Corfu. Dunsing

Sir,

I have the honor to forward to you a report from Assistant Apothecary Rogers who arrived here yesterday morning in charge of a detachment of the 97th and 7th A.V. I proceeded at once to their camp and found one Soldier and one follower labouring under Cholera. The former was in a state of Collapse and died about 2 P.M. The latter is still alive. No fresh cases have occurred since arrival From inquiries made by me, I am inclined to believe that the outbreak of the Epidemic is to be attributed to bad and insufficient food, and the inclemency of the weather acting on debilitated frames. The officer Commanding Detachment informs me cholera appeared so soon as the men began to use new rice, and I agree with him that this may have been a predisposing cause. I understand that from want of funds the men were unable to buy a sufficient quantity of food which of course made them more liable to disease.

On the arrival of the Detachment I directed a medical [illegible] from the Depôt to do duty at the Camp and immediately despatched a supply of medical Comforts as the supply brought with the Detachment had

2490

had been already expended.

To the Superintending Surgeon,
Hyderabad Subsy. Force.

Sir,

With reference to your communication marginally

those moral influences which are ever present, to prevent the Native entering either our Hospitals or our Churches, and which I hold will scarcely to be overcome by placing the Dispensary ½ or at most ¾ of a mile nearer their haunts, such is my view, and having due regard to the Dispensary returns for many years, I beg to reiterate the opinion above expressed as to the fitness of the designed Dispensary.

I return the documents called for.

Order.—From his letter of the 16th September last, now submitted, it appears that the Civil Surgeon in Medical charge, Masulipatam, approves the plan of the Dispensary proposed to be erected at that station.

2. The Director General, Medical Department, however, considers that one or two additional wards are required for cases of severe disease or of a contagious nature. The District Engineer will, therefore, be called upon, through the Department of Public Works, to report at what cost such further accommodation can be provided.

3. From the list published in the Gazette of the 7th September last, it would seem that of the Rupees 2,761-8 subscribed to the Dispensary, only Rupees 701 had been paid up to the 14th August. The Collector will be requested through the Revenue Department to state why so little has yet been made good.

Extract from the Minutes of Consultation, under date the 5th November 1858.

Read the following letter from ANDREW N. MAGRATH, Esq., Director General, Medical Department; to the Chief Secretary to Government, Fort Saint George, dated 21st October 1858, No. 195.

SIR,

With reference to the 3rd para. of Extract from Minutes of Consultation Public Department No. 537 of date 6th May last and enclosures, I have the honor to transmit for the information of Government, communication from the Superintending Surgeon Northern Division and the Civil Surgeon at Masulipatam at present in charge of the Civil Dispensary, relative to the new Dispensary about to be erected at that station; one or two small Wards should be added for the accommodation of male patients suffering from severe diseases, or diseases of a contagious nature.

Plan and Estimate herewith returned.

From Surgeon FRED. COOPER, Superintending Surgeon, Northern Division; to the Secretary to the Director General, Medical Department, Madras, dated Waltair, 9th October 1858, No. 710.

SIR,

With reference to your Memo. No. 766 of date the 17th May 1858, I have the honor to forward the reply of Surgeon W. Johnston, M. D.

The Medical Officer who objected to the plan submitted by the Collector of Masulipatam and the Engineer (was Assistant Surgeon Penny) is now removed, but it appears to me he had in view one object which the Government also, I conceive, had, viz., the facility of obtaining Medical relief whether as in or out-patients of the Hospital, and with this view, proximity must be important. The working of the Dispensary at Rajahmundry abundantly testifies to the use of the Hospital made by the different castes by the number of in-patients; and Medical Officers who have time to attend to a Civil Dispensary and have a kind manner and tact will, I think, soon overrule by a positive good the objections caste may raise, and of which we daily see and hear of many instances, both as regards Hospitals as well as schools. Let the advantages be seen and felt and the authors of the advantages will soon be duly appreciated, and the proffered advantages accepted, though something may be foregone in doing so.

From Surgeon W. JOHNSTON, M. D., in Medical charge; to the Superintending Surgeon, Northern Division, Waltair, dated Masulipatam, 16th September 1858, No. 991.

SIR,

I have the honor to acknowledge your letter No. 614 of the 23rd Ultimo, with its appended Memo. No. 1224 of the 16th idem, from the Secretary to the Director General Medical Department to your address, relative to the Civil Dispensary it is proposed to erect at this station.

2nd. Immediately on receiving your communication No. 398 of the 22nd May, I placed myself in communication with the Collector Mr. Knox, and subsequently, with Lieutenant Beattie the District Engineer, by whom a plan of a building had been drawn out.

3rd. The building thus planned will, as it seems to me, answer the objects contemplated by the institution—an opinion, which is at variance with that of Assistant Surgeon Penny, who conceives that sufficient accommodation is wanting.

4th. Mr. Penny seems to think that, were the Dispensary only more centrally situated, numbers would resort to it for indoor relief, who are now deterred by the too great distance of the present building from the Town—a view springing from a very superficial knowledge of

with as little practicable delay as possible

To the Secretary to the
Director General,
Medical Department

Sir,

I have the honor to report that I have examined the sample of Hydrargyrum cum creta forwarded to me by the Superintending Surgeon Hyderabad Subsidiary Force, and to which your Memo No 1614 dated 8th instant refers, and that I have found it to contain both the Suboxide and peroxide of mercury the latter being in large quantity.

2 Need I hardly say that the deleterious properties which this sample is said to possess must be owing to the above circumstance.

3 Great care is required in the preparation of this drug, to prevent its oxydation and a coarse sample which have become oxydized are unfit for use and ought to be condemned

I have &c.

No 1 To the Superintending Surgeon,
Northern Division
Waltair

Sir,

In reference to the letter No 1095 from the Secretary to Director General Medical Department, I have the honor to state that I am unaware of having passed any man as recruit with deformed chest a condition which I think could hardly have escaped my observation and as to supernumerary teeth I do not regard that as a disqualification in as much as the excess could be removed if required and also because it is now customary for the Sepoys to

tear their Cartridges with their hands instead of teeth. I do not remember any of the cases in the extract sent, but am of opinion in regard to the man Dalchmia that a speck on the cornea unless it impedes vision is not a sufficient cause for rejection and in regard to the case of Nuleund rejected in consequence of badly proportioned limbs and being overdged. I believe that his age is 21 only and I think a man might perform all the duties of a Soldier efficiently though his limbs were not perfectly symmetrical

Extract from the Minutes of Consultation

Public Department

under date the 9th November 1858

Read the following letter from the Collector and Agent to the Governor at Vizagapatam

Suggests with reference to Extract Minutes Consultation of the 8th July last № 858 certain repairs as urgently called for in the Vaccine Dept. to ensure success in the spread of Vaccination, and encloses copies of his letter to Dr Blackwell and Circular to all the Vaccinators and Heads of Police issued 4 September 1858.

Rec'd enter 16th October 1858. № 182.

Order. On Extract Minutes Consultation, 10th July last № 858, the Government approved the instructions issued by the Director General, Medical Department, to Zillah Surgeons to visit, when practicable, the several Talooks within their range.

2. The suggestion now made that such Medical Officers should be accompanied by a competent Gomastah, to be furnished by the Collector of the District, is also approved. The several Collectors will accordingly be instructed to comply with any requisition for such aid which they may receive.

3. The Government fully appreciate the warm interest evinced by Mr. Reade in the spread of Vaccination

To the Superintending Surgeon

Centre Division,

St Thomas' Mount.

Sir,

I have the honor to report that Assistant Apothecary G. Native of the No 3 Company 1st Battalion Royal Sappers & Miners Stationed at Saint Thomas Mount has been suffering from Cardiac derangement attended with Debility which latterly sometimes amounts to Syncope. He is at present in a fit condition to undertake the duties of an effectual Subordinate especially in a climate like that of the Mount which place does not appear to have suited his health at all. He has completely outgrown his strength, and needs a climate which would tend to promote a bulk of body proportioned to his height. I therefore have the honor respectfully to recommend that he may be removed as early as practicable to do duty in a more salubrious climate either to Coimbatore or Palcghaut which places are contiguous to the Nuggeries

St Thomas' Mount,

No 1681

To the Officer Commanding
Mysore Division

Sir,

In reply to your letter of the 11th instant, I have the honor to state, that under the operation of your Division Order of the 30th January 1857, the Garrison Assistant Surgeon must be considered perfectly independent of the Garrison Surgeon in reference to his medical treatment of the cases within his district. There is no rule of the Service which can give the Garrison Surgeon power to claim right to supervise the Assistants treatment of extra cases - In the Garrison Hospital, the Garrison Surgeon has entire responsibility and control and there the Garrison Assistant Surgeon as well as others doing duty at it must be subject to the orders of the Garrison Surgeon in the treatment, and in every other thing connected with the sick in it - the circumstance of

of the Garrison Assistant Surgeons. Distinct cases being borne upon the Returns of the Garrison Surgeons is not more than what occurs in numerious instances, Regimental and others, where the Returns of one Medical Officer are sent to be incorporated in the Head Quarters or General Returns of another.

Signed/ R. K. Magrath

No 1682.

To the Accountant General

Sir,

With reference to your letter marginally noted, relative to medical supplies received by the "Akbar" and "Honour", I have the honor by desire of the Director General to acquaint you that the stores by the "Honour" were not received into Store here until 23rd June last, and in accordance with the usual instructions from your office the supplies could not be brought into the accounts of the official year 1857/58.

2. The supplies by the "Akbar" up to this date have not been received into Store. Inquiry has been made on this subject. Vide correspondence annexed. The investigation will be proceeded with and the result made known to you as early as practicable.

Bombay Dept. Sir,

With reference to the Resolution of the Government of India, dated the 29th September 1857, respecting medical attendance on the families of public servants, I am directed to transmit for information and guidance the accompanying copy of a Despatch No. 129 dated the 18th August 1858, from the Honorable the Court of Directors on the subject.

Public Department
No. 129 of 1858.

Our Governor General of India in Council

Para 1 The papers noted in the margin bring to our notice certain cases in which Civil Medical Officers in the various Presidencies have remained entitled to receive remuneration for their attendance on the families of Government Civil Servants of Government as appears by the State prealing of the 29th September 1857 lays down the principles on which your decisions in these various cases have been based. That are first that the rule, under which Civil Medical Officers are unquestionably entitled to remuneration for attendance on the families of Officers in Civil employment, is a just one and should be maintained; Secondly, that Government should not interfere by the issue of any general [illegible] with the amount of such remunera[illegible] but should not fail to mark by severe censure or in extreme cases, by removal from Civil employment, their disapproval of [illegible] demands on the part of the medical officers

Bombay Public letter dated 12th August 1857 No. 131, Extract paragraphs 39 and 40
Madras Public letter dated 27th January 1858 No. 18.

2. We approve these principles laid down by you, and their application in the various cases now before us.

PUBLIC DEPARTMENT.

No. 1431. 259

Extract from the Minutes of Consultation, under date the 18th November 1858.

Extract from the Proceedings of the Honorable the President of the Council of India in Council in the Financial Department, under date the 28th September 1858, No. 5670.

Read again the following papers relative to the grant of casual leave to Uncovenanted Servants.

Endorsement from the Home Department, No. 795, dated 21st May 1857, with Enclosures.

Financial Resolution, No. 2520, dated 12th June 1857.

Endorsement from the Home Department, No. 544, dated 5th March 1858.

Financial Resolution, No. 1558, dated 19th March 1858.

Read an Endorsement from the Home Department, No. 1762, dated 10th July last, forwarding for consideration and orders a letter from the Secretary to the Government of Bombay, No. 1543, dated 26th June last, with Enclosures, on the above subject.

Read another Endorsement from the same Department, No. 2281, dated 4th instant, forwarding for consideration and orders a letter from the Government of Fort Saint George, on the same subject.

OBSERVATION.—Under the existing Rules and Orders passed by this Government, all Uncovenanted Servants are eligible to the following descriptions of leave of absence:—

1.—Privilege Leave for one month in every Calendar year, allowable, under Section VII of the Uncovenanted Service Absentee Rules, in two instalments, with an interval of six months between them.

2.—Sick Leave, under Section V, to the limit of three years, of which for one year on half pay and for the remainder on one-third.

3.—Leave on Private Affairs, on half pay, under Section VIII, for six months, to be taken in one period only. A second leave cannot be taken before the expiration of six years from the date of return from the first Leave.

4.—Furlough on Private Affairs, under Section IX, for 12 months without pay, but retaining appointment.

5.—Casual Sick Leave to the limit of 15 days in every Calendar year, on full pay, under Financial Resolution of 19th March 1858.

2. On the 24th November last, the Government of Bombay ruled that in addition to the above descriptions of leave, Uncovenanted Servants may be allowed Casual Leave on Private Affairs for short periods; but this Government remarked, on the 30th April 1858, that no such leave as "Casual Leave on Private Affairs" had ever been sanctioned by the Government of India and that the order of the Government of Bombay allowing such leave should be cancelled.

3. Referring to this remark, the Government of Bombay now points out the inconvenience to which Uncovenanted Servants drawing 100 Rupees a month and upwards, to whom the letter of the Rules is strictly applicable, will be subjected. The Government states, "Any Servant of this class who may require leave of absence for a day, on urgent private affairs, (as for a death in his family, or the dangerous illness of a relative, or for the performance of some religious rite) must, under the decision now announced, take his day's leave either under Section VII of the Absentee Rules, in which case he will not be able to take another day's leave on private affairs until the lapse of 6 months from his return to duty; or under Section VIII, in which case he will be precluded for the following 6 years from taking another day's leave of the same description."

4. In submitting these difficulties for the consideration of the Government of India, the Bombay Government also solicits attention to the fact that a much smaller number of Holidays is allowed in the Bombay Presidency than elsewhere.

5. The Madras Government makes a similar enquiry to that of Bombay, as to the manner in which absence caused by the sickness or death of relatives, funeral and other ceremonies, &c., is to be dealt with, there being no provision in the existing rules and orders to meet such cases.

RESOLUTION.—On the question of Holidays urged by the Government of Bombay, the President in Council remarks that this point has no connexion with the question of leave; seeing that all Servants may be absent on Holidays without any leave at all, and the Government of India has not interfered with the Bombay Government in fixing what Holidays it thinks proper.

2. In respect to Casual leave, His Honor in Council directs, after a careful consideration of the difficulties and inconvenience which an attempt to regulate such leave by General Rules is apt to produce, that the Financial Resolution of 19th March 1858, which limits the grant of Casual leave to 15 days in every Calendar year, be cancelled; and that it be left to the Heads of Offices, subject to the orders of their own Government, to grant, at their discretion, Casual Leave of absence from Office in case of sickness, death of near relatives, &c., on condition that the Local Government shall see that the discretionary power to be placed in the Heads of Offices is not abused.

3. Such casual absences from Office should not be reported to the Civil Auditor, but they should be systematically entered in a Book to be kept in each Office, and when an application for privilege leave may be received, the leave should be granted or refused with some reference to the entries in the Book. Reports, however, should be made, as at present, to the Civil Auditor in respect to the other descriptions of leave mentioned in the first part of this Resolution.

4. His Honor in Council further directs that so much of the Resolution of 30th April 1858, No. 2585, as refers to Casual Leave, be also cancelled, and that the Civil Auditors be called upon to report as to the extent to which the Establishment allowed them on the date specified in the margin* for the purpose of checking the entries in the Statements of leave of absence, will admit of reduction.

* *Establishment of* 150 *Rupees, per mensem, allowed to the Civil Auditor, Fort William, on the* 8*th April* 1858, *No.* 1821.
Ditto of 120 *Rupees, per mensem, allowed to the Madras Civil Auditor on the* 13*th August* 1858, *No.* 4392.

ORDER.—Ordered that a copy of the foregoing Resolution be sent to the Home Department for communication to the Governments of Madras and Bombay, and that the original papers received therefrom be returned.

Ordered also that a copy of the Resolution be forwarded to the Departments,* Governments† and Officers‡ noted in the margin, for information and guidance.

* *Foreign, Military, and Public Works Departments.*
† *Bengal, N. W. Provinces, and Straits Settlements.*
‡ *Chief Commissioner, Punjab; Accountant General to the Government of India; Mint Committee, Calcutta; Sub Treasurer, and Civil Auditor, Fort William; and Secretary Government Saving's Bank.*

Read an Office Memorandum from the Public Works Department, No. 6940, dated the 17th August last, relative to the disposal of the forfeited portion of pay of an Office Clerk temporarily absent from duty.

Read a Report from the Civil Auditor, Fort William, No. 2571, dated the 16th Ultimo, on the above subject.

RESOLUTION.—The Secretary in the Department of Public Works enquires whether it is considered regular to permit the forfeited portion of the pay of an Office Clerk temporarily absent from duty, to be given to other Clerks of the Establishment in addition to their fixed salaries, in consideration of the additional labor imposed upon them by such absence. It appears to the Secretary that to give any additional emolument to any public servant over and above that appertaining to his Office, without special permission of superior Authority, is decidedly objectionable and open to abuse, and that it should not be permitted.

2. The Civil Auditor, Fort William, reports that the practice is not unusual and that it appears to him to be unobjectionable, so long as the duties of the absentee are properly conducted and no extra expenditure is incurred. The receipt of the full salaries of two appointments, however, by the same Officer he considers objectionable under every circumstance, and he thinks that the award of the whole of the forfeited portion of the absentee's salary to his *locum tenens*, in addition to his entire pay, should not be permitted in cases in which the sum of the two exceeds the allowances of the highest paid appointment, unless the substantive salary of the Acting Officer is already in excess of that of the absentee.

3. The Honorable the President in Council is of opinion that the practice referred to by the Secretary in the Department of Public Works is objectionable, and that the more expedien as well as regular course will be for the Head of an Office to appoint an Acting man on the forfeited pay of the absentee, whereby the strength of the Office will be really maintained.

ORDER.—Ordered that a copy of the foregoing Resolution be sent to the Departments,* Governments† and Officers‡ noted in the margin, for information and guidance.

* *Foreign, Home, Military and Public Works Departments.*

† *Governments of Bengal, Fort Saint George, Bombay, North Western Provinces and Straits Settlements.*

‡ *Punjab Chief Commissioner, Civil Auditors Fort William, Madras, Bombay, Agra and Punjab. Accountant General to the Government of India and Mint Committee, Calcutta.*

Medical Department

Sir,

I have the honor by order of the Commander in Chief to acknowledge the letter from the Collector of Customs forwarded to this Department 6th Novemr 1858. transmitting petition from 2nd Dresser Isaac Hellum relative to his being passed over in promotion

His Excellency desires me to observe that on application being made for the 2nd Dresser's retention at Cuddapah it was intimated to Government that there would be no objection to the Dresser being retained if he foregoes future promotion an alternative to which he appears by Capt. Maule's letter of 15th December 1857 to accede. His Excellency accepts the Dresser's plea as urged in his memorial that his retention at Cuddapah was allowed on the condition of his foregoing his "temporary promotion" is therefore not in accordance with fact

I have the honor to request that the Dresser may be made acquainted with this Decision

To the Superintending Surgeon
Southern Division

Sir

In returning herewith for the information of His Excellency the Commander in Chief the letter of the 12th instant from the Educational Director of the Army, I am directed to request that you will be good enough to acquaint His Excellency with the following observations thereupon.

2nd The Director General has not been informed by the Superintending Surgeon Southern Division that Assistant Surgeon Stirling is in charge of the Hospital at Netley, nor that he is in charge of the Hospital at Fort Cumberland, nor that he is in charge of the Hospital at Fort Monckton, nor that he is in charge of the Hospital at Stokes Bay, nor that he is in charge of the Hospital at Haslar Lines, nor that he is in charge of the Hospital at Fort Blockhouse, nor that he is in charge of the Hospital at Fort Elson, nor that he is in charge of the Hospital at Fort Brockhurst, nor that he is in charge of the Hospital at Fort Fareham, nor that he is in charge of the Hospital at Fort Widley, nor that he is in charge of the Hospital at Fort Purbrook, nor that he is in charge of the Hospital at Fort Southwick, nor that he is in charge of the Hospital at Fort Nelson, nor that he is in charge of the Hospital at Fort Wallington, nor that he is in charge of the Hospital at Fort Gilkicker, nor that he is in charge of the Hospital at Fort Monckton, nor that he is in charge of the Hospital at Fort Blockhouse, nor that he is in charge of the Hospital at Fort Elson, nor that he is in charge of the Hospital at Fort Brockhurst, nor that he is in charge of the Hospital at Fort Fareham, nor that he is in charge of the Hospital at Fort Widley, nor that he is in charge of the Hospital at Fort Purbrook, nor that he is in charge of the Hospital at Fort Southwick, nor that he is in charge of the Hospital at Fort Nelson, nor that he is in charge of the Hospital at Fort Wallington, nor that he is in charge of the Hospital at Fort Gilkicker.

Nos 1701 & 1783 To the Director Genl Medl Dept

His Excellency the Commander in Chief desires to be informed by what authority Assistant Surgeon Stirling is serving on terms proposed therein as the junior grade of 2nd Apothecary in the Army.

In reply I am to request you will be pleased to express to His Excellency my regret, that circumstances will not enable me to accede to His Excellency's offer because the terms proposed would not afford that relief which I am only seeking for, but would rather inflict on me a still further grievance by the degradation of a supernumerary Assistant Surgeon who had been my juniors in the service, and I feel confident that this cannot be His Excellency's wish, but rather that he had overlooked the fact, that all I prayed for was simply the recognized right of every individual in the Service, not to be superceded by his juniors in rank, which by standing character and qualification is justly entitled to.

I would submit that it can be viewed in no other light than a grievance, that a man qualifying myself according to the rules of the service for advancement to the higher grade

grade, that I should not have been allowed to claim the rank of Apothecary to which I was fully entitled on the 9th of April 1858 by the death of Apothecary Taylor.

My claim for promotion was submitted at the station where I should have attained the higher grade and taking also into consideration the circumstances that I should have performed duty in the 74th Highlanders until the 15th July following.

I humbly have the benefit of the rank which I should have been mine otherwise than by my having been stationed while I remained effective in the service. This rank I had long been contended for, by every grade, both commissioned and warrant in the army and I would humbly pray that this same act of Justice may also conceded to me, as otherwise I cannot but think that notwithstanding all my successful efforts to afford satisfaction there will still be a reflection that I had not merited promotion, since my supersession while on the effective branch of the service

So one individually the advanced grade can be of no great pecuniary advantage, because I am aware that I can only be entitled to the higher pension after I had served in it for the prescribed period, which I had not done but justice requires that my helpless family should not be sufferers from a hasty, and indifference on my side, as the withholding from me of the higher rank at a time I was effective in the service will deprive them of the advantages of that rank in the event of my death, and it is chiefly for their sake, that I seek the redress for the supersession by my Junior

I am in the line of promotion in the service, and this I feel confident will not be denied me, so that on enlightened and benevolent Government fully entering and justly arrive at the merits of my case

I beg &c &c

Malabar and Canara

Cannanore.

Sir,

In reply to a letter from the Secretary to the Director General Medical Department dated 4th October 1858 regarding recruits enlisted by me and rejected by the Regimental Committee, I beg to state that I have been very careful in enlisting recruits while at Cannore, and do not recollect of having taken any man under 30 Inches round the chest, tho I did not attach any importance in that measurement - for it is not expected that a poor Native from a Village to be quite stout enough, what is easily required after a few months good living and exercise in Drill

Dr ill sufficient the the man was in good health and Strength in
other respect.

I would never have entered any remarks for the mere
with any defects, it must have been very a trivial and exceptionable
observation, - for which Same extremely sorry, and if Memes: Conroy
was found with enlarged veins of leg and no varicose veins, I
must have considered it to be of no consequence, for Sam: fully
aware that in testing Recruits with varicose veins is strictly ob:
jectionable.

No 5793. Extract from the Proceedings of the Chief Engineer in the Department of Public Works - Fort Saint George - Under date the 26 November 1858.

Read the following

From the Secretary Director General Medical Department

Transmits a letter from the Actg Surgeon 1st District re- garding the additional accom- modation required to the Lepers Hospital

Here enter No 1633, dated 12 Novemr 1858.

The Officiating Chief Engineer observes that provision has been already made for the construction of five additional Wards to the Lepers Hospital and forms item No 159 of the Budget for the current year. The transcript of Dr Paul's letter dated the 2nd December 1858 and referred to by Dr Van Someren in his letter dated the 22nd ultimo, forwarded with the endorsement of the Director General Medical Department, of the 26th idem apparently refers to the additions since estimated for, and Sanctioned by Government in Extract Minutes Consultation No 1596, dated 18th August 1857, and the Officiating Chief Engineer has therefore reason to believe that the foregoing application from Dr Van Someren for additional Wards is not to be in addition to those already authorized.

2nd The two additional Wards provided for in the Budget, has been authorized for construction in Extract Minutes Consultation No 2416, under date 16th instant, and the Officiating Civil Architect is requested to make early arrangement for the commencement of the work.

3rd Resolved, that a transcript of the foregoing Proceedings be communicated to the Director General of Medical Department and Civil Architect for information

Fort St George.

Sir,

I have the honor to request you will do me the favor of bringing to the notice of His Excellency the Commander in Chief the inconvenience which is following to the prolonged absence from duty with the Regiment of Bugler John Farley General No 4568 of the 1st Battalion Artillery, who has been an inmate of the Lunatic Asylum at Madras since the 29th October 1857.

2 As sufficient time has I conceive elapsed to enable a definite opinion being given as to the fitness of the Bugler for service again, I have to suggest, for His Excellency's consideration, that measures be adopted for having the Bugler examined by a Medical Invaliding Committee, in order to his being finally

finally disposed of

N321. To the Secretary to the
Director General
Medical Department.

Sir,

I have the honor to bring to the notice of the Director General, the expediency of having iron bars fitted into the window frames of the three windows of the 1st per room of the Medical Store Office looking into the small space left, between the Stores and the Office of the Accountant General, as well as the propriety of building up a small wall with a strong door and barred window, so as to enclose the Veranda to or west face of said room - at the same time that these additions, for the sake of future security are made, I would suggest the propriety of ordering the window frames to be fixed into the centre of the thickness of the wall, and not as usually done by the Maistries i.e. placing the frame work so near the external face of the wall that a small exertion of labour and strength is sufficient to force the frame outwards, as an illustration of my meaning I beg to forward 2 rude sketches of the Wall and window frames, the first shews the frames set as they now are and the second shews them set in the way that I recommend.

PUBLIC DEPARTMENT.

No. 1490.

Extract from the Minutes of Consultation, under date the 1st December 1858.

Read the following letter from the Collector of North Arcot.

Submits for the consideration and orders of Government copy of Mr. Sullivan's letter of the 13th Instant, on the subject of the extension to Officers in the Mofussil of the holidays granted to Officers at the Presidency at Christmas, Easter, &c. (Here enter 15th November 1858, No. 65.)

Order.—To remove all doubt on the question referred in the foregoing letter, the Governor in Council is pleased to extend to the Provinces the scale, sanctioned in Extract Minutes Consultation 27th May 1852, No. 491, of holidays to be adopted by the Offices under Government at the Presidency. Copy of the Extract Minutes Consultation, and of the Memo. appended to it, will accordingly be furnished for the guidance of Civil Authorities in the Mofussil who are to understand that the Rules are to be adhered to, and no extra holidays given unless for very special reasons.

2. Provision will of course be made by Heads of Departments for the despatch of emergent business during all holid[illegible]

3. Copy of these orders will be sent for the guidance of the Public Offices in the Presidency, where it is believed too much laxity prevails.

(A true Extract.)

W. H. BAYLEY,
Acting Secretary to Government.

Extract from the Minutes of Consultation, dated 27th May 1852. No. 491.

Read the following letter from the Military Board.

[illegible] to no[illegible] the great inconvenience felt in the con[illegible] ct of [illegible] business whenever leave is granted to Native [illegible] tion [illegible] current of their Festivals, and propose, with the [illegible] vernment, to strike out, as an experimental [illegible] in number of days from the list of leave [illegible] class. (Here enter 26th March 1852, No. 49.)

[illegible]he Governor in Council considers the number of Holidays which it has been the prac[illegible]ce to allow at the Military Board to be excessive, and approves of the Military Board's propo[illegible]on to reduce it. He does not however perceive the necessity of making general Holidays [illegible] classes of public Servants on festivals and ceremonials applicable only to particular sects, and he thinks it preferable that leave should be given only on such occasions to those whose religion or usage renders their absence from duty necessary.

2. This has been the rule of late in the Government Office, and the Governor in Council resolves to forward for the information and guidance of the Military Board a list of Holidays allowed in the Government Office which it would be desirable should be adopted by the Offices at the Presidency generally.

3. The Governor in Council would not however desire to preclude Heads of Departments from granting to their establishments leave on any very special occasion of public amusement, provided such indulgence is merited by the Servants and the business of the Office permit it.

No 4317. Military Department

Extract from the Minutes of Consultation
30th November 1858.

Read letter from the Adjutant General of the Army, Cotacamund 10th November 1858, No 2963, to the Secretary to Government, Military Department

In forwarding for submission to the Right Honorable the Governor in Council the documents as per margin shewing the prevalence of Venereal disease at Suchinopoly and Secundeabad, I have the honor by order of the Commander in Chief to express His Excellency's recommendation that Lock Hospitals on the same footing as at Bangalore may be established at these stations

Extract from letter from Director General, Medical Department, dated 21st September 1858 Para 214.

As an illustration of what may be done in the way of prevention, even without any legislation or extraordinary means I would refer to the following Memo from the Director General Medical

Extract from letter from Dirr Genl Medl Department dated 21st Septr 1858. No 173 para 7.
Extract Return of Sick 2nd European Light Infantry 8th Octr 1858.
Minutes of Consultation 16th July 1855 No 2026

Venereal disease amongst European Troops
Question of Lock Hospitals and Civil Dispensaries for the reception and treatment of selected women
the latter work well and should be made use of at all large stations for the purpose, but the measure proposed should be enforced by the order of authority and not left to the will of Commanding Officers of Stations.

Medical Department detailing what was done by him 18 years ago at Secunderabad commanding the 1st Battalion of the 5th European Regiment now a Station at Secunderabad only in 1855, then a young Regiment [illegible] from the number of cases in hospital [illegible] to draw my special attention to all the local circumstances connected with the propagation of this loathsome disease, which was causing the constitutions of many young men and laying the foundation for future invaliding and loss to the service. There were about 8 per cent of cases in hospital in a strength of not much more than 700 — in the neighbourhood of the Barracks numbers of native women were prowling about every evening, and the huts of many not far off, they were under no surveillance and no means used to prevent disease, after some difficulty I got the Brigadier to sanction the public women being taken up by the Police, where there was good reason to believe they were infected, as when pointed out by the men as the persons they got the disease from and brought to the Civil Hospital there examined and if diseased kept in until cured, this measure was almost magical, the number of cases in hospital diminished almost at once to less than half, and soon after to still less, and it was always found that when diligence was used in detecting and examining the women the disease decreased and vice versa, an attempt was made the year before by Dr Goodall when in charge of the Civil Hospital to get diseased women to it, and he found an old woman himself to get and induce the public women to come to the hospital, but some dancing girls got up a complaint before the Public against the old hag and she was fined or incarcerated for interference with "the liberty of the subject" for inducing such creatures, the subjects of poverty and disease to come to where they might obtain food, shelter and healing. Read letter from the Director Genl Medl Dept
forwarding observations relative to Indents
No 23 for Medical Stores on the Honble the Court Here enter 11th November 1858
of Directors No 209.

From the Acting Secretary Medical Board, Bombay 2nd November 1858, No 2505, to the Secretary to Government, Military Department, Bombay.

With reference to your Memorandum No 3821 of the 27th ultimo, I have the honor by direction of the Medical Board to refer you to the Medical Boards letter No 292 of the 10th February 1858 and to state that since that time no Cod Liver Oil has been indented for from

from England that the annual expenditure of Fish Liver Oil from Madras has increased from Rs 150 to Rs 1000, and that this use has become established throughout the Presidency under a guew universal satisfaction.

1. Ordered that this foregoing letter be forwarded to the Home Government and that attention be drawn to the request contained in Para 4.

2. The Governor in Council observes that a reply for which was recorded in Min Con, No 2302, dated 29th June 1858. will be communicated to the Director General Medical Department has been received from the Government of Bombay to the reference regarding the use at that Presidency of Fish Liver Oil, of country manufacture but that none has been received from Bombay.

3. Adverting however to the extensive use of the Oil at this Presidency and to the great demand for it from Bengal and Bombay, the Governor in Council would suggest to the Director General that a further trial should be made of it in the Hospitals of H.M. Regiments with a view to its being supplied to them in future if unobjectionable, in lieu of Cod Liver Oil.

MILITARY DEPARTMENT.

No. 4383.

Extract from the Minutes of Consultation, 2nd December 1858.

Read letter from the Officiating Secretary to the Govt. of India, Mily. Dept., 20th November 1858, No. 901; to the Secretary to Government, Military Dept., Fort Saint George.

I am directed to forward to you, for the information of the Right Honorable the Governor in Council of Fort Saint George, the annexed Extract of a Military letter from the Honorable the Court of Directors, to the Government of India, No. 221 of the 18th August 1858, paras. 19 to 24, authorising the privilege of reckoning the time of absence in the period of service required for retirement on full pay, in cases of wounds or illness contracted by service in the Field; and desiring that in future similar cases, a specific description may be given in a report of a Medical Board of the nature of the illness, and the grounds upon which it is considered that the illness has been contracted by Service in the Field; also that each separate case may be accompanied by the opinions thereon of Government, as well as of His Excellency the Commander-in-Chief.

Extract of a Military letter from the Honorable the Court of Directors; to the Government of India No. 221, dated 18th August 1858.

Letter dated 9th April 1858 No. 64.

1. & 2. Applications from certain Officers proceeding to Europe on Medical Certificate, that their leave may be counted as service for retirement on full pay.

19. The privilege of reckoning the time of absence in the period of service required for retirement on full pay is authorized "in cases of "wounds or illness contracted by Service in the "Field, duly certified by a Medical Board, when "each case will be separately considered with reference to the time to be allowed."

20. Of the thirteen cases now reported four are those of Officers who have received wounds in action, viz.—

	Leave for
Captain S. T. Boileau, 7th L. C.	3 years.
Lieut. F. H. Sitwell, 31st N. I.	2 "
" L. A. Grant, 8th N. I.	18 months.
" W. G. Cubitt 13th N. I.	12 "

21. The remaining nine cases are those of the Officers named in the margin,* to whom Certificates have been given by the Director General and Inspector General, testifying that leave has been granted to them "on account of illness contracted by Service in the Field.

	Leave for
Captain T. P. Waterman 13th N. I.	3 years.
" R. C. Germon, 18th N. I.	2 "
" J. Ruggles, 41st N. I.	18 months.
Lieutenant C. M. Fellowes 2nd E. Regt.	3 years.
" T. J. Watson 12th N. I.	2 "
" C. A. Munro 25th N. I.	15 months.
" C. D. Clarke 73rd N. I.	3 years.
Assistant Surgeon J. Fayrer M. D.	12 months.
Assistant Surgeon R. W. Macauly	15 "

22. We desire that in future similar cases, a specific description may be given in a report of a Medical Board of the nature of the illness, and of the grounds upon which it is considered that the illness has been contracted "by Service in the Field;" also that each separate case may be accompanied by the opinions thereon of your Government, as well as that of His Excellency the Commander-in-Chief.

23. Meanwhile the applications of the Officers above mentioned, as recommended by the Commander-in-Chief, are complied with.

24. We are of opinion that all such grants hereafter should be made for periods not exceeding 18 months, to be extended if necessary.

No. 1502.

Extract from the Minutes of Consultation, under date the 3rd December 1858.

Read the following letter from ANDREW N. MAGRATH, Esq., Director General Medical Department; to the Chief Secretary to Government, Fort Saint George, dated 23rd November 1858, No. 218.

SIR,

In submitting for the information of Government, the accompanying copy of a communication from the Collector of Canara, applying for the services of a Vaccinator for the Soopah Talook in the Sub Collectorate of North Canara, I have the honor to recommend, that, under the circumstances stated, an additional 2nd Class Vaccinator may be sanctioned.

2. The usual Tabular Statement is herewith enclosed.

From W. FISHER, Esq., Collector of Canara; to the Superintending Surgeon in Malabar and Canara, dated Mangalore, 29th September 1858.

SIR,

The Sub Collector in charge of North Canara has brought to my notice the necessity of procuring sanction for a Vaccinator for the Soopah Talook, in his division. The old Talook of Soopah has lately been divided into the present Talooks of Yellapoor and Soopah, and the range of the Vaccinator originally appointed, is now confined to Yellapoor, a district sufficiently large, as it extends over upwards of 900 square miles. I strongly recommend therefore that Mr. Ballard's application be submitted for the orders of Government, through the proper channel, with as little delay as possible.

(A true Copy.)

(Signed) A. LORIMER,
Secy. to the Director General, Med. Dept.

Order.—The Tabular Statement received with the foregoing letter will be forwarded to the Government of India, with the recommendation of this Government in favor of an additional 2nd Class Vaccinator for the Talooks of Yellapoor and Soopah in North Canara.

No. 1507.

Extract from the Minutes of Consultation under date the 6th December 1858.

Read the following letter from ANDREW N. MAGRATH, Esq., Director General, Medical Department; to the Chief Secretary to Government, Fort Saint George, dated 26th November 1858, No. 220.

SIR,

The Medical Officers in charge of the Civil Dispensaries at Coonoor, Madura, and Coimbatore having represented the necessity of a Waterman being attached to these institutions, I have the honor to state for the information of Government, that, under the explanations afforded by these Officers, I have authorized the employment of a Waterman at each of these Dispensaries as a temporary measure, pending the sanction of Government, which I request may be accorded, under the circumstances stated in the column of remarks in the accompanying Tabular Statement. A Table shewing the working of these institutions is also enclosed.

Order.—The two Statements now submitted will be forwarded to the Government of India, and, pending their confirmation, the Governor in Council sanctions the entertainment of a Waterman on the salary proposed at each of the Civil Dispensaries noted in the margin.

To Surgeon A. Lorimer Esqre.
Secy to the Director General
Madras

Sir,

I have the honor to state for the information of

the Director General that a Civil Dispensary was established at Ranipett and the rent of the house occupied by the Dispensary was allowed (Commutation) 10 Rupees per mensem.

2. I also beg to report for the information of the Director General that Apothecary King is in charge of the Dispensary in question, and that the Compound of the Dispensary from Ranipett to Walajahpett is the property of the said King. His proposal was stated in the letter of 21st April 1857, and on the condition submitted to the Board of Revenue with my recommendation and obtained their sanction, on which the Dispensary was removed to Wallajahpett.

3. On the recent examination of the accounts connected with the Dispensary, I find that Mr King, the Apothecary, had charged the house rent in the accounts and drawn 20 Rupees a month from May to August 1857 amounting to Rupees 104 instead of drawing only 40 Rupees at the rate of 10 Rupees a month as originally sanctioned by Government, and paying himself for his own occupation in the same building the remainder of the rent of the House in question.

4. Mr King having left my range of payment, I beg to forward a copy of his communication dated 21st April 1857 above adverted to, and request that he may be directed to refund the sum of Rs 64, being the amount over drawn by himself as particularized in the preceding para.

5 The amount overdrawn can either be remitted to this office or paid in the General Treasury at the Presidency in the latter case, the Sub Treasurer's receipt for the amount must be forwarded to me for adjustment in my accounts.

MILITARY DEPARTMENT.

No. 4440.

Extract from the Minutes of Consultation, 7th December 1858.

Read letter from the Adjutant General of the Army, Ootacamund, 22nd November 1858, No. 2319; *to the Secretary to Government, Military Department.*

It appearing desirable on public grounds that Native Dressers appointed to Civil situations in the Straits Settlements &c., be allowed to take their families with them, I have the honor by order of the Commander-in-Chief to request you will be good enough to submit to the Right Honorable the Governor in Council, His Excellency's recommendation that the provisions of G. O. G., 16th December No. 368 of 1856, be extended to Native Dressers and that a free passage may be granted to the families of such as wish to accompany their husbands &c.

It is hoped that the indulgence now sought for this useful class of Public Servants, will prove an inducement to many holding fixed appointments, to remain on Foreign Service; there being reason to believe that under the present system Native Medical Subordinates endeavour to get back to their families, on the plea of sickness &c., before the expiration of their fixed tour; while an instance is known to have recently occurred of a Dresser, whose application to take his family with him had been *refused*, embarking as ordered, and then resigning the service.

Sanctioned, as recommended in para. 1.

No 155 From Surgeon J. Blacklock,
In medical charge Body Guard.

To the Superintending Surgeon,
Presidency

Sir,

I have the honor to enclose to you, for your information a copy of a letter which I lately addressed to the Officer Commanding the Body Guard, in consequence of the boundary walls being about to be erected so near the Body Guard Hospital that little wind is even likely to reach the building, hemmed in as it already is by barracks, stables and Godowns.

I regret to apologize to you for having inadvertently omitted to forward a copy of this letter on the date of its despatch.

I have also the honor to forward to you a copy of a letter to me address from the Barrack Master of Presidency and a copy by permission of that officers official Memo on the same subject.

As the subject has taken a new and unexpected turn, from the Barrack Master recommending the building of a new hospital and as the enclosing walls of which I complained are now in course of erection, I hope you will be good

good enough to favor me with your opinion

Madras
9th November 1858.

Signed A. Blacklock
Surgeon
& Med. Officer Body Guard.

No 154. From Surgeon A. Blacklock,
In medical charge Body Guard.

To the Officer Commanding
Body Guard.

Sir,

I have the honor to inform you that as inclosing walls are about to be erected here to shut in the Non Commissioned Officers quarters, so that they may not be seen from the road, the Hospital will not be so comfortable and convenient for the sick as it has been hitherto, I therefore beg leave to suggest that the old harness rooms and sheds near the Mount Road would make a capital Hospital. There would be room for sick of Native officers, as well as one for the Europeans and better accommodation in every respect than we have in the present building. There would also be a great improvement to the lines by having the Hospital completely removed from the Horses and stables as it would thus be.

Madras,

From the Barrack Master,
To
Surgeon A. Blacklock,
In medical charge Body Guard.

In the report accompanying on the proposed conversion of the Mount Road Bungalows into a hospital, you will observe that the opinion of the Non Commissioned Officers from your own and that I recommended that they should be condemned, and as the Town Major wishes that the subject should be more fully discussed and the opinions reconciled, I shall be much obliged by your examining the sheds in question.

It would be also advisable that the opinion of the Superintending Surgeon should be obtained, as to the advisability of erecting a new Hospital that the whole subject may be placed before the Right Honorable the Governor to obviate the necessity of further reference.

I have &c &c

Official Memo.

The Barrack Master has the honor to submit the accompanying letter received through the Senior Commanding the Body Guard for the consideration of the Right Honorable the Governor.

The Wall proposed to screen the Non Commissioned officers

officers quarters will probably be a beautiful one but this must be but in the Barrack Masters power will not cause any inconvenience to the inmates of the Hospital.

The present Hospital is certainly in a very confined situation and it would be very desirable that the Hospital should be pravided but the conversion of the old Hospital into which it should be condemned into a Hospital cannot be recommended, the site however between the two named rooms is well suited for the purpose.

Signed W. K. Forster,
Barrack Master.

To the Colonial Major
True Copy
Signed A. Blacklock,

In medl. charge Body Guard.

No 271 To the Secretary to the
Director General,
Medical Department.

Sir,

I am forwarding the accompanying letter from Surgeon Blacklock in medical charge of the Right Honorable the Governor's Body Guard relative to the objectionable site and construction of the present Body Guard Hospital I have the honor to observe for the consideration of the Director General that the statement made by the Medical Officer in charge has been fully borne out by my own personal observation that the hospital is surrounded on all sides by buildings and other inconveniences in every direction should it be the intention of Government to erect a new hospital for the Body Guard to which I would strongly recommend as the most healthy useful and economical mode to pursue instead of patching up the old hospital which can never be rendered either comfortable or healthy in its present situation. I would also respectfully point out that the suggestions of the Barrack Master are well worthy of consideration in the event that it should be raised in an arched under story which would contain the laboratory, bathing room and sweepers room for damp linning Poultice making 9m " 9m " 9m " and should consist of 2 apartments, one for Privates, the other for Native Officers the whole to be surrounded by a Veranda it should hold 10 per cent of each of the strength or 12 Privates and the Officers room would contain 2 or 3.

I have 9m " 9m "
Signed J. McKinnon M. D.,
Supg Surgeon.

No 136. From Surgeon A. Blacklock,
In medical charge
Body Guard.

To the Superintending Surgeon,
Presidency.

Sir,

According to your instructions, I have the honor to state in detail the precautions which appear to me to be objectionable in the situation and construction of the Body Guard Hospital.

The hospital is completely hemmed in by buildings some of which are fully as high as itself. On the East it is joined on to the new necessary, and to the necessary of the Europeans residing in the compound. On the West it is only 110 feet distant from the Mess lines. On the South it is only

only 50 feet from the place of arms and the Commissioned Officers Quarters. On the South the range of Barrack lines is within 60 feet between the Commissioned Officers Quarters and the Hospital there is a range of Cookeries thereto the West Corner of which is within 40 feet of one of the doors, and still further contracts the space. There is thus very little ventilation by the prevailing wind but that little has lately been made less by a wall 8 feet high which has been built from the Non commissioned officers quarters to their Cookroom

3. The noise in the place of arms is a thing very great and cannot but disturb the patients, as I have sometimes to ask the Apothecary to call out to the men to try to be quiet

4. The stench from the two necessaries joined on to the East end of the Hospital often pervades the whole building day and night. In close hot weather this is very trying all connected with the Hospital. On the 14th June last I reported this to the Commanding Officer and he caused the South east necessary to be closed till the weather changed but these necessaries are always more or less nuisances at night and at other times when the air is still and render the Hospital very unpleasant to any one coming from the outer air. Even if these necessaries were removed the air of the hospital would still be very stagnant and impure owing to the proximity of the Barrack lines and plan of Town. The hospital itself has no veranda on any side and as sentry cannot be on duty because there is no shelter for one. Fortunately the men are invariably very orderly and never give any occasion for complaint.

5. The Hospital is raised only 16 Inches from the ground. It is divided into three parts a ward, a small laboratory at the East end and a very small Surgeons room at the West end. The ward contains 6559 square feet exclusive of the entrance hall. The ward contains 6719 Cubic feet of air, which is very little when the surrounding buildings will permit, for there are four windows 6 feet square and a door 6 feet by 4 feet. There is a door between the ward and laboratory, but as it is closed at night it is of little service for ventilation

6. As our average daily number of patients is nine, each man has on the average only 761 C.F. of air instead of 1200 which is the least quantity that should be allowed in any hospital even in England, but if there are twelve patients the number, the hospital is intended to accommodate, there can only be 559 C.F. of air for each. This deficiency of air is more to be regretted as the area of the ward is so small that the patients have not one third of the latteral space they ought to have to prevent them inhaling one anothers exhalations.

7. There is no bathing place of any kind for the sick. If patients are confined to bed of course they are kept clean by baths and other usual means, but if able to go about, they have to go to their quarters to wash and bathe

8. There is no ward for sick native officers cases requiring the superior comfort of the Hospital occasionally occur among this class, and they are allowed the use of the laboratory, to the great inconvenience of the medical attendants since 23rd of February 1858 the laboratory has been thus occupied for 197 days.

9. The laboratory is sufficiently large and convenient

10. Under these circumstances I cannot have any hesitation in requesting you to be good enough to recommend the building of another Hospital in some other part of the

Body Guard ground... Second with the open and clear portion but if a new Hospital be sanctioned it should be built at the southern extremity of the compound as being a more healthy part of the most suitable site provided that the Commanding Officer of the Body Guard does not see any objection to it being so occupied.

2nd Quarters would be required also for the Apothecary adjacent to the Hospital on the plan of those at the Lying in institution. His present Quarters are very confined and in my experience of four years with the Body Guard have been a constant source of sickness for some other appointment. If the Sergeant Major and Quarter Master Sergeant had each a half of the Apothecary's present quarters added to their own; they would not have more than sufficient accommodation for themselves and families

MILITARY DEPARTMENT.

No. 4479.

Extract from the Minutes of Consultation, 10th December 1858.

Read letter from the Adjutant General of the Army, Ootacamund, 5th November 1858, No. 2237; to the Secretary to Government, Military Department.

No. 499 29th September 1858, from Surgeon 1st Madras Fusiliers to Dir. General Medical Department relative to claim of 2nd Dresser Jugganaudum to Donation Batta.

I have the honor in transmitting Copy of Letter as per margin, to intimate the Commander-in-Chief's earnest hope that the objection of the Military Auditor General will be over-ruled by Government and that the Donation to which His Excellency considers 2nd Dresser Jugganaudum has an undoubted right, may be passed to him at once.

With Report of the Military Auditor General, 30th November 1858, B.

The Governor in Council sanctions the admission of the claim of 2nd Dresser Jugganaudum, doing duty with the 1st Madras Fusiliers, to the donation batta authorised for the relief and capture of Lucknow.

To Major General [illegible]
Commanding [illegible] Division

Sir,

I have [illegible] to submit to you
=ce since of Assistant Surgeon Trimnell in the medical
charge of the European Regiment on Detachment here, now
under his care for some months back, Assistant Surgeon S. F
Read, as I fear I did not state completely the relative ser=
services of these two officers yesterday, I beg leave to do so
now.

1st On consulting this morning the Pay and Audit Regula=
=tions I find that passing in the Hindoostanee Language
is only necessary for the medical allowance in charges of
Native Troops; it is distinctly so stated in the Pay Code.

2ndly Neither officer is marked in the Army List as having
passed in the language nor so far as I find in the Gazette.

3rdly Both these medical officers are now doing duty by
G. O. C. C. with the 3d European. But while Assistant
Surgeon Read only joined a few days ago, Assistant Sur=
=geon Trimnell has been doing duty for nearly two years
with it, sometimes in charge of the Wing, sometimes of a
detachment, but always doing duty with the Regiment
with exception of five months he was on duty at Kirwee.

4thly Assistant Surgeon Trimnell's date of Commission
is 20th February 1856.

While that of Assistant Surgeon Read is
29th January 1857.

5thly Assistant Surgeon Trimnell has been, as stated
above, almost constantly treating European Sick, that is, for
nearly two years, while Assistant Surgeon Read has had
comparatively
comparatively but little experience among European Sick
Soldiers.

In conclusion I beg leave to state distinctly that, in
my opinion Assistant Surgeon Trimnell is the fitter me=
=dical officer for this duty purely from his greater ex=
=perience with European Sick, which is essential to medi=
=cal skill.

His claim from being nearly a year serving with
your Force, while the other has only lately joined, is, of
course known to you.

I beg you will kindly excuse my troubling you
again on this subject, but I felt it is a bounden absolute duty
I owe to Mr Trimnell to state the matter, thus clearly.

Sir,

I have the honor, by desire of the
Director General to acknowledge receipt of your letter No 420
reporting the arrival of 1st Class Staff Surgeon Macgregor
at Secunderabad

2. The Director General is of opinion that

that you have strictly enforced the regulation contained in
Para 3 section 3 of the Statistical Medical & Code, in assuming the
Staff Surgeon only to be the professional Superintendent of
the Hospitals of the Battalion 1st Royals and
Royal Artillery, and in making the Staff Surgeon acts as
the Deputy of the Deputy Inspector General of Hospitals
with whom rests solely the Superintendence of Hospitals of
Her Majestys Regiments as to the professional practice" Para
3 section 1.

3. With reference to the expressed wish of the
Staff Surgeon to conduct proceedings of Invaliding and
other Committees on Officers and men of his branch of the
service, the Director General is of opinion, that as all In-
validing &c Committees are ordered by the Military au-
thorities, this question will naturally be decided, in the case
under consideration, by the Officer Commanding the
Hyderabad Subsidiary Force.

4 The Director General learns with much
pleasure, from your letter under reply, that the public
duties of your own department, and that of Staff
Surgeon Macgregor are being conducted with harmony and
courtesy, under the peculiar arrangement at present exi-
sting

5. The Director General coincides entirely
with the Major General Commanding Hyderabad
Subsidiary Force in considering you to be the "Head" of
the Medical Department of the Hyderabad Subsidiary
Force.

I am directed by the Director General Medical Department to acquaint you, that a supply of Medicines including the articles noted in the margin for fumigation, for the use of the Invalids proceeding to England in the Ship under your medical charge, will be furnished to you from the Public Stores you will at the same time receive a Blank Journal, having the prefixed to it instructions for your guidance during the voyage to England also a book entitled "Aquida to Health in Ships" Sc. Sc. and the unexpended portion of Medicines &c. &c. are to be delivered to the Military Secretary at the India House, London on arrival.

Acidum sulphuricum
Calx chlorinata
Manganesii bynoxidum

2.

Agreeably to the 2nd Para of an extract of a Dated 1st May 1841 & Letter from the Honorable the Court of Directors No 2, I herewith enclose a Certificate of your having been permitted to use your own Surgical Instruments during the voyage, and of your being entitled to the usual payment of £5 for the use of them.

18th December 1858.

Signed W. R. Cornish,
Offg Secy Director Genl M.D.

This is to certify that John Spr Ley Esqre, Surgeon of the Ship "Nile" appointed to the medical superintendence of the Invalids proceeding to England on that vessel, has been permitted to use his own Surgical Instruments, and that he is entitled to the usual compensation of £5 on that account which has not been paid on Shore.

Signed W. R. Cornish,
18th December 1858. Offg Secy Director Genl M.D.

1522.

Assistant Surgeon W. Pilbeam,
Public Cattle Depot,
Ponsoor

Sir,

The Director General desires me to acknowledge the receipt of your letter No 54 of the 6th instant and of the bamboo parcel, containing specimens of Sonkemair, a plant lately used by you as a febrifuge.

2. The Director General considers the subject of providing indigenous febrifuges as substitutes for the more expensive European medicines to be one of great importance, and I am desired by the Director General to express to you, his cordial appreciation of the motives, which led you to make the interesting communication under reply.

3. It appears from your letter that only 8 cases of fever have as yet been treated by the remedy. The Director General would have requested you to send a supply of the medicine for trial in the Presidency Hospitals, but as intermittent fevers are not common here, nor of a well marked type, he thinks that you should give the remedy a more extended trial - say in from 50 to 100 cases at Ponsoor where fever is of a acute, and well marked intermittent character

4. It is important, in a trial of this kind, that the cases should be accurately recorded in the hospital journal, and the Director General will be obliged

by your transmitting to this office in duplicate the results of the trial. Also information to embrace

A. The total No of cases treated

B. Average period per case in hospital

C. Do Do from date of admission.

D. Type of fever

E. Days in hospital

and such other information, as in your opinion, is calculated to be useful in determining the value of the remedy as a febrifuge

5. Dr. Cleghorn Conservator of Forests, is the most likely person to afford you information as to Botanic history of the plants. For this purpose a dried specimen of the flowering plant should, if procurable, be forwarded to him.

18th December 1858.

Signed W. R. Cornish,
Offg Secy Director Genl. of M. D.

No 1827.

To the Superintending Surgeon,
Southern Division

Sir,

No 749 - 4th instant
Indent for perishable articles for Novemr with explanatory memo herewith returned

By desire of the Director General I have the honor to acknowledge the receipt of your letter No and date with enclosures as per margin herewith returned.

2 The quantity of firewood consumed in the hospital of the convalescent Depot for the month of November appears to the Director General to have been excessive, and

and out of all proportion to the requirements of the European Invalids stated on the indent to be numbered 27. The Director General requests that you will call upon the medical officer in charge for further explanation on this subject.

3. To enable you to check indents of this nature you will be good enough to call upon the Medical Officer in charge to ascertain by actual experiment the quantity of wood required per hour for each fire. In the explanatory Memorandum accompanying each Monthly indent for perishable articles should be stated the number of fires lighted, and the number of hours each fire was required. You will thus be enabled if the experiment is fairly tested to check such indents of this description.

4. The Assistant Surgeon in charge of the Depot should be informed, that the extravagant use of firewood for hospital purposes has often been checked by diligent supervision on the part of Medical Officers without interfering in any way with the comforts of the sick. It will be a portion of his duty to see, in this matter, that the Government has not to pay for the extravagance or dishonesty of the hospital servants.

5. Mr Superintending Surgeon Cyrs a gentleman formerly in charge of the Madras Fusileers, in a published record (Indian Annals of Medicine Volume 3 page 667) gives the result of his experience thus. "I have known "firewood reduced from 647 faggots to 219, in the same station "and corps, and with nearly a corresponding number of sick "(1361 and 1153) and that not by rigid economy, but by simply ascertaining the quantity required."

6

6. The consumption of Ginjeroots at Pedatella during the cold season, must of course be greater than in Hospitals elsewhere till the actual quantity required should be ascertained, and the consumption thus regulated.

20th December 1858. Signed/ W. R. Cornish, Offg Secy Director Genl all Ds.

No 1828.

Memorandum.

Transmitted to the Collector of North Arcot for his information, with reference to his letter No 241 of date 9th instant.

20th December 1858. Signed/ W. R. Cornish Offg Secy Director Genl all Ds.

To the Medical Storekeeper.

Sir,

In reply to the letter from the Collector of North Arcot, I have the honor to inform you, that the amount stated as overdraw by me is quite a mistake - the house at Ranepet rented for the Hospital belonged to a Mr Corbett and in allowing as to rent it he did so with the understanding that should a cavalry Regiment be stationed at Arcot the stipulated Rent authorized by Government for the houses there. Viz: 26 Rupees should be paid to him - After a time the 8th Regiment Lt Cy arrived in the Cantonments, and Mr Corbett gave notice that we should either vacate or give him the stipulated rent, and as there was no other place available for a hospital the Sungerkhana he was obliged to pay 26 Rs a month to him.* It was to relieve the Sungerkhana of this expenditure that I made the proposals contained in my letter of the 21st April No 84 to Colr Tellery and which was sanctioned by the Board of Revenue and it must be borne in mind that the hospital was not removed into the Sungerkhana till the 1st September 1857 during the time we were charged Rent for a separate house and on the arrival of the Cavalry had to pay 25 Rs a month myself.

I trust this explanation will be satisfactory, as the Collector may communicate with Mr Corbett on the increase of rent charged by him, as every bill bears the signature of the party receiving the amount.

In conclusion I would beg to state that all the correspondence connected with the increase of Rent above alluded to will be found in the Head Assistant Collectors Office at Ranepett and in the records of the Sungerkhana Civil Hospital

Madras, 17th December 1858. I have &c. Signed/ A. W. Skinner Apothecary.

* For four months now allowed to Sungerkhana of this expenditure

To the Superintendent

Sir,

With reference to the Despatch of Secretary
dated 18th November last, on the subject of
H.M. 68th Regiment Barrack Department
=ward by desire of the Director General of Ordnance, original Letters
My No 1801 from the Adjt Gen.
L.D. No 1940 " the Deputy
P.P. No 201 " Govt 31st Oct.
" " 71 " " 23 Aug 18 Sept
returned, bearing upon the selection of the proposed Sanatarium at
Amherst.

2. The most recent information on the subject will be found in the Report on the administration of the Tenasserim and Martaban Provinces for 1856-7, an extract from which Japy=
=pends for your information

3. The evidence as to the salubrity of the station of Amherst, appears to the Director General to be so strong that he has no hesitation in recommending that immediate measures should be taken by you in consultation with the Civil and Military Authorities for establishing a convalescent depot for the sick of H.M. European Regiments now serving in Burmah.

31st December 1858.

Signed J. R. Cornish
Offg Secy Director Genl of Ord.

Extract from Medical Board's letter to the Adjutant General of the Army No 318 dated 26th February 1852.

"The Board would therefore strongly recommend as a sanitary measure of the first importance the construction of a commodious Field Hospital at Amherst. The erection of a building to contain 500 men would cost but a little say 2 or 3000 Rs the

the materials being procured from the Matting and thatch. This Hospital would be large enough and would afford with one or two Assistants and three Hundred men could receive from Rangoon by Steamer in a few hours every case of suspected infantine to Amherst has often been removed at a considerable and it has every advantage of ground and situation

The great benefit to be derived from re=
=lieving the army of a large body of sick by the plan here proposed, irrespective of the saving of life to many men, is to immediate vicinity appear too evident to require further notice or explanation"

Extract from a Report on the Administration of the Tenasserim and Martaban Provinces for 1856/57.

Sanatarium at Amherst.

136 "Situated at the mouth of the Salween River, possessing a high and dry surface of a lateritic formation, a purity of atmosphere which is maintained throughout the year by the healthful sea breeze, and a temperature rendered more equable by the same agency than at any other points distant from the Coast, the station of Amherst, especially in the absence of all miasmatic influences, appears to possess many of the essentials as a place of resort for the restoration of health, when no organic depreciation of the system exists, requiring a lower range of temperature than it possesses.

137. During the late operations in Burmah, a Depôt for sick Europeans of the force was formed at Amherst on a limited scale, but as no records appear to have been kept, and no statistics on the result are available for reference, the result cannot be shown, but it is the opinion of the resident Medical Officer in charge of the station, Dr Palmer, of the Madras Medical Service, that with a proper site

and superintendence, the local
purposes in many of the
range of temperature for the
and the fall of rain

Secunderabad

Sir

I beg respectfully that you will be pleased to forward this my application for permission to resign the service on the below stated ground.

Government i.e. by refunding the amount of stipend received by me during my studentship at the Madras Medical College. The reasons for such an undertaking are, that the medical service does not afford a sufficient remuneration for the duties required of me, furthermore, I have a favorable opportunity of bettering my prospects and consequently, trust that my request may meet with a favorable decision

Secunderabad,
