My Dear Sir

Chelambara 24th May 1822

I have the pleasure to enclose for the perusal of your Highness a Note which I have addressed to the Widow of Nanick Sahib

Judgement of your Highness. If your Highness think that any good Effect however slight may be produced by it, I should be much obliged to your Highness to cause a Mahratta Translation of it to be made, and to send the Note and Translation to my Dubashder who will forward them to Vencatraw nelgeh, or carry them himself and read them to the Widow, if your Highness shall approve of that mode with a view to a stronger Impression on her mind.

If your Highness think that the Note will do no good, it may be destroyed or returned to me.

I have the Honor to transmit herewith a passport which has been desired by your Highness of the place called Savety Suggar, of which I confess my Ignorance, be within the Limits of the Government at Fort St George. the passport which is sent may suffice, but I would rather recommend a printed passport if there be time enough to receive it

The Resident at Tanjore presents his Compliments to the Widow of Amah Saheb.

The Resident has received several Letters and three enclosures who have been sent to him by the Widow of Amah Saheb and has acknowledged all of them through the Medium of the Seerkhardar inspecting the last.

The Resident regrets that the advice, which he has repeatedly prefsed upon the attention of the Widow by the express order of the Honorable the Governor has been unattended to, and that the Widow persists in placing her confidence in men whose sole object because it is their Interest is to keep her at variance with her protector and Benefactor His Highness the Rajah of Tanjore.

His Highness being returned to his Government has resumed the Management of his own affairs and the Resident has resigned into His Highnesses Hands the authority which was entrusted to him. In future the Widow must address herself to His Highness alone, on every point which may be interesting to her.

The Resident

Honorable the Governor his earnest advice to the Widow to dismiss those evil Counsellors above alluded to and to place her whole confidence in the Rajah, whose Kindness has been conspicuously shewn to her. Ingratitude is an odious Vice, and the Widow will be guilty of it, if she make not the return of attachment and obedience for the great benefits she enjoys.

The Widow may be entirely assured that the Honorable the Governor will never cease to disapprove any Residence to the just and paternal authority of His Highness the Rajah.

The care of the person of Tuccojee Saheb will be with the Widow. The care of Tuccojee Saheb's property during his Minority must be with His Highness, and the person appointed by His Highness to that charge must be obeyed and respected by all the Branches of the Family.

The Family of the late Amah Saheb may be most happy under the fostering Wing of the Rajah; If they are not so, the Widow and her evil Counsellors will justly bear the Blame.

My Dear Sir

I have the Honor to acknowledge the Receipt of your Letter of the 24th Instant, giving Leave to a Passport requested for, and I beg you to accept of my best acknowledgements for that Communication

The Place Nagarer, I beg leave to say, is within the Limits of Madras Government, and at 4 or 5 Days March the seat of Tanjore, and the Residence of a Gomendar who paid me great attentions in passing and repassing through his Country, which is almost rocky, surrounded with Hills.

My Dear Sir,

Chittoor 26th May 1802

I am quite confident that your Highness would readily accede to my Recommendation to make some proposed present to [illegible]

Rupees, I gave to that Gentleman, on his Departure from Tanjore, a Bill on England for four hundred pounds Sterling, on account of your Highness, and have now the pleasure to enclose Captain Michael's Receipt for that Sum. Your Highnesses Liberality went beyond my Expectation, and paid into my Office four thousand Rupees instead of three thousand five hundred which I advanced to Captain Michael, and in full confidence that the Court of Directors will entirely approve of the present I have remitted to Capt Michael the Balance which is due to him, viz five hundred Rupees, and desired him to send to your Highness direct his Receipt for that Sum.

I believe I informed your Highness that Captain Michael and his Family were at the Cape of Good Hope in perfect Health on the 12th of March, and expected to proceed on the Voyage to St Helena and England in two or three Days.

Having had occasion to write to Mr Lushington on some Boundary Disputes between Poodocottah and Tinchenopoly, I enquired, as a Matter of Curiosity,

where Sir Edward Barnes obtained his knowledge of what
passed on your Highnesses visit to Bengal. From Mr
Lashingtons answer, which I send for the information
of your Highness of your Highness, it appears that he
entertained the same erroneous opinion that I did, and
which, as it was erroneous, I am sorry that I communi-
cated your Highness. This caution was unnecessary,
but could not in any event do harm.

I have not yet received any public Letter on
the subject of your Highnesses proposed visit to the Carnatic
Burma, and no longer delay sending for the perusal
of your Highness the Ty Letter on the occasion your High-
ness may shew it in confidence to Mr. Macleod only, to
whom it may be some Guide in his conversation with
the Governor at Madras. The Copy of the Letter will of
course be retained

If your Highness shall continue to decline the
Visit, which I have always recommended, and still recom-
mend as of Matter of the first importance, to your Highness
I will be answerable to Your Highness that it shall take
place on the first Convenient

or Letter.

I have a Copy but no English Translation of
the persian Letter to your Highness from the Marquiss
Hastings, in which His Lordships promise to your
Highness, regarding your Son is conformed. Mr. K.
Lord probably will have no objection to make a Trans-
lation of the Letter from your Highness.

I have the Honor to be

P.S. I find that Captain Nuchels Receipt is
in the Hands of the Clerkkeeper whom I have desired
to send it to Your Highness.

My Dear Sir

I have been favored with your obliging Letter of 20th Instant, and I offer you my sincerest Thanks for the perusal of those Letters which it enclosed, and also for all your kind expressions contained therein.

The good Intelligence of the Health of Captain Murkett and his Family, and of their safe arrival at the Cape of good Hope, has given me much pleasure, and I wish that they may have a pleasant Voyage and safe return home.

Agreeably to your Request I have not returned a Copy of Sir Thomas Munroe's Letter, and have shewn it in confidence to Mr Macleod who as well as me is much gratified with its contents.

Doctor Macleod is very unwell and much confined to his Bed, that I beg leave to defer transmitting a Translation of Lord Hastings Letter which I had received. I have the Honor to return the Enclosures.

It would give me the greatest possible Pleasure to accept your kind Invitation to Chatoobara but I regret to say that at present I cannot possibly quit Trichinopoly. I am now busy in concluding the Jamabondy and my Yearly Report add to which the abolition of the Court and consequent increase of European Delegation is almost intolerable.

With respect to the Information obtained by Sir Edwd Barnes relative to His Highness' Visit to Bengal. I can give you no certain Information but I think he acquired it prior to his Visit to Trichinopoly he mentioned having had an Interview with the Rajah on the Coast and it is I think possible that he might then have ascertained the Sentiments of His Highness upon the subject.

I have again sent to the Canal Cutter to expedite his operations but the Natives are generally as unwilling to dispatch as Labour Lomself

Sir,

1. I am directed to acknowledge the Receipt of your Letter of the 27th Ultimo; and to desire that you will convey to His Highness the Rajah the Congratulations of the Honorable the Governor in Council upon the occasion of his re-entering the Province of Tanjore, and upon the approaching termination of his Pilgrimage.

2. The Honorable the Governor has felt exceedingly gratified by His Highness's determination, so immediately upon his return to Tanjore from Ramiseram, and without allowing himself any repose after the fatigues of his long journey, again to encounter the inconveniencies of travelling in prosecution of his intention to visit this Presidency. The Honorable The Governor is flattered by this mark of the Rajah's attention; but is desirous to proceed on a tour of the Northern Circars

in the course of the next Month, the present arrangements of the Honorable the Governor will not admit conveniently of his receiving His Highness with all the Honours due to so distinguished a Visitor. The Honorable the Governor could therefore wish that the Rajah of Tanjore might make it convenient to postpone his Journey to Madras to a future period - when the Honour of His Highnesses Visit will not fail to afford the Honorable the Governor the highest gratification.

My Dear Sir

I take the Liberty of mentioning to your Highness some small Errors in your Highnesses last Letter to the Governor of Ceylon. They were not of importance enough to induce me to alter the Original of the Letter but your Highness I think will be glad to have them pointed out with a view to the future.

The proper English Direction of the Governor is Excellency, and the Surname Skinner for the body of the Letter Sir Thomas or His Excellency also.

I have

Memorandum regarding the Widow of Nanasahib

and have returned them to him, and now transmit to your Highness a Letter from the Widow which arrived yesterday. If the strong measures of which she speaks have been adopted I heartily wish them success. I shall take no Notice whatever of these Letters unless your Highness should be of Opinion that any Interposition of mine may contribute to effect the laudable object which your Highness has in view, in which Event I shall be most ready and willing to do whatever may appear to be most advisable, either by speaking to the Widow, sending a Message, or writing to her. If your Highness should wish it, I should be very glad to wait on your Highness in person and hear your Sentiments. The state of Mrs Blackburne's Health makes it necessary for her to reside some time longer at the sea side, but I shall have much pleasure in waiting on your Highness when and as frequently

careful to give no countenance to them whatsever, and if it
be true that certain of them have been prohibited from pas-
sing the Punk. I desire that you will refuse entirely to
have any more communication directly or indirectly
with them. While they are greatly under the Rajah's
Displeasure let it be known that they are under the dis-
pleasure of the Government also.

Why did not you inform me of the Punk Ceremony
I doubt whether it has taken place from your silence
Do not fail to repeat to the Rajah whenever you
have an opportunity that I am ready to meet any suggestion
of his Highness if any thing should occur to him wherein
I can contribute to the support of his measures

My Dear Sir

I had the Honr to receive your Letter of the 10th Instant and the Letters of the Widow of Sunnah Sahib to you which it encloses, and I return you many thanks for the same

I feel myself much obliged for the Correction you have been pleased to give me in the order of the address of the Honorable the Governor

Regarding the Letters of the Widow of Sunnah Sahib you have been pleased to desire that you do not take no notice of them unless I think that your Interposition will contribute to effect the good object I have in view.

Your being thus disposed to meet my Wish claims my Acknowledgements, and Thanks, and I beg leave to say that as I get all the good by your kind offices both in matters of consequence and of Course Nature, so I expect that your Interference in this present Instance may also entirely root out the Follies and obstinacies of the Widow. To effect which your addressing her once more, as I think above, will be

and I trust to bring them to a proper sense. But if the Reverse was proved to be the case i.e. Your Letter not inducing her, as it ought to have done to reform her conduct, you may then act as it shall seem to you proper either by writing, sending message, or by speaking to them in person, and in convincing to her her Errors. Thus whatever you shall do them will be a proper Like to the arrangement I made for their good.

I have the Honor to return the Marratah Letters addressed to you by the Widow of Sunnah Sahib

Having understood that the state of Mrs Blackburne's Health makes it advisable to prolong your stay still at the sea side I pray the Almighty to restore her to her former health, and to give her many joyful Days. The President is not less astonished than chagrined at the contents of the Last Letters from the Widow of Nanah Sahib, shewing a perseverance in highly improper conduct which can be followed by nothing but Distress and Ruin to the adopted Son, and all the Dependants of Nanah Sahib, unless it be speedily abandoned.

From a sincere wish for the peace and prosperity of Nanah Sahib's Family, and from an openess that the improper secret shewn in the Letters of the Widow proceeds entirely from the interested Instigations of the evil Counsellors, who seek in her dissension with His Highness the Rajah, their own profit alone, the President will again offer his advice, and if the Widow persists in rejecting it, she alone will be responsible for the Consequences.

It is not less the Right than the Duty of His Highness the Rajah to appoint a person to the administration of the affairs of the adopted Son of Nanah Sahib during his Menority, and it is the foundation

is certain that if his advice is followed, the Widow and a few
Months will have abundant cause to rejoice, and
her Son will have cause to bless her instead of imputing
to her his Ruin.

Highness a Letter and the enclosures from Mr Cotton dated
on the 23 Instant. If your Highness shall be pleased to
comply with the Solicitors Request I beg leave to recom-
mend that the Information asked is desired to be sent to me
in the Form of an Examination from the Secretary.

A Letter from Doctor Marshall received
yesterday informs me of his approaching Marriage and
indicates a wish to occupy the House taken for him by
Your Highness on the Mysore Garden in which I have
acquiesced. He does not expect to reach Tanjore until
after the 20th Instant

Having been informed by Sir Thomas
Saunders, that Your Highness observed to Dr Marshall
that you thought I had made too

Son in his alarming Illness. it seems to be necessary
that I explain more fully to your Highness what I
intended to state explicitly when I settled the Allowance
of a hundred Pagodas a month on Sir Thomas.

I have not with me the Copy of my
Letter to refer to, and have no Doubt that I must have
expressed my meaning less clearly than I intended.

At the period in Question it was probable
that Your Highnesses Return to Tanjore would be protracted
two years longer. Sir Thomas Saunders attendance at the
Palace was constant and laborious; to remunerate him
by occasional presents involved considerations of particular
Delicacy, and the far preferable Plan of settling upon him
a moderate monthly Salary, and of leaving to Your High-
ness entirely such additional Remuneration as particu
lar Circumstances might appear to require, as Your own
Liberality might suggest, was determined on and adopted
by me with the Concurrence of Your Highnesses Govt

The Sirkeh has sent to my office a Thief and some stolen property with a Statement from your Highness & about of the Circumstances of the Theft, and recommending that the parties be delivered up to me.

It appears that the Theft was committed on the Font within the exclusive Jurisdiction of your Highness and entirely out of the Jurisdiction of the British Government under the existing Engagements with your Highness no British Court or Magistrate can take Cognizance of the Offence, which is referable to your Highness alone. It is of no consequence that the Thief and his Associates are subjects of the British Government. I have the Honor to send for the information of your Highness a Packet from the Chief Secretary to Government which arrived yesterday and is accompanied by a Letter from the Governor to your Highness on the two subjects of your Highnesses address to the Governor-General.

There is no Letter for your Highness from the Marquess Wellesley in answer to that which your address to His Excellency

transmitted to the Governor at Madras a Copy of your Highnesses Letter, and desired Sir Thos. Munro to make such communication to your Highness on the subject as he might think proper. I am, I confess, greatly surprised at this and shall entertain doubts of the extent of the Marquises promise until I obtain an exact Translation of the Persian Letter.

I cannot relinquish my firm conviction that every Promise of our present Governor General would be punctiliously fulfilled unless indeed some previously unforeseen or extraordinary Circumstances intervened to justify a suspension of, or departure from the performance.

Sir Thomas Munros declaration of his opinion in favor of His Highness Serfoji Rajah is quite satisfactory and is all that can be expected from him, as the question can only be determined ultimately and definitively by the Superior Authorities of our Government.

I enclose herewith a public Letter to Your Highness which I beg the favor of your Highness to receive with the Letter from Sir Thomas Munro, provided this mode of receiving this Letter be that which your Highness

Highness may prefer. If on the other hand your Highness beg the opinion which I entertain, that a more public Reception of the Letter accompanied by Demonstrations of Satisfaction at the success of your Wishes in regard to Lanyon be desirable I request your Highness to return the Governors Letter which I will on that event present to your Highness in person under any form of Respect which may be agreeable to your Highness

2. A Copy of it is transmitted for your information; and referring to the Rajah's complaint of Carbab Seng, I am to desire that you will report for the Information of the Honorable the Governor in Council the particular Distinctions which he is stated to have assumed taking the proper Steps to correct any encroachment upon His Highnesses prerogative which you shall find that individual to have assumed.

To His Highness

The Rajah of Tanjore

The most Noble the Governor General has transmitted to me, for such communication to your Highness as I might deem proper, a translated Copy of your Letter to His Lordship dated the 12th January last Copy of which was enclosed in your Letter to me of the same date, which I have now the Honor to acknowledge.

Your Highness took occasion on that address to convey to the Governor General the explanation of your anxious Wishes, relative to your being succeeded by your Son on the musnud of Tanjore, and adverting to Particulars long known of late years claimed certain Distinctions, which you claimed for your prerogatives, you request that the President may receive Instructions to forbid him the use of them, and that all Doubt may be at once removed regarding the Title of your Son to the eventual Succession to the Raj.

I have directed a Communication to be made to Lieut Colonel Blackburne regarding the Assumption ascribed to Pertaubsing and he will be reminded of the Necessity of foregoing any distinctions which shall be found to be inconsistent with his Situation and Pretensions —

With respect to the other object of your Solicitude, I can have no hesitation in assuring your Highness that I consider your Son to possess such claims as cannot fail upon your Demise (which God forbid) to secure his elevation to the Raj of Tanjore and his quiet and undisputed succession to the Rank and Possessions now enjoyed by your Highness.

My Letter of yesterday will have authorized you to make any Remonstrances or admonitions to the Widow of Nanah Saib which the Rajah might think advisable with a view to save herself and Family and Child from the Mischief which she is bringing upon them. Tell her also from me decisively that if she abandon the Protection of the Rajah she can have no Subsistence, and will have no favour from the Governor. Explain that fully to her in person, and have at least two witnesses to what you say. Be particular on this point.

In regard to the Question of allowing her to quit the Palace, it is for the Rajah to determine. There will be relations interesting to His Highness only; and on which no third person can pretend to decide.

I certainly shall have great Reason to rejoice when she is out of the Palace and Province, but I would not, and I am persuaded also that the Rajah would not

not take advantage of her present Madness and Folly to
allow her to precipitate herself and Family into Disgrace
and Poverty. Every means of Exhortation, friendly ad-
monition, and advice should be used in the first instance

Manor 1st August 1822

Dear Sir,

Although I have not the pleasure of being personally known to you, I doubt not that you will pardon the Liberty I take in preferring the following request.

I have seen in England the companion of the excel. Last portrait of my Father which was taken by Sir Jos Buckley for the Rajah of Tanjore, and not having been able to procure a good mezzotinto of my Father - one which has lately been sent to me being a very bad likeness. I am extremely desirous of having a miniature painted by an able native Moochee from the Rajahs Portrait.

I imagin that you will find no difficulty in obtaining His Highness acquiescence in his request from the son of a valued Friend of His and yours: and I shall cheerfully accede to any Terms which you may have the kindness to make with a really good Moochee.

I wish merely for the Bust that Rajahs is, I believe a whole length: and from what I have seen of native Paintings

I have the Honor to send to your Highness a Letter, with Enclosures, from Mr. Cotton, the Principal Collector, in which he requests the Favor of a Statement of the Schools in the Fort and Districts under the Authority of your Highness, according to Forms which have been transmitted to him by the order of the Governor.

I beg the favor of your Highness to comply with the Request of the Principal Collector, and to return to me the Letter, after perusal, retaining of your Highness think proper, the Copies of Forms which accompany them.

Having understood that it is the wish of your Highness to receive into your Service an European, who accompanied You from Negpore to Tanjore. I beg the favor of your Highness to cause such Memorandums concerning the Individual to be sent to me, as may appear to your Highness

there I should suppose that they would answer no ordinary purpose to a more than common degree in regard that Hoping that you will excuse the liberty I have taken

In order to satisfy your Highness that no option was left to me in regard to the Communication which I recently made to you on this point, I carried the Governor's Letter with me yesterday to the Palace to show to your Highness, if a favourable opportunity had occurred.

In regard to the List of Schools in the Province, it is become unnecessary for me to trouble your Highness any further, as your Highness has obligingly promised to furnish me with the Statements requested by the Principal Collector, in which all the Information which the Governor can require will be found

It is my Intion to leave Tanjore Tomorrow Evening for Poodoocottah. During my absence, the period of which is uncertain, Captain Hardy will have the Charge of my Office, and I beg the favour of your Highness to send to him all the Communications from the Palace, and to be assured of his prompt

My Dear Sir

Being entirely convinced that the forwarding by Mr Huddleston of the Miniature of his Father, on the Table we dined at given to me by your Highness yesterday, would express great pleasure and me to general Lawson at Madras, and be considered very probably, as an affront by Mr Huddleston himself at Made Enemies of those who are now your Friends, from the important Services I have determined to return the Picture to your Highness, and to recommend that your Highness the Painting without the setting, carefully packed to secure it from Injury; or that you have it set by the best Artists of the Palace, and returned to me, or that your Highness send the Painting to Mr Huddleston to be handsomely set by Gordon the Jeweller at Madras, and to be given afterwards in your Name to Mr Huddleston. This is the mode which I recommend

in more important Cases. the Effect depends much on Manner. Mr Huddleston is a Gentleman and your Highnesses Friend, and in presenting his Miniature Likeness to his Son, let the Compliment be becoming a Sovereign Prince, and such as may give unmixed Satisfaction to the Receiver.

Para 1st In consequence of the many Representations I have received at Tanjore from His Highness the Rajah's Sheristadar in attendance at my Cutcherry, complaining of the Conduct of the Renter of the Honorable Company's Duty on Betel and Tobacco produced in this District, and again on the other hand, of the numerous Complaints from the Company's Renter against the Renter of His Highness the Rajah's Government. I have been led into very particular enquiries to learn, who is right and who is wrong, being determined that as far as it was established, the Company's Renter had violated the Conditions of his Cowles. Copies of which have been furnished to the Palace, he should be punished, and His Highness the Rajah may be assured, that nothing to the Contrary, when it can be proved, shall take Place with impunity.

I have the Honor to send to your Highness a Copy of a Letter from the Principal Collector received this morning.

The Letter appears to me to relate entirely to the Great Mahamut, but it certainly deserves the serious consideration of your Highness, and your Highnesses view of it may perhaps be justly formed by a Reference to the Cadian in cases similar to those referred to which may be found to prevail on Land not in the possession of your Highness but similarly situated to that which is adverted to by the Principal Collector.

Sir,

Having on my Journey from Combaconum to this Place, on the North side of the [illegible] parts of the Bank, and at one Place near Cuppestolum, through the upper part of a Sluice, all which I was informed, were in the limits of 105 Villages belonging to the Rajah, I beg the favour of you to communicate these circumstances to His Highness, and request that he will be so good as to give orders for all these Places to be immediately attended to and repaired, or a breach, similar to the one at Echangoody, may in the event of a high fresh, happen through the Neglect of his People.

2. At the proper Season of Mahraumut, I am always ready to hear of any general repairs required within His limits, when the attention of the Tasseldars can be directed to them, but at this Season, and where the repairs necessary, such as I have mentioned are trifling in extent, and only to be observed by Persons on the Spot or passing, it is not I think, unreasonable to expect that for their own advantage, His People will do the needful to prevent any Inundation, and I should be glad, if His Highness would deputte some Person from Tanjore, to see and report that this is done.

1st Instant to send to Your Highness Sookdeo two Notices from the Court of Appeal and Circuit at Tanchinopoly to be served on an Officer in the Service of Your Highness. Yesterday the Notices were returned to me uncovered with an Intimation that Your Highness objected to them, because the person on whom they were to be served, is addressed in the singular instead of the Plural Number

On Enquiry I have been assured that the Notices are on the Form which has commonly used, consequently no Intention of Disrespect could possibly exist in the minds of the Judges of the Court at Tanchinopoly. I would beg leave therefore to recommend to Your Highness to allow the Notices to be served and to state if Your Highness think proper, your objections to the Form, which I shall with much pleasure transmit to the Court, with such Observations may be calculated to effect the alteration which may be desired by Your Highness.

I have the Honor to acknowledge your Letter of the 5th Instant enclosing two Summons to be served upon Rajes. by Sedoobavah Swamiar my Priest.

On some former occasions Summons were served upon him but they were all dictated in such a Style consistent to his Rank and Dignity: but this was made in a very low and a singular way hurtful to the feelings of mine and that of the said Rajesbay Swamiar. He is not Officer in my Service but my own Priest and so he is received by all. However agreeably to your Suggestion and Advice I have made the Summons to be served upon on the full Confidence on your Promise of your rectifying the mistake which appeared to have subsisted on the Summons and beside it looks very odd that on some parts of them words or letters and few full lines even were cratched cancelled and covered with paste papers I mean the parts where he was styled on some hono.

If I came to know beforehand what you said then it would have prevented trouble and Vexation. 135 In what the Collector has done in having desired the main direct. to bring no more to him matters relative to the Palace he had shewn me disrespect. My Dear Sir.

I have the Honor to acknowledge the arrival of two Letters from your Highness of this Date and of your High.ness Receipt for Rupees 53523. 1. 5. in full of the Balance due to your Highness for the last Official Year. I took the Liberty Yesterday of recommending that your Highness should grant a Receipt on account, not in full, of the Balance, as the precise amount of the Balance could not be ascertained untill the

Correctness of the accounts on which it is founded should be proved by the Investigation which is carrying on in the Collectory of the Principal Collector.

This however, is merely a matter of Form, and I make no objection to the Receipt, under a conviction that if a large Balance than the Sum above mentioned shall be found to be due to your Highness, the Deficience will be paid to Your Highness without Delay, or carried to the Credit of your Highness in the next Account Current which Your Highness may forward.

I have perused your Highnesses Strictures on my Note to Nanak Sahibs widow and in answer shall say only that I have not deserved them.

I am infinitely more grieved by the second Letter of your Highness regarding the Principal Collector and your Highnesses Serishtadar, and I am surprised beyond measure as well as grieved at the direct Imputation of Disrespect to your Highness by the Principal Collector. I entreat your Highness to recall to mend the

absence of Your Highness. I can assure your Highness most solemnly and confidently that not only no Disrespect to your Highness has ever been contemplated by Mr. Cotton. but that he has laboured incessantly and gone to the utmost verge of his Duty to support all your Highnesses Rights and facilitate your Business in the Country. He will be much surprised as well as disappointed at the unfavourable Impression which your Highness has received of him.

My Advice to the Serishtadar is correctly stated in your Highnesses Letter as far as the Statement goes, and was given by me with true Solicitude to reconcile all Differences, and save much eventual Trouble to myself.

To

The Rajah of Tanjore

I had the Honor in my Letter under date the 21st of June, in order to relieve your Highness' anxiety relative to your being succeeded by your Son, to assure you that I considered him to possess such claims as could not fail to secure his eventual elevation to the Raj of Tanjore.

2. Having been since apprized by Lieutenant Colonel Blackburne that Your Highness had appeared to be disappointed that the assurances then given to you had not taken the shape of a formal recognition of His Highness Sevajee Rajah as your Successor, I directed him to intimate to Your Highness my readiness

to meet your Wish to that effect, and he was instructed, at the same time, to ascertain in what manner it had been proposed the desired acknowledgement of the succession should be fashioned and promulgated.

3. Your Highness is stated to have expressed a preference to a Declaration to be appended, and formally exchanged, as an Additional Article to the Treaty of 1799, and were the occasion of a nature to require, as at all essential to the due fulfilment of its intention, that the recognition should be conceived in a shape out of a treaty. I should have been most happy to adopt that form of proceeding.- But it will be obvious to your Highness on reflection, that the measure solicited by your Highness does not need to be arranged by convention; and that there is nothing at issue between us to be determined by Treaty

4. I have had great pleasure in according to your wish to have your Son publicly recognized and proclaimed as your Successor, and the Resident has been furnished with my Instructions

5. The proposed avowal of the Succession will, accordingly, be published at Tanjore; whenever your Highness may be pleased to appoint a day for the purpose. Lieutenant Colonel Blackburne will then, in my behalf, declare before your Highness, in full Durbar, that your Son His Highness Sevajee Rajah is recognized by the British Government as your Heir and Successor; and that upon your Demise (which God forbid) His Highness will succeed to the Raj of Tanjore, and to the Rank and Possessions now enjoyed by your Highness.

Extract of a Letter From the Chief Secretary to Govt. To the Resident at Tanjore dated Fort St. George 3d Decem: ber 1822. Recieved on the 12th

Para 1st I am directed by the Honorable the Governor in Council to acknowledge the receipt of your dispatch of the 23d. Ultimo, reporting the results of your Conferences with the Raja of Tanjore on the subject of the public recognition of his Son as his Heir and Successor.

2d and you add, with respect to the form of the proposed act of recognition, that a Declaration to be appended as an additional Article to the Treaty of 1799 and to be formally exchanged as such, is decidedly preferred by His Highness.

3 The Governor in Council does not, however, deem it necessary that the measure in his contemplation should be effected through the Instrumentality of any appendage to the Treaty.

4th It is not essential the Governor in Council remarks, to the due fulfilment of the Intention of the proceeding, that the Declaration of his Son's Succession, so urgently solicited by the Raja, should be conceived in the Spirit of a Treaty. There is, in fact, nothing in the case to be regulated by compact, or determined by Convention. The Raja's earnest wish that his Son should be acknowledged as his Heir and Successor has been acceded to; and his further wish, subsequently explained, that the Succession should be publickly announced

to be observed in giving public Effect to that Acknowledgement.

146

5. The Governor in Council considers that the recognition of the Title of His Highness Sevajee Rajah to succeed to the Musnud of Tanjore on the Demise of the present Chief should be proclaimed in the most public manner at Tanjore. Such Declaration being made, in the first instance, in full Durbar, under Salutes and other suitable Demonstrations. You will then take a proper opportunity of presenting Khelats in the name of the Honorable the Governor, with his congratulations and Compliments, to the Raja and to his Son; and You will be pleased to invite the principal Officers of the Province to accompany You in His Highness Sevajee Rajah's Procession through the Fort.

6. The Governor in Council is persuaded that the due exhibition of these formalities will leave to the Raja nothing to desire in reference to the eventual Succession of his Son to the Musnud of Tanjore.

7.

7 In conclusion I am to desire that the accompanying Packet may be delivered to the Rajah a Copy of which is transmitted for your information.

I have the honor &c

Sir,

I cannot resist doing myself the Pleasure of now addressing you in answer to your Favor of the 3d Instant, and offering to you my very best thanks for the kind manner in which your Excellency complied with my Requests regarding myself, and acknowledging him as my

my proper and lawful Heir to all I now possess. and although from the nature of things this was a matter not to be doubted or disputed. still the fond anxiety of a Parent frequently embolds what is absolutely necessary. and that work of continuing our own views after we are removed from the scenes of this life. is frequently as powerful a motive of action as the acquiring of those things which we ourselves expect personally to enjoy. This has been the case with me in the present instance. and I can now die in peace and admire still while loving that Justice and Equity in the British Government which my House and Family are destined to enjoy when I am no more. and surely I may be forgiven for the anxiety which I had. to see this accomplished. and as surely may I be believed when I say that no Prince in India admires the British Government more than myself. or wishes more sincerely for its prosperity to which allow me to add my earnest Wishes for your Health & Happiness who have been the means of this adding so much to my Happiness.

I have the Honor to send to your Highness a Copy of a Letter from the Principal Collector, and the four papers referred to in it, being the result of a renewed Investigation which has been made by Mr Cotton into the Circumstances of the Nedamungalum Complaint, in consequence of the Dissatisfaction expressed by your Highness at the issue of the former Enquiry.

The extraordinary pains which have been bestowed by Mr Cotton on this Investigation, and the great patience and temper with which he has undertaken a Revision of his own deliberate Opinions and Decision, proving most unequivocally his Disposition to oblige your Highness as far as Justice to others will allow him, entitle him to my Gratitude, and will prove, I hope, satisfactory to Your Highness.

Sir,

Para 1 With reference to a Memorandum and its enclosure, which you lately forwarded to me from the Vakeel of His Highness the Rajah relative to the Bank raised by the Meerasdar of Volemede, contrary as it is stated, to Custom, and to the great injury of the Lands in Vycalatoor, I have the Honor to transmit to you transcripts of a Correspondence, that has since passed between myself and my native Superintendent of Maharamut on the subject, which will I hope, satisfy His Highness of my Disposition to attend to his wishes, and to do as far as I am able, justice between the Parties.

2 It appears by the reports of the Native Superintendent that the water, which was represented to be overflowing the Lands of Vycalatoor, had all been discharged by the way, he before pointed out as practicable, and that the account of the Land state to remain uncultivated in consequence of this Bank, has been greatly exaggerated; it further appears that by continuing the † Channel of discharge, as it was formerly, 4½ yards to the Southward and 180 yards to the northward, there will be no difficulty in letting off the surplus water without injury to any Village, but in the event of this not being sufficiently clear to His Highness to induce him to order
