In reply to your letter dated 23d. November last on the Subject of Chalum as diet for Prisoners: I am desired to intimate that the advantages of its adoption as a general rule, were recently under consideration by the Judges of the Trayidaree Udalut; but that in communication with Government it was not thought necessary to modify the present System of dieting Convicts with a view to the use of Chalum in lieu of rice - No radical change can, under these circumstances, now be sanctioned: but I am directed to state that the Judges see no reason why a Prisoner whose ordinary diet has been Chalum should not whilst in Official custody be supplied with that grain as his principal article of food.

Sir,

I am desired by the Court of Foujdaree Adalut to annex for submission to Government, transcript of the correspondence noted marginally on the subject of a Prisoner named Hemmeegaundoo now in confinement in the Jail at Bellary and who, under the circumstances of his relatives being unwilling to receive charge of him and of his continuing in the same state of idiotcy as that observed on his being originally incarcerated more than a year ago, would seem to be a fit subject for confinement in the Lunatic Asylum at the Presidency. As the Officer in Medical charge of the Jail at Bellary is however of a different opinion, the Judge would suggest that the Medical Board be requested to procure from Doctor Godfery such further information as they may consider necessary and favor the Court with the expression of their sentiments on the matter of the future disposal of Hemmeegaundoo.

15th January 1845

2. I am desired to intimate that on mature deleberation, the Judges are of opinion the Circumstances detailed in the Joint Magistrates Communication to your address, are sufficient to justify the offer of a Conditional pardon to the above mentioned Moothavacharry and accordingly that under the authority vested in them by Section XII Regulation XIII of 1832, the Judges have resolved to sanction the offer thereof to the said individual on the terms and Conditions specified in Section XX Regulation VIII of 1802 and with the further Condition, as suggested by the Joint Magistrate that Moothavacharry

is not eventually shown to have taken a more active part in the murder than the Joint Magistrate now sees reason to suppose.

3. Adverting to para 4 of the Joint Magistrates address above quoted, the Judges further desire me to express the opinion that the trial of Palanee is not barred by the Circumstances of his having given testimony on oath regarding the Commission of the murder under remark as in so deposing he was not Compelled to answer any question calculated to Criminate himself also that a mere averment is no sufficient plea in bar to justice.

Sir,

W 1. I am directed by the Court of Foujdaree Adalut to acknowledge the receipt of your communication of the 1st Instant stating with reference to your letter of the 28th December that you had discovered that all the letter therein mentioned were detained by your English writer, and forwarding copy of a deposition taken from Mr D'Monte and in reply to state that the Court are not aware of any provision

of the Law which renders Mr. D'Monte liable to a Criminal prosecution.-

2 He seems originally to have neglected his duty and subsequently to have been afraid to make known or correct his error. But no malice or corrupt Motive is apparent in this Act.-

3 The only punishment which in the opinion of the Foujdaree Adalut can be inflicted is dismissal from office.-

Adalut, to return for certain the Statement No. 2 for the first half of 1814 prepared by the Magistrate of North Arcot and submitted with your letter of the 21st August last.-

2. The statement shews that 235 persons were released by the District Police; that 163 were sent to the Subordinate Court and that 5 were not disposed of at the close of the half year; - making a total of 1103 persons. The statement thus exhibit an excess of 10 persons beyond the total number brought before the District Police Viz. 393 persons. This difference arises under the head of "Grand robbery without aggravating circumstances".-

3 You are therefore requested to explain the cause of the discrepancy above pointed out, and return the Statement duly corrected without delay.-

1 I am directed by the Court of Foujdaree Udalut to transmit to be laid before the most noble the Governor in Council, the accompanying copy of a correspondence noted in the margin, regarding the present insecure state of the Jail at Trichinopoly.

Letter from Acting Sub. Judge of Trichinopoly dated 4th October 1844 & its enclosures.
Letter from the Acting Sub. Judge of Trichinopoly dated the 31st Ulto January 1845 and 7 Enclosures.

2. It is reported that the building has sustained much serious damage from the late heavy rains and that extensive repairs at a cost of

Rupees

Rupees 611-- Six hundred and Eleven, will be necessary to render it safe.

3. The situation and internal arrangements of the building are also reported to be ill adapted for a Jail, and the Civil Engineer appears to doubt whether the roof of the building will last through another monsoon.

4 Under these circumstances the Court of Foujdaree Udalut beg strongly to recommend that the sanction of Government be granted for the construction of a new Jail at Trichinopoly in a more suitable locality and capable of affording accommodation to a larger number of Prisoners than can be admitted into the present building.

5. The Court would in conclusion urge in support of this recommendation, the great probability, as reported by the magistrate of Trichinopoly that the present building, if not appropriated according to his suggestion as in part a Civil Hospital and in part a Court for the Canaud (Maandiff), would realize a good price by public sale.

The Secretary to Government in the

Sir,

1. I am directed to report for the information of the Government, that, on a consideration of Section XXXVII Regulation XII of 1802, it appears to the Court of Fouzdaree Udalut not to apply to the Judges of the Sessions Courts established under the new Judicial System, and to state the opinion of the Court, that consequently, the Reports received under the operation of the Section, should not now be required from the Officers by whom the new Zillah Courts are superintended

2. The Judges, however, are not disposed to

to dispense with the reports they have hitherto received; for, although proceeding from Judges at present stationary, they may nevertheless contain information of importance and proper for submission to the Fouzdaree Adalut; but, with reference to the difficulty experienced in restricting the observations of the Sessions Judges to matter which should appear in a Report framed in accordance with the provisions of Section XXXVII Regulation VII of 1802, and those regarding the operations of the Magistracy and Police to Reports submitted under the instructions from Government contained in the Fouzdaree Adalut Circular Order 15th November 1839 B. noted marginally the Judges think it advisable to direct that the "Sessions Report" now received at the close of each year, be blended with the Report submitted under the Circular Order above quoted, for the last six months of the year.

3. Under this arrangement the Criminal Report for the first six months of the year, will be forwarded to the Fouzdaree Adalut and subsequently to Government as usual; whilst the Report for the following Half year will contain such observations

observations and remarks of general interest, as, under existing practice, would have formed matter for two distinct reports.

4. The Judges believe that the modification of practice now proposed will be found to assimilate with the system obtaining in Bengal and the North Western Provinces and being of opinion that it will be conducive to official convenience and essentially and the despatch of business they respectfully solicit authority to issue orders to carry the arrangement into effect.

Sir,

1. I am directed by the Court of Sudr Udalut to acknowledge the receipt of your letter of the 26th Ultimo soliciting their instructions as to the course you are to pursue to enforce obedience to an order issued to compel a Goa Roman Chatholic Priest to deliver up certain property and a Key belonging to a Roman Chatholic Church to a French Roman Chatholic Priest.

2. It appears that the latter has officiated in the Church since 1840, and that in his absence both it and the property belonging to it were transferred to a Goa Priest by the village Proprietors and others without

without the use of any force. The French Priest on
this return lodged a complaint before the Magistrate
who instituted an enquiry into the case and directed
the removal of the Goa Priest and the restoration of
the Church and the things appertaining to it to the
French Priest. The Goa Priest was further required
to deliver up the Key of the Church but this last
requisition was resolutely refused.

3 You now propose to enforce your order
but before doing so, are desirous to know whether it
is a legal one.

4. The Court do not consider that your
order can be upheld. The dispute between the
parties being entirely of a Civil nature you were
not competent to issue any process therein neither
is the transfer of the property made by your order
legal your right Course was to have prevented any
forcible ejectment and to have maintained the party
in actual possession in the enjoyment of the property
leaving the opposite party to establish a better right
to it before a Court of Law you were right in stated
tying yourself that there was no forcible ejectment
since the restoration to possession of a party greatly

of the public peace the conservation of which belongs to
the Magistrate's peculiar province; but he has nothing
to do in any case with the Question of right, that is a
question for determination only by the Civil Courts you
will now accordingly restore things to the condition they

2 I am desired by the Judges of the Fougdaree Adalut to transmit annexed, Copy of a Communication from Mr Mellor Magistrate of Bellary in which that Officer proposes for the purpose in question, the employment during six month of the year when the Toombadra is fordable, of 200 individuals, selected from the Hereditary Police of the District to be remunerated by fixed daily batta, involving an annual expenditure of Rupees 2,452 8

3 It will be observed that although apparently preferring the entertainment for the object in view, of a body of regular prons, yet that

that on the ground of economy, Mr. Meller has advocated the employment of the Cuttobadies and

4 The establishment with their aid of a system of patrols at and near the fords of the river which Mr. Meller has in contemplation, appears to the Foujdaree Adalut to be judicious and calculated to check the frequent inroads of Marauders from the Nizams country accordingly, as an experiment, the Court beg to support Mr. Mellers proposition with their earnest recommendation and further as the water in

Para. 5. the Toombadra is now decreasing, they would also recommend that the Magistrate be at once authorized to make such arrangements of the nature suggested as will enable him to bring the system immediately into operation.

5 The Court are not satisfied that the service in the territories of the Nizam by the Magistrates, of warrants under his seal and signature will effectually be carried out and it is probable that any such extension of the powers derived from these instruments, would be attended with abuse. The Judges are therefore not prepared to support that part of the measures which Mr. Meller has submitted for

for consideration.

6. The 3d Judge dissents from the foregoing on the grounds that the employment of a badly paid police away from their homes cannot work well as respects the community at large.

Sir,

21st Sept. 1834 1 On a former occasion consequent on a collusion between two authorities in the Mofussil, instructions were issued from the Foujdaree Udalut requiring that Heads of Police in forwarding cases to the Criminal Courts, should transmit therewith the usual Arzee or Arrezhy, and this order, it is observed, although originally addressed only to the late Provincial Court of Circuit in the Northern 11th May 1843 Division was more generally circulated at a latter period.

2. It is found, however, on reference to the records the Foujdaree Udalut, that the caution against unnecessary recitals of evidence given in the 1st Para. of the order, is very generally disregarded, and that the records of cases committed for trial by the Criminal Courts frequently contain Arzees of inconvenient and useless length being moreover nothing more or less than a transcript in the third person of the depositions taken before the Police and of the examinations of accused parties, to which occasionally is added an account of the Police Officers own proceedings during the investigation and a summary of his opinion on

on the charge preferred and the guilt or innocence of the Prisoners.

3 Even when faithful in respect of facts an address of the above nature can be of little or no use to a judicial functionary, whose knowledge of a case before the commencement of a regular inquiry, should, obviously be derived from a consideration of the recorded depositions themselves. The preparation of the report is nevertheless a tax on the time of the Police Officers from which as interfering with their more important duties, the Courts of Foujdaree Udalut are of opinion they should be relieved.

4 Entertaining this view of the subject which has received the deliberate consideration of the present Court, who observe that the submission of an Arzee is not required under existing Regulations, I am directed to request you will communicate these sentiments to the Criminal authorities and Magistrates within your jurisdiction and require the latter Officer strictly to prohibit the preparation by Heads of Police of Arzees of the nature referred to intimating to them at the same time that these addresses should be restricted to the circumstances which led to the discovery of any crime that may have been committed; to the measures adopted for the discovery of the perpetrators and to the

2. The Court of Foujdaree Udalut to concur with the late Acting 3d Judge in opinion that the Acting Magistrate in deciding upon the question, who

who had the best right to the interim succession exceeded his powers and the Magistrate has nothing whatever to do in any case with the question of right; his duty is confined to maintaining in the enjoyment of his right the party at the time in peaceable possession and preventing any forcible ejectment. It is for the party considering himself aggrieved, to bring the question of right before the Civil Court by the institution of a regular suit for whatever he may consider himself entitled to.

3 The Civil Court to which the determination of this question belongs, cannot interfere until a regular suit has been instituted; it can then take measures for preventing the wasting or wrongful abenation of the property in question, as well as determined summarily the right to possession and settle all other preliminary points pending the investigation of the claim to the property.

In reply I am desired to state that the Judges thought it proper to refer a question to their Law Officer in the following terms.

"If a person in a public office charged with the duty of forwarding public letters

letters some containing Hoondees to the Tappal Office, shall fail to do so, and retain them in his own possession without any apparent intention of committing a fraud is he liable to punishment under the "Mahomedan Law" and that the Law Officer returned the subjoined answer.

"The aforesaid person, who was charged with the duty of forwarding letters to the Tappal Office, but who failed to do so, and detained them in his own possession, to the loss or inconvenience of the owners of the said letters, is liable to Tazeer in proportion to his guilt."

I am further desired to notice for the guidance of the Magistrate that this reference is irregular, in future all similar cases should be submitted to the Foujdaree Udalut thro' the proper channel of the Sessions Court.

2 The Judges further instruct me to intimate that the statement marked "inclosure 3" not being prepared in conformity with any existing order of the Foujdaree Udalut need not be laid before them. They fully appreciate the zeal which has induced the Joint Magistrate to attempt a compensation of particulars contained in the Annual Reports received from the Head of Police, but it is found to be superfluous with reference to the information exhibited in statements "Nos 1 and 2" and it is obvious that this Court would be greatly impeded in its duties

of revision and general superintendence if such public functionary were permitted to submit Returns compiled according to his own views of things.

3. The abstract of reports from the Heads of Police may however if deemed of sufficient importance be again laid before the Foujdaree Udalut but without the figured statement which are annexed to the Columns in which the abstract of that information has been entered.

4. You will observe that under the standing orders of the Foujdaree Udalut none of the annual reports in question will be forwarded by the Magistracy to superior authority unless they do contain matter of general interest and importance.

"of the Country to be removed out of it" and in
consideration of the danger attending his capture
and the difficulty with which it was eventually
effected and the wounds received by the Cons
in securing the Prisoner he recommended that
that the Magistrate should be authorized
to disburse a reward of 300 Rupees among his
Captors.

4. The Court of Tonjdaree Adalat
acceded to this recommendation and also approved
of a suggestion offered in para 8 of the same
letter to the effect that Rungeen should be
removed to Chinglepet under a strong Military
Guard and not under the usual escort of Peons
from whom the Acting 1st Judge entertained a little
doubt that so very powerful and determined a
man

man would effect his escape.

5. The time and manner of Rungeens
escape from Singapore are not ascertainable from
the records of this office but he has been most
fully and satisfactorily convicted of the offence
of returning from transportation and has been
sentenced by the Tonjdaree Adalat in case N:9
on the Combaconum Calendar for the present
year to receive 195 Lashes and to be retransported.

6. The circumstances attendant
on the Capture of this Prisoner are simply but
forcibly detailed by the Magistrate and the
Court of Tonjdaree Adalat consider that this
a case in which the Captors have risked much.
Regardless alike of the difficulties surrounding
the discovery of his retreat and the personal dan-
ger and ordeal connected with the apprehension
of so desperate and influential a man they
appear to have traced him out with patience
and to have effected his capture with a wis-
dom and boldness deserving of praise.-

7. The Court would accordingly beg
leave

leave to submit for the favorable consideration of
Government the application of the Magistrate and
to recommend that he be authorized to disburse
the sum of 200 Rupees according to his present
in rewarding those who performed the meritorious
service of securing the Prisoner Mapillay
Ramaswamy Rengeen.-

Sir,

I am directed by the Court of Foujdaree
Adalut to return you the accompanying statement
purporting to shew the percentage of the sickness
and deaths among the Prisoners in the Jail at
Honore for correction.-

2 The statement shews the total number
of prisoners in the Jail in the year 1844- It is
evident that this number is very much greater
than the truth and has been arrived at on
false Principles. The above number if divided
by 12 would shew the average number of persons
in

in the Jail in each month but not the true number
which passed thro' the Jail during the year in
question. The mode adopted by you to obtain
the desired result in accurately together the
total numbers shewn who be in Jail in each
Month, so that, supposing it were necessary to
find the Number of Prisoners who had passed
thro the Jail in the 1st quarter of 1844. you would
add together 122 - 111 - and 114. The total number of
Prisoners in the Jail in the 3 Months January
February and March and obtain the result 347.
while the Jail records might shew that only
125 Prisoners had been in the Jail during that
period 11 having been released in February and
3 admitted in March.-

3 The Court are unable to correct this
statement and they desire therefore that you
will from the Jail records ascertain the exact
number of Prisoners who have passed thro the
Jail in the years noticed in the statement
and shew also the average of sickness and the
average of deaths distinguishing between the
Prisoners whose place of residence is above the
ghauts and those whose usual abode is below the ghauts.

No 992. To The Sessions Judge of Salem.

Sir,

1. I am directed by the Court of Foujdaree Udalut to acknowledge the receipt of your letter of the 12th Ultimo forwarding at the Magistrate's request a letter from the Joint Magistrate soliciting permission under the instructions conveyed in Circular Order 27th May 1829 to release without further trial one C. A. Martin referred to in the Extract from the proceedings of the Court of Foujdaree Udalut of the 21st January last on the Ground that the claims of the complainants against him have been satisfied.

2. In reply I am desired to state that previous to the issue of the instructions recorded in their proceedings of the 21st January 1845 the case of C. A. Martin had been fully considered by the Foujdaree Udalut and the Court are unable to see any thing in the circumstances represented in the Joint

Joint Magistrate's letter which lead them to believe that they could either legally or with propriety accede to Mr. Bretts proposal.-

3 The Court regret further to be obliged to observe that they can find nothing in the conduct of the individual in whose behalf the application has been submitted which renders him deserving of consideration.-

Sir,

1 With reference to that part of para: 2 of the Extract from the Minutes of Consultation dated 7th Ultimo, N°440, in which the Court of Tovjdaree Udalut is required to submit the explanation called for from the Magistrate of Trichinopoly regarding the delay in the disposal of petty offences by the Police Ameen I am directed by the Judges to forward to be laid before the Most Noble the Governor in Council the accompanying copy of a return made by the Magistrate of Trichinopoly on the subject.-

2 The delays in the proceedings of the Police Ameen are ascribed "partly to the inadequacy of "the establishment of peons to serve summonses with "sufficient despatch and partly to the indifference of "the prosecutors who having preferred a complaint "frequently take no more notice of it and quit Trichinopoly "on their several avocations so that the cases in which "they are concerned are necessarily postponed".

4 This explanation does not appear to the Court to be satisfactory but the latter part of

Mr.

Mr. Onslow's return affords the hope that the irregularity now noticed will be corrected. The Court fully recognize and have always urged the importance of a vigilant and active supervision by the Magistrate as the only sure means of correcting all irregularities on the part of the subordinate police and it is earnestly hoped that the expectations of the Magistrate that future returns will show that a remedy has been found will be fully realized.-

19 June 1845. a letter from the Sessions Judge of Cuddapah submitting
an application from the Acting Joint Magistrate of Cuddapah
to be allowed to offer a reward for killing dogs at
Cumbum.

2. It appears to the Judge that the
Acting Joint Magistrate's letter satisfactorily establishes
the necessity of adopting some measures for the destruc-
tion of the dogs which are in such numbers infest
the streets of the town and endanger the safety
of

of the troops and inhabitants and as the Peons from caste prejudices are all unwilling to perform such duty the Court would beg leave to support Mr Hose's proposition and to recommend that he be allowed to offer a reward of 2 Annas for each dog which may be killed.-

3d The Court are not aware that they are the legitimate channel of communication in this instance as the charge cannot strictly speaking be considered a judicial one- but would rather appear to be connected with the Police and therefore properly falling under the cognizance of the Board of Revenue.-

4 But as the Court entertain some doubt of the correctness of this view, and in order to prevent delay, they have thought it right to submit the correspondence in the present instance to Government and to solicit their instructions regarding similar applications in future.-

The Secretary to Government in the Judicial Department.-

Sir,

1. I am directed by the Court of Poojdaree Adalut to transmit to you the accompanying copy of a Calendar received from the Sessions Judge of Madura and to enclose and to submit for the consideration of Government whether the circumstances brought to light in the report of the Head Assistant Magistrate it would not be advisable that the convicts employed under the officer superintending the works at Pamburn should be returned to their proper Jail and free labourers be employed in their stead. It appear desirable either that this step should be taken or that all the convicts suspected of being concerned in such practices as are shewn to have obtained in the Pamburn Jail should be removed after strict enquiry to be instituted upon the spot by the officer in charge.-

2. In this Calendar two Convicts confined in the Pamburn Jail are charged with having been found in possession of 2 gold Cossipoo Earrings valued at Rupees 24— forming a part of the Jewels &c valued at Rupees 169— burglariously stolen on the night of the 22d Carthigay year Broadhyon 5th December 1844 from the Possessions house situated at Pamburn Ramnad District, Zillah Madura, knowing the same to be stolen property and a 3d prisoner is charged with having been accessary to the above prisoners in the above act. The 3 prisoners have been convicted and sentenced by the Sessions Judge.-

3. The Assistant Magistrate conceives that the Jail has been for some time "a regular force for stolen property" and his report exhibits a laxity of discipline and management of the Jail reflecting on the officer under whose control it is placed and danger not to the community in its vicinity.-

4. It appears clear that robberies are committed in the vicinity of Pamburn either by the Convicts themselves or with their connivance by their friends and that the Jail has been made the common receptacle of the property plundered.-

No 1077. To The Magistrate of Tinchenopoly.

Sir,

In communicating to you the accompanying Extract from the Minutes of Consultation dated 7th Ultimo I am directed by the Court of Tongdaree Adalut to draw your attention to the great disproportion which obtains in the District under your charge between the number of persons computed to have been concerned in offences and the number brought to trial. It is obvious that unless offenders are brought to trial with much more certainty than it below indicated the administration of Criminal Law will never be effective to suppress crime.

2 In the first quarter of 1845 the number of Heinous crimes amounted to 69 computed to have been committed by 242 offenders out of this large number only 33 persons have been apprehended & supposed to have been concerned in 12 cases.

3 The number of heinous crimes in the 2nd quarter was diminished to 67 but the computed number of persons concerned had increased to 291 of whom again only 33 were apprehended & supposed to have been concerned in 13 cases.

I am

4 In the 3rd Quarter the number of heinous crimes increased to 68 and the computed number of persons concerned amounted to 289 of these only 25 were apprehended supposed to have been concerned in 14 cases.

5 The result of all this shews that during the 3 Quarters under consideration 145 heinous crimes have been committed and that no one of the 731 persons computed to have been concerned in them has been apprehended.

6 The Court are ready to make every allowance for the difficulties which bars and an efficient system of Police in this country much must depend not only on the skill and vigilance as well as promptitude with which the Police is directed but also on the energy of individuals in their respective stations of life. The arm of the Police must necessarily be limited both in its extent and effect to pecuniary support must come from society at large and of that and the Magistrate may rightly demand but little. The system of Cawls & existing in Trichinopoly may have contributed to cause the evil now under consideration. Still much can be

done and has been done in districts similarly situated in suppressing crime and bringing criminals to justice.

7 The Court can see no reason why the efforts of the Police to detect and bring to justice offenders against the Laws should be less successful in Trichinopoly than in the neighbouring Districts of Madura or Tinnevelly where nearly a similar state of society is found to exist and they trust that you will give your early and anxious attention to the subject and all use earliest endeavors to improve a state of things which is not creditable to the administration of your District.

1 I am desired by the Judges of the Foujdaree Udalut to transmit to you for amendment the statment noted marginally which accompanied your communication dated 23d June last.

2 You will observe that the authority quoted in the 6. Column of the statment in regard to the five escaped Prisoners first referred to, should have been the authority conveyed in Extract Minutes of Consultation dated 6th January 1844 No. 35 as the section of the Regulation in question refers to the apprehension by Police Officers of public offenders, applicable to that of runaway Convicts.

3 The Court of Foujdaree Udalut also object to the deficient information contained in the entry noted marginally which does not shew whether the rates of reward authorized by Circular Order No. 104 have been exceeded.

4 The names of the Convicts and the sentence they were undergoing at the time of the escape

No 1804. To The Magistrate of Salem.-

Sir,

Adverting to your letter dated 3d Ultimo submitting an application for an increase to the Police establishment of your District.

2. I am desired by the Judges of the Toriyduro Udalat to intimate, that on a consideration of the subject, it appears to them an application of the nature in question should be brought to the notice of Government through the Board of Revenue.

17th October 1845. (Signed) H. D. Shillespie

No. 1857. To the Magistrates and Agents.—

No 1865. To (No 173)

The Secretary to Government in the
Judicial Department.-

Sir,

I am instructed by the Court of Foujdaree Udalut to bring to the notice of the Most Noble the Governor in Council, the inconveniences attendant on the operation of Act XVII of 1840, under which the penalties prescribed by the Madras Code for any breaches of the Salt Laws are recoverable before the Magistracy of the District in all cases which those authorities may not resolve to forward for trial by the Criminal Courts; and to suggest for the consideration of Government, whether it is not advisable to amend the existing Law in the manner hereafter proposed.-

2 The above subject has attracted the attention of the Court under the following circumstances. The Sessions Judge of Combaconum in his review of the Police Reports for the 1st quarter of 1844, observed that several persons charged with the illicit manufacture of earth salt, or with being in possession of such salt, had been severally punished with imprisonment by the Heads of Police. He pointed out

for

for the information and guidance of the Magistrate of Tanjore, that sentences of the above stated nature appeared unauthorized, as under Clause fifth Section VIII Regulation IV. of 1831 and Act XVII of 1840, Heads of Police are prohibited from disposing of such cases, the primary cognizance of which is restricted to the Magistracy.-

3. In reply to the observations of the Sessions Judge and in explanation of the circumstances which had induced Heads of Police to pass sentence in the cases referred to by that Officer, the Magistrate of Tanjore reported that from a consideration of the hardships and inconveniences to which Parties accused of having committed a breach of the salt laws, are subjected, by their being required to travel to the Magistrates Office, which is often at a considerable distance from the place of offence, the late Acting Magistrate had directed the Police Officers to apprehend such persons as might be charged with having stolen small quantities of earth salt and to punish them by imprisonment not exceeding 10 days; but he added, that as the Sessions Judge had shown that such power could

not

not, under the strict construction of Act XVII of 1840, be delegated to the native police, the Acting Magistrate's orders would be cancelled.

4. When the different Reports of the Zillah Judge of Combaconum came under revision by the Tonjdaree Udalut, they recorded their opinion that Act XVII of 1840 could not have contemplated the disposal by the Magistracy of the trivial cases of manufacturing salt from fullers earth which had been noticed by the different Judges and they expressed themselves averse to interfere with the instructions issued in respect of such, by the Acting Magistrate of Tanjore, to the Officers of Police.

5. Adverting, however, to the fact that in Act XVII of 1840 no mention is made of the award of punishment to offenders of the class in question, by authorities other than the Magistracy and Criminal Courts, and that the Act prescribes no extent of punishment which the Native Police cannot legally pronounce or inflict, it has appeared to the Tonjdaree Udalut to be doubtful whether they would be justified in carrying out their view of the intention of that Law by affirming the

the instructions of the Magistrate.

6. The Court do not regard them as opinion as involving any but a correct interpretation of Act XVII of 1840, which the Government are aware was passed to relieve parties convicted of trivial breaches of the salt laws from inconvenience other than those specified under the law as the legal punishment for such offences. It is obvious, however, that the restriction of the power of disposing of such cases to members of the commanded Civil Service in the Magistracy, will be to perpetuate the evils of which the removal was contemplated by the enactment of Act XVII of 1840; and that such was the object expressly in view, seems sufficiently clear, as on late occasion, the Honorable Court of Directors directed the payment of compensation to a few individuals who had been transmitted to the Criminal Court by an Assistant Magistrate, a distance of 120 Miles, consequent on the operation of the Law in force previous to the passing of the above Act.

Minutes of Consultation dated 23 August 1844.

7. It is true that the Law has particularly

named

named the Magistrate as the authority vested with powers of punishment, but all petty offences are punishable by the police under Section V. Regulation IV of 1821 and if it be admitted that the one in question is a petty offence it is obvious that the police have authority over it, and as before observed it never could have been intended that cases individually so insignificant should be treated after a manner capable of entailing the greatest inconvenience (and consequently injustice) on parties whose offence would not in most cases warrant more than the most trifling notice.

8. It may however be matter for consideration how far a declaration to the above effect by this Court would be regular in the face of the wording of the Act and under the prohibition placed on it against declaring upon judicial opinions and the Judges therefore submit the subject for the information of Government with their respectful suggestion that the necessary means be adopted for vesting in the native Heads of Police the power of adjudicating to the extent of their ordinary jurisdiction, in cases which under the provisions of

of Act XVII of 1840 may prima facie be regarded as falling within the limits of the jurisdiction assigned to Magistrates.-

The

2. The several acts of gross abuse of authority which have led to the punishment of Ganapatty Pillay, were first brought to the notice of the Foujdaree Udalut in the remarks recorded by the Principal Sudr Ameen of Coimbatore on a case which had been sent up by the Head of Police, to the Principal Sudr Ameen's Criminal Reports for the month of May last.- No 43 of 1845. expunged.

3. The severe strictures conveyed therein on the conduct of the Head of Police, accompanied, as they were, by a declaration of the Principal Sudr Ameen's opinion of his unfitness for office, rendered it advisable, in the opinion of the Judges of the Foujdaree Udalut, to call upon the Sessions Judge of Coimbatore to go into the case and report his opinion on the propriety and justice of the animadversions made by the Principal Sudr Ameen.-

4. The Report received from the Sessions Judge which fully corroborated the correctness of the charges advanced by the Principal Sudr Ameen, induced the Foujdaree Udalut to order the commitment of Ganapatty Pillay, for trial criminally, on two of the items of complaint against him, and the record of the proceedings resulting from the Court's instructions,

have

having eventually come before the Foujdaree Udalut in consequence of a difference of opinion between the Sessions Judge and the Mahomedan Law Officer has confirmed the Court in the view of the matter previously taken by them on a perusal of the Sessions Judge's Report.- The sentence before alluded to having under such circumstances been pronounced the Court feel bound to report that the grave character of the abuse of authority of which Ganapatty has been convicted, appears to them to require the adoption of the measure noticed in Mr. Reid's Circular Order with a view to his being permanently expelled from the service of Government and accordingly they beg respectfully to suggest that the needful notification be authorized.-

Sir,

I am directed by the Judges of the Court

the Most Noble the Governor in Council, the accompany-
ing copies of the communications noted marginally
applying for the authority of Government to entertain

dated 9th October 1845.

Acting Magistrate being opinion, that without such
an establishment, it is in vain to attempt to extend
to the inhabitants of the Zemindary, such a degree of
protection of person and property as it appears the
Court of Session and higher authorities consider them
entitled to.

2. The Session Judge strongly supports
the arrangement proposed by the Acting Magistrate
and having laid before the Foujdaree Adalut copies
of certain proceedings calculated to exhibit the
necessity of a change in the police of the Calastry
Zemindary as now organized, he observes that the
Civil Records of his Court also show that the
Zemindar has been continually grasping at and
endeavouring to obtain possession of lands expressly
exempted from his control and from the payment
of any tax or Revenue, so that the Session Judge
thinks

thinks on many grounds it is absolutely necessary that he should be for the future deprived of all power, wherby he may under the semblance of legal authority carry on his exactions and oppressions, and be made amenable to the Government and its local officers whom he now seems disposed to resist and defy.

3 The Court of Foujdaree Adalut do not hesitate to submit the Acting Magistrate's application for the approval of the Most Noble the Governor in Council with their earnest recommendation that it may be sanctioned, as they are clearly of opinion that police authority in the hands of a Zemindar is at variance with the interests of the community and for ordinary police purposes that it is useless.

No. 2211 To The Sessions Judge of Combaconum.

Sir,

1. I am desired by the Judges of the Foujdaree Adalut to return the Enclosures to your letter dated the 3d instant relative to the proceedings of this Court on the subject of a reference made by the

the Subordinate Judge on the 6th Ultimo, the question being retained which the Subordinate Judge has framed for submission to the Mahommedan Law officer of the Fouydaree Adalut. but which adverting to the opinion expressed by the Court in their proceedings noted marginally it is not considered necessary should be profounded to the Cauzee, the case to which it relates should accordingly be disposed of by the Subordinate Judge on his own appreciation of the facts disclosed the enquiry he has already made.

2. The Judges direct me to intimate that Extra judicial communications of the character of the proceedings of the Session Court dated 1st instant are irregular and not favorable to justice; but that they fail in them no ground whatever for modifying the instructions in the matter of his late reference which have been issued to the Subordinate Judge and were communicated to you for your information.
