districts of North Malabar, to be
their trial before the court of
quarter sessions for the
said district for the year - confor-
ming case No. 30, wherein Sheik
Sheikhanny Pokker

19th February 1813

At Cottiarum Malaukoor Raja are
prosecuted by the Government for
extortion and illegal assumption
of authority; and, after stating the
grounds upon which it has ap-
peared to him to be inexpedient
to bring this prosecution to an issue,
submits that every end of justice
would be answered, had the
late magistrate enquired in
cognizance of the transaction to
conceal the bond passed to the
Rajah, as set forth in the charge,
and given them a suitable ad-
monition for the regulation of
their conduct in that respect
in future — which, he recommends,
may still be done, and that the
prosecution should be dropped.

It appearing to the Court from
the magistrate's statement of the
grounds of his commitment of the
parties for trial, that he doubted
his authority to take cognizance
of the offences charged against them,
and brought the case before the
superior court, not with a view
to the punishment of the Rajah in
this instance, but that they might
be warned, under that authority,
of what they rendered themselves
liable to by such acts:—

Read letter, dated the 8. instant, from the third Judge in the Western Division - enclosing an extract from the Calendar received from the Magistrate of the Jilla of Madura for the first Sessions of the year, with copy of a precept issued by him to the Magistrate, and of the Magistrate's return thereto.

(Prosecution No. 101)

In the case in question four persons, one of whom is described to be the Nakhoda of a grab vessel, had been committed for trial at the present Session of the Court, charged with having imported and kidnapped five natives of Abyssinia as Slaves.

And in return to the third Judge's precept, requiring "to be informed whether under any former or existing regulation, the Magistrate had committed the said persons to be tried by a local Court of Judicature," the Magistrate certified that he had committed them "under the Statute Geo. III. C. 23 for rendering more effectual the former acts for the abolition of the Slave trade, by

"which may happen in Cases within

"Company subsequent to the 1st January
"1813, is declared to be Felony"

Under the explanation put
forward by Mr. Baber of his proceed-
ings in the case, the Court must
presume, that in holding the parties
to bail for appearance to take their
trial for the felony, with which they
stand charged under the statute
57 Geo. 3. C. 93 - he acted, not in the
character of a Magistrate of the Island
of Salsette, but in the capacity of
a Justice of the peace under the Civil
Code of England.

And the point of reference
is, whether his conduct in the
premises is to be considered as
constituting an offence punishable
by the Regulations of this Presidency,
or by the Statute Law of England.

The Court are of opinion, that
the question may be stated in the
following manner, viz. Whether
an act of Parliament

The Court deem it to be their duty
to submit the Third Judge's letter and
enclosures to the Government, with
their request that the Honorable the
Governor in Council may be pleased
to direct that the subject receive such
consideration, as may appear to him
best calculated to lead to a decision
thereupon.

And adverting to the delay,
which may be occasioned by this
reference, the Court further beg leave
to submit the propriety of ordering
the discharge of the parties in their
case, who, it may be apprehended, had
no reason to suppose, that the acts
for which they have been made the
objects of a criminal prosecution,
were punishable wrongs. [illegible]

proceedings be transmitted to Mr.

The prisoner in this case having been declared by the Law officers liable to a sentence of specific punish=ment under the Mahammedan Law, the Court have, as prescribed by the re=gulations, adjudged him to suffer death. — Adverting however, to the period when the homicide was committed, being indeed subsequently to the date at which the Code of Instits was to the exception of the Company's govern=ment, but previously to their introduction of the present system of Ad=ministration into those territories, the error of the prisoner in this respect personal revenge was obscurely but not perfectly understood. — The prisoner's confession being also the only evidence against him, for which he did not appear, although invisible to the Judges by his victim's conduct, that the act was premeditated, — the Court have not considered his offence to be murder, and have therefore resolved to submit the case to the Honorable the Governor in Council, with their recommendation that the sentence of death be commuted for imprisonment for the space of seven years from the 13th instant with hard labour

Read letter, dated the 8th instant, from the acting magistrate in the Jilla of Combaconum.

(Reference No. 246)

The acting magistrate reports the reapprehension of six convicts, who had escaped from his jail, and who, he observes, be proceeded against as directed in clause first, section IX regulation XV of 1803.

The acting magistrate also encloses a list of convicts, and laments the expediency of their removal to some other Jilla, the accommodation of the old prison at Combaconum, of which owing to the ruinous and insecure state of the new jail, he is still compelled to make use, being far limited for the number at present confined in it.

From the return made by the magistrate of the Jilla of Tinnivelly to the Court's precept of the 26th May 1812, it appeared that his jail was capable of containing 250 convicts, the whole of whom might be advantageously employed on the roads in the vicinity of that station; and from the return last received from the magistrate, dated 31st January 1813, it appears that not more than 158 prisoners were then confined under sentence in the jail

30th April 1813.

And the Court further direct that the magistrate of the zillah of Pulicinapoly be by precept commanded to enforce the sentences passed on the said several convicts, by employing them on the roads and other public works within his jurisdiction.

Sent following precept.
(Prosecution E & F.)

Read letter, dated the 15th instant, from the magistrate of the zillah of Salem.
(Prosecution No. 283)

The magistrate encloses a copy of a letter, addressed under date the 17th ultimo, to the Secretary to Government, reporting his proceedings during his late absence from Mangalore on duty about the Ghauts, and requesting authority to tender a conditional pardon to two persons, named Cheravarian and Shanabhogapatty, in order to have their evidence against the principals and others of a desperate gang of robbers, who have for some time past infested the upper country, committing numerous robberies under every circumstance of outrage and aggravation.

The former of the two persons named by the magistrate is described as being a peon of the

30th April 1813.

Burmuffi district, and as having formed a connexion with the robbers, and further accompanied them on a plundering expedition to Servi, upon which occasion he received a share of the booty, - at the express solicitation of the police daroga, in order to discover their haunts, and to procure information against them.

Under such circumstances he does not appear to the Court to have committed any offence, requiring to be pardoned; but, on the contrary, to have rendered a highly meritorious service which should entitle him to remuneration and reward. - With a view, however, to ascertain, whether a person so circumstanced is liable, under the Mahommedan laws, to be criminally proceeded against for the concern he had with the gang, during his stay amongst them, the Court have directed a case to be prepared for the opinion of the Sajee and Moftee.

The Jilla magistrate does not indeed propose the question of pardon to the approver on the ground of his having incurred the penalty of guilt. - He says, "his pardon is necessary before his evidence can be received."

But it

and principle of ale law to allow no existence, no consideration what= =ever to what is not transacted by it's own principles, it follows that, in the eye of the Mahommedan law, the evidence of an accomplice can derive no additional weight from the circumstance of it's having given under an assurance of pardon, not transacted by the principles of that law, but author= =ized for special purposes by a provision of the regulations of the Government. - The effect of the pro= =vision, sanctioned by section XX regulation VIII of 1802, is merely to take the party off the calendar of prisoners to be tried. It does not in any sense alter his character as an accomplice; but with a view to have all the benefit, that can be had from his evidence as such, it relieves him from the necessity of being arraigned at the bar, with the rest of the ac= =cused. For standing in the situa= =tion of a prisoner, his declaration, as affecting the other prisoners ar= =raigned with him, could not possibly receive the slightest at= =tention. Whereas the testimony of an accomplice, tho' not a tale of that description of evidence,

which the law requires for an
judgment of the specific penalties
is admitted in some sort to cor-
roborate other evidence, and
would, with other evidence, go
to establish that degree of pre-
sumption of guilt, which un-
der the provisions of the existing
regulations, might lead to the
adequate punishment of the of-
fenders.

Were it the case of Chemar-
nocial, should the law so far
declare him liable, under the
law, to punishment, as even to
be put upon his trial, it would be
necessary to solicit the interfer-
ence of Government, to remit
the punishment, and to dispense
with the criminal proceedings
against him. But otherwise,
the pardon of Government can-
not be requisite to enable him
to appear before the court of
circuit, or on evidence on the
trial of the gangs.

With respect to the other party
then under paper, he is obviously
placed in a very different pre-
dicament, and he can only be
taken out of it through the
exercise of the authority resting
in the Government of the Country
for the pardon of offenders of

his evidence may or may not avail
to convict the leaders of the gangs
and his other associates, he seems
to have entitled himself to this
indulgence by the active part he
is stated to have taken in conduct-
ing the magistrate to their places
of residence, and enabling him to
apprehend them.

Ordered that the above letter
do lie on the table.

Ordered that the following case
is put to the Legal Advisers and
Prosecutor.—

Whereas necessary for the peace
and welfare of a certain district
that a stop should be put to the
atrocities committed by a des-
perate band of robbers, who
had long infested the country,
a person, named Syd is induced
to go among them as a friend
desirous of joining the gang.— He
succeeds in ingratiating himself
with their leaders, and the better
to disguise his object, and remove
all suspicion of his real intention,
he accompanies them on an ex-
pedition to plunder a certain
village.— During the attack

On receiving permission from the
Purdars of the gang to return to his
own home, he communicates to
the daroga, who had employed
him, all that had passed, and
all the information he had gain-

Read again the letter dated the 20. of January 1813 from the first judge of the Northern division, reporting the proceedings in case No. 2 of the jail of Pondicherry, referred by the Court on the 9th instant to the Cazee ool coppat and moofties of the Foujdaree Adalut, with a request that they would report their opinion as to the punishment to which the prisoner Pedro Antonio Xavier, convicted of the murder of Mary Anne Bernard, is liable by the Mahommedan law.

Read letter from the Cazee ool coppat and moofties, after specifying certain of the circumstances from which their inferences had been drawn, having declared a strong presumption of the murder of the deceased to be thereby established against the prisoner Polcadauny Venkatasputty, the Court required them severally a second future to declare to what specific punishment he would have been liable under the Mahommedan law, if he had been convicted by full legal evidence.

Read a letter from the Judge on circuit in the northern division to the Court, of the 29th. penultimo, returning the record of the proceedings held before him in case No. 11 of the jail of Jaffnapatam, for further evidence, as required by the Court and master.

(Reference No. 275)

The Judge returned the precept unexecuted, and stated that he forbore to require the evidence of the police Vaikal of Pambaly, because that officer had been dismissed by the Provincial magistrate for attempting to screen the prisoner in this case from justice, and could not therefore speak to any points, without bringing himself in to question his own conduct in the affair that had led to his dismissal.

The circumstance stated by the third Judge rendering it impossible that the principal witness should be heard as a witness in the cause, the Court ordered the record to be returned to the Commissioners of circuit, for their further evidence, as required by the Court and master.

in Kollastaad, but two, viz.
Pailil Raman Nair and Orkandy
Koraoth having since escaped, he
requested authority to proceed against
them in the manner prescribed by
"Regulations II & III of A.D. XIII of 1809.

The persons referred to by the
Jilla Magistrate not being inhabitants
within the Jillas, nor, so far as may
be collected from the above reference,

any place or places within the
limits, they having escaped from the
police officers by whom they were

it's boundaries, and since released
in Canara" and further that the person
with which they are charged not
having been committed within
the jurisdiction - it does not appear
to the Court in any degree to belong
to the duty of the Magistrate of the
Jillas of North Malabar, to require
the [illegible] to appear before him to

on the hand their entire want of
connexion with the Jillas of North
Malabar would, however public
the proclamations were made,
excuse them from the charge and
consequent punishment of contu-
-macy, the general publicity
within the Magistrate's jurisdiction
which, under section III of Regulation
XIII of 1809, must be given to the
proclamations, would itself in
this case operate to defeat the
Magistrate's intentions, by warn-
-ing the proclaimed against appear-
-ing in a Jilla, to which under
any circumstances they would
seem to have no motive for return-
-ing.

The Magistrate also solicits
authority to proceed in the same
manner against three convicts
and a police Kolkar, the former
of whom had escaped - the latter
deserting with them - from the
fort of Cannanore.

But the rules contained in
Regulation XIII of 1809 having for
their object exclusively to facilitate
the apprehension of persons concern-
-ed in the commission of the offence
of dacoity, or gang robbery, are not
at all applicable to cases of the
escape of convicts; and the Court
cannot therefore comply with the

the magistrate's request.

Ordered that the magistrate be referred to clause first, section IX, regulation XV of 1803, and to section XXIII, regulation VIII of 1802 and section VII, regulation I of 1810, as containing provisions for the guidance of the magistrate in proceeding against convicts who escape, and the guards in charge of them.

Read letter, dated this day instant from Mr. Secretary Hill stating that the Honorable the Governor in Council permits the Court to empower the magistrate of the Zillah of Masulipatam to proclaim and to apprehend the three persons described in the magistrate's letter of the 5th ultimo.
(Para entra No. 1 & 2)

Read again letter, dated 5th ultimo, from the magistrate of the Zillah of Masulipatam requesting authority to issue proclamations with offers of rewards of 500 Pagodas for the apprehension of Cheluah Nair, Veeraishwar Row and Baspaniah, 250 Pagodas for the apprehension of Tadlawah Baspaniah, and 100 Pagodas for the apprehension of each of the other persons, described in the said letter, who have appeared to be particularly active in the disturbances in the Zillah, but cannot be specified by name.
(Para entra A. 2 & 3)

Whereas it appears to the Court to be expedient that measures should be taken for the apprehension of the persons mentioned in the magistrate's letter of the 5th ultimo, and that proclamations should be issued for the purpose, offering rewards for the apprehension of the said persons, and declaring that they will be pardoned on surrendering themselves within a limited time, except such of them as may be charged with the murder of Europeans, or with having been concerned in the murder of Europeans, or with having been concerned in the murder of Europeans, or with having been concerned in

But the exercise of the authority appearing to be indispensable in the case of Shenabiggapa, the Court resolve to transmit copy of the magistrate's letter, and extract from their proceedings thereupon, to Mr. Secretary Hile, for the purpose of being submitted to the consideration of the Government, with their request that the Honorable the Governor in Council may be pleased to authorize the offer of a pardon to the said Shenabiggapa, on condition of his making a full and unreserved discovery of every circumstance

Read again the letter dated the 16th instant from the third pidge in the Valvedden division, referring his proceedings in case No. 20 of the file of South Modelear, with the answer given by the Court to the questions proposed to them under date the 19th instant, with a view to ascertain the nature and degree of the presumption of guilt established against the prisoner.

(Recorded No. 281)

And the Court having heard and duly considered the matter, are of opinion that the presumption of the murder of the deceased particularly to be established against the prisoner Poodiacandy Manaly by the Court required them by the second section to declare to what specific punishment under the Roman Dutch law he would have been liable, if he had been convicted by full legal evidence.

The prisoners Pedia Lutchoomadoo, Cuna Lutchoomadoo, Rajadoo Condadoo, Bara Condadoo, Takala Nagal and Chinna Cuttawadoo are declared by the Cazee ool Coozzat and Moofties to be severally subject to Corporal punishment, which the Court adjudge the Cotwal to cause to be inflicted on them severally, Pedia Lutchoomadoo being stated to be of greater severity than that to which the others are liable.

And for the following letter (Record — D)

Read letter, dated the 2d. ultimo, from the pishya on circuit in the western division — reporting his proceedings in case No 51 of the file of Canara, — Prisoner, Jettia. Charge, Murder.

(Record No 392)

The Cujee adl coojpat and moaptis having declared the prisoner, Jettia to be convicted of Shitbuddee — and, and liable to pay a deeyut of 5000 dirms,

this Court required them to lay a second petition before them, when due consideration of all the circumstances of the case, there was reason to doubt the prisoner's intention to kill the deceased Sankoo.

Read again the letter of the 13th. penultimo, from the pishkar on circuit in the Rajahmundry division, referring his proceedings in case No. 7 of the jail of Vizagapatam wherein sentence was passed by this Court under date the 2d. inst.

(Recorded No. 270)

The pishkar on circuit adverting to the mention made in the abstract of a Jemadar's 12 in attacking the gang, to which the prisoner in this case was stated to have belonged, observes his opinion that the party in defraying of reward, but does not authority to order payment thereof "on the tenders." Desires to be informed "whether he is to pay the reward to have been sent in "men not apprehended nor dismembered killed."

The Court, having considered the pishkar's letter of the circuit, reported by the last year's circuit, considering that from the section XII regulation VI

to be applicable to the case, direct that their opinion be communicated for his information.

And as the third pishkar's notice of this subject does not appear to have any reference to the provision contained in the latter part of section XII, regulation VI of 1811, the Court are led to conclude that he considers that the service rendered by the Jemadar of 12 would be sufficiently remunerated by a grant within the amount, which the courts of circuit are thereby declared to be incompetent to exceed.

Ordered that extract of these proceedings be sent to the pishkar on circuit.

Read letter, dated the 5th

instant, from the second judge in the northern division - recommending, on the close of the second sessions of the year in the Zillah of Masulipatam, that part of his circuit report for the first sessions of 1811, wherein he had noticed the deficient and insecure state of the building appropriated to the purpose of a jail at Masulipatam, and adding that the objections, to which he then reported it to be liable, have since derived additional force from the increased number of the prisoners and the heat of the weather.

(Reference No. 401)

The Court had the honour, under date the 14th of February last, to submit to the consideration of the Honourable the Governor in Council copy of the report referred to by the second judge, omitting, however, it would appear, to solicit the attention of the Government to that part of it which forms the subject of the enclosed extract.

In proceeding to lay before the Governor in Council copy of the above reference & its enclosure, the Court beg leave to request that His Excellency may be pleased to direct that such measures be taken to remedy the inconveniences therein described, either by extending and improving the accommodation of the present jail, if practicable, or, as suggested by the second judge, the

by setting apart rooms at the build-
ing lately fitted for the purpose,

His Excellency in Council shall judge

the provisions of regulation XIII of
1809, against two persons, named

who stand charged before him with

in July last.

The magistrate has omitted
to report the circumstances attend-
-ing the perpetration of the offence
of which the parties are accused -
But, as made from the terms in
which mention is made of it,
as from the doubt, which the ma-
-gistrate goes on to express as to
whether the regulation in question
may be applicable to the case, the
Court are led to conclude that the
murder was actually committed
with gang-robbery. And as the
preceding paragraph of the said regula-
-tion provided for the apprehension and
punishment exclusively of persons
concerned in the commission of
gang-robbery, the Court, as at present
advised of the circumstances of the
case, do not feel authorized to
empower the magistrate to proceed
against the parties accused

opinion that it is necessary to
offer rewards for the apprehension

At a Court of the Foujdaree Adalut

Friday
25th June 1813.

Present

Andrew Scott, Esq
Edmund Croft Greenway, Esq } Judges.

Read letter, dated the 15th instant, from the Secretary to the Government in the Judicial department, enclosing copy of a letter, dated the 6th preceding from the Magistrate of the Zillah of North Malabar, and stating, with reference to the Court's instructions to that officer, that the measures adopted by him for the apprehension of the Coolin bandittie have been highly approved by His Excellency the Governor in Council.

(Hereunto No 422.)

The terms, in which the approval of His Excellency's sentiments is conveyed by the above letter, leading the Court to conclude that the relation, which their orders of the 12th ultimo bore to the measures, then stated to have been adopted, and since successfully pursued, by the Zillah Magistrate, for the apprehension of part of the Coolin gang, has been imperfectly explained to the Government in Council, the Court are induced to submit for His Excellency's information, that the question before them upon the Magistrate's reference of 26th April was not as to the whether it were advisable to secure the

persons of those, or any other, offend=
=ers, being within the limits of the
jilla of North Malabar, for of
that, provided the magistrate had received
information appearing to him to
warrant their apprehension, no
doubt whatever could exist, but
whether the circumstances of the case
required or justified the use, by
that officer, of the extraordinary
process provided by regulation XIII
of 1809 for the special purposes and
on the particular occasions therein
defined.

The Court were of opinion
that the magistrate of the jilla of
North Malabar could not in this
case act upon the provisions of the
regulation referred to. And the
grounds, upon which this opinion
had been formed, were recorded
at large in their proceedings of the
8th ultimo, and communicated for
the magistrate's information. The
statement of their instructions
which he has given in his letter
of the 6th instant to the Chief Secretary
to the Government, being only par=
=tial, and not free from inaccu=
=racy, the Court resolve to call for
a transcript of the whole proceed=
=ings before the Honorable
Vice-President in the Governor in
Council.

And in submitting it for
His Excellency's information, they

25th June 1813.

beg leave to observe, in further elu=
=cidation of the subject, that regu=
=lation XIII of 1809, upon the ground
of the great prevalence of gang robbery
in some districts, has for it's object
to arm the magistrates with unu=
=sual powers for the apprehension of
persons concerned in that offence, but
more particularly of the leaders of
gangs. For this purpose it provides
that when a magistrate has infor=
=mation that persons, residing in, or
resorting to, places within his ju=
=risdiction, have been guilty of
gang robbery, and he shall be of
opinion that the ordinary process
prevailed for the apprehension
of public offenders would be ineff=
=ectual, he may, under the sanction of
this Court, issue proclamations, re=
=quiring them to appear before him,
to answer to the matter alleged
against them, within the period of
two months; and declaring that in
default of their appearance, they will
be deemed guilty of the crime of
which they stand accused, and will
in consequence be liable to be im=
=prisoned and transported for life.

The persons mentioned in
the magistrate's letter were described
as bearing "natives of South Malabar,"
and the crimes, of which they stood
accused, were "numerous depra=

=dations in the Cochin Country"
while passing through the Tellicherry
South Malabar, discovered as
pilgrims on their way to Gokur=
=nam, fine of them by the police
lent two out of that number having
afterwards escaped from the
guard, had been traced beyond
it's boundaries, and "in Cherakal
in Coorg." — The two latter were
the persons, by name Poikil Raman
Nair and Cakanda Koorioph —
against whom the magistrate
sought permission to proceed under
sections II and III regulation XIII
of 1809.

It appeared, therefore, that
the parties were not residents
and it was not alledged that
they were resorters to, any place
or places, within the limits of
the Jelea of North Malabar; that
the crimes charged against them
had not been committed within
those limits; that after escaping
from the officers, who had seized
them, (and so far at least the
ordinary precept, which had been
issued,) it was ascertained that
they had fled beyond the bound=
=aries of the Jelea of North Malabar;
and that they had frequently
been seen in the territory of a
neighbouring Raja.

The locality of crime

determines the jurisdiction in
all cases. In this case therefore
the magistrate of the Jelea of North
Malabar could have no juris=
=diction. But it was his duty
to interfere and to act, because
the accused were actually within
his Jelea; — his powers being,
however, confined to the securing
of their persons, if found within
it's boundaries, and when se=
=cured, it being his duty forthwith
to make them over to the authority
within whose jurisdiction their
offences had been perpetrated, and
who alone was empowered to
proceed further against them. To
the magistrate of the Jelea of North
Malabar it was not competent to
enquire into the matter alledged
against the parties, nor were they
bound to appear before him
to it. They could not therefore
subject themselves by a default
to the punishment, which that
magistrate would have denounced
against them.

The Court accordingly approve
the magistrate that it did not
belong to his duty to require the
parties to appear before him, and
generally to pursue the measures
prescribed in regulation XIII of

1807 for their apprehension & punishment in case of contumacy.

Vice Admiralty Jurisdiction Act.

Sir Alexander Croke, Kt. — Surrogate.
Edmund Craft Esquire, Surrogate.

Read letter, dated the 31st. December, from the second Judge in the Northern division, referring the proceedings in cause No. 6 of the file of Prize Causes, Mackerel Schooner, and 18 others.

(Prize cause No. 397.)

The Court having duly considered the proceedings of the court of Admiralty aforesaid delivered by the Surrogate of the Province aforesaid, the petition of the Captors and Claimants and Proctors of the Vice Admiralty aforesaid, direct that the petition of the Captors and Proctors aforesaid do lie on the table.

The whole of the prisoners in this case are charged with having been in the service of the rebels called Marick, and, two excepted the 18. by their having assisted him in the plunder of Fairweather's Market Beach — the two excepted standing accused of having assisted him in the plunder of Chignecto Isthmus. It is set forth in the Information that on the former occasion two persons were murdered, four wounded, and thirteen scalded with boiling oil; and that on the latter occasion three persons were murdered and six wounded. All

of them plead not guilty. They are then, notwithstanding their pleas respectively recorded on the part of the prosecution formally sworn and examined by the court, and on the close of their examination of the prisoners on the part of the prosecution, evidence is received to certain depositions which had been previously given by the prisoners, and to which the evidence on the record is confined.

Reflections of the Court on the conspiracy and murders charged them to be committed and on the evidence of having participated the gang, and name of having also received a share of the plundered property: and therefore to direct the punishment.

But as the record of the proceedings in which only left room for the information concerning the alleged to have been committed in pursuance of the robberies, and it is reasonable to presume that abundant evidence to that fact if made, might have been kept from the inhabitants of the plundered villages, that the Court pend passing judgment on the prisoners, and direct that the record be returned to the second judge, in order that measures may be taken for procuring

circumstances attending the commission of the outrages, which the prisoners are accused of having aided and abetted.

Ordered that extracts of these proceedings be sent by precept to the second judge in the northern division.

Read letter, dated the 28th
ultimo, from the Register to the Court
of Circuit for the Centre division - with
extract from their proceedings of the 9th ult.
(Prisoners No. 448)

The Court of Circuit submit
two points, which are stated to
have been brought under their
consideration by the Magistrate
of the Jilla of Cuddapa - which letter
does not, however, accompany their
reference.

The first relates to the sentence
passed by their Court under date the
7th April last, whereby the Court
directed "the release of the prisoners
"Kudregandoo, Nunoonoodoo,
"Peda Nanoorgandoo, Chinna Nanoor-
"gandoo and Vendramdoo, on their
"finding sufficient security for their good
"behaviour and appearance when
"required for twelve months from
"the 1st day of May, 1813. And the
doubt entertained is, "whether on
"the expiration of the time it be
"meant that the prisoners shall be
"released although they do not find
"the security."

From the terms of the sentence
it is, however, sufficiently clear
that the security, which is thereby
required from the prisoners Kudre-
gandoo & the others, would, if found,
expire on the 30th of April, 1814. But
the parties are detained in the

5th June

12th July 1813

magistrate's custody, because they have not found it the security so enjoining. And if, & till he shall find such security, then, & till he continue in confinement as to the 1st of May 1814, the cause for which up to that date they have been detained, will have ceased, and the prisoner must of consequence be released.

As to the other point of reference concerns a case, in which a person may have been adjudged to pay a fine to the use of Government, with a definite period of imprisonment to be held as equivalent to the fine, if not paid, whether after the lapse of [illegible] part of the imprisonment, the magistrate would be at liberty to accept, if offered, a fine bearing the same proportion to the remainder, as the whole fine did to the full term of the imprisonment.

And the Court entirely concur in opinion with the Court of Circuit that on whatever stage of the imprisonment payment be tendered by the offender, nothing short of the whole fine can be received.

The Court of Circuit will be careful to send up all papers connected with the subject of their reference.

By Order of the Court of Circuit proceedings be sent to the Circuit Court of [illegible] for the information of the magistrate of the [illegible] Cutchery.

The Jail magistrate reports the recapprehension of a convict, named Mootoo Malaua nayer, alias Malauanagah Mootoo, who had effected his escape from the roads, upon which he was employed pursuant to sentence of the Court of circuit dated 5. September 1808, and who, whilst at large, is stated to have been concerned in a daring gang robbery committed about a year since in the house of a dancing girl at Landgoody.

And the magistrate submits his opinion that the provisions of section XXII, regulation VIII of 1802 "should be enforced against him, "and that the period of his transportation should be extended to such "further time beyond the period of "his sentence as the Foujdarry Adawlut "may judge proper to direct."

But the section, under which the magistrate proposes to proceed against the convict Mootoo Malauanagan, is rescinded by clause first, section IX, regulation XV of 1808: - and the clause referred to contains the existing provisions

(Peon extra No. 473)

The Court having duly considered the proceedings held before the Court of Circuit, the futwa of the principal law officer, and the futwa of the Cazee ool coozzat and moofties of the Foujdaree Adaulut, confirm the sentence passed on the prisoner by the third pidge.

(Peon extra No. 655.)

The third pidge explains the question before the court of circuit to have turned upon the measure of punishment due to the offence of receiving stolen goods knowing them to be stolen.

And forwards the claim of the return be referred to his letter of the 13th of March, 1811, respecting the

similar case No. 6 of the jilla of Ganjam for 1810, wherein he requested to be informed, whether the rule in clause first, section V, regulation XV. of 1803, which declares no part of the preceding section to be applicable to cases of tuncza-i-soghra, were, as interpreted by him confined only to those parts thereof, which "enable the court to inflict a heavier "punishment, than would otherwise "be done by the mahomedan law;" adding that he had received no answer to this question.

The Court direct that the third pidge be informed, that as far as it is in their practice to notice general questions, the point intimated by his letter of the 13th March, 1811 was answered by the order passed on the particular case referred therewith.

But it appearing from his present return that the third pidge is doubtful as to whether his duty requires that he should demand the second futwa in all cases, wherein that proceeding may be prescribed by section II regulation XV of 1803, and whether upon such second futwa declaring a prisoner liable to hud, he is compelled to pronounce the full extent of the commuted sentence, or has discretionary authority to mitigate the same, as recommending, he conceives, to enable him to avoid inflicting a punishment disproportioned to the offence, in cases

of the description of crime described in clause first, section V. regulation XV.

But with respect to the point upon which the third judge appears to be doubtful, he would decline not to have sufficiently considered either how he would adopt, in case the prisoner in addition for the offence declared by him to be liable to a punishment of which the full term of this criminal punishment might from circumstances of aggravation in the particular case in question appear to him to be [illegible]

Read a letter, dated the 24. instant, from the Magistrate of the Villa of Nelcoon — stating Corporal Campbell of the 7. Regt. N.C. to have been attacked at Angola on the night of the 8th. instant by a gang of robbers, from one of whom he received "a violent blow in the face", and requesting authority to offer either a reward or a pardon, as an inducement to one of the parties concerned to turn informer.

(Answered No. 496)

The Magistrate has omitted to report the circumstances of the outrage, as required by section XXI, regulation VIII of 1802, or to furnish information, that might guide the Court in determining upon the proposed alternative of pardon or reward — the amount of which latter also he has not attempted to define.

But, notwithstanding the vague and unsatisfactory character of this communication, the peculiar nature of the case leads the Court to resolve without further reference to Calcutta

the magistrate's application to Bn Excellency the Governor in Council with their recommendation, under the provisions of section XX, regulation VIII of 1802, that the Jilla magistrate may receive authority to tender an offer of pardon to one (or more — if it should be found necessary to the conviction of the principal offender) of the two persons accused on condition of their making a full disclosure of every circumstance within their knowledge relative to the commission of the crime, and the several persons concerned therein.

There are no circumstances to the commission of the crime with which the prisoner is charged nor does it appear how the prisoner was brought before the Daroghas or whether any person saw the body of the deceased -

The Magistrate seems to have confined his enquiries to the examination of the witnesses in regard to the prisoners confession before the Daroghas, which confession

should be received with great cau-
-tiousness; and cannot be deemed
sufficient to establish the supposed
guilt unless supported by some
collateral evidence as to the fact of the
crime for which
he accused himself
having been
actually com-
mitted

It is therefore highly
desirable to ascertain what were
the circumstances which led to the
apprehension of the said prisoner
and whether any person saw the
body of the deceased and the Police
Daroga of Panglaut before whom
the prisoner appears to have made
the confession, should therefore be
called upon for information on
these points and for such further
evidence as may be procured

commanding him to transmit such
further evidence without delay

(Vide entry No. 601.)

of the seventy-two prisoners who have been confined in the jail of Dhacca Jelalpore under the operation of Regulation VIII of 1811, twenty-two have died; that two are at present in the hospital, and that twenty-one only remain in confinement, the rest having been released on the expiration of their sentences. The Judge further states that ten other prisoners died after commitment, but before being brought to trial.

The mortality, which has attended these unfortunate persons, is ascribed partly to the change of climate which they have experienced, a strange climate is stated to produce an unfavourable effect on the bodily health of the natives of Arakan, to which province the prisoners in question belong, and partly to the despair generated in their minds by what they consider to be a banishment from their native country.

Under the operation of this feeling many of them are represented to have refused medical aid, and to have preferred death to the lingering miseries of exile.

Under these circumstances it is obvious that the penalties prescribed

Andrew Scott Esq.r ——— } Judges.
Edward Croft Greenway Esq.r — }

At Read letter, dated the 15.th
E.C.S April last, from the 1.st Judge of the Provincial
Court for the Southern Division, - reporting
his observations on Circuit for the 2.nd
Sessions of 1812. —

(Here enter N.o 307.)

The observations contained in
Paragraphs 35 to 46 inclusive of the fore-
going report being of a nature to merit
the particular attention of Government, the
Court consider it their duty to make them
the subject of a separate communication.

From Mr. Reade's representation
it appears that the natives of the province
of Malabar, who are apprehended and impri-
soned in Coimbatore for infringing the
provisions of the Regulations establishing
a monopoly on the part of Government
of the Tobacco cultivated in that [redacted]
district, are subject in their confinement
almost in every instance to the most
wretched deprivation of health, and in

manufactures to a loss of life under the influence of an unconquerable shame.

This statement has received a most decisive confirmation in a letter from Mr Peile, the 3rd Judge of the same Court, dated from Coimbatore the 6th September last, who recommended the immediate removal to the jails of Madras of such of the natives of that province as still remained in confinement at Coimbatore.

The operation of the Tobacco monopoly, as described in the communications above mentioned, must be lamented; for although it cannot be denied that the Regulations of Government must be upheld, and any infringement of them visited by punishment, it can never be considered to be the design of Government that the sentence of imprisonment which has been denounced as the punishment of a breach of the Tobacco monopoly shall be converted into a sentence of death.

With regard to the [illegible] represented to have produced on the natives of Malabar by what they

consider to be a sentence of banishment, those persons have exposed themselves to it by quitting their own province for a purpose which has been declared to be unlawful; and the Court have not thought it proper to release them entirely from the consequences of their illegal enterprize, although they have been desirous equally with the 3rd Judge of preserving them from the ill effects of the climate of Coimbatore. The Court have accordingly directed the removal of these persons to the jail of the Zillah of Canara, which partaking of the climate of Malabar may not be injurious to the natives of that province. If however the expectations of the Court should be disappointed, a due regard for humanity will doubtless require the transfer of these unfortunate exiles to the jails in the province of Malabar.

But the Court are most anxious to draw the attention of this Excellency the Honorable the Governor in Council to the operation of the Tobacco monopoly as it affects the morals of the inhabitants of the Zillah of Coimbatore. In that district by the exertions of the

Collector, when he united in his own person the Revenue and Judicial powers, a system of municipal police was established, by which all the resident inhabitants were combined to prevent the commission of crimes, and to detect offenders. The effect of this system was forcibly experienced in the diminution of offences; the inhabitants cordially supported the laws and by the assistance which they afforded to the Magistrate; and they felt in return the protection in person and property of a mild administration. Tranquility confidence and industry succeeded to Zilla. But the representation of Mr. Read shews that with respect to the Tobacco monopoly the inhabitants feel their interests to be essentially different from those of the Government, and in the means to which they have resorted for evading the Regulations provisions of the Law which regard that monopoly is exhibited an organized system of fraud. This evil

The union of the population of the province to counteract any wise measure of government is an evil which, no doubt, it must be desirable to avoid, if it can be avoided. The measures of counteraction, there often

opposition is vain, must be founded in deceit, be supported by every species of dishonesty, and must lead to the multiplication of crimes. Whether the revenue derived from the Tobacco monopoly in Coimbatore be of an amount sufficient to counterbalance evils of this magnitude; or whether it be possible to avoid these evils without materially injuring the public revenue, are questions on which it is not within the province of the Court to decide. The object of the Court in bringing the matter to the notice of Government is that it may receive the consideration of the department in which any modification of the Revenue Regulations should originate.

The Court direct that extract of these proceedings with extract from Mr. Reads letter dated the 15th April last, and copy of the letter from Mr. Vicle dated the 6th Ultimo with extract of the Courts proceedings thereon, dated the 28th Ultimo, be sent to the Secretary to Government in the Judicial Department for the purpose

It would appear from the
foregoing that the prisoner in question

Read letter, dated the 11th Ultimo, from the Judge on Circuit in the Northern Division, enclosing copy of the Rajahmundry Calendar for the second Sessions of 1813.—
(Here enter N.640)—

Read letter, dated the 5th Instant, from the Judge on Circuit in the Central Division, submitting copy of the Cuddapah Calendar for the second Sessions of 1813.—
(Here enter N.653.)

The Court have observed several inaccuracies in the Calendar enclosed in the foregoing letter. The prisoners in ~~the case~~ N.os 34. and 46. both cases of murder in which the Coroner's Jury officer has pronounced a Future verdicts of conviction, would appear to have received the sentence of the Court of Circuit on the 2nd October 1813 without reference to the Foujdaree Adawlut, whereas the proceedings in those two cases have been referred for the final sentence of this Court.—

In the case of Venkadoo, N.53. tried "for escaping while a felon from the Cumbum Jail," it would appear that the prisoner was acquitted, although he was committed for trial on the grounds of his own confession, and although from the nature of the offence

suppressing the identity of the prisoner to be sustained, it is manifestly proper that a conviction should first take place. — The Court could consider it right to take for the proceedings in this case when they are led to believe from the other inaccuracies exhibited in the Calendar, that the return of the Petty Jury is erroneously stated to be that of Nagpore. —

The Court however, are pleased to direct that the Calendar above mentioned be returned to the Judge of Circuit with Receipt requiring him to correct the errors noticed above, and such other inaccuracies as the Calendar on revision may be found to contain. And the Judge will transmit the Calendar so amended to this Court with the least possible delay. —

Sent following Receipt.

(Here enter C.)

The Court consider it proper on this occasion to observe that the Calendar furnished by the Judges of Circuit

in the Centre Division are deficient inasmuch as they omit to specify the sentences passed by the Court of Circuit in cases which are not referible to the Foujdaree Adawlut. The Column of "Remarks of the Court of Circuit" should specify the date on which the trial commenced and ended, the Futwa of the Provincial Law Officer, [redacted] the sentence passed by the Circuit Court, and the date on which it was passed. —

Ordered that extracts of the proceedings be sent for the information and guidance of the Provincial Court in the Centre Division. —

5. November 1813. under the sentence of Decision awarded against the prisoner do adjudge that the prisoner Auvooloogaudoo to suffer death by being hanged at the usual time and place of execution

Sent following letter

(Here enter B.)

The Court observe that in the foregoing Trial N. 59 of the Cuddapah Calendar 2d Sessions of 1813 the Prisoner was arraigned on the charge of having been concerned in the murder of a person named "Vencatagaudoo" whilst the confession of the prisoner, (upon which he is convicted) and the depositions of the witnesses together with the several papers sent up thereto by the Magistrate as well as the letter of the Judge on Circuit, state the name of the person murdered to have been "Vencatavaramoodoo" Moreover the witnesses were questioned as to what they knew of the prisoner being associated with one Narrow and present when the killed "Vencatagaudoo" Now all the no doubt is left on the minds of the Court as to the name of the person (for the murder of whom the Prisoner has been brought to trial and convicted) being Vencatavaramoodoo,

1st November 1818.

from the previous record uniformly stating that name, in the English translation, yet the want of accuracy (as above stated) is not so material a point, cannot be allowed to pass unnoticed by the Court.

The Court also observe, that in the proceedings of the trial above mentioned, as also in trial N° 57 of the same Calendar, the Examination inserted on the Magistrate's Proceedings as the deposition of the Prosecutor, is copied into the Proceedings of the Court of Circuit under the title of "Sircar Charge," subsequent to the arraignment of the prisoner.

The document in question can form no part of the Proceedings of the Court of Circuit, nor can it be admitted in evidence against the prisoner and the Court direct that the insertion of such papers may be in future omitted, as being at once unnecessary and irregular.

Ordered that Extract of these proceedings be sent for the information and guidance of the 2d Judge on Circuit in the Centre Division.

and Doraiaka Pedana, as declared by the Native Officer, were actually engaged in plundering the villages of Poiam Vellar Talooks, and the notoriety of the habits of plunder pursued by the Sindais renders it necessary in the opinion of the Court that they should not be again let loose on the Public, without sufficient security against their returning to those habits.

The Prisoner on the foregoing trial was arraigned before the Judge on Circuit & the prosecution of the charge of contumacy for (on the charge of contumacy for) having failed to appear within the time allotted on a proclamation wherein his name was said to be inserted and which was issued on the 8th April 1811, commanding that all persons concerned with the Gang of Notorious Shunnarees Gorgawalis who infested Shunnaroo Gorgawalis should appear at Dogoorathee within two months

The Prisoner being asked how he pleaded said not Guilty and on his defence denied that he was aware of the Proclamation having been issued, nor has his knowledge thereof, subsequently been established by the depositions of any of the witnesses

The Court are of opinion that the Prisoner is not liable to the penalties for not obeying the Proclamation and do acquit him accordingly of the contumacy, whereof he is charged.

And the Court do direct that the Judge on Circuit do with the Precept to convict

but under the circumstance of the murders which the prisoners have confessed not being proved by any other testimony of the actual death of the parties supposed to have been deprived of life, although there can be no doubt of the intention to destroy them, the Court do not consider themselves competent to pass sentence of death on the prisoners but do refer the case for the orders of Government
