To
The Sheriff of
Fort Saint George

Sir

As the medecal Officer in charge of the Supreme Court Jail, I consider it my duty to bring to your notice certain alterations which it is proposed to make in the Hospital of that Prison, which alterations if executed will in my opinion interfere very much with the comfort of the Sick and destroy the arrangement of the building-

As the building now stands it is very well calculated for the purpose for which it was intended and its accommodation is not more than might be required in the event of much Sickness among the Prisoners-

Having pointed out to you how completely the proposed alteration will destroy the ventilation of one room, it is unnecessary for me to describe it, and was that alteration made I dont think it would then answer the purpose for which it was intended, owing to the absolute necessity that exists of keeping the Sick perfectly distant from the other Prisoners in the absence of Sick, there can be no objection to your occupying the building in whatever way you may think advisable-

Honorable Sirs

I have the honor to enclose for your perusal a letter I have received from the medical officer in charge of His Majesty's Gaol in relation to certain alterations which it is proposed to make in the Hospital of that Prison in pursuance of a Presentment of the Grand Jury made to the Honorable the Supreme Court in the 4th Sessions of last year.-

In consequence of the receipt of the enclosed letter I have caused the alterations which were formerly ordered to be stopped for the present as I felt it my duty to communicate with you on the subject previously to the same being carried into effect.-

The Humble Petition of William Pollock a Criminal Confined within His Majestys Gaol at Madras under Sentence of Transportation.

Humbly Sheweth

That your Petitioner was tried by a General Court Martial at Bellary on the 21st day of August 1832 for being absent from duty and other Military Offences and having been found Guilty by the same was Sentenced to be Transported beyond the Seas as a felon for the term of 7 years.

That in the Month of September 1832 your Petitioner was ordered to be removed to the Presidency for the purpose of his Sentence being carried into Effect and was lodged in His Majestys Gaol at Madras on the 26th day of October 1832 where your Petitioner has ever since continued up to the present time.

That your Petitioner is informed that the term of his Sentence of Transportation will not Commence or be Computed until his Embarkation from Madras for the place of his punishment.

That your Petitioner has now been in close Confinement in His Majestys Gaol for the period of 17 months in addition to which he has still to undergo the punishment Awarded by the Sentence of the Court Martial.

That your Petitioner on the 31st day of March last transmitted through the Deputy Adjutant General of His Majestys Forces a Petition to his Excellency The Commander in chief containing a Statement of the Circumstances above mentioned praying his Excellency to take your Petitioners case into consideration.

That an answer has been received from his Excellency the Commander in Chief declining to interfere as your Petitioner has been delivered over to the Civil power and referring your Petitioner to the Chief Justice of His Majestys Supreme Court.

That your Petitioner has been informed That the Chief Justice has Signed the Order for your Petitioners Transportation but That the final disposal

disposal of your Petitioner rests entirely with your Excellency.

That your Petitioner acknowledges the Justice of the Sentence under which he now lies and is only anxious that it should be carried into full effect as early as possible in order that he may thereby be the Sooner released from its penalty.-

Your Petitioner therefore humbly prays that your Excellency under the Circumstances above mentioned will be pleased to order that the Sentence of Transportation awarded against your Petitioner may be Carried into effect as early as Circumstances will admit of And your Petitioner Shall ever Pray &c. &c.

To
The Sheriff of
Fort Saint George

Sir

I have the honor to inform you that in consequence of the delicate state of health of two of the European Prisoners confined in the Supreme Court Gaol [Richardson and Johnson] I considered it essentially necessary they should be permitted to take exercise in the outer Yard of the Prison twice a day, and desired the Jailer to obtain your Sanction for them to do so, one hour morning and evening. He yesterday informed me he had received instructions from the Sub sheriff, not to grant this indulgence and that the men in question were to be kept strictly confined.—

I should be sorry to do any thing to interfere with the discipline of the Jail but in any thing connected with the health of the Prisoners, as the Medical officer in charge of the Prison I consider it my duty to do so: if therefore the indulgence now recommended, cannot be granted, I Request you will be pleased to Submit the Case for the consideration of The Honble the Judges, as I am apprehensive one of the men will lose his life if not permitted to take exercise.—

Sir

I have received a letter from the Surgeon in charge of the Gaol stating that it is necessary for the two Prisoners Richards and Johnson to take exercise one hour each morning and Evening between the Walls of the Gaol. This you will permit them to do, but for the present it must be done as much as possible under your own eyes on account of the insecure state of the prison. I must also beg of you whenever the Surgeon directs any thing to be done requiring my Sanction that notice of it may without delay be sent up to the office. It seems by the letter of the Surgeon that he stated the urgency of this Case to you yesterday and you only thought proper to inform me of it to day. This must not happen again.

prisoner can without difficulty get upon the wall by means of the Cook room adjoining on the inside and so pass over the buildings to the outer wall though it has been raised I do not consider it sufficiently extended on either side of the building to prevent a prisoners escape - I shall be extremely obliged by your making a further survey of the premises.

I would suggest that the inner wall should be raised in a similar way to the outer Wall but of this you can the better Judge my only wish being to make the prison secure - If it be necessary that I should make a further application to the Government on the subject I shall be obliged by your letting me know -

No. 9 Sheriffs Office

Sir Madras 13th. February 1835.

I have the honor to represent to you, for the information of the Right Honorable The Governor in Council, that on my entering upon the duties of the Office of the Sheriff of Madras I found (four Native Bailiff) employed on the establishment at the rate of 2 Pagodas per Month wages, neither of whom are included in the Number of Bailiffs, paid by the Government. But receive their Salaries from the emoluments allowed by Government as the Services of these persons are of the greatest importance in the business of the Office, where an European Bailiff cannot, from the prejudice of the Natives of the Country he engaged in, and from the Circumstance of the Government having (as I find by the records of the Office) directed that certain process issuing out of the Crown Side of the Supreme Court, should be served upon the parties, to whom the same may be directed, if residing at a distance from the Office, by Native Bailiffs, I beg respectfully to Submit for the favourable Consideration of his Excellency the Governor in Council, whether the wages of the Four Native incumbents on the Sheriffs establishment, aught not to be paid by the Government.

No. 211

Madras Marine Board Office 13 February 1835.

Sir

Para 1st

No. 179 With reference to my letter dated 6th Instant I have the honor by desire of the Marine Board to forward the only tender that has been received for the Conveyance of Native Convicts to Singapore The Bark "Skimmer" is tendered at the rate of 20 Rupees per man and the Board recommend that She be taken up to Convey such Number of persons as may be ready to embark at the period of the Ships departure a Survey being previously held to ascertain whether She is fit for the Service.

2nd Should the Tender be accepted the agent of the Vessel will be required to intimate the exact period of her intended departure and the Board would suggest that the Convicts be not sent for until that period is Correctly ascertained. The rate allowed on the last occasion of transporting Convicts to the Eastward was 21 Rupees per man as reported in my letter to Government dated 26th ultimo No. 94.

The charges for Iron Fetters is agreeable to my instruction I received when I took charge of the Gaol which has never been altered as yet as for bills from the iron Smith I have none I always make my agreement with him and pays him down the Amount before he will lift a hammer for me at such work as for repairs of the Gallows being stoped from the execution fees I look upon it unjust and irregular there is a Bill from the undertaker cannot be submitted to Govern.t and must of course be paid from that as to the objection to the other contingent bills Scan if required point out in the Gaol the articles charges for and Shew that they are not over charged for of course the greatest part are articles remained monthly and consequently cannot be expected to be forthcoming this is all can say in this matter I cannot alter them you are aware yourself that I had only twelve hours notice to prepare. the last eight Convicts for embarkation & that was from Six in the evening to Six in the following morning and it was also a Native festival.

Madras Marine Board Office
10th March 1835

Sir

1 With reference to the orders of Government on a letter from the Clerk of the Crown dated 6th Ultimo I have the honor by desire of the Marine Board to state that passage to New South Wales has been provided on the Bark Patriot for such number of Convicts as may be ready to embark at the period of the Ships departure at the Rate allowed in the case of the Resource in the Month of January last namely 400 Rs each the Commander finding provisions &ca and a guard - There is now one convict only in goal -

2 I am directed to take this opportunity of observing with reference to the 2. Para of the Extract from the Minutes of Consultation dated 3 Ultimo that the Board are not of opinion

that

that an arrangement of the nature therein referred to could be effected without increasing the rates of passage money for convicts much inconvenience would be felt by Commanders of Vessels taking passengers of this discription in the delay which would occur inclosing their accounts with their Agents here as the Ship which sail from hence to New South Wales are generally strangers to the Port and seldom return to Madras direct if they ever return at all - The amount of freight moreover is seldom so large as to make it worth the commanders while to engage his Vessel on these terms -

Sir

Para 1st The Civil Auditor having declined to pass my Office Rent Bill of 87½ Rupees for February last owing to my not having transmitted with it a Voucher (from the Proprietor whose House I have occupied for an Office) that I have paid to him the above sum I feel it my duty to submit the following explanation to you in consequence

Para 2nd I have the honor to state that on my being appointed Sheriff I engaged my present Office for the whole of this Year it being the only one Vacant near the Court House and as it appeared to me suitable for an Office But I have since found that it is in no way calculated for a Sheriff's Office and Mr. Sheriff Ibbetson's letter to Government on the subject of Office Rent dated 22nd May 1819 is perfectly correct as no House near to the Supreme Court can be procured for less than the sum allowed by Government to the Sheriff for Office Rent however from my having been put to great expence in putting my Office in an efficient condition (as much as it will allow for the purposes required of it) and as I am obliged to pay from my own Salary the Wages of 4 Native Bailiffs Amounting to . . . Sir

I have the honor to acknowledge the receipt of your letter of the 28th Instt. together with the petition therein referred to and in reply beg leave to state for the information of the Chief Justice that the Petitioners are incorrect in asserting that the scale of diet on which I have placed them, agreeable to the late orders of Government is that intended for sick persons in Hospital they are also incorrect in asserting that I would increase their diet had I the power to do so. My opinion as to the diet, Clothing and bedding, necessary for the prisoners, both Native and European, is fully detailed in my letter to the Asst Commissary General, dated 18th Instant, Copy of which I had the pleasure of transmitting to you on the 27th Instant and to which I beg to refer you.-

The full diet laid down in the Medical Regulations Page 13 Sect. 11 on which I have placed the prisoners, allowing them

them the option of Choosing one pound of second sort bread in place of twelve ounces of the first as therein detailed) is one never given to patients in hospital, while labouring under desease, it is only given in the Convalescent State, and with the View of preparing them to resume their ordinary food on being discharged from Hospital, which diet I am convinced is fully as much as ought to be allowed to men situated as the Petitioners are to preserve them in health.

I am unable to say whether Tobacco is allowed to Prisoners Confined in the different Prisons in England or not, but as it is not supplied to patients in hospital and its use in such Institutions, unless under very particular Circumstances strictly prohibited, and that the minutes of Consultation by Government, dated 20th February last expressly states that the food and Clothing are to be supplied under rules similar to those applicable to the Hospitals I do not recommend it there is nothing Connected with their health which would induce me to do so, and I think there are many Objections to its use.

In Justice to the late Jailor John Spencer, I Consider it my duty to assure the Honble the Judges that from my knowledge of the Prison, as the medical attendant during the whole time he was the Keeper of it I believe the Accusation brought against him by the Petitioners, to be a most Case, and Malicious falsehood. I always found him extremely attentive to his duty neither unnecessarily severe or otherwise. In very many instances he has brought to my Notice, and I believe to the Notice of the different Sheriffs also, the frequent irregularities of the Prisoners, owing to the late

late System of allowing them money the amount of which was not only sufficient to enable them to live better than Soldiers generally do with their Corps, but also through the medium of the Native Servants or Peons attached to the Jail to obtain Spirits and Narcotics when they pleased, with out his having the power to prevent it. The present System however I have no doubt will effectually remedy those evils, but so long as any of the Prisoners who received their subsistance in money under the late regulation remain it is not likely they will become reconciled to the Change, and I fear the authorities will be teazed with many frivolous Complaints on the subject.

The Petition of William Blackbyn
Patrick Scully and John Richards
Criminals in His Majestys Grand Goal

That your Lordships' humble Petitioners made a Complaint to the Gentlemen of the Grand Jury who visited the prison in the Month of January last by order of your Lordship to which Complaint your humble Petitioners did not meet with any redress in Consequence of a false representation

being

being made by some person or persons in stating that your Lordships humble Petitioners were in the habit and repute of procuring Spirituous liquors in a clandestine manner Your humble Petitioners wish hereby to make it known to your Lordship that such a statement is not founded upon a fact, as the manner in which liquor was at any time procured was thro' the medium of the Keeper (John Spencer) who retaild liquor to European Criminals at the rate of one single fanam per dram Your humble Petitioners did not have the means of procuring any quantity of the said liquor (in consequence of the Govt. Batta allowance being so trifling an amount) but Europeans who entered the prison previous to their proceeding to New South Wales (such as had a few Rupees) to purchase sufficeint from the Keeper (J. S.) to intoxicate them and by their having done so together with the aforementioned false representation your Lordships humble Petitioners have now to suffer by a deprivation of the necessaries of life such as bread &c. — also tobacco it being a very hard case for Europeans who are in good health to have sickness — brought upon them thro deficiency of life's support as your humble Petitioners are upon the same scale of diet as a sick person in Hospital - Viz - 12 oz of bread, 12 oz of meat and 4 oz of rice (also one pint of tea morning and Evening) per diem, also deprived of tobacco an article that is allowed to all prisoners throughout the

the whole of the Prisons in H.is Britannic Majesties dominions.

Your humble Petitioners have spoke to the Surgeon attached to the Prison concerning it who states that it is not in his power to order your Petitioners any thing further than what is now obtained by your Petitioners or he would be very glad to do so in consequence of the restricted quantity allowed by Government Should your Lordship be so graciously pleased (it being an act of charity) as to cause an addition to be made to your humble Petitioners daily allowance of bread &c. also to allow tobacco, such — unintersted and Charitable interference on the part of your Lordship will cause your Lordships humble Petitioners for your Lordships welfare and prosperity —

The Witness's examined by me this 28th day of March regarding the wound inflicted by Barry on Private Henry Adams 1/17 of the Light Company.

Drummer Slavan having been questioned states that he knows nothing about the previous quarrel or the wound given.

Michael Feehan of the Light Company states the same as Drummer Slavan.

Bernard Duffey in Hospital questioned by the Serjeant Major states that he knows nothing of the quarrel.

Regarding the wound given by William Norny to his wife.

John King of the Grenadier states that he knows nothing about the quarel or the Stabbing

Edward

Edward Wheeler Pt. of No 1 Company states that about 2 Oclock in the day time in the Month of January Nerney called him when they were both standing in the Verandah asking the Child where the mother was as the Child was crying when he (Wheeler) told him his Wife was lying on Mrs Young's cot) he had a Boyanet in his hand as he was cleaning his accoutrements when he called him to him the Verandah) we then went into the Barrack Room together Mrs Young who was there immediately cought hold of Norney and a scuffle ensued.

Mrs Young then cried out that Nerney had stabbed his Wife he was then seized and taken to the Guard Room.

Private Patrick Cass of No 1 Company states that he knows nothing about the quarrel between Nerney and his Wife he was working at his trade as a Shoemaker in the Verandah and saw Nerney who was near him cleaning his things he Nerney then went into his Barrack room and shortly afterwards he heard a woman crying out and on entering the Barrack Room he heard that Nerney had stabbed his Wife.

George Ramsay states that he was directed by Corporal Ponton to take the Bayonet out of Nerneys hand he knows nothing of the quarrel nor did he see any blood on the Bayonet

Sir

I have the honor to report to you, for the information of the Right Honorable the Governor in Council, that the cost of the different articles, which are required monthly, for the use of the Prisoners in His majestys Gaol, appears to me, to have been an overcharge in almost every article supplied. This I have ascertained upon an application, which I have made to the Commissary General, whose Sergeantes to inform me, at what rate, the articles required could be procured through his Department and I find from the annexed List, furnished by him, the rates at which he can supply them.-

With this view of pointing out to Government whereby a saving can be effected, I beg to annex the said List, shewing the difference in the above mentioned Charges with my remarks made thereon, and I have to request, if not objectionable to Government, that you will be pleased to obtain sanction of the Right Honorable the Governor in Council, that the future supplies of these articles, monthly to His majestys Gaol (or at any time during the month, that they may be immediately Required) may be made from the Stores of the Commissary General upon my Indent for the same.-

Regarding the Letter required for Criminals I take the liberty of representing to Government, that I believe the Commissary General has always on hand a quantity of old Iron, which can be worked up for their manufacture.-

I further feel it my duty to state, that it would be indispensable for the Commissary General to have always in readiness 20 or 30 sets of Letters to meet any Urgent demand, which the Sheriff may have for them.-

1 The Rooms in the New Building at Fort St. Geo. are too confined for the Sailors to reside comfortably and Permanently in, they have no Windows, save the front one which has only-

No. Measures	23	6.	by	14.	6.
Two do		6.	10.	— 6.	10.
Two do		14.	6.	— 14.	6.

2 The Stair Case of the New Building leading within the said Fort, the Roof of it is fraught with dangerous evils, as by which the Debtors will be able to make any Communication with the Criminals over the Top of the Said.

3 It appears that it would be expedient the entrance to the New Building in question should lead over all, on the West side, when the Sailors could go out & in of the Front Gate, without inconvenience to himself or without danger of the Prisoners aforesaid coming into Contact,-

4 The Wall all around the New Building in progress of the Top of the Said is indispensably requisite to be raised otherwise (when Dark) the Sailors will be in danger of falling over it.-

In the Supreme Court of Judicature at Madras

Crown Side — Vacation after the 4th Term 1835

October 23d

The King against Veerasawmy. } For Cutting Seroovadyah with intent to murder Pte

Whereas it appears by the Records of this Court that the Prisoner Veerasawmy was at the last Sessions of Oyer and Terminer and General Gaol Delivery holden in and for the Town of Madras Convicted of Felony in Cutting with intent to Murder and that Sentence of Death was passed upon him And whereas by an act of Parliament made and passed in the Ninth Year of the Reign of His late Majesty George the Fourth entitled "an act for improving the administration of Criminal Justice in the East Indies" It is enacted "that when any person shall be convicted of any Felony for which Judgment of Death "shall be pronounced or recorded against him it shall and may be lawful "for the Court instead of leaving such Judgment of Death to be "Executed on such Offender to order such Offender to be transported "to such place as the Court shall direct either for life or for such "Term of Years as the Court shall order" This Court having duly Considered the Circumstances of the Case and under the Authority Contained in the above act Doth Award and Order that the Sentence of Death so passed upon the said Veerasawmy be Commuted and that in the stead thereof he be Transported to the Island of Singapore for the Term of his Natural Life.-

(Circular) (No 3)

Fort William 10th February 1836

Sir

I am directed by the Committee of Prison Discipline, Constituted under the orders of the Government of India as published in the Calcutta Gazette of the 2d of January last to request that you will oblige them by answering the following questions, as far as your information and observation may enable you to do.

1st

(340)

1st Is there any house of Correction attached to the Jail of which you have the Charge?

If there be, be pleased to explain System pursued therein.

2d Are any prisoners ever obliged to labour within the Jail?

If so, be pleased to state in what manner they are so employed under what Circumstances, and with what results.

3d Would Constant labour, in your Opinion would it be more or less dreaded than labour out of doors- in what form would it be most dreaded- in what form would it be most likely to pay the State?

4th Are you of Opinion that it would be of advantage to introduce the Tread Mill into Jails, and if so, in what respects? Under what Regulations would it be, in your Opinion of most advantage to introduce?

5th In your opinion, would an European, be preferable to a Native Jailor: what would be the difference of expence between the two?

6th Are the Prisoners at all Classified and if so, to what extent?

7th To what extent is Classification practicable in your Jail as it now stands? what would be the expence of fitting the Jail for any specific degree of Classification that may be eminently requisite, in your Opinion?

8th Is the Construction of the Jail such as would admit of the strictly Solitary Confinement of any Prisoners: and if so, to what extent?

9th In your Opinion, are there any objections to the introduction of the punishments of Strictly solitary Confinement for limited terms, in regard to the Natives of your Province? If so, be pleased to explain the nature of those objections.

10th Supposing the Continuance of the present System of allowing Prisoners to work in Company, both within & without the walls of their Jail, would it be practicable to enforce perfect, unbroken silence, both at work time, and at all other times: and if practicable how could that discipline be

be maintained? If practicable, are you of opinion, that it would be advisable to introduce such a System into the Jails in your Province?

11th Do you think it practicable to introduce any System of Prison Discipline, whereby the moral Character of Convicts would be improved? If you be of that opinion be pleased to explain how you would propose to effect this object.

12th Are Prisoners, both those under Sentence, and others, supplied with rations in your Jail, or with an allowance in Money? What is the nature and quantity of the rations, or the Amount of the allowance in Money given to each Prisoner per diem, and what are the facilities provided for his obtaining food where working in or out of Jail? What is the Nature quantity of the food daily eaten by a Labourer in full work in your Province, or how much does such a man spend in money on his own daily food? Money spent in Clothes, or other Necessaries, and in food &c for his family must of Course not be included in the reply to the above question.

13th Are there, in your opinion any objections to furnishing Prisoners, universally, with rations, instead of an allowance in Money? If there be, be pleased to state what those objections are. If the System of rations be in force, be good enough to say whether any evils or inconveniences have been found to result from it in practice, and if there have been any, to explain the Nature of them, and the means by which in your opinion, they are removeable.

14th To what extent is privation of food or Stimulants used in your prison as a Mode of punishment? are Convicts allowed Savoury food Spirits tobacco, or intoxicating drugs, if they can purchase them? are Women, or other Visitors, whether their friends & relations or Strangers, permitted to have access to Prisoners under Sentence.

15th Are you of opinion that there are any objections to a Complete prohibition of every indulgence to Prisoners under Sentence, not absolutely necessary to their health.

16 When Prisoners are sent in banishment or transportation from or to your Jail, or when they are sent on working Parties from

under

under your Care to the Care of others, and Vice Versa do any description of their Characters Accompany them, and if so, how far are the description useful, and how far is the information to be relied on.

17th Have you any means of knowing how often the same man is returned to Jail, who has been sentenced to the same or to other Jails in your If you have, be pleased to state what proportion the returned Convicts bear no your Prison, to those that have never before been sentenced. If you have no such means, by what plan do you think the necessary information could most readily be obtained, and recorded?

18th To what degree is the fact of having been Confined to Prison on a Criminal Charge considered as a disgrace, by the general Classes of the natives of your Provinces? To what extent is the fact of having been sentenced to imprisonment on a Criminal Charge, considered as a disgrace, by the same people, and how much does the additional punishment of Labour on the roads, in irons aggravate the disgrace felt?

19th How does the actual treatment of Prisoners apprehended on a Criminal Charge, but not sentenced by the Magistrate or of those Committed to the Sessions but not tried differ in your Jails from the treatment of Prisoners under Sentence? Are Prisoners not sentenced generally confined in irons, in the Stocks, or Chained together in your Jail, or elsewhere within your district? Are poor Prisoners sentenced to simple imprisonment ever obliged to labour?

2 You will observe that the above questions may be divided into three Classes First, such as relate to facts, and may be precisely answered by any person who has correctly obtained the necessary information. Secondly, such as involve an expression of your own opinions, as formed from personal observation and experience, upon subjects that cannot be positively determined upon and Thirdly, such as are simply of a Speculative

Speculative Character.

3 The Committee desire me to request that in your replies you will keep the above distinctions as much in View as possible, for the Value of the most Correct Statement of facts will be much lessened if it be mixed up with opinions and anticipations, which can never absolutely be relied on; and it will be Comparatively easy to give their proper weight to opinions upon the effects of the existing System, if they be divested of all speculations as to the effects of Systems that have not yet been observed in operation.

To The Sheriff of

Madras
March 18th 1836.

Sir,

I have the honour to acknowledge the receipt of your letter of 10th Feby & in reply beg to submit for the Consideration of the Committee the following answers to questions contained in the above named letter.

1st There is no House of Correction attached to the Jail, over which I have Charge.

2d None of the prisoners ever labour within the Jail.

3d Constant labour within the Jail would in my opinion, be dreaded as a punishment, & with some Characters more so than out door labour. It would be dreaded most by Compelling them to work at the Tread mill or at Various trades (as in several prisoners in Europe & America) & during such hours I would enforce the Strictest Silence, and the proceeds of the sale of such work should

Should go towards defraying the expense incurred by Government for their maintenance.

4th There is a Tread Mill attached to Ft Wm Jail, over which I have no Charge, but from some deficiency in the machinery I believe it has never been enforced I would suggest its being put in an efficient state & immediately adopted With respect to the Regulations I do not feel myself sufficiently Competent to give an opinion further than that the Rules & Regulations in force in England might with some modification be made applicable to the Jails of this Presidency.

5th In my opinion an European Jailor is far preferable to a Native one. The employment of the latter in the place of the former would perhaps lessen the expense by one half but the safety of the Jail would in my opinion be thereby Compromised.

6th The prisoners are not Classified.

7th As the Jail at present stands classification is not practicable what the Cost would be for fitting it up I cannot offer an opinion.

8th There are no Solitary cells in Ft Wm Jail, excepting those appropriated to Prisoners under Sentence of death.

9th There is not in my opinion, any objection to Solitary confinement for limited terms The adoption of it would have a more Salutary effect as a Mode of punishment than the Course at present pursued of allowing them to be Congregated together.

10th It would certainly be practicable to enforce a perfect & unbroken silence on Prisoners within Jail during working hours, the Idea of how it could be maintained during such hours as are not devoted to work, unless each prisoner be confined in a Separate cell I cannot see. Some System of punishment be adopted for its infraction. I hardly think it possible to maintain Silence over Prisoners Working on the Roads or of those employed without the Jail, the introduction of maintaining silence over the prisoners during all hours though difficult of accomplishment in the out set would in my opinion, be in the end of material advantage.

11th I do not well see how it is possible to raise the Moral Character of Native Convicts by any discipline short of Constant & useful employment were this Course followed a habit of industry would become formed & might in many Cases prevent a recurrence of Crime.

12th The whole of the prisoners on the Criminal side are supplied with rations by this Commissariat in lieu of money, which is never allowed them. Such prisoners as are Condemned to work on the roads live better than those Sentenced to simple imprisonment or transportation; for this reason, that the friends or relatives of such prisoners bring them food in addition to what they are allowed by the Commissariat, whilst working on the roads Each Native criminal, whether on full work or not, is allowed the following quantity of food daily; viz

each 24 hours

Bengal rice	1 Seer
Chillies	3 Pagoda Weight
Peppper	1/4 Do Do
Tamarind	7 1/2 Do
Solt	8 Do
Curry Stuff	12 Cents
Firewood	84 Cents
Vegitables	96 Do

13th There are no objections in my opinion, in furnishing prisoners with food in lieu of Money No inconveniences arise from it, the System now in force is I think superior to the other Works well.

14th Privation of food is never or rarely resorted to, & then only as a punishment for Misconduct. All Spirits, tobacco or intoxicating drugs are strictly forbidden. Women & other Visitors are allowed to visit such prisoners, who are Sentenced to death or transportation

15th I do not see any objection whatever to a Complete prohibition of every indulgence to prisoners under Sentence, not absolutely necessary to their health.

16th No description of their characters ever accompany Prisoners, whether as felons under transportation or otherwise.

17th I have no means of ascertaining how often the same prisoner is returned to Jail, who has been Sentenced to the same or other Jails before, nor do I feel myself sufficiently Competent to suggest any plan by which the said information might be gained.

18th As far as I may Judge from my own observation, I should say that the fact of being Confined on a Criminal Charge is not considered as a disgrace by the Natives of Madras; and so far from the additional punishment of working in irons on the road aggravate the disgrace, that in general it is preferred, from the facility of Obtaining additional food &c & the liberty Conversing with their friends or relatives Vide Para 12th.

19th There is no difference in the treatment of Native prisoners in the Jail as far as regards food, the only distinction that exists between those under Sentence, & those not tried, is that the former are always in irons, the latter are never so, except in extreme cases of Misconduct & then only by a special order from the Sheriff. Prisoners Sentenced to simple imprisonment are never obliged to labour.

The above answers have been framed according to the suggestions contained in the latter part of your letter dated & I have endeavoured to keep as much in View as possible.

In Conclusion, I would beg to observe that the answers have

been drawn up simply in reference to the Jail of Madras. My short residence in this Country precludes my giving any opinion as to the discipline of the Provincial Jails.
