore.—

3. From these Circumstances it is evident that no blame attaches to the men for the loss of their baggage, I must therefore be of opinion, that they

are

Fort St. George 5th February 1813

are entitled to the Compensation, as Regulated by the Orders issued from the War Office, being the Rate formerly Authorized by your Honor in Council, under date the 18th of January 1812, upon a Similar occasion.— It does not however appear upon the Proceedings of the Committee, that any endeavors whatever had been used for the Recovery of the Property, for which the Compensation is now Claimed.—

Sir,—

I was in hopes not to have troubled you again, but Circumstances of an unfortunate nature oblige me to solicit the favor of the following being laid before the Honorable the Governor in Council.—

When I last addressed you, I had every Reason to expect that assistance from my friends in

Fort St. George - 5th February 1813.

in England which would have enabled me, either to carry on the Suit I had commenced or defray my expences home, in both of which I have been disappointed, my last letters are of a very unfavorable tendency, and I am sorry to add, that family Misfortunes, and a heavy loss my father has lately sustained, puts it entirely out of his power to assist me; so that by returning to my family, I should become a burthen to those, already but too much distressed; whereas could I obtain the kind permission of the Honorable the Governor in Council to Remain and settle in India, I should not only have an opportunity of providing for myself, but by care and industry, be enabled to add something to the small income of my Parents, this it is, which urges me to intrude upon the valuable time of the Honorable The Governor in Council, and earnestly to solicit the indulgence of being allowed to Remain in India, 'till the pleasure of the Honorable Court of Directors be known upon the Subject.

I hope that my Conduct, and the quiet life,

Fort St. George 5th February 1813.

life, I have led, since my dismissal, has been such as to avoid censure, and I hereby pledge myself, that should it be the pleasure of the Honorable The Governor in Council, to take my situation into their kind consideration, and grant my prayer, no act of mine, should ever give them, cause to regret having extended their favor towards me.—

Sir, I have the honor to inform you, that I am about to proceed to Sadasheghur on Duty, for the purpose of examining, and Reporting upon the State of that Fortress, and ascertaining what Repairs may be Required, and what new buildings may be Requisite for the Accommodation of the Troops.—

It is my intention, to take with me, the Superintending Engineer for the purpose of Assisting me in my Report to the Madras Government, and making out Plans and Estimates.—

The Sub Assistant Commissary General, I have also directed to accompany me,

for

Fort St. George 5th February 1813.

for the purpose of making the necessary Arrangements, for the Supply of that Garrison, in all matters depend: ent upon his Department.—

In Reply to the last Paragraph of your Letter, wherein you inform me that you "have been equally induced to Request that above information from the Circumstances of your feeling it a Duty to Submit to the Government of Fort William all com: munications which you receive Officially to be laid before the Vice Roy

To the above Sir I have the honor to Reply, that my Request to you to make known to His Excellency the Vice Roy, my intention of proceeding to Sadasheghur proceeded from an opinion that such mark of Respect was due from me as Officer Commanding the Auxiliary Force, to His Excel: lency as a point of Duty, independent of the desire I feel of shewing myself Sensible upon all occasions of the marked personal attentions and Kindness, I have received from His Excellency the Vice Roy, since

To George Strachey Esqr.
Secretary to Government
Fort St. George.

Sir,

No 40
From the Secretary to the Government at Bombay — The Lord Duncan sailing sooner than was expected, none of her Charter party Passengers can proceed to England by any of the Ships from Madras

In Reference to my Letter of the 5th Instant, I am directed by the Right Honorable the Governor in Council, to acquaint you, for the information of the Honorable the Governor in Council at Fort St. George,

that

Fort St. George—5th February 1813.—

But in order to Remove any doubts which may exist — Relative to the propriety of that proceeding and of the other Measures which were pursued immediately after the discovery of the Conspiracy, I have the honor to transmit to you a Report of the trial of Mahomed Burkh and to communicate the following explanation of some of the Motives by which my conduct was Regulated during — those transactions.—

I have already stated to you that a Primary object of my proceedings was to obtain the most Ample and Authentic information of the foundation and extent of the Conspiracy, and that I considered the attainment of that object to be of much greater — importance to the Security of the Public interests than the Conviction and punishment of any one of the individuals who were engaged in the plot. I judged it to be a matter of Course that the confession of any of the Prisoners would establish a strong Claim to the Mitigation or Remission of the punishment due to his Crime; nor was the most distant intention ever —

entertained

Fort St. George - 5th February 1813.

entertained of employing a Confessor in Criminating the person who might have made it - Whatever threats persuations, or promises may have been used in obtaining Confessions from the Prisoners were had recourse to for the sole purpose of gaining information Regarding the Nature and objects of the Conspiracy and More fully developping the Secret Causes of that most dangerous Combination - The discovery of those Causes appeared to be of essential Consequence both to the general interests of the British Government, and to the administration of Affairs in Travancore, in the former view it was most desirable to ascertain the particular means by which our Native Troops had been seduced from their Allegiance together with the plans which they meditated, and in the latter to learn whether Her Highness the Ranee, the late Elliah Rajah at Tellicherry, and the inhabitants of the Country in general had entered into the Conspiracy - The punishment of any individuals seemed to be of little importance in Comparision -

with

Fort St. George - 5th. February 1813.

with the attainment of these objects, and in requiring Confessions I considered it to follow as a necessary Conse: :quence that they would entitle the persons who might give them in a full and unreserved manner to the Clemency of the Government.

With respect to the Fakeer Mahomed Buckish I have already reported that I desired him to be punished on Account of his insolent prevarication. I believe that the punishment which he received upon that occasion was very slight indeed. He was com: :mitted to the Charge of the Subidar of my Escort and the Darogah of the Police, both of whom are suspected of having been concerned in the conspiracy, in order to receive a few Stripes, almost in my own presence, and he returned in the Course of a Minute, and repeated his former evidence, with scarcely any addition. But he persisted with insolence and Contempt in refusing to disclose any farther Circum: :stances, and his confession was so nugatory and incorrect as to give him no claim whatever to lenity,

while

while the Active part which he was known to
have taken in organizing the Conspiracy and
urging its execution together with his influence over
the Men, furnished Strong Reasons for his early
and Signal punishment.- He was accordingly
delivered over for trial to the Principal Native Court
who had no other Knowledge of his Conduct and
Confession than what they might have received
from Common Report, for which they were not
present at his examination, nor made acquainted
with the information which he had communicated.
I desired that Venkataram and Hussain Khan,
the Sepoys who gave the first information of the
Conspiracy, might be examined together with other
Witnesses on the Fakeer's trial, the Court were however
satisfied with the Prisoner's Voluntary Confession in
their presence, which I have already stated to be
so essential in all criminal trials in Travancore,
together with the depositions of two Witnesses named
Shaik Mean and Shaik Meeran - On receiving

the proceedings I was much disappointed at the Court having omitted to examine the Sepoys Venkataram and Hussain Hawn, and I returned them with a Request that the evidence of these Men might be Received. The Court answered that in compliance with my wish they had examined Venkataram and Hussain Khawn upon Oath, and were well pleased to find that their depositions corroborated the evidence already Recorded, but they begged to be excused from entering those depositions in their proceedings as the evidence which they had previously entered was fully sufficient to convince their minds of the Prisoners guilt. In all the trials by the principal Court I have avoided any measures calculated to influence their decisions; and I have found that their Proceedings although not very conformable to the usage of more enlightened Nations are generally Regulated by the independant judgement of their own Minds. The Crimes of Mahomed Burkh were fully established by the evidence upon which he was condemned

and are found by subsequent information to have been more flagrant than was at first supposed. There is every reason for believing that he was a principal Organizer of the Conspiracy among the Sepoys, and that his Conduct was guided by motives which he had imbibed at Vellore, and Cherished since the Mutiny at that place. He was present, and had a Son Killed in that Mutiny, and immediately after it's occurrence joined the 14th. Regiment then encamped at Rannee pet near Vellore. He at first attached himself to a Subidar of the 14th. who was subsequently Cashiered for very disgraceful Conduct, and has latterly formed an intimacy with the Jemidar Shaik Hussain and Co-operated with him in Arranging the Conspiracy.—

no additional information from them, Many of them par-
ticularly those attached to Woomany Tomby's party,
Retracted the evidence which they had formerly delivered
upon Oath, saying that they had been incited by their
fears to give false depositions. The habits and Character
of the People of Travancore oppose great difficulties to
the discovery of secret transactions which it may be
their interest to conceal — Their disregard of Oaths is
Remarkable; and is evinced every day by the most
unequivocal facts. The importance attached by the
usage of the Country to the Confession of a Criminal has
the effect of deterring Men from giveing information
by the fear of its being employed against themselves-
Again if confessions should be drawn from them by
evidence and facts, they take the first opportunity that
may be furnished by a change of men, or Measures, of
Retracting those confessions, always assigning as a Reason
for doing so, that they were extorted from them by threats
or punishments, — I do not therefore entertain a hope of
being able to obtain fuller or more authentic information

than has been already acquired from the Natives of Travancore. In the course of the Military trials which have been conducted by Captain Stewart with indefatigable assiduity and the greatest Zeal, sufficient evidence has I believe appeared to substantiate the guilt of most of the Prisoners who have been tried; and this evidence together with a Variety of Collateral information not Recorded, has impressed the Court and Captain Stewart with a Conviction that the plot had made a considerable progress in the force. Indeed upon a Review of all the information that has been obtained concerning this subject it will perhaps appear that the principles and Objects of the Conspiracy at Quilon were similar to those of the Mutiny at Vellore. a body of Mussulman Soldiers disbanded from the Rajah's Service were dispersed over the Country, destitute of Subsistance, and anxious for a change. Of these Men a considerable Number were collected at Quilon, some had been admitted into our Battalions and others were connected by Marriage with our Native Officers and Sepoys.

prevail it will be more glorious to die in so great a Cause than to pass their lives in a State of ignominy and shame. In these discourses the mode of defending the Country, the passes to be occupied, the arrangement of the Troops and the distribution of the Elephants provisions and Stores were stated and discussed. I have received Accounts of the Speeches of the Takeer and Semidar from so many persons, and in so distinct terms as to remove every doubt of the Correctness of the Statement of them which I have given. It does not appear that a Reference was made in those Discourses to any particular party amongst the Inhabitants who had joined the Conspiracy, but only to the insecurity of a newly Arranged Government, and the discontent of the people who had been deprived of employment. Every Account which I have obtained of the People of Travancore concurs in Representing the turbulence and treachery of their Character; I am however satisfied that with exception of a small party attached to

it was joined by some Native Officers of Considerable

most of the Native Officers who entered into the

the Sepoys men of the worst Characters. —

At the period of the Conspiracy

Report of the Proceedings of the Superior Court consisting of Deown Palpanabown Pillah Judge, Topa and Annasawmy Shastrees on the trial of Fakeer Mahomed Baksh dated 17th Vayasy 987 or 28th May 1812.

Having Received the Resident's Orders to try by the Court without delay, Fakeer Mahomed Baksh for his having entertained the making war in the Country, and having had Private Consultations and used many exertions for its execution; and that he should be tried by Sworn Witnesses and Sentenced according to the Rules prescribed in the Regulations: We have Accordingly Sent for the Fakeer Mohomed Baksh, Packally Shaik Meen, and Shaik Mirom, Caused them be Sworn and give their Seperate Depositions under their own Signatures Respectively-And we have duly examined the Prisoner and Witnesses, and found on a Verdict that the Prisoner is guilty, and passed Sentence of death upon him by the Rules

prescribed

prescribed in the Regulations on the following grounds Viz.t.—

The Prisoner's own Confession as hereunder set forth.—

That Fakeer Mahomed Buksh the Prisoner Confesses that in the Month of Pritasy 987. M. S. he arrived at Quilon from Arcot; that he told Shaik Meen Puckally that he wanted to employ under him 10 Men at 10 Rupees pr. Month; that on his being asked by Shaik Meen Puckally why he wanted to employ the 10 Men, he Answered that whenever he should find their Services necessary he should send for them and they must be in Readiness to appear; that a few days after when Shaik Meen Puckally asked him for the Pay of the 10 Men employed by his desire, he answered that he could Manage his own affairs and did not Require his interference and bad him go away.

The Prisoner further Confesses that one day in the month of Chitram - Shaik Hussain Jemidar of the

Fort St. George 5th. February 1813.

the 2/14 Came up to his place and informed him that the Sepoys Ally Khawn, Goolam Khawn, Salabut Khawn, Ibram Khawn, Shaik Meram &c altogether about 10 or 20 Persons went up to the Jemidar and Complained that their pay was not Sufficient and they Suffered distresses to which the Jemidar said, he Answered them if they would listen to his Advice they would not suffer any distress in future - That they asked what advice ? to which the Jemidar Answered that, "We must join "together when the Officers will be assembled at their "dinner and make an attempt and Kill them all at "once; the Cotiote Rajah should be made Rajah of "Travancore and the Officers' Vacancies should be filled "by ourselves. If War should occur. We joined together "should beat and Kill them" - That upon which the above said Sepoys Ally Khawn Goolam Khawn &c enquired whether they would be able to effect the object of his Advice, to which the Jemidar Answered they should not be afraid in that Respect, because other Arrangements had been made and Most of their

Chiefs were joined in the transaction - The Prisoner also Confesses that himself, the Semidar and those persons above Named entered into the Conspiracy and the Prisoner submits to suffer the Sentence which the Court may think it proper and just to pass on him for his Crimes.

The Court have found from the Deposition delivered by Puckally Shaik Meen as one of the Witnesses against the Prisoner Fakeer Mahomed Berksh that the Prisoner told him he wanted to employ 10 Men at 10 Rupees each pr. Month and that the Semidar, the Prisoner and the Cotiote Rajah had entered in the Conspiracy.

Shaik Meram one of the Witnesses against the Prisoner Fakeer Mahomed Berksh deposes the same, and further Acknowledges his guilt in his having known and not discovered that once before the Conspirators had failed in their Seditious design of Making an attempt on the Officers of the 2/18. when they were assembled at dinner on one

of the appointed Nights of the Month Vayasy and for which purposes the Conspirators had Consulted and agreed that all the Sepoys were to be assembled at a Church Door, but it happened that the Sepoys did not appear at the place that Night - and the Nibraj Shait Meram by desire of the Fakeer Mahomed Baksh was the Messenger of the disappointment to the Jemidar.

The Court on a full Consideration of the Confession and Depositions of the Prisoner and Witnesses have adjudged that the Prisoner is guilty of high treason and should suffer death by being hanged by the Neck till dead as prescribed in the 8th Para of the Regulations.

Sir,

In compliance with your wishes, that I should explain for the satisfaction of the Right Honorable the Governor General the inducements to those parts of my Conduct in the late transactions in which you have done me the favor to read His Lordships Remarks, I have now the honor to address you.

Unaccustomed to the stating my opinions on Subjects of such importance, I trust any errors which may occur in the manner of my explanations may be overlooked.

I feel myself highly flattered by the delicate manner in which the doubts of His Lordship as to the propriety of some of the measures adopted, have been expressed; and shall ever consider myself deeply indebted for the opportunity afforded me of removing whatever

of suspecian, might otherwise have Remained as to the Motives and tendency of the Steps Resorted to in the late emergency.—

Adong previous acquaintance of twelve years with Lieutenant Colonel Hall, his Knowledge that I had been before employed by the British Resident at Hydrabad Lieutenant Colonel Kirkpatrick in a Confidential way in some transactions in the Solapoor Country, and had been distinguished by the Public thanks of Officers of Rank under whom I had served for my exertions, with my acquaintance with the language and influence with my Men combined with my being frequently with him in the performance of my duty induced him to honor me with some share of his confidence, in the transactions of the period under discussion, this led to my being also favored with a similar trust from yourself, and in compliance with your joint wishes and my anxious desire to render myself worthy of the

confidence Reposed in me I endeavored by every means in my power to trace to its Origin the nefarious Plot generated in this place.—

In pursuance of this Object my Conferences with the Suspposed Nephew of the Pyche Rajah and the Dewan Womanah Tomby were more than frequent, were Constant.—

In all my Communications with them, Authorized by you to assure them, that if they made full disclosures of the Conspiracy as far as they were acquainted with it, their case should be Recommended to the favorable Consideration of Government, I never for one Moment entertained the idea that the information I wished to obtain from them would be employed against themselves, nor do I think they considered my interrogations in that light - to me it appeared impossible it ever should, as their examinations were solely taken by Myself and the Copies furnished to you and Lieutenant Colonel Hall written by me, and they were to be tried by a Native Court of Travancore.

The Circumstance of the advantage taken of the movement of some Guns, was in it's first origin, Merely accidental, caused by changing the position of the Park from the Centre to the Flank of the Line, the Noise made in making this Change in which the Guns passed the place where the Dewan was confined caused him to enquire from his attendants what was going on and upon their stating to him that the Guns were Moving, he became considerably alarmed and at his earnest Request to the Officer of the Guard I was sent for to him on my arrival being informed by the Officer of the Cause, and having been unsuccessful before in obtaining from him, the information I thought he possessed; with the exclusive view of coming to the bottom of the business and dispersing that cloud of Mystery, which still hung around us, without the Remotest idea of applying it to his prejudice.

prejudice – I thought the opportunity favorable to avail myself of his fears and to acquire the so much desired intelligence from him – in doing this I made use of no threats or intimated to him that the Movement was at all preparatory to any Measure dangerous to him. —

The Right Honorable the Governor General has ascribed to me the Real Motives which influenced my Conduct when I said that I should endeavour to obtain the Confidence of the Dewan; and I should therefore deem it superfluous to say any thing thereon / being acquainted by His Lordship / but to prevent a misconstruction of them in any other quarter – I must therefore State almost in His Lordship's Words, that my intention was to point out to him the Means of ensuring his own life and the favorable Consideration of the British Government – and had a thought of abusing the Confidence I sought to gain, ever found its place in my Mind, I should have considered myself as having forfeited my title

That his Reliance on me was complete is evinced by the Circumstance that when his presence was Required at the Court no persuasions could induce him to move until he had seen me and I had given him my hand as a pledge of Security.—

In conclusion I beg to express my acknowledgements for the Confidence you have honored me with, and my hope that this explanation will prove Satisfactory to the Right Honorable the Governor General and Remove any doubts which might otherwise arise as to the Causes and intentions of my actions, which have had for their sole object the developement of the Murderous Plan agitated and the tracing it thro' all its Ramifications not so much with the view of inflicting punishment as ensuring Security.—

I have not forwarded these interrogatories to the Secretary to the Gouvernment of Madras, as you have Requested, because Mr. Bell would appear from his Replies, to be unable to answer the greater part of the questions propounded to him, without Referring to papers, which are in Malabar; and in its present imperfect State this Document would I imagine afford no Satisfactory elucidation, to the authorities at that Presidency, of the Subject to which it relates.—

From the Mily. Secretary to the Commander in Chief Lieut. Saunton of His Majesty's 22d Dragoons, stating payment of the arrears due

Sir,

&c. &c. &c.

I have the honor to transmit herewith

Fort S.t George 9.th February 1813

due to him from the period when he was placed at the disposal of the Supreme Court. His Excellency's recommendation thereon. —

herewith, by order of the Commander in Chief, an application from Lieutenant Saunton of His Majesty's 22.nd Dragoons, for the payment of the arrears due to him from the period of his having been placed, on a recent occasion, at the disposal of the Supreme Court of Judicature. —

It will appear from the letter addressed by the acting Paymaster of His Majesty's 22.nd Dragoons, to the Military Paymaster at Fort S.t George, (and also submitted herewith,) that the Mutiny act now in force precludes Lieutenant Saunton from receiving his King's pay for the period of his being imprisoned by order of the Supreme Court until he rejoins his Regiment, on acquittal by the Civil authorities — a latitude however being given, in the Same Clause of the act, empowering the Secretary at War to

order

Fort St. George 9th February 1813

Order the disbursement of such pay, or of any part of it, during the Confinement of the Prisoner or on his acquittal, the Commander in Chief avails himself of this Circumstance to Recommend, that authority be given for the discharge of the King's pay to Lieutenant Saunton, from the date of it's being Stopped by the Paymaster of the Regiment, agreeably to the provisions of the existing Mutiny act, until that of his acquittal, as also for the payment of his Company's allowances during the same period, in opposition to which latter Recommendation, His Excellency is not aware, that any Order exists.—

Immediately Subsequent to Lieutenant Saunton's acquittal by the Supreme Court, that Officer was placed under Military arrest, and brought to a Court Martial, by order of the Commander in Chief. The Proceedings of that Court have been closed, but

Fort St. George 9th February 1813

but the Sentence has not yet been made
public as there are no orders which preclude
an Officer, thus situated, from Receiving his
ordinary pay and allowances, His Excellency
Recommends that Lieutenant Taunton's
arrears may generally be adjusted, up
to the pay day of last month, Viz. the 25th

From the Milty Secy to the Commander in Chief— Proceedings of the Medical Board, Submitted. His Excellency's opinion on their application for an increase of Salary to the Mootchy in their office.—

Sir,

I have received the orders of the Commander in Chief to request that the inclosed Proceedings of the Medical Board of date the 15th Ultimo, may be laid before the Honorable the Governor in Council.—

In these proceedings the Medical Board recommend, on certain stated grounds, the augmentation of the pay of the Mootchy of their Office from 2 to 4 Pagodas per

I have minutely fathomed the Ditch to the Fortress of Paulghautcherry — and upon Comparing its present State with — what it is in the dry season. I find the bed of it requires on an average to be Sunk three feet in order that there may never be less than five of Water remaining — —

The Paddy fields at the foot of the Glacis being now lower than the bed of the Ditch, the Water in it can be let off through a Sluice which is in the Southern Counterscarp — I have been informed there are a vast Number of Stones in the Ditch, if so. they will be of use in Repairing the Fort hereafter, and the Earth will tend towards Completing the Glacis which is left in a very unfinished State. —

Fort St. George

Honorable Sir,

A residence of thirty Seven years in India, has made so strong an impression on my Health, that I am under the necessity of retiring from all public employment, and if possible of returning to my native air. I therefore humbly solicit permission to resign my present situation as accountant in the office of the Military Auditor General: which I have held nearly twenty three years: after having previously served twelve years in a similar situation in the Pay & Department. The inclosed certificate Signed by Henry Harris Esq.r M.D. Second Member of the Medical Board, and William Ord Esq.r Surgeon to the General Hospital at the Presidency, describes

describes the present State of my Health, and the necessity of my Returning to my native Country. In October 1808. I had the honor of addressing a Memorial to your Honorable Board with Certificates of my Services, and on the 17th of January 1809. your Honorable Board was pleased to enter on the minutes of Consultation your Resolution on that Subject to the following purport "that there appear to be Sufficient grounds" "for recommending Mr. Jones' case to the favora-" "ble Consideration of the Honorable Court of" "Directors whenever his Infirmities may in-" "compel him to retire from the Service of the Hono-" "rable Company, and as preparatory to that recom-" "mendation that the above Memorial of Mr." "Jones be brought to the notice of the Honorable" "Court by the present dispatch." Those infirmi-ties, Honorable Sir are now arrived, after a servitude of nearly thirty five years upon a

Read the following Letters from the Commissary General.—

To George Strachey Esqr.

Secretary of Government in the Military Department

Sir,

No. 27

From the Commissary General—Submitting for Confirmation a proposal for the Supply of Carts and hired bullocks for a term of years.—

I . . . . . On receiving your letter of the 24th. of November last. referring for my Consideration and Report a copy of a tender from two natives for the Conveyance of grain and military Stores, I lost no time in instituting the necessary inquiries. and in giving to the Subject, that attention which it's importance demanded; and I now proceed to lay before the Honorable the Governor in Council the result of my enquiries, and the arrangements which I have in Consequence deemed it expedient to propose for the efficient provision of hired Carriage at Fort St. George.—

. . Having

2. Having sent for the persons who made the tender, and having ascertained from themselves, the means at their Command of providing the Requisite Supplies, as well as the motives which led them to prefer their proposal, it has appeared, that they are not and never have been in any way owners of carts or cattle: that they are not and never have been either Connected with the different Bullock Maistries at Madras, or elsewhere, or engaged in any manner in the provision of Carriage: that one of them Viz. Kistnamah-Rajah has been usually employed as a Hair cutter: that the other Viz. Gifree Rajah has been occupied in providing Sheep for table Consumption; and that until the present time, neither one nor the other has ever been engaged or Supplied, either Carts or Bullocks, altho they both profess themselves willing and able

able to furnish any Number whatever. —

3 Surprised at hearing so unexpected an account of their former pursuits, I was naturally induced to enquire the motives which could have led them to make the proposal in question, and to undertake a Concern so important, and so foreign to their previous avocations — They replied with great candour, and with apparent Sincerity, that they understood the person who furnished the Public with Said Carriage derived Considerable profit from his transactions, that they were also anxious to engage in any profitable business, that they would be content with less advantages than they believed were enjoyed by him, that they were unacquainted with the precise Rates at which carriage was Supplied under the existing agreement, but that they had determined to offer lower terms,

in

Fort St. George 9th February 1813

in the hope and with the view of obtaining a Contract. —

4 When questioned as to their ability to fulfil the terms of any engagements they might enter into, they answered that if once the Contract were Concluded they could provide the Requisite amount of Carriage without doubt or delay: that the petty owners must find employment for their Cattle, and would therefore engage them to any person holding the Contract. —

5 The preceding Communication of the Result of my enquiries will I conceive sufficiently prove that the tender which has been made has originated in a wild and desultory Speculation; that its professed object is to subvert the existing arrangement under which Carriage has been provided with facility and economy, and in lieu thereof

thereof to establish an exclusive Contract for the long period of ten years, with persons or having no present means for the fulfilment of such a Contract, derivable either from Connections, or from long intercourse or engagements with the owners of cattle, or from the possession of Carriage of their own; that the proposers expect, on what foundation would remain to be proved, that in obtaining the Contract, they would in point of fact acquire the means of fulfilling it; that the latter would be the Consequence of the former; and resulting in short from the Conclusion of engagements which at the time of forming they have absolutely and confessedly no means of executing.—

6

It would be I conceive Superfluous to occupy the time and attention of the Honorable the Governor in Council with any additional observations in Support of the

the opinion which I beg leave to offer, that
the Tender should be rejected. The presenta-
tion of it however, and the receipt at this o-
ffice of numerous proposals of nearly a si-
milar Nature, have led me to a general
Consideration of the Subject, and have pro-
duced in my mind the Conviction of its ne-
cessity being now necessary to place the provision
of Hired Carriage at the Presidency on a
more permanent footing than at present
obtains, and to arrange for the Conduct of
this branch of the Department on principles
less Subject to change, and better calculated
to secure the advantages which have been
gained, since the establishment of the Commis-
sariat as detailed in my Report of the 13.th of
October last. —

In that Report I stated for
the information of the Government the arrange-
ment

Fort St. George 9th February 1813.

arrangement which I had made with a Respectable Bullock Owner at the Presidency and which in twelve months had occasioned a Saving of Nearly five thousand Pagodas. The Statement which exhibited this Result, extended only to the 30th November 1811, Since which the Carriage Required particularly for the dispatch of Stores to Bellary, has been so Considerable, that the amount of Saving during the Second year, or from the 1st of December 1811 to the 30th of November 1812. has exceeded twelve thousand Pagodas: while it is satisfactory for me to add, that the Supplies have Continued to be made with facility and promptitude, and that no Complaint or objection with Regard to the Carriage supplied has in any one instance been brought to my notice. —

8

The Bullock Owner however has repeatedly represented to me that the circumstances

uncertain Continuation of his employment.
Subjects him to much difficulty and occasional
losses: while expectations are entertained
and proposals constantly made to procure
a Contract: while persons without pretenti-
-ons or means are offering Conditions and
engaging Securities, a ruinous Competition
is excited among the petty owners who are
thereby encouraged to demand larger advan-
-ces and to require higher Rates, than if certain
of Constant employment under one particu-
lar person. The recovery of such advances if
the Contract were given to any other proposer
would be almost hopeless: if he makes them
therefore, he runs the hazard of losing the
amount: if he refuses, the provision of the
Carriage when wanted would be materially
delayed. He has accordingly solicited, as the
only means of realizing the balances which
remain

1675 Fort St. George 9th February 1813

remain outstanding, and due to him, as-
well as of Complying with all further demands
of the Service, than an agreement may be
Concluded with him for some definite
period. —

9 After the fullest Con-
-sideration I am inclined to think that
this Request is Just and Reasonable. The
experience of more than two years, may
be adduced as sufficient evidence of his
being capable, of fulfilling his engagements,
and if under the difficulties above des-
-cribed, he has been able to supply all such
Carriage as has been required, it may be
fairly presumed that the possession of a
Contract will not diminish his ability —
He has further I conceive established a
a claim, not only on this department but
on the Public, by coming forward at the

Commencement

Fort St. George 9th February 1813

Commencement of the operations of the Commissariat, and by enabling the department to supply Carriage at Fort St. George, on terms which have produced so Considerable a Saving to the Public — On these grounds, therefore, I have the honor to Submit for the Consideration of the Honorable the Governor in Council, that a Contract may be Concluded with this person for the exclusive Supply of hired Carriage for the Military Department at the Presidency from the present time until the 15th of October 1816. or for such a further period as the Government may then be pleased to determine —

Anticipating the probable Concurrence of the Honorable the Governor in Council with this Recommendation, I have held frequent Communication

on

Fort St. George 9th February 1813

on the Subject with the Bullock owner in question: and I have the Satisfaction to state that he has Consented to accede to every proposal which I have thought proper to make, and in some instances even to reduce the rates of hire below those which he receives under the existing agreement. The precise nature of these proposal, as well as the several Stipulations which it will be in Consequence practicable to introduce I have described in the accompanying Memorandum the terms of which will I hope be sufficiently clear, and it may only be necessary therefore to add a brief explanation on a very few points of the same.

N.1

II I have proposed that the Contract shall last until the 15th of October 1816, or for such further period as may then be agreed on, in order that it's Continuation may

be

Fort S. George 9th February 1813

be prolonged if deemed advisable; or that if it should appear preferable to invite new proposals, or to arrange for these Supplies on a different footing, the necessary Steps may be taken and the Subject duly Considered during the Monsoon Season, when Stores are seldom dispatched from the Presidency -

The rates of Hire of 12 one Country Cart to each Station, as well as of the monthly Hire of each description of Carriage in peace or in war having been clearly defined, and established, no difficulty I conceive can ever arise in adjusting the payments to be made: while the extent of the Sums to be advanced being specified, and Security taken for the Recovery of Such advances, I am willing to believe that all the advantages expected from the proposed Contract will be Realized without incurring any

Fort St. George 9th February 1813.

any hazard, or possibility even of any loss. Several Stipulations will of course remain to be added, in the preparation of the formal articles of agreement; but these I am persuaded that I shall be able to adjust in such a manner as shall secure the just rights of the Public, and prevent all doubt or future dispute; and if the Memorandum herewith transmitted should meet with the approval of the Honorable the Governor in Council I would Suggest that it may be Sent to the Company's Law Officer, for the purpose of being drawn out by him in the usual manner, and that I may be authorized to Communicate direct with him on the Subject while the Contract is preparing - The Contract will of Course be Submitted for the Conformation of the Honorable the Governor in Council.

13

I am in hopes that it may

at

Fort St George 9th February 1813

at the same time be practicable to arrange for the Conveyance of the arrack from the Presidency to the out Stations; on which point however I shall have the honor of Reporting more particularly after the Completion of certain arrangements now in progress. In the mean time I am desirous of stating in the most distinct terms, that by Concluding an exclusive Contract of the Nature and on the terms described in this letter, it is not by any means my intention to divest this department of the right to Superintend and Control the dealings of the Contractor with the petty owners, for still Considering him, as much in the light of a Head Maistry employed under my orders, as a Contractor, I shall Consider it my duty to ascertain that he pays an adequate Rate of Hire to the actual proprietors of the Carriage Supplied, and that in Remunera-

tion

Remuneration for his Responsibility and ~~
trouble he shall only receive the usual amount
of custom which every principal owner of cattle
derives in this part of India, and which may
be briefly stated as equal to three fanams on
each Pagoda; from which he has to defray the
expenses of Comicopolies, Peons &.c The possession
of the Contract will however ensure to him
the regular receipt of this proportion, will pre-
vent the loss of any sums which he may ~~
advance, and will give him Confidence and
Security in his transactions.—

14 As connected with the ~
Subject of this Report, I may be permitted to —
avail myself of this occasion to acknowledge
the Receipt of your letter of the 8.th Instant infor-
ming me that the Commander in Chief having
Submitted to the Honorable the Governor in —
Council a Copy of my letter to the Quarter Master

~ General

Fort S.t George 9.th February 1813

General of the Army under date the 22.d Ultimo, I had been authorized, on His Excellency's recommendation to make the Requisite arrangements by Contract, for holding in Constant Readiness at the Presidency, Thirty Six Draught and one Hundred and Six Carriage Bullocks. —

15 Previously to addressing that letter to the Quarter Master General for the Consideration of His Excellency the Commander in Chief. I had taken the Necessary steps to ascertain the Rates at which it would be practicable to arrange a Contract of the Kind Recommended and I have now the Satisfaction to observe that the amount for which the prescribed number of bullocks can be maintained in Constant Readiness at Fort S.t George, is less than the difference of expense between the Subsistence of the Public Bullocks

Fort St. George 9th February 1813

Bullocks at Madras and Coveripuk - For instance the average expense per Month of Subsisting one Carriage Bullock at Madras is Pagodas 1. 42. 53
which at Coveripauk is only ..... " ..... " ... 25. 30
and the difference being ..... " 1. 17. 23
Considerably exceeds the monthly hire to be paid for each hired bullock when unemployed Viz. 30 fanams. A similar difference obtains in the expense of a Draught Bullock; but which can be held in Constant readiness for the Small amount of 40 fanams per Mensem. -
16

The Contract for the maintenance of these draught and Carriage Bullocks, should for obvious Reasons be in the hands of the same person proposed as the Contractor for the Supply of hired Carriage, and I Recommend that it may form a part of the present arrangement, with the proviso however, that it may be dispensed with at any period whatever, if the Government should think proper - The terms on which he will Consent

1684 Fort St. George 9th February 1813

to enter into this additional agreement and the
Conditions under which the Cattle are to be
furnished, are Specified in the accompanying
Memorandum, and may be incorporated in the Contract
which he is prepared to Conclude with this
Department —

To George Strachey Esqr.

Secretary of Government in the

Military Department

Sir,

N. 28

From the Commissary General - Report on the proposals for the Supply of Carts referred to him on the 30th ultimo -

I have the honor to acknowledge the Receipt of your letter of the 30th ultimo, referring for my Consideration and Report, two seperate proposals for the Supply of Carts at Fort St. George.

These proposals have — appeared to me of the same desultory Nature, as those which were Referred to me with your letter of the 24th November last; and the Consideration which I have given to them has not induced any change in the Sentiments expressed in my letter of yesterday, on the Subject of Supplying Hired Carriage at the Presidency. In order however to enable the Honorable the Governor in Council, to —

appreciate

1699 Fort St. George 9th February 1813

appreciate Correctly the present proposals,
I have thought it adviseable to annex a few
remarks to the following transcript of them. —

To Wm. Thackeray Esqr.
Chief Secretary to Government
&c. &c. &c.

Sir,

With due —
deference and Respect
I beg leave in a most
Submissive Manner
to enclose Herewith
a proposal which —
I beg you will be —
pleased to transmit
it for the Consider a-
tion of the Honorable
the Governor in Council.

The present Con-

Contractor's charges
for the Supply of
Carts to Convey the
Stores of the Com-
-missary Depart-
-ment to the different
out Stations are
extravagant: and
therefore I entreat
that the Honorable
the Governor in Council
will be graciously
pleased to appoint
me as Contractor
for the Supply of
Carts to the Commis-
-sariat and the
Hire of Carts which
I agree to receive is
of

1701 Fort St. George 9th February 1813

of a material difference
with that of the pre-
sent Contractors, -
and which I conceive
to be of Considerable
advantage to the
Honorable Company.
and as I have ~~~
served in a Simi-
lar capacity for
upward of 15 years
in the Military ~~
Stores department
and on the trans-
fer of this depart-
ment to the Commis-
sary General I was
deprived of my ~
Situation and Con-
sequently

This Statement is quite cor-
rect. The writer of these pro-
posals never held any (even
Situation as far as I can learn.
He is a petty owner of a very
few Carts, for which he obtains
occasional employment for
2 or 3 years in the department
of the Garrison Storekeeper
Madras and at this moment
per

1702 Fort St. George 9th Febuary 1813.

Consequently labou-
ring under extreme
difficulties of so
distress and em
barrasment, and
therefore I cherish
a hope that the Hono-
rable the Governor
will take my long
Service into Consi-
deration, and be
induced to grant
me this indulgence,
which act of bene-
volence I shall
Consider it an in-
finite obligation
Conferrid upon
me.—

I herewith
enclose.

Several if not the whole of
his Carts are employed by the
department on the same terms
as the petty owners. His Carts
will of course continue to be
employed in common with
those of other persons on the
same footing with him. But
he has no public claims
whatever, nor could the
responsible authorize me
to recommend him as a
Contractor however favorable
his proposal might appear
to be.
