To
Mr Henry Crampton
Attorney at Law

Sir In acknowledging the receipt at my Gardens late last evening of your letter to me in the above cause of yesterdays date, I beg to express my surprise at the extraordinary course of conduct, You have observed towards me in regard to the claim therein mentioned by prevericating and back handed measures and otherwise by which and your Letter now under notice it would appear as though You had some vindictive object in view

I have myself frequently applied to many Judges for an Order directing several of my Predecessors to hand over the Papers which have been laying in the Sheriffs Office for years but without success no Judge having felt himself legally authorized to make any order on the subject, any more than the Court did on your motion made behind my back and without any previous intimation.

Your next shift is to come and see me personally and shew me the endorsement made by Council on your motion Paper which I have promised voluntarily and not from any conviction of the legality of your claim as against me to give any best consideration to, This was on Friday last the 2d Instant after the refusal of your motion.

From the last mentioned date to this morning I have been prevented from coming into Office by illness which has of course precluded me from looking into your Complicated claim and from this date I shall be almost.

almost exclusively engaged on Public duty at the Sessions I am unable therefore to do any thing more than request that you will attend me on an early date after the Sessions and furnish me with a copy of the affidavit on which your Motion was grounded together with any further evidence you may be able to adduce in regard to your clients right to any of the Papers laying in the Sheriffs Office when such of the Documents as can be fairly & best anticipated will be handed over to the person or persons apparently entitled thereto either on indemnity against any claims that may arise in regard thereto or such other terms as may on my examination into the matter appear to be just and reasonable

Agreeably to the Warrant I was charged with I arrested and took the body of Chovoolah pully Vencataram Chitty at his place of residence in the Village of Poolumpet and proceeded with him to Cuddapah a distance of 45 Miles owing to the Cause of the weather, as well as for other circumstances. On my way back to Madras with the above party. I came to Poolumpet that being one of the Stages my prisoner broke his arrest and deserted me in the presence of the plaintiffs man and others & I have not been able to arrest him again. I applied to the Head man of the Village & he would not do it & the prisoners have declared to me, that he the prisoner his father was then in the hands of the head man. I then proceeded to Cuddapah where I arrived that day & stated the whole affair to the Police Ameen & he told me that he had written to the Majistrate about it, who is at prudent absent, on duty in the district. I called upon the Subordinate Judge who is a Sworn in Justice of the Peace he would not give me an interview but, on hearing my reasond for calling sent word to inform me that he had nothing to do with it. Previous to my arrival at Cuddapah I had written to the police Ameen under these Circumstances I beg to observe that as the European authorities here, do not think it their duty to render me every assistance, it would be impossible I could do my duty. As the Natives have doubt whether a warrant from the Supreme Court can be enforced I beg to solicit your instructions as well as that of Mr. Wilkins and shall await your orders at this station.

Sir

I have the honor to inform You that under and by virtue of an Order under the Seal of Her Majesty's Supreme Court of Judicature at Madras dated the 9th day of October last obtained on behalf of the Plaintiff above named, I granted my

letter to my address of the 6th Instant, in reply to mine to Your address of the 5th and to apologise for my inability by reason of illness in my family to communicate with You earlier on the Subject.

The Bangalow and Garden in Your letter referred to were seized and sold by me as I believe you are aware under a Writ of Execution from the Supreme Court against one Shurfool Comrah a party resident within the local limits and subject to the jurisdiction of the said Court by the Charter whereof under process of execution the Sheriff is authorized to seize sell and deliver possession of such Houses lands or other effects real or personal of the party or parties against whom such Writ of Execution shall be awarded as may be sufficient to answer and satisfy the Judgment, in which point I apprehend no difficulty or question could arise as against a party so resident within and subject within the jurisdiction of the Court and whose property whenever the same may be found within any of the territories subject to or dependant on the Madras Government is equally subject as the party to the Courts jurisdiction to award satisfaction of all process of Execution.

By the VII General Rule of the Supreme Court the Sheriff is not compellable to Execute process by himself or his Officers out of the Honorable Company's Jaghire which I understand extended over all parts and places within the Zillah of Chingleput though in my opinion the Sheriff or satisfying himself that a Defendant is a resident within the local limits of the Courts Jurisdiction or against Natives may without any authority or order from the part of he thinks fit seize and sell under execution the property of such party wherever situate within such Jaghire.

The property seized and sold in the present case

case appears to be that of the Defendant in whose name the Title was previous to the Sale and who as proprietor thereof was in the receipt of the rents and profits the best evidence of ownership next to Title and as the property was but a very short distance beyond the local limits of Madras (within which Natives must be residents to render their subject to the Court Jurisdiction) I considered it my duty not to drive the party Plaintiff to the additional and I conceive unnecessary expence of obtaining a special Order from the Court or a Judge in a case in which so little if any doubt could exist as to the Sheriffs power to seize property so situated within the Honorable Company's Jaghire

I beg to add that if I had thought it would have more agreeable or proper to have executed the process in question through the Local or Zillah Court within whose jurisdiction the property is situated or with its assistance in the same way as it is rendered by me as Sheriff to the process of the Mofussil Court. I should have been most happy to have availed myself of its beneficial services towards realization of the objects and ends of Justice but hitherto this practice had not been adopted. I beg at the same time to state that so salutary a measure as that last adverted to is one which I am sure if adopted would in numerous instances be of most essential benefit to the suitors of the Supreme Court

I beg leave to acknowledge the receipt of your letter of the 17th Instant, according to instructions therein conveyed I waited upon the Civil & Sessions Judge who kindly told me that he could do no more for me, than to allow me Couple of peons to accompany me to the Villages, and that he had no power to do any more; as this could be of no use to me, I intend to address the Magistrate this day by post, and should he gave me the assistance required, I shall proceed and recapture the man but in the event of his not being able to do so I shall return to Madras. The defendant is a man of property, and engaged in extensive Commercial transaction there could be no difficulty in capturing him provided I have assistance from the Magistrate to prevent a breach of the peace as I had been placed in danger when the man broke his arrest.

To The Sheriff of Madras

Sir

It is represented to me by Mili Daiva Adamoney Moodelliar and Ganana Adthamoney Moodelliar the Executors of the last Will and Testament of Mili Vadagerry Thillenayagum Moodelliar deceased that

that under and by virtue of a Writ of Execution issued in the above Action You have seized and taken in execution as the property of the Defendants the following House and Gardend and advertized the same to be sold by Public auction on the days hereafter stated viz.t

Lot N.o 1. On Friday the 27.th day of November Instant, A House and ground N.o 3 situate at Saint Thome in new Street.

Lot N.o 3 On Monday the 30.th November Instant A Garden and ground also situated in new Street Called Pathypattady.

Lot N.o 1. A Garden and Ground also there situated near Hamilton's Bridge.

Sam instructed therefore to inform you that the said House and Gardend are not the property of the Defendants but that the same belong to my clients absolutely under the circumstances hereinafter stated.

Anna saw my Moodelly and Tillah Naigum Moodelly were formerly Brothers and Members of an undivided Hindoo family in the year 1838 Anna saw my Moodelly departed this life without issue leaving the said Tillah Naigum Moodelly his only Brother and the Defendants above named his two widows him Surviving.

In consequence of a misunderstanding between the said Tillah Naigum Moodelly and the Defendants above named they connived with the Plaintiff above named who brought an action against them on a pretended Note for 5.000 Rupees alleged to have been executed by them and confessed the same on which a Writ of Execution issued and the Sheriff of Madras seized the whole of the undivided family property belonging to the said Anna saw my and Tillah Naigum Moodelly whereupon Tillah Naigum Moodelly filed a Bill in Equity against the Plaintiff and Defendants above named praying among other things that the Writ of Execution might be set aside and for a Writ of Injunction to restrain all further Proceedings in that action.

On the application of the said Tillah Naigum Moodelly

Moodelly a Writ of Injunction was accordingly obtained and all proceedings in the above action were altogether Stayed

Some time in 1843 the Suit so instituted by Tillah Naigum Moodelly was Compromised through the Mediation of Mr. Henry Crampton who was the Solicitor and attorney of the Plaintiff and an agreement was entered into by the said Tillah Naigum Moodelly and the Defendants above named on the 13th January 1843 whereby it was amongst other things agreed that all the Jewels Houses Garden and other property belonging to the said undivided Family should be devided into three Shares 1/2 Share thereof to the said Tillah Naigum and 1/4 Share thereof to be given to the said Defendants but that inconsequence of some disputes that agreement was not Carried into effect

By another agreement entered into between the said Tillah Naigum Moodelly and the Defendants and bearing date the 17th August 1843 after reciting the agreement of the said 13th January 1843 it was amongst other things agreed that the said Henry Crampton should take possession of the whole of the undivided family property enumerated in a schedule annexed to the last mentioned agreement and that he should instruct Messieurs Ashton Richardson and Co. to sell such Estate and property by Public action to the Highest Bidder for the purpose of dividing them as agreed upon by them and from the net proceeds arising from such sale 1/2 Share thereof was to be given to the said Tillah Naigum and 1/4 Share thereof was to be given to the said Defendants but which amount was to be received by the Plaintiff on her account as her agent

In pursuance of such agreement the said Henry Crampton possessed himself of the whole of the property so belonging to the undivided Family and caused Messieurs Ashton Richardson and Co. to sell them by Public action previous to such sale the said

said Henry Crampton wrote to Messieurs Ashton Richardson and Co. to allow the said Tillah Naigum Moodelly to bid for such property as he might wish to purchase from that Estate and debit such amount from his Share in the Estate to the Extent of the said 1/2 and inconsequence of such Letter Messrs. Ashton Richardson and allowed the said Tillah Naigum to bid and purchase among other things the House and Garden above particularized and since seized and taken in Execution by you for the price or sum of 3520 Rupees and immediately after such sale the Title Deeds of the said House and Garden were delivered to the said Tillah Naigum by Messieurs Ashton Richardson and Co. by the Instructions of the said Henry Crampton and the said sum of 3520 Rupees which together with the Value of Sundry other Jewels and articles purchased by the said Tillah Naigum amounted to the sum of Rupees 3582 4 4 was debited in the account of the said Tillah Naigum as and for his Share in such Estate.

The Plaintiff above named on behalf of the said Defendants acknowledged to have received the sum of Rupees 3630 6 8 as and for the Share of the said Defendants to the Extent of 1/4 interest satisfaction and payment of their debt to him.

Under these Circumstances it will be obvious to You that the House and Garden so advertized by You for sale belong to my Clients as the Executors of the said Tillah Naigum and that the said Defendants have no right whatever to the same. Unless therefore You immediately remove Your Seals and Seizure from the said House and Garden Proceedings will be adopted against You in the Supreme Court as may be advised

To The Master in Equity

Sir,

I regret that severe indisposition from Rheumatism, will

prevent my attending before you on the occasion of the Meeting of the Gentlemen of the Profession this day, for the purpose of offering such suggestions as I may be able with reference to the revision of the Table of Fees.

2. The Attornies, Solicitors and Proctors who have been practising under the New Rules and present Table, will of course be amply able to recommend according to their experience thereunder, what amendments they may consider ought to be made in fair justice to themselves and the Suitors, without any assistance from me, I therefore only desire to offer a few suggestions in regard to certain duties required in the Sheriff's Office which are not provided for by the present Table.

3. I beg to submit that the Sheriff ought to be allowed reasonable fees for the following duties, which he is constantly called on to perform, and for which he can demand no allowance by the present Table.

For the receipt of every Order of Court whereby he is required to take security, or perform any other act under such Order	Rs	A. P. 1 — 2 —
For entering the same in his Books per folio		12 —

Observation — The Sheriff besides receiving the said Order, has to enter it in his Books and obey the same. If there is no Record kept, how is each succeeding Sheriff to know the duties required of him?

For taking security from Parties appointing special Bailiffs for the execution of Process under order of Court, including the preparation of the Indemnity Bond	Rs	A. P. 17 — 8 —

Observation — The Master gets in every ordinary case of security under the present Table Rs 35.
The Sheriff formerly used to receive Rs 35 but now nothing although he generally performes the duty.

For

For preparing special security Bonds under process of execution when required ——— Rs A P 35 — —

Observation

The Master gets for special Securities under the present Table Rs 40 (exclusive of several other charges).

The Sheriff used to be allowed for this service Rs 2 8 annas. At present he is frequently obliged to prepare these Securities without any compensation for his services, which are generally very special. it is therefore submitted that he ought to be allowed the above charge of 35 Rs which includes the Sheriff's trouble in enquiring into the sufficiency of the Securities. Where the Sheriff is not required to prepare the above General and special Indemnity Bonds, in such cases I submit he should be entitled to the following charges

For perusing and settling Deeds and taking Indemnity on the appointment of a special Bailiff for the execution of Process under an order of Court ——— Rs A P 5 — —

For perusing and settling Deeds and taking Indemnity under Process of Execution ——— 10 — —

For withdrawing the Sheriff's Seals after seizure of Property when required ——— 1 — 2

4 It used to be the practice for the Deputy Sheriff personally to attend all sales of property under Execution (without reference to the particular distance from the Sheriff's Office) until the time when I was appointed Sheriff after which my Deputy objected to perform this service, unless he was allowed a reasonable fee for the same, there being no fee allowed for such special attendance by the present Table of Fees ———

Considering it unreasonable to require my Deputy to perform this special duty away from the Office, or to travel several Miles without recompence, I never exacted the same, though I conceive that it would be for the benefit of parties having sales under executions, particularly in cases where disputes are likely to arise to have the Deputy Sheriff's present. I would therefore suggest that a reasonable fee should be allowed for the same:

For attending sales of Property under Execution out of his Office within the Black Town Walls ——— Rs A P 10 — 8 — —

If beyond the Black Town Walls and within the limits of Madras ——— 17 — 8 — —

Observation

The last mentioned fee is that which was formerly allowed in all cases.

5 I shall of course be glad if the above suggestions are submitted for the general consideration of the Gentlemen Practitioners of the Court and to abide by their and your final recommendations as to the most proper mode for compensating the Sheriff for the performance of the duties and services adverted to, having no other object in view than that of fair and reasonable recompence for the performance of services required.

Sir

1 With reference to my letter to your address of the 4th Instant I beg to state for your information and that of the Profession that I have since discovered some other services which are rendered by the Sheriff for which he is not allowed by the present Table of Fees to make any charge, and one description of service for which that Officer is not adequately compensated in comparison with the other Officers of the Court for a similar service.

2 I feel it my duty to mention these matters in writing considering it the best mode and resting assured that the Honorable the Judges must be desirous to distribute equal Justice to all Members

Members of the Profession in Offering as they have done to amend the present Table as may be deemed advisible.

3 By the Table the Sheriff is allowed for executing every Summons the small sum of 1 Rupee and 4 annas which I submit is insufficient of itself in cases of Summons at Common Law in which there are frequently 10 or 20, or more parties Defendants — In such cases the Sheriff receives a single printed Summons filled up in writing with the names of the parties and other particulars from the Office of the Prothonotary, for which single Summons that Officer receives a fee of 1 Rupee 4 annas — Upon receipt of this Summons as many printed Copies as there are parties Defendants are filled up, signed and sealed by the Sheriff and delivered to his Bailiffs for service the Original having kept in the Office wherein to make the Sheriffs return, after the services effected or attempts to serve reported on — Thus in a case in which the Prothonotary issues one Summons for which he receives his fee the Sheriff has frequently to issue 10 or 20 according to the number of Defendants for the service or execution of which he is only entitled by the present Table to the same fee 1 Rupee 4 annas the Prothonotary charges for his single one, with no other duty to do than hand it to the party to whom issued, whereas it is quite different with the Sheriff who has to fill up & issue so many additional Summonses & take instructions for the separate services of each

4 With reference to the last Para of this Letter, I submit that the Sheriff ought to be allowed a similar fee of 1 Rupee and 4 annas for each of such Summonses as he has to issue under his signature and seal of Office for execution, particularly in cases where the parties Defendants are numerous

5 I at the same time beg to call attention to the diversity of charges allowed in the Table of Fees for searches in the Offices of the Sheriff the Master the Registrar in Equity the Ecclesiastical Registrar the Prothonotary, the Examiner and the Clerk of the Crown

Crown which are as follows

For every search in his Office

	Rs. A
The Sheriff	12
The Master	2 "
The Registrar in Equity	2 "
The Ecclesiastical Registrar	2 "
The Prothonotary	1 4
The Examiner	0 0
The Clerk of the Crown	1 "

6 I really cannot understand why such a difference in the rate of the Charge for such a service as that of seeking for documents or information should be so variously estimated in value as a above shown? To the Suitor the actual search is equally as valuable, no matter by what Officer of the Court the same may be made except that he has to pay one Officer for the same duty more than he has to pay another on no apparently reasonable grounds or principle that I can discover particularly when it is considered that the services of the respective Officers of Court, in their Departments ought to be as I submit in such a matter of equal value to the Suitors and themselves in the respect alluded to as in the rendering of such service it cannot be urged that any profundity of legal knowledge is required in any one Officer more than another

7 I always understood that the Sheriff was considered as one of the highest functionaries of the Court but strange to observe his services would appear to be held in very small estimation compared with the other Officers of the Court of the Table of fees is to be the Criterion on which an estimation of them is to be formed, his fee for searches being only about one third of that allowed to the Master.

and Registrar and his services on Summons frequently upwards of Twenty times in excess according to the number of Defendants of those rendered by the Prothonotary for the same small fee of 1 Rupee and 4 annas.

8 With these remarks I shall leave the revision of the Table of fees to take its course having no interest in the matter than the Public good with fair Justice and recompence to all the Officers of Court for their services.

To The Master in Equity

Sir,

I have the honor to annex hereunto an Extract from this Morning's Atlas, giving an account of the Meeting which took place at your Office on the 4th Instant, and as it contains the first somewhat definite information, that I have either heard of, or seen on the subject of the proposed revision of the Sheriff's fees, I take the liberty on behalf of the Sheriff of requesting your and the professions consideration of the following explanations and submissions in regard to the matters that appear by the Atlas's account to have been suggested before you.

2 I beg to express my disapprobation of the suggestion, that the Sheriff should be allowed to Charge 3 Rupees a day (including also the Night) for keeping possession of property Seized only for the first Ten days and thereafter only 1 Rupee for each subsequent Day and Night, as being an amendment which might operate in a very hard and unjust manner on the Sheriff for the Charges allowed by the present Table, had to employ & pay at least Two Watching Peons, to watch each empty House & Ground or other Premises that he had under Seizure until Sold and pending such Charge is liable to incur very considerable risk and responsibility which would fall unjustly heavy on the Sheriff in any Case in which there were more Houses and Grounds or Gardens, or Lands, than one to be so kept by him under Seizure for Sale, or under Sequestration, or where the House or Premises may contain much valuable property that could not be removed, in which case the Sheriff might have to employ 6 - 8 - or 10 Peons; Supposing such to be the Case the proposed allowance of 1 Rupee per day and night would be totally inadequate, the average of each Peon being taken per Month at 7 Rupees, and taking into Consideration, that if the Sheriff had Five or more valuable Premises, probably distantly situated from each other to have a Charge of for a lengthened time at the pleasure neglect or delay of the Parties, in furnishing him with necessary instructions for advertising or otherwise, or with the View to their accomodation, or some compromise of which the Sheriff would not be likely to know the particulars he might in the Case of the allowance of only 1 Rupee for such delays have to incur the usual responsibilities without any recompence for this, and moreover to pay for an incalculable number of Watching Peons, for every House, or Garden or Piece of Land under his Charge beyond one out of his own Pocket an injustice which I am Confident neither the Gentlemen of the Profession or the Suitors could desire to impose on that Officer

3 I beg to State that it is at all times the desire of the Sheriff to proceed to all Sales with the utmost possible dispatch & as much desirable is

id his interest to do so - But that sales of property are constantly delayed at the instance of Parties or their attornies with different objects frequently at the instance and solicitation of Parties Defendants and otherwise, also by reason of Notices showing the existence of fair and legitimate doubts, as to whether the property under Sazure is that of the party Defendant whose property it is pointed to be - That it is a very common thing to endeavour to th sales by giving Notices of adverse claims some times just once, occasionally otherwise on the very day of Sale and some times at the time of Sale, which Notices mostly contain subject matter for consideration and demand a postponement of the Sale inorder to enable the Sheriff to make due enquiry into the merits of the respective claims which could not from what I have seen in the Sheriff's Office be done with Justice to the Sheriff as a Public Officer, or the Claims of Conflicting parties without a reasonable delay for that purpose, and to enable the Sheriff who is a disinterested party to indemnify himself against such losses as he may have to incur in adopting the one side or the other, as may appear to him to be most Conducive to the fair ends of Justice and right and most consonant with his duty as an Officer of the Court

4 If any alteration is deemed advisable to be made in regard to the Sheriff's fee "for keeping possession of property seized" I would submit that this description is much too indefinite and extensive in its meaning, and such as might be construed with reference to both real and Personal Property, most seriously to the Sheriff's disadvantage, in cases where more Premises than one or two, or properties, were under Sazure or sequestration, and that the greater the number of Premises or properties at different places, the greater would be the Sheriff's liabilities in his visits and the losses in payment for watching Teons which he might unjustly have to sustain particularly on the reduced paltry proposed allowance of only 1 Rupee per day to keep possession of one, or may be a dozen Premises.

5 If any amendments therefore are deemed advisable to be made with reference to the last mentioned Charge, I would suggest that they should be to a some what similar effect as hereunder set out and revised in red ink

For keeping possession of property seized

for every 24 hours — } Rs 3-0

6 With regard to landed property under sequestration by the Sheriff, I would recommend, that where he is able to obtain Rent for the same he should be allowed 5 per cent on the amount of Rents that he may collect, with all reasonable incidental expences, and that in cases in which he cannot rent the same, he be allowed to charge for his keeping possession of each House and Ground, or Garden or other property under sequestration, as suggested to be provided by the revised Table of Fees for every 24 hours a certain sum.

7 With reference to the Charge "for searches" I would only suggest that the Sheriff & all Officers of the Court should be entitled to a similar fee, whether it be the lowest, or the highest or the medium of the fees specified in the precedent Table for the searches of the different Officers of the Court.

Deputy Sheriff

Sheriff's Office
Madras
19th March
1847

To
The Honorable Sir E. S. Gambier Knight C. J. and The Honorable Sir W. H. Burton Kt. P. J. of Her Majesty's Supreme Court

My Lords,

I have the honor to express my regret that illness prevented my attending at the Office of the Master, on the occasion when the consideration of certain amendments in regard to the Sheriff's fees was entered into and that notwithstanding my having addressed the Master on the subject and personally called on him I have not been able to obtain any satisfactory information as to what was done with reference to the Sheriff's fees I therefore take the liberty of addressing your Lordships on the subject solely with the view that the Sheriff's fair interests may not be damnified or neglected.

2 I beg to submit that the Sheriff ought to be allowed in the amended Table, reasonable Fees for the following duties, which he is constantly called on to perform, and for which he can demand no allowance by the present Table.

For the receipt of every order of Court whereby he is required to take security or perform any other act under the order } Rs. 2

For taking security from Cashew appointed Special Bailiffs for the execution of Process under writs of Court, including preparation of the Indemnity Bond when required } Rs. 10

Observation— The Master gets in every ordinary case of security under the present Table Rs. 35

The Sheriff formerly used to receive Rs. 35; but now nothing although he generally performs the duty.

Observation— The Master gets for special security under the present Table Rs. 40 exclusive of several other charges.

The Sheriff used to be allowed for this service 52 Rs. 8 annas. At present he is frequently obliged to prepare these securities without any compensation for his services, which are generally very special; it is therefore submitted that he ought to be allowed the above charge of 35 Rs. which includes also the Sheriff's trouble in enquiring into the sufficiency of the securities

Name the Sheriff is not required to prepare the above General and Special Indemnity Bond

3 I recommend that the following fee should be allowed, as for performing the service a Peon or Bailiff had generally to be sent several miles to give Notices.

For withdrawing the Sheriff's Seals after seizure of property when required } Rs. 2

4 It used to be the practice for the Deputy Sheriff personally to attend all sales of Property under Execution, with reference to the particular distance from the Sheriff's Office, until the time when I was appointed Sheriff. After which my Deputy objected to perform this service unless he was allowed a reasonable Fee for the same, there being no fee allowed for such special attendance by the present Table of Fees. Considering it unreasonable to require my Deputy to perform this special Duty, away from the Office, or to travel several miles without recompence, I never exacted the same, though I conceive that it would be for the Benefit of Parties having sales under Execution particularly in cases where disputes are likely to arise to have the Deputy Sheriff present. I would therefore suggest, that a reasonable fee should be allowed for the same

For attending sales of Property at the Office when it shall have been required } Rs. 10

Observation— The last mentioned fee is that for which was formerly allowed in all cases.

5 There are also other services which are rendered by the Sheriff for

for which he is not allowed by the present Table of Fees to make any charge and one description of service, for which that Officer is not adequately compensated in comparison with the other Officers of the Court for a similar service, which I feel it my duty to mention for your Lordships consideration.

By the Table the Sheriff is allowed for executing every summons the small sum of 1 Rupee and 4 annas only, which I submit is insufficient of itself in cases of Summons at Common Law in which there are frequently 10 - 20 or more Parties Defendants - In such Cases, the Sheriff receives a single Printed Summons filled up in writing with the names of the Parties and other particulars from the Office of Prothonotary for which single Summons that Officer receives a fee of 1 Rupee and 4 annas excluding of Stamps charged upon receipt of this Summons, as many printed Copies as there are parties Defendants, are filled up, Signed and sealed by the Sheriff and delivered to his Bailiffs for service the Original being kept in the Office whereon to make the Sheriff's return, after the service effected, or attempts to serve reported on. Thus in every Case in which the Prothonotary issued only one Summons for which he received his fee, the Sheriff had to issue as many Summonses as there are Defendants, one to be served on each of such Defendants, for the service or execution of which he is only entitled by the present Table to the same fee 1 Rupee and 4 annas as the Prothonotary Charged for his single one, with no other duty to do, than to prepare and hand it to the party to whom issued whereas it is quite different with the Sheriff who has to fill up, sign seal and issue as many Summons as there are parties Defendants and likewise to take instructions for the separate services and return of service on each party Defendants.

7 With reference to the last Para of this letter I submit that the Sheriff ought to be allowed at least a similar fee as the Prothonotary

Observations - In Equity Copies of subpoenas are furnished to the Sheriff for service as many as there are parties Defendants, from each of which Copies the Solicitor makes his charge per folio - In common Law for Witness subpoenas the Attorney furnishes as many Copies of them as there are Witnesses - Copies of Citations are furnished by the Proctors who make their charge per folio, according to the Number of Copies required and in Criminal Cases where Attorneys are concerned they charge for Copies of Subpoenas for Witnesses in like manner per folio.

8 I at the same time beg to call attention to the severity of charges allowed in the Table of Fees, for searches in the Offices of the Sheriff the Master

Master, the Registrar in Equity, the Ecclesiastical Registrar, the Prothonotary, the Examiner and the Clerk of the Crown which are as follows.

For every search in his Office	Rs. a.
The Sheriff	- 12
The Master	2 -
The Registrar in Equity	2 -
The Ecclesiastical Registrar	2 -
The Prothonotary	1 4
The Examiner	0 6
The Clerk of the Crown	1 -

9 I really cannot understand why such a difference in the rate of the charge, for such a service, as that of seeking for documents or information, should be so variously estimated in value as above shown - To the Suitor the actual search is equally as valuable, no matter by what Officer of the Court the same may be made, except that he has to pay one Officer for the same duty more than he has to pay another on no apparently reasonable ground, or principle, that I can discover particularly when it is considered, that the services of the respective Officers of Court in their Departments, ought to be as I submit in such a matter of equal value to the Suitors and themselves in the respect alluded to, I would therefore recommend that the Charges of the whole of the above Officers should be the same, whether the lowest, the highest, or the medium Charge -

10 By the Atlas of the 8th of March Instant which contains the only account of the Meeting I which took place at the Masters Office on the 11th Instant I that I have seen on the subject, as to what were the proposed revisions of the Sheriffs fees, the fee of 3 Rupees a day for keeping possession of property seized whether it be for one, or three Months, is complained of as being a very oppressive and unjust charge, and it is said that making a distinction, the nature of which had not been communicated to the Sheriff or his Deputy for consideration between property seized and under sequestration, it was proposed, "The Sheriff "is to have 3 Rupees a day for only the first Ten days, by which time he must "provided to a State, or if not he is to have only a Rupee a day afterwards."

11 I feel it my duty to express my disapprobation of the suggestion that the Sheriff should be allowed to charge 3 Rupees a day including also the Night for keeping possession of property seized only for the first Ten days and thereafter only 1 Rupee for each subsequent day and Night as being an amendment which might operate in a very hard and unjust manner on the Sheriff as it must be borne in recollection that the Sheriff for the charge as allowed by the present Table, had to employ & pay at least Two watching Peons, to watch each House & Ground, or either Premises or property that he has under seizure while so held and pending such charge is liable to incur very considerable risk and responsibility which would fall unjustly heavy the Sheriff in any Case in which there were more Houses and Grounds, or Gardens or Lands or other property than

than one to be so kept by him under seizure for sale or under sequestration or where the Heads or Premises may contain much valuable property that could not be removed in which case the Sheriff is frequently obliged to employ 6 8 10 or more Peons according to the exigencies of each case & the anticipated resistance of the parties against the Sheriffs seizing or retaining possession supposing such to be the case or forcible endeavours made to dispossess the Sheriff, the proposed allowance of 1 Rupee per day and Night would be totally & inadequate to enable him to maintain a necessary force of Peons, the average charge for each Peon being taken per Month at 7 Rupees for the day and Night also taking into consideration that if the Sheriff had six or more valuable Premises probably distantly situated from each other to keep Charge of at the same time in one case for a lengthened time at the pleasure neglect or delay of the parties in furnishing him with necessary instructions or information for advertising or by giving instructions to delay the sale as in case of no bidders, or otherwise, or delay with the view to the accommodation of the parties or in Consequence some compromise or treaties for compromise, of which the Sheriff would not be likely to know the particulars, he might in the case of the & allowance of only 1 Rupee for such delays have to incur the usual risks and responsibilities without any recompence for this and moreover to pay for an incalculable number of Watching Peons that might be necessary for the Charges of every House or garden or piece of Land or other property beyond are out of his own Pocket under his seizure an injustice which I am confident neither the Gentlemen of the Profession or the Suitors could desire to impose on that Officer.

12 I beg further to state that it is at all times the desire of the Sheriff to proceed to all sales where he can do so with the utmost possible dispatch as much as it is his interest to do so But that sales of Property are constantly delayed at the instance of Parties or their attorneys with different objects mostly unavoidable frequently at the instance and solicitation of Parties Plaintiffs and defendants also by reason of Notices shewing the existence of fair & legitimate doubts as to whether the property under seizure is that of the party Defendt whose property it is pointed out to be That it is a very common thing to endeavour to thwart sales by giving Notices of adverse claims sometimes just owned occasionally otherwise on the very day of sale and sometimes at the time of sale, which Notices mostly

mostly contain subject matter for consideration and demand a postponement of the sale in order to enable the Sheriff to make due enquiry into the merits of the respective claims which could not from what I have seen in the Sheriffs Office be done with Justice to the Sheriff & a Public Officer or the Claims of Conflicting parties without a reasonable delay for that purpose & and to enable the Sheriff who is a disinterested party, to indemnify himself against such losses as he may have to incur in adopting the one side or the other as may appear to him to be most conducive to the fair ends of justice and right and most consonant with his duty as an Officer of the Court

13 again I submit that in cases of seizures of two or more Houses, lands, or other property that it would be impossible to effect sales of them in all cases within 10 days without prejudice to the Interests of both Defendants and Plaintiffs, the latter of whom have constantly applied during my time in the Sheriffs Office to give sufficiently long Notices of sales in order to secure a greater number of Bidders and realize larger prices for property sold through the Sheriff Bidders which several properties seized in the same case cannot be sold the same day at the respective premises where distant from each other which is seldom if ever desired by parties Plaintiffs and sometimes the Sheriff cannot procure Bidders;

14 On Consideration of the several grounds of objection particularly stated in the last three Paragraphs of this letter I trust that Your Lordships will at once see the extreme injustice & hardships to which the Sheriff would be exposed were he bound down positively to sell all property seized by him in all cases within 10 days from the time of seizure & he compelled to accept of only 1 Rupee thereafter for his responsible charge, for an unknown period may be for 10 or 20 premises in a single case by reason of delays such as those before contemplated and described for which he could not apprehend in justice he held responsible.

15 If any alteration is deemed advisable to be made in regard to the Sheriffs fee for keeping possession of property seized I would most strenuously submit that this description is much too indefinite & extensive in its meaning and such as might be construed with reference to both Real & and Personal Property most seriously to the Sheriffs disadvantage in Cases where more Premises or properties than one or two were under seizure or sequestration & that the greater the number of Premises or properties at different places the greater would be the Sheriffs liabilities in his risks and the losses in payment for watching Peons which he might unjustly

unjustly have to sustain particularly on the proposed reduced allowance of only 1 Rupee per day to keep possession of one or may be a dozen Premises.

16 And if any amendments are deemed advisable to be made with reference to the last mentioned charge, I would suggest that they should rather be to a somewhat similar effect as hereunder set out and revised in red Ink—

For keeping possession of

every 24 hours for 3

17 With regard to landed property under sequestration by the Sheriff I would recommend that when he is able to obtain Rent for the same, he should be allowed 5 percent on the amount of Rents that he may collect, and that in cases in which he cannot rent the same, he be allowed to charge for his keeping possession of each House and Ground or Garden or other property under sequestration as above suggested to be provided for by the revised Table of Fees that is to say for each House and Ground or Garden or Land or other property under seizure at each place for every 24 hours the same of 1 Rupee and necessary Watching Peons.

18 Should it not be considered that any portion of the 3 Rupees per day and Night is intended for the Sheriff exclusive of the expense he must be at in paying for Watching Peons Sum of that the most reasonable protection to him would be to allow him to charge for as many watching Peons as may be necessary for the keeping possession of each property seized as in this case he would be safe from loss and the Client would only to pay for the actual expense of keeping possession of the property under the present Table of fees in case of one small property only being under seizure the Sheriff would get possession charged more or less 90 Rupees a Month to return possession of which if undisputed Two Peons might be sufficient at the Rupees per Month the 25 Rupees for

for three 28 Rupees for four and as according to the exigency of the case for each property under seizure which latter made of Compensation would in most cases be better for the Suitor, if as before contemplated the Court did not intend to give the Sheriff any allowance or his perquisite for keeping the possession.

19 I should have concluded this letter here, had not some objection been brought to my notice by one of the attornies subsequent to the preparation of the foregoing part of this Letter which I conceive deserving of equal consideration as the matters I have before called your Lordships attention to—

20 The first objection I last alluded to is, that according to the present Table the Sheriff is only entitled to Rs. 2 and annas 8, For preparing an advertisement (without reference to its necessary length in folios) by reason of the number of separate premises and properties for sale / that the said charge is intended to include draft and fair copy of the advertisement, also two Copies of the same as instruction for insertion thereof in two of the Publick Papers and as many Copies more as there may be premises for sale to be stuck up on each premises The preparation of there advertisement I must observe is a matter which demands considerable care and attention and is of as much importance to the suitors in the Sheriffs Office as in the Chambers when sales are effected by him.

21 As the fee of 2 Rs. 8 annas is a very small fee for the Draft and fair Copy of advertisements in every case and disproportionate to the labor in preparation of the same in each case being generally far less than what would be the charge for the Draft only as the attorneys & solicitors charge and less than what the Sheriff has to pay to the printer being 3 Rupees 8 annas for its insertion I submit that the Sheriff ought to be entitled as following.

For Every advertisement [illegible] the Cost of insertion [illegible]

22 In the case adverted to the Charges made were for the Advertisement, (admitted) and 6 Rupees for 2 Copies thereof (disputed) issued for the Sheriffs Office one to the Fort St. George Gazette and the other to the Crescent as instruction for the insertion thereof in each paper being folios 8 at 12 annas 2 Rs. 8 a

annd each Ruped 6. No charge was made for Copied to stick upon premises, as the properties to were seized in the Sheriff's Office But as much Copied are necessary in cases of both landed and personal property I submit they also ought to be allowed as for work actually done

Observation — The charter gets not for during bail for allowing and signing every advertisement . . . . . No. 3 as 8.

The Attorneys and solicitors Fee. for drawing for the first folio 2

For every other folio 1

For engrossment or fair Copy for filing and for every other Copy when necessary, per folio . 12

23 By allowing the Sheriff to charge as before recommended for advertisements &c. it will only be compensating him for in work actually done according to its extent.

24 The Sheriff is not distinctly allowed in the present Table as I submit he ought to be, to charge for taking in Inventry of Personal or moveable Property which occupied when there is much Property a considerable time and generally required intelligent Writers to take the same as this is an essential service I recommend that the Sheriff be allowed 5.

25 An objection was also made to allowing the Sheriff under the present Table, to charge for making an account Sale of property to be sold as ever 12 annas the folio which I submit is a necessary service as without such account Sale containing the particulars of property to be sold particularly permit property the Sheriff could not keep any account of the name of purchasers of articles or properties or the prices for which they were sold 12

In leaving the above suggestions entirely to Your Lordships Consideration and adjustment.

Landed here on the 4th March I went to Mr. Fullerton on the same day I arrived, and he was shut up. There were two other Officers with him I waited there about two hours thinking to get in Those other two Officers told his servants in the Malabar language some thing I could not understand and they went away. Those Servants beat me outside of the Compound also they flogged my two boys and sent them about two Miles in town. I made my Complaint to the Major of the 22d Regiment when I returned from the Majors quarters, the Captain of the 11th Regement ordered the Sepoys to shout me out of the district I asked One of the Sepoys who told him to do so They told me the Captain of the 11th Regement. I put up at a soldiers house the same night. Those Officers thought I was encamped about two Miles out of the town but I was not, a Sepoy told my boy that those Officers came down there where I was encamped in the day time. They came down thinking to find me there with big sticks, but I was not there when I went to the Major he told me he had no charge of the district as there was a police Watch there and when I went to find him out, he was out in the district I went to back to the Major and told him he was not there and then the Major told me he would write for him and he did so I went to him and made my Complaint to him the Adjutant Ordered me out of the district, I told him by

by either authority I should not go. I went to the Majors and told him the adjutant ordered me out of the district If you give me orders to go out of it, I will go and give me a writing to that effect, I would leave this evening he would give me a Chit not to interfere with me I told the Major I was to do my duty I should do it if it laid on my power and then he told me the Magistrate was came home I made my Complaint to him and he told me to come on Monday morning, and he would give me a assistance that no one should interfere with me Then I went back to my quarters and took a walk in the town with my two boys and when I came home I went to bed, and about 20 minutes before 10 a peon came to my quarters and told me the adjutant wanted me to settle the business also Mr. Fullerton my self I took my two boys with me when I got 100 Yards on the road who should I meet but Mr. Fullerton. He said, who are you I told him I was a Bailiff from the Supreme Court. He said You buggar You are come to arrest me Yes Sir I caught hold of his arm and made him a prisoner and three or four pounded out with big Sticks and then my two boys run away and then the Officers said, You buggar I have got You now and we will pay You off" They tried to put a sheet round my head, but they could not for a while, and they began to beat me about a quarter of an hour, or twenty minutes, and then they put a rope round my neck "We will fling him into the tank" I cried out murder but I could get no assistance and then I made my best way I could, and then I went to a hut, and one of them tried to find me again but they could not, and broke my arm. This happened on the 6th March. on the next morning I sent my Complaint to the Magistrate, and he sent for the doctor. He said my arm was broken. He sent me to the Hospital, and there I am now The Major came to me and said, whatever You want, he will let me have it He wanted to know if my deposition was taken down He said he will go to him and have it taken down. He asked me if I had seen them. I told him I have not. He would send for him. I told him I have made Mr. Fullerton a prisoner but I dont know where he is now. As soon as I can get away, I will either come by Ship or land You know what to do better than I do. will You send this to the Sheriff I expect my deposition will be taken down to morrow or next day. I can sulter to three people send for my father in law and acquaint him of this.

From

Mars Morphett Esquire

Sheriff of Madras

To Lieutenant Colonel Robert Alexander

Adjutant General of the army

Sir

I have the honor to transmit to you, an Original Letter received at my Office on the evening of the 20th Instant, with its Enclosures Copy of an Order dated the 27th of January last in a Civil action in the Supreme Court against Charles John Fullerton Esquire a Lieutenant in the 18th Regiment of Native Infantry under which Order I granted to Thomas Berryman One of the Bailiffs of my Office my Special Warrant or deputation for the arrest of the said Charles John Fullerton, and Copy of a Letter received by Mr Henry Crampton, Plaintiffs attorney in the action from Mr Berryman, under date the 8th of March Instant, by which it appears that Mr Berryman had been most cruelly assaulted and otherwise ill treated by the said Charles John Fullerton and certain other Officers and parties in the Letter alluded to and had his arm broken by the force that was exercised in hindering him in the Execution of his duty as an Officer of the Court.

2 As the acts represented by Mr Berrymans Letter are entirely in defiance of the authority of Her Majestys Supreme Court and the ends of Justice, I feel it my bounden duty to request that You will lay the accompanying Papers together with the Letter before The Most Noble the Commander in Chief, in Order that his Lordships may direct such enquiries to be made and such measures taken in the matter, as may appear to him to be fit and proper

3 I beg at the same time to add for the information of His Lordships The Commander in Chief, that it is Mr Berrymans duty having arrested Lieut. Fullerton under the Orders of the Supreme Court, either to obtain payment of the Debt mentioned in the Writ of Capias ad Respondendum together with the Costs of action and his travelling and detention expences or to bring Lieut. Fullerton to Madras and place him in Her Majestys Gaol in default of his giving good and sufficient Bail to the Sheriff according to the exigence of the Writ, which Mr Berryman has been prevented from doing owing to the ill treatment and serious injury inflicted on him by the breakers of his arm.

In acknowledging the receipt of Your 3 letters herein of the 3d Instant I beg to state that I have submitted them to my Client who is willing to give you a personal indemnity, to enable you to proceed to a Sale; but if you require any further security he is not prepared to give it and therefore begs you will withdraw your seals.

It appears to me that as my Client is Mortgagee in possession of the Title Deeds, no claims advanced by those parties whose letters you have sent me can affect my Client's right. The Mortgage is from

from the son of the very party under whom these individuals claim in a remote degree - and the letters themselves shew that my Client's Mortgagee has some Interest and that interest whatever it be great or small Either whole or part of the Houses & Lands seized the Sheriff has a forfeit right to sell -

Besides Mention is made as if these properties were of undivided Hindoo family - whereas the parties here are Mahomedans & the Son takes a very large share - & the Mother & Daughter have a very small share - Moreover if it were ever undivided family Property, and a Mortgage was made by a Member of that family delivering over Title Deeds - it would be binding upon the other Members, and the Sheriff would have a right to and might safely sell -

However these suggestions are merely therein cast for Your Consideration, whether You can safely sell upon a mere personal indemnity - beyond which my Client is not prepared to give You

Since Writing this I have received Your 5th Inst. Letter of this date, to which also the above is a reply -

To The Sheriff of Madras

Sir

The Plaintiff by his attorney's letter of the 12th July informed you that you had seized his property - and that to the extent of 30,000 Rupees. Not one word was there said about any part of the property belonging to any one else - One Laul Khan now through the same attorney claims a Buggy and harness & Hindoostanee and Persian Books and a Grinding stone - And one Soobaron by his personal Application claims a pair of Silver Spectacles, one pair of Tortoiseshell Spectacles and an old Cotton Carpet - My Client the Plaintiff denies that any part of the property so claimed belongs to the claimants or either of them and calls upon and requires you to proceed to sell all the property seized.

Without in any manner admitting that you are entitled to any indemnity I have advised him to give you his personal Bond to hold you harmless - and he attends to execute the same -

I must expressly mention however that if you remove your seals as you threaten my Client will hold you responsible to him for doing so and take his own Course -

Sir

In reply to your Letter to the Sheriff's address of the 30th Instant I beg to inform you that the sale of the Property advertised for the 27th and 28th Instants was postponed in Consequence of the Sheriff having been served with a Summons in an action of Trespass at the Suit of Chinniah Chitty whereby the right of the Defendant to the property seized is disputed such being the usual and invariable course in all cases of this kind that have come under my Cognizance and which as I am informed has always prevailed in the Sheriff's Office.

Had no Summons been served on the Sheriff the Sales would as a matter of Course have been proceeded with but in Cases like the present, parties giving Indemnity are usually desirous to have questions to disputed property tried before the sale, in Order as I suppose to save the additional risk they would have to run by increase of Damages in the event of non success in Defending the Sheriff by reason of the sale having been proceeded with after Notice of action given.

I do not understand what is meant by the Threat contained in the foregoing Letter to the effect that the Plaintiff will hold the Sheriff liable for the extra expence.

If the Plaintiff is desirous to increase his risks in the action by proceeding to sale of the disputed property after the foregoing intimation, I request on behalf of the Sheriff your specific instructions on the subject as otherwise an attempt may be made (Judging from the Contents of your letter) to hold the Sheriff liable to have blame imputed to him for acting in the Plaintiff's case contrary to all by gone usage and practice, and for exposing the Plaintiff to such additional risks as before contemplated and this though the Sheriff is an fact acting as he Conceives best for the promotion of the Plaintiff's interests.

Another reason for my wishing Singarum to have the work is that he will do it as that is mentioned in the Estimate by the Sheriff's Maistry at a less cost, as you will see by the accompanying Estimate and I will be responsible for him.

If you would prefer meeting the Bearer at the Premises to ascertain what he is willing to engage to do, you can fix a time for this and Singarum, attended by a Carpenter and Mat maker will attend.

Sir

I am honored with your letter of yesterdays date and had not Singarum been unwell for the last four days he would have waited on you on Monday last with the Estimate herewith sent for Painting the Doors Windows &.c of the House Bungalow & out Offices referred to in your letter & amounting to R.s 101-14-

Singarum will call at the Sheriff's Office the first day he comes to Town and sign the Estimate which seems to me some what high but I would willingly sanction it unless you deem it necessary to have an other prepared by your Maistry so as the Repairs may be executed without further delay.

I beg to thank you for your presence at the Remises on the 7.th & also for the assurance you give of calling there as often as your convenience will admit while they are undergoing Repairs.

Sir

I have the honor to forward for your inspection and removal two estimates that the 6th and 7th Instants repairs required to the House under sequestration in the above cause, which is situated on the Pantheon Road near Anderson's Bridge together with two letters to my address from the Defendant William Waddell Esquire under dated the 6th and 11th Instants exclusive of his assent to the amount of the repairs being in the aggregate Rupees 391 annas 5 and pice 7

The premises have now been vacant for several months from the want of the above repairs and will continue so much larger unless they are effected.

The Sheriff is willing to advance to the above extent with your sanction from the Funds in his hands which I am directed to apply for, as there is no doubt that Immediately the repairs are completed the Premises will be tenanted, most likely by Mr. Shaw who I believe has the first refusal. In conclusion I have to request that the two Letters and Estimates may be returned after perusal.

There are several articles of Jewellery consisting of Real Pearls Precious Stones & Gold which I find are advertised for Sheriff's Sale on the 14.th Instant (tomorrow) - I beg to inform you that the same are my sole property, a list of which I enclose. according to the best of my recollection, which were mortgaged through Soobroyaloo Pillay to Venkatachellum Chetty for the Sum of Rupees Two Hundred (200) I wrote to the latter on the subject on the 4.th Instant requesting him to send me an account of the Interest on the Sum Borrowed on their Jewels as also a Copy of the list of them which he has in his possession, but Venkatachellum Chitty refused to receive or read my Note a Copy of which I also enclose for your perusal - These Jewels cost me Two thousand Rupees (2000) and being greatly distressed at the time I was compelled to mortgage these Jewels for the small Sum of 200 Rup.s. I therefore beg Sir you will kindly oblige me by putting a Stop to the sale of these articles of Jewellery as it is my intention to redeem them I have Witnesses to prove that that the Jewels are my property which were given to Soobaroyaloo Pillay who undertook to procure me the 200 Rup.s upon them from Venkatachellum Chetty -

Several articles of Jewels consisting of Rings Brooches Gold Chain & Bracelets a Gold Brooch and a pair of Waist Clasps &.c &.c set with precious Stones & real Pearls were mortgaged to You through Soobaroyaloo Pillay for the amount of Rupees 200 the above articles are my sole Property, I have often had very good offers for my Rings from different people, and when I requested him to allow them to be seen by the people who wished to purchase them, Soobaroyaloo Pillay always refused to shew them & returned an answer saying that if the amount of the Principal borrowed upon the Jewels with the interest I could then have the whole of the Jewels whereas if he had allowed one of the Rings to be sold I might have long ago redeemed the whole. I now therefore beg you will have the kindness to send me a Copy of the list of the Jewels in your possession belonging to me as also an account of the Interest on the principal borrowed from that date to the present, as I wish to pay the amount and redeem my Jewels.

Madras 28th August 1847

To
Messrs Fielding, Brock, Berryman & Allen

The Judges have carefully considered the matters contained in the letter addressed to them by the Bailiffs dated the 23rd instant, and are sorry that it is not in their power to aid them in any of the objects which they have in view for improving their official emoluments.

In the Table of Fees lately promulgated such remuneration was given for the trouble of executing the process of the Court as was deemed adequate for all the services which were to be performed by the Sheriff, his Deputy, and those employed under him. The remuneration of the Bailiffs for their part of this duty must be a matter of arrangement between themselves and the Sheriff. The Judges cannot interfere in it. Neither is the Settlement of the Bailiffs Salaries a subject over which they can exercise any control.

With regard to Special Bailiffs appointed for executing process in the Mofussil the Court cannot prevent their making agreements for receiving compensation on a lower scale than that to which they are legally entitled.

To
Mare Morphett Esquire
Sheriff of Madras

Honored Sir

Impressed with the deepest sense of your honors justice and benevolence I beg leave with sentiments of the most profound respect and Submission to Submit for your official consideration that I am with my mother the sole and legal proprietor of a house situate in Chendraubaw Street No. 18 in the Village of Comaleswarum Coil which was purchased by the late Dr. V. S. Sawmy Naick on the 28th August 1828 from one Pungah Naighee Ammah and her son Rajah Gopaul Naick.

That on the 17th of April 1843 and subsequent to the death of the said Dr. Sawmy Naick, his widow named Moorthee Ammall by virtue of a Deed of Gift and agreably to the orders of her Deceased husband, transferred such house in the names of myself and of my mother named Gengiah Ammall, and reported the same to the Collector of Assessment in whose register our names were recorded.

That about 3 years ago Mr Branson an Attorney of the Supreme Court seized the house above alluded to in account of a debt due to him by

by the abovenamed Moortee Ammall, but on the production of my right and title to such property Mr. Branson and the then Sheriff being satisfied therewith caused the seal to be forthwith removed therefrom being so early on the morning of the 9th Instant one Venkatarainah Naick undertook by virtue of a Writ of Execution issuing out of Her Majesty's Supreme Court, seized the house above adverted to on account of a certain debt alledged to be due to him by the said Moortee Ammall I beg leave therefore most respectfully to submit that Moortee Ammall has no right title or claim to the house in question and Consequently such seizure of my just bona fide property is Considered to be illegal.

Under these Circumstances I humbly pray your honor will be kindly pleased to inspect the Documents in my possession with respect to my title to the said house, therefrom pass your orders for the removal of the seal above alluded to for I am a poor unfortunate object, and except the house in question I possess no other property in the world, with scarcely the means of supporting myself and my poor distressed Mother. I therefore pray your honor will do me this act of Justice and Charity.

I remain
with much respect
Honored Sir
Your most Obedient humble Servant

To
Mr. J. W. Brandon

Sir

I beg to enclose for your information copies of three several letters addressed by me and my Deputy in the second above mentioned cause to Mr. J. A. Wilkins the Attorney on Record for the Plaintiff therein under dated the 31st of July the 24th of September and 6th of October together with a copy of a Reply from Mr. Wilkins under date the 5th of October and to call your attention in particular to the last Paragraph of my said letter of the 6th Instant in pursuance of which I have caused the Premises under seizure in the above second cause to be advertised for sale on Monday and Tuesday next the 19th and 20th Instants.

I further beg to acquaint you that I have this day learnt from one of the Writers of my Establishment who was sent to Mr. Waddell last evening to ascertain his wishes in regard to the said Sales and to shew him the Advertisements that he declined to look at the latter or in any manner to sanction the Sale and stated that he was acting under your instructions and that you were his adviser in the matter although Mr. Wilkins was his Attorney in the said first mentioned Cause and that he was advised amongst other things that I should be answerable for his Debt if the premises were not sold for a proper price to satisfy his demand

You were made aware as my attorney in the first mentioned action several hours before the former contemplated sale of the property under the Execution (the seizure of which you are now defending me against) of the then contemplated intention of postponing the Sales for Mr. Waddell's benefit, and it was in your power if you thought it for the Interest of Mr. Waddell as his adviser that they should have been

proceeded

proceeded with notwithstanding the action to have given me instructions on Mr. Waddell's behalf to that effect and having been informed long before that time on satisfactory authority that you were the adviser of the measures taken against me both in regard to the Indemnity and postponement of the Sales you have been therefore frequently appealed to on my behalf by my Deputy for instructions on the Subject which you have not thought fit to give for reasons which I am perfectly at a loss to understand.

I now appeal to you my self as my Attorney in the first action and Mr. Waddell's adviser in regard to the Sale, or otherwise of the property advertised for sale on the 18th and 19th Instant. for instructions as to whether to proceed with those sales or not according to the advertisement? as if no instructions are given before the time appointed, I apprehend I shall have no other course open to me, after what Mr. Waddell had said as herein before mentioned, than again to postpone the sale of the property and look to him for all the expenses attendant on his neglect in withholding from me as he has done, all instructions whatever, either one way or the other, as to the manner in which he desired I shall act for his benefit.

I have the honor to inform you that by virtue of a certain Writ of Habere Facias Possessionem issued from the Supreme Court I am commanded to give possession of a House and Ground (Native No 27) situated in Valaya pathan Mutha Covil Street at St Thome now in the occupation of Ayder Jing to one Roof Rishna Pulah who has obtained his Judgment for the same premises in Ejectment.

I beg further to inform you that on my Bailiff's going to the Premises this Morning for the purpose they found the outer door strongly fastened an armed Sepoy at the gate, and a great number of persons within the premises apparently ready to create a disturbance in the event of a forcible being attempted. That the occupants were mentioned that if the premises were not vacated this Evening and the females removed, this premises if need be would be broken open and possession delivered to the Plaintiff and that as the Bailiffs apprehended a disturbance or breach of the Peace in opposition to the said Writ they were forced to return for my further Deputy's instructions.
