Dear Sir,

In this Cause the Sheriff has affixed his Seals on two Godowns containing Rice about which there is no dispute and it was not intended that this part of the Grain should have been sequestered as the Plaintiff was in possession of it and Selling it under the agreement stated in the Bond of the Defendant. I will thank you therefore to speak with the Sheriff and have his Seals removed this day as the grain will be lost unless the Godowns are immediately opened - from the Godown which contained the Rice which was disputed the Sheriff has already removed his Seals and given it up to the person who alledged it belonged to him but as it was never intended to sequester the Grain now under Seal I hope there will be no objection against the Seals being removed.

Sir,

I have the honor to bring to your notice a few alterations and additions which appear to me needful to be attended to in the Repairs now going on of H. M. Jail.

The Guard Room having been converted into an Hospital for Europeans, it will be necessary to erect another, & I would therefore beg to suggest the propriety of so doing outside of the Jail to obviate as far as possible any accident that might ensue from the fire arms of the Sepoys being generally exposed.

I beg leave also to call your attention to the Apartments allotted for untried native Prisoners which appear, as far as concerned safety to require a Wall on each side the Cook Room & Privy, the height of which to run flush with the outer wall of the Jail. The

The Jailor has represented to me the necessity of the Windows of his apartments being glazed, this it would appear was consented to by Major D'Havilland when the request was made by any Predecessor as I am instructed to state, & that the same would be commenced upon, when the General repairs of the Jail were in progress -

I have further to state that the Jail in general requires to be White washed and the Wells cleared out - It may be proper to observe that a late Grand Jury recommended such a measure every six Months, or at such other periods when it was requisite - those and the foregoing additions and alterations I trust will be taken into Consideration, while at the same time I hope it is needless for me to point out their necessity, they no doubt, upon your inspection, will be found to be absolutely Wanting.

Circular

To the Sheriff of Madras.

Sir

With reference to the Communication that was made to you under date 18th December 1820 of the Intention of Government to abolish the Native Pension fund as soon as means could be found to do so with justice to all Parties Concerned I am now directed to acquaint you that the Honorable the Governor in Council has determined that no further subscriptions shall be received to the fund subsequent to the Current Month. The Committee accordingly request that your Office Abstract in arrear for April payable in Next Month may be the last from which any deduction may be made on account of the native Pension fund and from that date that all Subscriptions cease.

Subjoined is an Extract from the Letter from Government adopting the Suggestions of the Committee by which it will be seen that in all future Applications for Pension, the amount of assistance to be granted from the fund will be determined by the Amount Contributed by the deceased and not as heretofore by the Salary Enjoyed during his Life time. It becomes necessary therefore that the Register to be furnished by each Officer of the Name of every Individual & of the amount Subscribed should be prepared as early as Convenience will allow distinguishing in separate Columns according to the enclosed form Subscribers whose Salary Exceed & fall short of Rupees 15 per month —

The Government having desired that the Committee will pay the greatest attention to the early abolition of the fund I am instructed to request your early Cooperation in furnishing the Committee with the materials from which to frame the General Register called for by Government —

Extract from a letter from Government to the Committee for managing the Native Pension fund. dated 9th april 1822.

1.

The Honorable the Governor in Council approving of the several suggestions you have offered for abolishing the Fund desires that measures may without delay be adopted for carrying their Provisions into Effect.

You will accordingly cause it to be intimated to the Heads of all the offices under Government, that no subscriptions are to be received to the fund from the 30th of the Current Month; after which date it will be Expected that they should prepare and forward to you Statements shewing the Name of each Person employed under them who has contributed to the Fund Whose family according to the provisions of the deed could be considered to have a Claim to participate in its advantages, the length of time for which each individual has subscribed & the Amount actually received from each Person who has contributed to its Support.

By the General Register to be formed from these materials your Committee should be guided in Considering all the Demands for assistance which may hereafter be made on the fund, it being understood according to your suggestion that the Extent of the Pension to be granted to Claimants is to have reference to the amount actually subscribed by the deceased and not to the Amount of the Salary of the Office to which he may have been attached during his life time.

Sadras Arnachella Moodelliar Plaintiff
and
Vasuntapooram Jagannaick Kloo Draminy the Nephew and personal representative of Va Ramasawmy Draminy Deceased. Defendant

To The Sheriff of Madras

Sir, In consequence of a Notice published by you of an intended Sale this day of a Garden and house in the Village of Pondearpettah between the Gardens of Manally Chinniah Moodelliar and Sawmy Moodelliar (who is the Brother of the Plaintiff) has Measuring One Cawnie, 3 pieces and 1200 Square feet of Ground, which been seized by you as the property of the Defendant, under process of execution issued in this cause. I have been instructed by Rettay Errapah Naick the Nephew and representative of, and Successor to the Estate of Rettay Chinnatombe Naick deceased (who was the original proprietor of a large Garden whereof the Ground which is referred to by your advertisement, is parcel and to which only my Client is entitled) to acquaint you that this plot of ground, has not at any time been the property of the Defendant in right of his uncle Ramasawmy in his life time or otherwise, but belongs to Errappa in whose name are the Documents of Title and which are ready to be produced if required.—

I am further instructed to state that the house, which is alluded to by your present notice has been recently built on the spot of Ground in question by Sawmy Moodelliar, the Brother of the Plaintiff without the consent or permission of Errapah, with the view of usurping his property under some pretence of right, which I am given to understand is formed in fraud.—

I should also state that Ramasawmy Braminy the Defendants uncle in his life time was the agent of the said Chinnatombee Naick, and as such managed his affairs until the time of his death, and since in like manner also conducted the concerns of Errappah:-

That during the time of his agency Ramasawmy, under promise of paying the full value of the ground in dispute, obtained in his name an Instrument in writing in the nature of a Bill of Sale from Errappah, who placing implicit confidence in the assurance of his agent executed the same but without receiving then or since any Consideration for it-

That being the real owner of the property in question Errapah has lately applied to and obtained Certificates thereof in his own name from the Collector of Madras, who being fully satisfied of his right granted the same, and of which fact the Defendant, as well as the plaintiff, and Sawmy Moodelliar his Brother, are fully acquainted

On the behalf of Errapah I therefore beg your particular notice of these Circumstances and request you will desist from proceeding with the sale of the premises and deliver possession thereof to him.-

To Henry Dickinson Esqr.
Secretary to Government

Sir, I beg you will be pleased to obtain the sanction of the Honorable the Governor in Council that the interior of the Rooms and Cells of the Gaol with the other parts that require it may be whitewashed-

The Improvements which have lately been made in the Gaol by order of Government at the recommendation of a Committee appear capable of answering every purpose intended and as regards the interior a more salubrious, clean, and airy place of Confinement is seldom I imagine to be found in any Country-

With the view however to make every part of the Gaol equally secure and for the more effectually guarding against extraordinary floods some small additions appear to be required which I beg leave to mention and to request if approved by the Honorable the Governor in Council, that the Superintending Engineer may be directed to comple the same,

At the North West angle of the Gaol there is only one wall, but an inner wall such as is in every other part of the enclosure might be obtained at a very small expence by raising a parapet upon a building lately erected and by adding about 9 feet of wall at each end of that building - a Door also requiring to be moved from one part of the building to the other and broken glass as usual to be placed on the top of the new walls

For the more effectually keeping the water from entering the rooms in the lower parts of the Gaol in very heavy floods I beg to recommend that a slope of brick and Chunam 15 inches high at the top and with a step in the inside be placed at the doorways of the Cells and the same at some of the principal entrance Doorways I beg also that the traps for keeping out the floods may be examined and any addition or improvement made that may be found necessary-

The

The Jailors house being narrow and having no veranda he is obliged to close the outer shutters of the windows on the monsoon side when the rain is accompanied by wind, this besides other inconveniences, prevents him from seeing into the yard and court below which it appears necessary he should be able to do at all times in order that the conduct of the Prisoners may be under his view I therefore beg to propose that Six glass shutters may be placed at windows in two of the rooms for this purpose. The Stairs leading up to the Gaolers rooms are narrow and dangerous and I beg also to propose that other stairs of a proper breadth and ascent may be placed outside in front of the rooms.

Likewise that a shed with an arcot roof to be placed near the gate of the Gaol may be allowed for that part of the Sepoy Guard not immediately on duty the former place allotted for this purpose having by the arrangements recommended by the Committee been converted to another use-

Sir,

In reply to your letter of the 24th Instant, I have the honor to inform you, that I have not proceeded with the Sale of the Tanjore Bond in consequence of having received a letter from the Defendants Attorney Mr. Higginson under date the 19th of this Month. Copy of which forwarded to you immediately upon receiving it, and from which it appears, that your Client had no right to make over the Bond for Sale; and in consequence it seems to me to be necessary for him to give me an indemnity before I can proceed to sell it.

With respect to the Houses seized in this Cause, of course the same will be sold

sold without delay, unless the Defendants Attorney should shew any reason to the contrary, and your Client, in such case, be unable or unwilling to give me indemnity - the days fixed for the Sale are the 26th. & 27th. Instant.

I was favored with your letter of yesterday, undertaking to give the necessary Bail to the Court in the above cause, and enclosing me a Bail Bond for my acceptance.

I do not think the undertaking you have sent me, is directed to the points, in which I am responsible, namely that the Defr. shall not go beyond the Jurisdiction of the Court, without the leave of the Court, and, that in case he should, you engage to indemnify me against any responsibility for accepting the Bail you have tendered. I have, therefore, forwarded a letter addressed to myself for your Signature, which I enclose; and, upon your returning it to me signed I will accept the Bail who have executed the Bond; but, it will be necessary to have a Bond prepared and executed in this Office according to the usual Course.

I have received your letter of yesterday's date - and before I reply to that part to which you state you wish to have my answer, I must take leave to observe, that you have gratuitously and unnecessarily introduced a Statement relative to supposed transactions between myself and the late Sheriff with which I have yet to learn you have anything to do, and your concern with which as well as the correctness of the Statement I must also take leave to question as to the question whether I am to employ Peons for the purpose specified in your communication - and with due deference which is the question between you and me - I must only say that you must understand what is the duty of your Office and its incidents and liabilities better than I can point out, and that whatever guidance you may want in it, it is rather for the Court than for me to supply and you will of course make any application to it you may deem expedient - It does however strike me that by my acceding to your proposition I would in effect be taking charge of the property sequestered out of your hands and be relieving you from responsibility and making myself liable to my Client, by making what is in effect an extra official arrangement - I had imagined that this being a Contingent Expence had been paid from the fees and Salary of office, and must under all the circumstances decline giving any Pledge upon the subject leaving you to the alternative to which you state it is your intention to resort in Case my answer to your letter is in the negative -

Sir, Para 1 I have the honor to acknowledge the receipt of your letter dated the 9th ultimo with its accompaniment

2 The Pension of Rupees 5-4 in Case No. 457 was granted to a family consisting of three Persons, a Mother and two Sons. The latter are now both dead. The allowance may therefore be fitly reduced to Rupees 3 a month, at which rate it may be continued so long as the widow shall need assistance to that extent. The reduction will, if you please, take effect from the 1st Proxime

3 In case No. 1018. one of the Widows two Sons who was a minor when the Pension of Rupees 5-4 a month was granted, has now attained his majority. It does not, however, appear from the remarks on the case, that the elder Son has yet obtained employment; but it needs to be borne in mind, that when he acquires the means of assisting his family, he will be obligated to render his parent such aid as his ability will allow any change for the better in the circumstances of the family, should be communicated

4 In case No. 1530 the Pension of Rupees 1-12 should, according to the terms of the grant, be reduced to 1 Rupee on the marriage of the surviving child of the widow -

5. In case No. 1814, the ultimate period of the Pension is the 31st of October 1829-

6 In conclusion, I may remark that whatever the terms may be in which the grants

of Pensions are expressed, no grant can, consistently with the constitution and fundamental rules of the Fund, be considered to be unalterable. I may also notice, that the Committee named in the address of your letter under reply, has been dissolved.

Sir,

I beg to inform you that it has been reported to me by John Buchannan one of my Bailiffs that he arrested the Defendant above named on or about one o'Clock in the afternoon of Yesterday, that the Defendant, who is an Officer doing duty at Pallavaram requested of the Bailiff, that he might have till 4 o'Clock to settle for the Amount of the Debt & Costs; that the Bailiff therefore gave the Defendant Liberty when the Defendt went to the House of Another Officer; after waiting till half past 5 o'Clock in the afternoon the Bailiff requested that the Defendant would settle with him as he the Bailiff was unable to remain at Pallavaram any longer but the Deft refused so to do or to accompany the Bailiff to Madras. Under these Circumstances I have to request that you will take the necessary means for him the Defendant delivered up into my Custody forthwith. unless the Defendant is able in the mean time to settle with the Plaintiffs Attorney respecting the matter. An early answer will oblige

To Mr Thomas Reed

Sir,

I have to acknowledge the receipt of your letter of the 11th Instant together with its enclosures which were left at this Office at a late hour on Saturday last, in reply I have to state the substantial grounds of my objections for not forthwith ordering the above named Defendant to be Discharged. With regard to the attachment against Singery Seenevassa I am ready to admit that Mr Higginson had full authority to discharge him and had he sent me such a discharge by itself and paid the fees thereon and had there been no cause of detainer against the Defendant I should certainly have set him free but this was not the case for at the same time when Mr Higginson's discharge was presented to me another Paper of a similar description was also left with me by Mr Higginson as the attorney of the above named Pr Seeva Chedumbra moodelly now the Defendant Seenevassa had been on the 5th day of Decr last arrested at the suit of the last named Plaintiff upon a Writ of Capias & Satisfaciendum for the amount of 16765 - 15 and the Sheriff having taken the Body of the Defendant into Custody under this Writ I am much mistaken if he did not thereby become entitled to his Poundage fees to the amount of Rupees 1192 - - and it could not be rationally supposed that I would without any satisfactory explanation attend to a discharge from the attorney of the Plaintiff at whose suit a Defendt had been arrested under such Writ of Ca - Sa. without the customary and lawful fees of Office having been paid or any notice whatever taken with respect to them although such Plaintiff had been admitted to sue in forma Pauperis - These Discharges were accordingly returned by me to Mr Higginson and I heard nothing more concerning them either from Mr Higginson or Seenevassa until the morning of the 12th day of February last when I received a letter from the Defendt a Copy of which I herewith forward to you marked No 1 In consequence whereof I almost immediately wrote to Mr Higginson and you have herewith sent a Copy of my letter to that Gentleman marked No 2 - Having received no reply to or acknowledgment of the receipt of the same and having waited until past Six o'Clock in the evening of the last mentioned day I wrote and sent off from this Office to the Gaol a letter addressed to Seenevassa of which letter you have herewith a Copy marked No 3 - after this Seenevassa sent me several verbal messages and requests through the Gaoler the effect of which was that the above named Defendant might be Discharged, to all of which I always verbally replied through the Gaoler that unless the fees were paid or I had the order of the Court to set him at liberty Seenevassa must not expect to be released from Gaol - In the last term Seenevassa caused a Petition to be presented to the Court and his Petition was referred to your as Attorney for Paupers - Some time after such reference the Defendant through the Gaoler renewed his applications and requests to me to discharge or at any rate to let him Know what he should do in order to regain his liberty and I in reply sent him a verbal message through the Gaoler that I was desirous to discharge him provided I could feel myself justified upon principle in so doing and that Seenevassa had better cause another Petition to be presented to the sitting Judge at Chambers and which was accordingly done on the 1st Instant - an order of Court was on the 10th Instant left at this Office directing that Seenevassa should on the day following be brought up before the sitting Judge at chambers to be sworn to the truth of his affidavit - The Gaoler in obedience to this order brought up the Defendt and after having waited with his Prisoner the whole of the morning in the judge's chamber the Gaoler was told that he might take Seenevassa back to the Gaol as he was not required to swear to the truth of any affidavit on that day - although foreign to the subject I cannot avoid availing myself of the opportunity here offered of pointing out the very great inconvenience and risque attending these orders to bring up debtors to the Court house and it is to be regretted that such inconvenience and risque should be imposed upon the Sheriff without full deliberation had before such orders are applied for - added to what I have before mentioned it may be proper to inform you that on the 5th Instant I conversed with Seenevassa through the means of an Interpreter at the Gaol and if what I then heard be founded in truth and the same be proved to be so to the satisfaction of the Court I feel a thorough conviction that I shall be held fully justified in the course I have pursued - I am very desirous that the matter should be brought before the Court and I most assuredly will not discharge the Defendt from Prison until this has been done or the fees paid -
