No 1. 2. 3 & A—

28th February 1804

The Sudder Foujdary adalat having duly weighed the subject of reference and having well considered the indignity offered by the Magistrate in Tanjore to the Provincial Court in the Southern Division together with the opinion given by the Provincial Court in their letter of the 20th January to the Magistrate for the revocation of his Endorsement on the petition - and of his opinion in his letter of the 11th January, are convinced in the silence of the Magistrate to the proffered opportunity of retraction -

The Sudder Court cannot view the disobedience, intemperance and disrespect to superior authority so manifestly evinced by the Magistrate in the case before them, with indifference nor can they hesitate to apply the powers vested in them by Act. XXII Ey VIII as well for

the punishment of the disobedience avowed and persisted in - in the present reference - as for example in prevention of the like, in others

The Sudder Court therefore direct that the Magistrate in the province of Tanjore be suspended from the executive duties of the Magistracy in that province, until they shall be satisfied, that his sense of this conduct on the present subject, may be the means of saving the provincial court from the occasion of a similar indignity -

ordered that extracts of the above proceedings be sent to the Provincial Court to be by that Court forwarded to the Magistrate in Tanjore and that the Registrar of the Sudder Adalat do by speedy letter give the conformity of the Provincial Court to this Order -

The Registrar reports the accidental No 6 from the Jetwah of South Canara Circuit, in respect to a particular disagreement between the English and Persian Record - and suggests to the Court the propriety of again transmitting it to the Judge who presided -

The Court having considered the subject - Resolve That the incorrectness stated is not such as apparently material to call for the intervention of the Sudder Court -

2nd That the incorrectness noted is of little greater importance by the very essential difference which must obviously be produced by the accuracy of either copy - in the nature of the punishments to be awarded against Moota Kurlia - founded on the one hand - on the confession of the Prisoner attested by two competent Witnesses Malabar Servant and Peishcar and on the other hand solely on a presumption - established by a single evidence

The Register lays before the Court trial No 5 from Tanjore - and under Regt XII Cy VIII A.D. 1802 submits that further investigation should take place in reference to three facts arising from deficiency of Evidence and which evidence was procurable

1st The second Witness taken deposed before the Register that the deceased died in consequence of having been beaten by the Prisoner - before the Court of Circuit he deposed that Brooksyer Thuck Vchargen three blows

From the latter deposition

it does not appear what was the
state of the prisoner to whether after
having received the blows —

His Honour submitted that
the Judge should have examined the
witness to that especial point — and
have recorded the result on the proceedings

2nd — The Prisoner confessed
the murder before the Magistrate
and Executive that confession before
the circuit Court — Remain the 4th
Witness alone checks the former
confession — which being single
is insufficient for absolute proof

Hence the peculiar duty of
the Judge to have made his examination
in respect to this point either on pain
of neglect of duty in the Magistrate
as prescribed in Sect VI Reg VI 1808
or on confirmation of the confession
of the Prisoner, and to have recorded
the answers on the proceedings —

12/ 176

24th July 1804.

3rd The defence set up by
the Prisoner is so much at variance
with his confession — that the
Judge should have summoned the two
persons therein mentioned as having
assisted in carrying the deceased
to his house — their evidence
against the prosecution would be
material — under consideration of
above ——— Record that the trial
be returned for revision and that
Extract of these Proceedings be sent
for the information and guidance
of the Judge who presided —

Sent following letter (See entry C.)

The Deputy Register lays before the Court the following letter.

From the 3d. Judge of Circuit in the Southern Division that he has been prevented by (See entry No 1.) a Sessions at Madura.

The Court having considered the communication made by Mr. Austey — are of opinion that the defective State of the documents required by the Regulations to be prepared for the Court of Circuit

constitutes a sufficient cause for his quitting the Station of Madura without having held a Session in that Zillah.

The Court cannot however but lament the interruption experienced by the Court of Circuit in its progress and feel themselves called upon to censure and check every circumstance which tends to affect the operation of the established rules for the dispensation of criminal justice.

The Court are therefore of opinion that it was incumbent on the Acting Magistrate to have made an earlier report of the indisposition, which is stated to have prevented his attention to business, in order that measures might have been taken, calculated to prevent the occurrence of the inconvenience, which has ensued.

ORDERED, that Extract of the above be sent to the Judge on Circuit to be by him communicated to the Acting Magistrate — with

especial caution of the Sudder Court to Mr. Parish against similar irregularity in future.
