No 26. 1 With 4 Enclosures.

4 Feb: 8 Feb: Com: 7th June 1785.

Submitting a Report on the State of the Mil: road from Masulipatam to Hyderabad, accompanied by a Survey and Estimates of the probable Cost for Completing it – That it is the most important road under this Presidency as it is the route by which Military Stores &c are conveyed to Hyderabad a Station about 200 Miles from Masulipatam it is therefore necessary to keep the communication open between those two places The Extent of road repaired by the Pioneers is 171 Miles from Hyderabad to the Eastward of Bezwarah, and the remaining part to Masulipatam is 27½ Miles – this portion was repaired in the Military Department some years ago, but is now much damaged and requires considerable Expense to render it a good Road for Carriages &c

The Accompanying Estimates amount to Rupees 385950 - 11 - 4 of this Sum Rs 3,24982 - 4 - 8 is for repairing the road and the remainder Rs 60968 - 6 - 8. building the Bridges and Drains – Suggesting that the repair of the road from Fort of Masulipatam to the Cantonment be left to Military Authorities and the Work Executed by the Convicts of the Station – From the Cantonment to Godaur a distance of 4½ Miles the Road is Sandy and needs no Repair – and therefore recommends that these two Items amounting to Rs 79051 - 2 - 8. be Deducted from the Estimates – That if 4 or 5 Companies of Pioneers with a sufficient number of Carts and hired Labourers be employed the Road from Hyderabad to Godaur ought to be completed in two Years – and that, after its completion, it will be necessary to Station a small detachment of Pioneers and a few Carts for the purpose of Repairing damages that it may sustain from the rains or other causes.

Requesting the Authority of Government may be given to the Military Auditor General to pass the Inclosed Bill of Mr. C P. Brown for insertion in the Transfer Accounts.
