To,

Justice of the Peace for the District of Coimbatore and Residency Madras

Sir,

I have the honor to report to you that on the a-
afternoon of Monday the 14th Instant the two Special Constables
John Hallock and Joshua Freeman delivered into the Custody
of the Gaoler of the Grand Gaol of Madras under my charge
the Body of John William Brophy sent down by you under
their Custody committed by you on a charge of Forgery and Uttering-
My Gaoler has granted a receipt for the Prisoner a-
which I have the honor to enclose and as the Special Constables
have applied to me for remuneration for their time and trouble and
their Expences back to Ootacamund by Transit. I have consulted
with the Chief Magistrate at Madras who has no power to
grant the Compensation they require, and as I mentioned the Special
Constables were promised a Transit to return in, and which under
the Circumstances I think reasonable I would recommend a-
your applying to Government for the same (if you have not
already done so) as there is no fund or other Source at Madras
from which such Expences can be issued without the
order of Government. I have mentioned the subject of
remuneration to these Special Constables and the Chief
Magistrate who united with me in Opinion that
a daily allowance for the time they have been
absent from Ootacamund at the rate of one hundred
Rupees per Month each would be a equitable
remuneration

remuneration for their loss of time and labour in this matter.—

I beg to add that the said John Wallack and Joshua Freeman have returned to Ootacamund by Transit in the hope that you would recover for them the 4 pences they have thus by your orders and act been put to.—

Sir,

I have the honor to acknowledge the receipt of your letter

of the 18th instant, together with a letter from the Officer Commanding 1st Madras Fusiliers to your address dated 18th Instant with enclosures (herewith returned as requested) which accompanied it, and to inform you that the Keeper of Her Majesty's Gaol was in error in refusing to receive the Six Prisoners forwarded to the Gaol, on the ground that an order must be issued either by the Governor or Commander in chief before he could receive charge of the Prisoners - He however informs me that he merely stated to the Corporal in charge that it had been usual to receive such an order in case Prisoners were committed for Transportation -

The order in writing by the Officer Commanding 1st Madras Fusiliers for the custody of the Prisoners forwarded by him to the Gaoler would have been a Sufficient authority for him to receive the Prisoners into his Custody, had it been directed to the Sheriff of Madras and to the Keeper of Her Majesty's Gaol at Madras" and the place of Confinement (in Her Majesty's Gaol at Madras) should also have been marked in the order, as the Sentence of the Court Martial does not specify the place in which the Prisoners are to undergo their Sentence of imprisonment. -

Sir,

I have the honor to acknowledge the receipt of your favor of the 21st Instant, covering a List of Articles of Clothing &c. which were on the Persons of the Prisoners mentioned in the Margin when committed to the Grand Gaol of Madras and which you request may be returned to you as they belong to the Provost Serjeant of your Regiment.-

№
1. William Salem
2. James Dunsheath
3. Joseph Callaghan
4. William King
5. George Aitkin
6. Thomas Green

I have had your request communicated to the Prisoners in question who respectfully plead that the Articles in question are their own property the payment for which having been stopped out of their pay.-

They also respectfully request to see Colonel Stevenson personally.-

I have further to bring to your notice at the request of these Prisoners that they complain to you, as the Commanding Officer of the Regiment of a variety of grievances which arose before you assumed Command of the Regiment. I will state some of them and first Privates George Aitken № 2716- James Dunsheath № 2867- Thomas Green № 2752- Joseph Callaghan № 2641 - William King № 2545- and William Neilson № 2580. Severally complain that they have been deprived of the use of; and the Honorable Company have been defrauded of the Clothing entered in their Regimental account in which Three out of the 6 namely Aitken Dunsheath and Green's Books state such Regimental Clothing to have been issued to, and received by them on the 1st October 1855, and strange to add such 3 Books bear the Signature of Mr Quarter Master Hamilton verifying such Delivery. Whereas the Prisoners severally state that such could not have been the case as they and each of them had been some time previously to that date in confinement as Prisoners sentenced for the very crime they now stand Committed to Her Majesty's Grand Gaol of Madras and which Military Clothing they and each of them deny ever having received and they further charge that their names or marks appear to have been forged in such Books which ought never to have been out of their possession but which they state were taken from them, and not returned to them until after they were committed to Her Majesty's Grand Gaol of Madras through the Keepers thereof when they first became aware of the fraud committed on themselves as well as on the Government.-

They further state that they were confined in Irons under varied and aggravated circumstances at Tanjore previously to their Trial some even whilst suffering in Hospital from Fever and Ague and One with a Swelled Leg the effects of a Ball being

being lodged therein shortly before by the Enemy whilst on duty on the Boundaries which I need not further detail.—

Privates J. Callaghan and W. King request that the missing part of their respective Clothing Account Books may be returned to them, the possession of which they claim they ought never have been deprived.— And as ever they will have to return to their duty in the Regiment at the expiration of the term of their present Imprisonment, they consequently claim in the mean time the protection of their Commanding officer in all matters connected with their military rights as Soldiers in the Honorable East India Company's Service.—

Sir,

In reply to your letter No. 51 of the 31st Ultimo I have the honor to inform you that had the Clothing alluded to in my letter No. 228 of the 21st Ultimo, been the Property of the Prisoners I should not have made application for it.— It is the Property of Government and in charge of the Regimental Provost Serjeant for the use of Regimental Prisoners when in Confinement I therefore again request that it may be returned to me as soon as possible.—

I will agreeably to the request of the Prisoners visit the Gaol.

The entry referred to by you in the Small account Books of the prisoners should never have been made, the Prisoners were not entitled to the Clothing and did not receive it.—

It is quite true that all the Six Prisoners were kept in leg Irons at Longhoo, their Misconduct having rendered such an extreme measure necessary.—

Sir,

I have to request you will submit to the Right Honorable the Governor in Council the great need experienced this Sultry Weather of all practible appliances to keep Her Majesty's Grand Gaol at Madras under my charge in a Healthy State and (if possible) free from all noxious odours and

and Stagnant filth which is the more needed from the present crowded State of the Gaol consequent on the great influx of Prisoners for Trial at the ensuing Criminal Sessions.-

The great utility of the few lately imported Iron Sink Traps and their decided Success in purifying the air over the drains in the vicinity of the Privies of the Grand Gaol emboldens me to apply for a further Supply.-

In order to have this efficient aid to the purification of the Grand Gaol in the vicinity of each Set of Privies Twelve more Sink Traps will be required and one or two of the Drains will have to be widened and deepened so as to admit of a Sufficient push of water passing through the Sink Traps to clear the accumulations in their vicinity.

As there is not any means of employing the Prisoners Sentenced to hard Work whilst in the Grand Gaol I cause them Morning and Evening to draw water abundantly so as to cleanse, Cool, and Sweeten the Interior of the Grand Gaol and to supply the Sink Traps with the requisite quantity of water and to this I attribute the healthy State of the Prisoners notwithstanding the Sultry heat of the weather and the Crowded State of Gaol and I have therefore to request you will Submit this my urgent request that the additional number of Sink Traps now applied for may be without delay furnished and fixed in the Gaol and that the Engineers may receive the necessary instructions as to the alteration of the drains connected therewith.-

In reply to your Memorandum of this days date forwarding a letter from the

the Sheriff of Madras on the subject of the Warrant of Commitment of Private William Jones Her Majestys 43d Regiment L. I. I have the honor to state as follows.

i Sections 38 and 40 of Act xix Vict. ii The Warrant of Commitment in the latter case, as in the present instance, is signed by the President in the name of the Court; and the period of the Imprisonment should commence from the date of the Warrant of Commitment.

iii The present form of Warrant of Commitment was draughted after much consideration in communication with the late Advocate General, Mr. George Norton, and has been in use for the last 20 years.

To The Sheriff of Madras

To The Asst Commissary General
Fort St George

Sir

I have the honor to acknowledge the receipt of your letter of the 14th Instant, transmitting Copy of an Extract from the Minutes of Consultation under date the 20th February last, and in reply beg leave to state for the information of the Commissary General and in accordance with the wishes of Government as expressed in their Minutes that in my opinion the full diet detailed in page 13 section 11 of the Medical Regulations is the best scale that can be adopted for European Prisoners while confined in His Majesty's Jail with one alterations, Viz, allowing them the option of receiving one pound of bread, of the second sort, in place of twelve ounces of the first as therein laid down, should they prefer it, and that they make the Commissariat Conicopoly acquainted with their

their wishes to that effect, the evening before the change is to be made.

This diet I consider quite as much as Europeans confined to small yards doing nothing, and unable to take much exercise ought to receive to keep them in health, but should the same class of prisoners, at any future period, be sentenced to hard labour, and to work at the treadwheel Mills now erecting, I think an increase of food may found necessary.

In the event of sickness and their being received into Hospital, the rules as to diet and otherwise laid down for sick in Hospital will be applicable to them.

For their clothing, I would propose a blue cotton jacket, and a pair of white Trowsers, made very large and loose, as Sailors are in the habit of wearing, both these articles ought to be of a much stouter description of cloth, and served stronger than the Cloathing for sick in Hospital generally is, without this precaution, the or destruction and expense of clothes will be found very great: in addition, a white cotton shirt, a straw hat, and a pair of shoes (the latter not to exceed one pair in the month) is all, I think they required.

For their Bedding, one Paillasse and one pillow filled with straw, with one quilt of the description used in Hospitals.

The rules laid down in the Medical Regulations, Section II Para 19 Page 19 as to changing their Cloathes, ought to be strictly adhered to, and a Barber ought to visit and shave them twice a week, (Sundays and Thursdays) if they wish it. I also think four ounces of common or country Soap ought to be supplied to each Prisoner, European and Native once a month for the purpose of cleaning himself.

The scale of diet now in use at the Convict Gaol, copy of which you were kind enough to furnish me with, and which you say has been sanctioned by Government, appears to answer extremely well with the Prisoners confined there, I would therefore suggest, that the full diet laid down in that Scale be adopted, for the Natives confined in His Majesty's Gaol. I particularly specify the full diet, as that is the one allowed for Adults in the Convict Gaol and in general none other are committed to His Majesty's Gaol.

The Rice issued to the Prisoners both European and Native, in all the Gaols, Convict and otherwise I am decidedly of opinion ought to be well cleansed, before it is measured or weighed out to them, otherwise, the Scale of diet will not be sufficient.

In conclusion, I would strongly recommend that a Bramin Cook should with the least possible delay be employed to cook for the Native Prisoners; by adopting this measure all difficulty as to caste would be got over, less filth would be created in the Prison, and less fuel would be required than under the present System.

I have the honor to be &c.

It being in contemplation to build a second or outer surrounding wall to the Penitentiary Similar to what exists at the Grant Jail I have this honor to request you will favor me with your opinion as early as

Convenient

convenient as to whether the height of the outer wall at the latter building 16 feet according to the plan has been found sufficient to prevent the escape of the prisoners thence or not?

2 As it has been in contemplation to make the proposed outer or 2d. wall at the Penetentiary 20 ft. high. But if 16 ft. is found practically to be high enough at one place I should suppose it would be equally so at the other. The existing Penetentiary Compound wall being 16 ft. high including the 6 ft. raising given to it last year. But it is the out houses attached to it wh. make it unsafe.

1st That, should a second Chaplain be appointed to the Black Town District, in accordance with the arrangement sanctioned by Government October 29th 1852. I believe the Rules that have reference to the duties of the Chaplain, which are excellent in themselves, might be effectually carried out.

2d That so long as one sole Chaplain is required to take all the duties connected with the Chaplaincy of the Town of Madras and Royapooram adequate attendance at Her Majesty's Gaol will be found either to entail or unnaturally the Chaplains Strength, with other most important engagements,

Sir,

I have the honor to submit a Copy of Rules now in force at the Grand Jail for the inspection of Government.

2 In the first place, I would respectfully beg to draw attention to an important omission in those Rules namely there not being issued under the signature of any authority which in my humble opinion they should be if expected to be implicitly obeyed — They should also bear the concurrence of the Honorable the Judges of the Supreme Court to whom myself and all other officers connected with Her Majesty's Jail are subordinate.

3 It appears that the said Rules were framed and promulgated as far back as 1836 but by whom is not clearly shewn amounting, as I conceive to another proof that they have not been confirmed by proper authority.

4. Several changes have besides taken place since those Rules were printed so that they necessarily require revision to adopt them to the present time.

5. As only one Dozen Copies were originally printed they have long since been disposed of and none are now left for distribution among the officers lately appointed to do duty at the Jail.

6. With the view of placing the subject before Government in as clear and full light as possible I deemed it necessary previously to communicate with the Roman Catholic.

Bishop, Chaplain and the Surgeon of the Prison, whose original replies are herewith forwarded, together with a state=ment from Mr. Gibb Keeper of the Jail, who has been a very long time in his office, and whose opinions therefore I may be justified in forwarding.

7 I would take the liberty to suggest that in the Rules laid down for the Sheriff the time when he shall visit the Jail be erased from the old and not be inserted in the new Regulations which may be permitted to be published. His duties are unlike those of other officers of the Jail, and no second person ought to know when or how he may appear among the prisoners on duty, which must be entirely governed by circumstances.

8. I hope it may not be irrelevant to state that in con=sequence of the Peon force being changed every quarter from the Police Office they neither have time to become acquainted with the Rules of the Jail nor do they acquire sufficient experience to properly manage the Prisoners. I therefore earnestly urge that instead of the present system a standing one be granted reverting to the old system of placing the peons under the Sheriff by whom they were formerly appointed under the present plan they do not fear the Sheriff and obey his orders with reluctance although he is made solely and wholly res=ponsible for the safe Custody of every person committed to his charge. The present manner of guarding the Jail has been pronounced by Magistrates from other Presidencies (who have visited our Jail) to be foolish and dangerous sometimes riots either preconcerted or sudden break out among the Prisoners. One occured when I was in office in 1834 but was immediately quelled owing in a great measure to mutual understanding and confidence between myself, European Keeper and Peons whom I appointed. It is hardly to be expected that the present system can work so decidedly and satisfactorily where subordinates are nominated independantly of their Superior.

9. Whenever Government may be pleased to sanction new and suitable Rules for the Jail and before revising those appertain=ing to the duties of the Magistrates I would beg it to consider whether those Rules could not be safely abolished altogether? It is possible that whilst the Justices have been taken away from other and urgent duties to attend the Jail their presence and enquiries among the Prisoners may have encouraged com=plaints which had no real foundation. Those Rules have now stood the test of 20 years experience and if enquiries here made among those persons whom Government might be pleased to consider most Competant to give an opinion perhaps the result would be satisfactory to them.

Under all Circumstances, any Complaint made by the Prisoners to the Justicies is referred for adjustment to the Sheriff who, if allowed could in the first instance en=quire into its merits, and award such punishment as the Rules would admit and if necessary, always in conjunction with the other officers of the Jail (the Surgeon, Chaplain and keeper) and by so doing much time would be saved in redressing a grievance, if real.

I have the honor to be,
Your Most Obedient Servant.

As there is considerable difference in the locality and capacity of the different cells a Number attached to each cell the dimentions and position of which are indicated in the Jail Historical Register would afford a ready method of noticing the relative healthiness or otherwise of the different parts of the Jail and it is with this view I bring the matter to your notice.

margin of all the correspondance which as far as I am aware have during this year taken place on the subject.

2 Although by the tenor of the letter from Government, there seems a doubt whether it was intended that their Lordships should be troubled before or after the new Rules were framed yet, it seems more advisable for several reasons that the former course should be adopted, but the principal one being that owing to an apparent difference of opinion already existing between the Commissioner and myself upon certain rules as may be observed by our letters it is not certain we should agree upon others whenever we may meet personally to discuss the whole. I would therefore respectfully solicit at the Commencement the advice of the Supreme Court on a matter in which so many persons both in and out of the Jail are concerned. For my own part indeed (having nothing further to observe one way or the other) I would rather prefer leaving entirely to the Court the dictation of whatever may appear to their honors best suited for the control and management of the Prison, as well as for the necessary instructions for the guidance of the Officers connected with it.

3 I beg to enclose a Book of the Rules now in operation and to draw your attention to the fact that none of them provide for the employment in Jail of Prisoners whether European, East Indian or Native who might be Sentenced to Hard Labour. the consequence is that without it, men in robust health continue in Confinement sometimes for years, leading an idle life, which cannot be good either for their body or mind

To, The Clerk of the Crown

Sir, Adverting to the Minutes of Consultation under date 18th of April 1857 accompanying to which I am desired in Communication with the Commissioner of Police to submit for the concurrence of the Judges a set of new rules for Her Majesty's Jail

Jail, I have the honor herewith to enclose printed copies as per

11 Copy of Dr Mudges 2d letter respecting the Classification of Prisoners _____
12 2d letter from Mr Gibbs _____

margin of all the correspondance which as far as I am aware have during this year taken place on the subject.

2 Although by the tenor of the letter from Government, there seems a doubt whether it was intended that their Lordships should be troubled before or after the new Rules were framed yet, it seems more advisable for several reasons that the former course should be adopted, but the principal one being that owing to an apparent difference of opinion already existing between the Commissioner and myself upon certain rules as may be observed by our letters it is not certain we should agree upon others whenever we may meet personally to discuss the whole. I would therefore respectfully solicit at the Commencement the advice of the Supreme Court on a matter in which so many persons both in and out of the Jail are concerned. For my own part indeed (having nothing further to observe one way or the other) I would rather prefer leaving entirely to the Court the dictation of whatever may appear to their honors best suited for the control and management of the Prison, as well as for the necessary instructions for the guidance of the Officers connected with it.

3 I beg to enclose a Book of the Rules now in operation and to draw your attention to the fact that none of them provide for the employment in Jail of Prisoners whether European, East Indian or Native who might be Sentenced to Hard Labour. the consequence is that without it, men in robust health continue in Confinement sometimes for years, leading an idle life, which cannot be good either for their body or mind
