&c &c &c.

Most Honorable Sir The humble Memorial of

Ramasawmy late a Peon.

With the greatest submission I most humbly beg leave to state my grievances to your Honor trusting you will afford me the Relief I pray for.

I have served in His Majestys Gaol for a period of 26 years with great Zeal, vigilance and attention, and with great satisfaction to those who were my late Employers, as for instance when Mr Oliver. was a Sheriff, about 50 of the Native Prisoners who were in the Gaol, excavated a passage under its wall to effect their escape and which I having discovered thro' the activity of my service reported to Mr Lys the then Gaoler and Caused them the said Prisoners to be placed in a most safe Confinement and debarred them entirely from further progress of their dexterous escape - I further humbly beg to state, that sometime after the Occurrence of the above thing in the Gaol and when Mr Dibrample was a Sheriff Some European Prisoners who were than about to be transported having previously Consulted together, forcibly and tumultously rushed into one of the wards where native Prisoners were kept for doing some Outrage and Mischief upon them but as I was then very strong

and

and powerful Creature and the only Creature Among the Gaol Peons immediately opposed them from doing any Criminal Deeds towards the Native Prisoners — whereupon they the said European Prisoners without the least fear of God or of an higher tribunal made an attempt to do me agreate bodily harm. but being put myself in a posture of defence they left me only with two of my teeth broke.

In another time. May I be further allowed to say that two other European Prisoners who were at the one of transportation to Prince of wales Island escaped from the hands of the Gaoler by some accident and took fledge and I thro my utmost exertion and vigilence — apprehended them. but with no less difficulty and delivered them Over to the Gaoler who entirely dispaired of seeing them again in his Custody —

I beg further leave to bring to your Notice — Most Honorable Sir a most sad and Mesorable case (in which I was unjustly suspected) on which I hope and Crave your particular attention to be directed but if anything seem Dark in the Statement so that you have not a Clear idea of what I state, I humbly hope and beg you will be so good as to enquire me personally and do me the Justice —

On the Night of the 20th May Last a Prisoner named Carekistnen who was in His Majestys Gaol under Sentence of Transportation escaped by scaling its wall as I afterwards understood on the Night in question there were

were 4 Watches on the Telon side of the Gaol the 1st Watch who was from 6 to 8 in the evening is Shaick Roosain. the 2 Veerasawmy from 8 to 12. the 3 Vencatachellum from 12 to 3. and the 4th and last watch myself from 3 to 9 in the next Morning. but when I as the 4th and last watch relieved the 3 watch Vencatachellum and when as part of my duty examined on the said Telon side to the Gaol in his presence all the Prisoners whether they were in their respective Shells found to my great amazement and honor Carekistnah Missed and then I not only Reported to the Gaoler at the very Moment the Strange Circumstance but also to every Peon of the Gaol and this fact had been also proved before Mr Clulow the then Supt of Police when the Matter was preferred to him and yet Mr Keighly the then Sheriff of Madras even without enquiring How and by what means or whether by whose instrumentality or not the said Carekistnah effected his escape discharged the said Watches including myself and Sarnadar of the Gaol - The great many Memorials were presented him and to Mr Baillie the Deputy Sheriff stating the fact no notice was ever taken nor did they restore our situation back but on the Contrary they were always telling us Apprehend Carekistnah your situation will be restored again. On this fruitless hope I and the other Peons who were so discharged were wandering about here and there in

Search.

Search of the said escaped Delinquent and luckly on the Morning of the 28th of the same Month as I was sitting in my House the wife of the said Sarnadar Came in and told me that two People named Eroosapen and Condapen came to her House in quest of Sarnadar her husband and not finding him they wish to see any of the Peons who were dismissed from the service on the subject of the escape of the said Carekistnah Dilated with this piece of information I hastened to the Spot and asked them what was the Matter they in answer said that they will point out me the lurking place where Carekistnah is now wandering about on this assertion I set out the very Moment with those two people who Conformably to the promise took me to a House in a Village Called Sydapet about 7 Miles distance from Madras and then Eroosapen one of the two desired me and his own companion Cundapen to remain therein undiscovered by my People until he return back and so saying he left us and went away to what place I know not, nor do I know whose house it was I was so desired to remain in by him At the hour of 9 in the same night Eroosapen the said man came running to the place where he desired us to remain and told us that Carekistnah is in the Street, and that this is the Paick of time to apprehend him and thereupon we immediately Came out of the House and apprehended him with great

Hazard

hazard to our lines and brought him from thence to the Police and from the Police to the Gaol. Had Carekistnah I beg to say had a weapon at the time of apprehension I am no more and would not Come now to trouble you may Honorable Sir with these long Memorial At the time when the said Carekistnah was brought to the Police, he Voluntarily Confessed before a Number of Peons and Jamadars and Darrogahs that he by misfortune effected his escape from the Gaol by scaling its wall on the night of the 20th May I beg leave to remark that why I had by my own exertion put a stop to the said 50 Prisoners from their desterous escape out of the Gaol as I above mentioned (in the second para of this Memorial) instead of being accessary or aiding them for same paltry Sums of Money why I would not be quiet keeping myself with my teeth unbreak from opposing the European Prisoners who entered into one of the Native wars. and why I apprehended the other two Europeans who escaped and ran away was because as a principle of honor the fortune I beg to assure you has placed me in a sphere of Peonship I would not and Cannot for the world do any underhand business nor would I ever dare to be an instrument of the Criminal deed of another -

While the Circumstance is thus and while my innocence glaring like a Meridian sun should a rationalist as you ever think that Carekistnah was escaped from

from the Gaol by my aid and instrumentality. should not a rational Mind as yours ever think that I was unjustly discharged from my situation even without Considering my long and faithful services in which as I above enumerated sacrificed my strength and vigour and should not your petiful heart even sympathyze my present deplorable Circumstance which Causes me, my aged Mother my wife and my 6 Children to Cry for food and raiment -

Under these Circumstance I most humbly implore your goodness to take the subject matter of this my humble Memorial into your Consideration and desire P. To The Chief Secretary to Government

Sir In reply to your letter under date the 20th Instant enclosing a Petition from Ramasawmy late a Peon on the establishment of this Office I have the honor to state for the information of the Right Honorable the Governor in Council that the Circumstances

x returned

to

to which the Petition refers took place during the Shrievalty of my Predecessor Mr. Keighly.

2 It appears that both the late Sheriff and his Deputy after making a full and minute inquiry were satisfied of the Guilt of the said Peon in Conniving at the escape of a Prisoner named Karrakistnan who on his reapprehension Confessed in their presence that he promised upwards of 30 Rupees and paid 17 Rupees in ready money for the purpose of effecting his liberation from the Gaol.

3 On this occasion a Jemadar and two other Peons were removed for the same offence, as it appeared that the prisoner could not possible have scaled the Walls, and as they must either have been accessary to his liberation or permitted him to escape through negligence.

4 In conclusion I trust it will not be Considered inconsistent with my duty to observe that while it must ever be the wish of the Sheriff to protect deserving servants, the serious responsibility attaching to his situation, requires that peons who are placed in immediate Charge of Prisoners in the Jail should be liable to removal for negligence of duty or very strong suspicion of guilt, as well as direct or positive evidence of the Commission of Crime, such evidence being scarcely ever attainable, in Consequence of similar escapes being generally effected in the dead of night, when no other persons than the prisoners and their guards can be supposed to have any knowledge of the fact.

Public Departt I am directed to acknowledge the receipt of your letter of the 27th Instant and to state that the Right Honble the Governor in Council has been pleased to sanction the bill, submitted therewith, for Contingent Charges incurred in your Office Amounting to Rupees One hundred and thirty two and Pice Seven (132-7)

For your future guidance however I am directed to furnish you with the following observations and Orders-

The Charge of 8 Rupees for Batta to a Sheriffs Officer for serving a Subpoena on a Witness at the Mount appears to be unnecessarily high- An East Indian or Native Sheriffs Officer may it is presumed be Employed to serve process of mere Citation and no Allowance for a Palanquin or other Conveyance need be granted.

The same observation is applicable to the Charge of 3 Rupees for serving a similar process on Assistant Surgeon Lawder residing at Madras the Employment of any peon on your Establishment would have been Sufficient

The Charge of 28 Rupees for Executing each person sentenced to death appears also very high, and may it is presumed be reduced- Batta at the rate of 2 Rupees each per diem for Bailiffs (presumed to be Europeans) escorting Native Convicts to a Ship in the roads is also very high- East Indian or Native Bailiffs might be charged with this duty at a much more moderate Expence, if any at all be necessary

I do hereby Certify that having attended in a Medical Capacity on Mr. James Hall for the last two years. I find he is of a full habit of body, and predisposed to apoplectic disease - I further Certify that he has been lately more than once threatened with a determination to the head, on which account he was bled and sent to sea for a short time, but as these precautions have not benefited him, and as he continues to complain, I am fully of opinion, that he cannot, without endangering his life, be employed on the Petty Jury, from serving on which, it is but just that he should be exempted altogether.

The claim for Jackets for 1833 is incorrect the Clothing not being due till 1st January 1834 and no man being entitled to clothing for any year unless the Strength of the Regiment on the 31st December of that year.

The Petitioners are not entitled to Trowsers for 1833.

There is no Regulation in the Service that would entitle a Convicted Felon to Pension or Superannuation - Men pensioned & Invalided are alone entitled to such rewards

No man is entitled to receive [illegible] from the Library fund on any occasion as he has the use of the Books during the time he subscribes-

Half Mountings for 1833 were due in May last, but not received by the Regiment until the 13th Inst. the claim to that allowance to Gunners Richards and Blackaby is correct and will be paid to them on their being released from Gaol-

The Half Mountings did not become due until after Gunners Scully and Mahowney were Committed and they are consequently not entitled to [illegible]

Gunner Scullys claim to pay for the 1833 is incorrect, he having received it and signed for it in the Arrear Roll in the Troop Books-

Gunner Mahowneys claim to pay from the 15th to 31st March 1833 is inadmissable as he was in Gaol during that period.

Gunners Richards and Blackaby are entitled to pay up to the 17th inst. Scully and Mahowney up to the 15th March which will be paid to them on their being released-

Gunner Blackabys claim to Arrears to the [illegible] is correct, he having received it in like manner

Sir

I have the honor to acknowledge the receipt of your letter of the 15th Inst: with its enclosures, and in reply beg leave to State for the information of the Honble the Judges of the Supreme Court, that some time back, the keeper of the Prison, reported to me that he thought Jas: M.Mullen the individual referred to in the Presentment of the Grand Jury made on the 10th Inst: was insane, on which occasion I visited him and examined him very minutely and have frequently seen him since, I also directed the Medical Servants who are in constant attendance on the Prisoners, to watch him particularly, and to let me know how he Conducted himself-

From the information I have been able to collect from the Medical Servants, as well as from what I have observed myself, but more particularly from the manner in which this man, this day Conducted himself, during a long Conversation with me, I am unable to come to the same Conclusion as the Grand Jury, of his being insane-

Since the admission of this man into the Supreme Court Gaol on the 5th July last his general health has been extremely good seldom requiring Medicine of any description - he conducts himself in a most orderly, and respectful manner, and he is cleanly in all his habits - When I first spoke to him this morning, all his answers were perfectly consistent, but on his hearing me ask the Prisoners who are in the same cells with him, why they supposed he was insane, he instantly changed, and then replied to my questions in the most foolish and incoherent manner - from this and a variety of circumstances which it is not easy to describe, I am strongly disposed to think he wishes to be thought Insane, and that he really is not so. I would therefore most respectfully beg leave to submit the propriety

of allowing him to remain in the Prison where he now is for the present, and should at any time discover that marked Symptoms of Insanity set in, I shall lose no time in reporting it for the consideration of the Honorable the Judges-

To The Honble Sir Ralph Palmer Knight

The Petition of William Blackaby and Patrick Scully Prisoners in His Majestys Criminal Jail at Madras

Humbly Sheweth

That the said Petitioners are very much disatisfied with the existing method of expenditure of Government Allowance

allowance the amount of which is only annas five and Pice six per diem as the rations they daily receive from the Keeper does not correspond with the Amount deposited and held in his hands-

Your Lordships petitioners are well aware that the prices of the Market are at present exhorbitant but not so much so as to justify the Keeper in issuing such indifferent rations as at present are issued to European prisoners Viz- Remnants from his own table as also the most inferior meats &ca &ca of the Market.

The rations of the present date do not exceed upon an average one fourth part in quality or quantity what was issued not longer than a month or two since. and according as the markets decrease in price the Keepers rations increase in price-

Your Lordships petitioners have made application several times to the Keeper to receive from him the Government allowance the same as Bindo Britains. Viz. daily - and furnish their own rations - by which means they would have no one to blame but themselves - but the Keeper said he could not do so (at the same time allows it to three European Criminals now Prisoners in the same Jail) but that he would be glad to do it if he lay in his power and that we must apply to the Higher Authorities which your Lordships petitioners would have done had they been aware of the business upon which the Gentlemen who visited the Jail on the 10th Ultimo where upon but your Lordships Petitioners where kept totally in darkness as far as who they was or what business they were upon-

The rations which are daily issued consist of articles as follows- Viz-

morning

Morning repast one pint of coffee not fit to use and a loaf the price of the said loaf being one pice and a half mid day repast - A small quantity of Curry & rice made from the leavings of his own table of the previous day Evening repast - The same as mornings-

When a Complaint is made to the Keeper about it he Replies that the Sheriff says he thinks it too good for your Petitioners - but your humble Petitioners are well aware that such expressions would not come from any Gentlemans mouth - and that it is only done to make your Petitioners believe that it is useless for your Petitioners to make any complaint in that quarter-

The said Keeper has also objected to let us get a single sheet of Foolscap paper unless we give him one fanam for it - the market price of which is only one pice - which is a convencing proof of extortion upon your Lordships petitioners-

Such my Lord is our present grievance, and humbly trust that through your Lordships uninterested and kind intercession your humble Petitioners grievance may be allayed and finally leave no vacancy for murmur or discontent hereafter. and for who welfare your Lordships Petitioners will for ever Pray-

My Lords.

A Deputation from the Grand Jury having visited His Majesty's Gaol we are desirous of presenting a few remarks on the result of the observations made by them.

2. With the general Cleanliness Security and Comfort of the Prisoners we are quite Satisfied.

3 With respect to the European prisoners whether under sentence of transportation or imprisonment for different terms in the Gaol it appears to be desirable that the wards should be more numerous and in some respects better divided - The separating walls of the work done towards this object should be Completed a part of the building formerly but not now appropriated as an hospital might form a distinct European ward, with a little addition to the Security of the outer wall in one or two places which the Keeper of the Gaol has pointed out and we Consider that the Separation of the European prisoners as far as the building in its present State will admit requires attention as a measure tending to Strengthen the intention and object of the punishment.

4. It does not appear that any Europeans are under Sentence of labour with imprisonment nor is there space within the walls of the Gaol for any such employment of these prisoners we are however of opinion that it might be found at no great expence by the erection of a treadmill outside the present walls and properly secured.

5. James M'mullen a private of H M 55 foot under Sentence of transportation for Seven years, came forward with an incoherent Complaint and Calling himself by three different names - upon enquiry we found that the prisoners in the same ward with him as well as the Keeper of the Gaol Consider this man as decidedly but harmlessly insane of mind and that the Keeper has duly reported this to the medical attendant - we Consider it not beyond our duty to mention this Circumstance with the view of forwarding any measures which it may be Considered proper to take for ascertaining the State of this prisoners mend -

6 No Complaints worthy of any attention were made by any of the Native prisoners for debt and those of the Bramin Caste in particular were questioned and declared that they had no Complaint whatever to prefer -

7 In reference to the general Cleanliness of the Gaol we observed that the drains bore the appearance of not having been Cleansed out for a Considerable time and we were informed that such is the fact and we Consider that they should be immediately attended to -

8 There are two Cross walls between the two outer walls which being of no utility and only likely to

to afford some additional means of escape we Consider that they Should be removed.

These also will be pointed out by the Keeper of the Gaol.

Para 1st With reference to Mr. Secretary Clerks letter of the 24th Ultimo and to the Orders of Government in the Public Department dated the 22nd Instant I am directed by the Marine Board to acquaint you for the information of Government that Messrs Hall and Bainbridge have tendered a passage to Malacca for Lieutenant Armstrong of the 23d Regiment Light Infantry on the Brig "Helen" for 400 Madras Rupees and passages for the 2 Convicts at 40 Rupees each.

To The Right Honorable Sir Frederick Adam K. C. B.
Governor in Council
&c &c &c

Right Honorable Sir

We have the honor to forward to you herewith a copy of a statement presented to us at the close of the late Criminal Sessions by the Grand Jury after visiting His Majestys Gaol, and we beg to add our entire concurrence in the sentiments they have expressed as well with regard to the improved

proposed additions to, as the alterations in the interior of that prison.

The former will enable the Supreme Court to add to the punishment of Imprisonment that of Hard Labour in the Case of Europeans which it has at present no means of doing - and the latter that of Solitary Confinement if a sufficient Separation of the Cells be made, both of which additional punishments the Court are now empowered to inflict under the late act of Parliament which regulates the Criminal Law in India -

We beg therefore earnestly to recommend that such additions and alterations may be made in His Majesty's Gaol as may be necessary for the purpose above mentioned, and we also trust that the proper Officers of Government in whose Department the duty lies may be directed to pay immediate attention to the Cleansing of the drains of the Gaol, which is so essential to the Health of the Prisoners and which from the 4th paragraph of the Statement of the Grand Jury appears to have been in some degree neglected -

With respect to the Private Soldier of H. M. 55th Regiment referred to by the Grand Jury the Sheriff has been directed to obtain a Report of his Case from the Medical Gentleman in Charge of the Gaol and which, when received, we shall have the honor of Communicating to you if any further measures are necessary relating to it.

interior of H. M. Gaol which are conceived by the Judges to be desirable -

The Military Board will cause the drains of the Gaol to be immediately cleansed and will state with whom the blame of neglecting a work so essential to the health of the prisoners lies -

2. The Military Board will, in Communication with the Sheriff and with the Superintendent of Police, select and recommend to Government a Convenient site for the erection of a Treadmill to be made available both for the Kings and the Common Gaol -

3 With respect to the Prison Discipline and the Powers of the Jailor to make Prisoners work, Resolved that the Advocate General be requested to prepare the Draft of such a Regulation as he may consider necessary with a view to regulate these important objects leaving as little as possible to the discretion of the Magistrates or their subordinates -

Fort S.t George December 4.th 1832

The Right Honorable the Governor in Council is pleased to resolve that the practice of defraying the Contingent charges of publick Offices out of fines, stoppages of pay, or other similar sources, be strictly prohibited; and it is hereby notified that any publick Officer, Civil or Military, at the presidency or in the provinces, who shall infringe this rule, will incur the severe displeasure of Government. All fines levied by Magestrates or other functionaries Civil or Military, vested with Judicial powers, are to be paid into the publick Treasury of the District or Station at the end of each month; and all stoppages of pay or other receipts from similar sources are to be deducted from the amount of the monthly abstract of the Office to which they belong. All fines stoppages, &c.a now in deposit in any publick Office Civil or Military, are to be paid into the General Treasury at the presidency or into the Treasury of the District or Station in the interior as the case may be, immediately on the receipt of this order.

All publick Officers are strictly prohibited from incurring charges without the previous sanction of Government in cases which admit of an estimate being made, and are not of an emergent Nature; and they will be held personally responsible for disbursements made in such cases without the requisite sanction. This order is not to be considered applicable to disbursements required to be made under any special provision of the regulations.

Collectors are authorized at their discretion to incur charges for Contingencies to the amount of 20 Rupees without a previous application for sanction, such charges are hereafter to be submitted to the Board of Revenue for audit quarterly, when

when it is to be understood they will be strictly scrutinized, and will not be passed unless they are shewn to have been necessary. It is also to be understood that charges within the limit of 20 Rupees are not to be incurred repeatedly on the same account without sanction.

In cases of emergency Collectors must of course make such disbursements as are immediately necessary for the public service, but they are required to report to the Board of Revenue the charges incurred in such Cases, with a full explanation of the circumstances for the special orders of Government within the Month in which the charges are incurred.
